Xerox® WorkCentre® 5765 / 5775 / 5790 Multifunction Printer

Selling Points

The features you need for more productivity

- Lab results prove that the advanced Xerox WorkCentre controller outperforms the competition.
- The powerful 1.2 GHz Freescale processor concurrently processes jobs received, and performs multiple tasks simultaneously.
- A robust job queue enables job promoting or deleting, and the Print Around feature eliminates extended printing delays by holding a job in need of resources (such as a different paper size) and printing the next job in queue.
- Significantly smaller scan file sizes reduce network traffic.
- A re-engineered color touchscreen interface features bright, intuitive icons and easy access to all major functions directly from the home screen.
- Smart eSolutions provide hassle-free, automatic meter reads and supplies replenishment, and proactive maintenance suggestions.
- Xerox Global Print Driver® lets IT administrators install, upgrade and manage Xerox and non-Xerox devices from a single driver while the Xerox Mobile Express Driver® lets users print from nearly any location.
- Less user intervention and downtime due to SMart Kit® technology.

Office work optimized

- Dramatically increase your workflow efficiency by scanning to numerous destinations (Email, Mailbox, Home, network folders, FTP sites and fax servers) and to the latest electronic file formats (text-searchable PDF or XPS).
- Network Server Fax, Internet Fax enablement (to avoid long distance charges) and Walkup Fax with LAN Fax eliminate the need for a dedicated fax machine.
- The Xerox SMARTsend® scan software option lets you route documents to multiple destinations — email, folders, document management systems or remote devices — from a single scan, using a pre-set workflow.
- The Capture/Print, Save & Reprint feature lets you store scanned documents directly on the device for exact reprint later.
- Xerox Extensible Interface Platform® (EIP) software opens the door to countless Xerox and Alliance Partner solutions right from the touch screen.
- The WorkCentre 5700 series MFPs have received certified approval for use with software solutions from Citrix Systems and MEDITECH.
- Paper capacity up to 8,700 sheets and multiple finishing options let you add the capabilities that are right for individual workgroups.

Secure your information

- Xerox Standard Accounting helps control costs by monitoring all pages and who produced them.
- Full System Common Criteria (ISO 15480) Certified. This certification ensures that the entire device, not just individual components, conforms to the most stringent security standards and regulations. (NOTE: Will not be certified until 4–6 months after launch).
- Secure Print prevents unauthorized viewers from seeing documents by holding jobs in the print queue until the user is authenticated.
- Network authentication restricts access to scan, email and network fax features by validating user names and passwords before use.
- Secure Access Unified ID System® uses card-based identification to authenticate authorized users when they insert an ID card.
- Follow-You™ Print lets you submit print jobs to a secure print queue and print them at the device of your choice, after ID authentication. (NOTE: Follow-You Print only works with Secure Access option).
- WorkCentre 5700 series multifunction printers support the Smart Card technology used by the U.S. Department of Defense for its Common Access Card (CAC) system.

