Design CIM Secretariat

The editorial team have conceived and realized the present bulletin with the participation of **96** people who answered the questionnaire or sent information, document and data.

Thank you very much for contribution.

Foreword

The present bulletin is the result of the work realized by the CIM-secretariat during 2011-2012, in collaboration with CIM helpers and colleagues who have kindly sent contributions, informations and answered the questionnaire. Thank you very much to all of you for constructive help and useful contribution.

In May 2012, the CIM society comprises 179 members that shows a relative stable situation compared to 2008-2011. 8 new members were registered in 2011 from Australia, Barbados, Brazil, Colombia and Thailand. Several candidates for membership are hoped for 2012-2013. In the mean time, 3 members have been removed from the list in 2011 after decease, resignation or complete disappearance during at least four to six years.

96 people sent a reply to the questionnaire 2011/2012 or documentation and data, that shows an average and "normal" situation compared to most of previous years. Some members answered the postal way, other via e-mail or directly from the webpage. We hope this reflects the activity of members of the society and we'll have to maintain such a good level of communication during coming years.

Besides the management of the Society through the Webpage, Secretariat and Treasury, and the development of the CIM as an international scientific Society, one of the main activity we managed during the period 2011-2012 was a result of the 15th International Congress of Myriapodology (15ICM) and of the General Assembly of our Society held in Australia (Brisbane) on Friday July 22, 2011.

The former President Michelle Hamer, the President Greg Edgecombe and myself remind you that 2011 was a most important year for the CIM Society and the myriapodological community. We had to prepare a vote for the renewal of the CIM Council for 2011-2014 and we got several candidates to replace many definitive departures from the council after end of mandates, according to statutes, constitution and by-laws. The present Council is listed in this bulletin, as the report on the General Assembly and results of the vote.

The General Assembly at Brisbane elected the new CIM Council on 22 July, 2011. The Board and Executive Committee was elected during a meeting of the new Council. The Council elected the new President and Vice-President, and appointed the Secretary and Treasurer for 2011-2014.

It will be now of major interest to consider the future of the CIM: Congresses, Council, Secretary and Treasurer positions, for the future 2014-2017.

N total since 1968 758	Ex-Members since 1968 579	Members 2012 179	Active Members 160	
The CIM in 2012				
		Benefactor Members 0	Moral Members 7	Honorary Members 12

How to become a member of the CIM

Anyone aiming to become a regular active member of the **Centre International de Myriapodologie / International Society for Myriapodology** has to simply send a request for candidature to the General-Secretary.

The new candidate is invited to send his request via a simple informative mail or e-mail.

The new candidate is invited to send his complete address, telephone, e-mail address, and the topics related to myriapodology in which he is involved. To this document is joined a short *curriculum vitae* including age, position and interests of the candidate.

The new candidate must be supported by one proposer (sponsor, godfather), regular member of CIM in good statement.

The candidature is registered by the General-Secretary and forwarded to the members of the Council. The candidate is accepted after quick evaluation by the Council.

The new member is informed and is therefore invited to send his subscription to the Treasurer.

The name and research activities of the member are listed in the CIM Directory and the member receives the CIM Bulletin and the CIM questionnaire.

Informations on statutes and rules are available on
<http://www.mnhn.fr/assoc/myriapoda/CIMSOC.HTM>

Best wishes and regards

Jean-Jacques GEOFFROY General-Secretary of the CIM

President Words

Moral Report 2008-2011 by Michelle Hamer

The highlight of the last year of CIM activities was the very successful congress held in Brisbane, Australia in July 2011. A number of factors contributed to a lower than normal number of participants, but this had little impact on the success of the congress. The community of researchers and students working on Myriapoda and Onychophora continues to be committed and enthusiastic, and this was evident in the lively interactions and discussions. The opportunity for researchers to learn from each other and to discuss their research is a vital aspect of the society, especially for those individuals who work in countries where there are few or no other specialists. The number of young researchers from a wide range of countries, including some not represented at previous congresses bodes well for the future of the CIM, and the high standard of the presentations by these participants also indicates a healthy future for myriapodology. On behalf of the CIM I would like to thank and congratulate the organisers, Megan Short and Bob Mesibov and their team for the excellent congress. We all know just how much effort goes into this activity – and I wish the organisers of the next congress in the Czech Republic well in their preparations.

My term of office and that of several other Council members came to an end in 2011, and a new President and committee members were elected at the Brisbane congress. Congratulations to these incoming Council members, and best wishes for the next three years. I am sure that the new members will bring many fresh ideas into Council in line with the rapidly changing world of research and academic publication.

Finally, I thank the CIM Secretariat, Dr Jean-Jacques Geoffroy and Dr Monique Nguyen-Duy for the time that they put into ensuring that the CIM finances and administration run smoothly, and that the CIM Bulletin is published and distributed each year. I am sure that all members of the CIM greatly appreciate your hard work.

Presidential Report (Rapport Moral) 2011-2012

By Gregory D. Edgecombe, President of the CIM

The 44th Bulletin du Centre International de Myriapodologie was published and distributed in 2011, edited by Drs Jean-Jacques Geoffroy and Monique Nguyen-Duy Jacquemin. The Bulletin reported on 262 new publications on myriapods and onychophorans and listed the contact details and research foci of the 173 members of the CIM at that time.

The membership and Council of the CIM deeply appreciate the efforts that our colleagues at the Muséum National d'Histoire Naturelle, Paris, have made in producing the Bulletin, coordinating the membership, and managing the finances of the Centre. Dr Geoffroy (General-Secretary) and Dr Nguyen-Duy Jacquemin (Treasurer) have served the CIM most capably in these important roles for many years.

The past year witnessed another scientifically stimulating and professionally organised International Congress of Myriapodology thanks to the efforts of Drs Bob Mesibov and Megan Short. The meticulous planning of our colleagues in Australia led to the 15th Congress proceedings being published promptly as thematic volumes of *International Journal of Myriapodology* and *ZooKeys* in December 2011. Preparations are now underway for the 16th Congress, to be held at Olomouc in the Czech Republic in the (northern) summer of 2014. All members are encouraged to attend and present their research findings at what will no doubt be a memorable Congress.

The CIM Council underwent substantial turnover in July 2011 following the general Assembly for 2011-2014, held during the 15th ICM in Brisbane. Several councillors' terms ended and a new Council was elected. The new Council will need to address challenges for the future of the CIM, among them being medium- and long- term strategies for managing the CIM when our ever-reliable colleagues in Paris step out of their current roles in the Secretariat over the coming years. The membership and Council extend our thanks to the departed Councillors who served in 2008-2011, and especially thank Dr Michelle Hamer for her work as President during that term of Council.

Report on the CIM General Assembly held on Friday 22, July 2011 Brisbane, Australia

Members of the CIM were invited to contribute to the CIM General Assembly to be held on Friday, July 22, 2011, in Brisbane (Australia) in accordance with the agenda below.

Were present or represented :

Nesrine Akkari (Tunisia), Julian Bueno-Villegas (Mexico), Amazonas Chagas-Junior (Brazil), Jean-François David (France, represented by Jean-Jacques Geoffroy), Peter Decker (Germany), Greg Edgecombe (UK), Henrik Enghoff (Denmark), Jean-Jacques Geoffroy (France), Michelle Hamer (South Africa), Richard Desmond Kime (France, represented by Jean-Jacques Geoffroy), Markus Koch (Germany), Zoltán Korsós (Hungary), Etienne Iorio (France, represented by Jean-Jacques Geoffroy), Natdanai Likhitrakarn (Thailand), Jean-Paul Mauriès (France, represented by Jean-Jacques Geoffroy), Bjarne Meidell (Norway), Robert Mesibov (Australia), Bojan Mitić (Serbia), Anh Duc Nguyen (Vietnam), Monique Nguyen Duy - Jacquemin (France, represented by Jean-Jacques Geoffroy), Piyatida Pimvichai (Thailand), Hans Reip (Germany), Hilke Ruhberg (Germany), Megan Short (Australia), Stylianos Simaiakis (Greece), Rob Slotow (South Africa), Bruce A. Snyder (USA), Pavel Stoev (Bulgaria), Vladimir Sustr (Czech Republic), Noël Tait (Australia), Karel Tajovsky (Czech Republic), Ivan H. Tuf (Czech Republic), Karin Voigtländer (Germany).

Were also present:

Mieke Burger (Australia), Cathy Car (Australia), Tamaris Gimenez Pinheiro (Brazil), Cuong Huynh (Australia), Daniela Martinez Torres (Columbia), Denis Rodgers (Australia), Irina Igorevna Semenyuk (Russia), Nattarin Wongthamwanich (Thailand).

Were excused:

Anthony D. Barber (UK), Wolfgang Dohle (Germany), Sergei I. Golovatch (Russia), Richard L. Hoffman (USA), John G.E. Lewis (UK), Alessandro Minelli (Italy), Luis Pereira (Argentina), Helen J. Read (UK), Rowland M. Shelley (USA), Petra Sierwald (USA), Didier VandenSpiegel (Belgium), Thomas Wesener (Germany), Willy E.R. Xylander (Germany).

In accordance with the rules of the CIM Society, the number of members contributing to the General Assembly is large enough to make it valid.

The assembly is open by the President Michelle Hamer according to the proposed agenda.

1- Opening / Words and moral report by the President Michelle Hamer

The President moral report is be presented by Michelle Hamer, CIM President 2008-2011.

The report will be published in the CIM Bulletin 2012 and sent to every member. The President reminds the main purpose of the CIM, whose functioning worked very well during recent years:

- coordination of research activities,

- organisation of an international congress every three years,

that is very good for isolated researchers, very good for new researchers, inspiring for all researchers,

it seems also good to maintain an alternance between congress in Europe and congress in other continents.

The new CIM Council will have important tasks and bring main changes to the CIM in the future.

The President thanks Jean-Jacques Geoffroy and Monique Nguyen Duy - Jacquemin for CIM organisation, secretariat and treasury, Robert Mesibov and Megan Short for 15ICM organisation and all participants for friendship and contributions to the congress. The general assembly formally votes on this report and the report is unanimously accepted.

2- Introduction and activity report by the General Secretary J.-J. Geoffroy

Short information on the CIM functioning and comments about the present and future of the CIM are given by Jean-Jacques Geoffroy, CIM Secretary. This does not need to be formally adopted by voting.

The general functioning worked well during last twelve months but we met a problem with the mailing of the CIM Questionnaire in 2010. The questionnaire 2011 will be sent in December 2011 and will update the situation of members in early 2012.

The CIM website is looking still since a couple of years, due to FTP transfert problems from the original pages maintained by Jean-Jacques Geoffroy and the MNHN server on which the CIM website is harboured. The CIM webmaster hopes to solve this problem during 2012.

The Muséum National d'Histoire Naturelle at Paris sent a document and a file asking us to formally renew the relationships between the CIM Society and the MNHN Institute. The document is still on the table and will be managed by the CIM Secretariat at Paris.

The main point is to think about the evolution of the CIM Society after 2014. At this time (2014-2015) Jean-Jacques Geoffroy and Monique Nguyen Duy – Jacquemin will have to leave their positions at the Museum and the CIM will probably loose the support of the institute. For this reason, we must think about a succession during the priod 2011-2014 in order to be ready in 2015 at most.

