Oconee Fall Line Technical College is a Unit of the Technical College System of Georgia.

General Information

Mission

The mission of Oconee Fall Line Technical College, a unit of the Technical College System of Georgia, is to contribute to the economic and workforce development of east central Georgia through quality technical and continuing education, adult education, and business and industry services. The college offers associate degrees, diplomas, technical certificates of credit, and non-credit certificates in a student-centered learning environment through traditional and distance education modes of delivery.

Guarantee/Warranty

Curriculum standards have been developed with direct involvement of business and industry. These standards serve as the industry-validated specifications for each occupational program. The TCSG guarantee to every one of our students is this:

If one of our graduates educated under a standard program and his/her employer finds that the graduate is deficient in one or more competencies as defined in the standards, the technical college will retrain the employee at no instructional cost to the employee or the employer.

This guarantee is in effect for a period of two years after graduation. To inquire or file a claim under this warranty, instructors or employers may contact the executive vice president of academic and student affairs at 478-553-2068.

A Brief History

On September 4, 2010, the State Board of Technical and Adult Education (SBTAE) approved the merger of Heart of Georgia Technical College and Sandersville Technical College to be effective July 1, 2011.

Oconee Fall Line Technical College has six campuses – North Campus (Sandersville), South Campus (Dublin), Jefferson County Center (Louisville), Hancock County Center (Sparta), Little Ocmulgee Instructional Center (Helena), and Transportation Center (Sandersville). The college provides Adult Education services in each of the eleven counties served by the college that include Bleckley, Dodge, Glascock, Hancock, Jefferson, Laurens, Telfair, Warren, Washington, Wheeler, and Wilkinson counties.

Handbook/Catalog

The Handbook and Catalog are available online at the OFTC website www.OFTC.edu.

Academic Year

The semester system divides the year into fall and spring semesters, each with about 15 weeks of instruction in addition to a summer session with 10 weeks of instruction. Shorter mini-terms are offered within the terms. Fall semesters typically begin in late August and end in mid-December. Spring semesters typically begin in early January and end in late April. Summer session will begin in May and end in late July or early August.

Class Schedules

A listing of the classes to be taught each semester, including the days and times, is published prior to the beginning of each semester. Not all of the courses in the catalog are taught each semester. Courses offered are subject to change. Oconee Fall Line Technical College reserves the right to cancel any course for which there is insufficient enrollment.

Class schedules are available online at www.OFTC.edu.

Course Numbers

Course designations consist of a four-letter prefix, a number, and the title of the course. The four-letter prefix indicates the subject. Courses numbered 1000 and above carry credit toward graduation. General Education courses carrying a course number 1100 and above are degree-level courses.

Prerequisites

Prerequisites are required before enrolling in a course; they will be identified immediately preceding the course description in the catalog.

Corequisites

Corequisites are courses that must/may be taken at the same time and will be identified immediately preceding the course description.

Course Completion

A grade of "C" or higher is required for successful completion of all courses in the Oconee Fall Line Technical College Catalog.

Types of Delivery

TRADITIONAL / WEB-ENHANCED

These are courses assigned to an instructor and to a classroom for every contact hour. These courses also use the Internet as an important component of the course.

CONCURRENT COURSES

Typically, the courses in the Cosmetology program and Trade and Industrial programs are assigned to an instructor and to a classroom/lab for every contact hour. However, students may work at their own pace through guidance from their instructor.

ONLINE

These courses are taught using the Internet with the bulk of the course content, activities and interactions occurring online. Students are required to complete proctored events to complete the course.

HYBRID

These courses are taught partially via the Internet and partially via the classroom. Hybrid courses differ from web-enhanced courses in that hybrid courses are not assigned to a classroom for every contact hour described in the course catalog.

TANDBERG TECHNOLOGY

OFTC also utilizes Tandberg technology to offer courses via distance education means. The course is taught on one campus and then broadcast simultaneously to a classroom on a different campus that is monitored by a class proctor.

Student Responsibility

It is especially important that each student note that it is his or her responsibility to be aware of the calendar and of any changes in the calendar that may occur from time to time during the year.

Social Media

Social media sites are communication tools that help support the college's mission, goals, programs, and sanctioned efforts and have the potential to create a significant impact on organizational and professional reputations. Therefore, OFTC has developed a procedure to properly portray, promote and protect the institution and to ensure that any and all interactions on behalf of OFTC represent the college's best interests:

- The OFTC Social Media Policy only applies to social media accounts created to represent OFTC groups, departments, programs, entities, etc. and does not apply to personal accounts. The college does not take responsibility for pages developed by others.
- Best practices for social media accounts should be followed.

BEST PRACTICES

- When using an officially recognized social media channel, assume at all times that you are representing OFTC.
- Use good judgment about content and respect privacy laws. Do not include confidential information about the college, its staff, or its students.

Admissions

General Admissions Policy

The admissions policy and procedures of the State Board of the Technical College System of Georgia and Oconee Fall Line Technical College assure the citizens of Georgia equal access to the opportunity to develop the knowledge, skills, and attitudes necessary for them to secure personally satisfying and socially productive employment.

In accordance with the Statement of Equal Opportunity, Oconee Fall Line Technical College (OFTC) does not discriminate on the basis of race, color, creed, national or ethnic origin, gender, religion, disability, age, political affiliation or belief, genetic information, disabled veteran, veteran of the Vietnam Era, or citizenship status (except in those special circumstances permitted or mandated by law).

OFTC is committed to an “open door” admissions policy. The “open door” policy means that any qualified applicant able to benefit from our curriculum will be served by the college on a first-applied, first-qualified basis.

Entrance requirements are flexible enough to allow a student opportunity for admission into a specific program. This can be accomplished when the student demonstrates aptitude and ability for these programs as determined by satisfactory academic performance, placement tests, and other appropriate evaluations, when deemed necessary, to determine general fitness for admission.

The president of the college may waive the high school diploma or high school equivalency requirement for those secondary students or those pursuing a high school equivalency who are otherwise eligible to enroll in a specific program of study.

ELIGIBLE APPLICANTS

Any individual 16 years of age or older who seeks access to quality instruction designed to develop or improve occupational competencies is eligible for admission. The president of the college may waive the “16 years of age” requirement for secondary students who are participating in an articulated program of study.

REQUIRED ACADEMIC CRITERIA

To be admitted by a Technical College, applicants must satisfy one of the academic readiness paths below:

1. High school graduates must submit an official high school transcript (including graduation date) that reflects the student has met the attendance, academic, and/or assessment requirements for the state’s board of education or equivalent agency.
 - a. Secondary schools must be accredited by an agency included on the TCSG approved accreditation agency list.
2. Submission of an official transcript reflecting the student has passed an examination the state recognizes as the equivalent of a high school diploma (e.g. GED).
3. Submission of an official transcript from each of one or more previously attended postsecondary institutions (accredited by an accepted accrediting agency) reflecting the successful completion (C or better) of a minimum of 30 semester or 45 quarter credit hours of coursework at the degree level.
4. Applicants who were home schooled in the state of Georgia and did not attend a recognized accredited program must submit:
 - a. Admissions Procedures

Applicants are processed, and the names of applicants are placed on a list of programs on a first-come, first-served priority, except in competitive admission programs. *A student possessing an associate's degree of higher from a regionally accredited institution shall be exempted from placement requirements.

Assessment results will be valid for any current or previous tool utilized for placement purposes for a period of 60 months from the

date of testing and are transferable to any TCSG college.

Official transcripts from a regionally or nationally accredited postsecondary institution recognized by the United States Department of Education documenting equivalent program-level English and math coursework successfully completed (C or better) may be used in lieu of placement exams.

NOTE: Certain programs do not require a high school diploma, high school equivalency diploma, or placement test scores. Placement tests are not required for special admit (non-diploma/non-credit) students unless recommended by the Admissions Office. Contact the Admissions Office for details.

Credentials submitted become and remain the property of OFTC and will not be returned to the applicant, duplicated, or transferred to another institution.

All students must meet regular admission status in their program of study in order to graduate.

Payment of fees for the processing of an admissions application shall entitle applicants to have their application form reviewed according to normal admissions procedures at the college. The payment of an application fee does not guarantee admission to the college or to any program.

Admission Appeal

Applicants who feel that they were unjustly denied admission have the right to appeal any decision regarding acceptance to OFTC. Appeals should be made in writing to the dean for student affairs at the student's campus within three (3) business days of receiving notification of their admission status. The written document must include specific details supporting the appeal. A further appeal may be made to the executive vice president for academic and student affairs. This appeal also must be made in writing to the executive vice president within three (3) business days of receiving notification of the dean for student affairs' decision. The decision of the executive vice president is final.

Entrance Requirements

Admission to OFTC is not a guarantee of admission to a specific degree, diploma or certificate program. The admission process encourages students to enter programs in which they have a reasonable expectation of success.

Students applying for admission to the college must be at least 16 years of age or older; the age requirement is higher for most Allied Health programs, Early Childhood Care and Education programs, Cosmetology, and Commercial Truck Driving.

The president of OFTC has the authority to grant a waiver to the admissions requirement as it relates to possessing a high school equivalency diploma or high school diploma for those secondary students who are otherwise eligible to enroll in a program of study that is agreed upon by the secondary school and OFTC. Prior to graduation, however, students enrolled in diploma, degree, and specified programs must receive a high school diploma or high school equivalency diploma.

DUAL ENROLLMENT

The Dual Enrollment program allows high school students to take academic degree-level core courses that will transfer to any TCSG or USG college or university, occupational courses, and diploma-level core courses. Some students may choose to enroll fully into a degree, diploma or technical certificate of credit program, or they may choose to take a few courses. All college coursework taken through Dual Enrollment will be fully covered through Dual Enrollment funding, and students will not be required to pay out-of-pocket for tuition, college fees, or textbooks. The only fees students may be responsible for are course-specific fees determined by the college. No hours taken through the Dual Enrollment program will count towards a student's HOPE Grant or Scholarship caps. Participating in the Dual Enrollment program is a great incentive for high school students to get ahead on their college coursework.

DUAL ENROLLMENT APPLICATION PROCEDURE

To participate in Dual Enrollment students sign an advisement form with their high school or home study program, meet the admissions requirements at the postsecondary institution of their choice and make satisfactory academic progress.

Interested students should see their high school counselor and visit GAfutures.org for program information and the application.

Students attending a home study program must complete the Dual Enrollment paper application.

Students attending an eligible public or private high school or participating in the GAMES Academy or the Advanced Academy of Georgia must complete the DE online application.

The application consists of three parts:

1. Student & Parent/Guardian
2. High School/Home Study
3. Postsecondary Institution

All three sections of the application must be completed and submitted to Georgia Student Finance Commission.

PARTICIPANT ELIGIBILITY & REQUIREMENTS

- All Dual Enrollment programs are operated in partnership with local school systems. Students must first meet the requirements of the local school system to establish eligibility to participate in any Dual Enrollment program with OFTC.
- The student must attend a public or private high school in Georgia or home study program operated in accordance with O.C.G.A.20-2690(c).
- The student must be in 9th, 10th, 11th, or 12th grade.
- The student must have met all admission requirements for the postsecondary program of study.
- The student must not have already received a high school diploma.

- The student must not have a criminal history.
- The student must meet satisfactory academic progress.

ACADEMIC INFORMATION

Dual Enrollment students will receive a letter grade from OFTC for academic coursework. The student will also receive a numerical grade for his/her high school which will count towards high school graduation.

OFTC instructors will notify the high school of grades earned for each grading period for students participating in Dual Enrollment.

Failure of a technical college course can result from grades, behavior or attendance issues.

Failure of a Dual Enrollment course due to grades, behavior or attendance may prevent attainment of necessary units for graduation (1-2 semester hour credits = .5 high school unit credit; 3-5 semester hour credits = 1 high school unit credit) and result in the student being withdrawn from the Dual Enrollment class and/or program.

A student's high school graduation may be delayed if a course needed for graduation is failed or if the student withdraws or is withdrawn from a course needed for graduation.

If a student withdraws from a class or fails a class at the postsecondary institution and this class is needed for graduation, he/she may not be able to enroll in a high school or college course that will allow him/her to graduate on schedule. Many high school/college courses are offered on a rotational basis. Therefore, not every course is offered every semester.

The student who begins attending postsecondary classes and then decides to withdraw must wait until the next program intake to resume his/her high school program.

Students placed on Academic Suspension must sit out one semester and may be enrolled the following semester on Academic Probation, pending course offerings.

FINANCIAL AID INFORMATION

Each student will be responsible for applying for Dual Enrollment online at GAfutures.org.

HOPE hours used for Dual Enrollment will not factor into HOPE Grant/Scholarship caps.

Each student will enter into a Textbook Agreement.

Dual Enrollment students are not eligible for additional forms of financial aid while still in high school.

Some costs (equipment, tools, supplies, etc.) associated with some courses may not be covered by OFTC. These costs are the responsibility of the student.

ELIGIBILITY AND COMPETITIVE/ EXTRACURRICULAR ACTIVITIES

Students enrolled in a Dual Enrollment program must continue to meet the Georgia High School Association eligibility requirements for participation in high school competitive interscholastic activities and must abide by all rules of the high school when participating in extracurricular activities/attending school-sponsored events.

SPECIAL PERMISSIONS

The student agrees to allow parental/guardian access to all college records pertaining to the student.

The student agrees to allow his/her parents/guardians to discuss grades with the OFTC instructor.

The student and parents/guardians agree to allow high school access to all college records pertaining to the student.

The student and parents/guardians agree to allow the High School Initiatives Coordinator to review the student's grades and course information both at the secondary and postsecondary level with the purpose of evaluating credit and providing information to the high school and technical college.

STUDENT RESPONSIBILITIES

- Follow the admission procedures of the technical college.
- Follow the rules and regulations of the technical college and the high school.
- Maintain at least a 2.0 cumulative grade point average at OFTC in order to complete an OFTC program of study. Student must earn at least a 2.0 ("C") average in a prerequisite class in order to register for the next course.

JOINT ENROLLMENT

Joint enrollment is an arrangement whereby a high school student is enrolled in postsecondary coursework with OFTC while continuing to pursue his or her high school diploma. Joint enrollment coursework earns postsecondary credit only.

DUAL ENROLLMENT

Through dual enrollment, an eligible high school student can

take technical college courses for both high school and technical college credit. These hours are not counted toward the HOPE hour cap. Successful students may receive an OFTC technical certificate of credit upon graduation from high school. In addition, some of the courses embedded in these programs transfer into additional certificate programs and/or into higher-level diploma and degree programs at technical colleges throughout Georgia.

The purpose of dual enrollment is to provide additional educational opportunities for high school students and to allow them to begin a postsecondary program in their chosen career field. Like articulation, dual enrollment helps create a smooth transition from high school to technical colleges.

Assessment

The ability of a student to succeed in a program at OFTC is greatly determined by the math and language skills possessed by that student. The Technical College System of Georgia is committed to assisting each student achieve his/her maximum potential. All students applying for degree, diploma, and certificate programs must be assessed prior to acceptance to a program of study at a technical college. Students will then be admitted in accordance with the academic standards applicable to that program.

OFTC must evaluate students' readiness for degree, diploma, and certificate programs. Students may take the Accuplacer or Companion exam. However, OFTC may accept a student's official entrance score on the following validated assessment instruments if the scores meet the required minimums

- a. SAT
- b. ACT
- c. PSAT
- d. General Education Development [GED®] scores of 165+ on English or Math
- e. Georgia Milestones Literature & Composition or Georgia Milestones American Literature & Composition (English admission requirement only)
- f. HOPE GPA after completion of 10th grade of 2.6 or higher
- g. Compass/Asset

*A student possessing an associate's degree of higher from a regionally accredited institution shall be exempted from placement requirements.

Assessment results will be valid for any current or previous tool utilized for placement purposes for a period of 60 months from the date of testing and are transferable to any TCSG college.

Official transcripts from a regionally or nationally accredited postsecondary institution recognized by the United States Department of Education documenting equivalent program-level English and math coursework successfully completed (C or

better) may be used in lieu of placement exams.

Retests

State-approved assessment instruments are valid for placement purposes for 5 years/60 months, unless students have successfully completed college-level English and math classes.

Students may go to the tutoring center for remediation after taking the placement test. However, students are given only two opportunities to make the required cut scores for their chosen program of study. High students are given two opportunities to make the required cut scores for their chosen program of study. A

Students who progress through academic support and learning support classes successfully will not be required to test again.

Students who graduate from a diploma program and seek to enter the degree program will be given the opportunity to retest on one or more parts of placement as needed. Students who do not have regular admit cut scores may enroll in learning support courses at the credit level.

Additionally, students who are being readmitted to the college after taking the exam in high school for the dual enrollment program will be given the opportunity to retest. Students will take the parts of the exam in which he/she was not successful in meeting regular admissions requirements.

Transfer Student Admission Requirements

Applicants to OFTC who have been previously enrolled at a postsecondary institution will be considered for admissions under the following policies:

- Applicants who are in good standing at their previous institution may be accepted in good standing.
- Applicants who are on academic probation or have a cumulative GPA under 2.0 at their previous institution may be accepted on transfer probation. Applicants who are on academic suspension or academic dismissal at their previous institution must wait a minimum of one semester to enter OFTC. Applicants in this status will be accepted on academic probation after one semester.
- Applicants who wish to transfer to OFTC must meet the entrance requirements and follow the admissions procedures listed in the above sections.
- Applicants must have college transcripts sent to the Admissions Office before registration.
- The director of admissions will make a determination of placement based on college math and English credits. A grade of "C" or higher must be earned for the course and the course must have the same number of credit hours or greater as the OFTC math or English course. NOTE: The director of admissions can use an unofficial college transcript for placement purposes only. However, an official transcript

must be on file for the registrar to post the credit to the OFTC transcript. Exemption credit will not transfer.

- A student who has attended a previous institution and is eligible to transfer credit for English and math is not required to take the Accuplacer placement exam.
- Criminal background checks and drug screenings are not transferable. A student transferring into a program at OFTC which requires these items must obtain new ones following OFTC guidelines.
- Priority dates for transfer applications are listed on the OFTC calendar.

Transient Student Admission Requirements

If an OFTC student wishes to attend another technical college as a transient student to take online courses, the student must apply at www.gvtc.org and pay the application fee for the host school. Students should follow the instructions on the website to complete the application and view a list of courses offered at other technical colleges. Students should select "Transient" as the student type. OFTC will be the home school, and the school the student will attend will be the host school. The Registrar's Office will be notified by GVTC of students requesting transient status and will verify the student is eligible for transient status. The paperwork will then be forwarded to the Financial Aid Office for verification of any financial aid to the student. After this process is complete, the Registrar's Office will forward a Transient Agreement to the college the student wishes to attend.

Students who wish to attend another technical college as a transient student but will not be taking online courses must complete a Transient Request Form at OFTC. The Registrar's Office will verify the student is eligible for transient status. The paperwork will then be forwarded to the Financial Aid Office for verification of any financial aid to the student. After this process is complete, the Registrar's Office will forward a Transient Agreement to the college the student wishes to attend.

For Practical Nursing and Radiologic Technology students who are taking a transient class during the semester prior to term of entry into the Practical Nursing core classes or the Radiologic Technology program, students must have all transient grades reported by the host school by the day after OFTC's term ends to be considered for competition.

If the student qualifies for transient status, a Transient Student Agreement Form will be approved and sent to the host school before the current semester ends. However, grades will be reviewed at the end of the current semester. If the student is not in good standing or does not meet qualifications for transient, an updated Transient Student Agreement will be sent to the host school rescinding the approval.

Students must request an official transcript from the host school at the end of the semester. Transient grades will not be posted until the official transcript is received.

Students applying to OFTC as a transient student must apply at www.gvtc.org and pay the application fee. The student's home school must provide OFTC with a Transient Student Agreement.

Note: A first semester student will not be allowed to be a transient student.

This procedure applies for currently enrolled OFTC students seeking transient status at another post-secondary institution. Students are authorized to be in transient status for only one semester, and cannot be a full-time student at OFTC during the term in which they are taking transient classes.

TRANSIENT PROCEDURES

To qualify for transient status, students must meet the following criteria:

1. Be in good standing and have at least a 2.00 GPA.
2. Be a currently enrolled student.
3. Be a part-time student at OFTC.
4. Have completed all required prerequisite courses.

