About National University

A private nonprofit university serving the whole student

Founded in 1971 by U.S. Navy Capt. Dr. David Chigos, National University's mission is to provide an accessible, world-class student experience that ensures student success through meaningful learning. NU is comprised of seven schools and colleges serving more than 40,000 students across the United States and abroad with a growing global network of more than 230,000 alumni. Celebrating 52 years of educational excellence, we are proud to share that 25% of our students are affiliated with the U.S. military, we are the largest conferrer of graduate degrees to minority students in the U.S., and we are the second largest conferrer of doctoral degrees to diverse students. As one of the largest Hispanic-Serving Institutions in the United States, two-thirds of NU's graduates are racially diverse, and approximately 40% of our learners are first-generation college students, and 30% of our bachelor's degree completers are Latino.

National University fosters healthy learning experiences by supporting the whole student during each learner's educational journey and beyond. We focus on the road

ahead through pioneering efforts in learning-centered innovation, providing next-generation education, and offering more than 100 online and on-campus programs with flexible 4- and 8-week classes available. Further, we are dedicated to creating positive economic outcomes and social mobility through value-rich learning experiences that meet the unique needs of our diverse population of working adults, parents, members of the military, teachers, and healthcare professionals seeking pathways to possibility to improve their lives and the lives of those around them. As we move forward, we remain steadfast in our mission to provide current and future generations of diverse students the best opportunities for quality education to achieve their goals in life.

In 2022, the merger of National University with Northcentral University was completed, bringing together the talent and expertise of the two organizations to offer a comprehensive suite of academic programs from pre-college to doctoral level, along with a focus on microcredentials and workforce programs. This new structure will enable National University—

along with its affiliates, including City University of Seattle, Workforce Education Solutions, Harmony SEL, Inspire Teaching & Learning, and the Fundraising Academy Cause Selling Education—to further develop new approaches such as credential-rich education and next-generation education, as well as focus on supporting the whole student through their entire education journey.

As we look to the future, National University will continue to be a catalyst for educational innovation, inclusion, and transformation. We will work to build, strengthen, and advance partnerships; expand career-relevant certificates and degrees to prepare our students for the jobs of today and of the future; implement new technologies into our learning spaces to enhance lifelong learning; improve the lives of diverse populations of students through pathways to opportunity; and shape the future of education and the communities we serve for generations to come.

Mark D. Milliron, PhD

President and CEO, National University

  @markmilliron

Dr. Mark D. Milliron was named the sixth president of National University in October 2022. He is committed to advancing the institution's 52-year history of serving a diverse population of students through access and success innovation and shaping the future of education through next-generation learning, credential-rich pathways, and Whole Human Education™.

Dr. Milliron is an internationally recognized innovator and deeply-respected educator with more than three decades of experience catalyzing positive change and educational transformation through his leadership. He is an award-winning author, speaker, and consultant working globally with government agencies, associations, corporations, universities, community colleges, and K-12 schools. He also serves on the boards and advisory councils of a variety of future-thinking education organizations.

Prior to coming to National University, Dr. Milliron served as the senior vice president at Western Governors University and executive dean of its School of Education—the largest college of education in the United States. He also serves as the board chair of the Trellis Foundation and vice chair of the Board of

Trustees for Bennett College. He holds an appointment as a professor of practice in the College of Education at the University of Texas at Austin.

In previous roles, Dr. Milliron co-founded the student-success advanced-analytics innovator Civitas Learning, served as deputy director for postsecondary improvement with the Bill & Melinda Gates Foundation, and led as president and CEO of the League for Innovation in the Community College. He has been recognized as a Distinguished Graduate by the University of Texas at Austin, inducted into the United States Distance Learning Association (USDLA) Hall of Fame, and been featured in the Chronicle of Higher Education as one of the "Top Technology Innovators" in higher education.

"As you walk across the commencement stage, your work is not over," Dr. Milliron, a first-generation college student, frequently says to new graduates. "Each one, reach one. It is now your job to open doors, remove barriers, and help those willing to put in the work to get on their path to learning that powers their professional and personal lives."

Jacob Fraire

President, ECMC Foundation

With more than 35 years of professional experience in higher education, philanthropy and public policy advocacy, Jacob Fraire became president of ECMC Foundation in February 2023. He leads the Foundation's strategic grantmaking and investing to transform the postsecondary ecosystem and improve higher education and career outcomes for students from underserved backgrounds.