3- Financial report by the treasurer and amount of the annual subscription

The financial report is yearly published in the CIM Bulletin and mailed to members. The financial reports 2009 and 2010 are published in the CIM bulletins 2010 and 2011. They are sent by Monique Nguyen Duy – Jacquemin, CIM Treasurer, and presented by Jean-Jacques Geoffroy, Secretary.

The general assembly formally votes on this report and the report is unanimously accepted. It is proposed by the treasurer to maintain the annual membership fees as 30 euros per year. The proposal is accepted. The amount of the CIM subscription 2012 is 30 Euros.

4- Recent active members, ex-members and new candidates for membership

New members in 2009

Peter Decker (Germany), Radu Gava (Romania)

Ex-members 2009

Jiri Cepera (Czech Republic), Erhard Christian (Austria), Marie-Chantal Fabre (France), Wojciech Jedryczkowsky (Poland), Günther Schmitt (Germany), Roland M. Melzer (Germany), Mary Ignatus (India).

New members in 2010

Mzia Kokhia (Georgia), Natdanai Likhitrakarn (Thailand), Graham Steven Proudlove (UK).

Ex-members 2010

Casimir A. W. Jeekel (The Netehrlands), Katrin Vohland (Germany).

Ex-members 2011

Gaston Pierrard (France)

Candidates for CIM membership 2011

Mieke Burger (Australia), presented by Megan Short

Cathy Car (Australia), presented by Robert Mesibov

Aaron Forde (USA), presented by Rowland Shelley

Tamaris Gimenez Pinheiro (Brazil), presented by Sergei Golovatch

Cuong Huynh (Australia), presented by Megan Short

Daniella Martinez Torres (Colombia), presented by Amazonas Chagas-Junior
 Denis Rodgers (Australia), presented by Robert Mesibov
 Nattarin Wongthamwanich (Thailand), presented by Henrik Enghoff
 The new candidates are presented and accepted by the general assembly as active CIM members.

5- Honorary members

The present list of honorary members is:

Jean-Marie Demange (France), Wolfram Dunger (Germany), Kazimeria Gromysz-Kalkowska (Poland), Richard L. Hoffman (USA), Otto Kraus (Germany), John G.E. Lewis (UK), Jean-Paul Mauriès (France), Stefan Negrea (Romania), Maija Peitsalmi (Finland), Ulf Scheller (Sweden),

Late Gordon Blower (UK),

Late Casimir A. W. Jeekel (The Netherlands).

It is reminded the three minimum conditions needed to be named honorary member of the CIM : 1- To be alive ; 2- to be retired ; 3- to have given valuable contribution to the CIM Society and/or myriapodology during the active period.

It is proposed to name Richard Desmond Kime honorary member of the CIM.

The proposal is unanimously adopted.

6- 16th International Congress of Myriapodology, 2014

The proposal for the 16th ICM at Olomouc, Palacky University (Czech Republic) is still on the table and formally confirmed by proposers. The project is presented to the general assembly by Ivan Tuf and Karel Tajovsky and unanimously approved by the general assembly.

7- Further International Congresses of Myriapodology

There were informative proposals, a possibility to go back to USA (Chicago) and comments upon any offers for 2017 and beyond. The CIM Secretariat did not receive at the moment any formal project or proposal.

Several ideas and proposals emerge, during the discussion, for Thailand (Prof. Panha, presented by Henrik Enghoff), USA (Dr Bruce Snyder), Columbia (D. Martinez Torres & A. Flores) or Hungary (Dr Zoltán Korsós, who withdrew his previous proposal)...

There is a short discussion to have the 17ICM outside Europe.

8- Renewal of the CIM Council

A very important renewal of the Council is happening in 2011.

The present Council 2008-2011 comprises 10 members:

Henrik Enghoff (Denmark)	Elected 2002	reelected 2005	reelected 2008	NON reelligible 2011
Michelle Hamer (South Africa)	Elected 2002	reelected 2005	reelected 2008	NON reelligible 2011
Zoltán Korsós (Hungary)	Elected 2002	reelected 2005	reelected 2008	NON reelligible 2011
Bjarne Meidell (Norway)	Elected 2002	reelected 2005	reelected 2008	NON reelligible 2011
Robert Mesibov (Australia)		Elected 2005	reelected 2008	Reelligible 2011
Luis Pereira (Argentina)	Elected 2002	reelected 2005	reelected 2008	NON reelligible 2011
Rowland M. Shelley (USA)	Elected 2002	reelected 2005	reelected 2008	NON reelligible 2011
Megan Short (Australia)			Elected 2008	Reelligible 2011 2014
Karel Tajovsky (Czech Republic)	Elected 2002	reelected 2005	reelected 2008	NON reelligible 2011
Willy ER Xylander (Denmark)			Elected 2008	Reelligible 2011 2014

We need 3 to 7 candidates for CIM Council seats in 2011.

This is in accordance with the CIM rules as follows

ARTICLE II - OFFICERS (Edition 2007 of the CIM Constitution and By-Laws)

Section 1: 5 to 10 members shall be elected by a majority of the votes cast by members in good standing in a ballot at the General Assembly.

Section 2: The President serve for three years, or until his successor is elected, and can be re-elected twice; his three years duty period shall begin with the closure of one International Congresses of Myriapodology and cease with the closure of the next International Congress. The President may serve an extra period if necessary.

Section 3: The Council Members shall each serve for three years. Their duties shall begin with the closure of one International Congresses of Myriapodology and cease with the closure of the next International Congress.

Council members can be re-elected for one or two times.

10 people are candidates for CIM Council 2011-2014.

- Julian Bueno-Villegas (Mexico)
- Greg Edgecombe (UK)
- Robert Mesibov (Australia)
- Megan Short (Australia)
- Stylianos Simaiakis (Greece)
- Bruce Snyder (USA)
- Pavel Stoev (Bulgaria)
- Ivan Tuf (Czech Republic)
- Karin Voigtländer (Germany)
- Thomas Wesener (Germany)

It is proposed and adopted to vote directly on the entire list.

The 10 candidates are elected CIM Council members 2011-2014.

9- Miscellaneous questions

The situation concerning the journal "International Journal of Myriapodology" is briefly presented by Pavel Stoev.

10- Closure of the general assembly

The general assembly ends and the President asks members of the new Council to meet immediately.

MEETING OF THE CIM COUNCIL 2011-2014

Appointment of the General-Secretary 2011-2014: Jean-Jacques Geoffroy is candidate.

Appointment of the Treasurer 2011-2014: Monique Nguyen Duy – Jacquemin is candidate.

Election of the President 2011-2014.

Election of the Vice-President 2011-2014.

Various...

Jean-Jacques Geoffroy, CIM Secretary

Report on the CIM Council Meeting held on Friday 22, July 2011 Brisbane, Australia

Present or represented:

Julian Bueno-Villegas, Greg Edgecombe, Jean-Jacques Geoffroy, Robert Mesibov, Megan Short, Stylianos Simaiakis, Bruce Snyder, Pavel Stoev, Ivan Tuf, Karin Voigtländer.

Monique Nguyen Duy - Jacquemin (represented by Jean-Jacques Geoffroy)

Excused: Thomas Wesener

1- Appointment of the General-Secretary

Jean-Jacques Geoffroy (France) is candidate and unanimously appointed for 2011-2014.

2- Appointment of the Treasurer

Monique Nguyen Duy - Jacquemin (France) is candidate and unanimously appointed for 2011-2014.

3- Election of the President

Greg Edgecombe (UK) is proposed and unanimously elected CIM President for 2011-2014.

4- Election of the Vice-President

Robert Mesibov (Australia) is proposed and unanimously elected CIM Vice-President for 2011-2014.

5- General Business

5a- What about a special fee for students?

There is none. New members do not pay the first year and, according to the CIM rules, any kind of people on very low salaries or from countries with poor subsidies can formally request to have CIM fees waived.

5b- Payment of fees

It is not possible at the moment to have credit card payments.

What about Paypal? It could be a possibility, to be studied in the near future.

5c- Future of the CIM Website

The CIM website needs regular updating and also a new look using more recent and "modern" tools.

In the future, it may move to a new domain, or even access a facebook page (???)

Jean-Jacques Geoffroy confirms he will maintain the contents of the webpages until 2014 and then let it go to someone else hands. We should be prepared to organise this.

A website subcommittee is set up to investigate, comprising the following members:

Robert Mesibov
Bruce Snyder
Pavel Stoev
Ivan Tuf
Karin Voigtländer

Something could be proposed as soon as possible in the near future.

5d- Nomination of an honorary member

It is reminded the three minimum conditions needed to be named honorary member of the CIM : 1- To be alive ; 2- to be retired ; 3- to have given valuable contribution to the CIM Society and/or myriapodology during the active period.

It is suggested by Greg Edgecombe to name Prof. Alessandro Minelli (Italy) honorary member of the CIM.

The proposal is unanimously accepted.

5e- Future of the CIM Bulletin

It is suggested by Pavel Stoev to have the CIM Bulletin made on line only.

Jean-Jacques Geoffroy suggests to maintain the hard copy version (still very popular to many members) for the next three years while the website being remodelled and developed.

Maybe an electronic version only could be developed after.

5f- Relationships with MyriaLit

This is something that we need to help with. Hans Reip will not have time enough to update.

Karin Voigtländer proposes to speak with Peter Decker who could help.

5g- Further Congress 2017

If any or several proposals, should we prioritise?

Not at this stage!

5h- Future of appointed officers

In three years time, we will need to modify the Secretariat and Treasurer positions and enter a successful succession experience.

Maybe this will need to modify the structure of CIM itself.

Many important and decisive questions to be managed by the CIM Council during next years.

Closure

The CIM Council and Executive Committee meeting is closed by the President Greg Edgecombe.

Jean-Jacques Geoffroy, CIM Secretary

Executive Committee, Council and Board 2011-2014

10 members of the **CIM Council** have been elected for 2011-2014 by the General Assembly 2011 at Brisbane, Australia
The **General-Secretary** and the **General Treasurer** have been appointed for 2011-2014 at Brisbane, Australia

These are the 12 members of the **Executive Committee**

The **President** and **Vice-President** are elected by the Executive Committee

A new executive committee will be elected in 2014 during the 16th ICM at Olomouc (Czech Republic) by the General Assembly for 2014-2017, according to CIM rules and statutes.

This should be the time to deeply remodel the CIM Society, look for a succession for Secretary and Treasurer, Webmaster and Editor of the Bulletin.

DUES / SUBSCRIPTIONS / FEES

SUBSCRIPTIONS SHOULD BE MADE PAYABLE TO THE ORDER OF
CENTRE INTERNATIONAL DE MYRIAPODOLOGIE
CCP PARIS 00 706 63 N 020

Annual subscription 2012: 30 Euros —Bank charges in addition

Payment to be made in one of these ways:

- **Direct bank payment, including additional bank fees by the sender and informing the Treasurer at the same time**
- **International post order payable to Centre International de Myriapodologie**
- **Cheque in Euros drawn on a bank in Paris, made payable to Centre International de Myriapodologie**
- **Direct cash payment in Euros [We strongly recommend this very convenient way]**

We are sorry to remind you that payment by Credit Card is not possible !!!