Students will be approved to take classes via transient status as long as OFTC does not offer the course that term. Students taking classes at OFTC and at another school will only be required to pay the Instructional Technology Fee at OFTC. Students not taking classes at OFTC will be required to pay the Instructional Technology Fee at each institution they attend.

Diploma and Certificate students: Grades earned in transient coursework will appear on the student's OFTC transcript as transfer credit and will not be calculated in the student's grade point average.

Degree students: Grades earned in transient coursework will appear on the student's OFTC transcript as transfer credit and will be calculated in the student's attempted hours and HOPE GPA for HOPE Scholarship.

The procedure for disbursing financial aid for transient work at another TCSG college is as follows:

The OFTC Financial Aid Office (home school) authorizes HOPE and Pell eligibility prior to the beginning of the semester and forwards to the college the student plans to attend (host school). If the student is eligible for HOPE, the host school will use HOPE Grant/Scholarship at the beginning of the semester to cover tuition and fees. If the student is eligible for Title IV funding and those funds are not available at the beginning of the semester, they will be disbursed by OFTC once the Financial Aid Office receives enrollment verification from the host school. If the student is not eligible for HOPE, he/she must pay tuition and fees at the host school. Please contact the Financial Aid Office at 478-274-7833 if you have any questions regarding the disbursement of funds.

Online Classes and Admissions Procedures

The Georgia Virtual Technical Connection's (GVTC) mission is to provide students with a central point of reference for programs offered electronically through the Technical College System of Georgia (TCSG). GVTC provides the central point of contact for the student applying online by providing an online course catalog, an online orientation, answers to questions concerning the online process and facilitation of the online application to the requested college. GVTC acts as a facilitator rather than a full functioning admissions department; application files, assessment testing, advisement and registration, financial aid, textbook orders, and awarding credentials are managed at the local colleges. GVTC's function is to assist the student in locating the course(s) needed and to direct the application to the requested college.

The same policies and procedures that apply to the traditional student affairs process apply to the Georgia Virtual Technical Connection (GVTC) process. Each application is processed in a nondiscriminatory way for admission to any technical college within the TCSG. GVTC acts as facilitator in assisting the college's student affairs division in processing the online student. OFTC requests that students take transient courses at only one institution per semester.

PROCTORING

In order to validate student identity for all online courses, students enrolled in online courses at OFTC are required to complete at least one proctored event per course (a major exam, assignment, or presentation). The event will be reflected as part of the grading scale on the course syllabus. Proctored events must be completed by the end of the official Final Exams period.

The proctored event may be administered at an OFTC assessment center and will be monitored by an OFTC employee. The proctored event may also be scheduled through the instructor at the instructor's home campus and will be monitored by the instructor. Students must attend the proctored session as scheduled via the Assessment page of the OFTC website.

Students arranging proctoring on a non-OFTC site must take the event during the same time frame established by the instructor for other class members. The site and the proctor must meet OFTC's requirements.

Students who do not complete the proctored event will receive an "F" for the course.

ADMISSIONS PROCESS

The procedures for admissions are:

- Complete and submit the online application form to GVTC — www.gvtc.org
- Print the application, sign it, and mail to college of choice with a non-refundable \$25 application fee.
- Submit high school transcript or high school equivalency

diploma.

- Submit all post-secondary transcripts.
- Submit acceptable assessment test scores or other valid assessment instrument documentation – See Assessment Section.
- For transient students only, present the appropriate transient correspondence to the host school.
- Students must be sixteen (16) years of age or older.

STUDENT RESPONSIBILITIES

- If the student is a transient, it is the student's responsibility to contact his/her advisor for permission to be a transient student before applying to GVTC.
- It is the student's responsibility to ensure that he/she has access to a computer that meets the minimum hardware/software requirements to participate in an online course. Those requirements are listed on the GVTC website at:

<http://www.gvtc.org>

- It is the student's responsibility to purchase his/her textbooks or needed supplies. The course instructor may assist the student.
- Transient OFTC students not taking online courses must complete a Transient Request Form in the Registrar's Office.

Readmission Requirements

Students who have withdrawn from the institution, either voluntarily or involuntarily, and desire to be readmitted, must submit an application to the Admissions Office. Students who have attended another postsecondary institution must request that an official transcript of all academic work be sent to the Admissions Office at Oconee Fall Line Technical College.

Readmission Steps:

- Complete an application for readmission; no fee required for former students.
- Meet admissions requirements in place at the time of reapplication.

A student who has been dismissed for unsatisfactory academic progress must refer to the academic progress policy and procedure found later in this handbook.

A student suspended for a disciplinary reason may be considered for readmission at the end of the suspension by making an appointment with the executive vice president of academic and student affairs.

Readmission to a program will be granted on a space-available basis within the appropriate course sequence. A student will be required to complete the curriculum requirements in place at the time of re-enrollment.

If a student has been expelled or suspended three times from

the same or different colleges in the Technical College System of Georgia in the past seven years, the student may not be permitted to register at any college in the Technical College System of Georgia for a period of ten years after the most recent expulsion/suspension.

Admission Categories

Minimum admissions requirements shall be established for each program. Students shall be admitted to a technical college in one of the following categories: Regular, Provisional, Special, Pending, or Transient.

1. Regular Status

Students who meet all requirements for admission into a selected program and are eligible to take all courses in the program curriculum are granted regular admission status.

2. Provisional Status

Students who do not meet all requirements for regular admission into a selected program are granted provisional admission status. Provisionally admitted students may take learning support classes, and certain specified occupational courses as long as class pre- and co-requisites are satisfied.

- All certificate, diploma, and associate degree program students initially admitted on a provisional basis must have satisfactorily completed the necessary prerequisite and learning support course work in order to progress through the State Standard Curriculum.

Note: Dually/Jointly Ready enrolled students are not eligible for Provisional Admission status.

3. Special Admit Status (Non-credential seeking)

Applicants who wish to take credit coursework, but are not seeking a certificate, diploma, or associate degree are granted Special Admit status. The following specifics define the parameters of this status:

- May apply up to a maximum of 25 quarter or 17 semester credit hours into a specific program for credential seeking purposes after achieving regular admit status. The number of hours taken as a special admit student in no way waives the requirements of the regular admission process.
- May enroll in classes only on a space-available basis.
- Must adhere to the specific institutional prerequisite requirements when selecting courses.
- Will not be eligible for any financial aid.

4. Pending Admit Status (High School Seniors only)

Applicants who are in their final year of high school and are applying for a college term immediately after they graduate

are granted Pending Admit Status. The following specifics define the parameters of this status:

- a. Applicants must submit a transcript showing the applicant is on track for completing all required high school courses before the semester they wish to enroll.
 - A letter from the high school confirming the pending completion is encouraged to be sent with the transcript.
- b. Will be allowed to register for courses after course placement requirements have been met.
- c. These applicants are not eligible for federal financial aid until a final high school transcript has been received.

5. Transient Status

Students who submit a Transient Agreement Letter from their home institution are granted Transient admission status. The Transient Agreement Letter must verify that the student is in good standing and must list the courses the student is eligible to take. A current Transient Agreement Letter is required for each term of enrollment.

ACADEMIC AND LEARNING SUPPORT COURSES

Students placed in English, reading, and math academic support courses for certificate or diploma programs will be required to complete individualized non-credit Academic Support sessions offered through the Adult Education department at all OFTC Adult Education facilities in the service area. Students must score 10 or higher on the TABE Level D (Test for Adult Basic Education) to progress to diploma-level math and English credit courses. A grade of "EXE" will be placed on the student's transcript to indicate successful completion of the academic support courses.

Students placed in English and reading learning support courses at the 0988 level or math learning support courses at the 0098 or 0099 levels will be required to complete learning support coursework at the credit level and must earn a grade of "C" or higher to progress into degree level math and English credit courses. Students who require learning support math will be placed in MATH 0098 or 0099 (dependent on test score) Learning Support Mathematics. Students who are required to take learning support reading and/or writing will take ENGL 0988 Intermediate Reading and Writing.

Criminal Background Checks

Applicants to most programs at Oconee Fall Line Technical College are admitted to the program on a first-applied, first-qualified basis. However, before entering certain internship, practicum or clinical settings, students must obtain a criminal background check. Class instructors will inform students when they should begin the criminal background check process. If the background check is not satisfactory, students will be required to withdraw from the class.

All students enrolled in Early Childhood Care and Education programs that require students to be placed in practicum/lab courses or be placed in any internship or practicum setting in a paid or unpaid capacity that involves personal contact with any child being cared for by a public or private child care learning center, group day care home, or family day care home may be required to undergo a fingerprint-based criminal records check. With respect to participation in a practicum/lab or internship, there may be additional standards established by individual site operators that students must meet. A student's placement at a particular site for a practicum/lab or internship is contingent upon acceptance by the individual operator. Students who receive an unsatisfactory fingerprint records check determination from the Georgia Department of Early Care and Learning will be provided an opportunity to show that the record is in error and/or to appeal the determination by requesting a hearing before an Administrative Law Judge at the Office of Administrative Hearings.

If an unsatisfactory determination from the Georgia Department of Early Care and Learning is not reversed; if students are unable to meet other practicum/lab or internship requirements established by an individual site operator; or if students are removed from and cannot return to complete a practicum/lab or internship placement in response to an arrest, conviction, or other change(s) in criminal history status involving a covered crime; or, if they fail to meet other established academic requirements associated with the ECCE program, they will be unable to graduate from OFTC with an Early Childhood Care and Education Degree or Diploma.

Students are responsible for all costs associated with the above referenced fingerprint records check. The Georgia Department of Early Care and Learning reserves the right to require students to undergo an additional fingerprint records check if the agency has reason to believe that students possess a criminal record that renders them ineligible to have contact with children in an internship or practicum/lab site. Students are responsible for all costs associated with any additional fingerprint record check(s) that may be required.

Students must sign the *Acknowledgement of Criminal History Records Check Requirements Form and the Early Childhood Care and Education Program Disclosure of Arrest/Conviction Form*. If a student is arrested, convicted of any crime, or subject to any other criminal history status change for a covered crime while performing an internship or practicum/lab in a child enrichment center or group day care home, he/she must verbally notify and provide the site with a completed Disclosure of Arrest/Conviction Form no later than three (3) calendar days following the arrest, conviction, or change regarding his/her criminal history status.

Health Screenings and Vaccinations

All students must have a physical examination by a healthcare provider prior to participation in clinical activities for their chosen specialization in the allied health department. Also, a visual and hearing screening performed by a health department is required. Separate documentation will be required for Hepatitis B vaccination series, or proof of seroconversion after the Hepatitis

B vaccination series, and TB testing or chest x-ray. TDaP or other additional immunizations may be required at certain clinical sites. Proof of immunity to varicella and MMR is also required. A student who refuses the Hepatitis B vaccination series must sign a declination form. Students who refuse the Hepatitis B immunizations should also be aware of the risk of Hepatitis B in the health care field and understand that they practice at their own risk. The student will incur the cost of these procedures. The physical exam form and proof of vaccinations are submitted to the program instructor.

Special Admissions Programs

Several programs at Oconee Fall Line Technical College have additional program admissions requirements prior to acceptance into the program or prior to continuation in the program of study.

ALLIED HEALTH PROGRAMS

To meet the ever-expanding demand for qualified allied health professionals, OFTC offers a wide array of degree, diploma and technical certificates of credit programs in allied health. These programs provide classroom instruction, laboratory experience, and clinical practice to assure that students obtain the most current and the highest-level skills in their chosen health profession.

Students interested in allied health programs may obtain admission requirements information from the Admissions Office. Information about the sequence of course offerings and program costs is also available on the OFTC website.

GENERAL INFORMATION

Prior to beginning clinical training or enrolling in courses requiring personal protective equipment, students must have completed a current physical exam. Medical professional liability insurance is also required. Students must satisfactorily pass a criminal background investigation; have a negative drug test; and provide evidence of all items listed in the previous Health Screening and Vaccination Section prior to beginning their laboratory practice or clinical training. The drug screen is arranged by the Academic Affairs Office. Students will be provided with information about ordering their criminal background investigations. The criminal background investigation must be provided through the OFTC recommended provider.

In allied health programs, students are required to purchase approved uniforms, and in some programs, purchase of laboratory supplies and materials is also required.

Students will be assigned to off-campus clinical sites and must have reliable transportation and be able to complete clinical during non-traditional hours. Clinical sites may vary depending on the number of students and availability of sites. Clinical rotation may involve travel to distant sites to meet necessary requirements. Students must comply with all standards and policies set forth by the clinical sites throughout their clinical rotation.

Regardless of the student's grade point average, the student

will be academically dismissed from allied health programs if the grade for any required program course is "D" or lower.

Special Note: Conviction of a felony or misdemeanor could make a student ineligible to complete program clinical requirements or take the licensing exam(s) required by the profession upon graduation.

DRUG SCREENING AND CRIMINAL BACKGROUND INVESTIGATIONS

Overview

Admission into Oconee Fall Line Technical College's programs does not guarantee acceptance or placement into practicum/lab courses or into any clinical, internship, or practicum setting, which is required for graduation.

Affiliate clinical/internship/practicum/externship sites supporting allied health programs require that students have satisfactory criminal background investigation and negative drug testing results utilizing OFTC appointed procedures and vendors prior to acceptance or placement in clinical rotations. Random and discretionary background investigations and drug screens may also be conducted at the request of the clinical/internship/practicum/externship site.

Allied health students participating in clinical rotations are required to complete a standard criminal background investigation and a nine-panel drug test through OFTC assigned providers. Students are charged fees for these items when registering for applicable classes. However, some healthcare facilities require an addition drug screening, a more extensive background check, or have additional requirements based on the facility regulations. Students assigned to clinical rotations at sites with requirements in addition to those covered by OFTC fees will be personally responsible for the charges associated with clinical placement.

In accordance with this requirement, the following procedure has been established.

Categories of persons subject to testing

Any student enrolled in a program that requires students to be placed in practicum/lab courses or into any internship, externship, practicum or clinical setting is subject to the rules and procedures set forth in this procedure as mandated by the clinical/internship/practicum /externship institution.

Participation as a requirement of being placed at a clinical/internship/practicum site

No student will be placed into practicum/lab courses or into any clinical, internship, externship, or practicum setting in a program or continue in the program without having the required satisfactory criminal background investigation and a negative drug test.

Drug Testing

PROHIBITED BEHAVIOR

It is a violation of this procedure and the OFTC Student Code of Conduct for any student to use, manufacture, possess, sell, trade, offer for sale, solicit, transfer, or offer to buy illegal drugs or otherwise engage in the illegal use of drugs while on OFTC premises or participating in any practicum/lab courses or any off-site instructional activity.

It is a violation of this procedure for any student to report to OFTC or to any practicum/lab courses or any off-site instructional activity under the influence of or while possessing on or in his or her body, blood, or urine, illegal drugs in any detectable amount.

It is a violation of this procedure for any student to report to OFTC or to any practicum/lab courses or any off-site instructional activity while under the influence of or impaired by alcohol.

It is a violation of this procedure for any student to use prescribed drugs illegally, i.e., to use prescription drugs that have not been legally obtained or in a manner for the purpose other than prescribed. However, nothing in this procedure precludes the appropriate use of legally prescribed medications.

CIRCUMSTANCES FOR TESTING

PRE-CLINICAL TESTING

All students enrolled in programs that require students to be placed in practicum/lab courses or be placed in any clinical or practicum setting will undergo testing for the presence of drugs as a condition of being placed in any practicum/lab course or in any clinical, internship, externship or practicum setting. Any student with a confirmed positive drug test will not be placed in any practicum/lab courses or in any clinical, internship, externship or practicum setting and will be dismissed from classes and the program for at least one full semester due to the fact that the clinical courses are required for the program of study. Students may continue to take general education or allied health core classes that are not prerequisite or corequisite classes during the term in which they are tested. A student who is dismissed from his/her program due to a failed drug test will not receive a refund for any fees paid.

Students will be required to submit voluntarily to a **urinalysis at a laboratory chosen by Oconee Fall Line Technical College**, and by signing the consent agreement will release OFTC from liability. The cost for this test is \$37 (subject to change) and will be paid by the student, financial aid, or third party. **Fees made payable for drug screen are nonrefundable and must be paid prior to the first day of the semester of which the fee is assessed.** Drug tests are valid for one year from the test date if the student maintains continuous enrollment at OFTC unless a request to retest is made due to reasonable suspicion or if the clinical site

requests a retest. Student must show an OFTC student photo ID at time of drug testing. Additional fees may apply for certain situations and fees are subject to change.

CONTINUOUS ENROLLMENT

If a student is not continuously enrolled following the term(s) in which he/she was tested, then the student will be required to retest once he/she re-enrolls following the pre-clinical testing procedures.

REASONABLE SUSPICION

Reasonable suspicion is based on the judgment of the clinical site. Reasonable suspicion is a belief that a student is using or has used drugs or alcohol in violation of this procedure drawn from specific objective and articulable facts and reasonable inferences drawn from those facts in light of experience. The clinical site will notify the instructional coordinator if a student has to be tested due to reasonable suspicion.

Students will be tested if there is reasonable suspicion that the student is violating this procedure.

RANDOM TESTING

Students are subject to random drug testing during the clinical/practicum rotation schedule as required by the clinical site. The affiliate clinical/practicum institution and OFTC shall have the right to terminate a student who fails a random drug test from the clinical/internship/practicum/externship site and from the program. The clinical site will notify the instructional coordinator if a student has to be tested due to random testing.

RETURN-TO-DUTY, FOLLOW-UP-TESTING

Students who violate or fail to follow any of the provisions of this procedure will be removed from their program for one full semester before being allowed to reapply to the program following the competitive selection process. The affiliate clinical/ practicum institution, however, is not required to re-admit a student to a clinical/practicum site once a student has been released from its site. Some clinical sites are mandatory for certain Allied Health programs. Any student rejected by a mandatory clinical site will not be allowed to complete required clinical hours and, therefore, will be withdrawn from the program.

A student who has tested positive for drugs must attend drug/alcohol rehabilitation prior to reapplying to the program. Documentation (signed by a substance abuse professional) of this rehabilitation training must be submitted at the time of reapplication to the instructional coordinator. A second violation of this procedure will result in permanent dismissal from the program.

TESTING PROCEDURES

The instructional coordinator will schedule tests and will notify

the instructor of the testing date, time, and location. All drug and alcohol tests scheduled by OFTC will be performed by a college-approved testing company. Controlled substance test will be a 9-panel rapid. If the student is under the prescriptive care of a physician and tests positive, the student will be contacted by the Medical Review Officer (MRO) from the testing company and documentation must be presented within a specified deadline. Failure to submit requested documentation by the specified deadline will result in a positive ruling by the MRO.

NOTIFICATION

The privacy of individuals taking these tests will be maintained consistent with the policies of Oconee Fall Line Technical College. Testing results will be faxed to the attention of the instructional coordinator who will maintain records. Those students who pass drug testing will be included on the roster for the clinical course. Those students who fail the drug test will be dismissed from the program. No student will be notified of any results until his/her identity has been verified. A positive result is the sole determination of the MRO. There is no OFTC appeal process for a result deemed positive by the MRO.

CONSEQUENCES OF USE OF CONTROLLED SUBSTANCES AND MISUSE OF ALCOHOL

Students with unsatisfactory results will not be accepted at the affiliate clinical/internship/practicum/externship site and will not be allowed to continue in the course or program at Oconee Fall Line Technical College. Failure to follow the policies contained herein will result in dismissal from the affiliate clinical/practicum site and dismissal from the program for one semester. It is the procedure of Oconee Fall Line Technical College that any student who is currently registered in an allied health clinical course and who violates any of the provisions set forth in this procedure will receive a course grade of "W," "WP," "WF," or "F" and will be dropped as appropriate for the course(s) currently registered. However, the student may continue to be enrolled in a general education or core allied health course during the term that he/she is tested.

EFFECTS OF ALCOHOL AND CONTROLLED SUBSTANCES

Community resources are available to assist students who are experiencing problems with alcohol and/or other drugs. Information concerning the effects of alcohol and controlled substances use on an individual's health, work, and personal life and the signs and symptoms of an alcohol or controlled substances problem is available from the Student Affairs Offices at Oconee Fall Line Technical College.

