EXECUTIVE SUMMARY - ELECTION YEAR 2006

The Campaign Finance and Public Disclosure Board is charged with the administration of the Ethics in Government Act, Minnesota Statutes Chapter 10A. During an election year campaign committees of candidates who file for office are required to file three Reports of Receipts and Expenditures: pre-primary, pre-general, and year-end. Campaign committees of candidates whose office is not up for election and candidates who chose not to file for office, file one year-end report. Offices open for election in 2006 were: Constitutional Offices, Senate, House of Representatives and certain Judicial seats. Political party units, political committees, and political funds that attempt to influence state elections also filed pre-primary, pre-general, and year-end reports.

This summary is based on reports for election year 2006, as filed with the Board by principal campaign committees of candidates for 4 constitutional offices (27 candidates filed), 67 state senate seats (147 candidates filed), 134 state representative seats (280 candidates filed) and by 27 candidates for elective judicial seats (481 total candidates filed). Additionally, this summary includes data supplied by 432 committees of candidates who did not file for election in 2006; 343 political party units; and 417 political committees and political funds. Comparison of total data from election year 2006 by principal campaign committees, political committees, or political funds with similar data from election years 2002 and 2004 is included in this summary. The data has not been verified or audited.

This summary includes, for each candidate committee, political party unit, political committee or political fund, total contributions received; total transfers to candidates, committees, or funds; total expenditures; beginning and ending cash balances; and the total amount of public subsidy received by qualifying candidates. Outstanding loans payable, unpaid bills, or disbursements other than campaign expenditures or transfers to candidates are not itemized in the summary but are reflected in the totals reported in the summary.

Contributions totaling \$7,713,126 were reported received by candidates for constitutional office (see page 5). Contributions totaling \$3,389,695 were reported received by candidates who filed for office for State Senate; contributions totaling \$4,656,719 were reported received by candidates for House of Representatives; and a total of \$250,158 in contributions were reported received by 27 judicial candidates. A listing of the names of individuals, committees, or funds contributing in aggregate more than \$250 to legislative or constitutional office candidates and to political committees and political funds begins on page 104.

Included in the total contributions received by Constitutional office candidates were contributions from 8,642 donations of more than \$250 each, totaling \$5,497,084 (71% of total contributions received). State Senate candidates received 3,247 donations of more than \$250 each, totaling \$1,362,666 (40% of total contributions received). House of Representative candidates received 3,588 donations of more than \$250 each, totaling \$1,683,186 (36% of total contributions received). Judicial candidates received contributions from 186 donations of more than \$250 each, totaling \$119,999 (48% of total contributions received).

Most candidates voluntarily agree to limit expenditures in order to receive public subsidies. These subsidies include direct payments to eligible candidates during election years and the right to participate in the Political Contribution Refund (PCR) program. Agreements to abide by spending limits in order to receive money from the State Elections Campaign Fund were signed by 98% of registered constitutional and legislative candidates filing for office. A total of \$4,827,841 in public subsidy was distributed to constitutional and legislative candidates

Campaign expenditures are made for the purpose of influencing the nomination or election of a candidate and apply toward the expenditure limit applicable to partisan candidates who signed a Public Subsidy Agreement. In 2006, 27 candidates who filed for Constitutional office reported making total campaign expenditures of \$9,862,832, a 42% increase in campaign spending when compared with total expenditures of \$6,957,873 in 2002. Campaign expenditures for 147 senate candidates totaled \$4,704,302, a 5% increase in campaign spending in comparison with \$4,496,989 spent in 2002. House candidate campaign expenditures for 280 candidates totaled \$5,376,863, a 7% increase in spending compared to total expenditures of \$6,891,254 in 2004.

According to statistics compiled from candidate reports, winners outspent losers in 73% of the state senate races and 71% of the house races. Candidates in two state senate districts and five house districts ran without opposition in the general election.