Active Membership is open to everyone who applies officially, who pays the prescribed fees, and who is willing to abide by and uphold the Constitution and By-Laws of the Centre International de Myriapodologie. People who, by virtue of low income or residence in a country which experiences severe exchange problems, may be exempted from fees until the problem is solved.

International Money orders and cheques must be sent to:

Centre International de Myriapodologie

Muséum National d'Histoire Naturelle, Département Systématique & Evolution,
Section Zoologie-Arthropodes - Case Postale n°53 61 rue Buffon, 76231 Paris cedex 05, France.

You will be charged for any kind of bank fees, please ask information to your bank.

To reduce your own bank charges, you are invited to send your contribution for several years at once.

The registration will be automatically adapted to your situation.

A receipt for payments will only be sent on request.

Thank you very much for your cooperation. Yours faithfully,

Monique NGUYEN DUY - JACQUEMIN, Treasurer

The 15th International Congress of Myriapodology (15ICM) was held at the Womens College, on the University of Queensland campus in Brisbane, Australia from 17-22 July 2011.

The 46 participants came from 22 countries, making 15ICM a truly international gathering of myriapod specialists.

The Congress was supported by Phoenix Environmental Services of Perth, Western Australia and by the Australian Biological Resources Study, an Australian government agency. Another Australian government agency, the Atlas of Living Australia, very generously provided funds which allowed us to publish 15 papers from the Congress in special issues of the Pensoft journals *ZooKeys* 156 and the *International Journal of Myriapodology* 6, at no cost to the authors. Both special issues were published in December 2011 and their contents are freely available online.

As organisers we are also very grateful to our conference manager, Sally Brown, for her patience with us and for helping us make it all happen.

We look forward to seeing all our 15ICM friends at Olomouc [Czech Republic] in 2014.

Bob Mesibov & Megan Short

Carol-Constantin PRUNESCU

(December 19, 1934 – September 23, 2011)

Dr C.C. Prunescu in laboratory 2005

Photo Mihai Prunescu

C.C. Prunescu at Obergurgl (Tyrol) in 1990
International Congress of Myriapodology

Photo J.-J. Geoffroy

Carol-Constantin Prunescu was born in Turnu-Magurele, Teleorman county- Romania on 19 December 1934. After the studies at the gymnasium in his home town, he enrolled to Faculty of Biology within Bucharest University. He completed the university studies with a work regarding *Parasite insects on vertebrates* and immediately entered in didactic as well as research activity in several Research Stations of the same faculty. In 1962 he became a researcher, working in the team of Animal Morphology Laboratory from 'Traian Savulescu' Institute of Biology- Romanian Academy, and later, in 1969 he successfully defended his doctoral thesis *Comparative anatomy and evolution of centipede's genital system* under the guidance of Prof. Gh. Th. Dornescu. Between 1962-2004 he continued to work within the Institute of Biology- Romanian Academy where he took important responsibilities in different teams (Laboratory of Immunochemistry, Animal Morphology Laboratory, Cytobiology Laboratory). In 1990 Conf. D. Ivan was succeeded by C.C. Prunescu as the Director of the Institute of Biology (1990-1995), when it was obtained the reintegration of the Institute as a research structure of the Romanian Academy. After retirement he remained active till the end of 2010 as associate professor.

During his scientific life, Dr. C.C. Prunescu was concerned with a wide range of problems of zoology, comparative anatomy, histology, pathology and parasitology. Centipede's anatomy, taxonomy and phylogeny represented an important part of his professional interests. He published over 30 papers on this subject, describing *Lithobius decapolithus* and *Lithobius sciticus* from south and east of Romania. His research gave answers regarding the digestive, excretory, tracheal and endocrine systems of centipedes, but he is best known due to his excellent studies on both female and male genital systems. He critically evaluated know data on morphology and evolution of the group, producing the first phylogenetic tree for the major chilopod groups.

Along with his colleagues he was present at the 1st International Congress of Myriapodology, Paris, 8-13 April, 1968, being among funding members of CIM. In 1998, the award 'Emanoil Teodorescu' of Romanian Academy was conferred for his papers concerning the evolution of centipedes.

Dr. Carol-C. Prunescu was an eminent teacher organizing specific practical lessons on histology. His students made him proud and happy when choosing to continue, despite hard times, to do research in biology and especially histology. He will be always remembered for his intense persistent work, his wide scientific knowledge and by his modest, calm, amiable character. I miss the last year's afternoons when the quiet discussions between him and his wife Paula could be heard from the laboratory across, and anyone was welcomed to ask for an advice, for literature or just for a talk

Dr. Carol-Constantin Prunescu left this world, discreet, on 23 September 2011.

Mihaela Ion, Paula Prunescu

Multipede Universe 2012 (Myriapoda & Onychophora) What's new?

Journals

Arthropoda Selecta

http://kmk.entomology.ru/arthropoda_selecta.htm

Russian Journal of Arthropoda Research, ISSN 0136-006X

Editor: Dr Kirill G. Mikhailov (Moscow) Published by KMK Scientific Press, Moscow,

1 volume (4 issues) per year, first issue 1992

The journal is published mostly in English. The scope of the journal is the morphology, taxonomy, development, life histories, zoogeography, phylogeny and evolution of Crustacea, Chelicerata, Myriapoda and other arthropods, both recent and fossil.

Arthropod Systematics & Phylogeny

<http://www.arthropod-systematics.de>

"Arthropod Systematics & Phylogeny" (ASP), formerly *Entomologische Abhandlungen*

Editor-in-chief of ASP Klaus Klass <Klaus.Klass@senckenberg.de>

ASP is published by the Museum fuer Tierkunde Dresden (Museum of Zoology Dresden; since 2009 part of the "Senckenberg" and includes articles on all groups of Arthropoda, with a focus on phylogenetics and systematics. The papers published in Arthropod Systematics & Phylogeny (ISSN 1863-7221, print) resp. Entomologische Abhandlungen (ISSN 0373-8981, beginning with Vol. 63/2003) are freely available and can be downloaded from this page (ISSN 1864-8312, online).

Subscriptions and contributions from countries other than Britain are welcome.

Volume 23 published in 2008, Volume 24 published in 2010, Volume 25 published in 2011.

The BMIG publish also the *BMIG Newsletter*: last issue **Number 24 Spring 2012**

International Journal of Myriapodology

<http://www.brill.nl/international-journal-myriapodology>

Editor in Chief: Henrik Enghoff, Managing Editor: Pavel Stoev

The International Journal of Myriapodology is published jointly by Pensoft and Brill.

The journal is published in an online version as well as on paper.

Online submission: Articles for publication in the International Journal of Myriapodology can be submitted online through Editorial Manager.

The International Journal of Myriapodology is an international journal publishing original research on Myriapoda as well as Onychophora which have traditionally been "adopted" by myriapodologists. The journal's main scope is taxonomy in a broad sense, but includes other disciplines like ecology, evolution, genetics, morphology, palaeontology, parasitology, phylogeny, physiology, and zoogeography.

The following categories of papers are considered:

- Feature articles – papers based on original research;
- Review articles – longer articles, offering a full overview or historical perspective of a topic
- Short communications – short (max. 2 pages) articles including correspondence, reports on new species
- Book reviews and announcements

IJM 6 (2011) : Special issue

Proceedings of the 15th International Congress of Myriapodology, 18–22 July 2011, Brisbane, Australia : 1-105

From Volume 4 onwards, the International Journal of Myriapodology is published at <http://www.pensoft.net/journals/ijm>

It has been two and a half years since the establishment of the International Journal of Myriapodology by the international publishers Brill and Pensoft. During that time the journal has managed to find its proper place in the scholarly publishing field and to strengthen its position as one of the three primary journals, along with Zootaxa and ZooKeys, that publish on Myriapoda and Onychophora. For such a short time of existence a considerable number of new taxa have been published in IJM. IJM is already listed in the Master journal index of ISI and we send the print version of each new issue to Thomson Reuters. With vol. 3 we launched LSID ZooBank (<http://www.zoobank.org>) registrations of all new taxa published in the journal.

In 2012, we are pleased to announce that the electronic content of IJM will be preserved in the CLOCKSS Archive.

The CLOCKSS (Controlled LOCKSS) Archive is a not-profit joint venture between the world's leading scholarly publishers and research libraries whose mission is to build a sustainable, geographically distributed archive with which to ensure the long-term survival of web-based scholarly publications for the benefit of the greater global research community.

http://www.eurekalet.org/pub_release/2012-04/pp-lpp041712.php

Schubartiana Zeitschrift der AG Deutschsprachiger Myriapodologen ISSN 1861-0366 <http://www.schubartiana.de/>

The scientific Journal SCHUBARTIANA - named after the German Myriapodologist Dr. Otto Schubart - is a project of the Working group of German speaking Myriapodologists. It shall be an organ of publications for Central European Myriapodologists, especially for German speaking ones. In accordance to their importance for science, also amateurs are invited to subscribe to and to publish in this journal.

SCHUBARTIANA is open for publications in different fields of myriapodology, nevertheless papers on the Central European Fauna will constitute the major part of the journal. Papers on Taxonomy, Ecology, etc. of Myriapods, on the history of Myriapodology are very welcome as well as reports on congresses, field and working meetings or book reviews.

SCHUBARTIANA is a forum for larger papers as well as for smaller communications, which find no place within other journals due to their smaller scope (or importance)

Last, but not least it is an aim to keep the journal inexpensive for both authors and readers, since the publisher and editors have no primary financial interest - the journal shall be produced with only low costs for everyone.

Volume 1 (2005) Volume 2 (2007) Volume 3 (2008) Volume 4 (2010) Volume 5 (in prep.)

Zookeys <http://www.pensoft.net/journals/zookeys>

ZooKeys is a peer-reviewed, open-access, online and print, rapidly produced journal launched to support free exchange of ideas and information in systematic zoology, phylogeny and biogeography.

All papers can be freely copied, downloaded, printed and distributed at no charge. Authors and readers are thus encouraged to post the pdf files of published papers on homepages or elsewhere to expedite distribution. There is no charge for color.

Indexed by ISI, Web of Science, Scopus, Zoological Record, Google Scholar, CAB Abstracts DOAJ, Wikispecies, Vifabio, BHL Citebank.

ZooKeys 156 (2011) : Special issue

Proceedings of the 15th International Congress of Myriapodology, 18–22 July 2011, Brisbane, Australia

ISSN 1313-2970 (online) | ISSN 1313-2989 (print)

Zootaxa A mega-journal for zoological taxonomists in the world <http://www.mapress.com/zootaxa/index.html>

Zootaxa is a peer-reviewed international journal for rapid publication of high quality papers on any aspect of systematic zoology, with a preference for large taxonomic works such as monographs and revisions. Zootaxa considers papers on all animal taxa, both living and fossil, and especially encourages descriptions of new taxa. All types of taxonomic papers are considered, including theories and methods of systematics and phylogeny, taxonomic monographs, revisions and reviews, catalogues/checklists, biographies and bibliographies, identification guides, analysis of characters, phylogenetic relationships and zoogeographical patterns of distribution, descriptions of taxa, and nomenclature. Open access publishing option is strongly encouraged for authors with research grants and other funds. For those without grants/funds, all accepted manuscripts will be published but access is secured for subscribers only. All manuscripts will be subjected to peer review before acceptance. Zootaxa aims to publish each paper within one month after the acceptance by editors.