Criminal Background Investigation

PRE-ENROLLMENT

The clinical/internship/practicum/externship sites associated with the college's allied health programs require background investigations on incoming students to ensure the safety of the patients treated by students in the program. Therefore, all students enrolled in programs that require students to be placed in practicum/lab courses or be placed in any clinical, internship, externship, or practicum setting will be required to have a criminal background investigation conducted by PreCheck Inc., a firm specializing in background investigations for healthcare workers. Criminal background checks are valid for one year if the student maintains continuous OFTC enrollment unless the clinical/internship/practicum/externship site requests a new check. The student will be assessed a non-refundable fee of \$49.50 (subject to change) for the cost of the background investigation as part of his/her semester matriculation fees by OFTC. Additional costs may be incurred for criminal background investigations processed outside of the state of Georgia. Students must place their order online through StudentCheck. By signing the consent agreement, the student releases Oconee Fall Line Technical College from liability. Any students submitting a premature or duplicate request will be charged the fee for all requests processed by PreCheck.

PROCEDURE

- Go to <https://weborder.precheck.net/StudentCheck/studentmain.aspx> and select the name of the school, then select your program from the drop-down menu.
- Complete all required fields and press Continue to enter your electronic signature. Students will be provided an order confirmation number and instructions on how to check the status on the completion of their report by email. (Students with a criminal record should disclose the crime on their application.)

Most reports are completed within three days. To obtain a copy of their background investigations, students may log into <https://weborder.precheck.net/StudentCheck/studentmain.aspx> and click on "here," enter their SSN and DOB. If the application is complete, then the student can click on the application number to download and print a copy of his/her report. This feature is good for 90 days after submittal. After 90 days, students will be charged \$14.95 (subject to change) for a copy of their report.

Students needing assistance should contact PreCheck at StudentCheck@PreCheck.com.

Students should not submit results of criminal

background investigations to any Oconee Fall Line Technical College faculty or staff member.

The clinical/internship/practicum/externship sites make the sole decision whether students are accepted at their sites based on the results of the investigation report.

Students who are advised by the clinical/internship/practicum/externship site that they have been denied acceptance at the site should contact PreCheck. Call PreCheck's Adverse Action hotline at 800-203-1654. Adverse Action is the procedure established by the Fair Credit Reporting Act that allows students to see the report and to dispute anything reported.

NOTIFICATION

Students must agree that criminal history record information can be provided to those persons with a need to know at the affiliate clinical/internship/practicum/externship institutions. The privacy of individuals having criminal background investigations conducted will be maintained consistent with the policies of Oconee Fall Line Technical College. The program instructor will be responsible for providing the roster of students to the clinical/internship/practicum/externship institution for consideration. The affiliate clinical/internship/practicum/externship institution will review the results to determine whether the students meet requirements of the affiliate clinical/internship/practicum/externship site. Students with unsatisfactory results will not be accepted at the affiliate clinical/internship/practicum/externship site and will not be allowed to complete the course or program at Oconee Fall Line Technical College. Failure to follow the policies contained herein will result in dismissal from the affiliate clinical/practicum site and dismissal from the program for one semester. It is the procedure of Oconee Fall Line Technical College that any student who is currently registered in an allied health clinical course who violates any of the provisions set forth in this procedure will receive a course grade of "W," "WP," "WF," or "F" or will be dropped as appropriate for the course(s) currently registered. However, the student may continue to be enrolled in a general education or core allied health course during the term that he/she is tested.

If a student is rejected for cause by a clinical/internship/practicum/externship facility and the student self-discloses the criminal history to the faculty member, it is then appropriate for the instructional coordinator to discuss the student information with the clinical/internship/practicum/externship facility. A clinical/internship/practicum/externship facility has the right to exclude any student if, in the opinion of the site, the student could pose or potentially pose a danger to patients. **The clinical/internship/practicum/externship institution makes the sole decision whether students are accepted at its clinical/internship/practicum/externship site. There is not an OFTC appeal process for an unsatisfactory criminal background investigation.**

BEHAVIOR THAT CONSTITUTES A REFUSAL TO A CRIMINAL BACKGROUND INVESTIGATION

Failure to submit to have a criminal background investigation conducted within the required time frame constitutes a refusal and will be viewed as an unsatisfactory result. Students with a refusal will be dismissed from the program. Students will receive a "W, WP," "WF," or "F" in their program classes. Students may continue to be enrolled in their general education courses for the remainder of the term.

FEES

Fees made payable for drug screens and criminal background investigations are nonrefundable. Students are assessed fees for the drug screen and criminal background investigation, and **fees must be paid prior to the first day of the semester of which fees are assessed. Failure to pay fees by the required date will cause the student to be dropped from the registered course(s).**

OTHER

Students who **withdraw or are dismissed** from a program that requires drug screens and who wish to reapply must follow the competitive selection process and must have another drug screen (at the student's expense) prior to being placed in a clinical/internship/practicum/externship setting. This requirement also applies to students who transfer to a program that requires a drug screen.

Students who **withdraw or are dismissed** from a program that requires criminal background investigations and who wish to reapply must follow the competitive selection process and must have another criminal background investigation if the student's break in service from OFTC is greater than one semester or if the clinical site requests an up-to-date background check. This requirement also applies to students who transfer to a program and whose criminal background investigations are older than one year.

Competitive Admissions Requirements

Following the successful completion (a grade of "C" or better) of all designated courses, students will enter into a competitive process for determining eligibility to progress into occupational program courses. The formula used for the competitive process is:

$$\text{Total score} = (\text{designated courses GPA} \times 50\%) + (\text{PSB/TEAS} \times 50\%) + \text{possible bonus points.}$$

Students must complete the Competitive Admissions Application the term prior to entering the program to be considered for the program.

- The GPA is calculated using grades earned in the designated courses. ALHS, biology, and chemistry courses must have been completed within the past five (5) years and if courses have been repeated, each grade within the previous five (5) years will be used in the GPA calculation. If the student has been continuously enrolled at OFTC, the five year period will not apply. The highest attempt of other designated classes will be used in the GPA calculation. The registrar will calculate GPAs for all students. The GPA must be 3.0 or higher to be considered for the program.
- The Psychological Services Bureau Aptitude exam (PSB) is an additional requirement for competition into the Radiologic Technology program. The Test of Essential Academic Skills (TEAS) is an additional requirement for competition into the Practical Nursing and Associate Degree of Nursing Bridge Programs. These tests may be taken only twice per academic year (the academic year begins each fall semester), but students must wait 30 days before retesting. The test must be taken and scored prior to acceptance. The highest overall score will be used in the competitive process. The PSB/TEAS must be taken within the last 12 months for the scores to be considered for admission purposes. A minimum required score of 220 (PSB) for Radiologic Technology and Diagnostic Medical Sonography or 59.5 (TEAS for practical nursing) or 65 (TEAS for ADN Bridge) must be attained for a student to be eligible to compete.
- Bonus points may be earned through documented, program-specific, paid, full-time work experience. One (1) bonus point for every three (3) months of full-time work experience will be awarded with a maximum of five (5) bonus points for consecutive work experience. Only work experience from the past five years will be considered for bonus points. Work experience will be evaluated by the program chair. No work experience points will be awarded for the ADN Bridge program because one year experience is required for all applicants.
- Bonus points may be awarded for completing designated courses at HGTC, OFTC and OFTC. One (1) point will be awarded for each designated course completed, with a maximum of three (3) bonus points possible.
- All students' total scores will be ranked from the highest to the lowest. Students with the highest total scores, a GPA of at least 3.0 and the minimum required testing score on PSB or TEAS will be accepted. The total number of students accepted is based on the number of available openings. If all seats are not filled through competitive requirements, consideration may be given to students who did not make the required GPA or testing cut scores based on the number of available seats.
- Re-entry or Transfer Students - Students who have been

unsuccessful or have withdrawn from an allied health program at HGTC, OFTC or OFTC or another TCSG college and desire to re-enroll must compete for re-entry. Transfer students must submit all transcripts by the specified application deadline to compete for admission.

- Re-entry to first semester - Students who wish to re-enroll in the first semester of a program must follow the same guidelines listed above. PSB/TEAS exam scores already on file in the Admissions Office will be used in calculating the total score using the formula above as long as the former PSB/TEAS test was taken within the last 12 months. Students will have to resubmit work verification forms. Students in programs that previously did not require PSB/TEAS scores must take the exam to be considered for re-entry into a program.
- Re-entry to other semesters: All students applying for re-entry into other semesters must first meet OFTC's first-term entry requirements. If ALHS, biology, and chemistry courses have been repeated, each grade within the previous five (5) years will be used in the GPA calculation. The highest attempt of other designated classes will be used in the GPA calculation. Students' GPAs will be ranked from the highest to the lowest based on the competitive process. Students with the highest ranking will be accepted, up to the maximum of available openings. This option is only available if vacant slots exist in the advanced program cohort for the semester student needs to re-enter.
- Students transferring into the Practical Nursing program will be required to successfully complete the applicable ATI (Assessment Technologies Institute) exam(s) with OFTC faculty prior to being allowed to compete for an advanced slot. The fee for the ATI exam must be paid with a credit card by the student at the time of testing.
- Applicants who feel that they were unjustly denied admission have the right to appeal any decision regarding acceptance to the dean for student affairs at the student's campus within three (3) business days of receiving notification of their admission status. The written document must include specific details supporting the appeal. A further appeal may be made to the vice president for academic and student affairs. This appeal also must be made via the admissions appeal process.
- If a student has been extended two offers of acceptance into a specific allied health program at the former HGTC, the former STC, or OFTC and did not complete the program, the student will be denied admittance into the program. Students who have extenuating circumstances may appeal the decision in writing via the admissions appeal process.
- All newly accepted Practical Nursing students will be required to attend an orientation session and a pharmacology tutorial session (Math Boot Camp) prior to the beginning of the Practical Nursing classes. Attendance to both events is mandatory. Any student not attending both may forfeit his/her slot.

passes the test for one of the required core classes for an allied health competitive program, then the exempted course will not be used for calculating the GPA for a competitive allied health program acceptance. Students may only exempt two courses in competitive allied health programs.

PSB/TEAS TESTING POLICY/PROCEDURES

- All candidates for entry or re-entry to OFTC's nursing programs must take the Test of Essential Academic Skills (TEAS). All candidates for entry or re-entry into OFTC's Radiologic Technology Program must take the PSB Allied Health Aptitude Exam. A minimum required score of 220 (PSB) for Radiologic Technology and Diagnostic Medical Sonography or 59.5 (TEAS for practical nursing) or 65 (TEAS for ADN Bridge) must be attained for a student to be eligible to compete.
- Candidates will be allowed to submit a maximum of two PSB/TEAS exam scores to admissions in an academic year. When a candidate has taken the exam more than once, the highest cumulative raw score on all five parts and which is earned on a single administration date will be utilized. PSB/TEAS results from other colleges must be submitted by the college to OFTC's Admissions Office and must be in the form of the PSB/TEAS student individual record. These scores must be received by the last day of OFTC classes preceding the semester of intended program admission.
- Candidates must wait a minimum of 30 days between the first and second PSB/TEAS administration.
- The PSB/TEAS score will be weighted at 50% of the candidate's overall score for competitive selection.
- The fee for taking the PSB exam will be \$35 (subject to change). The fee for taking the TEAS exam will be \$75 (subject to change). All fees must be paid prior to testing. The receipt for payment must be provided on test date.
- Candidates for PSB/TEAS testing must show a valid photo ID (driver's license or other government-issued ID) immediately prior to testing.

PROCEDURES:

- Assessment Center staff will establish sufficient PSB/TEAS administration dates and at varying times to be available and convenient to all candidates needing testing and/or retesting.
- Communication of PSB/TEAS dates to allied health candidates will be accomplished through the OFTC website Admissions page, an email to all OFTC student accounts at the first of each semester, and an email to Student Affairs and affiliated instructional faculty/staff/administration.
- Candidates for PSB/TEAS testing must schedule their

NOTE: If a student elects to take an exemption test and

appointments through the Assessment Centers on the North or South Campuses. Tests within a given semester will not be scheduled earlier than the first day of classes for that semester. Test appointments will be scheduled on a first-come, first-serve basis with a maximum of 24 candidates testing at each given time.

- It will be recommended to candidates (but not required) that they take the PSB/TEAS exam during their final semester of designated courses and/or following completion of those courses.
- Following PSB/TEAS testing, each first-time candidate is required to personally meet with Assessment Center staff for counseling and interpretation of his/her scores. Test scores for re-testers will be mailed.

ALLIED HEALTH TECHNICAL STANDARDS AND CLINICAL REQUIREMENTS

Oconee Fall Line Technical College has a moral and ethical responsibility to select, educate, and graduate competent and safe students/practitioners. The college has identified technical standards critical to the success of students in the Allied Health programs. These standards are designed not to be exclusionary, but to establish performance expectations that will enable students to provide safe professional practice with or without reasonable accommodations. All students enrolled in an Allied Health program will be asked to review the provided technical standards and clinical requirements and sign a form certifying they have read, understand, and are able to meet the standards and requirements as follows. The Allied Health programs are prepared to provide reasonable accommodations to accepted students who have documented disabilities. Students with disabilities who wish to request accommodations under the Americans with Disabilities Act must follow the college's procedures outlined in the Student Affairs section of the catalog prior to enrollment in program courses.

- Ability to work in a clinical setting eight to twelve hours a day performing physical tasks requiring physical energy without jeopardizing patient, self, or colleague safety.*
- Possess fine and gross motor function necessary to perform patient care activities with the ability to frequently reach, lift, and use manual dexterity in the manipulation and operation of equipment, accessories, as well as for the use/creation of immobilization devices.*
- Ability to assist in the transporting, moving, lifting and transferring of patients weighing up to 450 pounds from a wheelchair or stretcher, to and from beds, treatment tables, chairs, etc.*
- Ability to lift up to 50 pounds.
- Ability to communicate clearly (verbal, written, nonverbal, and technically), with all members of the health care team and patients. (Documented by satisfactory completion of general education requirements).
- Possess sufficient visual and hearing acuity to observe

lectures, demonstrations and clinical situations in the practice of health care professions. This is necessary to report visual observations of patients and equipment operations as well as to read patient's medical records and medical information. Aural acuity must be adequate enough to hear the patient during all phases of care as well as to perceive and interpret equipment signals. Tactile and somatic senses must be intact to provide appropriate responses and intervention.*

- Possess the emotional health required for full use of the intellectual abilities, demonstration of good judgment, prompt and safe completion of all responsibilities, and development of mature and effective relationships with faculty, classmates, preceptors, and patients. Additionally, students must demonstrate moral reasoning and ethical behaviors.*
- Have sufficient problem-solving skills to include measuring, calculating, reasoning, analyzing, evaluating, and synthesizing with the ability to perform these skills in a timely fashion. Periodic examinations, both written and practical, are an essential component of the health sciences curriculum. In order to progress through the curriculum, students must successfully fulfill examination requirements. (Documented by meeting program admission status)
- Must demonstrate clinical competency. The process of evaluation of the clinical performance is an essential component of the curriculum and participation in clinical experiences and evaluation are required.

* Documented by physical exam.

COMMERCIAL TRUCK DRIVING ADMISSION REQUIREMENTS

OFTC prefers to accept students 21 years of age or older for the Commercial Truck Driving program. Students aged 18 – 20 years old may operate a commercial truck only in the state of Georgia and, therefore, may have limited employment opportunities. All students are admitted to the program on a first-applied, first-qualified basis.

In order to be officially accepted into the CTD Program at Oconee Fall Line Technical College, students must complete the following steps:

- Complete all Oconee Fall Line Technical College admissions procedures.
- Students under 21 must complete an acknowledgment form stating that they understand the restrictions on employment and training opportunities in the trucking industry.
- After obtaining acceptable scores on the placement test, students must obtain a seven-year Motor Vehicle Report (MVR) from the Georgia Department of Driver Services.
- Applicants must have a valid Georgia driver's license and have no more than eight points (or five points in one year) or four moving violations on the Georgia Violator Scale.

Furthermore, applicants can have no more than one DUI, Controlled Substance Conviction, or Open Container, and none in the past five years. After the MVR is approved, the following conditions must be met:

- After obtaining CDL permit, students must successfully pass a NIDA 5 drug screen.
- Applicants must pass the Department of Transportation (DOT) physical examination.

TRANSPORTATION DEPARTMENT

DISQUALIFYING CONDITIONS

1. Loss of use of extremity. Loss of use of a foot, leg or arm, subject to a Skill Performance Evaluation of ability to safely control and operate a commercial motor vehicle even with a prosthetic limb.
2. Diabetes. Medical history of clinical diagnosis of diabetes currently requiring insulin. Diabetics whose condition is controlled with oral medication and diet may qualify.
3. Cardiovascular. Current clinical diagnosis of myocardial infarction, angina pectoris, coronary insufficiency, thrombosis, or any other cardiovascular disease of a variety known to be accompanied by syncope, dyspnea, collapse, or congestive cardiac failure. Coronary artery bypasses & pacemakers are not disqualifying, but implantable cardioverter defibrillators (ICD) are disqualifying due to risk of syncope.
4. Respiratory. Established medical history or clinical diagnosis of a respiratory dysfunction likely to interfere with the ability to control and drive a commercial motor vehicle safely. Examples of disqualifying respiratory conditions are emphysema, chronic asthma, carcinoma, tuberculosis, chronic bronchitis and sleep apnea.
5. Hypertension. Any detection of hypertension requires frequent rechecks. A blood pressure of 180 (systolic) and 110 (diastolic) or higher is considered Stage 3, at high risk for an acute event such as a stroke. The driver with Stage 3 hypertension may not be qualified, even temporarily, until reduced to equal to or less than 140/90 and treatment is well tolerated, and thereafter rechecked every six months.
6. Other physical limitations. Clinical diagnosis of rheumatic, arthritic, orthopedic or vascular disease which interferes with ability to control and operate a motor vehicle. This would include, but not limited to, known to have acute episodes of transient muscle weakness, poor muscular coordination (ataxia), abnormal sensations (paresthesia), decreased muscle tone (hypotonia), visual disturbances and pain which may be suddenly incapacitating. Medical examiners must evaluate the severity and the likelihood of impairment affecting safe operation.
7. Epilepsy. Established medical history or clinical diagnosis of epilepsy or other condition known to cause loss of consciousness. Single episodes of non-epileptic seizure or loss of consciousness are evaluated regarding likelihood of recurrence, with a six-month waiting period highly recommended. Drivers with a history of epilepsy/seizures off antiseizure medication and seizure-free for 10 years may be qualified to operate a CMV in interstate commerce. Interstate drivers with a history of a single unprovoked seizure may be qualified to drive a CMV in interstate commerce if seizure-free and off antiseizure medication for a 5-year period or more.
8. Psychiatric. Mental, nervous or functional disease or psychiatric disorder. This is often a subjective evaluation and easily overlooked by medical examiners.
9. Vision. Must have corrected vision of at least 20/40 in both eyes. One who is blind in one eye cannot qualify.
10. Hearing. Must be able to perceive a forced whispered voice in the better ear at not less than five feet with or without the use of a hearing aid. If tested by use of an audiometric device, must have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz and 2,000 Hz with or without a hearing aid.
11. Uses a Schedule I drug or other narcotic, with a narrow exception for prescribed medications. Exception: A driver may use such a substance or drug if the substance or drug is prescribed by a licensed medical practitioner who: is familiar with the driver's medical history and assigned duties and has advised the driver that the prescribed substance or drug will not adversely affect the driver's ability to safely operate a commercial motor vehicle.
12. Current diagnosis of alcoholism.

Oconee Fall Line Technical College's Commercial Truck Driving Program is prepared to provide reasonable accommodations to students who have documented disabilities. Students with disabilities who wish to request accommodations under the Americans with Disabilities Act must follow the college's procedures outlined in the Student Affairs section of the catalog prior to enrollment in program courses.

TRANSPORTATION DIVISION DRUG AND ALCOHOL TESTING PROCEDURE

Overview

Oconee Fall Line Technical College's Transportation programs are committed to providing a safe environment and fostering the well-being and health of its students and employees. For purposes of this procedure, the programs will be referred to as Commercial Truck Driving (CTD). That commitment is jeopardized when any student of the college illegally uses drugs, comes to school under the influence, possesses, manufactures, distributes or sells drugs or abuses alcohol while enrolled at Oconee Fall Line Technical College, hereinafter referred to as OFTC. In accordance with Federal Motor Carrier Safety Regulation Part 382, the following procedure has been established.

