HOPE

FY22 and FY23 Annual Report

FOOD FOR TODAY. HOPE FOR TOMORROW.

Helping our neighbors overcome hunger, improve mental wellness, and build for the future.

In fiscal year 2023, the number of families with children visiting our programs increased by a staggering 76%.

LETTER FROM OUR CEO AND BOARD PRESIDENT

When our neighbors need support, need hope, during even the most challenging times — our doors are open.

Kellie O'Connell
Chief Executive Officer

Marc Brenner
Board President

Dear Nourishing Hope community,

We are proud to present our two-year annual report for fiscal years 2022 and 2023.

We hope the stories and data collected within these pages provide a meaningful glimpse of our work and impact during a time of continued growth to meet the ongoing heightened need.

We also offer this report as proof of what's possible when a community of like-minded people simply refuse to let their neighbors needlessly suffer.

“Make no little plans,” said Daniel Burnham, the legendary Chicago architect and planner. “They have no magic to stir men’s blood.”

Fair to say that we adhered to Burnham’s advice on May 20, 2022, when we rebranded a then-52-year-old organization — changing our name from Lakeview Pantry to Nourishing Hope. On the same day, we executed another bold plan in opening a new centrally located headquarters. Ultimately, both signaled our intention to serve more people in need throughout the city of Chicago.

We also grew more community partnerships and expanded our services on Chicago’s South and West Sides to serve more people. We doubled down on our commitment to diversity, equity, inclusion and belonging. We sourced more food and raised more money, even in challenging economic times.

None of this has been easy. As the pandemic subsided, new macroeconomic challenges emerged, including the supply chain volatility caused by Russia’s invasion of Ukraine, the inflationary spike in food and gas prices, and the scaling back of federal assistance for people in need. We also served an increased number of migrants and asylum seekers arriving in Chicago and in need of help.

As a result, as you’ll see in this report, our service levels jumped dramatically from fiscal year 2022 to fiscal year 2023. Thousands of people turned to us for the first time — not just for food assistance, but also for social services and free mental wellness counseling.

As we always do, we showed up for our neighbors.

To be clear, none of this would have been possible without the awe-inspiring support of our donors, volunteers and partners. So please also consider this annual report a thank you letter to them — and to you.

At Nourishing Hope, we provide food for today and hope for tomorrow. We’ve done so for 53 years, in all kinds of weather, through all sorts of adversity.

With your support, we’ll keep on going.

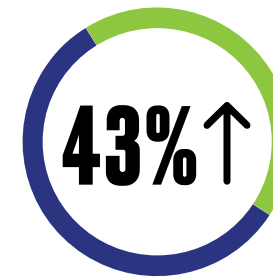

A RISING NEED FOR FOOD

Amid flurry of challenges, Nourishing Hope meets the moment

As one of Chicago's largest and longest operating hunger relief organizations, we provide nourishment to tens of thousands of people every year.

In the past two years, Nourishing Hope has witnessed a stark increase in need. The Russian invasion of Ukraine triggered supply chain volatility, and spurred historically high food and gas prices. The perfect storm of soaring food prices and diminished federal assistance resulted in tens of thousands of our Chicago neighbors experiencing food insecurity.

Nourishing Hope's food programs — which include two food pantries, an online market and a home delivery program — provided more than 82,000 services in fiscal year 2023.

Food services were up 43% in fiscal year 2023 from the year prior.

We served more people in fiscal year 2023 than we did at the height of the pandemic. **The need continues to grow.**

FROM LAKEVIEW PANTRY TO NOURISHING HOPE

New brand marks new chapter in 53-year history

On a beautiful morning on May 20, 2022, it became official: Lakeview Pantry rebranded as Nourishing Hope to serve more people in need throughout the city.

The rebrand — which happened on the same day as the grand opening of our new headquarters, a 21,600 square-foot office and warehouse facility, located at 1716 W. Hubbard St. — was a long time coming. What began as a small grassroots food pantry on the North Side had evolved into a dynamic social services organization serving the entire city.

Beyond food, Nourishing Hope provides social services and mental health counseling to help people achieve their life goals.

With a new name and brand identity, Nourishing Hope has continued to grow community partnerships throughout Chicago, and to continue to build our base of donors, volunteers and partners.

“Nourishing Hope is what we do and, in many ways, what we’ve always done,” said Casey Herman, board member and former board president. *“By providing families with food, mental health counseling and other supportive services, we’re nourishing hope for a brighter collective future.”*

A SOURCE OF HOPE ON CHICAGO'S WEST SIDE

El Mercadito grows to serve rising need among immigrant families

At El Mercadito, Nourishing Hope's food pantry in Humboldt Park, service levels more than doubled from fiscal year 2022 to fiscal year 2023. The stark increase was a result of both the rising need in the mostly Latino immigrant community, and also increased awareness of the food pantry as a resource.

Formerly known as the Fresh Market, the food pantry partnership with La Casa Norte was renamed to better reflect and appeal to the people it serves. **In their bright orange El Mercadito shirts, staff and volunteers provide joyful service and nourishment three days a week.**

Those visiting El Mercadito can also access Nourishing Hope's mental health counseling and case management services.

"I have to visit El Mercadito because we don't have much. I want to say this: Thank you for the food. Thank you."

— Librada, a 60-year-old grandmother who's unable to work because of a disability.

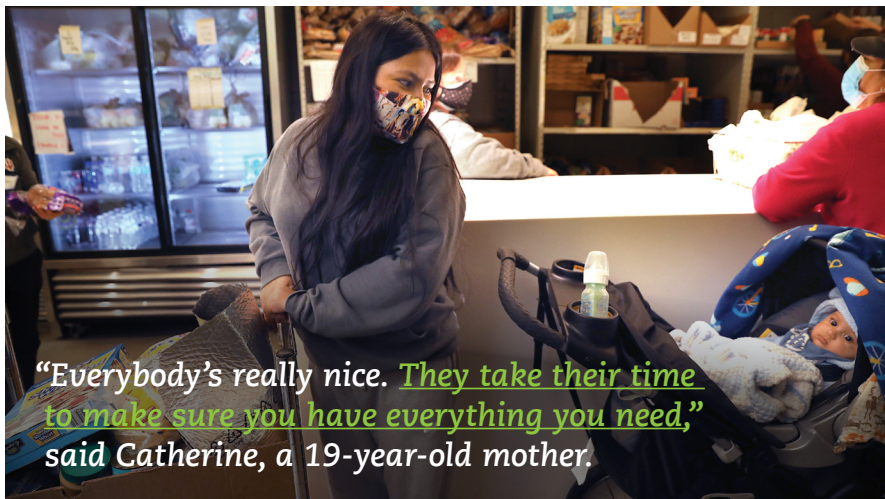

SHERIDAN MARKET: WHERE ALL ARE WELCOME

Flagship food pantry continues serving people with dignity

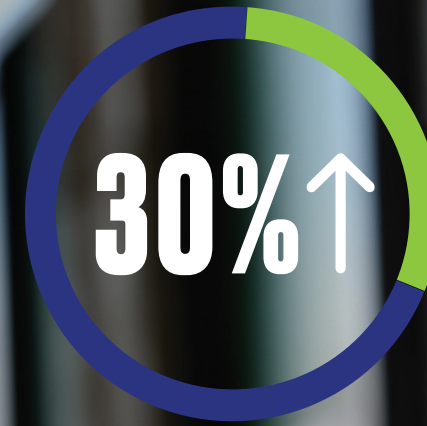

Just a few blocks north of Wrigley Field, Nourishing Hope's Sheridan Market is almost always bustling with activity.

Those who visit can expect to receive the warm exchanges with volunteers, fresh produce, meat, dairy, flowers — and yes, hope. Mental health counselors and social service workers also meet with neighbors who have needs beyond food.

Like Nourishing Hope's other food programs, Sheridan Market saw a dramatic increase in service levels from fiscal year 2022 to fiscal year 2023, reflecting the spike in food prices and decrease in federal aid.

"Everybody's really nice. They take their time to make sure you have everything you need," said Catherine, a 19-year-old mother.

Visits to Sheridan Market rose more than 30%.

"This is the big help to me right here," said Jim, a plumber who's been unable to work because of asbestos-related illness. "They've been so nice and friendly and helpful."

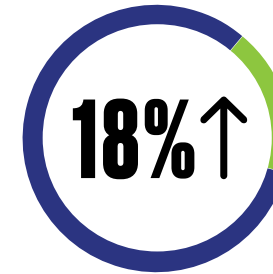

GROWING PARTNERSHIPS THROUGHOUT CHICAGO

Reducing barriers to expand food access

Online Market

At the core of Nourishing Hope's food programs is the sincere intent to meet people where they're at. Through Nourishing Hope's innovative online market program, **thousands of people each year are able to order food online for pickup**, either at a Nourishing Hope site or one of our partner sites. Whether it's a shelter for single-parent families in Englewood or a workforce development

center in North Lawndale, our online market partners help us reach more people in need of food.

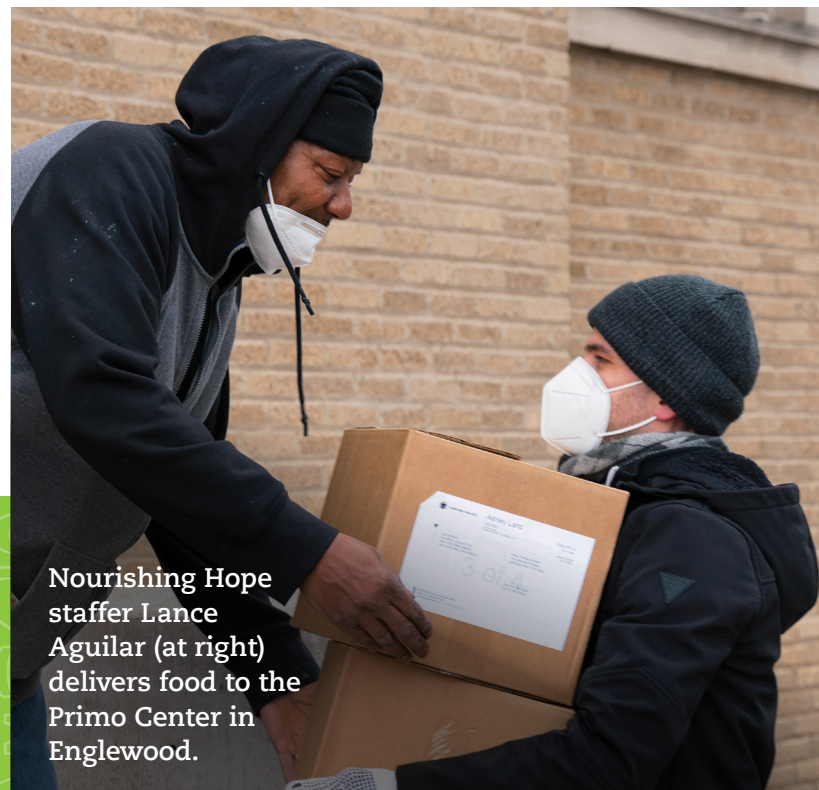

In fiscal year 2023, our online market provided more than 7,000 food services, an 18% increase from the year prior.

Home Delivery

Similarly, Nourishing Hope is expanding its longtime home delivery model, which serves primarily older adults and people with disabilities, to reach people on the city's South and West Sides.

Volunteers Jamilah Bowden and daughter Joya prepare for a home delivery shift.

Nourishing Hope staffer Lance Aguilar (at right) delivers food to the Primo Center in Englewood.

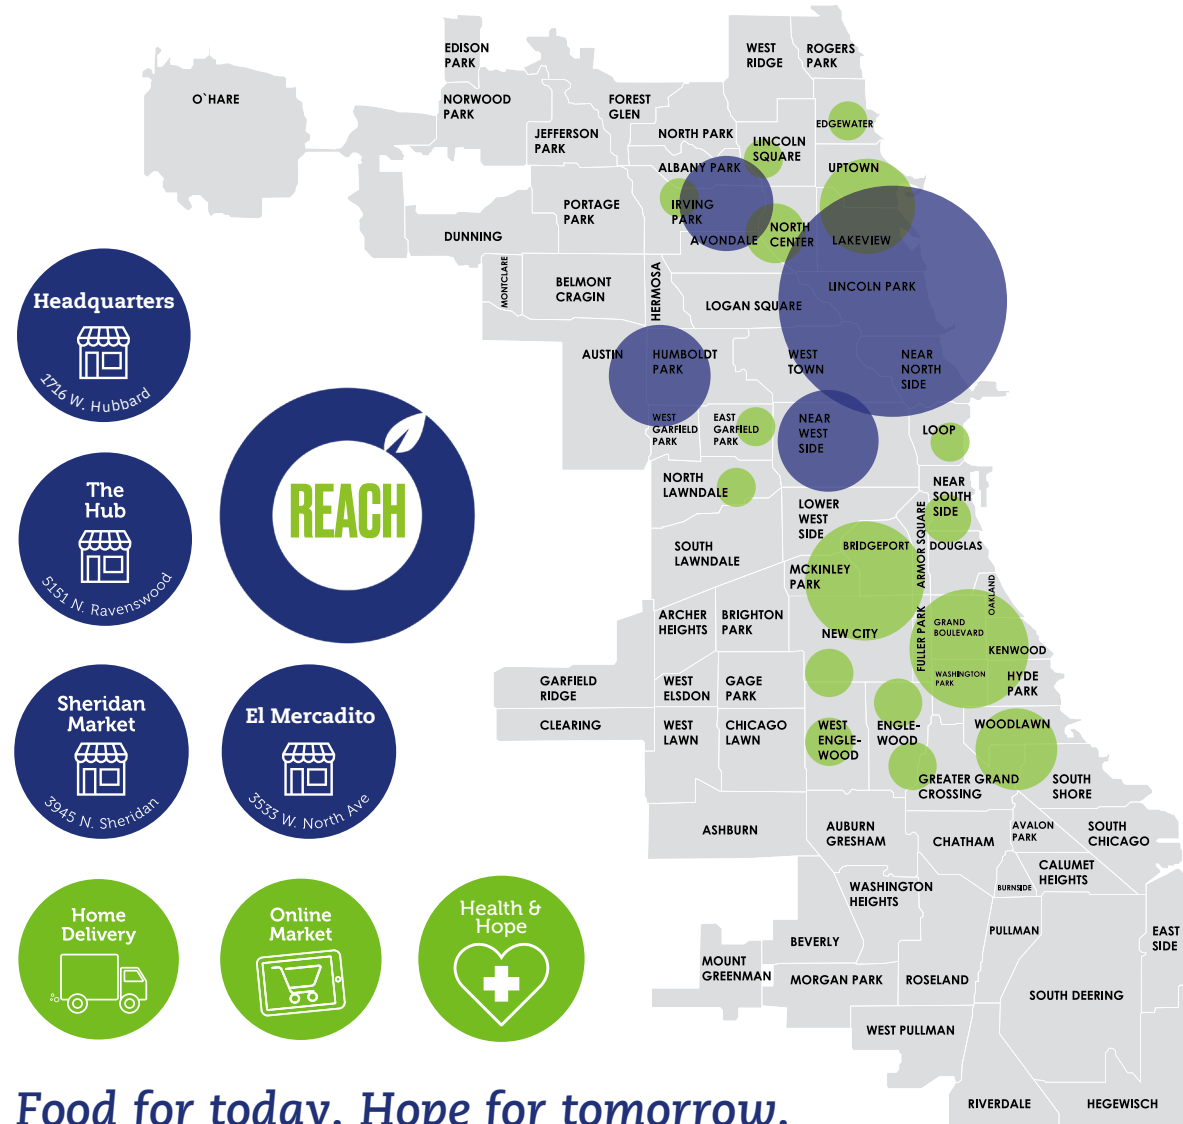

Kirby Reed, a renowned dance teacher, receives food via home delivery because of longtime disabilities after a health crisis.

In fiscal year 2022, Nourishing Hope hired its first ever program expansion manager to grow both our online market and home delivery partnerships.

In fiscal year 2023, Nourishing Hope provided more than 9,200 food services through home delivery, up 19% from the year prior.

We also partner with local hospitals and healthcare organizations through our Health & Hope program, which provides groceries for patients who are screened for food insecurity.

Food for today. Hope for tomorrow.

BUILDING STRONGER BRIDGES TO TOMORROW

Social services address underlying issues

The challenges that many of us face extend well beyond food.

In fiscal year 2023 we also provided **5,899 case management services and mental health therapy sessions** — an increase of about 13% from fiscal year 2022.

Our social service team provides in-house assistance and resources for housing, employment, public benefits, transportation, and financial support. We provide referrals for children and families, domestic violence support and medical support.

Providing this additional support can help people find more stability in their lives so they can pursue their dreams.

“Having a home is essential for everything, for everyone. I have a sense of my own place in the world after losing it.”

— William, a 63-year-old HIV and cancer survivor who was unstably housed before receiving housing assistance through Nourishing Hope.

BREAKING THE CYCLES OF TRAUMA

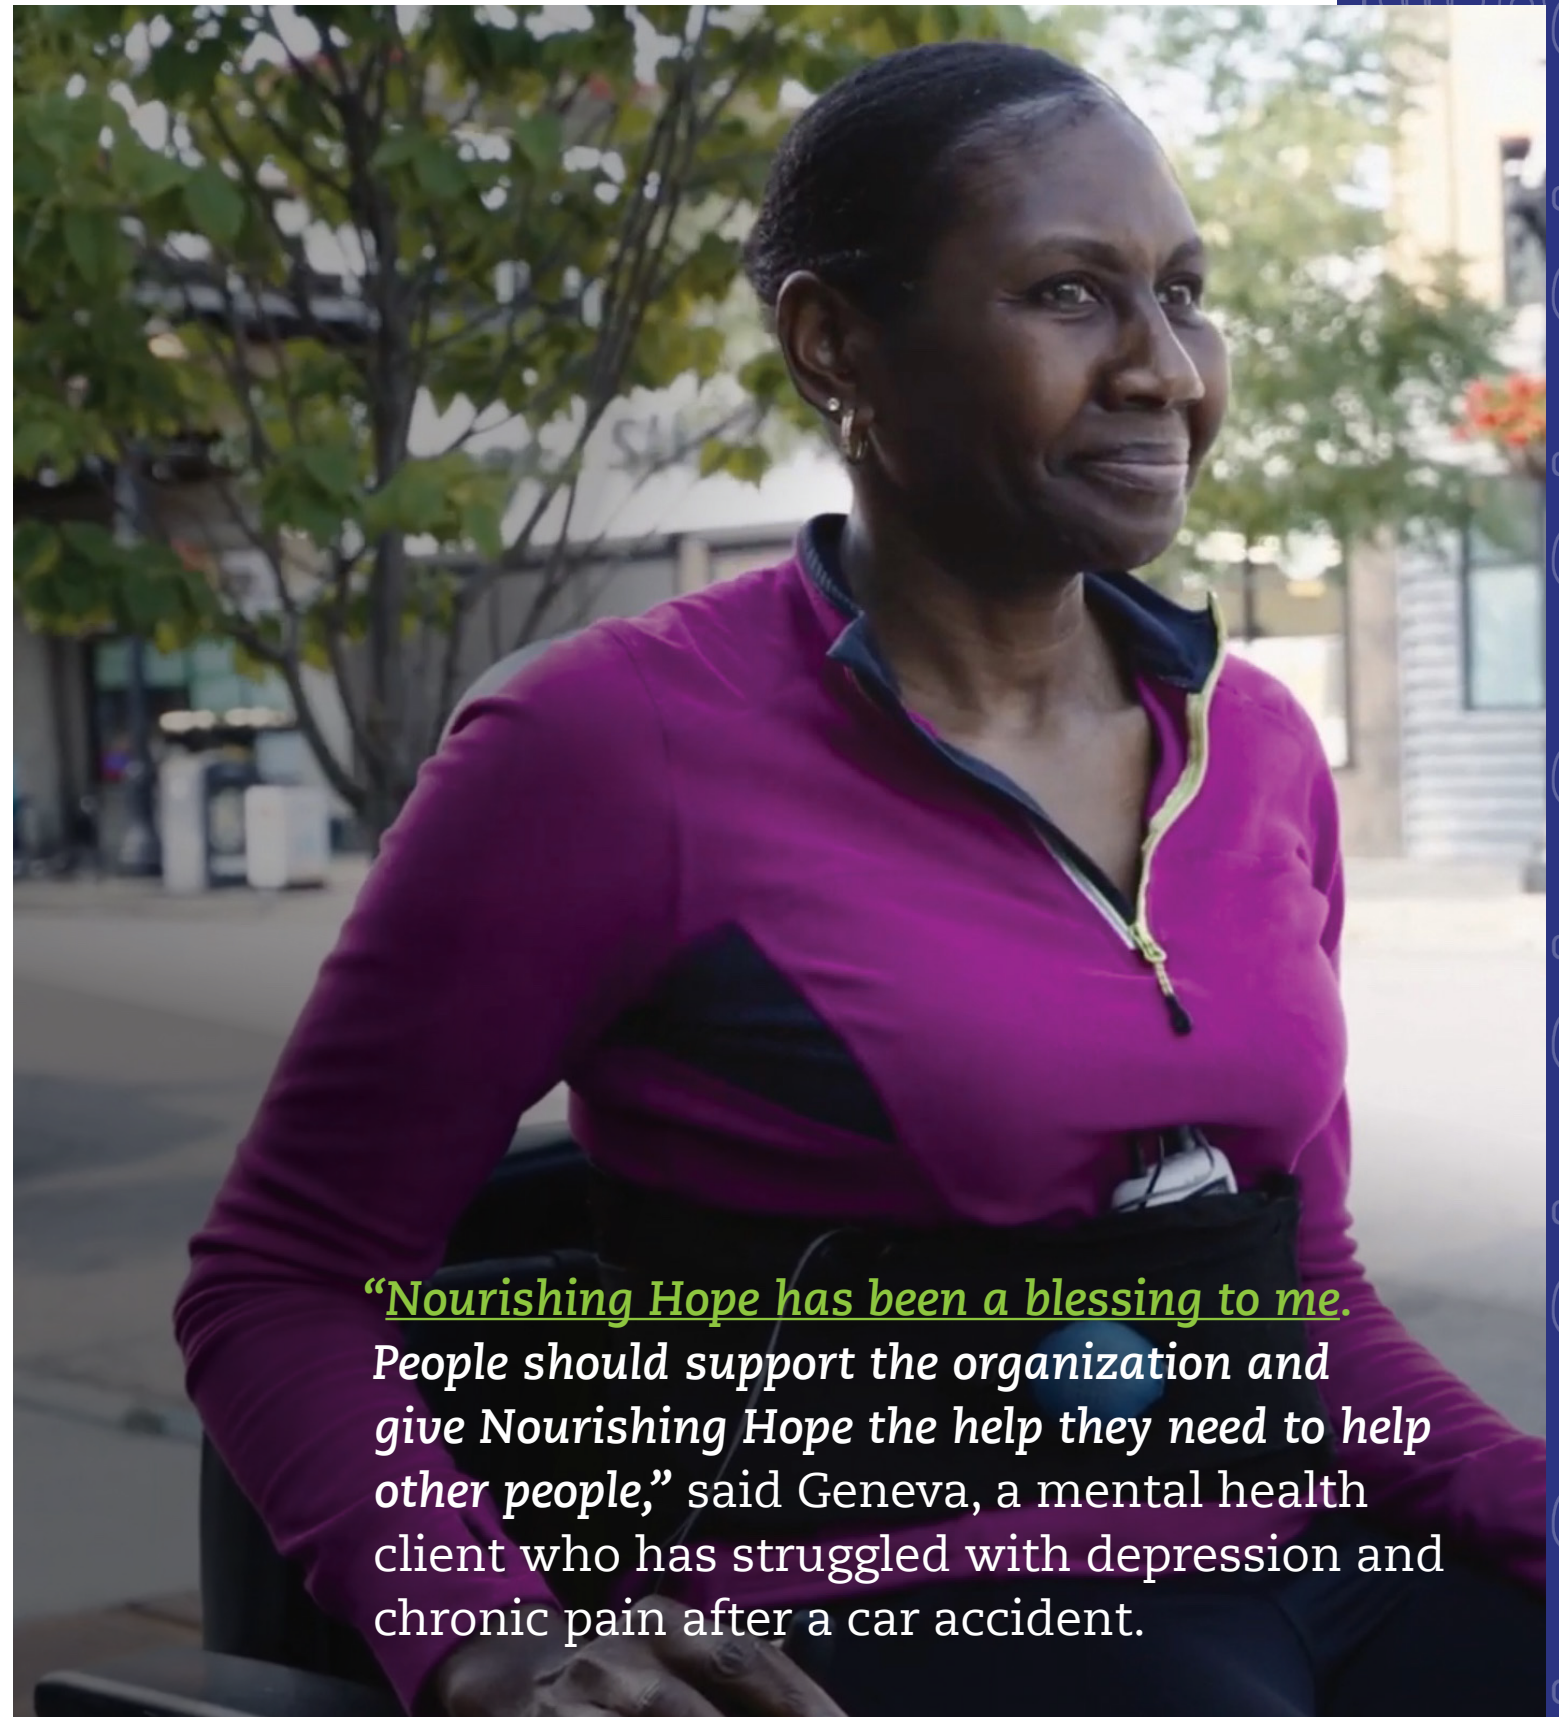

A growing mental health counseling team provides free therapy

We're proud to provide free trauma-informed mental health counseling. In fiscal years 2022 and 2023, we grew our mental health team to six full-time therapists, three clinical interns, and two administrators who are also licensed therapists who see clients.

This work is often life-changing and sometimes life-saving. It helps break the cycles of generational trauma often experienced by people who are also food insecure. In fiscal years 2022 and 2023, we also launched new mental health groups specifically for our LGBTQ+ neighbors.

5,899

In fiscal year 2023 we provided 5,899 social services and therapy sessions.

“Nourishing Hope has been a blessing to me. People should support the organization and give Nourishing Hope the help they need to help other people,” said Geneva, a mental health client who has struggled with depression and chronic pain after a car accident.

MORE THAN 4 MILLION MEALS A YEAR

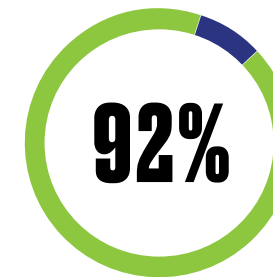

Sourcing more food for a growing need

Nourishing Hope provides the equivalent of more than 4 million meals a year.