Before joining the Foundation, Mr. Fraire served as director of policy and strategy for the Diana Natalicio Institute at the University of Texas at El Paso. Previously, Mr. Fraire was president and CEO of the Texas Association of Community Colleges (TACC), where he represented the presidents and chancellors of the state's 50 public community college districts, which enroll more than 700,000 students.

Under his leadership, TACC secured policymaker support for state policies and funding in favor of community college students, including the creation of the Texas Commission on Community College Finance and legislative approval for the Texas Reskilling and Upskilling through Education program, authorizing short-term credentials for adult learners. Mr. Fraire also provided leadership to advance statewide implementation of guided pathways reforms to improve completion rates, post-graduation success, and other student outcomes. Mr. Fraire co-led a statewide collaboration that resulted in legislative approval of student transfer policy and a corresponding state framework for transfer efficacy. He also led efforts to realize legislation to implement co-requisite instruction to accelerate the completion of developmental education.

Before joining TACC, Mr. Fraire served as vice president of philanthropy at Trellis Company (formerly Texas Guaranteed

Student Loan Corporation). As the chief architect of corporate philanthropy, Mr. Fraire stewarded \$80 million in competitive grants to advance college access, need-based financial aid, student success and research. His leadership led to the creation of today's Trellis Foundation. Mr. Fraire also provided leadership to the company's operational programs supporting college access and persistence, financial education, and default prevention and management services for institutions.

For a decade, Mr. Fraire served in multiple policy advocacy roles in Washington, D.C. He served as director of legislation and policy analysis at the Hispanic Association of Colleges and Universities, as the senior legislative coordinator at a firm representing research-intensive universities, and separately as principal of a firm representing multiple guaranty agencies in the Federal Family Education Loan Program.

Mr. Fraire has served on multiple national and state boards, including Grantmakers for Education, Institute for Higher Education Policy (board chair), Advisory Board for the Community College Research Center, federal Committee on Measures of Student Success, Corporate Advisory Committee of the Council for Opportunity in Education, TACC Business Advisory Council, Texas Transfer Working Group, and Texas Dual Credit Task Force.

The son of migrant farmworkers, Mr. Fraire grew up in El Paso, Texas. He holds a bachelor of science from St. Edward's University and a master of public affairs from the University of Texas at Austin. He and his wife, Virginia, have five adult children.

The National University mace

Centuries ago, monarchs went to battle accompanied by soldiers armed with swords and bishops armed with maces. Both swords and maces served the same purpose: They were brutal weapons designed to protect the monarch in battle. Over time, as the protective role of bishops diminished, the mace became a ceremonial scepter that represented the monarch's authority. While the original maces were heavy clubs constructed to break armor, the ceremonial maces were magnificent pieces assembled from precious metals and jewels that beautifully displayed the monarch's coat of arms. Over time, the mace was adopted by universities to represent the authority of the university to confer academic degrees and honors. As such, a mace represents the unique values and culture of a university.

In celebration of National University's 25th anniversary year (1996), Carol Hinton of the San Diego-based Hinton Group was commissioned to design a mace for the University that would serve the traditional function of representing academic authority and capture the fresh, innovative spirit of a young university serving a unique population of nontraditional learners.

Constructed by Barton Ward of Montbleau & Associates, San Diego, the mace is comprised of wood, granite, and etched glass, with accents of pewter and lapis. The mace was conceived as a scaffold to highlight the University's seal, which portrays National University as a traditional yet innovative institution.

Other significant components include:

- The open framework, representing access to the learning environment that the University provides to all students
- The crown, representing the learner's lifelong quest for knowledge
- The globe, representing the University's diversity and its status as a global institution of higher learning
- The inscription of the Latin motto, *DISCENDO VIVIMUS* — "We live through learning"

When not in use, the mace is displayed at the University's Spectrum Business Park campus.

Academic regalia

The pageantry of commencement exercises dates from the Middle Ages and the traditions of Europe's first universities.

The gown is an adaptation of the medieval priest or friar robe and is distinctive for each degree. The bachelor's gown is yoked with a closed front and long pointed sleeves. The master's gown can be worn open and has long sleeves slit above the elbow to allow the forearm to protrude. The doctoral gown has velvet panels down the front and three velvet bars on each of the full bell-shaped sleeves. The color of the velvet may indicate the academic discipline: purple for law, dark blue for philosophy, light blue for education, white for humanities and arts, gold for science, and orange for engineering.

