## DESCRIPTION OF FEDERAL AND STATE STATUS CODES

### FEDERAL STATUS CODES

|        |  |
|--------|--|
| C      | - Candidate for listing  |
| E(S/A) | - Endangered due to its similarity of appearance to a federally listed species |
| LE     | - Listed endangered  |
| LT     | - Listed threatened  |
| PE     | - Proposed endangered  |
| PT     | - Proposed threatened  |
| (PS)   | - Partial status; federal status in part of the range of the species           |
| PDL    | - Proposed for delisting   |
| PXE    | - Proposed essential experimental population                                   |
| PXN    | - Proposed nonessential experimental population                                |
| T(S/A) | - Threatened due to its similarity of appearance to a federally listed species |
| XE     | - Essential experimental population  |
| XN     | - Nonessential experimental population   |

### STATE STATUS CODES

|      |  |
|------|--|
| CAND | - Candidate to be listed by the state  |
| COMM | - Listed commercially exploited  |
| C-PE | - State candidate, proposed state endangered   |
| C-PT | - State candidate, proposed state threatened   |
| E-CE | - Listed endangered, commercially exploited  |
| END  | - Listed endangered  |
| E-P  | - Listed endangered, possibly extirpated   |
| E-PT | - Listed endangered, proposed threatened   |
| E-SC | - Listed endangered, where propagated material can be traded or sold under specific regulation |
| EXTI | - Listed extirpated or extinct   |
| HIST | - Historically known from the area, may be extirpated or extinct                               |
| NMGT | - Listed in need of management   |
| NOST | - Listed by the state, but no status has been assigned   |
| PE   | - Proposed state endangered  |
| POTL | - Potential candidate for state listing  |
| PT   | - Proposed threatened  |
| RARE | - Listed rare  |
| SPCO | - Listed special concern   |
| S-P  | - Special concern, possibly extirpated   |
| S-CE | - Special concern, commercially exploited  |
| SRPE | - Significantly rare, proposed state endangered  |
| STUN | - Listed status undetermined, status uncertain or poorly known                                 |
| T-CE | - Listed threatened, commercially exploited  |
| THR  | - Listed threatened  |
| T-P  | - Listed threatened, possibly extirpated   |
| T-PE | - Listed threatened, proposed endangered   |
| T-SC | - Listed threatened, where propagated material can be traded or sold under specific regulation |
| UNUS | - Listed unusual   |
| WATC | - Listed on the state's watch list   |