Malgorzata LESNIEWSKA - 2012 - Morphological anomalies in *Haplophilus subterraneus* (Shaw, 1794) (Chilopoda: Geophilomorpha). Kontekst Publishing House, Poznan, 207 pp. ISBN 978-83-62564-18-7

Websites & Databases

Information on biology, systematics, breeding and natural life of Tropical 'exotic' millipedes on the webpage maintained by Peter Decker & Robert Pfeifle at (<http://www.diplopoda.de/html/artentrop.php>)

The Global Name Index : Index of Scientific Names for all taxa gives Index of scientific names provided by all Name Repositories (18,329,821 names total)

goto <http://www.globalnames.org/> after login, submit the name of a taxa, then simply click on "Search".

You'll find the proper taxonomic nomenclature of the taxon, according to some databases references.

The node "Evertabrata II" of GBIF Germany. <http://www.gbifev2.mwn.de/>

Jörg Spelda <spelda@snsb.de> SysMyr database for the 4D4Life- EU-Project (= Species 2000)

The total number of described species on Earth has been estimated at 1,7 million. More than 1,5 billion specimens have been gathered over the last 250 years. Most of these specimens are held in natural history museums all over the world, additionally further millions of biodiversity data are allocated in research facilities, databases and publications. However a large part of this valuable information is inaccessible and can not be used effectively.

In order to make the worlds' biodiversity data freely and universally available via the Internet, the Global Biodiversity Information Facility (GBIF) has the objective to digitise and network this data information. Scientist of more than 47 countries and 31 international organizations are participating and supporting the setup of databases that will be integrated into the international GBIF-System. The international GBIF Data Portal now provides access to more than 100 million biodiversity records from 188 data providers.

Organisational Structure of GBIF-Germany. As one of the founder of GBIF, Germany makes a substantial annual contribution to support the running of the international GBIF Secretariat and the GBIF work programme. Seven Nodes form GBIF-Germany (GBIF-D), each responsible for a range of taxonomic groups.

The node "Evertabrata II" of GBIF-D is responsible for the animal groups Mollusca, Chelicerata and Myriapoda. It provides information about these groups of animals, especially about the location of type material in German museums.

The 'Millipedes of Australia' website [Information from Robert Mesibov]

A species mapper is added to the 'Millipedes of Australia' website.

It's an interactive mapper which plots the known localities of named Australian millipedes.

The mapper uses a geographic projection of Australia as its background image and plots localities in lat/long.

The mapping page is <http://www.qvmag.tas.gov.au/zoology/millipedes/mapper.html>

To use the mapper your browser must have a Flash player plug-in and also will need to have Javascript enabled.

A more widely usable solution would be to have individual species maps as images, as in the 'Tasmanian Multipedes' website. It was decided against that approach because there are already 351 native millipede species to be mapped (too much work!), and wanted an easy way to update each distribution map with new localities.

The software (WorldKit) allows to prepare and update the locality data 'behind the scenes'. All the visitors choose a genus and a species, and the software plots the latest data as a map.

WorldKit (<http://worldkit.org>) is freeware and can actually do a lot more than I let it do on the Australian millipedes website! If you are interested in using WorldKit to plot myriapod localities in your own part of the world, Bob Mesibov would be happy to share with you the Javascript I wrote to make it perform on the 'Millipedes of Australia' website. The code is not difficult.

It has been built a mapper for the named myriapods of Tasmania. This uses a Mercator projection as its background image and plots localities in UTM coordinates. The Web address is <http://www.qvmag.tas.gov.au/zoology/multipedes/mulplot.html>

and you are welcome to look at it. However, the page is currently an 'Easter egg' on the Tasmanian Multipedes website. You will not be able to get to the mapping page from other pages on the website until early in 2008.

Websites

QVMAG types (<http://www.qvmag.tas.gov.au/zoology/types/typelist.html>), with holotype data for the new species

Millipedes of Australia with all types and synonymies, and Australia-scale mapping

Tasmanian Multipedes, with images, identification helps, general notes and Tasmania-scale

Bob Mesibov moved his 2 myriapod websites. They are now at:

MILLIPEDES OF AUSTRALIA <http://www.polydesmida.info/millipedesofaustralia/>

TASMANIAN MULTIPEDES <http://www.polydesmida.info/tasmanianmultipedes>

If you have any questions, please email directly **Dr Robert Mesibov**

As a break from taxonomy Bob Mesibov is also mapping the distributions of two narrowly parapatric millipedes which are endemic to western Tasmania.

This is a long-term project with slowly accumulating results, so a webpage is built where the latest data are posted.

<http://www.polydesmida.info/mapping/> Website on Polydesmida anatomy:

<http://www.polydesmida.info/polydesmida/> The site is not really meant to be a scientific reference for specialists. Instead, it gives students, teachers and naturalists the ideas and words they need to look more closely at their local Polydesmida.

MYRIAPOD members of Yahoo Groups, so you might like to have a look at - and join another group, on **Yahoo Flickr**:
<http://www.flickr.com/groups/myriapoda/> There are some stunning photos uploaded there!

To be continued.....

Topics being dealt or *scheduled in the world on Myriapoda & Onychophora

compiled and summarized by J.-J. Geoffroy [MNHN-DEGB, UMR 7204 CNRS, Brunoy (France)]

This list is the sum and analysis of information sent by the scientists who are working in any kind of matter dealing with myriapods or onychophorans in the world. It is to be completed or improved permanently, in accordance with the informations provided yearly by specialists.

Please send informations to the «Centre International de Myriapodologie» : millicim@mnhn.fr

MATTERS BEING DEALT OR *SCHEDULED [2011 - 2012]

A- NOMENCLATURE - GENERAL MYRIAPODOLOGY

ADAM, Basic biology and breeding of Tropical/Subtropical myriapods.
MINELLI, SHELLEY, Nomenclator generum et familiarum Chilopodorum III.
SHELLEY and coll, Nomenclator Diplopodorum III, Nomenclator Chilopodorum.

B- HISTORY

PIEPER, history millipede studies. Studies on old literature on *Pachyulus* and *Eurygyrus*.
STAGL, historical investigations on collections (Natural History Museum of Vienna).

C- INFORMATION & COMMUNICATION

BOND, myriapod website in USA.
BMIG, website in UK
GEOFFROY, website of the CIM, myriapod and onychophoran galleries.
GEOFFROY, website of the Société Internationale de Biospéologie [SIBIOS] International Society for Subterranean Biology [ISSB].
LINDNER, website and scientific journal *Schubartiana*
LINDNER, REIP, SPELDA, website and DB on myriapod literature (MyriaLit).
NGUYEN DUC, website of millipede in Vietnam.
MESIBOV, Tasmanian multipedes and websites.
SHEAR, discussion lists: myriapoda, onychophora... on yahoo groups.com
SHELLEY, myriapod website photo gallery in USA.
WESENER, taxonomy of diplopods for Treatise of Zoology.

D- DATA BASES / DOCUMENTATION

BONATO, MINELLI, Chilobase on centipedes.
BMIG, bulletin and newsletter.
CHANSIGAUD, MARECHAL, bulletin of APPI.
DEMANGE, Taxonomic and bibliographic databases on myriapods.
ENGHOFF, Fauna Europaea, faunaeur.org, Myriapoda.

ENGHOFF, STOEVI, edition of International Journal of Myriapodology.
GEOFFROY, biblio.milpath, bibliographic database.
GEOFFROY, Fauna Gallica Myriapoda, taxonomic and biogeographic biodiversity of the French myriapod fauna.
KHANNA, Website and database on Scolopendrid types.
LINDNER, REIP, SPELDA, Database on myriapod literature (MyriaLit).
LOCK, database of Belgian Chilopoda, development and management.
MAURIES, GEOFFROY, NGUYEN DUY - JACQUEMIN, Iconographic file upon myriapods and onychophorans.
MEIDELL, DJURSVOLL databases on myriapodological literature and species names.
MESIBOV, Tasmanian multipedes databases.
MINELLI, Update of Chilopoda for Fauna Europaea.
NGUYEN DUY - JACQUEMIN, GEOFFROY, Database on checklist and distribution of Penicillata of the world.
ROSENBERG, VOIGTLÄNDER, database (Reference Manager) on chilopod literature with key word register to biological topics.
SIERWALD, International Catalogue of Myriapod Collections. Systematical database for myriapods.
SPELDA, REIP, LINDNER, database on myriapod literature (MyriaLit).
SPELDA, online database SysMyr as part of the node "Evertebrata II" of GIBIF Germany. Diplopoda, Paupoda, Symphyla for the catalogue of life/Species 2000.
STOEVI, e-edition of ZooKeys and other Pensoft publications.
STOEVI, Data base of the synonym names in the class Chilopoda. *Data base of the centipedes of Europe.
ZAPPAROLI, Update of Chilopoda for Fauna Europaea.

E- STRUCTURE & PHYSIOLOGY

E1- GENERALITIES, ANATOMY, MORPHOLOGY

ARTHUR, segment number variation in Geophilomorpha: development, genetics and ecology.
 DRAGO, FUSCO, MINELLI, gonopod anatomy and development and metamorphosis.
 FONTANETTI, morphology, cytogenetics and histochemistry in Brazilian diplopods.
 HANNIBAL, sternal pores and systematics of euphoberiid diplopods (Carboniferous).
 ILIE-TENCUSE, *teratology in Geophilomorpha.
 KOCH, *Functional anatomy of Pauropoda.
 KOCH, EDGECOMBE, 3-D reconstruction of head anatomy of Geophilomorpha.
 LESNIEWSKA, morphological anomalies in centipedes.
 MINELLI, FUSCO, BONATO, metameric organisation of myriapods (heterochrony, phylogenesis, evodevo).
 HILKEN, MÜLLER, Comparative morphology of epidermal glands and glandular organs in Chilopoda.
 PENTEADO, SILVA & BOCCARDO, physiology, circadian rhythms, metabolism and respiration of Brazilian millipedes. Effects of deltamethrin pyrethroid on the respiratory metabolism of Neotropical millipedes.
 SILVESTRI, centipede biology in USA.

E2- SENSORY ORGANS / NERVOUS SYSTEM

ERNST, types of sensillae at the abdominal region in different centipedes.
 ERNST, HILKEN, MÜLLER, ROSENBERG, SOMBKE, antennal sensilla in Chilopoda.
 MÜLLER, Comparative morphology of eyes in Chilopoda and Diplopoda.
 SOMBKE, comparative studies on the architecture of central nervous system in Myriapoda.

E3- DIGESTION, ASSIMILATION, FEEDING

MISRA, Effect of phorate and zectran on the phosphatase activity of the gut of millipedes, *Gonolectus malayus* (Carl)
 SUSTR, digestive enzymes of millipedes; methane production from digestive tract of European and Tropical millipedes.
 TUFOVA, feeding biology of millipedes.