It is our procedure to (1) assure that students are not impaired in their ability to perform assigned duties in a safe, productive, and healthy manner; (2) create a learning environment free from the adverse effects of drug abuse and alcohol misuse; (3) prohibit the unlawful manufacture, distribution, dispensing, possession, or use of controlled substances; and (4) to encourage students to seek professional assistance at any time with personal problems, including alcohol or drug dependency, that adversely affect their ability to perform their assigned duties.

Students who fail to follow or violate any of the provisions of this procedure will be dismissed from the CTD program for one full semester before being eligible to reapply to the program. Violation of this procedure a second time will result in permanent dismissal from the program. **Any student who violates any of the provisions set forth in this procedure will also receive a course grade of "F" for the course(s) currently enrolled and of which a grade has not already been earned/recorded and a grade of "0" for work ethics.**

Purpose

The purpose of this procedure is to assure student fitness for school and to protect our students, employees, and the public from the risks posed by the misuse of alcohol and use of prohibited drugs. This procedure is also intended to comply with all applicable federal regulations governing workplace drug and alcohol programs in the transportation industry. The Federal Motor Carrier Safety Administration (FMCSA) of the U.S. Department of Transportation has published 49 CFR Part 40, as amended, that sets standards for the collection and testing of urine and breath specimens. In addition, the federal government published 49 CFR Part 29, "The Drug-Free Workplace Act of 1988," which requires the establishment of drug-free workplace policies and the reporting of certain drug-related offenses. This procedure incorporates those requirements for safety sensitive students and others when so noted.

Applicability

This procedure applies to all OFTC CTD students when they are on OFTC property or when performing ANY OFTC-related business including off-site instructional activities. This procedure also applies to off-site lunch periods or breaks when a student is scheduled to return to class.

Participation as a Requirement of Enrollment

Students will not be allowed to perform safety sensitive functions in the CTD program or continue in the program without participating in mandatory drug testing and/or random drug/alcohol testing. Students must show a photo I.D. before testing.

Prohibited Substances

Prohibited substances addressed by this procedure include the following:

ILLEGALLY USED CONTROLLED SUBSTANCES OR DRUGS

The use of any illegal drug or any substance identified in Schedules I through V of Section 202 of the Controlled Substance Act (21 U.S.C. 812), as further defined by 21 CFR 1300, 11 through 1300.15 is prohibited at all times unless a legal prescription has been written for the substance. This includes, but is not limited to: marijuana, amphetamines, opiates, phencyclidine (PCP), and cocaine, as well as any drug not approved for medical use by the U.S. Drug Enforcement Administration or the U.S. Food and Drug Administration. Illegal use includes use of any illegal drug, misuse of legal prescribed drugs (reviewed by a medical review officer), and use of illegally obtained prescription drugs.

LEGAL DRUGS

The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, the use of any substance that carries a warning label that indicates that mental functioning, motor skills, or judgment may be adversely affected must be reported to the drug and alcohol testing center. In addition, the student must obtain a written release from the attending physician releasing the person to perform his/her school duties any time he/she obtains a performance altering prescription.

A legally prescribed drug means that an individual has a prescription or other written approval from a physician for the use of a drug in the course of medical treatment. It must include the patient's name, the name of the substance, quantity/amount to be taken, and the period of authorization. The misuse or abuse of legal drugs while performing college business is prohibited. **According to FMCSA (DOT) regulation Part 382.213 (a), "No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substance, except when the use is pursuant to the instructions of a licensed medical practitioner, as defined in §382.107, who has advised the driver that the substance will not adversely affect the driver's ability to safely operate a commercial motor vehicle."**

ALCOHOL

The use of beverages containing alcohol or substances including any medication, mouthwash, food, candy, or any other substance such that alcohol is present in the body while performing classroom activities is prohibited. The concentration of alcohol is expressed in terms of alcohol per 210 liters of breath as measured by an evidential breath testing device.

Prohibited Behavior:**MANUFACTURE, TRAFFICKING, POSSESSION AND USE**

CTD students are prohibited from engaging in the unlawful manufacture, distribution, dispensing, possession, or use of prohibited substances on college premises, in OFTC owned/leased vehicles, or at an off-site instructional activity. Students who violate this provision will be dismissed from the CTD program for one full semester before being eligible to reapply. Law enforcement may be notified, as appropriate, where criminal activity is suspected.

INTOXICATION/UNDER THE INFLUENCE

Any CTD student who is reasonably suspected of being intoxicated, impaired, under the influence of a prohibited substance, or not fit for school shall be suspended from school duties pending an investigation and verification of condition. Students found to be under the influence of a prohibited substance or who fail to pass a drug or alcohol test shall be dismissed from the CTD program for one full semester before being eligible to reapply. A drug or alcohol test is considered positive if the individual is found to have a quantifiable presence of a prohibited substance in the body above the minimum thresholds defined in 49 CRF Part 40, as amended.

ALCOHOL USE

No CTD student shall report to OFTC or any off-site instructional activity when his/her ability to perform assigned safety sensitive functions is adversely affected by alcohol or when his/her breath alcohol concentration is 0.01 or greater. No CTD student shall use alcohol while at OFTC or any off-site instructional activity. CTD students shall not use alcohol within eight (8) hours of reporting for class or during the hours that they are in class. Violation of these provisions is prohibited and punishable by dismissal from the CTD program for one full semester before being eligible to reapply.

COMPLIANCE WITH TESTING REQUIREMENTS

All CTD students will be subject to urine drug testing as a condition of program enrollment. Any CTD student who refuses to comply with a request for testing shall be dismissed. Any CTD student who is suspected of providing false information in connection with a test, or who is suspected of falsifying test results through tampering, contamination, adulteration, or substitution will be required to undergo an observed collection at the student's expense. Verification of a positive test will result in the student being dismissed from the CTD program for one full semester before being eligible to reapply. Refusal can include an inability to provide a sufficient urine specimen, saliva sample, or a breath sample without a valid medical explanation, as well as a verbal declaration, obstructive behavior, or physical absence resulting in the inability to conduct the test.

BEHAVIOR THAT CONSTITUTES A REFUSAL TO A TEST

Failure to submit to a required substance abuse test within the required timeframe or submitting a verified adulterated or substitute drug test constitutes a refusal and will be viewed as a positive result:

“Such behavior includes refusal to take the test (382.211); inability to provide sufficient quantities of breath, saliva, or urine to be tested without a valid medical explanation; tampering with or attempting to adulterate the specimen; interfering with the collection procedure; not immediately reporting to the collection site; failing to remain at the collection site until the collection process is complete; having a test result reported by an MRO as adulterated or substituted; or leaving the scene of an accident without a valid reason before the tests have been conducted.”

TREATMENT REQUIREMENTS

All students are encouraged to make use of the available resources for treatment for alcohol misuse and/or illegal drug use problems. The cost of any treatment or rehabilitation services will be borne by the student. Students who test positive will be dismissed from the CTD program and provided with contact information of an approved DOT Substance Abuse Professional for assessment at the students' expense.

PROPER APPLICATION OF THE POLICY

OFTC is dedicated to assuring fair and equitable application of this substance abuse procedure. Therefore, supervisors/instructors are required to use and apply all aspects of this procedure in an unbiased and impartial manner. Any supervisor/instructor who knowingly disregards the requirements of this procedure, or who is found to deliberately misuse the procedure in regard to students, shall be subject to disciplinary action, up to and including termination.

Testing Procedures:

Students are required to pay a \$55.00 fee to have a DOT drug/alcohol screening test, which is scheduled by OFTC. All drug and alcohol tests for the Commercial Truck Driving program of OFTC will be performed by a college-approved drug and alcohol testing company, which is an approved DOT certified collection site.

Additional fees will apply for the following situations. **(Fees are subject to change.)**

1. Students who test positive on a reasonable suspicion, post-accident and/or random drug test will be charged an additional \$55.00.
2. Students who refuse to have a drug test will be charged an

additional \$15.

3. Students who are mandated or requested to have an observed specimen will have an additional charge of \$15.
4. Students who report for testing not within normal operating hours will be charged an additional \$10 per hour charged on the quarter hour.
5. **Students, who notify the Medical Review Officer (MRO) of their desire to request a split sample test and subsequently change their mind, are responsible for the \$300-\$500 retesting cost, if they do not contact the MRO within the specified timeframe of their intent to cancel the request.**

Analytical urine drug testing and breath testing for alcohol may be conducted when circumstances warrant or as required by federal regulations. While enrolled in the CTD program, all students shall be subject to drug testing, for reasonable suspicion, and following an accident as defined in the Post Accident Section of this procedure. CTD students shall also be subject to drug and alcohol testing on a random, unannounced basis. Testing shall be conducted in a manner to assure a high degree of accuracy and reliability and using techniques, equipment, and laboratory facilities which have been approved by the U.S. Department of Health and Human Service (DHHS). All testing will be conducted consistent with the procedures put forth in 49 CFR Part 40 as amended.

Controlled Substance test will be a NIDA 5 split specimen. The drugs that will be tested for include marijuana, cocaine, opiates, amphetamines, and phencyclidine. An initial drug screen will be conducted on each urine specimen. For those specimens that are positive, a confirmatory Gas Chromatography/Mass Spectrometry (GC/MS) test will be performed. The test will be considered positive if the amounts present are above the minimum thresholds established in 49 CFR Part 40, as amended. In instances where there is a reason to believe a student is abusing a substance other than the five drugs listed above, OFTC reserves the right to test for additional drugs under its own authority using standard laboratory testing protocols.

Tests for breath alcohol concentration will be conducted utilizing a National Highway Traffic Safety Administration (NHTSA) approved testing device operated by a trained technician. If the initial test indicates an alcohol concentration of 0.02 or greater, a second test will be performed to confirm the results of the initial test. The confirmatory test will be performed using a NHTSA approved evidential breath testing device (EBT) operated by a trained breath alcohol technician.

Any CTD student that has a confirmed positive drug or alcohol test will be dismissed from the CTD program and informed of educational and rehabilitation programs available. OFTC affirms the need to protect individual dignity, privacy, and confidentiality throughout the testing process. The privacy of individuals taking these tests will be maintained consistent with policies of OFTC, and records will be maintained by the academic affairs office. No student will be notified of any results until his/her identity has

been verified.

Student Requested Testing

Any CTD student who questions the results of a required drug test may request that the split sample be tested. The student has to request the split specimen be sent to another DHHS-certified laboratory for analysis. The test must be conducted on the split sample that was provided by the student at the same time as the original sample. All costs for such testing are paid by the student. The method of collecting, storing, and testing the split sample will be consistent with the procedures set forth in 49 CFR Part 40, as amended.

Students who test positive will be contacted by the Medical Review Officer from the DOT-approved lab. If the student is unavailable and an answering machine is available, a message will be left with a telephone number for the student to return the call. If no contact is made, the Medical Review Officer will attempt to call the student several times. If unsuccessful, the Medical Review Officer will contact the OFTC Academic Affairs office with the results. The student's request for a split sample test must be made to the Medical Review Officer within 72 hours of notice of the original sample verified test result. The request may be verbal or in writing. Requests after 72 hours will only be accepted if the delay was due to documentable facts that were beyond the control of the student. Failure to respond to a medical review officer regarding drug/alcohol test results will result in a positive reading which will result in dismissal from the program.

Pre-Employment Drug Testing

All CTD students will undergo testing for the presence of drugs. After acceptance into the program, students will be notified when to report for drug/alcohol testing.

Students will be required to submit voluntarily to a urinalysis, and by signing consent, will release OFTC from liability. The cost for this test will be paid by the student.

REASONABLE SUSPICION TESTING

All CTD students may be subject to a "fitness for school" evaluation, and urine and/or breath testing when there are reasons to believe that drug or alcohol use is adversely affecting class performance. A reasonable suspicion referral for testing will be made on the basis of documented objective facts and circumstances which are consistent with the short-term effects of substance abuse or alcohol misuse. Examples of reasonable suspicion include, but are not limited to, the following:

1. Physical signs and symptoms consistent with prohibited substance use or alcohol misuse.
2. Evidence of the manufacture, distribution, dispensing, possession, or use of controlled substances, drugs, alcohol, or other prohibited substances.
3. Occurrence of a serious or potentially serious accident that may have been caused by prohibited substance

abuse or alcohol misuse.

4. Fights (to mean physical contact), assaults, and flagrant disregard or violations of established safety, security, or other operating procedures.

Reasonable suspicion referrals must be made by an OFTC administrator and/or instructor who is trained to detect the signs and symptoms of drug and alcohol use and who reasonably concludes that a student may be adversely affected or impaired in his/her classroom performance due to possible prohibited substance abuse or alcohol misuse. If the test is positive, the student is responsible for the cost of the test and the student will be dismissed from the CTD program. If the test is negative, OFTC will assume the cost.

POST-ACCIDENT TESTING

All CTD students will be required to undergo drug and alcohol testing if they are involved in an accident with an OFTC owned/leased vehicle which results in a fatality or involved in a non-fatal accident resulting in bodily injury of a person and they receive medical treatment away from the scene, or one or more motor vehicles incur disabling damage and has to be towed and the driver receives a citation under state or local law for a moving traffic violation arising from the accident. This includes all surviving CTD students that are operating in the vehicle and any others whose performance could have contributed to the accident. If the test is positive, the student is responsible for the cost of the test and the student will be dismissed from the CTD program. If the test is negative, OFTC will assume the cost.

Following an accident, the CTD student will be tested at the nearest approved location as soon as possible, but not to exceed eight hours for alcohol testing and 32 hours for drug testing. Any CTD student involved in an accident must refrain from alcohol use for eight hours following the accident or until he/she undergoes a post-accident alcohol test. Any CTD student who leaves the scene of the accident without justifiable explanation prior to submission to drug and alcohol testing will be considered to have refused the test and their enrollment in CTD is terminated. Students tested under this provision will also include any other covered student whose performance could have contributed to the accident.

RANDOM TESTING

Students in CTD will be subject to unannounced drug and alcohol testing. The selection of students for random drug and alcohol testing will be made using a scientifically valid method that ensures each covered student that he/she will have an equal chance of being selected each time selections are made. The random tests will be unannounced and performed while the student is enrolled in CTD classes.

If the test is positive, the student is responsible for the cost of the test and the student will be dismissed from the CTD program. If the test is negative, OFTC will assume the cost with the exception of a split sample drug test that the student

requests. Students will be directed to a specified site and must report for random testing within one hour from time of notification unless the student is on the road and is to be notified after coming off the road.

Students who are selected in a random pool but subsequently are withdrawn for an attendance violation must be tested if the student appeals and is reinstated into the program. Students will be notified of the date/time of testing.

RETURN-TO-SCHOOL, FOLLOW-UP TESTING

Students who fail to follow or violate any of the provisions of this procedure will be dismissed from the CTD program for one full semester before being able to reapply to the program. All CTD students who previously tested positive on a drug or alcohol test must attend drug/alcohol rehabilitation prior to reapplying to the CTD program. Students must test negative (below 0.02 for alcohol) on a return-to-school test and be evaluated and released by the Substance Abuse Professional before returning to school. Documentation (signed by a substance abuse professional) of rehabilitation training must be submitted at the time of student reapplying to school. A student who violates this procedure a second time will result in permanent dismissal from the program.

SUBSTANCE ABUSE ASSESSMENT

Any CTD student who tests positive for the presence of illegal drugs or alcohol above the minimum thresholds set forth in 49 CRF Part 40, as amended, is dismissed from OFTC, and referred for evaluation by an approved DOT Substance Abuse Professional (SAP). A SAP is a licensed or certified physician, psychologist, social worker, employee assistance professional, or addiction counselor with knowledge of and clinical experience in the diagnosis and treatment of alcohol-related disorders or drug abuse. The SAP will evaluate each student to determine what assistance, if any, the student needs in resolving problems associated with prohibited drug use or alcohol misuse. This will be at the student's expense.

Assessment by a SAP or participation in a Substance Abuse Program does not shield a student from disciplinary action or guarantee reinstatement to the CTD program at OFTC.

If a CTD student is allowed to return to the CTD program, he/she must properly follow the rehabilitation program prescribed by the SAP. The student must have negative return-to-school drug tests and be subject to unannounced follow-up testing as required by SAP. The cost of the drug tests and any treatment or rehabilitation services will be paid directly by the student.

CONSEQUENCES FOR DRIVERS WITH AN ALCOHOL CONCENTRATION OF 0.02 OR GREATER

The consumption or possession of alcoholic beverages on OFTC premises, in OFTC owned/leased vehicles, or while

engaging in any off-site instructional activity is prohibited. A student whose normal faculties are impaired due to the consumption of alcoholic beverages, or whose blood alcohol level tests 0.02 or greater shall be guilty of violating procedure and will be dismissed from the CTD program. The student will be able to reapply to the program after one full semester. A student whose blood alcohol level tests 0.04 or greater must attend alcohol rehabilitation through an approved DOT Substance Abuse Professional (SAP) prior to reapplying to the program. The student is responsible for the cost of the rehabilitation. Documentation (signed by a substance abuse professional) must be submitted at the time of reapplication. A second violation of this procedure will result in permanent dismissal from the program.

CONSEQUENCES OF USE OF CONTROLLED SUBSTANCES AND MISUSE OF ALCOHOL

Failure to follow the policies contained herein will result in dismissal from the program, program failure, and possible legal action. ***It is the procedure of Oconee Fall Line Technical College that any student who violates any of the provisions set forth in this procedure will also receive a course grade of "F" for the course(s) currently enrolled and of which a grade has not already been earned/recorded and a grade of "0" for work ethics.***

RE-ENTRY CONTRACTS

Students who re-enter the Commercial Truck Driving program must agree to the following and be responsible for ensuring that all stipulations are met. That contract may include (but is not limited to):

1. A release to work statement from the Substance Abuse Professional,
2. A negative test for alcohol/drugs.
3. Unannounced frequent follow-up testing as required by SAP.
4. Follow specified after care requirements with the understanding that violation of the re-entry contract is grounds for dismissal.

INFORMATION DISCLOSURE

1. OFTC shall release information regarding a covered student's record as directed by specific, written consent from the student authorizing release of the information to an identified person.
2. A covered student is entitled, upon written request, to obtain copies of any record pertaining to his/her use of prohibited substances, including any records pertaining to his/her test results.
3. OFTC may disclose information that is required to be maintained to the decision maker in a lawsuit, grievance,

or other proceeding initiated by or on behalf of the student tested without the student's written permission.

4. When requested by the National Transportation Safety Board as part of an accident investigation, OFTC shall disclose information related to its administration of drug and alcohol tests following the accident investigation.
5. Records shall be made available to subsequent employers upon receipt of written request from the student.
6. OFTC shall disclose data for its drug and alcohol testing program and any other information pertaining to its anti-drug program, when requested by the Secretary of Transportation or any DOT agency with regulatory authority over OFTC.

Admissions Residency Requirements

TCSG RESIDENCY PROCEDURE

A. Each technical college shall be responsible for the verification of the lawful presence in the United States of every successfully admitted student applying for Georgia resident tuition status as required by state and federal immigration laws. Verification procedures shall comply with O.C.G.A. § 50-36-1.

B. Determining a student's residency status must be based on the existence of surrounding objective circumstances that indicate a student's intent to maintain a permanent presence, or Domicile, in the State of Georgia. No single factor is conclusive. Similarly, there is no predetermined number of factors required to be met. The following indicators may be considered when documenting the Domicile of an individual, but this is not an exhaustive list:

- Location of employment.
- Location of voter registration.
- Location of property, including home purchase, and taxes paid thereon.
- State for which the individual filed and paid state income taxes.
- Address and other information on federal and state income tax returns.
- State where the person's automobile title is registered and the payment of property taxes thereon.
- Address on driver's license and state of issuance.
- Address on the Georgia Driver's License Bureau ID.
- Reason for initially coming to Georgia.
- State of issuance of business, professional, or other licenses.
- Location of checking, savings, or other banking accounts.
- Citizenship Requirements:
 - o A student meets the Citizenship Requirements, for purposes of this procedure and the related policies, if he or she is a United States Citizen, born or naturalized.
 - o A student meets the Citizenship requirements, for purposes of this procedure and the related policies, if he or she is an Eligible Non-Citizen, according to the Federal Title IV definition.
 - o Ineligible Non-Citizens: A Non-Citizen cannot qualify for in-state tuition. However, in the discretion of the President of the college the international tuition may be waived in favor of an out-of-state tuition rate for a Non-Citizen who has been verified as lawfully

present in the United States in accordance with state and federal immigration laws.

