

Black Ironbox

Eucalyptus raveretiana

yoo-kuh-LIP-tuss rav-er-et-ee-ana

Category: Large Tree
(over 10m)

Height: 25 metres

Spread: 6 metres

A medium to large-sized tree with rough dark box-type bark, white flowers and a dense canopy.

Found naturally on riverbanks and stream sides. Has the smallest fruits of all the Eucalypts.

An attractive tree where space is available. Fast growing and hardy.

Flowers from December to March.

Full sun
