Motorola Solutions may modify the Accessory Connector Program, its rules, benefits, terms and requirements, or any parts thereof, at any time, at its sole discretion.

SECTION 1

INTRODUCTION

WHY WORK WITH MOTOROLA SOLUTIONS

Motorola Solutions Inc. is a global leader in safety, security, and situational awareness solutions for enterprises and government customers worldwide. Our technology platforms, in land mobile radio, communications, command center software, video security & analytics; coupled with unsurpassed managed & support services; help ensure our customers make the most of the moments that matter.

THE ACCESSORY CONNECTOR PROGRAM

As the largest supplier of land mobile radios in the market, participants in the Motorola Solutions Application Developer Program receive unsurpassed opportunities to develop and market accessories for this expansive customer base.

This program is perfect for vendors needing access to Motorola Solutions proprietary radio GCAI mini connectors for accessory attachment.

SECTION 3

PROGRAM REQUIREMENTS

WHO QUALIFIES TO APPLY

The Accessory Connector Program is a request and approval based process requiring participants to work conjunctively with Motorola Solutions. It is geared for knowledgeable B2B professionals, who desire to build and integrate accessory products with Motorola Solutions devices for mutually beneficial outcomes.

To apply, candidates must meet the requirements below:

- Must represent a registered legal business with appropriate proof of insurance**
- Be the entity who will actually perform the accessory development**
- Possess expertise and knowledge in the technology platform desired**
- Have experience in building the intended accessory**
- Be responsible for their own accessory solution. Motorola Solutions support will be limited to clarifications.**
- Accept and follow the terms outlined by Motorola Solutions**
- Protect all Motorola Solutions Intellectual Property provided under contractual agreement**

Disclaimer: The GCAI-mini parts are not intended for combination or use with TIA4950 or any other Hazardous Location accessories. Purchaser assumes all responsibility for the use, testing, certifications and compliance with relevant regulatory requirements of any accessories built with parts obtained.

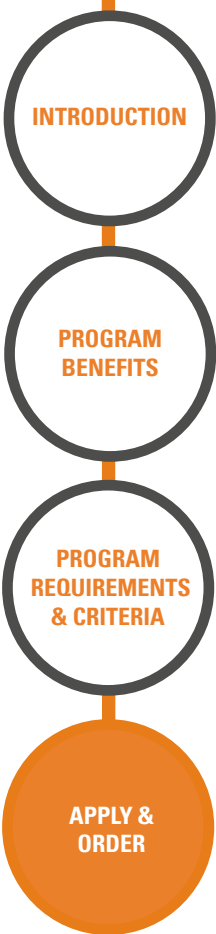

SECTION 4

APPLY & ORDER

Our program empowers candidates with the tools they need to fast-track accessory development. All interested candidates must follow the process below to order GCAI mini cable components:

- 1 SUBMIT REQUEST**
Applicants must submit a request to develop accessories by filling out [this form](#).
- 2 INTERNAL REVIEW & APPROVAL**
Requests will be reviewed by an appropriate Motorola Solutions representatives. This may be approved, declined or Motorola Solutions may request more information.
- 3 FORMAL AUTHORIZATION**
Approved candidates will receive formal authorization to purchase GCAI mini components or full cables at their own discretion.
- 4 ORDER COMPONENTS**
Authorized Accessory Vendors can negotiate and place orders directly with Motorola Solutions approved supplier.
- 5 RECEIVE YOUR ORDERS**
Vendors will receive their order and can start integrating it their own accessory.