C. Georgia Residency

1. Dependent Students:

- A Dependent Student meets the Georgia Residency Requirements, for purposes of this procedure and the related policies, if his or her Parent has established and maintained Domicile in the State of Georgia for at least 12 consecutive months immediately preceding the first day of classes of the school term for which the student is seeking in-state tuition, and
- Such student graduated from an Eligible High School located in the State of Georgia; or
- The Parent claimed the student as a dependent on the Parent's most recent federal income tax return.
- A Dependent Student meets the Georgia Residency Requirements, for purposes of this procedure and related policies, if a United States court-appointed Legal Guardian has established and maintained Domicile in the State of Georgia for at least 12 consecutive months immediately preceding the first day of classes of the school term for which the student is seeking in-state tuition, provided that the appointment was not made to avoid payment of Out-of-State Tuition.

2. Independent Students:

- An Independent Student meets the Georgia Residency requirements, for purposes of this procedure and the related policies, if he or she has established and maintained Domicile in the State of Georgia for at least 12 consecutive months immediately preceding the first day of classes of the school term for which the student is seeking In-State Tuition.
- It is presumed that no Independent Student shall have gained or acquired Georgia Residency, for purposes of this procedure and the related policies, while attending a TCSG college without clear evidence of having established a Domicile in the State of Georgia for purposes other than attending a TCSG college.

D. Retaining Georgia Residency

- Dependent Students: If the Parent or United States court-appointed Legal Guardian of a Dependent Student who was correctly determined to meet Georgia Residency requirements for the purposes of this procedure and the related policies, establishes Domicile outside the State of Georgia, such student shall continue to retain his or her status as a Georgia Resident, for

purposes of this procedure and the related policies, as long as such student remains Continuously Enrolled in a TCSG college.

- Independent Students: If an Independent Student who was correctly determined to meet Georgia Residency requirements, for purposes of this procedure and the related policies, temporarily relocates outside the State of Georgia, but returns to the State of Georgia within 12 months, such student shall retain his or her status as a Georgia Resident, for purposes of In-State Tuition.

E. Eligibility for Out-of-State Tuition Exemption:

Students in the following classifications are eligible for Out of State Tuition Exemption. These exemptions do not affect the student's eligibility for the HOPE Scholarship or Grant, except for exemptions for military personnel and their dependents as provided for in the GSFC regulations:

- Employees and their children who move to Georgia for employment with a new or expanding industry as defined in OCGA 20-4-40;
- Full-time employees of the Technical College System of Georgia, their spouses, and dependent children;

- Students who are Domiciled in out-of-state counties bordering on Georgia counties and who are enrolled in a Technical College with a local reciprocity agreement;
- Career consular officers and their dependents that are citizens of the foreign nation which their consular office represents, and who are living in Georgia under orders of their respective governments. This exemption shall apply only to those consular officers whose nations operate on the principle of educational reciprocity with the United States.
- Members of a uniformed military service of the United States who, within thirty-six (36) months of separation from such service, enroll in an academic program and demonstrate an intent to become domiciled in Georgia. This exemption may also be granted to their spouses and dependent children. This exemption also applies to recipients of transferred GI Bill benefits who within thirty-six months of the transferor's separation from the uniformed military service of the United States enroll in an academic program and demonstrate an intent to

become domiciled in Georgia. An individual or former service member so described retains the exemption if enrolled at the expiration of the thirty-six-month window and remains continuously enrolled (other than during regularly schedule breaks) and uses educational benefits, even if the student enrolls in multiple programs.

- Students using transferred GI Bill while the transferor is on active duty who demonstrate an intent to become domiciled in Georgia and students using the Marine Gunnery John David Fry Scholarship who demonstrate an intent to become domiciled in Georgia.
- Students who are described as covered individuals in 38 U.S.C. 3679(c)
- Students who are dually enrolled and participating in Dual Enrollment.

Notwithstanding any provision in this procedure, no person who is unlawfully present in the United States shall be eligible for any exemption of the tuition differential.

International Students

Oconee Fall Line Technical College is not authorized to issue I-20Ms for student visas.

Program Transfers

Students have the option of transferring from one program to another while enrolled at the college, provided the student has the necessary qualifications for transfer and a vacancy is available in the program. Students interested in transferring to a different program should first contact the Admissions Office to initiate a program transfer and obtain information about the intended program. Next, a student may meet with the Financial Aid Office to obtain information about how the change may affect financial aid. Finally, students still interested in transferring to a different program should return to the Admissions Office for completion of the program transfer. In the event a student declares a change of programs, the student's previously earned credits will be evaluated in terms of the new program. Program transfer priority dates are the same as the Financial Aid priority dates which are listed on the OFTC calendar. Students must complete a change of program request form available in the Admissions Office.

Records and Registration

Registration Eligibility

Students who have received an official letter of acceptance to the institution and continuing students not on academic suspension may register for classes. Students enrolling under the special admission provisions are also eligible to register for certain classes.

Applicants will not be approved for academic advisement and/or registration until formally accepted by the director of admissions, nor will they be permitted to attend classes until registration has been completed.

Registration Procedures for Credit Classes

Registration for credit classes occurs in three phases at Oconee Fall Line Technical College:

- Advisement and Advanced Registration for currently enrolled students
- Advisement and Registration for new students

Advanced Registration

This is a restricted registration held only for currently enrolled students approximately three weeks prior to the start of classes. Specific registration dates for returning students will be posted. In order to register, students must make an appointment with their advisor and then students may register via BannerWeb. Students should keep a copy of the unofficial schedule of classes as a reference for the first day of classes for the next semester.

A returning student cannot register for classes unless an advisor approves the student's schedule of classes. Therefore, a returning student who did not participate in advanced registration must participate in new student registration or final registration.

Registration Errors

It is the student's responsibility to complete the proper forms and procedures for registration or changes to registration and to verify that his or her schedule of classes is correct. The Registrar's Office cannot be held responsible for errors resulting from the student's failure to execute the proper procedure or verify his or her schedule at the time it is received. Any problems experienced at registration should be reported immediately to the registrar.

Matriculation

Registration is not complete until tuition and fees are paid. Students who receive any type of financial aid must ensure that all the proper paperwork is complete and returned to the Financial Aid Office by the posted priority date. Students will be dropped from the courses for which they have attempted to register if tuition and fees are not paid by the last day to pay noted in the OFTC calendar.

Full-Time Student Status

A student must be registered for a minimum of 12 semester credit hours to be considered a full-time student. Students may request documentation of full-time status from the National Student Clearinghouse.

Dropping/Adding Courses

OFTC provides a three-day No Harm, No Foul drop period for all students. Students who are officially withdrawn from courses by the end of the third instructional day of the semester will receive no grade for the course and 100% refund of applicable tuition and fees. Tuition and fees for courses dropped after the three-day refund period are NOT refundable. This deadline is strictly enforced.

To add a course, a student must:

- Contact the instructor teaching the course
- The instructor, advisor, or student will add the student to the course via BannerWeb by the close of business by the 3rd day of the term.

Students who add a course may owe additional tuition and fees (See Tuition and Fee Schedule).

To drop a course, a student must notify the instructor or the advisor teaching the class by the end of the 3rd instructional day of the semester.

Courses dropped during this period will not appear on the student's official academic record and will not be calculated in the course load for financial aid purposes unless the student purchased books. A student who drops a course may be due a refund (See Refund Policy).

Withdrawal Procedures

Through the end of the last day of the semester, a student may withdraw from a course. To withdraw from a course, a student must notify the instructor teaching the course he/she intends to withdraw. The instructor will assign a "W" if the withdrawal day is on or before midterm. If the withdrawal occurs after midterm

of the semester and the student has a "60" or higher average the instructor will assign a "WP." If the withdrawal occurs after midterm of the semester and the student has a "59" or lower average, the instructor will assign a "WF." However, if the withdrawal occurs after 80% of the term, regardless of the grade in the course, the grade will be a "WF."

A student will be administratively withdrawn by an instructor if the student does not comply with the attendance procedure outlined in the course syllabus.

A student withdrawing from a course after the Drop/Refund period and on or before the midterm date of the semester will receive a grade of "W." A student who withdraws from a course after the midterm date will be assigned a "WP" or a "WF." A student who withdraws from a course by the end of the third instructional day of the semester may be due a refund of tuition. Students on financial aid should be aware that a drop or withdrawal might affect their financial aid. Failure to withdraw from any course may result in a grade failure and loss of financial aid.

Unofficial Withdrawals

Students receiving federal financial assistance who do not pass any courses and who do not officially withdraw from the college are considered "unofficially withdrawn". The following process is used to determine if students never attend class and/or withdraw unofficially, and to determine repayments due back to aid programs.

1. A final grade of "WF" is assigned by instructors failing students due to non-attendance or non-completion of coursework. When instructors assign a "WF" grade, they are **required** to report the last known date of attendance.
2. The Registrar creates an exception report of all federal financial aid recipients with all "F", "W", and "WF," and notifies the Financial Aid Office of students who have unofficially withdrawn.
3. If no last date of attendance is known, it is assumed to be the 80% point of the session(s), and the student will be issued a grade of "WF".
4. Once the withdrawal date is determined, the Financial Aid Office calculates the amount that must be returned to aid programs by the College and the student, in accordance with federal regulations and College policy.

Military Withdrawal

Oconee Fall Line Technical College is authorized to reimburse all tuition and fees paid by students who are required to withdraw from courses as a result of being called into active duty or relocated in response to national emergencies.

In the event of a military emergency whereby a student who is in the Armed Services, the National Guard or an Armed Forces reserve is activated or otherwise called to duty and as a result may no longer attend class(es), such student may within a reasonable time withdraw from the college. Documentation

of such military service must be provided from an appropriate military official. **Students who received financial aid may be required to pay the award back to OFTC.**

Attendance

Regular and punctual attendance is an important part of preparing a student for employment and is often a critical factor when employers review a student's record. Absences seriously disrupt a student's orderly progress in a course and significantly diminish the quality of group interaction in class. Regular and punctual attendance in all classes is the student's responsibility. Attendance is counted from the first scheduled class meeting of each semester. Absence from class for any reason does not excuse a student from full responsibility for class work or assignments missed. The student is still responsible for preparing assignments for the next class meeting and for completing all work missed in accordance with the course syllabus.

All class meetings are important and require that a student abide by the attendance policies adopted for individual classes by instructors. Specific course attendance policies and penalties imposed for absences are left to the discretion of individual instructors. Programs governed by state and federal licensing agencies may have more specific attendance policies to which students must adhere. **The attendance policy will be stated in the course syllabus, which is distributed to students at the beginning of the semester in each class. The instructor will withdraw students from the course if they exceed the maximum number of permitted absences as defined by the course syllabus.** Excessive absenteeism and tardiness impact work ethics evaluations and may affect course grades. If the withdrawal date occurs prior to or on midterm/midcourse, the student will receive a grade of "W." If the withdrawal occurs after midterm/midcourse and by 80% of the semester and the student has a "60" or above average, the grade is "WP;" if the withdrawal occurs after 80% of the semester, the grade is "WF." Students will not be penalized when they are absent due to attending pre-approved college-related activities. However, the student is responsible for making up missed work within the specified time period in accordance with the course syllabus at the convenience of the instructor. **Students who miss more than the allotted number of scheduled class days indicated in the course syllabus will be withdrawn**

ONLINE COURSES

The mistake most students make about online learning is in thinking they only have to log on once a week. To receive credit for accessing (attending) the class, students must log into Blackboard and then click on each course they are taking. Just logging into Blackboard does not count for attendance. Many courses require submission of work as proof of attendance.

The recommendation is to check the site at least equal to the number of contact hours for the course, just like attending class on campus on a regular basis. For example, if the class is a 5 contact hour class, this would be the minimum number of times per week to log on to check announcements, complete assignments, etc.

The instructor will withdraw students from the course if they exceed the maximum number of permitted absences as defined by the course syllabus. Excessive absenteeism and tardiness impact work ethics evaluations and may affect course grades. If the withdrawal date occurs prior to midterm/midcourse, the student will receive a grade of "W." If the withdrawal occurs between midterm/midcourse and 80% of the semester and the student has a "60" or above average, the grade is "WP;" if the withdrawal occurs after 80% of the semester, the grade is "WF."

ATTENDANCE APPEAL PROCESS

Students should **FIRST** discuss attendance matters with their instructor. The faculty member may make a determination to reinstate the student(s). At that point, the faculty member would email his/her academic affairs dean who would issue the approval and notify the Registrar to add the student to the class. However, if the instructor does not reinstate the student then the student may appeal the decision in **WRITING** within 48 hours of being withdrawn from the course in hard copy form or electronically. Students must attend until the appeal decision is made. Students with **EXTENUATING** circumstances who wish to appeal violation of the attendance policy must do so in **WRITING** within 48 hours of being withdrawn from the course in hard copy form or electronically. Students who fail to appeal the attendance decision in writing within 48 hours will be immediately withdrawn from the class or classes for which they initiated the appeal and will forfeit their right of additional appeals for the incident.

ATTENDANCE APPEALS—CREDIT STUDENTS

To initiate an appeal, the following procedure must be followed.

- A credit student who is not satisfied with the instructor's decision may appeal to the respective dean for academic affairs. The credit student must write a letter/email addressed to the dean for academic affairs stating the reason why he/she was withdrawn from the course, stating the reasons for the absences, providing a copy of the course syllabus, providing the reasons why he/she should be reinstated to class, and providing his/her current contact information. Written appeals should include copies of any documentation cited in support of the student's case. Documentation, while helpful in determining the facts in a situation, does not guarantee reinstatement.

Hard copies may be given to the instructional coordinator on the North or South Campus who will give the documentation to the appropriate dean:

—Allied Health and Professional Services Courses

Tammy Bayto tbayto@oftc.edu

—Business Services and General Education Courses

Michele Strickland mstrickland@oftc.edu

—Transportation, Trade and Industrial Courses

Roy Williams rwilliams@oftc.edu

- Upon receipt of the appeal, the student is issued a pass to return to class and must attend class. The dean or designee will review the documentation and render a decision within two (2) working days either via letter or OFTC email.
- If the student is denied reinstatement to class, the student may appeal the decision to the executive vice president for academic and student affairs within two (2) working days from the dean's or designee's notification. The student must write a letter/email addressed to the vice president stating the reason why the dean's or designee's decision should not be accepted and why the student should be reinstated to class. The student is issued a pass to return to class and must attend class until a decision is rendered. The executive vice president or designee reviewing the documentation will render a decision within two (2) working days. The decision of the executive vice president shall be final.

Executive Vice President for Academic and Student Affairs

Erica Harden

eharden@oftc.edu

NOTE: Due to the demand for many courses at the college, if a student fails to attend the first scheduled class meeting of each semester and fails to contact the instructor for the course, the student may be dropped so that other students on the course waiting list can be added to the course.

Auditing Courses

A student who wishes to audit a course(s) and receive no credit may apply as a special admit student if not already enrolled as a regular student. By registering as an audit student and paying the regular fees and tuition, a student is permitted to audit a course. Exceptions to this policy are clinical courses, certain laboratory courses and supervised work experience. Students auditing courses are not required to take exams; however, the instructor may request that students demonstrate required knowledge before being allowed to perform certain tasks or to operate equipment. A student is not permitted to change from audit to credit or from credit to audit after the first day of the semester. However, a student will be permitted to register for the course for credit at a later semester.

Advanced Placement

Students may be eligible for advanced placement through two methods—transfer credit and exemption credit.

TRANSFER CREDIT

Oconee Fall Line Technical College recognizes previous postsecondary coursework by accepting credits earned from other regionally or nationally accredited institutions that are applicable to the student's program of study. A student who presents credit for evaluation and transfer must be aware that the awarding of credit does not guarantee that institutions subsequently attended by the student will accept those credits.

Credit for courses at an institution accredited by a national or

regional accrediting agency recognized by the U.S. Department of Education and TCSG and whose entrance requirements and curriculum are equivalent to or greater than Oconee Fall Line Technical College will be considered for award of transfer of credit. Oconee Fall Line Technical College distinguishes between the acceptance of credit and the applicability toward program requirements. Applicability of credit toward a credential refers to the prerogative of the academic divisions to count specific credit toward the fulfillment of graduation requirements.

The registrar determines the transferability of courses taken at other postsecondary institutions by considering the educational quality of the learning experience for which the student seeks transfer credit; the comparability of the nature, content, and level of the learning experiences to the courses offered at Oconee Fall Line Technical College; and the appropriateness and applicability of the learning experiences to the programs offered at Oconee Fall Line Technical College and how recently they occurred. The college established the following procedures to guide the registrar in awarding transfer of credit:

- If a transfer student desires to transfer in credit for a lecture/lab combination course, he or she must transfer in credit for both the lecture and the lab courses. Credit will not be given for only one course.
- In order for the registrar to evaluate credit, students must submit official transcripts from all colleges. All official transcripts must include final grades.
- Students may receive transfer credit for courses for which they earned a "C" or better or other grades that denote successful completion. The registrar will not award transfer credit for courses with grades below a "C," including "D," "F," "I," "IP," "S," "U," "EXE," "AC," "W," "WF," and "WP."
- Due to the rapid changes in technology and technical information, program specific technical courses will be considered for transfer of credit only if the coursework has been completed within the last 60 months. A student desiring consideration of credit for technical courses or experiences that are more than 60 months old can request transfer credit by exemption testing.
- Transfer credit will be considered without restriction of completion dates for courses in academic disciplines - language arts and communication, social/behavioral sciences, natural sciences/mathematics and humanities/fine arts.
- Allied Health programs may have more stringent transfer credit procedures. OFTC will accept the following courses within a three-year period of time, EMSP, IMSA, MAST, NAST, PHAR, PNSG, RADT, and RESP. OFTC will accept the following courses within five-year period of time, ALHS, BIOL and CHEM. If the student has been continuously enrolled at OFTC, the three-year and five-year period will not apply. Please check with the Registrar's office or dean of academic affairs for Allied Health and Professional Services for these procedures.

- The registrar will not award transfer credit for learning support coursework taken at other colleges. Students transferring from another college or university are not required to retake learning support courses they have successfully completed.
- The registrar transfers all coursework under the semester system.
- The transfer credit is recorded as TRA, TRB, TRC, or TRM on the OFTC transcript and is not included in the calculation of the semester, cumulative, or graduation grade point averages. The third letter indicates the grade earned in the course. For competitive admissions programs, grades for credit earned as transfer credit will be evaluated for GPA and calculated in the GPA under consideration for program admission.
- The registrar sends written notification regarding the award of transfer of credit. Students may also access their records online through the college website (BannerWeb) to verify the transfer credit awarded by the registrar.
- If coursework is earned at a nationally accredited college, OFTC reserves the right to evaluate instructor credentials applicable to the requested transfer coursework.

A student who has attended a previous college and is eligible for transfer of credit for English and math is not required to take the placement exam. However, if the student for any reason takes the exam and scores at the learning support or provisional level, the student forfeits evaluation of their transcript, and the scores on the exam will determine placement.

Students wishing to transfer from Oconee Fall Line Technical College to another college must contact that college directly to determine transfer of credit.

U.S. AND GEORGIA CONSTITUTION AND HISTORY REQUIREMENT

A Georgia law requires that all candidates for a degree from an institution supported by public funds shall pass an examination “of the History of the United States and the History of Georgia” and an examination “upon the provisions and principles of the United States Constitution and the Constitution of Georgia.” The requirements for instruction in the above areas can be met by passing a test in each of the four areas by satisfactorily completing one of the following courses at either OFTC or another college in the Technical College System of Georgia or a university in the University System of Georgia: HIST 2111, HIST 2112, or POLS 1101.

If you transferred in one or more of these courses into OFTC from a private or out-of-state institution, you will have to take an exam to meet the mandated requirements. See the following exam options.

- If you received AP or CLEP credit for POLS 1101, you need to take the Georgia Constitution exam.
- If you received AP or CLEP credit for HIST 2111 or HIST

2112, you need to take the Georgia History exam.

- If you transferred from another state or from a private institution and have taken POLS 1101, you need to take the Georgia Constitution exam.
- If you transferred from another state or from a private institution and have taken HIST 2111 and/or HIST 2112, you need to take the Georgia History exam.

Students who fall into this category will receive a letter from the Registrar’s Office and an email from the dean of academic affairs for arts and sciences with further directions.

