Contemporary Chic

Light and relaxed

The Contemporary Chic Collection by Philips harmoniously blends simplicity and comfort with an atmosphere that's soft and soothing.

Live in a light that's naturally balanced.

Visuals and details of products in this catalogue are for reference only. Philips reserves the right to alter specifications without notice.

The Contemporary Chic Collection by Philips is designed to evoke an aura of comfort in the home. Subtle and understated, the range is characterized by graceful surfaces in neutral tones. Harmonious shapes soothe the senses into a relaxing calm, so your family feels at home and in comfort, every day.

The Look

Design. With their signature sense of graceful harmony, these light pieces naturally blend with the contemporary home. With uncomplicated symmetry, soft tones, and a balanced approach to artistry, these lights complement your home rather than overwhelm it.

All details are engineered and practical, and a few of our collections have gained recognition of various design awards including the iF Product Design Award, Reddot Design Award, and Design for Asia Award.

The Touch

Materials & Finishes. Understated shapes, honest textures and simple tones all characterize the Contemporary Chic Collection. Matt finishes, brushed aluminum, neutral fabrics and quality steels and glass all provide a tranquil palette for a relaxing sanctuary. Emphasizing natural, warm and earthy tones, the aesthetics of these lights will provide a soothing effect in the home.

The Feel

Experience. The style of these lights may be simple, but the technology is advanced. Featuring technology such as dimmer control and motion sensitive illumination, the Contemporary Chic Collection allows you to create a natural, restful ambiance in your home, regardless of the occasion.

For discerning individuals who value order and simplicity, and who will not compromise on quality, beauty or technology, Modern Living by Philips is a collection of carefully crafted light forms that complement the aesthetics of purity of your home.

Feel in control of your lighting, your home and your world.

The Modern Living Collection by Philips is a range of carefully crafted light forms that have been designed to complement the beauty of your home. Clean lines, elegant contours and materials of the highest quality all combine to create the quintessential style for today's modern living.

Beauty that's undeniable. Technology that improves and simplifies. Quality that's unquestionable.

The Look

Design. For an injection of sleek and uncomplicated forms inspired by industrial design, these luminaires are the soul of simplicity paired with a fabulous light quality. Pure shape and clean lines add to the feeling of minimalism.

All details are engineered and practical, and a few of our collections have gained recognition of various design awards including the iF Product Design Award, Reddot Design Award, and Design for Asia Award.

