LOMONDO
THE WHOLESAL FOOD CO.

WELCOME TO OUR 2024 ANNUAL BROCHURE!

Well, what a journey 2023 has been for us here at Lomond Wholesale. Not only did we hold our annual trade show Taste @ Lomond in Hall 2 at Glasgow SEC for the very first time, but we also had solar panels fitted to our warehouse roof and made a start on our 12,000 square foot extension. You can read more on these and many other aspects of our journey on pages 4 & 5.

The theme of this year's brochure is 'Labour saving without compromise'. Here at Lomond, we are aware of the well documented, current challenges around recruiting skilled and affordable staffing within the hospitality industry. With this in mind and in addition to our already varied range of quality products, you will find that we have expanded our selection to include a whole range of exciting, labour- saving products to assist our customers in de-skilling without compromise. We have made these particular products easy to identify by including a brand-new indicator 🗨️.

We have also included some delicious labour-saving recipes, using products that are created by professionals for professionals from fantastic suppliers such as Essential Cuisine and Imaginative Cuisine. Check out these recipes on pages 8 - 13.

2024 is set to be another exciting year for us, with the completion of our warehouse extension, implementation of voice picking for all orders which will only further heighten our service levels and allow us to continue to provide you with the best products and customer service.

As previous editions, we have a dedicated Vegan section from pages 138 - 151, a handy conversion and measurements guide, allergen information and butchery guide.

Don't forget to check the Cake section on pages 14 - 17. Here you will find all the usual sweet treats like Millionaire Shortbread, Victoria sponge, Bakewell Tart - all produced in our very own BRC AA Accredited Glasgow bakery. Our bakery team have been working hard these past few months to bring you some fantastic new products, including a range of mini loaves - the perfect addition to your cake offering.

We are proud to say that our bakery recently gained a Plant Based accreditation as part of our BRC audit, so look out for a range of new plant-based products coming soon.

If you can't find what you are looking for or have any questions, please contact your sales representative or our friendly telesales team on 0141 353 6777.

We thank you for your continued support and hope you find this year's brochure a handy guide that inspires you to try some of our delicious new products.

WHAT A YEAR...

Lomond Wholesale - Always leading, never following. A statement we live by.

Take a browse through this section of the brochure to find out more about our journey in 2023 and the improvements we have made to ensure you receive the best products and service.

SOLAR PANELS

Since 2020 100% of our electricity is sourced from renewable energy. To further improve our energy consumption, we had 270 Solar PV Panels fitted to our warehouse roof in April 2023. This has seen them generate 18% of our electricity requirements, additionally, panels will also be fitted to our warehouse extension which will add a further 15% to the total energy coming from renewable sources.

WAREHOUSE EXTENSION

Our 12,000 square foot warehouse extension is now underway with a completion target of Autumn 2024. The extension will also be fitted with Solar PV Panels, adding a further 15% the total energy coming from renewable sources.

IMPROVEMENTS

As well as our extension project, we have introduced Storeganizers into the warehouse, which has increased the picking spaces by another 294 which in turn has allowed us to add more products to our product range.

TASTE 2023

2023 was a fantastic year for us here at Lomond Wholesale. We started the year with preparations for taking our annual trade show, Taste @ Lomond, off-site to a bigger venue at Glasgow SEC. The event was a great success with over 90 of our fantastic suppliers exhibiting their products to 250 customers from across Scotland.

WE WILL BE GOING EVEN BIGGER AND BETTER THIS YEAR, WITH THE EVENT TAKING PLACE IN HALL 2 AT GLASGOW SEC ON THURSDAY 9TH MAY!
Please pop the date in your diary and be sure to join us for a day filled with food, networking and exciting prizes.

IT PROJECT

2023 has seen us significantly upgrade our IT systems across the business, including new servers, computers, and phones. We also implemented a brand new phone system, allowing a slicker process from our Telesales team. As part of this new system, we will be introducing a live chat function which will be ready to launch in early 2024.

VOICE PICKING

We are excited to have our voice picking facility ready to launch within our warehouse in January 2024. This will not only heighten the service we already offer, it will also allow us to absorb more business without any disruption, giving you the confidence that we can continue to cater for your needs at a high level.