ARMED SERVICES CREDIT

Credit may be awarded for education/training experiences in the Armed Services. Such experiences must be certified by the American Council on Education (identified in the Council’s publication: Guide to the Evaluation of Educational Experiences in the Armed Services). Credit will be given on the basis of individual evaluation. Credible military experience must closely correspond to course(s) in the Oconee Fall Line Technical College curriculum in content and competencies. A grade of TRM will be assigned for military transfer credit on the OFTC transcript.

INTERNATIONAL CREDIT

Course credit may be awarded for courses completed with a “C” or better, or its equivalent, from an international college, university, or other postsecondary institution that is authorized and/or accredited by applicable government and/or accreditation agencies in its own country. Credit may be awarded for courses based upon an evaluation performed by an independent evaluation service assuring that state standards and applicable accreditation criteria are met. Students may refer to the US Network for Education Information (USNEI), a DOE-administered website and public-private partnership, that provides a list of possible credential evaluation services. The registrar will make the final decision regarding the award of transfer credit. Grade points will not be assigned to transfer credit.

ARTICULATED CREDIT

Articulated Credit is an option that allows high school students to receive advanced credit by taking articulated classes in high school. Articulated credit can be earned by a secondary student who matriculates within 2 years (24 months) after high school graduation, unless dictated by program standards. An official high school transcript must be submitted showing the completed courses. The student must have earned a score of “80” or above on the course(s) to be eligible to test for credit at OFTC. The student must take and obtain at least “80” on the exemption test. Students can receive advanced credit for up to 50% of the program hours of an articulated diploma program.

INSTITUTIONAL EXEMPTION EXAM

Oconee Fall Line Technical College provides students an opportunity to receive credit for courses by successfully

exempting courses. The student must demonstrate thorough mastery of written and/or performance tests that have been developed locally to adequately demonstrate achievement of the necessary competency level.

A student may receive credit for courses by passing an exemption examination only if the student has never attempted the course or made a grade of "D" or "F" in an equivalent course at OFTC or another postsecondary institution. Students wishing to pursue credit by examination must meet the following requirements:

- Be admitted to OFTC.
- Submit the Application for Credit by Exemption Examination form to the Registrar's Office.
- Pay a fee \$50.00 course prior to taking the exam(s).
- Present photo ID to the test administrator.
- Earn a score of at least an "80."
- A student cannot exempt more than 50% of program requirements. A grade of "EXE" will be entered on the permanent record if the exemption exam is successfully completed. The hours for the exempted grades will not be computed in the grade point average which may affect financial aid status, competitive status, and/or eligibility for the President's or Dean's List. Exemption exams may NOT be taken more than once. If a student takes an exemption exam and does not make the required score, the student is required to take the course to receive course credit. A student competing for admissions to a competitive program may only exempt two courses.

STANDARDIZED EXAM CREDIT

OFTC will award credit based on nationally normed exams including:

- **CLEP** - Credit will be awarded for successful completion of any appropriate CLEP (College Level Examination Program) subject area examination. Credit will be awarded based on score recommendations of the Council on College Level Services.
- **Advanced Placement Examinations** - Credit will be awarded to students who have taken appropriate courses (determined equivalent to courses offered at a Technical College) in high school and achieve a score of 3 or more on the Advanced Placement Examination. The Advanced Placement Examinations are offered by the College Entrance Examination Board.
- **Professional certification** – OFTC will consider awarding credit when a professional certification is held that is equivalent to the course competencies. The certification must be up-to-date and require the demonstration of knowledge or skills comparable to those attained by students who have completed the OFTC course.

Residency Requirement

Oconee Fall Line Technical College will award degrees, diplomas, and certificates only to those students who have earned at least 25% of the work through instruction offered at OFTC. Due to the rapid changes in technology and technical information, program specific technical courses will be considered valid if coursework has been completed at OFTC or the former Heart of Georgia Technical College or Sandersville Technical College within the last 10 years. A student desiring consideration of credit for technical courses or experiences that are more than 10 years old can request transfer credit by exemption testing. General Education courses have no time limit.

Students in certain allied health programs which require licensure or certification examinations must complete at least 50% of the credit hours of the required curriculum for graduation in residency at Oconee Fall Line Technical College.

OFTC Diploma Graduates to Degree Programs

BUSINESS SERVICES PROGRAMS DIPLOMA GRADUATES

Currently employed graduates of the Accounting diploma program, the Applied Business Technology diploma program, the Business Technology diploma program, the Business Management diploma program, the Computer Support Specialist diploma program, Cybersecurity, and the Networking Specialist diploma program who exceed the established time limits for course credit may return to OFTC and complete the associate degree-level core courses and remaining associate degree-level occupational courses to be granted an Associate of Applied Science Degree in the respective field. An employment verification form and a diploma-level capstone exam will be required prior to admission. The employment verification form may be obtained from the program faculty member, and the capstone examination may be scheduled with the program faculty member.

PHARMACY TECHNICIAN DIPLOMA GRADUATES

Practicing Certified Pharmacy Technicians who were graduates of the Pharmacy Technology diploma program may return to OFTC and complete the associate degree-level core courses to be granted an Associate of Applied Science Degree in Pharmacy Technology within five (5) years of graduation. An employment verification form and a diploma-level capstone exam with skills check off will be required prior to admission and can be obtained/scheduled with the program faculty member.

FOR ALL OTHER PROGRAM AREAS

- Non-allied health occupational courses taken at OFTC, HGTC, or STC will be accepted for credit for 10 years.
- Transfer in credit for non-allied health occupational courses from another institution will be accepted for 5 years.

- Core credit courses (EMPL, ENGL, MATH, and PSYC) will be accepted indefinitely.

Double Majors

Oconee Fall Line Technical College does not allow a student to enroll in two different programs at the same time unless the program is a technical certificate of credit embedded in a diploma or degree. Oconee Fall Line Technical College's procedure is that a student must complete all requirements for one program before applying and being accepted into another program.

Change of Program

Students desiring to change their program of study must complete the appropriate forms prior to the start of the semester in which the program change is desired and meet all the admissions standards for their new program of study. If the program to which the student is attempting to transfer has additional admissions requirements, the student must complete the requirements and will be admitted on a first-admitted, first-qualified basis. Students changing to an Associate of Applied Science Degree should complete a change of program form by midterm.

Change of Address/Name

Students are responsible for notifying the Registrar's Office of any change of address or name. FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT NOTIFICATION OF STUDENTS

Annually, Oconee Fall Line Technical College shall inform its students about the Family Educational Rights and Privacy Act of 1974. This Act was designed to protect the privacy of educational records, and to establish the right of students to inspect and review their non-privileged educational records. The Act also provides guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students have the right to file complaints with the Family Policy Compliance Office, U.S. Department of Education, concerning alleged failures by the institution to comply with the Act. Oconee Fall Line Technical College shall also provide a mechanism whereby students may file informal complaints within the college.

This policy applies to students who are or who have formerly been enrolled at Oconee Fall Line Technical College.

Education records include any records (in handwriting, print, tapes, film, computer, or other medium) maintained by Oconee Fall Line Technical College or the Technical College System of Georgia (TCSG) that are directly related to a student except:

1. A personal record kept by a faculty or staff member if it is kept in the sole possession of the maker of the record, is

not accessible or revealed to any other person except a temporary substitute for the maker of the record, and is not used for purposes other than a memory or reference tool. Records that contain information taken directly from a student or that are used to make decisions about the student are not covered by this exception.

2. Records created and maintained by Oconee Fall Line Technical College Law Enforcement Unit for law enforcement purposes.
3. An employment record of an individual whose employment is not contingent on the fact that he or she is a student.
4. Records made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional if the records are used only for treatment of a student and made available only to those persons providing the treatment.
5. Alumni records that contain information about a student after he or she is no longer in attendance at the college and which do not relate to the person as a student.

STUDENT ACCESS TO RECORDS

Students may review their official academic record, disciplinary record, and financial aid record with the following exceptions:

1. Any and all documents written or solicited prior to January 1, 1975, on the presumption that they were intended to remain confidential and privileged.
2. Any and all documents to which access has been waived by the student.
3. Any and all records which are excluded from the Family Educational Rights and Privacy Act definition of educational records.
4. Any and all financial data and income tax forms submitted in confidence by the student's parents in connection with an application for, or receipt of, financial aid.
5. Any and all records connected with an application to attend STC, HGTC, or OFTC if the applicant never enrolled.
6. Those records that contain information on more than one student. The requesting student has the right to view only those portions of the record that pertain to his or her own educational records.

All requests shall be granted as soon as practicable, but in no event later than 45 days after the date of request. No documents or files may be altered or removed once a request has been filed. A student may receive a copy of any and all records to which he or she has lawful access upon payment of any copying charge established by TCSG or Oconee Fall Line Technical College except when a hold has been placed on his or her record pending the payment of debts owed Oconee Fall Line Technical College, or when he or she requests a copy of a transcript, the original of

which is held elsewhere.

HEARINGS TO CHALLENGE ACCURACY OF RECORDS

If, upon inspection and review of his or her record, the student believes that the record is inaccurate, misleading or otherwise in violation of his or her privacy rights, he or she may ask that the record be changed or may insert a statement in the file.

Should the request for a change be denied, the student will be notified of the college's decision and advised of the right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's privacy rights. The student has 30 days to appeal the decision to the executive vice president of academic and student affairs and ask for a hearing.

On behalf of academic/student affairs, either the executive vice president or another appointed hearing officer shall conduct a hearing at which the student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The student may be assisted by one or more individuals, including an attorney. The hearing officer will consider only challenges to the accuracy of the records. Hence, if a grade has allegedly been incorrectly recorded on a student's transcript, the accuracy of the record may be challenged.

The hearing officer shall prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and the reasons for the decision. The decision of the hearing officer shall be final, save for any review that may be granted by the president of OFTC.

If OFTC decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, it will notify the student of the right to place in the record a statement commenting on the challenged information and a statement setting forth reasons for disagreeing with the decision. Such a statement shall become a part of the information contained in the education record and will be disclosed with it.

A student may make a specific waiver of access to evaluations solicited and/or received under condition of confidentiality.

Release of Information

Oconee Fall Line Technical College will disclose information from a student's education records only with the written consent of the student, except that the records may be disclosed without consent when the disclosure is:

2. Officials of another school, upon request, in which a student seeks or intends to enroll may have access to records. The student shall receive notification of the disclosure unless the student initiated the disclosure.
 3. 6. To organizations conducting studies for, or on behalf of, educational agencies or institutions for the purpose of developing, validating or administering predictive tests, administering student aid programs and improving instruction, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is conducted.
7. Accrediting organizations in order to carry out their accrediting functions.
8. To parents of a dependent student, as defined in Section 152 of the Internal Revenue Code of 1954. The parent must provide a copy of their most recent Federal income tax return establishing the student's dependency. 9. In connection with an emergency, appropriate persons if the knowledge of such information is necessary to protect the health or safety of the student or others.

13. OFTC may disclose appropriately designated "directory information" without written consent unless the student has advised OFTC to the contrary. Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without the student's prior written consent.

If a student does not want OFTC to disclose directory information from his or her student education records without prior written consent, the student must notify OFTC in writing by the first day of the semester at the registrar's office. A student need only file this notification once during his or her enrollment.

Even if a student elects to prohibit the release of directory information, OFTC may still implement policies requiring the student to wear or present a student ID badge.

Consequences of restricting a student's directory information may deny access to current or potential employers, other educational institutions, credit card companies, scholarship committees, insurance companies (health, auto, life, etc.) and other similar third-parties.

Additionally, certain state and federal laws require the release of certain student information without prior notification to the student.

- a party with written consent from the student;
- a party seeking directory information; or
- a federal grand jury or law enforcement agency pursuant to a subpoena that by its terms requires nondisclosure.

Out-of-State Students: Students who are classified as out-of-state students under OFTC's residence policies and procedures will be charged a rate of tuition twice that charged for students who are classified as Georgia students. The president may approve exceptions to this policy, provided:

A written statement of reason is on file or there is evidence of a written reciprocity agreement with appropriate institutions in another state. The Commissioner may approve agency-wide exceptions to this policy under certain circumstances. (i.e. National Emergencies, etc.)

Under no circumstances shall out-of-state students be charged tuition or fees lower than the fees charged Georgia students.

Out-of-state students shall be enrolled in the college on a space-available basis and shall not displace any Georgia student desiring to enroll in the college.

Non-Citizen Students: Non-citizen students initially shall not be classified as Georgia students for tuition purposes unless there is evidence to warrant consideration of that classification. Lawful permanent residents, refugees, asylees, or other eligible non-citizens may be extended the same consideration as citizens of the United States in determining whether they qualify as Georgia students.

Students that are initially classified as out-of-state and successfully petition to have their residency changed to in-state also have to meet the verification requirement.

- For transient students enrolled in more than one technical college during the same term, only the home technical college shall charge the instructional support and technology fee. If the transient student is not attending the home college, the college at which the student registered first, will charge the fee. The student is responsible for providing proof of payment to the remaining colleges in which they are registered. In this case, the home college will not charge the fee. All other transient students shall pay the instructional support and technology fee.

Pursuant to the procedures authorized by the Commissioner, the technical college president may waive tuition for students on a term-by-term basis. The number of waivers shall not exceed five percent of the head count of the student enrollment at the technical college in the immediately preceding fall term.

Notwithstanding any provision in this policy, no person who is unlawfully present in the United States shall be eligible for any waiver of the tuition differential.

Students who withdraw from a course after the end of the third instructional day of the semester shall receive an appropriate "W" grade and shall receive no refund of tuition and fees. Refunds, when due, will be made by debit card or direct deposit to the address shown as the student's official home of record on the student record, within 30 days of the last day of a student's attendance if written notification has been provided by the student, or from the date the college terminates or determines withdrawal by the student in lieu of written notification. Students should notify their instructor to formally withdraw from a course or the college. Financial aid recipients, please refer to the federal

financial aid policy. Refunds due to students after tuition, fees, and book charges are paid will be refunded to students by debit card or direct deposit.

FEDERAL FINANCIAL AID REFUND POLICY

Students receiving assistance from Title IV programs (federal PELL Grant or FSEOG) will be awarded aid depending upon the amount of aid earned. If the student completed more than 60 percent of the term, he or she will have earned 100 percent of the aid for that period. If the student completed 60 percent or less of the term, the percentage of the period completed is equal to the percentage of aid earned.

The percentage completed will be calculated by counting the number of days completed up to the point of withdrawal divided by the total number of days in the term. This percentage will be applied to Title IV funds for which the student established eligibility prior to the withdrawal date.

The Title IV aid earned is first used to pay the tuition, fees, and bookstore charges the student has deferred to their Title IV aid account. If any funds remain after deducting these charges, the student will receive the balance due by debit card or direct deposit to the address shown as the student's official home of record on the student record prior to the end of the term. If the amount of Title IV aid earned is insufficient to cover these charges and any payments already made to the student, the student is liable for these charges and they must be repaid before the student will be allowed to enroll in another term of study at OFTC. Examples are available in the Office of Financial Aid.

REFUNDS OF TEXTBOOKS

Refunds will be issued for textbooks if the student has a receipt from the bookstore, the refund is requested within five class days of the date on the receipt, and the book is not written in and is in perfect condition.

Types of Financial Aid

TITLE IV FUNDS

Title IV Funds require the completion of a FAFSA and enrollment in an eligible degree, diploma or certain certificate programs.

Each course within all of OFTC's diploma/certificate level programs is acceptable for full credit toward General Elective hours for the Associate Degree of Applied Science in Accounting degree.

FEDERAL PELL GRANT

The Federal Pell Grant is a Title IV Program, based on need, for full-time and part-time students enrolled in a Title IV eligible program, who have not previously earned a bachelor's degree. The student does not normally repay Pell Grant. The amount of Pell awarded is based on the Expected Family Contribution (EFC) shown on the student's SAR/ISIR (which is the result of completing a Free Application for Federal Student Aid - FAFSA), the cost of attendance, and the student's enrollment and class load each semester.

The amount of Federal Pell Grant funds you may receive over your lifetime is limited by law to be the equivalent of six years of Pell Grant funding (600%).

Students receive their Pell Grant awards on a semester basis. The Pell award is available to help pay for book costs and tuition not covered by other sources, and the amount remaining is paid to the student after balancing is complete for each term. If the student totally withdraws from school during a semester, the Pell award amount for the withdrawal term is adjusted, according to Federal Financial Aid policy, by multiplying the percentage of days attended by the Pell Award. Pell may be applied for via the Free Application for Federal Student Aid (FAFSA) either online at www.fafsa.gov or by completing paper application and returning to the FAO or mailing the form to the Federal Student Aid Programs, POB 7001, Mt. Vernon, Ill. 62864-0071.

FAFSA VERIFICATION

Students who complete a FAFSA may be selected for verification. If selected the student must provide documentation verifying that certain items of the FAFSA are accurate. Documentation may include, but is not limited to:

FWS (FEDERAL WORK STUDY)

Federal Work Study (FWS) is a Title IV Program awarded on a first-come, first-served basis to the neediest students. Title IV eligible students are awarded the maximum amount they can earn; however, the actual amount they receive is calculated by the number of hours they actually work times accepted wage. Normally, FWS jobs are on campus, and students can only work hours they are NOT scheduled to be in class and not logged onto an online class. FWS cannot be used for internship credit. Students must submit a FWS Application to the student life/special populations coordinator on the North Campus or the director of student life on the South Campus and be interviewed by a potential supervisor prior to beginning work. FWS students are paid monthly for the actual hours worked.

FEDERAL SUPPLEMENTAL EDUCATIONAL OPPORTUNITY GRANT (FSEOG)

Federal Supplemental Educational Opportunity Grant (FSEOG) is a Title IV need based grant given to students with the lowest EFC who are eligible to receive Pell.

STUDENT ACCESS LOAN (SAL)

PRIVATE LOANS

OFTC does not participate in the Federal Stafford Student Loan Program. Loans should be used as a last resort to pay for education. Students needing loans to finance their education must consider private loan options. Private loans cannot exceed your cost of attendance when added to all your financial aid. Private loans must be repaid, so, you are encouraged to borrow only what you need.

Private loans are different from federal student loans in that they are not guaranteed by the federal government, require a credit check, and often require a co-signer. Terms and conditions vary significantly by lender and we strongly recommend that you compare interest rates, loan fees and repayment plans before applying for any loan.

The following alphabetical list of private loan products is provided for you to explore. However, you are free to borrow from any

lender you choose, even if not listed below. You may contact your bank, credit union or other private lending institution to determine if they provide private, alternative education loans. Internet searches for “private student loans” may also be helpful. OFTC does not endorse or support any specific lender or loan program.

DUAL ENROLLMENT

Dual Enrollment is for eligible high school students that wish to earn simultaneous credit from both their high school and OFTC. The award amount received and the total amount of funds appropriated for the program are established each year by the Georgia General Assembly during the prior legislative session and are subject to change during the award year.

Credit hours for which students can earn Dual Enrollment payment will not be included in the maximum total number of credit hours of payment they can receive from the HOPE Program after graduation from high school.

ZELL MILLER GRANT

Georgia's Zell Miller Grant is available to Georgia residents who are working towards a certificate or diploma at a Technical College System of Georgia (TCSG) or University System of Georgia (USG) institution.

Full-time enrollment is not required and students are not required to graduate from high school with a specific GPA, however, a minimum 3.5 cumulative postsecondary GPA, at the end of each term, is required in order to maintain eligibility. The first term of enrollment will be paid retroactively if the student has the required 3.5 cumulative postsecondary GPA at the end of the term.

High school students in Dual Enrollment are NOT eligible. Students may lose/gain after each term. There is no limit to the number of times they can lose or gain the Zell Miller Grant, but students must earn the Zell Miller Grant each term. Learning support students will not qualify until after they have regular coursework that would be included in HOPE Grant calculations. Dual Enrollment students (after becoming a regular student and after graduating from high school) will not have a HOPE Grant GPA calculated until after their first term as a regular student receiving HOPE Grant. There is no minimum number of credit hours a student must take in order to receive Zell Miller Grant. First term students may be retroactively awarded the Zell Miller Grant after earning a 3.5 GPA.

GEORGIA HOPE GRANT FOR DIPLOMA/CERTIFICATE PROGRAMS

Starting with Fall Semester 2013, the checkpoint GPA was reinstated to 2.0. Students must be earning a cumulative GPA of at least 2.0 at the end of the semester in which the student has attended 30 or 60 semester hours towards a diploma or certificate for which the student received HOPE Grant funds. The Hope Grant will pay a percentage amount of the standard tuition charges from the previous year. Students with a baccalaureate degree cannot receive the HOPE Grant.