The hood evolved from a priest's cowl and is worn by master's and doctoral candidates. The lining color or colors are those of the college or university granting the degree.

At National University, the hood is light gray and blue. The monk's skullcap became the mortarboard cap or tam. Black is accepted in the United States, but many foreign universities have distinctive and colorful headdresses.

Tassels vary in use and color. Doctoral tassels are usually gold; master's and bachelor's are black. At National University, master's candidates wear black tassels, and bachelor's tassels match their college's colors. Honor graduates wear silver cords, and military graduates wear a red, white, and blue cord.

Alumni Relations

Dear National University Graduate,

Congratulations on your accomplishment! We are honored to be the first to welcome you to the National University Alumni Association (NUAA). As a member of the alumni association, you are now part of a growing global network of more than 220,000 innovators, decision-makers, educators, and leaders in a broad range of professions and fields.

Alumni networks constitute one of the most valuable benefits of higher education. There is strength in numbers, and membership provides access to an elite coalition of ambitious and well-prepared professionals who bring an advantage that every graduate and credential completer will appreciate. You will receive monthly newsletters and other communications encouraging you to stay connected.

We invite you to enjoy the benefits of the NU Alumni Association, such as:

- Access to our NU Mentoring Network
- Invitations to the NU Speaker Series
- Continued access to journal articles and library databases
- Virtual and in-person events
- Alumni benefits

Our experienced Career Services team can assist you with all of your career-related needs, and our quality employment resources and professional development workshops will help you compete in the workplace to reach your professional career goals faster. Career Service Center benefits and services include:

- Career development workshops and 1:1 mock interviews
- Career fairs and employer-led events through Handshake
- Connections with more than 4,000 employers on Handshake
- Resume and cover letter review

Contact the National University Career Service Center at careerservices@nu.edu or (858) 541-7950 for more information.

We are so proud to have you in the #NUFam and look forward to staying connected as you continue to achieve your education, career, and personal goals. Kappa Delta Pi

KDP is an international honor society for education and is one of the largest and most prestigious education honor societies in the world. Kappa Delta Pi was established to foster excellence in education and promote fellowship among those dedicated to teaching. The founders chose the name to represent knowledge, duty, and power. Alpha Delta Epsilon is the National University Chapter of KDP and initiates members biannually. ADE was installed at National University (formerly NCU) on June 15, 2007, and was the first chapter chartered by KDP at an online university. Members are identified by a teal and purple or teal, purple, and yellow cord.

National Society of Leadership and Success Honor Society

The NSLS is the nation's largest accredited leadership honor society. Students are selected by their college for membership based on either academic standing or leadership potential. Candidacy is a nationally recognized achievement of honorable distinction.

Upsilon Phi Delta

Upsilon Phi Delta is a national academic honor society for students in health care management, leadership, or administration. The name is derived from the Greek words for health, care, and administration (or leadership):

- Υγείας meaning "health"
- Φροντίδα meaning "care"
- Διοίκηση meaning "to administer" or "to lead"

