NRC Telephone System Guide

GENERAL INFORMATION

NRC Telephone Numbers

Most NRC Headquarters offices are located in Rockville, Maryland and have area code 301 telephone numbers. The NRC Public Document Room located in Washington, D.C. has area code 202 numbers.

Out-of-area-code callers must dial the ten-digit phone numbers listed in this directory to reach NRC offices.

Emergency Telephone Number

The **Emergency Operations Center** number is 301-816-5100. Collect calls to this number will be accepted if the caller is reporting a nuclear emergency.

NRC Switchboards

The NRC Headquarters switchboard located in the Telecommunications Message Center (TMC) at T-4 C8 operates 24 hours a day, every day of the year, and provides locator, audio conferencing, Telex, facsimile, and Telecommunications Device for the Deaf (TDD) services by qualified operators.

The following are the numbers for contacting the NRC Headquarters switchboard:

Switchboard	301-415-7000
From Headquarters	
White Flint Complex	0 or 415-7000
For toll-free calls	1-800-368-5642

Each regional office has its own switchboard that operates during the normal business hours only. During nonbusiness hours (evenings, weekends, and Federal holidays), callers are given the Headquarters **Emergency Operations Center** telephone number by means of a tape-recorded announcement, or callers may leave a recorded message. Regional switchboard numbers can be found in the Organizational Listing of this telephone book. (see "Organizational Listing—The Regions.")

Telex/Cablegram/Mailgram/Facsimile Service

Unclassified messages, such as Telex, cablegrams, and Mailgrams, can be sent or received by the NRC Headquarters TMC located in TWFN, T-4 C8. NRC employees can forward outgoing unclassified messages to Mail Stop T-4 C8 or fax them to 301-415-7010 or 301-415-7020.

The Headquarters operator will contact the recipient of a Telex or facsimile message and hold the message for pickup, forward the message via interoffice mail, or transmit the message to the recipient's facsimile machine.

To expedite the receipt of overseas messages, the following Telex numbers are available for messages coming in to NRC.

- Telex number: 90814^ NRC-BHD WSH
- Telex number: 561687 NRC UT
- TWX number: 710-824-0412 NRC-BHD WSH (International)
- Voice Verify: 301-415-7024 (24 Hours)

Facsimile and secure facsimile services and equipment are available throughout Headquarters and the regions. Locations and telephone numbers are listed in the Facsimile Listing section of this telephone book. (See "Facsimile Listing—Headquarters, Regions and Other Sites, and Plant Sites")

Telephone Device for the Hearing Impaired

The NRC Headquarters TMC is equipped with a Telecommunications Device for the Deaf (TDD) to answer calls from hearing-impaired individuals on 301-415-5575. TMC is staffed 24 hours per day, seven days per week. Hearing-impaired callers who have access to TDD equipment may make regular and emergency calls to this number. Emergency calls will be received and relayed to the **Emergency Operations Center**.

Telephone Conference Service

Conference service (also known as a Conference Bridge) is available to allow up to 64 conferees to participate in interoffice, local, FTS2000, long-distance, and international calls. Conference calls should be reserved in advance to allow the NRC Conference Attendant sufficient time to schedule the conference. A minimum of 24 hours of advance notice is preferred. All participants in a conference call will be given an assigned passcode, time of the conference, and the telephone number to call.

NRC Telephone System Guide (continued)

Conferences may be scheduled by calling the Headquarters Conference Attendant on 301-415-7026. Permanent conference assignments can be scheduled by sending a memorandum to:

U.S. Nuclear Regulatory Commission
Telecommunications Message Center
Project Officer
Mail Stop T-4 C8
Washington, DC 20555-0001

Conferences that exceed 64 conferees will be scheduled through the FTS2000 Audio Conference System.

Official Long Distance Calls

Federal Agencies are mandated to use the FTS2000 network for official (domestic) long-distance telecommunications services. Other commercial long-distance services may be used during emergency situations. FTS2000 is a usage-sensitive service. The service is not provided on an unlimited use basis; the Government is charged for every minute of a long-distance call.

Calls Outside the Continental United States

Calls to Alaska, Hawaii, Puerto Rico, and the Virgin Islands may be made via the FTS2000 system.

Calls from Headquarters to other points outside the Continental U.S. may be made by calling the Headquarters switchboard. Employees who make frequent international calls may use an International calling card issued by the agency.

One may request an NRC International calling card by submitting an NRC Form 238 to the Computer and Communications Service Section, Mail Stop T-6 E48.

