

Case Study

SAP Business ByDesign Goes Live in Only 80 Days, for 18 Countries

Client

Fortune 500 healthcare services company, specializing in distribution of pharmaceuticals and medical products.

Challenges

- Our client needed to integrate the IT of a recently purchased subsidiary. Since each transaction has a significant impact on IT, the need for a system solution specifically for cost accounting and financial control became apparent.
- They were looking forward to bring 18 country entities live on SAP Business ByDesign within 80 days.
- Define and implement standard processes and best practices

LTIMindtree Solution

Solution implementation for 18 countries/entities, mapping standard and legal requirements in the ByD solution

- **Harmonization of:** Chart of Accounts and financial reporting structures of 18 countries.
- Defined structure for data exchange between SAP Byd and Legacy system.

Business Benefits

- Effortless/smooth consolidation of financial results of 18 entities
- Ease of periodic reporting since chart of accounts and reporting harmonized across 18 countries/entities
- “Pay as you go” model, with the software and data stored and hosted by SAP. This included data backups, software updates, security, and maintenance.