LOCAL SOURCING, SUSTAINABLE FOOD TRIP

As part of our business strategy to achieve 50% of our products being from Scottish producers, we embarked on a local & sustainable producer field trip to The Isle of Mull in April 2023. During this trip, 7 of the Lomond team and a handful of customers visited 5 producers on the island, including Tobermory Fish Co and Isle of Mull Cheese. The trip was a great way of hearing first-hand accounts of the producer's sustainability credentials and resulted in the producers being listed on various customers menus. These producers' products are featured within this brochure, but you can read more about their journey in our Taste of Scotland Food Guide.

TASTE OF SCOTLAND FOOD GUIDE

After the huge success of our 2022 Taste of Scotland Food Guide, we have updated it to now include over 80 producers from across Scotland. Throughout the guide you will not only find product listings per supplier but also profiles on each one, explaining who they are and what positive changes they have made and continue to make in their sustainability journey. You will also be able to learn more about our own sustainability journey in the guide.

If you don't already have a copy please ask a member of our team by reaching out via the contact details on page 157.

LABOUR SAVING WITHOUT COMPROMISE!

Labour saving has become a hot topic of late, particularly within the hospitality industry, with businesses battling to restore skilled and affordable staffing post pandemic.

A consequence of the recruitment and cost challenges, businesses have had to adapt their business models to stay afloat, some of these examples being that of choosing to close on quieter days, opting out of serving both lunch and dinners and so on.

We are well aware of these challenges that our customers are facing, so with that in mind we have made this year's annual brochure theme - 'Labour saving without compromise'.

We have highlighted products that we feel will help make life in your kitchens that little bit easier, without compromising on quality. These are easily identifiable by the handy labour-saving indicator 

We have also featured some simple, yet delicious recipes centred around the same theme, all of which include fantastic products such as Praveen Authentic Indian Curries, Essential Cuisine quality sauces and Redemption fresh soups.

In line with our 'Make it Simple, Keep it Real' strapline on the cover of this brochure, we have taken one simple ingredient and used it in various different ways to create some tasty dishes. Take a look at pages 10 & 11 for a simple, yet appetising way of using our Green Pesto.

LABOUR SAVING: THOUGHTS FROM CHEF DAVID BELL

We caught up with David Bell - Regional Executive Chef for Levy Scotland - to get his thoughts on labour saving, the challenges he has faced, and any tips he has on making things easier for chefs.

Firstly, can you tell us a little bit about you, for example your background and why you decided to become a chef?

I always wanted to be a chef at school, but my mum put me off it, so when I left, I ended up doing loads of different jobs until I was 19, I was studying I.T full time when I got a kitchen porters job. I loved helping the chefs and loved the ordered environment. They said if I wanted to train as a chef, they would send me to college, so I did, and I've never looked back. I love every minute of the trade.

How have you found the current challenges in recruiting skilled and affordable staff?

Its more challenging than ever, there's a lack of skilled chefs out there in the industry, so we've opted to give our guy's the skills that we and they need with Compass's amazing apprenticeship program.

What changes have you made to combat these challenges?

We focus heavily on training and development and foster a positive team led, fun environment.

David Bell
Regional Executive Chef, Levy Scotland

The Levy business especially is large event led and is crazy at times, but lots of fun, that's why we love it.

How do you keep labour costs under control?

Utilising great local Scottish produce and cooking simply so the dishes are time cost effective.

Are there any standout products that you have purchased from Lomond Foods that have helped keep your labour costs down without compromising on the quality?

Tobermory smoked trout, the product is so amazing, we don't have to do much apart from maybe add a pickle, gel, salad or crumb to it and it's a tasty starter.

A guide to cuts of meat

Here's a handy guide to a selection of meats we have available. Many of our cuts are sourced from Scottish producers, helping to reduce food miles - look out for the Saltire symbol throughout the brochure for more Scottish products.

If you see a cut here that is not listed - the chances are we can work with our suppliers to source it for you. Speak to your sales rep if you have any requests and we'll do our best to bring in exactly what you need.

Top quality seafood including Tobermory Smoked Trout and Amity Fish Company haddock. A variety of coated and uncoated fillets, prawns and tinned tuna to choose from.

Various flavours and sizes of ice cream, including Arran Dairies and Mackies.

Microclimate, maximum taste

BIG TASTES
FROM A SMALL SCOTTISH ISLAND

Arran's unique microclimate provides the perfect conditions for our happy cows to graze.

Their naturally rich and creamy milk is then carefully churned in our small dairy beside Brodick Bay, to create our distinctive dairy ice cream.

- 100% natural colours and flavours
- No preservatives
- Free from eggs & nuts
- Nearly all flavours are gluten free
- SALSA accredited
