

Matai Nurseries November Catalogue 2023

This year you can request via email, a condensed version of our Catalogue.

The condensed version will only list the plants
(alongside their Common and / or Maori Name)
that are ready for sale this month.

(instead of the complete list of species we produce shown below)

This is a pretty good representation of the stocks we have
but if there is something you are looking for that isn't listed
please just ask.

We are happy to assist you with your plant requirements
for right now or for future plantings.

So send us an email at

matainurseries2019@outlook.com

and we'll see what we can do for you.

Remember too, that we can freight your plants just about anywhere.
