MEYLE parts for passenger cars

The safety and operational reliability of a motor vehicle hinge on the quality and durability of its components. The MEYLE range of products features a wide variety of components. Spare parts from A to Z, from Alfa Romeo to Volvo, from minicars to top-of-the-range luxury models.

Steering & suspension

Control arms
 Stabilizer links
 Tie rod assemblies and individual parts
 Ball joints
 Wheel bearing kits
 Wheel hubs

Brakes

Brake discs (incl. Platinum discs)
 Brake pad sets
 Brake drums
 Brake hoses
 Brake shoe kits
 Wheel cylinders
 Wear sensors

Cooling parts

Water pumps
 Fan clutches
 Fan motors
 V-ribbed belts
 Radiator hoses
 Thermostats
 Flanges
 Expansion tanks
 Fluids - ATF - A/T

Drive components

C.V. joint kits
 Boot kits
 Belt drives
 Tensioners and pulleys

Rubber-to-metal parts

Flex discs
 Cardan shaft bearings
 Engine/transmission mounts

MEYLE-HD: spare parts of superior quality

The MEYLE brand name instantly calls to mind HD – for a very good reason: The products of the MEYLE-HD brand are developed by in-house engineers at the headquarters in Hamburg (Germany). Original components prone to failure are analysed here on the basis of recall statistics and information sourced from TÜV partners and garages, and identified weak points are eliminated.

The engineers work closely together with respected research institutes and technology partners (e.g. Lübeck Technical University, Helmut-Schmidt University Hamburg, to name a few). This means that MEYLE parts incorporate state-of-the-art solutions that have not always been implemented in OE parts due to shortened development cycles or cost and material constraints.

MEYLE parts are manufactured under the supervision of the Hamburg engineering team at in-house production facilities and by selected partners of an international production network.

In-house engineering expertise is reflected at every stage of product development process from the drawing board to the finished product and is the basis for achieving consistently high product quality.

For this reason Wulf Gaertner Autoparts offers a four-year warranty on all HD articles.

Simply lasts longer.

Under its MEYLE brand, Wulf Gaertner Autoparts AG manufactures and markets extremely reliable and highly durable spare parts for the automotive industry.

Their product range comprises 21,000 articles, including more than 750 optimised HD-parts. The core competence of MEYLE lies in components for suspension and steering, rubber-metal parts, brakes and damping systems. Wulf Gaertner Autoparts AG is committed to providing customer-friendly, prompt, modern and expert service, and is supported by a dedicated logistics, sales and distribution network geared towards achieving this goal. Customer service is assured by international subsidiaries and partner companies throughout Europe and Asia, not to mention a multicultural team at the headquarters in Hamburg speaking no fewer than 15 native languages. The easy-to-browse Online Product Catalogue and the TecDoc interface provide search capability across time zones and national boundaries.

Fast and reliable delivery service is ensured by the spacious semiautomatic warehouse in Hamburg with an area of 29,000 square metres and 56,000 pallet spaces, as well as local warehouses of international subsidiaries.

Simply lasts longer.

Guarantee Certificate

A distinguishing feature of MEYLE is our high level of precision, achieved by the application of the most modern manufacturing methods. Our products meet highest quality standards and our suppliers are certified according to ISO 9001:2008 and ISO/TS 16949.

We guarantee that our products have the attributes which we have expressly assured, that they are free from defects and meet state-of-the-art technology. In the event of any flaw in material or production defect in a MEYLE product we will carry out the repair at our expense or replace the product in question. Our products have a guarantee period of 24 months from the date on which our customer installs the purchased product. MEYLE-HD parts have a 48-month guarantee.

In order for any claim to be valid under this MEYLE water pump guarantee the cooling circuit must be flushed prior to installing the MEYLE water pump. For MEYLE passenger car water pumps we offer a performance guarantee of 100,000 miles, which is equal to 160,934 kilometres, in addition to the specified MEYLE guarantee period.

The following general guarantee terms and conditions apply: Complaints must be communicated in writing within a period of 30 days of such occurrence. This guarantee ceases if the item supplied is modified by another party or by the assembly of components of another source, unless the defect has no causal relationship with this modification. This guarantee also ceases if the applicable handling or manufacturer specifications, e. g. on maintenance and replacement intervals, are not complied with.

This guarantee excludes normal wear and tear, and damage caused by improper usage, vehicle application and treatment. This guarantee does not affect the statutory rights of the buyer as set out in § 437 of the German Civil Code if and to the extent that German law is applicable. The date of installation and the purchase of the part must be proven by supporting documents. Any guarantee claim will be processed by the distributor who sold the product.
