Towards Quality Care Together

USE MEDICINES WISELY

Know your medicine - ask your pharmacist

USE YOUR MEDICINES WISELY

ENGLISH

Know your medicine

- Tell your pharmacist about any medicines, vitamins or herbal products that you are using
- Make sure you are taking the right medicine, for the right reason, at the right time
- Check the expiry date of your medicine
- If you have any problems with your medicine ask your pharmacist

Travel safely with your medicines

- Ask your pharmacist how to handle medicine while travelling
- Keep your medicine away from sunlight
- Be careful when travelling with containers that may be easily damaged or break
- Plan ahead if travelling – ask for enough medicine for the length of time you will be away

Talk to your pharmacist

- Ask your pharmacist what to do if you skip a dose of medicine
- Tell your pharmacist if you have any allergies, are pregnant or breastfeeding, or have any other conditions

Store your medicines correctly

- Store medicines in the original container and in a dry place
- Do not store medicines in the bathroom or the kitchen
- Keep medicines out of reach of children
- Take expired or unused medicine to the pharmacy for disposal

AFRIKAANS
