d-COPIA 1800 and 2200

MULTI-FUNCTION DIGITAL SYSTEMS

The Olivetti d-Copia 1800 and d-Copia 2000 **monochrome A3 digital modular systems**, with printing option, are an excellent solution for **small/medium offices** where productivity, reliability and cost-effectiveness are primary considerations.

They work at speeds of, respectively, 18/22 pages per minute for the A4 format and 8/10 ppm for the A3 format.

An optional **GDI interface** permits printing from any Windows PC.

Both models have a **400-sheets paper input capacity**, which can be increased with three optional trays to a top capacity of 1,300 cut sheets.

Moreover, these products can be equipped with a **reversing original feed**, a **duplex** and a **network card** to share print function among users.