Satisfactory Academic Progress Requirements

Students who receive financial aid from Oconee Fall Line Technical College must be in good academic standing and making satisfactory progress, as outlined below.

Students are responsible for maintaining an acceptable level of progress regarding quality and quantity of work. Progress will be reviewed no less than once each term. Records are reviewed after grades are posted at the end of each term.

Qualitative Academic Progress Requirements

Students must maintain a cumulative GPA of 2.0 or higher on a 4.0 scale that includes all credit courses appearing on the academic transcript. If a student's cumulative GPA falls below the minimum, his/her financial aid is endangered. A student will be placed on Financial Aid Warning for the following term of attendance and may receive financial aid during the semester placed on warning. A student will be placed on Financial Aid Suspension for failure to meet the cumulative requirement of at least a 2.0 GPA by the end of the semester placed on warning. Students placed on Financial Aid Suspension are ineligible to receive any source of Financial Aid until cumulative minimum requirements have been met.

Quantitative Academic Progress Requirements

Students must complete 67% of coursework attempted. All hours attempted at Oconee Fall Line Technical College plus all transfer hours accepted by Oconee Fall Line Technical College are counted to determine the completion rate. A student will be placed on warning during the following term of attendance if he/she fails to complete this minimum percentage. The student will be eligible for financial aid during the term(s) placed on warning. However, if the student fails to reach 67% cumulative requirement during the term(s) placed on warning, he/she will be placed on financial aid suspension and will be ineligible for any state or federal aid until the minimum completion rate of 67% has been attained.

Maximum Time Frame

*Full-time students must complete their educational objective within the maximum time frame** of one and a half (150%) times the length of the program in which they are enrolled. This means that once students have attempted one and half times the minimum number of credit hours necessary for completing program requirements, they will be ineligible to receive financial aid. All hours attempted at Oconee Fall Line Technical College, plus all transfer hours accepted by Oconee Fall Line Technical College, are counted in the 150% limit. Students who are enrolled less than half time will be prorated accordingly.*

***If a course is repeated, all hours attempted will be counted*

for purposes of the 67% completion rate and maximum time frame requirements and all grades will be used in calculating the minimum GPA of 2.0.

Withdrawals

Grades of "W" and "WP" are not used in calculating a student's GPA but are counted as coursework attempted. "WF" is counted as an "F." "I" will not be used in the completion rate calculation. The grade received the next term will be used when calculating the completion rate.

Remedial Work

Remedial courses will be covered by Title IV financial aid if the student is enrolled as a provisional or regular student in an eligible program at Oconee Fall Line Technical College and the remedial course is required by the school. Aid can be received for a maximum of 45 hours of remedial courses. Grades received for remedial courses do not affect the GPA, but the hours are calculated in the 67% hours attempted completion rate.

Transfer Students

Transfer students accepted by Oconee Fall Line Technical College (OFTC) who never attended OFTC, will be classified as maintaining Satisfactory Academic Progress for the first semester enrolled. After the first semester, the student's grades will be measured in accordance with the college's Satisfactory Academic Progress requirements. Students who previously attended OFTC, transferred to another school, then returned to OFTC, will have all of their coursework reviewed. (Only a grade of "C" or better will transfer.)

Termination of Financial Aid

Financial aid will be terminated when a student is determined by the Financial Aid Office to be ineligible, if the office has evidence that the student has falsified information on the application materials, or if federal or state funds are not provided to meet the award.

Appeals Process

Students have the right to appeal a finding that they are not making satisfactory progress if they feel that there are extenuating circumstances which have prevented them from meeting the specified requirements. Any student on suspension may file an appeal with the Financial Aid Appeals Committee. Appeals for Satisfactory Academic Progress must be based on specific extenuating circumstances. Documentation supporting the extenuating circumstance must be submitted with the appeal. If the appeal is granted, the student will be placed on Financial Aid Warning and may be given an academic plan to ensure success for the following and subsequent terms. If a student is given an academic plan, it is the student's responsibility to check on status

by contacting the Financial Aid Office after grades are posted each term. The deadline for submitting an appeal is 10 days from the date the date notified of suspension.

to complete the program. Should a student wish to repeat the program, he/she must pay the Business Office for all hours required to graduate over the 150%. Once this has been done, HOPE Grant will be awarded for the other 50% of eligibility.

Reinstatement of Aid

A student who has been terminated from aid due to a lack of satisfactory academic progress must pay for credit hours attempted after returning and must meet satisfactory academic progress requirements to be eligible to receive any further financial aid in future terms.

Withdrawal from School

Any student receiving financial aid must report to the Financial Aid Office upon withdrawal from school. Financial Aid adjustments/ payments must be calculated according to federal and state regulations.

Notification

The Financial Aid Office will notify a student in writing if he/she is in violation of the above standards of satisfactory academic progress and of the termination of his/her eligibility to receive financial aid. The deadline for submitting an appeal is 10 days from the date the date notified of suspension.

Satisfactory Academic Progress (HOPE)

In accordance with the Georgia HOPE regulations, students receiving HOPE Grant and/or HOPE Scholarship must maintain the same institutional satisfactory academic progress policy used for Federal Title IV programs, as outlined above.

In addition, HOPE recipients are limited to a maximum number of hours of attempted credit and remedial hours as follows:

1. Students who have received only HOPE Grant/Zell Miller Grant for Diploma and/or Certificate Programs: A maximum number of 95 quarter hours or 63 semester hours of HOPE Grant eligibility. All attempted hours for which HOPE has been received since Summer term 2003 from all colleges are counted in this cap.
2. Students who have received HOPE Scholarship /Zell Miller Scholarship for degree classes and HOPE Grant for diploma/ certificate classes: A maximum of 127 hours of HOPE Eligibility, including all HOPE Scholarship hours since 1993 and all HOPE Grant Hours since Summer term of 2003 from all colleges, are counted in this cap. Credit earned in dual enrollment programs do not count toward the cap.

Commercial Truck Driving Program and Financial Aid

Commercial Truck Driving students will be held responsible to the same satisfactory academic progress standards as all other students and can only receive aid for 150% of the hours

GRADE DEFINITIONS

“WF” WITHDREW FAILING

“WF” is assigned after mid-term, if the student was failing and officially withdraws from the course. Calculated in GPA the same as an “F.” If the student has a “59” or lower average, the grade is “WF.” However, if the withdrawal occurs after the 80% of the semester regardless of the GPA, the grade will be a “WF.”

“W” WITHDREW

“W” is assigned if the student withdraws on or prior to mid-term.

“WP” WITHDREW PASSING

“WP” is assigned after mid-term, if the student withdraws officially from a course with a passing grade.

“I” INCOMPLETE

The grade of “I” (Incomplete) may be given to a student, who for nonacademic reasons beyond his or her control, is unable to meet the full requirements of a course. Exceptions to nonacademic reasons are (1) Commercial Truck Driving and the Department

of Motor Vehicle Safety testing schedule; and (2) Business Administrative Technology and the “Timed Writing.” In order to qualify for an “I,” a student must (a) have completed 75% of the major assignments of the course; (b) be passing the course (aside from the assignments not completed), and (c) have an extenuating non-academic justification. It is the student’s responsibility to request in writing to the instructor consideration of the “I” (incomplete grade) stating the conditions why he/she feels the “I” is warranted. The “I” will be given at the discretion of the instructor and the Incomplete Grade Record form will be submitted by the instructor 2 days before the end of the semester to the dean for academic affairs. The student will have one semester to complete the work to receive credit for the course. If the work is not completed in that semester, the Incomplete grade will become an “F.” If a student receives a grade of “I” in a course that is a prerequisite to other courses, the student must complete the required makeup work to determine the final grade and eligibility to enroll in subsequent courses. The “I” is not calculated in the grade point average.

“AU” AUDIT

A student who registers as an auditor of a course must meet the usual admissions requirements or have departmental approval. By registering as an auditor and paying fees and tuition, the student is permitted to audit a course, with the consent of the instructor, without meeting all requirements of the course and without receiving course credit.

Exceptions to this policy include certain laboratory courses and supervised work experience. A student is not permitted to change from audit to credit or from credit to audit, after the first day of the term. Neither financial aid nor VA benefits can be used for audited courses.

“EXE” CREDIT BY EXAM

The student receives credit for a course by successfully completing a competency examination on the coursework.

“TR, TRA, TRB, TRC, OR TRM” TRANSFER CREDIT

The student transfers coursework to Oconee Fall Line Technical College from another regionally accredited institution. To be eligible for transfer credit, the student must have earned a “C” (2.0) or better in the course. NOTE: If a student has completed a degree (Bachelor or Associate), diploma or certificate, the coursework must have been completed within the last five years in order for any of the courses within the degree to transfer to OFTC. Oconee Fall Line Technical College may, at its option, require any student to take an examination for advanced placement or transfer.

Program specific technical courses will be considered for transfer credit for coursework completed within the past 60 months. A student desiring consideration of credit for technical courses

or experiences not approved may request credit by exemption testing. General education courses do not have a specified time limit to be considered for transfer. Certain Allied Health courses may have a more stringent time limit requirement on transfer courses.

Credit awarded by nationally accredited institutions will be accepted only when faculty credentials can be verified as greater than or equivalent to OFTC standards.

Transfer credit will not be considered for remedial English, remedial mathematics, or remedial reading.

GRADE POINT AVERAGE

CALCULATION OF GPA

The semester grade point average (GPA) is calculated by dividing the total number of quality points by the total number of credit hours attempted in a semester. Courses with "NC" (not computed) are not calculated in the GPA.

CUMULATIVE GPA

The cumulative grade point average (CGPA) is an attempt to reflect the total credit instructional activity of the student. The CGPA is not affected by program of study, changes in program of study, or student classification. The cumulative grade point average is that grade point average calculated on all attempts at all credit courses taken at the institution. The cumulative grade point average is recalculated after each semester to include the current semester's grade(s).

GRADUATION GPA

The graduation grade point average (GGPA) is calculated only on those courses required for graduation. When a course is taken more than once, the higher grade will be used in calculating the grade point average for graduation. A 2.0 grade point average is needed for graduation. Students must achieve a minimum course grade of "C" or above in all courses.

Practicum/Clinical Courses

Students enrolled in off-campus practicum or clinical courses will be required to travel to businesses, industries, and hospitals. Students must make all travel arrangements and provide costs for practicum/clinical courses.

Work Ethics

To be effective, technical education must include two key elements. First, it must provide training and experiences that approximate, as nearly as possible, the conditions found in the actual work place. The program content, instructional methods, tests, equipment, lab projects, and practices must be current and up-to-date and reflect the conditions the student will encounter on the job. Of equal importance, an effective technical education program must identify and develop those personal characteristics often referred to as "good work habits". These characteristics

include punctuality, dependability, initiative and teamwork. Studies show that the reason 85% of persons lose jobs is that they lack good work habits rather than they lack good job skills. Factors most often cited are tardiness and absenteeism, failure to follow instructions, and inability to get along with supervisors or fellow workers.

At Oconee Fall Line Technical College, we believe that it is extremely important to identify, evaluate, and encourage good work habits as an integral part of the instructional program. The Technical College System of Georgia has, therefore, developed a system to evaluate "work ethics" in each occupational program. Although the work ethics grade does not calculate into the grade point average, it is included on the student's academic transcript. Prospective employers are encouraged to request a copy of a student's transcript in order to examine not only the academic grade, but the professional work ethics grade as well.

WORK ETHICS GRADE DEFINITIONS:

Exceeds Expectations	3
Meets Expectations	2
Needs Improvement	1
Unacceptable	0

Academic Recognition

PRESIDENT'S LIST

Provisional and regular admit students completing twelve (12) credit hours or more and who attain a grade point average of 3.5 and above are placed on the President's List. Students with a grade of "I" in any course are not eligible for academic recognition. The academic recognition list is compiled and published each term.

DEAN'S LIST

Provisional and regular admit students completing seven (7) credit hours or more and who attain a grade point average of 3.0 and above are placed on the Dean's List. Students with a grade of "I" in any course are not eligible for academic recognition. The academic recognition list is compiled and published each term.

HONOR GRADUATES

To qualify as an honor graduate, a student must complete all course requirements in a degree or diploma program with a program GPA of 3.5 or above in program required courses.

Academic Progress

Oconee Fall Line Technical College shall maintain academic standards that are, to the maximum extent feasible, uniformly applied among all students.

Absent extraordinary circumstances, instructors shall provide a copy of the course syllabus to all students in each class by the end of the first full week of class for every term.

mailed to students.

Repeated Courses

If a student desires to repeat the course(s) in which he or she received the unsatisfactory grade(s), then previous grades in the repeated classes will not be calculated into the credit hours and grade point ratios for graduation. The highest grade received will be used in the recalculation of grade point ratios for graduation purposes. If a student elects to repeat a course in which he or she earned a satisfactory grade ("A," "B," or "C"), the student's advisor must obtain permission from the dean of academic affairs over that program area. The student's permanent record will show all work attempted and all grades earned. The cumulative grade point average is that grade point average calculated on all attempts at all credit courses taken at that college. The Graduation Grade Point Average is calculated only on those courses required for graduation. When a course is taken more than once, the highest grade will be used in calculating the grade point average for graduation. A 2.0 grade point average is needed for graduation.

Repeated courses are included in the qualitative and quantitative calculations for financial aid satisfactory progress. Students may repeat each previously passed course only once for Title IV purposes. For Title IV, a "D" is considered passing. However, a "D" is not considered passing for OFTC.

Independent Study

By arrangement between individual students and faculty members, the college offers independent study opportunities. Independent study is conducted under the guidance and at the discretion of a faculty member qualified in the subject area. Independent study is considered part of a regular course load and regular academic calendar deadlines and requirements will apply. Interested students may obtain information from their advisor. Independent study is a program that allows a student to learn outside the confines of scheduled classes. As the name implies, much of the learning takes place without the direct involvement of an instructor. The delivery of course content may vary, but a student must achieve the same course competencies that exist in conventional classes.

General Education Core Competencies

Oconee Fall Line Technical College has identified a set of core general education competencies designed to prepare graduates for successful careers. OFTC has identified the following general education competencies:

- Basic Computer Skills
- Mathematical Reasoning Skills
- Reading and Analytical Skills
- Standard Written English Usage Skills

Students in degree or diploma programs will take general education competency exams. All general education competency

testing will be scheduled as a part of the general education coursework.

Graduation Requirements

In order to graduate, students must meet all course and credit hour requirements as prescribed in the state standards for the program in which they are enrolled. To receive a degree, diploma or certificate from a program of instruction, the student must have a Graduation Grade Point Average of at least 2.0 on a 4.0 scale. The Graduation Grade Point Average is calculated only on those courses required for graduation. Students must make a "C" or higher in all required coursework. When a course is taken more than once, the highest grade will be used in calculating the grade point average for graduation. Students will not receive an award until all financial accounts are clear.

OFTC identifies expected program outcomes and college-level general education competencies and assesses the extent to which graduates achieve these outcomes.

Should a student receive advanced standing through transfer credit or exemption examination, the student must still complete at least twenty-five percent of the credit hours of the required curriculum for graduation in residence at Oconee Fall Line Technical College. Students in certain allied health programs which require licensure or certification examinations must complete at least fifty percent of the credit hours of the required curriculum for graduation in residence at Oconee Fall Line Technical College.

In order to participate in the commencement exercises or to receive an award, a student should complete an application for graduation during their advisement session for their last semester of attendance. Students who do not complete an application for graduation by the deadline cannot participate in the commencement exercises. There is a non-refundable fee for students participating in commencement.

Student Resources

Assessment Center

Oconee Fall Line Technical College maintains an Assessment Center that offers assessment and testing services during both day and evening hours. The assessment specialist administers Accuplacer testing to applicants for placement purposes and to students needing required scores for course completion.

Free career assessments are available in the Assessment Center utilizing CareerScope, an automated aptitude test and interest inventory that details strengths and weaknesses combined with areas of interest to assist in giving logical career choices. The assessment staff or OFTC's recruiter interprets a detailed profile indicating possible job ideas that may be a good match for applicants and students still uncertain of a program area.

The assessment specialist on the OFTC North Campus works with area employers and workers in administering the WorkKeys assessment that provides information about workplace skill levels. The WorkKeys Assessment is offered through Business and Industry Services on the South Campus. Third party tests are also available in the Assessment Centers.

Assessment Center staff also administer the required proctored events for online students. OFTC charges \$25.00 to administer proctored exams to students who are not enrolled at TCSG institutions.

To schedule assessment or testing, please call the Assessment Center on the North Campus at 478-553-2093 and 478-275-5193 on the South Campus.

Disability Services

The Americans with Disabilities Act of 1990 (ADA) is the civil rights guarantee for persons with disabilities in the United States. It provides protection from discrimination for individuals on the basis of disability. The ADA extends civil rights protections for people with disabilities to employment in the public and private sectors, transportation, public accommodations, services provided by state and local government, and telecommunication relay services.

Within a framework of personal guidance and evaluation, special services are provided for students with disabilities. These services include aiding students in setting realistic goals, making reasonable accommodations, providing job orientation and placement, and suggesting community service agencies for additional assistance. Students seeking special accommodations

should make an appointment with the disability and career services by calling 478-274-7643 or 478-553-2124 or by email at sdbrown@oftc.edu or contact the disability/assessment specialist on the South Campus at 478-274-7786 or by email: lbarfoot@oftc.edu.

In order to receive and maintain services, a student with a disability must:

- Be otherwise qualified for admission to or participation in a program of study with or without a reasonable accommodation.
- Disclose (notify) and provide the appropriate documentation to the dean of student affairs or disability/assessment specialist. Appropriate documentation includes medical or psychological evaluations not more than 3 years old that contain intellectual and achievement scores, strengths and weaknesses related to the classroom performance, and recommendations for academic accommodations. All costs associated with obtaining appropriate documentation are the responsibility of the student.
- Request accommodations prior to the beginning of each semester.

Financial Aid and other admissions responsibilities are the responsibility of the student.

They provide services which include student advisement, academic progress review (traditional, online and hybrid), and development and coordination of retention efforts for new and continuing students.

TEAMS is an acronym for TCSG Early Alert Management System utilized by the student navigator and retention specialists. It is a web-based early alert system that allows OFTC to identify at-risk students, communicate with them, track the application of interventions, and monitor their success. The ultimate goal is to improve student retention and graduation rate. This is done by identifying at-risk students as early in the term as possible and connecting those students to college resources or interventions that can help them be successful.

ATTACHMENTS

- A. Student Code of Conduct Concern Form

PROCEDURE:

A. FILING A COMPLAINT

1. Any person may file a complaint with the dean for student affairs on the North Campus or the dean for student affairs on the South Campus against any student for an alleged violation of the Student Code of Conduct. The individual(s) initiating the action should complete a Student Code of Conduct Concern Form, and provide it to the dean for student affairs.

B. DISCIPLINARY SANCTIONS

1. After a determination that a student has violated the Student Code of Conduct, the dean for student affairs may impose, without referral to the Hearing Body, one or more of the following sanctions. Notification shall be sent to the student and the person(s) who initially filed the complaint.
 - a. **Restitution** – A student who has committed an offense against property may be required to reimburse the technical college or other owner for

damage to or misappropriation of such property. Any such payment in restitution shall be limited to the actual cost of repair or replacement.