E4- RESPIRATION, METABOLISM

CHAO, Tracheal system of Chilopoda.
 HILKEN, MÜLLER, tracheal system in Notostigmophora.
 PENTEADO, respiratory metabolism in Brazilian millipedes.
 SUSTR, temperature dependence of metabolic rate in millipede.

E5- CIRCULATORY SYSTEM, HEMOLYMPH, IMMUNOLOGY

BROCKMANN, hemocytes of Scutigera.
 BURMESTER, Structure, function and evolution of arthropod hemocyanins.
 HILKEN, MÜLLER, ROSENBERG, Perivascular organs in Chilopoda.
 NEVERMANN, BROCKMANN, hemocytes of *Scutigera*.
 PASS & WIRKNER, morphology and evolution of circulatory system in Chilopoda.
 XYLANDER, Immune reactions against xenografts in Diplopoda and Chilopoda.

E6- GLANDS, SECRETION, EXCRETION, COXAL ORGANS, VENOMS

HUTH, chemical ecology of millipedes : chemical analyses of defensive secretions and chemotaxonomical approach to systematics.
 KANIA, Economic and medical significance of Diplopoda.
 MASHBERG, biological function of defensive secretions in millipedes.
 MÜLLER, HILKEN, Comparative Morphology of epidermal glands in Chilopoda.
 TANABE, defensive secretions in Japanese millipedes.
 WEYDA, *eversible vesicles in myriapods.

E7- BIOCHEMISTRY, MOLECULAR BIOLOGY, HEAVY METALS , RADIATIONS

BOND, Rhinocricidae, molecular data for systematics.
 DAAS, Ecotoxicology of chemical pollution on reproduction cells and haemolymph of Lithobiidae.
 MAKSIMOVA, radio & eco-biology of soil diplopods ; accumulation of radionucleides; monitoring of radioactive contamination.
 NEFEDIEV, NEFEDIEVA, Millipedes as bioindicators in urban territories.

E8- CYTOLOGY, CYTOGENETICS

BROCKMANN, hemocytes of Scutigera.
 FONTANETTI, morphology, cytogenetics and taxonomy of Brazilian diplopod species, karyotypes.
 MAKSIMOVA, hematocytology of soil invertebrates.
 NEFEDIEV, *Cytogenetics and taxonomy of Siberian myriapods, Karyotyping.

E9- MICROBIOLOGY

FRÜND, soil microflora and myriapods.
 KANIA, Microbiology of synanthropic millipedes.

F- REPRODUCTION, DEVELOPMENT, GENETICS

F1- GENITALIA , GENITAL TRACTUS, SEXUAL TRAITS

BROCKMANN, Oviparous onychophorans from Tasmania.
 FORDE, Gonopodial variation in two millipede species on the Island of Barbados, *Orthoporus antillanus* and *Anadenobolus monilicornis*.

F2- EMBRYOLOGY, ONTOGENESIS

ARTHUR, ecological and developmental genetics of segment number variation in Geophilomorpha.
 BONATO, ontogenetic mechanism of segmentation in Geophilomorpha. Variation in segment number.
 DAVID, Effect of climate change on the development and life-history of millipedes.
 MINELLI, LEWIS, Development and segmentation in centipedes.
 MITIC, epimorphosis and variation in segment number in geophilomorphs.
 SERRA, reproduction and post-embryonic development of lithobiomorph centipedes.
 SIMAIAKIS, Diversity and geographic variation of leg pairs in centipedes in northwestern Europe.
 TAIT, Egg shell structure and formation in Australian onychophorans. Embryonic development and ultrastructure in onychophorans.

F3- PARTHENOGENESIS

GOLOVATCH, parthenogenesis in neotropical Pyrgodesmidae (Polydesmida).

F4- PERIODOMORPHOSE

SAHLI, Diplopods, periodomorphosis in Julida.

F5- GENETICS & BARCODING

ARTHUR, the ecological developmental genetics of variation in segment number (Chilopoda).

BONATO, MINELLI, Geophilomorpha: functional morphology, evolutionary diversity, high-level classification. Variation in segment number.

GEOFFROY, DEHARVENG, Contribution to the barcoding in Chinese, South-Asian and West-European cave-millipedes millipedes.

MEDRANO, genetic drift in Island population of the Atopetholidae and Parajulidae (Julida) millipedes.

SPELDA, Barcoding of myriapods of Bavaria for Barcoding Fauna Bavarica.

STOEV, Barcoding of millipedes and centipedes.

TAIT, population genetics in Onychophorans in Southeastern Australia.

WESENER, GBOL-Barcodeing myriapoda from Germany.

G- ECOLOGY & BEHAVIOUR

G1- ETHOLOGY BEHAVIOUR & BREEDING

ADAM, Keeping and breeding of Tropical/Subtropical large myriapods in terraria.

KANIA, Urban fauna of millipedes.

LINDNER, Keeping and breeding, behaviour of centipedes.

MAHSBERG, ethology of diplopods of Tropical millipedes.

MITIC, parental care in geophilomorphs.

MÜLLER, Behaviour of Myriapoda from the Western Mediterranean and Adriatic Sea.

SAHLI, Mass appearances and mass migrations.

TUF, Behaviour of millipedes.

G2- TOXICOLOGY, DEFENCES, VENOMS

HUTH, chemical ecology of millipedes.

MASHBERG, biological function of defensive secretions in millipedes.

MÜLLER, Bactericidal substances in Chilopoda, secretion products of epidermal exocrine glands.

TANABE, defensive secretions in Japanese millipedes.

G3- ECOLOGY: POPULATIONS & COMMUNITIES; ECOPHYSIOLOGY

ABROUS-KHERBOUCHE, Ecology and population densities of millipedes and centipedes in Algeria.

AKKARI, Ecology of Myriapoda (Diplopoda, Chilopoda, Symphyla) from Tunisia. *Isolation and evolution of selected Myriapoda (Diplopoda, Chilopoda) species from various oasis in Tunisia.

ALAGESAN, effect of food quality in millipedes, role of millipedes in solid waste recycling. *Decomposition of litter by millipedes.

ARTHUR, the ecological genetics and developmental genetics of variation in segment number (Chilopoda).

BAUMEISTER, ecology of millipedes in USA.

BLACK, ecological damage by the Black Portuguese millipede.

DAVID, ecology of millipede populations and communities in temperate and mediterranean forests.

DUNGER, Soil communities and successional populations in soil habitats.

ENGEL, faunal comparison of spruce, beech and mixed stands forests in Bavaria.

FLOREZ, millipede populations from Colombia.

FONTANETTI, ecophysiology and ecotoxicology of Brazilian millipedes.

FRÜND, association between *Lithobius forficatus* and woodlice in compost heaps.

GARCIA RUIZ, population ecology and communities (Chilopoda, Diplopoda) in Peninsula Iberica.

GEOFFROY, population ecology and communities (Diplopoda, Chilopoda) in temperate ecosystems (France).

GRGIC, KOS, influence of forest management and forest stand structure on population dynamic and species biodiversity of centipedes.

HAGINO, *ecological distribution of Japanese pauropods.

HAMER, SLOTOW, Savanna millipedes ecology and conservation, forest millipede biogeography in South-Africa.

HAUSER H, Ecology of diplopods.

HORNUNG, spatial & temporal patterns of diplopod populations in different habitats. Establishment of introduced/exotic soil macrofauna species.

ION, Centipede populations on hillock cliffs in the different stages of vegetation cover development.

Comparative studies on centipede fauna from urban and periurban greens of Bucharest (Romania).

KIME, ecology of forest millipedes in the Atlantic zone of Europe.

KOKHIA, Ecology of myriapod communities in Georgia.

KOKHIA, KONDEVA, *soil mesofauna in high mountain meadows and pastures in Georgia.

KONDEVA, Millipedes populations in litter of xerothermic oak forests in Bulgaria, millipedes (Diplopoda) in anthropogenic-influenced habitats.

KOS, biodiversity of myriapods, ecology of chilopds.

LEE, ecology of *Polyzoniium germanicum* and *Metatulus pratensis* in south east England. * Status of *Trachysphaera lobata* populations in southern England and south Wales.

LESNIEWSKA, Centipede and millipede communities of forests in Poland. Phoretic relationships between Acari and centipedes. Effect of urbanization on centipede communities.

LINDNER, Centipedes and millipedes of urban ecosystems.

LOCK, Chilopoda of the grindbanks of the Meuse ; communities in the woodlands of Flanders.

MAHSBERG, chemical ecology of tropical millipedes.

MAKSIMOVA, radioecology & biology of soil invertebrates ; monitoring of radioactive contamination.

MEYER, communities of soil animals ; soil forming process along an altitudinal transect (central Alps on bedrocks , Stubai Alps) ; *Millipeds as colonizers in a glacier retreat area (Ötztal Alps).

MIKHALJOVA, the millipedes (Diplopoda) and *centipedes (Chilopoda) of the Asian part of Russia and adjacent countries.

MOCK, Diplopoda in secondary succession in spruce forests after windstorm. Diplopoda in the nests of birds and mammals.

NEFEDIEV, NEFEDIEVA, eco-faunistic investigations of myriapods in western Siberia; *Life-cycles of Siberian millipedes.

NEGREA, ILIE-TENCUSE, centipedes from Romanian forests.
 NGUYEN DUC, Ecology of Diplopoda in Vietnam.
 OZANOVA, population ecology of Diplopoda (Czech Republic); *successional row of floodplain forest.
 SAHLI, Mass migrations of diplopods.
 SERRA, population ecology of myriapods (Chilopoda, Diplopoda) in Spain.
 SNYDER, Ecology of North American millipedes.
 SPELDA, ecology of myriapods in Germany.
 STASIOV, distribution of myriapod communities of the West Carpathians.
 TAJOVSKY, Millipedes and centipedes in natural and man-impacted habitats; impact of different management practices on millipedes and centipedes in differently managed forests and agricultural landscapes.
 TANABE, Morphological and reproductive isolation in Japanese millipede populations.
 TRACZ, soil fauna in natural and anthropogenic forest ecosystems in Poland: Diplopoda, Chilopoda, Isopoda. Zooindicators, monitoring and valorisation.
 TUFOVA, millipede populations and communities; sampling methods.
 VOIGTLÄNDER, populations and communities of myriapods in Germany.
 WONGTHAMWANICH, Ecology of giant pill-millipedes of the family Zephroniidae in Nan Province, Northern Thailand; *ecology of Zephroniidae in Thailand.
 WYTWER, centipedes of the Bieszczady Mountains. Centipedes of swampy habitats in Babia Góra National Park in Poland. * Myriapoda assemblages in outer Carpathian Mts.
 ZAPPAROLI, ecology and biogeography of centipedes in Mediterranean area.
 ZULKA, VOIGTLÄNDER, Myriapods of Hainich National Park (Germany).

