# TRUE STYLE AND SUBSTANCE

## Tailored To You

The Optimus Chic comes preloaded with the Layar™ Augmented Reality Browser<sup>1</sup>. Augment the world around you with digital information.

## Making Apps Easy

Thousands of apps are currently available from the Android Market™. There are apps for just about anything!

## Find Information Fast

Download Google Maps for Mobile™ with turn-by-turn navigation\*\* or ShopSavvy® to find the best prices for online and local items<sup>3</sup>. Both are available direct from the Android Market™.

## A More Stylish Search

Take a photo of an interesting landmark and use Google Goggles™ software to discover information about it\*\*. Use Voice Search™ to speak rather than type the subject you want to search for.

## Smart Yet Simple

The Optimus Chic is designed to help you work smarter and to connect seamlessly with other devices:

- With Wi-Fi™ Hotspot support, Use Optimus Chic as a portable wireless router to connect up to 5 other Wi-Fi devices to the Web.
- Connect Optimus Chic wirelessly to your PC or Laptop to manage SMS, missed calls & voicemail notifications even when your phone is in your bag.

## DESIGNED TO TURN HEADS

Beautifully curvaceous and streamlined, LG Optimus Chic is a super smooth phone with a high gloss, minimalist finish – it certainly has stunning good looks.

## MADE FOR SHARING

The expanded capabilities of DLNA can revolutionize the way you find, send, store, get, play and print your digital content. Connect, discover and communicate with your friends with the new Optimus Chic.

Snap a photo of yourself in that new outfit with Optimus Chic's 5.0MP camera. Upload it via high-speed 3G or Wi-Fi™ to your favourite Social Network page, or just show it to friends on the perfectly poised 3.2" screen.
