

**Articulation Agreement**  
**North Shore Community College**  
*Associate of Science, Fire Protection & Safety Technology*  
 With  
**Endicott College, Van Loan School of Professional Studies**  
*Bachelor of Arts, Liberal Arts with concentration in Trauma Studies*  
 Or  
*Bachelor of Science, Business Management*

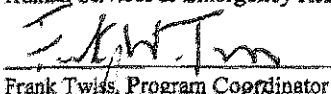

1. Endicott College's Van Loan School of Professional Studies assures the acceptance of any Fire Protection & Safety Technology associate degrees from graduates of North Shore Community College who have earned a grade point average of 2.0 or better (on a 4.0 scale) and who has the endorsement of the Van Loan School at Endicott College into its baccalaureate Liberal Arts degree program with a concentration in Trauma Studies or baccalaureate Business Management degree program, subject to the restrictions identified in paragraph 2 of this agreement. Students who are accepted with 60 or more transfer credits will be classified as Endicott College Juniors.
2. Transfer students from North Shore Community College who have earned an Associate Degree in Fire Protection & Safety Technology will receive academic credits for all college-level courses applied toward the requirements of the associate degree. As the degrees at the Van Loan School were designed with adult learners in mind, North Shore Community College students are required to submit a resume showing, at minimum, two years' work experience as part of the application. The work experience does not need to pertain to their specific area of academic study. Students without this work experience will be considered for admission on a case by case basis.
3. North Shore Community College graduates planning to apply to Endicott's program must submit an Official Degree bearing transcript from North Shore Community College. Students must make an appointment with their Endicott College academic adviser within 1 month of beginning classes at Endicott College.
4. Non-credit or remedial courses determined to be below college credit will not be accepted for transfer.
5. It is understood that if a student does not have the foundation or skill to enroll in an upper level course because he/she has not taken any introductory courses, he/she will be required to take any necessary prerequisite(s). Additionally, the start of coursework will be dependent on the availability of an appropriate cohort. Therefore, Endicott College cannot assure every student the completion of requirements for the baccalaureate degree within a two-year period.
6. Students wishing to plan their transfer from North Shore Community College to Endicott College in any of the approved degree programs are encouraged to communicate early with their academic advisors at North Shore Community College and the academic advisors of the Van Loan School of Professional Studies to ensure that they meet prerequisites for upper division courses and to secure specific information about transfer credits and degree requirements.
7. This agreement will be reviewed annually and may be revised by mutual consent.
8. This agreement is expected to continue in force indefinitely but may be terminated by either party with not less than one year's notice.

**NORTH SHORE COMMUNITY COLLEGE**

  
 Dr. Patricia Gentile, President

  
 Dr. Karen Hynick, Vice President, Academic Affairs
