Dear Ms Jordan

Please find attached a map showing the missing section of canal which you have indicated now needs to be treated as an alternative site.

The route shown is the existing culverted section, it therefore may not be totally accurate and it may prove necessary to re-align the route slightly in order to achieve restoration in any case. Therefore it should be viewed as indicative, but fit for purpose at this stage.

I spoke to one of your colleagues yesterday on behalf of the IWA who were also asked to provide a map. He confirmed that it is not necessary to provide a S.A at this stage.

regards