- b. **Reprimand** – A written reprimand may be given to any student. Such a reprimand does not restrict the student in any way, but it signifies to the student that he/she is in effect being given another chance to conduct himself/herself as a proper member of the technical college community, and that any further violation may result in more serious sanctions.
 - c. **Restriction** – A restriction upon a student's privileges for a period of time may be imposed. This restriction may include but is not limited to denial of the right to represent the technical college in any way, denial of use of facilities, alteration or revocation of parking privileges, or restrictions from participating in extracurricular activities.
 - d. **Disciplinary Probation** – Continued enrollment of a student on probation may be conditioned upon adherence to specified terms. Any student placed on probation will be notified of the terms and length of probation in writing. Any conduct determined after due process to be in violation of these terms while on probation may result in the imposition of more serious disciplinary sanctions, as specified by the terms of probation.
 - e. **Failing or lowered grade** – In cases of Academic Misconduct, the dean for student affairs will make a recommendation to the executive vice president for academic and student affairs or his/her designee who may authorize the instructor to award a failing or lowered grade in the course, or a loss of credit on the assignment or examination.
2. After a determination that a student has violated the Student Code of Conduct, the dean for student affairs may recommend the imposition of one of the following sanctions if appropriate. The dean for student affairs' recommendation will be forwarded to the Hearing Body, which may impose one or more of the following sanctions, as well as those described in section B above, following a hearing. A copy of the written recommendation shall be provided to the student and the person filing the complaint.
 - a. **Disciplinary Suspension** – If a student is suspended, he/she is separated from the technical college for a stated period of time. Conditions of reinstatement, if any, must be stated in the notice of suspension.
 - b. **Disciplinary Expulsion** –Removal and exclusion from the technical college, technical college-controlled facilities, programs, events, and activities. A record of the reason for the student's dismissal is maintained by the executive vice president for academic and student affairs. Proceedings under this Student Code of Conduct may be carried out prior to, simultaneously with, or following criminal proceedings.
 - c. When a student is charged by federal, state, or local authorities with a violation of law, the technical college will not request or agree to special consideration for that individual because of his/her status as a student. The technical college will cooperate fully with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators. Individual students, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.
 4. **Interim Disciplinary Suspension**

As a general rule, the status of a student accused of violations of the Student Code of Conduct should not be altered until a final determination is made regarding the allegations against him/her. However, interim suspension

may be imposed upon a finding by the dean for student affairs that the continued presence of the accused student on campus constitutes a potential or immediate threat to the safety and well-being of the accused student or any other member of the technical college community or its guests, or that the continued presence of the student on campus creates a risk of substantial disruption of classroom or other technical college-related activities. If an interim disciplinary suspension is imposed, the matter must be referred as soon as possible to the Hearing Body. The student need not request an appeal.

5. Conditions of Disciplinary Suspension and Expulsion

- a. A student who has been suspended or expelled from the technical college shall be denied all privileges afforded a student and shall be required to vacate technical college premises at a time determined by the dean for student affairs.

A suspended or expelled student must contact the dean for student affairs for permission to enter the technical college premises for a limited, specified purpose.

D. HEARING/APPEALS PROCEDURE

1. A student who wishes to appeal a disciplinary decision by the dean for student affairs regarding an assigned sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade must file a written notice of appeal through the technical college president's office or designee for review by the Hearing Body within five business days of notification of the decision. The person filing the initial complaint

against the student must be notified of the hearing date.

2. If the dean for student affairs recommended a sanction of disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the matter will be referred to the Hearing Body by the dean for student affairs. The student need not file a written notice of his or her desire to appear before the Hearing Body. The person filing the initial complaint shall also be given notification of the hearing.
3. The student will then have the right to appear in a hearing before a Hearing Body assigned by the technical college president or his/her designee within 10 business days to present evidence and/or testimony. If the student has been placed on an interim disciplinary suspension, the hearing must be held as soon as possible, preferably within five days. The student has the right to be assisted by any single advisor he/she chooses, at his/her own expense. The student is responsible for presenting his/her own case and, therefore, advisors are not permitted to speak or to participate directly in any hearing before a Hearing Body. The Hearing Body may consist of a single person or a group of people drawn from the technical college community. There shall be a single official record, such as a tape recording, of all hearings before the Hearing Body. The official record shall be the property of the technical college. The standard of proof in all hearings shall be a preponderance of the evidence. The chairperson of the Hearing Body shall notify the technical college president, vice president for academic and student affairs, and the dean for student affairs in writing of the Hearing Body's decision. The technical college president or his/her designee will notify the student in writing of the Hearing Body's decision.
4. If the student appeared before the Hearing Body to appeal the dean for student affairs' sanction of restitution, reprimand, restriction, disciplinary probation, or failing or lowered grade, the Hearing Body's decision regarding the appeal is final. A copy of the Hearing Body's written decision will be provided to both the student and the person who filed the original complaint.
5. If the student appeared before the Hearing Body after the dean for student affairs' recommended disciplinary suspension, disciplinary expulsion, interim disciplinary suspension, or system-wide expulsion, the student shall have the opportunity to appeal directly to the technical college president.
6. If entitled to an appeal to the technical college president, the student shall have 5 business days after receiving written notification of the Hearing Body's decision to request in writing an appeal. The student shall ensure that all relevant information is included with this request. The person who filed the original complaint shall be notified of the student's appeal.

7. The president of the technical college or his/her designee's review shall be in writing and shall only consider evidence currently in the record; new facts not brought up in earlier stages of the appeal shall not be considered. The technical college president or his/her designee shall deliver the decision to the student and the person who filed the original complaint within 10 business days. The decision of the technical college president or his/her designee shall be final and binding.

DOCUMENT RETENTION

The executive vice president for academic and student affairs shall retain a copy of all documents concerning complaints, investigations, administrative actions, and communications in relation to any incident that resulted in a disciplinary investigation of any kind against a student. The executive vice president for academic and student affairs will also retain records of any disciplinary appeals filed by the affected student, as well as the resulting record of appeal and decision submitted by the Hearing Body and the technical college president or his/her designee. A record of the final decision must also be retained. All records specified in this section shall be retained for a period of five years.

Unlawful Harassment and Discrimination of Students Procedure

PURPOSE

It is the policy of the Technical College System of Georgia (TCSG) and Oconee Fall Line Technical College (OFTC) that all students shall be provided an environment free of unlawful harassment (including sexual harassment and sexual violence), discrimination, and retaliation.

All students and employees are expressly prohibited from engaging in any form of unlawful harassing, discriminating, intimidating or retaliatory behavior or conduct in all interactions with each other, whether or not the interaction occurs during class or on or off campus. Visitors to campuses also shall not engage in prohibited conduct and may be barred for such prohibited conduct if other corrective measures are ineffective. Allegations of prohibited conduct occurring at clinical sites to which students are assigned shall be investigated in accordance with this procedure.

Any individual who has engaged in prohibited conduct will be subject to disciplinary action up to and including expulsion or dismissal. Nothing in this procedure shall be interpreted to interfere with any person's right to free speech as provided by the First Amendment to the Constitution of the United States of

America.

All students are encouraged to report any prohibited conduct. Reports will be treated in an expeditious and confidential manner.

TCSG and OFTC will not tolerate retaliation for having filed a good faith harassment and/or discrimination complaint or for having provided any information in an investigation. Any individual who retaliates against a complainant or witness in an investigation will be subject to disciplinary action, up to and including expulsion or dismissal.

Any individual who knowingly makes a false charge of unlawful harassment/discrimination or retaliation, or who is untruthful during an investigation may be subject to disciplinary action, up to and including expulsion or dismissal.

The college should take all reasonable steps to investigate and respond to the complaint consistent with the request and pursue other steps to limit the effects of the alleged harassment and prevent recurrence.
4. OFTC may weigh a request to not pursue a complaint considering the following factors: the seriousness of the alleged conduct, the complainant's age, whether there have been other harassment complaints about the same individual, and the alleged harasser's rights to receive information about the allegations if the information is

maintained as an “education record” under FERPA. The college must inform the student if the request cannot be ensured.

The complaining party may appeal the decision in writing to the president within 5 business days of receiving the notice. The president’s decision will be final.
3. Individuals designated to investigate, review or recommend corrective actions in response to allegations will have been trained to conduct Investigations in a manner that protects the safety of victims and promotes accountability. The president will reassign alternate individuals if necessary.
4. Investigations will be conducted by gathering relevant information and interviewing appropriate witnesses. Both the complaining party and the respondent (the parties) will be given equal opportunity to identify witnesses and offer evidence in person or in writing. Best efforts will be made to interview all witnesses identified by the parties. Both the complaining party and the respondent may be accompanied by an advisor of his or her choice. However, the advisor may not speak on behalf of the party.

Steps may include, but are not limited to, mandating training or evaluation, disciplinary sanctions, policy implementation or reassignment of students or employees.
 3. Should recommended disciplinary sanctions involve academic suspension, expulsion or dismissal from employment, the matter must be referred to either the vice president of academic and student affairs for students or the human resources director for employees. Allegations regarding students shall be considered and sanctions assigned as provided by the college's Student Code of Conduct and Disciplinary Procedure. Sanctions for employees shall be considered as provided by the Positive Discipline Procedure.
 4. Individuals who are responsible for conducting or reviewing investigations or proposing sanctions under this procedure should not also serve as reviewing officials or hearing officers in the appeal of sanctions arising from an investigation.
 5. Even in the absence of sufficient evidence to substantiate a finding that unlawful discrimination, unlawful harassment, sexual violence, or retaliation has occurred, colleges are expected to address any inappropriate conduct and take all reasonable steps to prevent any future unlawful discrimination, harassment, sexual violence or retaliation.
- #### E. Reviews and Dispositions

1. Any of the parties to a complaint under this procedure may request a review of the investigative findings within 5 business days of receiving notice of the investigative results by submitting a written request to the president.
2. The president shall review all investigations conducted under this procedure and ensure that the appropriate corrective actions have been implemented.
3. Within 10 business days of receiving a request for a

review of the investigative findings, the president of the college will notify the parties in writing of his/her final determination, including any change in the result of the findings. The notice will inform the parties they have a right to appeal the determination to the Technical College System of Georgia's Legal Services Office by submitting a written request within 3 business days by regular mail or email to one of the following:

Both parties will be notified in writing simultaneously of the results of the review and any changes in the results of the investigative findings under appeal.

- Do not libel, defame, or invade the privacy of any person.

Intellectual property includes, but is not limited to, any copyrightable subject matter or materials, patentable inventions, online courses, computer software or materials that would normally be developed on a proprietary basis.

TCSG owns all copyrightable or patentable work created by the employee or student with the support of OFTC or TCSG resources unless addressed in a separate agreement.

A legally binding agreement must specify the named party or parties describing to whom the intellectual property belongs and the attribution ownership of the intellectual property to the general public.

OFTC resources may include, but are not limited to, offices, computers, standard office equipment and supplies, libraries, labs, funds, and personnel.

The ownership of a copyright or patent resulting from the

development of intellectual property and any rewards or recognition attributed to the copyright or patent will be determined according to the conditions described in the two sections below.

The employee or student retains ownership if all of the following criteria are met:

Ownership remains with TCSG if any of the above criteria are not met and/or if any one of the criteria below applies:

- the work is produced within the scope of the employee's job duties or student's course/program requirements, and
- the work is the product of a specific contract or assignment made in the course of the employee's employment or student's enrollment with OFTC or the development of the work involved facilities, time, and/or other resources of OFTC and/or TCSG such as release time, grant funds, OFTC and/or TCSG personnel, salary supplement, leave with pay, equipment, or other materials or financial assistance.

When a question of ownership arises, the President must approve the development of the intellectual property by any employee or student of OFTC through the TCSG Intellectual Property Policy and the TCSG Development of Patentable Devices/Materials or Copyrightable Materials/Media by Technical College/Department Procedure.

When questions arise as to equities, rights, division of revenues, or any other intellectual property-related matter, they shall be referred to the President for consideration, interpretation of policy, and decision. An employee or student has the right to file a grievance or complaint using the appropriate OFTC Student Grievance Procedure or TCSG Employee Grievance Policies.

Employee, as used in the procedure, means any full-time or part-time, contractual or non-contractual employee.

Student, as used in this procedure, means any student officially enrolled at OFTC.

5. Computer users will be referred to the appropriate office for disciplinary action, as applicable.

Student Right to Know

Student Right to Know (SRTK) refers to a federally-mandated public disclosure of a college's Completion Rate and Transfer Rate. The intent of SRTK is to provide to the consumer a statistic of comparable effectiveness that they can use in the determination of college choice. All colleges nationwide are effectively required to participate in the disclosure of rates.

SRTK is a "cohort" study; that is, a group of students who are first-time freshmen who are enrolled full-time and are degree-seeking as identified in a fall term and their outcomes are measured over a period of time. The outcomes that the two SRTK rates measure

are Completion (the total number of students in the cohort who earn either a degree, a certificate, or who successfully completed a two-year equivalent transfer-preparatory program) and Transfer (the total number of cohort non-completers who were identified as having enrolled in another institution). The tracking period of the cohorts is three (3) years, at which time the SRTK rates are calculated and made public.

SRTK Rates are derived and reported yearly on the IPEDS-GRS (Integrated Post-secondary Educational Data System-Graduation Rate Survey). The IPEDS-GRS also tracks part-time student cohorts over a six (6) year period; however, full-time cohort status after 3 years is the only basis for calculating SRTK rates.

OFTC OVERALL GRADUATION RATE AND TRANSFER-OUT RATE

The overall graduation rate is also known as the "Student Right to Know" or IPEDS graduation rate. It tracks the progress of students who began their studies as full-time, first-time degree- or certificate-seeking students to see if they complete a degree or other award such as a certificate within 150% of "normal time" for completing the program in which they are enrolled.

Some institutions also report a transfer-out rate, which is the percentage of the full-time, first-time students who transferred to another institution. OFTC does not have a transfer rate.

Note that not all students at the institution are tracked for these rates. Students who have already attended another postsecondary institution, or who began their studies on a part-time basis, are not tracked for this rate. **At OFTC, only 16 percent of entering students were counted as "full-time, first-time" in 2015.**

STUDENT CONSUMER INFORMATION

In accordance with federal regulations set forth by the Higher Education Act of 1965, as amended, OFTC provides a guide that is sent to all enrolled students and available to all prospective students to inform them of the availability of specific types of

consumer information. This guide contains a brief description of important information about Oconee Fall Line Technical College (OFTC) financial assistance, graduation rates, campus security, student rights and responsibilities, voter registration, and the Family Educational Rights and Privacy Act (FERPA). Printed copies of the information are available upon request. It is available at www.oftc.edu/about-oftc/student-consumer-information/.

Safety, Security, and Wellness

Safety and Security Measures

The safety of students, visitors, faculty, and staff is of primary importance in providing an environment that is conducive to learning. The first consideration in any situation that has the potential to adversely affect security will be maintenance of a safe educational environment for all concerned. To this end, measures such as searches, internal and external security cameras, and videotape may be employed to promote security throughout the buildings and grounds.

Currently enrolled or prospective students, faculty, staff, and other authorized visitors are the only persons permitted on campus, and persons not falling into these categories may be asked to leave. Students and authorized visitors should expect that security officers, staff and faculty members will take any and all actions to preserve campus security.

Campus security at OFTC is everyone's responsibility; therefore, suspected safety violations, hazards, and suspicious activity should be reported to the nearest security officer, staff or faculty member in a timely manner. Students, visitors, and guests will be expected to comply with the OFTC official or directives. No person shall refuse to identify him/herself upon request of an authorized OFTC official who has properly identified him/herself. Refusing to do so may lead to disciplinary action.

Bloodborne/Airborne Pathogens Exposure Plan

Oconee Fall Line Technical College maintains an approved Exposure Control Plan for occupational exposure to blood-borne and airborne pathogens/tuberculosis. The plan is updated annually and posted in all OFTC libraries and in laboratories or classrooms, which are classified as Category I and II. A Category I program would include tasks/activities where there is the definite potential for contact with blood, other potentially infectious body materials or airborne pathogens. A Category II program would include tasks/activities performed without exposure to blood or other body materials, or airborne pathogens to which universal precautions/standard precautions apply, but exposure might occur as an abnormal event or an emergency.

The plan is designed to provide the faculty and students with recognition of tasks, procedures and activities which present the potential for occupational exposure to blood and airborne pathogens and a means of eliminating or minimizing in the performance of their instructional duties or activities. Training is provided to students by their respective faculty prior to performing student-student or student-patient/client procedures.

Hazardous Communication Program Plan

Oconee Fall Line Technical College maintains an approved Hazard Communication Program Plan for occupational and instructional exposure to hazardous materials and chemicals. The plan is updated annually and posted on the OFTC website. An inventory of all hazardous materials present on OFTC campuses can be found on 'MSDS Online,' a computer based hazardous materials management tool, available on the OFTC website.

The plan is designed to prevent the potentially injurious exposure to hazardous materials through the improper use, handling, transportation, containment, storage, or disposal of such materials under normal operating conditions or potentially during an emergency situation. Training is provided to students by their respective faculty prior to performing tasks that may include exposure to hazardous materials, as well as knowledge of hazardous materials that are located/stored in their classroom area/lab/work environment and instructions for accessing and utilizing the MSDS Online system.

Emergency Procedures

The Emergency Preparedness Guide serves as a quick reference for OFTC employees, visitors and students by providing a timely response plan to prevent injury or damage to persons or property. The guide is posted on the OFTC website, and in every room of each building on each campus, for reference. Use this guide as a supplement for the purpose of quick notification for crisis response. In critical situations, dial 911 and speak to a public safety official.

In case of a serious accident or illness, 911 will be called for emergency care and the student's emergency contact will be notified. The student or the student's family will be responsible for the cost of such emergency care, including ambulance service.

College personnel will not, as a college representative, provide personal transportation for injured or ill persons.

EMERGENCY ALERT SYSTEM

OFTC is committed to providing a safe and secure environment for its students, employees, and visitors. Please familiarize yourself with the Emergency Preparedness Guide and evacuation procedures that are posted in each classroom. In the event of emergency, OFTC utilizes Blackboard Connect service notification system to communicate emergency safety matters and/or urgent information. OFTC maintains written emergency plans for

responses to various man-made and natural hazards, including: the Hazard Communication Plan (hazardous materials & MSDS online) and the Exposure Control Plan (exposure to bloodborne and airborne pathogens).

In addition, OFTC complies with federal requirements relating to crime on campus, including the Clery Act and Violence Against Women Act.

Basic safety training that may be required by your specific course of study will be provided by your instructor. All information, emergency phone numbers, plans, and requirements as listed above can be found on the OFTC website at Emergency Information.

It is the responsibility of faculty, staff, and students to immediately report any situation that could possibly result in harm to anyone at the college. Any member of the campus community may become aware of a troubling person or situation that is causing serious anxiety, stress, or fear. Inclement Weather-Emergency Closing

The conditions on all campuses and in surrounding areas are monitored very closely during inclement weather. If it becomes necessary to close or delay opening a campus during the day and/or evening, an announcement will be made via the OFTC email system, when possible, and posted on the OFTC website and through the college's emergency alert system.

OFTC closures or delayed openings will be announced by area television stations and local radio stations.

Accident Insurance

All credit students are required to purchase accident insurance at registration of each academic term. Accident insurance is provided to students enrolled in the adult education program for each academic term in which they are enrolled.

In the case of an accident, the student is responsible for any expenses not paid by this accident insurance. The student should obtain an Insurance Claim Form from the Business Office of either North or South campus. The student must complete the claim form and mail it to the insurance company's claim office. Students should read the policy to understand any expenses, which may be out-of-pocket expenses for the student. Students are responsible for any personal medical costs incurred while enrolled at OFTC.

Accident insurance provides partial (supplemental) coverage for medical expenses related to accidents as specified below. A copy of the insurance plan is on file in the Business Office of North and South campuses.

- College-time coverage protects student while engaged in OFTC activities during the entire academic term.
- Traveling to or from the student's residence and OFTC to attend classes or as a member of a supervised group (not as a spectator) traveling in a college-furnished vehicle or chartered transportation going to or from a College-sponsored activity.
- On college premises during the hours on the days that classes are in session or any other incidences while the student is required to participate in a college-sponsored activity (not as a spectator); and

Campus Sexual Violence Elimination Act - Campus SaVE

Campus SaVE requires colleges and universities, both public and private, participating in federal student aid programs (covering virtually every campus in the United States) to increase transparency about the scope of sexual violence on campus,

guarantee victims enhanced rights, provide for standards in institutional conduct proceedings, and provide campus community wide prevention educational programming. Institutions must provide primary prevention and awareness programs for all students.

OFTC has partnered with EverFi to provide education in critical life skills such as sexual assault prevention and alcohol abuse prevention. Haven is an online sexual assault awareness and prevention course that is available to all students at OFTC. However, it is a required component of the COLL 1060 course at OFTC.

Haven is specifically designed to address the issues of domestic violence, dating violence, sexual assault and stalking, including information on recognizing warning signs of abusive behavior, risk reduction techniques, and positive options for bystander intervention. An important component of the Haven course is a list of resources and links for students which includes information on OFTC's student code of conduct as well as a link to the state of Georgia statutes regarding relationship and sexual violence.