G4- BIOSPELEOLOGY

GARCIA RUIZ, cave-dwelling myriapods from Peninsula Iberica.
 GEOFFROY, millipedes and centipedes from caves in France, Brazil, China, South-East Asia, Vanuatu.
 GOLOVATCH, cave-dwelling diplopoda of the world.
 GOLOVATCH, GEOFFROY, MAURIES,
 VANDENSPiegel, cave-dwelling diplopods from China, Laos, Vietnam, Indonesia, Vanuatu.
 ILIE-TENCUSE, Chilopoda from subterranean environment from the Western part of Romania.
 MAKAROV, cave-dwelling diplopods of Serbia, Macedonia, Montenegro.
 MOCK, Myriapoda in caves and MSS of the west Carpathians. Taxonomy of cavernicolous millipedes Blaniulidae, Haaseidae, Trichopolydesmidae. Genus *Hungarosoma* (Anthroleucosomatidae) distribution, taxonomy.
 NEGREA, cave, MSS and deep-soil centipedes (Romania, Israël, Cuba, Venezuela).
 SHEAR, Cave-dwelling millipedes.
 STOEV, revision of Bulgarian cave chilopods and diplopods with remarks on other Balkan species.
 Callipodids from Chinese and Vietnamese caves.
 VANDENSPiegel, millipedes from caves and soil.

G5- PARASITOLOGY

SPIRIDONOV, Nematoda as diplopod parasites; the study of cephalic ends of nematodes parasitic in hind gut

of Tropical millipedes (Diplopoda); Nematodes of the genera *Carnoya* (from *Anadenobolus* collected in Guadeloupe), Heth, *Travassosinema* (from *Trachelomegalus*, Cambodia); *Sequencing of D2D3 LSU rDNA of nematodes from Tropical diplopods and other arthropods; *phylogenetic analysis of sequences.

H- SYSTEMATICS & FAUNISTICS, BIODIVERSITY

H1- MONOGRAPHIES, ATLASES, FAUNAS, CATALOGUES, CARTOGRAPHY, MUSEOGRAPHY

ABROUS-KHERBOUCHE, Myriapods of Algeria.
 ANDERSSON, the chilopod fauna of Sweden.
 BERG, Distribution Atlases of Dutch centipedes and millipedes. New Diplopoda key for The Netherlands.
 BONATO, Geophilomorpha: taxonomy and distribution, faunistics, comparative morphology and phylogeny.
 BONATO, MINELLI, PEREIRA, World-wide diversity and catalogue of world Geophilomorpha.
 CHAGAS-JUNIOR, New World *Scolopendra* catalogue.
 CEUCA, Diplopoda from Romania.
 DANYI, Monography of centipede fauna of Hungary.
 DI GIOVANNI, taxonomy & faunistics of millipedes in Italy.
 DUNGER, soil fauna.
 ENGHOFF, Fauna Europaea, Myriapoda.
 FLOREZ, catalogue of Myriapods of Colombia.
 FORDE, Centipedes and millipedes of the Island of Barbados.
 GEOFFROY, systematics and biogeography of Diplopoda & Chilopoda of France. Checklists of myriapodes in France.
 GEOFFROY, KIME, Atlas of French millipedes.
 GEOFFROY, IORIO, Atlas of French centipedes.
 GRUBER, Faunistics of Diplopoda in eastern Austria: Glomerida and Chordeumatida.
 HAMER, South-African Sphaerotheriids.
 HOFFMAN, Supplement to the Checklist of Millipedes of North & Middle America. *Monographs of family Platyrrhacidae.
 ILIE-TENCUSE, Catalogue of Romanian centipedes; Chilopoda from edaphic environment from the Western part of Romania.
 ION, checklist of Chilopoda from south-east part of Romania (historical province Muntenia) with special attention to plain ecosystems. *Centipede species in alpine protected areas in Romania.
 IORIO, distribution, morphology and taxonomy of French centipedes: identification catalogues.
 KHANNA, Revisionary studies on the centipedes of India (Chilopoda: Scolopendromorpha).
 KIME, Study of Aquitaine (France) in particular, especially the Perigord-Limousin Natural Park. Detailed inventories, mapping and ecology. European myriapod atlases. Diplopod fauna of Belgium, Luxemburg, France, Spain, Portugal. *Publication of data supplied by the late Dr Eason.
 KIME, ENGHOFF, Atlas of European millipedes, Volumes 2 Julida-3 Chordeumatida.
 KOCOUREK, millipedes of the Czech Republic.
 KORSÓS, taxonomy and zoogeography of Hungarian millipedes (Fauna Hungariae): identification book. Chinese, Taiwanese and East asiatic millipedes, new species of the genera *Anaulaciulus* and *Nepalmatiulus*.

- *Sphaerodesmidae and *Cleidogona* from Chiapas, Mexico.
- LEE, British millipedes.
- LOCK, preliminary Atlas of the Chilopoda of Belgium – checklist of the same.
- MAURIES, Millipedes of Galicia (Spain, Portugal). Millipedes of French Guyana and West Indies (Martinique).
- MAURIES, Diplopod fauna from Romania.
- MAURIES, KIME, READ, Diplopoda from Peninsula Iberica (Galicia).
- MERCURIO, Catalogue of Centipedes from USA, Canada and Greenland.
- MIKHALJOVA, Diplopoda of Russian Far East & Siberia.
- MINELLI, Fauna Europaea Project (Chilopoda: Scolopendromorpha, Geophilomorpha).
- MOCK, Diplopoda in Slovakia and western Carpathians.
- NEGREA, GIURGINCA, monography of chilopods from Romania. Catalogue for "Romanian Fauna".
- NEGREA, Catalogue to the Chilopoda fauna from Israel and adjoining areas.
- NGUYEN DUY - JACQUEMIN, distribution and identification key of Penicillata.
- READ, Siphonophorida from Brazil; *Cylindroiulus* from Spain. *Update of Synopsis of British Fauna.
- SHELLER, Catalogs of Pauropoda and Symphyla of the World. European checklists of Pauropoda and Symphyla (Fauna Europaea).
- SCHILEYKO, Scolopendromorpha of Puerto Rico, Venezuela, *West Papua.
- STAGL, Myriapoda in Naturhistorisches Museum Wien.
- SERRA, ENGHOFF, KIME, AKKARI, MAURIES, Fauna Iberica Myriapoda.
- SHELLEY, Nomenclator Generum et Familiarum Diplopodorum III & Chilopodorum III. Mapping of diplopod orders.
- SHELLEY, *The millipede fauna of Alaska, USA, northern British Columbia, Canada.
- SIMAIKIS, The species-area relationships and the small island effect for centipedes: comparison between Mediterranean island groups.
- SPELDA, Millipedes and centipedes of Southern Germany.
- STAGL, publication of types catalogues. Type catalogue of the Lithobiomorpha and Geophilomorpha: collection in the Natural History Museum in Vienna.
- STOEV, BERON, Catalogue of Bulgarian centipedes, Catalogue of the Scutigermorpha of the world.
- TAJOVSKY, Faunistics: Czech Republic, Slovakia, Poland - Diplopoda and Chilopoda.
- TSURUSAKI, Checklists of millipedes of Matsuyama City (Ehime Prefecture, Shikoku, Japan).
- TUF, checklist of centipedes of Czech Republic; centipedes of Caucasus and Borneo.
- TUFOVA, Inventory of millipedes in Czech areas.
- VANDENSPiegel, Diplopoda of Kenya. *Revision of the genus *Sphaerotherium*.
- ZAPPAROLI, Fauna Europaea Project (Chilopoda: Scutigermorpha, Lithobiomorpha). Catalogue of the centipedes of Greece, Catalogue of the centipedes of Turkey. *Checklist of the Lithobiomorpha of North America.
- WESENER, Catalogue of Sphaerotheriida.
- AKKARI, Taxonomy of Myriapoda (Diplopoda, Chilopoda, Symphyla) from Tunisia.
- AKKARI, ENGHOFF Revision of *Ommatoiulus*.
- BANO, Systematics of the fam. Harpagophoridae & Paradoxosomatidae (South-India).
- BARBER, Key to British centipedes, checklist and fauna.
- BUENO-VILLEGAS, Phylogeny of the Rhachodesmidae.
- BONATO, taxonomy, diversity and evolution of Geophilomorpha.
- BOND, Rhinocricidae, molecular and morphological data for systematics.
- BROCKMANN, Taxonomy of the oviparous onychophorans of Tasmania.
- BURMESTER, Structure, function and evolution of arthropod hemocyanins. Phylogeny of the Arthropoda.
- CAR, Keeled millipedes (Paradoxosomatidae) in New South Wales, Australia.
- CHAGAS-JUNIOR, Revision of the Neotropical species of Scolopocryptopinae, Revision of Scolocryptopinae from Africa, Asia and Melanesia. *Key to Scolopendromorpha genera in western hemisphere. *About genus *Cormocephalus* in Caribbean and South America. *Revision of the genera *Tidops*, *Ectonocryptops* and *Kartops*.
- CHANG, Systematics and biogeography of myriapods of Taiwan, Southeast Asia and Southern China.
- CHAO, Taiwanese centipedes, Chilopoda.
- CHEN, Taxonomy and phylogenetic relationships of diplopods of Taiwan.
- DANYI, Taxonomy of centipede fauna of Hungary.
- DECKER, myriapod taxonomy in Germany. Checklist of the myriapods of Northrhine-Westphalia. Flood plains of the Rhine Valley.
- DOHLE, Phylogeny of Arthropoda, relationships between hexapods, crustaceans and myriapod groups.
- DOMINGUEZ-CAMACHO, KOCH, Phylogeny and taxonomy of the Symphyla.
- ENGHOFF, new species of *Dolichoilulus*, new species of *Thalassiosobates*.
- ENGHOFF, FREDERIKSEN, East African Odontopygidae.
- ENGHOFF, KIME, distribution atlas of European millipedes: vol.1 (Glomerida, Polydesmida and small orders), Vol.2 (Julida), *Vol.3 (Chordeumatida).
- ENGHOFF, PETERSEN, SEBERG, revised molecular phylogeny of Julidae.
- GARCIA RUIZ, taxonomy, distribution and ecology of chilopods in Peninsula Iberica.
- GEOFFROY, systematics & biogeography of Diplopods and Chilopods from France, Western Europe, Brazil, China, South-east-Asia, Vanuatu (Espirito Santo), Clipperton Island.
- GIRIBET, Biogeography and phylogeography of Chilopoda Scutigermorpha, Craterostigmomorpha, Scolopendromorpha.
- GIRIBET, Phylogeny and biogeography of Symphyla and Pauropoda.
- GOLOVATCH, taxonomy and revisions: millipedes of Asia (China, Vietnam, Laos, Indonesia...), America (Brazil...), Africa ...: mainly Polydesmida, Glomerida, Spirostreptida....
- GOLOVATCH, HAMER, Polydesmida from South Africa, with identification keys.
- HAGINO, Taxonomy of Japanese and adjacent areas: Pauropoda.