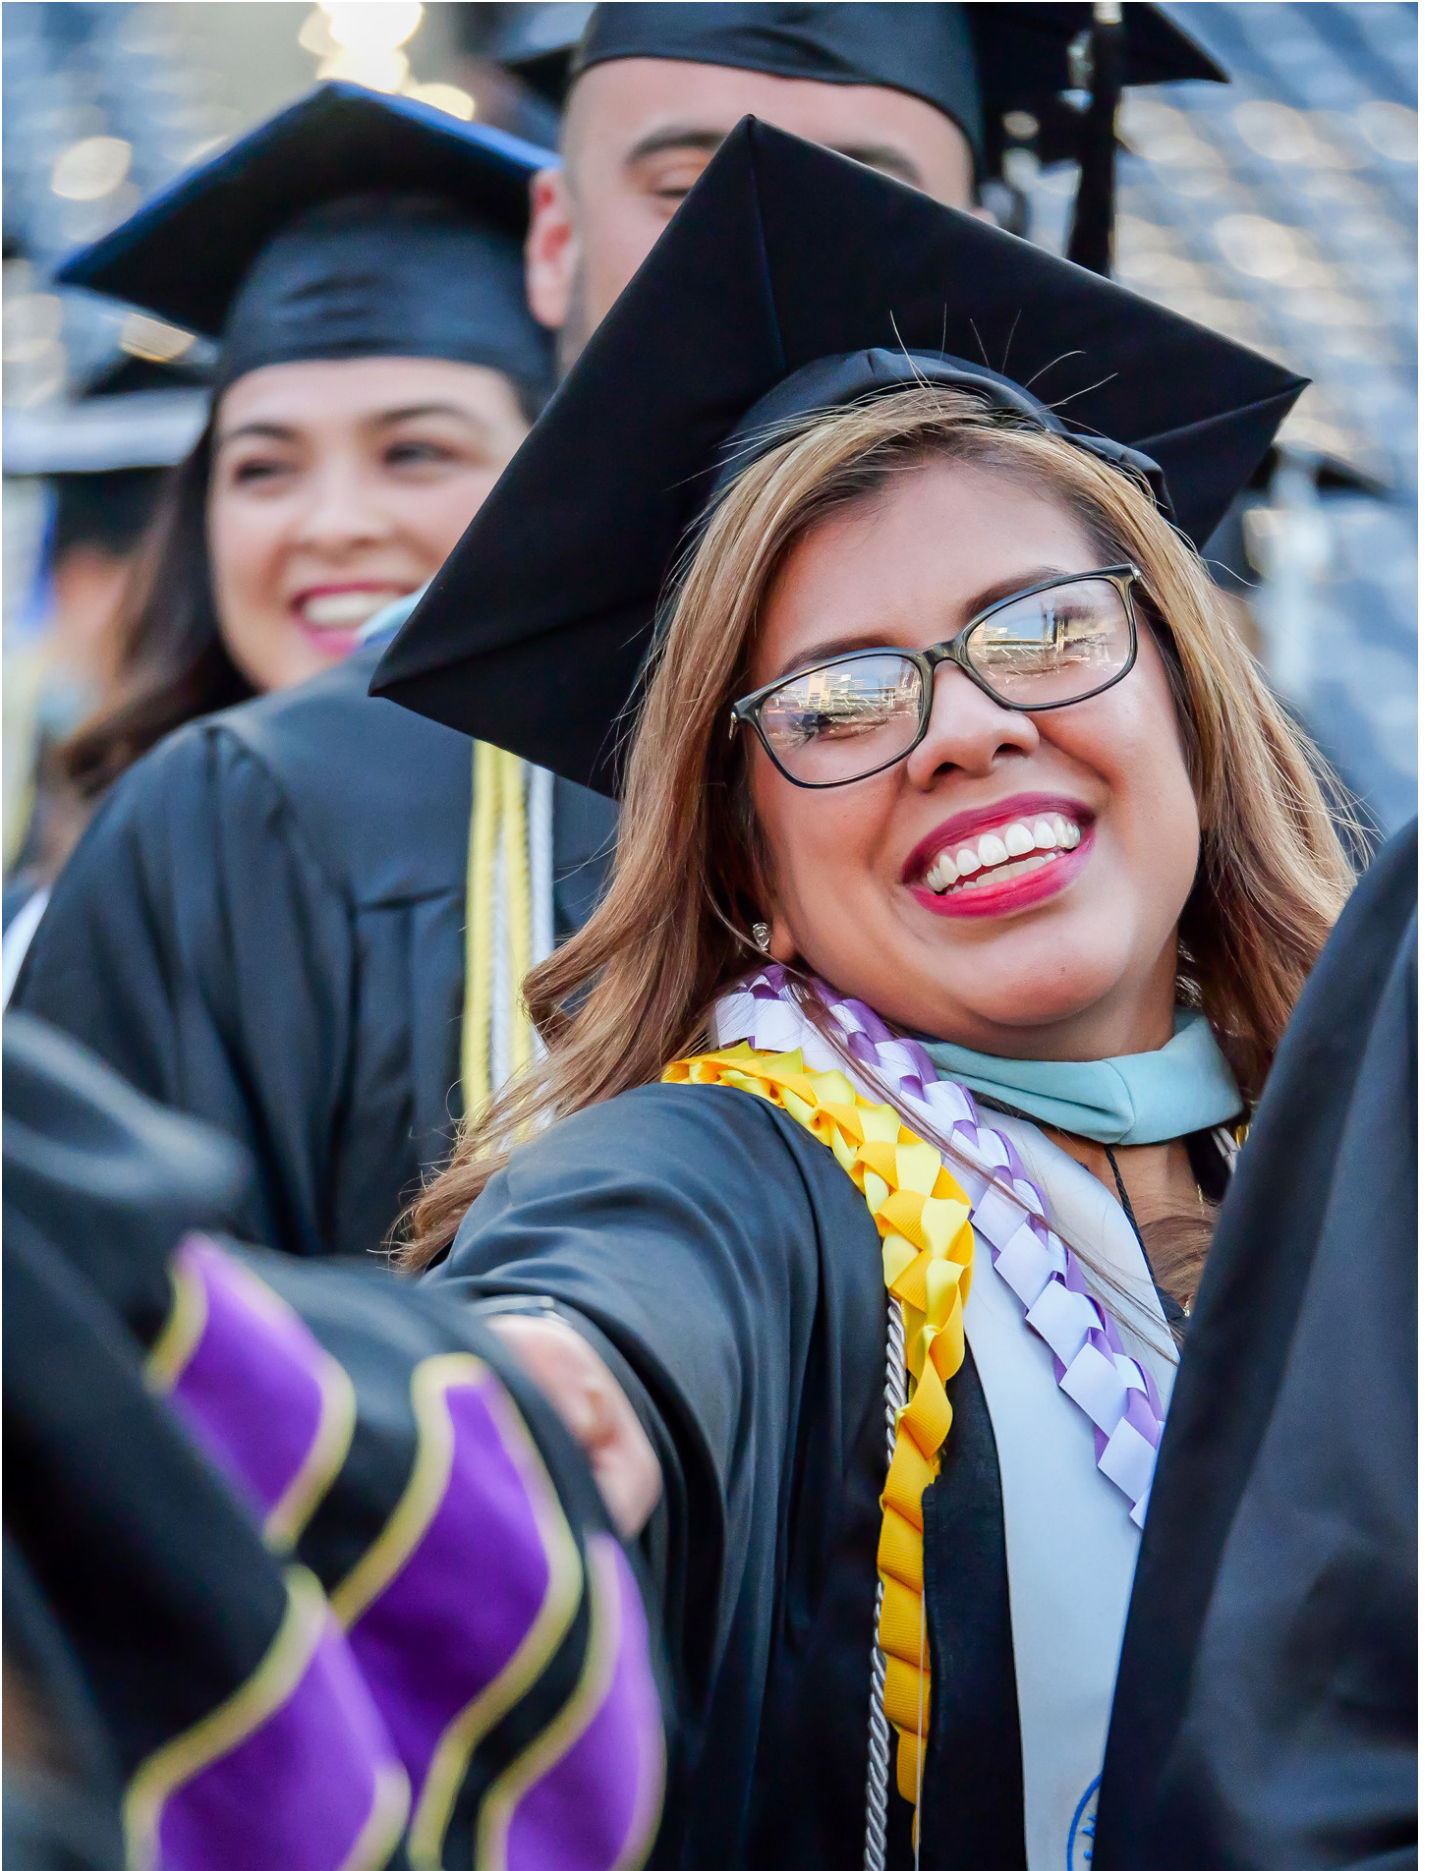

The founders of the society feel that health is the objective of all of its work, that caring is an essential trait of all people in health care, and that leadership is the essential trait of those who would lead and manage our health care systems.

CONGRATULATIONS!

#NUGrad2023

Meet Navi, Our NU Navigator!

Allow me to introduce myself. My name is Navi, and I'm honored to be National University's Navigator – your beacon of strength, vision, wisdom, and determination.

Some may consider me a mere mascot, but I aspire to be far more. I intend to immerse myself in the NU community, helping you navigate obstacles to achieving your degree while instilling the satisfied confidence that comes from living life on your own terms. I will strive to make you proud that you chose NU to nurture your goals and dreams.

I am a peregrine falcon, the fastest creature in the wild kingdom. Swift, strong, and fearless, capable of soaring to wondrous heights and diving at breathtaking speeds to capture unbridled possibility. Known for my acute vision, I am able to see your true potential, oftentimes long before it becomes clearly defined in your own mind.

Perched upon your goals and aspirations, I will guide you to unprecedented heights of personal achievement, academic accomplishment, and professional satisfaction. Together, we will navigate obstacles as you focus on the bright horizons of forthcoming opportunities.

Look up to the sky. How high can you soar? How far can you fly? Your future looks so bright, and I look forward to flying with you every step of the way.

Congrats Class of 2023!

Navi
