DEOS663ABR 6416868737318	Mirka DEOS 663CV med Abranet	1 pc	 6416868 737318

The Mirka® DEOS Delta 663CV corner sander is part of Mirka's DEOS (Direct Electric Orbital Sander) product range. At just 10 cm high, its compact dimensions ensure high manoeuvrability and excellent balance. Mirka® DEOS Delta is ideal for precise and efficient sanding of corners, profiles, vertical and hard-to-reach areas at any angle. This model has a 100x152x152mm multi-hole pad for efficient dust extraction and 3mm orbit for effective and fast stock removal. Get a perfect dust-free sanding experience with Abranet net abrasives (with a dust extraction system).

ABR20DEROS5650 6416868344011	ABRANET with DEROS 5650CV	1 pc	6416868 344011

The Mirka® DEROS sander is developed for effective and dust-free sanding of all kind of surfaces. It is the smallest and most ergonomic direct electric random orbital sander on the market, equipped with a brushless motor which maintains constant speed even under heavy load. The Mirka® DEROS has the lowest vibration values in its class, featuring an integrated vibration sensor, and a unique symmetrical design that enables for the tool to be used for long periods without fatigue. This model has both a 150 mm and a 125mm pad and 5.0 mm oscillation. Mirka® DEROS 5650CV is delivered in a high quality plastic case, together with the 2-in-1 backing pad solution. Get a perfect dust-free sanding experience with Abranet net abrasives (with a dust extraction system).

PBS21S10CER 6416868538625	Mirka PBS 10NV CER Starter kit	1 pc	 6416868 538625

The Mirka® Pneumatic Belt Sander is your optimal tool for weld marks and seams, rust removal, paint removal as well as for general grinding. Simply an ample sander for panel beating. All adjustments, such as setting the speed and the angle, and changing the belt, are hassle-free, quick and easy. Regulator for smooth speed control, no tools required. The tension arm mechanism makes changing the belt both simple and fast. Mirka® File belt CER is especially suited for Automotive refinishing and metal processing. The ceramic grains provides a high removal rate at low and medium pressure. Long life time and good surface finish.

Iridium SR and Mirka® AROS-B

Mirkacode EAN Code	Product Name	Pack	EAN Code
CORDLESS22SR1 6416868266238	IRIDIUM SR + AROS-B	1 pc	 6416868 266238

Mirka AROS-B is ideal for professionals who appreciate the freedom of movement and low maintenance of a cordless sander. The 10.8V 2.5Ah Li-ion battery lasts up to 16 hours in industrial use and charges in 45 minutes – with two batteries, there is no downtime. We have also included a new backing pad in this kit that has been developed for Iridium SR. Mirka's new Iridium SR abrasive features excellent consistency and extremely long use life with its efficient silicon carbide grains. With uniformly placed grain material on a stable and robust backing, Mirka Iridium SR produces a class-leading, uniform cut and scratch pattern that is fast and easy to polish out.

Clean-Up kit + Cloth + Mirka Case

Mirkacode EAN Code	Product Name	Pack	EAN Code
CLEAN22MSC 6416868368796	Clean-Up Kit + Tack Cloth + Mirka Case	1 pc	 416868 368796

A kit containing a clean-up kit without hose for dust extractors, tack cloths and a practical, robust, big-sized Mirka Case. The soft, non-woven cloth with optimal thickness, is silicon free. The cloth has a durable construction with folded edges to resist tearing and lint of fibres. It leaves no traces on the surface and does not dry out due to the optimal level of tack-coating. The cloth can be used for final surface cleaning of dirt prior to painting or before any other surface treatment.

Products in kit	Amount
Clean-Up Kit without Hose	1
Tack Cloth 320x400mm, 10/Unit	1
Mirka Case 400x300x315mm Yellow	1

Mirkacode: **CLEAN22MSC**

- Perfect kit for cleaning
- Robust Mirka Case with big space for storage
- Easy-to-use cloth for surface cleaning

CHOOSE A VERSION OR MODIFY IT ACCORDING TO YOUR OWN NEEDS

With the Mirka® Modular Trolley, you can keep the working area organized and clean for a professional and efficient workflow. Thanks to its customizable modular design, it is easy to accessorize to suit your workshop and line of work, bringing all the necessary tools and supplies within your reach for clear and ergonomic accessibility. The Modular Trolley forms a particularly good backbone for applying Mirka® solutions and processes in collision repair, finishing, polishing or more. The modularity of the trolley is engineered to give you exactly what you want. It can be specified to be as basic as you need, or as well-equipped as you want, as every module can be fitted separately to form a customized trolley for the exact role it has to play. In other words, you can equip the Mirka® Modular Trolley to fully cater to your specific line of work. The Modular Trolley grows and develops together with your workflow.

The kits includes:

➤ **Modular Trolley Kit 1 (Basic):** Base module (9194000011), Shelf module (9194021511), Plain midsection, without electric nor pneumatic connections (9194012411).

➤ **Modular Trolley Kit 3 (Standard):** Base module (9194000011), Drawer module (9194021711), Midsection with electric connections (9194012511), Aerosol holder (9194011311).

➤ **Modular Trolley Kit 6 (Premium +):** Base module (9194000011), Drawer module (9194021711), Midsection with electric and pneumatic connections (9194012611), Aerosol holder (9194011311), Spray gun holder (9194011411), Waste bag holder (9194010611), Tool Wall (9194010111), Hook, Round holes short, Yellow 3/pack (9194010411), Hook, Square holes long, Yellow 3/pack (9194010311), Shelf for tool wall, abrasives (9194010211), Shelf for tool wall, Mirlon Total (9194010511), Air Filter Regulator (9194023011).