H2- REVISIONS, TAXONOMY, SYSTEMATICS, PHYLOGENY, BIOGEOGRAPHY

- HAMER, Sphaerotheriids of South-Africa; *revision of the genus *Triaenostreptus* (Spirostreptidae).
- HOFFMAN, Generic revisions in families Chelodesmidae, Spirostreptidae (both Afrotropical and Neotropical) and Platyrrhacidae (Indonesian) .
- Xystodesmid genera *Apheloria* and *Nannaria*.
- HUTH, defensive secretions : chemotaxonomical approach to systematics (millipedes).
- HUTHER, revision of "common" species of Paupopoda and Symphyla.
- IORIO, revision of the morphology and taxonomy of lithobiids of south western France (Lithobiomorpha).
- IORIO, GEOFFROY distribution, morphology, taxonomy of centipedes in France. Checklist of Chilopoda of mainland France, Corsica and Monaco.
- ISHII, taxonomy, ecology and biogeographic distribution of Myriapoda in Asia.
- JORGENSEN, taxonomy of Polydesmida in USA and Caribbean area.
- KIME, biogeography and ecology of Millipedes in the Atlantic zone of Europe. Inventories at sites in the Dordogne and the Parc Naturel Régional Périgord-Limousin (France).
- KOCH, Evolution of temporal organs in mandibulate arthropods.
- KORSOS, millipedes (Julidae, Polydesmidae, Xystodesmidae) of the Ryukyu Archipelago, Japan; Diplopoda Fauna of Hungary and the Carpathian Basin; *Diplopoda (Polyzoniida, Siphonocryptida, Platyrrhacidae) from Palau, Pacific Ocean.
- KOS, Biodiversity and taxonomy of centipedes in the Balkan region.
- LEWIS, taxonomy of scolopendromorph centipedes.
- LIKHITRAKAN, Diplopoda of Thailand.
- LIM, Korean Diplopoda, taxonomy.
- LINDNER, Ecology and biogeography of centipedes (and millipedes) in Germany.
- MAKAROV, MITIC, Myriapoda (Diplopoda) of Yugoslavia and others parts of Balkans: Serbia, Montenegro, Macedonia, Crete.
- MAURIES, taxonomy on millipedes from Spain, France, French Guyana, West Indies (Martinique), Romania. Revision of the genus *Archispirostreptus*. New species of *Ceratopsphys* from Canary and Balears Islands. New atypical *Chamaesoma* from Catalunya.
- MAURIES, AKKARI, diplopods from Tunisia and North Africa.
- MEDRANO, revision of the Atopetholidae (Spirabolida) from the Southwestern United States and Northern Mexico.
- MESIBOV, taxonomy and biogeography of Australian-Tasmanian myriapods.
- MIKHALJOVA, review and distribution of diplopods from Siberia, Russian Far East and Korea.
- MÜLLER, Taxonomy, distribution of Myriapoda from the Western Mediterranean and Adriatic Sea.
- NEFEDIEV, eco-faunistic investigations of myriapods in Western Siberia, Altaj Mts.
- NEFEDIEVA, eco-faunistic investigations of millipedes in Altaj Mts. *Diplopods of Altaj-Sayan Mts System.
- NEGREA, Revision of centipede collections of Z. Matic (Cluj) and S. Negrea (Bucharest).
- NGYEN DUC, Taxonomy and diversity of millipedes (Diplopoda) in Vietnam. *Key to tribes of Paradoxosomatid millipedes, Polydesmidae and Xystodesmidae families in Vietnam.
- NGUYEN DUY - JACQUEMIN, Revision and identification of genera of Polyxenidae bearing pseudoarticulated sensilla (Polyxenida). *Taxonomy and distribution of Penicillata from Australia & Tasmania, cave-dwelling species from Christmas Island.
- PEREIRA, Nearctic, Neotropical and African geophilomorphs.
- PIERRARD, taxonomy of African Odontopygidae.
- PIMVICHAI, ENGHOFF, Harpagophoridae of Thailand.
- REDMAN, Systematics and biogeography of the Southern African Harpagophoridae.
- REID, systematics of Onychophora.
- REIP, Red list of German diplopods and chilopods; German hothouse millipedes; millipedes of Iberian Peninsula and Slovenia.
- RICHARDS, taxonomy of Diplopoda from Sarawak (Malaysia).
- ROSENBERG, SPELDA, VOIGTLÄNDER, taxonomy of European centipedes. Database on chilopod literature on behaviour, ecology, evolution, function, physiology, structure, systematics.
- RUHBERG, GLEESON, revision of the onychophoran fauna from New-Zealands. Morphology and molecules.
- RUHBERG, DANIELS, HAMER, Molecules and systematics of South-African Onychophora: Peripatopsidae.
- SHELLER, Pauropoda & Symphyla of the world.
- SCHILEYKO, new species of *Newportia* from Puerto Rico with a new contribution to the genus; contribution to the fauna of the scolopendromorph centipedes of Venezuela; *first record of Scolopendromorpha from West Papua.
- SERRA, Chilopoda , taxonomy and ecology of lithobiomorphs.
- SHEAR, Revision of Trichopetalidae, chordeumatids from China, new *Bueothobius* centipeds, new species of *Pseudotremia* and *Cleidona*, new genera and species of Caseyidae. *Revision of Striariidae, revision of *Schedotrigona*.
- SHORT, HUYNH, Systematics of Polyxenida in Australia.
- SIERWALD, systematics on various groups; cladistic analysis on millipedes families.
- SIMAIAKIS, Phylogeography of *Scolopendra cingulata* in East Mediterranean.
- SNYDER, Taxonomy of North American millipedes.
- SOMBKE, MÜLLER, Taxonomy, distribution, and behaviour of Myriapoda from the Western Mediterranean and Adriatic Sea.
- SPELDA, taxonomy, ecology, biogeography of diplopods and chilopods in Germany. Revision of the family Craspedosomatidae.
- SPELDA, GOLOVATCH, Revision of *Elongema*.
- SPELDA, GOLOVATCH, MEIDELL, Revision of Polydesmidae from Central Asia.
- SPELDA, GOLOVATCH, WYTWER, The genus *Tetrarthrosoma* (incl. *Lohmanderosomus*) in Cyprus and the Levant; Pachyulinae of Cyprus.
- SPICER, systematics of California, USA, centipedes.
- STOECKLI, Species of Switzerland and Middle Europe (Chilopoda). Faunistics, systematics, taxonomy. Checklist of Swiss centipedes.
- TABACARU, taxonomy and biogeography of Diplopoda from Romania, Turkey, Israël, Lebanon, Cuba, Venezuela.
- TAIT, *description of cryptic species of Onychophorans in Australia.

TAJOVSKY, Faunistic studies in the Czech Republic (Diplopoda, Chilopoda).
 VAHTERA, EDGECOMBE, GIRIBET, Molecular and morphological phylogenetics of Scolopendromorpha.
 VANDENSPIEGEL, *revision of the genre *Sphaerotherium*; Study of millipedes from Taita forest Hills (Kenya).
 VANOAIKA, diplopods from Romania.
 WESENER, Systematics of Malagasy Sphaerotheriida; Spirobolida, Spirostreptida.
 WONGTHAMWANICH, Taxonomy of giant pill-millipedes of the family Zephroniidae in Nan Province, Northern Thailand; *Taxonomy of Zephroniidae in Thailand.
 WÜRMLI, revision of world Scutigermorpha; new species of *Thereuonema* from the Socotra Island; the Scutigermorpha of Russia and adjacent countries; revision of the African Psellioidids; the Scutigermorpha from Taiwan.
 ZAPPAROLI, taxonomy, ecology, faunistics and biogeography of centipedes in Mediterranean area. *Taxonomy of North and Central America, Lithobiidae.

I- PALEONTOLOGY, FOSSILS

EDGECOMBE, Chilopoda from Mesozoic and Cenozoic ambers.
 HANNIBAL, fossil diplopods: studies on Carboniferous millipedes: sternal pores of euphoberioid diplopods.
 KRAUS, Comparison of extant spined paradoxosomatid Polydesmoidea with Upper Carboniferous Euphoberiids.
 SELDEN, fossil millipedes from USA, Cretaceous millipedes of Las Hoyas, Spain.
 SHEAR, Paleozoic fossil Myriapods.

J- DISTRIBUTION

J1- AMERICA: Northern Neartic America to Mexico

Generalities

SHELLEY, synopsis of North American Scolopendromorpha and Diplopoda.

Canada

SHELLEY, Millipede fauna of British Columbia.
 MERCURIO, Centipedes.

Greenland

MERCURIO, centipedes.

Mexico

BUENO-VILLEGAS, Diplopoda diversity.
 CHAGAS-JUNIOR, *Scolopendromorpha.
 MEDRANO, millipedes of North Central Mexico.
 CHAGAS-JUNIOR, *Scolopendromorpha.

USA

HANNIBAL, fossil diplopods
 HOFFMAN, Taxonomy and distribution of Diplopoda.
 JORGENSEN, Taxonomy of polydesmids.
 McALLISTER, myriapods.
 MEDRANO, millipedes of the southwestern United States.
 MERCURIO, Centipedes.
 SANTIAGO-BLAY, millipedes.
 SCHELLER, Paupoda.
 SHEAR, millipedes.
 SHELLEY, Millipede fauna of Alaska.
 SNYDER, Distribution: millipedes of North America.
 SPICER, centipedes of California.
 WESENER, phylogeny and biogeography of the Glomerida. *Australian pill-millipede *Cyliosoma*.

WESENER, BLANKE, head endoskeleton, mouth parts and millipede orders phylogeny.
 WESENER, KOCH, MORETTI-INIESTA, FERREIRA, basal-most chilognath Glomeridesmida. Platydesmids from South America.

J1'- AMERICA: Central and South; Neotropical and Southern Americas

Argentina

PEREIRA: Chilopoda Geophilomorpha.

Barbado

FORDE, centipedes and millipedes.

Brazil

CHAGAS-JUNIOR, Scolopendromorpha. Revision of Neotropical species.

Israel

NEGREA, Chilopoda: cave and soil.

TABACARU, Diplopoda.

ZAPPAROLI, Centipedes.

Japan

BONATO, Mecistocephalidae.

HAGINO, Pauropoda.

ISHII, Lithobiomorpha (*Lithobius Monotarsobius*).

KORSOS, millipedes of the Ryukyu Archipelago.

TANABE, Diplopoda Xystodesmidae.

TSURUSAKI, Checklists of millipedes of Matsuyama City (Ehime Prefecture, Shikoku, Japan).

Korea

LIM, Diplopoda, taxonomy.

MIKHALJOVA, GOLOVATCH, review and distribution of diplopods.

Laos

GEOFFROY, GOLOVATCH, MAURIES,

VANDENSPIEGEL, millipedes from caves.

WESENER, Species list of millipedes. New species of giant pill millipedes.

WÜRMLI, Scutigermorpha (*Thereuopoda*).

Lebanon

TABACARU, Diplopoda.

Malaysia

RICHARDS, Diplopoda from Sarawak.

Mongolia

MIKHALJOVA, millipedes.

Nepal

SCHELLER, Euryporauporidae of the Nepal Himalayas.

Pakistan

KHATOON, Chilopoda & Diplopoda.

Philippines

DECKER, myriapods.

Taiwan

MIKHALJOVA, GOLOVATCH, CHANG, Systematics and biogeography of myriapods of Taiwan.

CHAO, Chilopoda.

CHEN, Diplopoda from Taiwan.

WÜRMLI, Scutigermorpha.

Thailand

DECKER, new records of millipedes.

LIKHITRAKARN, GOLOVATCH, Diplopoda.

PIMVICHAI, ENGHOFF, Harpagophoridae.

WESENER, WONGTHAMWANICH, giant pill millipedes, *Zephronia*, *Sphaerobelum*.

Vietnam

GEOFFROY, GOLOVATCH, MAURIES,

VANDENSPIEGEL, millipedes from caves.

GOLOVATCH, NGUYEN DUC, Diplopoda.

NGUYEN DUC, Diplopoda of Ngolinh Mt, Central Vietnam; Diplopoda of Bidoup-Nui, Ba National Park.

SHEAR, callipodan millipedes.

WESENER, GOLOVATCH, giant pill millipedes, *Zephronia*, *Sphaerobelum*, *Cryxus*, descriptions and sequencing.

J5- EUROPE: PALEARCTIC & MEDITERRANEAN

Austria

GRUBER, Faunistics of Diplopoda in Austria.

SPELDA, millipedes and centipedes (Alps).

Belgium, Luxemburg & The Netherlands

BERG, Key for the Dutch centipedes. Distribution

Atlases of Dutch centipedes and millipedes.

KIME, the myriapods of Belgium and Luxemburg.

LOCK, List, Atlas Chilopoda of Belgium. *Searching expected new species for the Belgian fauna.

Belarus

MAKSIMOVA, Fauna and ecology of soil invertebrates.

Bosnia Herzegovina

MOCK, cave millipedes.

Bulgaria

KONDEVA, populations of millipedes in forests and in recreation zones.

STOEV, review of Chilopoda from caves; myriapods from ant nests; myriapod fauna of Bulgaria.

Czech Republic

KOCOUREK, millipede fauna and distribution.

TAJOVSKY, Diplopoda and Chilopoda.

TUF, Czech centipede fauna.

TUFOVA, Czech millipede fauna.

Croatia

MÜLLER, taxonomy and phylogeny of myriapods.

SPELDA, millipedes and centipedes (Alps).

Cyprus

SPELDA, millipedes and centipedes.

ZAPPAROLI, *Centipedes.

Denmark

ENGHOFF, myriapods.

France

GEOFFROY, Checklist, taxonomy, distribution and mapping of chilopods and diplopods.

GEOFFROY, KIME, Fauna Gallica Myriapoda, departemental records.

IORIO, centipedes from the French Alps and Provence-Côte-d'Azur region. Cavernicolous centipedes from the French Mediterranean area, southern Alps and Corsica.

IORIO, GEOFFROY, taxonomy, morphology and distribution of centipedes of France. Centipedes of the Mercantour.

KIME, distribution; myriapods of the Parc Naturel Régional du Périgord-Limousin, and all Aquitaine.

Atlas of millipedes from France.

NGYEN DUY - JACQUEMIN, distribution and mapping of Diplopoda Penicillata. Penicillata from cretaceous amber.

SPELDA, millipedes and centipedes (Vosges and Jura mountains; Corsica).

Germany

DECKER, Diplopoda and Chilopoda. Northrhine-Westphalia, Rhine valley.

DUNGER, soil fauna.

LINDNER, Geophilomorpha: distribution of selected species.

PFEIFLE, myriapod studies.

REIP, red list of diplopods and chilopods.

SPELDA, Diplopods and Chilopods: distribution of species especially in the Alps.

VOIGTLÄNDER, German polydesmids.

ZULKA, VOIGTLÄNDER, Myriapods of Hainich National Park.

Greece

SIMAIAKIS, Centipedes of South Aegean archipelago.

ZAPPAROLI, Centipedes.

Hungary

DANYI, Chilopoda.

KORSOS, Diplopoda.

Iceland

SHELLER, myriapods from Iceland and Feroe Islands.

Italia

DI GIOVANNI, Diplopoda.

MINELLI, Chilopod fauna.

SPELDA, millipedes and centipedes (north).

ZAPPAROLI, Chilopoda.

Macaronesia & Canary Islands

ENGHOFF, millipedes.

Norway

MEIDELL, ANDERSSON, SHELLER, DJURSVOLL, Myriapoda of Scandinavian countries.

Poland

KANIA, Diplopods in Poland.

LESNIEWSKA, Centipede and millipede communities.

TRACZ, Chilopoda & Diplopoda of forests.

WYTWER, centipedes of Bieszczady Mountains and Babia Góra National Park.

Portugal

BLACK, ecological damage by the Black Portuguese millipede.

GARCIA RUIZ, taxonomy and distribution of Chilopoda; cave-dwelling centipedes.

MAURIES, KIME, READ, Millipedes from Peninsula Iberica.

Romania

CEUCA, Diplopoda of the Danube Delta.

ION, Chilopoda of the Muntenia province. *Centipedes of Glodeasa Forest, Cozia National Park, Bugeci National Park, Macin Mountains National Park, Sites of Community Importance.

MAURIES, Diplopod Fauna from Romania.

NEGREA, ILIE-TENCUSE, soil- and cave-dwelling centipedes.

TABACARU, VANOICA, Diplopoda.

Russia

FARZALIEVA, taxonomy of centipedes.
MIKHALJOVA, Diplopoda of Far East and Siberia, Asian part of Russia.
NEFEDIEV, NEFEDIEVA, Diplopoda and Chilopoda of western Siberia. Myriapods of Altaj Mts.
SCHELLER, MIKHALJOVA, Symphyla, Pauropoda of Far East and Siberia.
ZAPPAROLI, Lithobiomorpha (Fauna of Caucasus).

Slovakia

MOCK, Diplopoda of Slovakia and Carpathians.
STASIOV, Myriapoda.
TAJOVSKY, Diplopoda and Chilopoda.

Slovenia

GRGIC, centipedes and millipedes.
KOS, GRGIC, centipedes.
REIP, millipedes.
SPELDA, millipedes and centipedes (Alps).

Spain

GARCIA RUIZ, taxonomy and distribution of Chilopoda; cave- and soil-dwelling centipedes.
JORDANA BUTTICAZ, Myriapods.
KIME, geographical ranges of Iberian diplopods.
MAURIES, KIME, READ, Millipedes from Peninsula Iberica.
MÜLLER, taxonomy and phylogeny of myriapods of Ibiza.
NEGREA, Chilopoda: cave and soil, Majorca.
READ, *Cylindroiulus* .
REIP, millipedes.
SAMMLER, VOIGTLÄNDER, STOEV, ENGHOFF, MÜLLER, myriapods from Ibiza (Balearic Islands).
SERRA, Chilopoda Lithobiomorpha.
SPELDA, millipedes and centipedes from Andalusia.

Siberia

MIKHALJOVA, Diplopoda of Far East and Siberia; *Chilopoda.
NEFEDIEV, NEFEDIEVA, Diplopoda and Chilopoda of western Siberia and Altai Mts, Tumen and Omsk regions: review, distribution and ecology.
SCHELLER, MIKHALJOVA, Symphyla, Pauropoda of Far East and Siberia.

Sweden

ANDERSSON, chilopod fauna.
ANDERSSON, ENGHOFF, MEIDELL, Diplopoda & Chilopoda of Scandinavian countries.
SCHELLER, Pauropoda & Symphyla of Scandinavian countries.

Switzerland

SPELDA, millipedes and centipedes (Alps).
STOECKLI, Chilopoda Checklist. Faunistics, systematics, taxonomy.

Turkey

ÖNAL-TUNC, Chilopoda from Sondiken Mountains.
TABACARU, Diplopoda.
ZAPPAROLI, Catalogue of Centipedes.

UK & Ireland

BARBER, taxonomy and distribution of centipedes in UK.
BMIG, myriapods of the British Isles.
GREGORY, Distribution of myriapods in UK.
JONES, myriapods in UK.
KIME, distribution of British and Irish millipedes.
*Preparation of updated key to British millipedes.
LEE British millipedes, distribution and ecology.
LEWIS, British centipedes and millipedes.
READ, British millipedes.
RICHARDS, myriapods in UK.

Yugoslavia

MAKAROV, MITIC, and Coll., Diplopoda (Serbia, Montenegro, Macedonia).

K- COLLECTIONS

FLOREZ, Collections of Myriapods in Colombia
GEOFFROY, MAURIES, NGUYEN DUY - JACQUEMIN, Collections of Myriapods and Onychophorans, Museum national d'Histoire Naturelle, Paris (France).
HAUSER B, collections of the Museum of Natural History of Geneva (Switzerland).
ILIE-TENCUSE, Catalogue of the Geophilomorpha species from the Cluj-Napoca Zoological Museum.
SIEWALD, International Catalogue of Myriapod Collections.
SPELDA, FRIEDRICH, documentation of myriapod collection, Zoologische Staatssammlung München.
STAGL, Checklists of the Collections of Myriapods, Naturhistorisches Museum, Wien (Austria). Type catalogues of centipedes and millipedes.
STAGL, Catalogues of type material from the Natural History Museum from Vienna.
STOEV, Collections of Chilopods and Diplopods, National Museum of Natural History, Sofia (Bulgaria).
STOEV, BERON, Chilopod & Diplopod types in the collections of NMNH Sofia.
READ, Catalogue of type species of diplopods in the British Museum.
WESENER, saving, sorting, adding and digitalizing the ZFMK collection.
XYLANDER, Collections and Museum of Görlitz (Germany)

WORLD DIRECTORY OF THE MYRIAPODOLOGISTS

Addresses and Specialities

Maintained by J.-J. Geoffroy, CIM Secretariat [MNHN, France]

The name is followed by address, telephone, fax, e-mail and by a formula indicating the specialities. This list comprises formal members of the CIM Society only. Other researchers are usually working on myriapods or onychophorans throughout the world. If some of them are eager to become CIM members, please let us know and get in touch.

A	Arthropoda	t	taxonomy - phylogeny - nomenclature
M	Myriapoda	a	anatomy - structure
C	Chilopoda	p	physiology
D	Diplopoda	o	ontogeny - development
Dp	Polyxenida	b	biology - behaviour
P	Paupoda	e	ecology - ecophysiology - ecotoxicology
S	Symphyla	ag	agronomy
O	Onychophora	pa	parasitology - microbiology
		c	cytology - histology - cell-chemistry
		u	ultrastructure TEM SEM
		n	neurosecretion - endocrinology
		f	paleontology - fossils
		bg	biogeography
		bs	biospeleology - subterranean biology

List of works published in 2011 & early 2012 in the field of Myriapodology s. l., including missing papers 2000-2010

checked and listed by J.-J. Geoffroy [CIM Secretariat - MNHN, Paris and Brunoy]

The following list of works is the result of a query managed by the CIM-Secretariat after replies to the CIM questionnaire, analysis of papers, books and proceedings and from the subject area Natural Sciences of several bibliographic databases according to the query profile: (Myriapod* or Diplopod* or Chilopod*) or (Symphyl* or Pauropod* or Onychophor*) or (Centiped* or Milliped* or Mille-Patte*) or ((Velvet Worm*) or Peripat*)

The list comprises references published mainly in 2010-2011 and early 2012, but only partly. Some lacking references published since 2000 have been listed. Part of references published in 2011-2012 will be listed in the issue of the CIM Bulletin n° 46, 2013.

Some references could be missing. Please let us know additional references you could find related to myriapods or onychophorans.
