Super realistic birch leaves

Birch leaves made of printed paper cut by laser, super realistic and in high detail. Perfect to add a final touch of realism to your diorama, vehicles or figures. Easy to paste with a Little bit of White glue. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8453 TROPICAL FERN

Super realistic laser cut tropical fern

Super realistic and high detailed laser cut tropical fern. These fern is perfect to add a final touch of realism to your diorama, vehicles or figures. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8401 OAK - AUTUMN

Super realistic autumn oak leaves

Autumn oak leaves made of printed paper cut by laser, super realistic and in high detail. Perfect to add a final touch of realism to your diorama, vehicles or figures. Easy to paste with a Little bit of White glue. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8407 BIRCH - DRY LEAVES

Super realistic dry birch leaves

Dry birch leaves made of printed paper cut by laser, super realistic and in high detail. Perfect to add a final touch of realism to your diorama, vehicles or figures. Easy to paste with a Little bit of White glue. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8454 GROUND PALMS

Super realistic laser cut ground palms

Super realistic and high detailed laser cut ground palms. These palms are perfect to add a final touch of realism to your diorama, vehicles or figures. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8402 OAK - DRY LEAVES

Super realistic dry oak leaves

Dry oak leaves made of printed paper cut by laser, super realistic and in high detail. Perfect to add a final touch of realism to your diorama, vehicles or figures. Easy to paste with a Little bit of White glue. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8408 TROPICAL LEAVES

Super realistic tropical leaves

Tropical leaves made of printed paper cut by laser, super realistic and in high detail. Perfect to add a final touch of realism to your diorama, vehicles or figures. Easy to paste with a Little bit of White glue. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8455 HARTH'S TONGUE

Super realistic laser cut Harth's Tongue plants

Super realistic and high detailed paper laser cut Harth's Tongue. 18 plants included. These plants are perfect to add a final touch of realism to your diorama, vehicles or figures. The size makes them optimum for scales 1:48, 1:35, and 1:32.

A.MIG-8403 OAK - DECAYING LEAVES

Super realistic decaying oak leaves

Decaying oak leaves made of printed paper cut by laser, super realistic and in high detail. Perfect to add a final touch of realism to your diorama, vehicles or figures. Easy to paste with a Little bit of White glue. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

PLANTS PLANTAS

A.MIG-8450 FERN

Laser Cut Fern

Super realistic and high detailed laser cut fern. These fern are perfect to add a final touch of realism to your diorama, vehicles or figures. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8456 COMMON SEDGE

Super realistic laser cut Common Sedge plants

Super realistic and high detailed paper laser cut Common Sedge. 18 plants included. These plants are perfect to add a final touch of realism to your diorama, vehicles or figures. The size makes them optimum for scales 1:48, 1:35, and 1:32.

A.MIG-8404 LIME - AUTUMN

Super realistic lime leaves

Lime leaves made of printed paper cut by laser, super realistic and in high detail. Perfect to add a final touch of realism to your diorama, vehicles or figures. Easy to paste with a Little bit of White glue. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8451 MARSH MARIGOLD

Laser cut marsh marigold

Super realistic and high detailed laser cut marsh marigold flowers. These marsh marigold are perfect to add a final touch of realism to your diorama, vehicles or figures. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8457 DRY FERN

Super realistic laser cut Dry Fern plants

Super realistic and high detailed paper laser cut Dry Fern. 18 plants included. These plants are perfect to add a final touch of realism to your diorama, vehicles or figures. The size makes them optimum for scales 1:48, 1:35, and 1:32.

A.MIG-8405 LIME - DRY LEAVES

Super realistic dry lime leaves

Dry lime leaves made of printed paper cut by laser, super realistic and in high detail. Perfect to add a final touch of realism to your diorama, vehicles or figures. Easy to paste with a Little bit of White glue. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8452 JUNGLE LEAVES

Super realistic laser cut jungle leaves

Super realistic and high detailed laser cut jungle leaves. These leaves are perfect to add a final touch of realism to your diorama, vehicles or figures. Theirs size makes them optimum to scales 1:48, 1:35 or 1:32.

A.MIG-8350
STONY STEPPE

Realistic ground with vegetation.

This product represents a stony steppe in a realistic way, including bush, rocks, earth and usual colors in this landscape. Dimensions 230 x 130 mm.

A.MIG-8351
STONY MOUNTAIN GROUND

Realistic ground with vegetation.

This product represents a stony mountain ground in a realistic way, including bush, rocks, earth and usual colors in this landscape. Dimensions 230 x 130 mm.

A.MIG-8352
PINEWOOD FOREST BASE

Realistic ground with vegetation.

This product represents a pine-wood forest ground in a realistic way, including bush, rocks, earth and usual colors in this landscape. Dimensions 230 x 130 mm.

A.MIG-8353
SPRING STEPPE

Realistic ground with vegetation.

This product represents a spring steppe ground in a realistic way, including bush, rocks, earth and usual colors in this landscape. Dimensions 230 x 130 mm.

A.MIG-8354
TURFS LIGHT GREEN

Realistic ground with vegetation.

This product represents somewhat dry turfs in a realistic way, including earth, vegetation and usual colors in this landscape. Dimensions 230 x 130 mm.

A.MIG-8355
TURFS MIDDLE GREEN

Realistic ground with vegetation.

This product represents green and wet turfs in a realistic way, including earth, vegetation and usual colors in this landscape. Dimensions 230 x 130 mm.

A.MIG-8356
TURFS - SMALL MIXTURE

Realistic ground with vegetation.

This product represents short cut turfs in a realistic way, including earth, vegetation and usual colors in this landscape. Dimensions 230 x 130 mm.

A.MIG-8357
AUTUMN TURFS

Realistic ground with vegetation.

This product represents autumn turfs in a realistic way, including earth, vegetation and usual colors in this landscape. Dimensions 230 x 130 mm.

A.MIG-8358
STONY MOUNTAIN - SPRING

Realistic ground with vegetation.

This product represents a stony mountain ground in the in a realistic way, including bush, earth, vegetation and usual colors in this landscape. Dimensions 230 x 130 mm.

You can use it directly as base for vehicles or figures without the need for painting. You can also cut through easily with scissors and adapt to roads and paths shapes to create great scenarios and dioramas. It can be easily attached with white glue. The most effective way to set our vehicles or help us to create a diorama.
