LENOVO THINKPAD® 12400 AND 12500 NOTEBOOKS

SMART IDEAS THAT BOOST PERFORMANCE WITH INNOVATIVE TECHNOLOGY.

COST-EFFECTIVE SOLUTIONS FOR MAINSTREAM PRODUCTIVITY

 Combines the mainstream performance of the Intel® Core®2 Duo processor with the best blend of reliability, durability, versatility, mobility and security

BEST WIRELESS SOLUTIONS

- WLAN antenna design provides for superior performance in connectivity with greater throughput and higher bandwidth up to 3x3
- All models feature the best connectivity options and support WLAN and Wireless USB over UltraWide Band (UWB - ThinkPad R400 notebook only), initially starting in the U.S. and Japan
- Select ThinkPad R400 notebooks may be equipped with WWAN

CUTTING-EDGE TECHNOLOGIES

- Switchable graphics (discrete to integrated) to optimize graphic performance and improve battery life when customers run non-graphic intensive applications
- New extended 9-cell battery (available on ThinkPad R400 notebooks)
- Latest Intel® Turbo Memory to boost power and performance
- DisplayPort on ThinkPad R500 notebooks, the next generation display interface technology, combines HD video to provide better performance speed and higher resolutions for monitors, TVs and projectors
- Excellent voice and video communication with an integrated 1.3 megapixel camera and digital microphone, with true sound and background noise cancellation, to provide superior speech recognition
- New Constant Secure program with Failsafe Anti-theft capability

ENVIRONMENTALLY RESPONSIBLE

- One of the most energy-efficient ThinkPad notebooks
- EPEAT Silver rated
- Climate Savers certified
- Greater use of recycled plastics
- Industry's first PC to be GREENGUARD Air Quality Certified®

NEW NAMING SYSTEM: The latest ThinkPad R Series marks the introduction of a new product-naming system. The ThinkPad R61 notebook will now be referred to as either the ThinkPad R400 notebook or the ThinkPad R500 notebook. The second character of the name refers to the display size of the ThinkPad, making it easier to understand the two different offerings (ThinkPad R400 notebook = 14.1" display and ThinkPad R500 notebook = 15.4" display). Also, all ThinkPad systems will now transition to widescreen offerings and will include a variety of new technology features.

THE NEW THINKPAD IR SERIES

ENGINEERED TO REACH NEW HEIGHTS IN CONNECTIVITY, PRODUCTIVITY, POWER MANAGEMENT, ENVIRONMENTAL RESPONSIBILITY AND COMFORT.

By combining the latest Intel® technology, switchable graphics and a variety of wireless solutions, the ThinkPad R Series notebooks are designed to boost performance and help you work smartly and efficiently. To begin with, they feature 14.1" and 15.4" widescreen displays with a wide range of technology that includes the latest hard drives with Full Disk Encryption (FDE), a camera on select models, a 7-in-1 media card, a 9-cell battery and a wider TouchPad for improved ergonomics. ThinkVantage® Client Security Solution with an Integrated Fingerprint Reader and SmartCard support are other innovative features that give these notebooks extra protection by securing data against potential intruders.

Equally reassuring is the fact that all ThinkPad R Series models enjoy worldwide, round-the-clock service and support and come with an industry-leading warranty.

OUTSTANDING BATTERY LIFE

New power management features to enable extended battery life. Eg.: Enhanced Battery Stretch allows users to select the most efficient power management on demand

SWITCHABLE GRAPHICS

Provision for an easy switch between discrete and integrated graphics to enable maximum battery life and performance (ThinkPad R400 notebook only)

BLU-RAY OPTICAL DRIVE

Availability of the next revolution in optical storage solutions on the ThinkPad R Series 14" & 15" wide discrete graphics systems to provide huge storage capacity using Blu-ray media — up to 25GB/50GB (single/dual layer). This storage solution also supports HDCP for reliable Hi-Definition video and Blu-ray Disc (BD) High-Definition movie playback

COOL AND QUIET

Focused air flow design to provide for cooler systems and balanced temperatures across the system. With adaptive thermal management, systems are also up to 4dB quieter

THINKPAD® 12400 / 12500 SPECIFICATIONS

THINKPAD R SERIES

Keyboard

Ergonomic keyboard with palm rest, ThinkPad UltraNav® multipointing system including TrackPoint® pointing device with "Press-to-Select", Internet Scroll Bar, Intuitive volume, ThinkVantage button and Windows® keys

Included Software (preloaded)

Adobe Reader, Diskeeper Home, Microsoft® Windows Live® Toolbar & Search, Roxio Multimedia, Lenovo Multimedia Center for Think Offerings, PC-Doctor, Norton Internet Security (with 90 days of virus definitions), ThinkPad Utilities (Power Manager and Presentation Director), ThinkVantage Access Connections®, ThinkVantage Fingerprint Software, ThinkVantage Productivity Center with Away Manager, ThinkVantage Rescue and Recovery®, ThinkVantage System Update (downloadable), ThinkVantage System Migration Assistant®

THINKPAD® R SERIES GOES GREEN

Select ThinkPad R400¹⁶ notebook models are EPEAT Gold rated and the ThinkPad R500 notebook is an EPEAT Silver rated PC. These notebooks consume 25% less power when compared to previous generation notebooks and also have Energy Star 4.0 and Climate Savers certifications.

What else makes the ThinkPad R Series so "green"?

- Industry's first PC to be GREENGUARD Air Quality Certified®
- Increased power efficiency with Battery Stretch feature
- Greater use of recycled plastics
- Mercury and arsenic-free displays

THINKPAD R400/R500 NOTEBOOK ACCESSORIES:
