- There are 50 customers almost everyday
- Stock- 8660 books
- The books are bought from New Zealand and Australia
- Some books are donated for example books for younger kids is sponsored by AusAid

# General overview and conclusion

- The Kiribati National Library does not have major development since it was opened because of lack of resources or financial support.
- It is more focused on young kids development rather than everyone.
- Our aim is to improve the accessibility of useful and entertaining book resources to the public and to get more involved with other National Libraries.
