

LAKE 254108 – Relocate Water Intake Barge

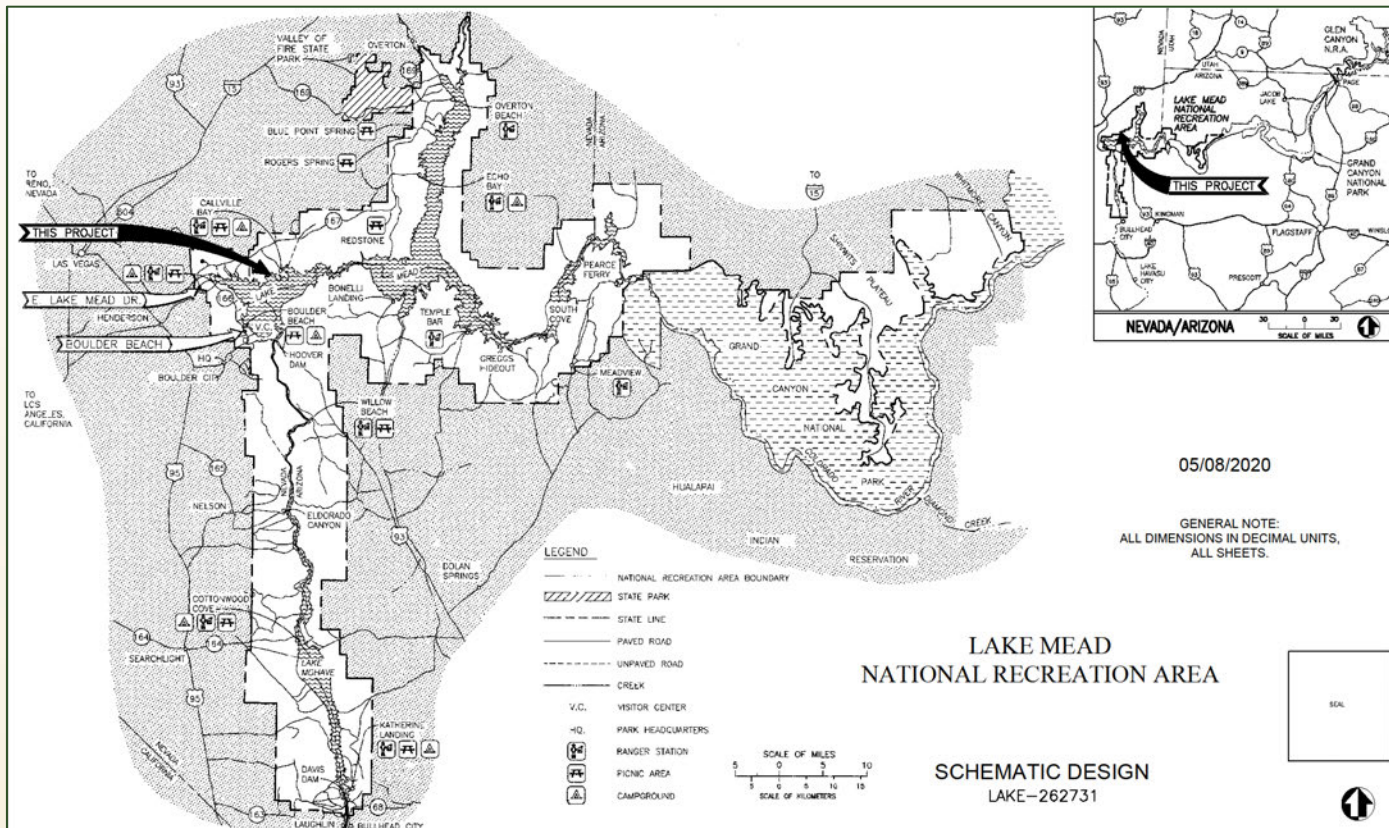

Lake Mead – Callville Bay Area

■ Brief Description

The scope of work consists of new water intake barge, breakwater, electrical and waterline.

■ Location: Lake Mead National Recreation Area, Nevada

- Estimated Price: Between \$1,000,000 and \$5,000,000

- Design & Construction Method: Design / Build

- Procurement Method: TBD
Sources Sought Notice Deadline: 5/17/2021

- North American Industry Classification System (NAICS):
237990 – Other Heavy and Civil Engineering Construction

- Schedule:
 - Construction Solicitation Date: September 2021
 - Construction Award Date: November 2021
 - Period of Performance: June 2022

■ Performance Constraints & Other Considerations

- On-Water & In-Water Work: Placement of new barge and breakwater with deep-water anchors
- Scheduling: Falling lake water levels will require moving of existing barge to deeper water within short period after award of contract.
- Utilities : New electrical service will require working with NV Energy