Personal Long-Distance Calls

NRC Directive 2.3 Part II, "Telecommunications," lists conditions for the personal use of Government phones.

Calls placed over commercial services may be charged to a personal calling card or home number. Employees who need to make personal long-distance calls can make the call from their desks by calling the toll-free access number for their personal calling card or home long-distance service provider.

Collect Calls

Collect calls and charges to NRC Headquarters telephone numbers are prohibited except under emergency circumstances or with the prior authorization from the Chief of the Technology Infrastructure Branch. Requests for such authorization should be submitted with full justification by memorandum.

The NRC Headquarters Operator will not accept collect calls. Persons calling the NRC to make emergency reports may call the **Emergency Operations Center** at 301-816-5100, which will accept collect calls.

Official Calls on Travel

NRC employees on official travel may use an FTS2000 calling card or one of the Agency's general-purpose toll-free (800) numbers to make long-distance calls. Callers will be required to identify themselves as members of the NRC staff if they use toll-free service and request that the call be transferred to a non-NRC number. NRC employees may also use commercial long-distance services while on travel, pay for the call, and include the cost on the travel voucher with appropriate supporting documentation.

Report errors in this directory by sending an electronic mail message to User ID TIBC.

Additionally, report moves, additions, deletions, and telephone number changes as soon as possible. Use NRC Employee Locator Form 15 (See sample form inside back cover).

Official Headquarters Mail

The official mailing address for the U.S. Nuclear Regulatory Commission required on all incoming communications is:

U.S. Nuclear Regulatory Commission
ATTN: (Recipient's Name and Organization)
Mail Stop (Recipient's Mail Stop)
Washington, DC 20555-0001

This mailing address is applicable to all NRC organizational locations at NRC Headquarters.

This is the only acceptable mailing address and is required on all mail sent via the U.S. Postal Service. Do not use any other NRC Headquarters address for Headquarters mail. Include the specific mail stop and organizational identifier on the face of all communications to NRC; these are available in this directory or from the Headquarters Operator on (301) 415-7000.

All incoming communications that are hand-carried to any NRC Headquarters building by a private delivery carrier should be addressed to the building location and must include the specific mail stop and unique organizational identifier where applicable.

For example, incoming mail or packages to be delivered to the White Flint locations should be addressed:

U.S. Nuclear Regulatory Commission
ATTN: (Recipient's Name and Organization)
Mail Stop (Recipient's Mail Stop)

One White Flint North
11555 Rockville Pike
Rockville, MD 20852-2738

or

Two White Flint North

Secure Telecommunications Listing

Secure Telephones

Secure Telephone Units (STU-III) are used to conduct classified or sensitive unclassified conversations between NRC Headquarters, regional offices, and other government agencies. Below is a listing of locations and holders of STU-III phones at NRC. NRC also has portable and cellular STU-III available. For further information regarding STU-III, contact the Information Security Branch on 301-415-2264.

Secure Teletype and Facsimiles

NRC's Secure Communications Center is on-line with the Department of Defense's Automatic Digital Network (AUTODIN) system to receive and transmit classified or sensitive unclassified teletype messages worldwide. The Communications Center also has three secure facsimile machines available to receive and transmit classified information, as well as Washington Area Secure High-Speed Fax (WASHFAX) capability. For more information or assistance, contact the Information Security Branch on 301-415-2264.

Telephone Directory Changes

The alphabetic section of this directory is based on information provided to the Technology Infrastructure Branch by NRC employees. NRC Form 15 – Employee Locator Notification is used to report this information. NRC employees are responsible for submitting a Form 15 when they enter on duty and for reporting information changes as they occur. Employees may report name, organization, building and room number, mail stop, and office telephone number changes using a Form 15 or by sending an electronic mail message to TIB/CCSS (User TIBC). All other changes must be reported using a Form 15. A copy of the current NRC Form 15 is shown below. **This is a sample copy only; please do not tear out this page.**

COMMENTS					

NRC FORM 15 (8-94)

Note the new section on the righthand side: **Type of Notification**. Check one or more of the appropriate boxes. Information should be entered exactly as it is to appear in the NRC Telephone Directory (including nicknames, hyphenated names, initials, and titles).

When reporting information changes, the employee name should be entered exactly as it appears in the directory; for name changes, both the old and new names should be included. Forms should be typewritten or firmly handwritten so that all four copies are legible. Each copy must be sent to the location printed on its lower right corner.
