ONCLOUD TAPE

Liteline OnCloud is bringing Wi-Fi control to tape! Available in high quality white or full color and white tuning, there is even more flexibility with adding accents of illumination in residential, retail, and hospitality spaces. Add an OnCloud Kit to control your tape light from the WiZ app on your smartphone and tablet or your smart home speakers. Set schedules, dynamic light modes, circadian rhythm and more.

YOUR VOICE IS THE KEY	THERE'S AN APP FOR THAT	SET THE SCENE	NO HUB NEEDED	MULTI-USER	MULTI-LOCATION

ONCLOUD FEATURES

VOICE CONTROL
OnCloud integrates with smart home speakers so you never have to get up or lift a finger to control your lighting.

SET TIMERS
With the ability to set up timers within the WiZ app, automatically switch light in a restaurant setting from bright at lunch to dim for dinner.

KEEP YOUR INFORMATION SAFE
When connecting to the app, login through your Gmail or Facebook account. WiZ does not store or share any of your personal data.

VACATION MODE
Relax on vacation, knowing that your home is safe with automated schedules to simulate presence in the morning and evening while you're not there.

DYNAMIC LIGHT SCENES
WiZ has preset dynamic light modes that rotate through color combinations that create an immersive experience.
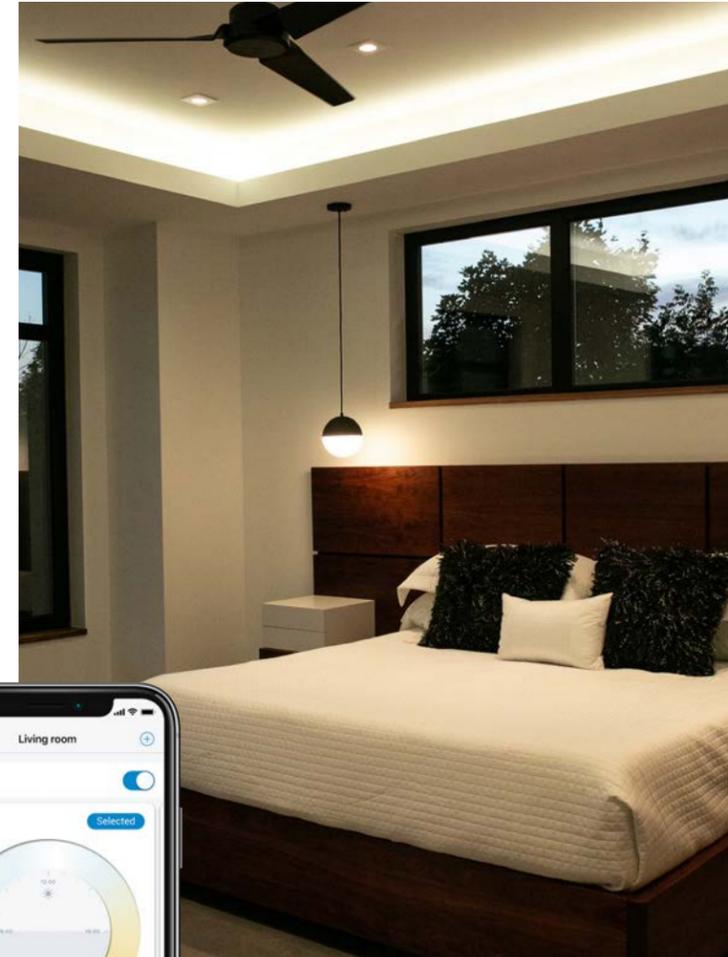

CIRCADIAN RHYTHM
Feel and sleep better with the circadian rhythm option, which slowly transitions lighting from morning to night. Or you can customize your white for any time of day.

CONNECTING TO THE CLOUD

Connect 12-24V fixtures to the Liteline OnCloud and WiZ ecosystem for full Wi-Fi control. The OnCloud adapter pairs with a 40W driver, and the High Power OnCloud adapter pairs with a 98W driver for longer runs of tape.
