QUALITY STANDARDS

Quality doesn't happen by chance

We know the implications of a product failing in use, so all our manufacturing processes and quality procedures are designed to ensure they don't. However, we recognise that, despite every effort, the odd rogue product can develop a problem. That's why we provide a LIFETIME GUARANTEE on all our reusable instruments. If any item becomes faulty, we will repair or replace it free of charge during its working life. All we ask is that it is not abused and our care and reprocessing information is followed. Consumable parts are not covered by our lifetime guarantee.

Simply let us know what the problem is and we will endeavour to fix it as quickly as possible and with the minimum of fuss.

All our reusable theatre instruments conform to the Medical Device Directive 93/42/EEC as amended by Directive 2007/47/EC.

Our instruments are manufactured to conform to the following standards (where applicable):

BS 5194-2 BS 5194-3 BS 5194-4 **BS EN ISO 13402**

Our instruments are manufactured from steel conforming to BS 5194-1

We are certified to ISO 13485 and all of our instruments are CE marked.

A SUPPLY CHAIN TO SUIT YOU

We hold huge stocks to ensure quick delivery of all regular orders. We also understand that our customers may have a preferred logistic route for purchasing. So, although every product is available direct from Timesco we also make our range available via a few select partners such as NHS Supply Chain, Bunzl, Squadron and our distributors in Scotland, Ireland and 60 countries across the globe.

Please visit www.timesco-surgery.co.uk for further details on our products, support information and information on our distribution channels.

Please also note that NHS customers can order via NHS Supply Chain on the reusable instrument framework contracts: FAG 116/209 Reusable Surgery Instruments AA11 5032 - eDirect Instruments

Visit www.supplychain.nhs.co.uk and click on the 'My Supply Chain' link.

We don't compromise on quality, service and specification, we don't believe you should either.