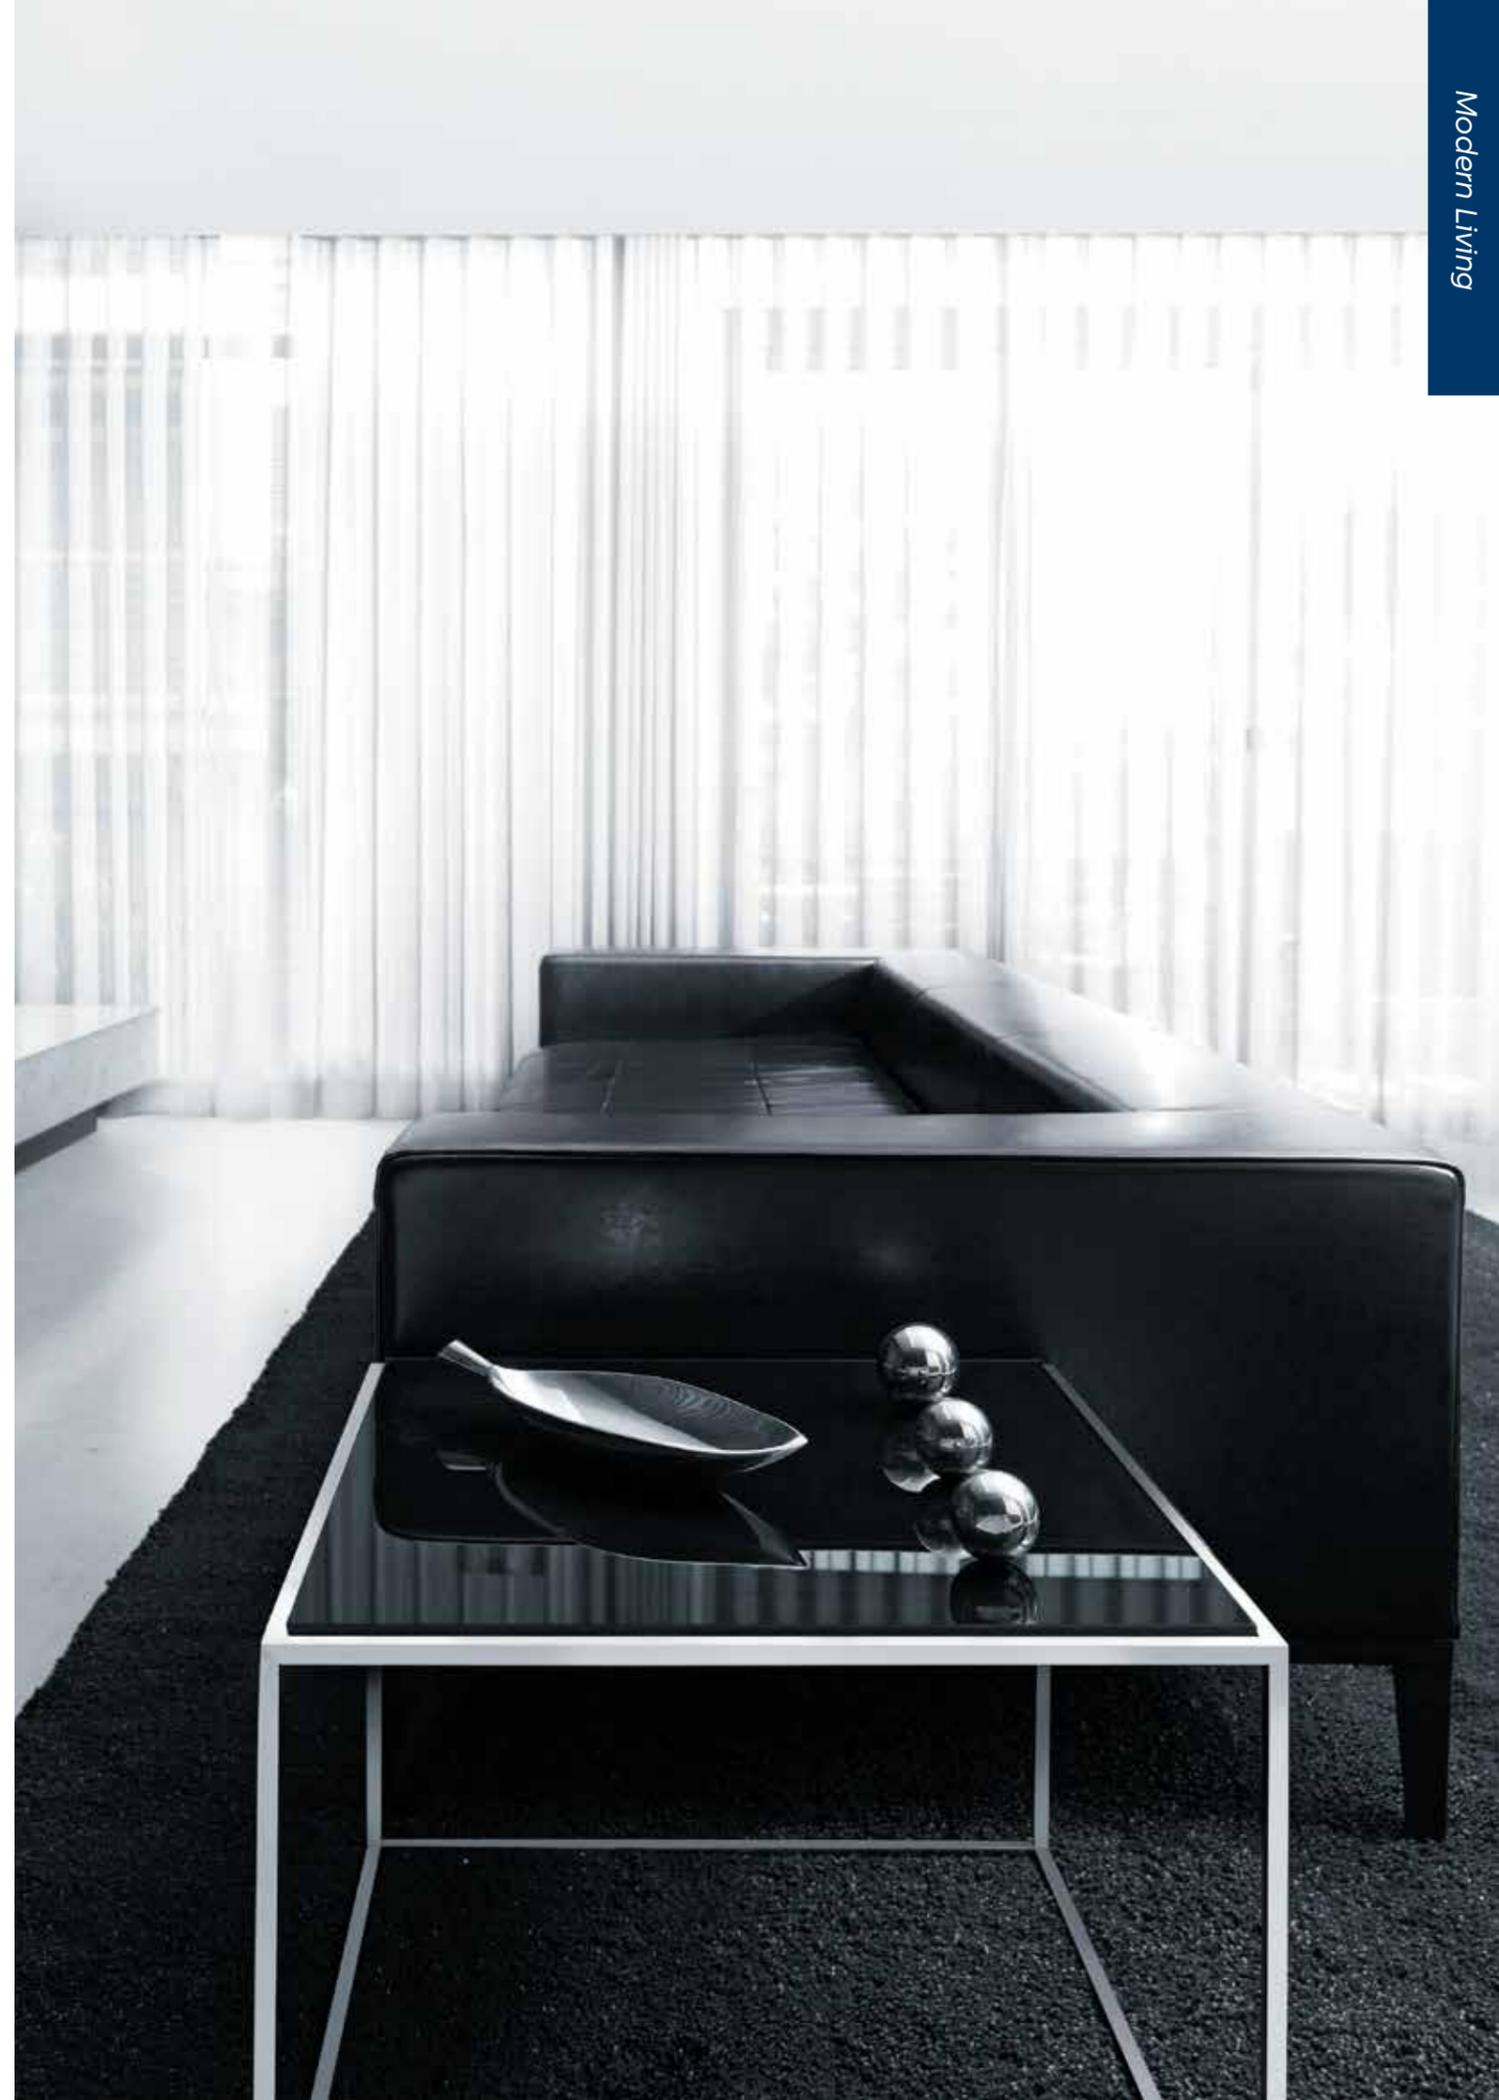

The Touch

Materials & Finishes. Crafted from stainless steel, aluminum and premium glass, these lights bring an enduring order to any room.

The Feel

Experience. High-tech in every way, the Modern Living lights bring advanced technological features within a minimalistic package. Light can complement emotions and ambiances, but it can also change them. Let's discover the new dimensions to your home.

Quadrilateral fortress

The Philips myLiving Quad collection puts square-themed LED lights with a premium die-cast aluminum matt finish in modern homes. VariLume and dimming technology give you super bright illumination and an intuitive way to control it.

Heritage Refined

Bring home a warm glow

Heritage is what anchors us. It gives us a sense of belonging and keep us rooted to our values, tradition and family. The Heritage Refined Collection by Philips thus reflects this. With fine craftsmanship and authentic forms, they evoke the nostalgia of times gone by.

Take a cue from our legacy, and find comfort in tradition.

The Heritage Refined Collection by Philips takes inspiration from a time when family and tradition took priority. Featuring distinctive fine craftsmanship and authentic materials and forms, these lights create a warm glow of nostalgia, allowing you to reconnect with times gone while embracing the conveniences of the modern world.

Light up your home with a warm glow, and feel the harmonious fusion of the past and present.

The Look

Design. The Heritage Refined Collection is inspired by the traditional warmth of family unions, and by the shapes and symbols of cultural customs. Each design draws on traditional forms and design cues to evoke a sense of nostalgia.

The Touch

Materials & Finishes. Inspired by a cultural tradition renowned for its values of harmony and craftsmanship, the Heritage Refined Collection features quality woodwork, fine craftsmanship, textured metals, detailed finishes and natural materials. Carefully selected tonal palette creates a look that is authentic and enduring.

The Feel

Experience. Though each carefully crafted light within the Heritage Refined Collection evokes the best of the past, they also offer up-to-date lighting technology. This unique combination of traditional design cues with modern conveniences provides benefits such as brightness control, and daylight and motion sensors.

Cool to touch

A soft swirl of colors

Do you feel that a change is coming in the air? Just reach out and let Philips myLiving Accents Vivid LED light shift the scenery. The yin-yang swirl on its body evokes the fickle nature of the world, ever changing yet always able to find its balance. Turn it over once for the light to shine, tilting it brings a new color to the glow, and turning it over again puts the light out.

Just as vividly as the cosmos, equilibrium is achieved.