		Copier	Printer / Copier / Optional B/W or Color Scanner
Performance	Engine speed	Up to 65 / 75 / 90 ppm	
	Duty cycle	Up to 250,000 / 300,000 / 400,000 pages per month	
	Device memory	1 GB (includes 384 MB EPC and 640 MB ESS)	1 GB (includes 384 MB EPC and 640 MB ESS), Expandable to 2 GB (includes 1 GB EPC and 1 GB ESS)
	Processor	1.2 GHz Freescale dedicated / 160 GB hard drive shared	
Copy	First-copy-out time	As fast as 2.7 seconds	
	Copy features	Automatic two-sided, Collation, Auto reduction / enlargement, Auto paper select, Auto tray switching, Image quality enhancement, Transparencies, Booklet creation, Multi-up, Invert image, Covers, ID Card Copy, Annotation and Bates Stamping, Build Job, Inserts and tab copying, Sample set, Job storage and reprint	
Print	Resolution	Optional	Up to 1200 x 1200 dpi
	Page description languages		PCL® 6 emulation, PCL 5e emulation, PostScript® 3™ emulation, LCDS, SCS, XES and IPDS via third party transforms, and direct print TIFF, PDF, AS400 support via WorkStation Customization Objects
	Connectivity, std		10/100/1000Base-T, USB print
Fax		Optional: Walkup Fax (33.6 Kbps, one-line and two-line [256 MB] options) with JBIG compression	Internet Fax enablement, Network Server Fax enablement, Optional: Walkup Fax (33.6 Kbps, one-line and two-line [256 MB] options) with LAN Fax and Fax Forward to Email or File
Scan Option		Not available	Black-and-white or Color Network Scanning with Scan to Email (Authentication and LDAP), Scan to Mailbox, Scan to Home, Scan to searchable PDF, PDF/A, XPS, Additional options: Scan to PC Desktop®, SMARTsend®
Paper Handling	Document feeder type	100-sheet DADF	
	Paper input capacity	Standard: 4,700 sheets / Maximum: 8,700 sheets	
	Media sizes	4.25 x 5.5 in. to 11 x 17 in. (108 x 140 mm to 279 x 432 mm)	
	Media weights	16 to 58 lb. bond (60 to 216 gsm)	
	Finishing options	**Office Finisher** (available with 5765 / 5675): 2,000 + 250-sheet trays, 50-sheet multiposition stapling, optional hole punch; **High Volume Finisher (HVF)**: 3,000 + 250-sheet trays, 100-sheet multiposition stapling, optional hole punch; **High Volume Finisher with Booklet Maker:** adds saddle-stitch booklet-making; **Z Fold / C Fold Unit** (with HVF with Booklet Maker): adds letter-size A- and C-folding; **Post Process Inserter** (with HVF and with HVF with Booklet Maker): adds preprinted inserts; **Convenience Stapler:** 50-sheet stapling	
Security		Fax Security (with Fax option)	Fax Security, Secure Print, 802.1x, HTTPS (SSL), SNMP V3, IPv6, IPsec, Network Authentication, Device Access Password Protection, IP Filtering, Audit Log, Disk Encryption and Image Overwrite
Accounting		Not available	Xerox Standard Accounting – Copy, Print, Fax; Optional: Network Accounting enablement (via 3rd Party)
Other Options		Upgrade Kit to Copier/Printer, Foreign Device Interface*, Xerox Copier Assistant®	Foreign Device Interface, Convenience Stapler, Xerox Copier Assistant, Fax / Scan / Accounting Partner Solutions, Xerox Unicode International Printing, Xerox Secure Access Unified ID System® with Follow-You™ Print, Common Access Card enablement (US only)

*The optional Foreign Device Interface enables external access and accounting via third-party magnetic card readers and coin devices.

Advantages / Disadvantages	• Fast print speeds and FPOT • Bi-directional driver with real-time device and job status • Separate memory for print/copy/fax functions • Print Around capabilities when resources are low • Fast scanning at all resolutions • Onboard OCR for text-searchable PDF • Handles heavy media from all trays • Outstanding security and ease of use • Full system Common Criteria Certified • Complete CRU strategy with SMart Kit consumables	• No print around capabilities • No autosensing paper trays • No device cloning capabilities • Shared memory for copy/print/fax functions • Lower maximum paper capacity • Slower first-page-out times • Slower scan speeds • Below average bypass tray capacity • Drivers display inaccurate information on remaining paper supply unless user first updates the information, which is an impractical, multistep procedure • No consumable gauge in print driver • No key for 1:1 copying, which may be confusing when switching from duplex to simplex • No pop-up messages or audible alerts to notify users of warning conditions	• No print around capabilities • No autosensing paper trays • No device cloning capabilities • Shared memory for copy/print/fax functions • Lower maximum paper capacity • Handles limited media weights from main trays • Slower first-page-out times • Slower scan speeds • No consumable gauge in print driver • Paper status cannot be viewed from print driver	• Shared memory for copy/print functions • Lower maximum paper capacity • Many commonly-used copy features cannot be accessed on main screen of the display • Paper jam removal is difficult • No color scanning • Slower scan speeds • Less fax memory • Drivers and utilities must be installed separately; downloading and installation of utilities is time-consuming • No color scanning