Almost every day, fresh produce is gleaned and packed for distribution at our two warehouse sites. And then the food is distributed to people in need through our food programs — our two food pantries, our online market, our home delivery service, or our Health & Hope partnership with area hospitals.

When people receive food from Nourishing Hope, they receive a robust assortment of fresh fruits and vegetables, dairy, meat, and other grocery items.

This work is only possible with the support of our amazing food partners. In fiscal year 2023, **Nourishing Hope sourced more than 4.8 million pounds of food for distribution** — a 15% increase from prior fiscal year.

And 92% of that food was donated from our food partners.

VOLUNTEERING TO SERVE OTHERS

Nourishing Hope's volunteers fuel mission of hope

On any given day, Nourishing Hope volunteers sort and pack food, help neighbors select their groceries, restock and ensure distributions go smoothly — and even drive to deliver the food directly to people who aren't able to access our food pantries.

Simply put, **volunteers are the very lifeblood of Nourishing Hope's mission and impact.** We couldn't do this work without them. On average, more than 5,000 volunteers a year donate their time to support our mission. They are a mix of individuals, and school and corporate groups.

6,400

In fiscal year 2023, more than 6,400 volunteers provided nearly 81,000 hours of service.

That's roughly the equivalent of an additional 39 full-time employees.

We are so grateful for our volunteers.

BUILDING COMMUNITY WITH OUR PARTNERS

As the need has continued to rise, Nourishing Hope has **worked hard to establish new partnerships with corporate and institutional partners.** We've also worked harder to cultivate and maintain relationships with individual donors who are invested in our mission.

These partnerships can have a transformative impact on our ability to meet the moment.

In fiscal year 2022, The GrubHub Community Fund committed to providing \$438,000 over a two-year period. It was the largest general

operating gift in Nourishing Hope's 52-year history. Those funds went directly toward serving families affected by the dramatic rise in food prices and decreased federal aid.

In fiscal year 2023, our **Nourishing Hope Gala at Rockwell on the River set a fundraising record of more than \$780,000.** These vital funds were raised just as our own expenses began rising due to inflation. Spoiler alert: We surpassed that total in our most recent Nourishing Hope Gala. More details to come in our fiscal year 2024 annual report!

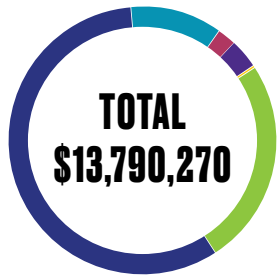

We also launched the quiet phase of our ongoing *Feed the Future* growth campaign to scale up our organization's capacity to serve more people in need.

As an organization, Nourishing Hope relies on the generosity of donors and corporate and institutional partners to sustain our work and impact.

FINANCIALS FY22
