- Paper

Office Depot has aligned ourselves with the largest copy paper suppliers, such as Boise & Domtar, in North America to best support our customers and distribution centers. By funneling as much business as possible through these resources, we have lowered the cost-to-serve for Office Depot and have become the leading paper buyer for these suppliers. In fact, Office Depot is one of the largest buyers of paper in the world today. This guarantees us aggressive pricing in the market, which in turn we pass on to our Region 4 members.

Our strategic relationships have also improved the efficiency of our supply chain and have allowed for more accurate forecasting of our purchases. As a result, the flow of goods is much smoother for our vendors, without the peaks, valleys and spot buys of the past leading to consistent access for School operations.

Due to the volatility of the paper market, we have no formal written agreement with any of our paper suppliers. We will continue to react as the market changes and work to offer Region 4 members the most advantageous cost in the bid process. Our strategic relationship and large volume will work in our favor when the paper market changes. With our partnerships securely in place, we will be assured steady shipments of goods when other suppliers may be struggling.

Office Depot offers many recycled paper solutions and has several enhancements to its branded lineup of copy, inkjet and laser papers that may be of interest to Region 4 members. Office Depot also offers 100% recycled Office Depot paper and Domtar FSC Earth choice paper.

Tab 2: Products & Pricing

Office Depot’s enhanced branded offerings consist of the following papers: Premium White Copy Paper, Premium Enviro Copy Recycled Copy Paper, Platinum Super White Copy Paper, Premium Inkjet Paper, Premium Laser Paper, Platinum Color Inkjet Paper, Platinum Color Laser Paper, and Platinum Color Copy Paper.

Approximately 90% of the cut-sheet papers sold by Office Depot is certified by one of the four main responsible forestry certification standards, CSA, FSC, PEFC or SFI.

Non-Cut Sheet Paper Solutions: Office Depot offers over 1,000 non-cut sheet paper products in the Green Book.

Office Depot introduced Office Depot Green, a line of products including paper, that is designed to be very Green with environmentally friendly packaging and high recycled content in the product and packaging.

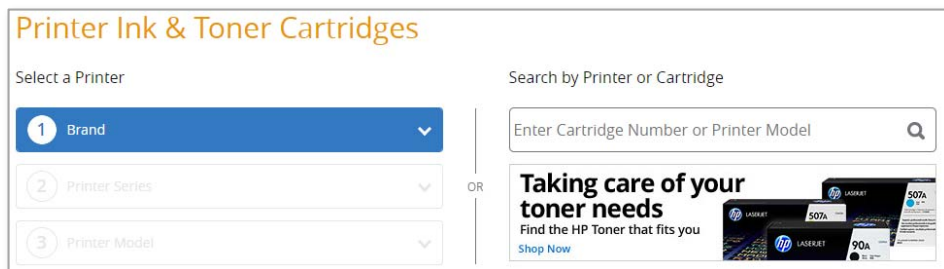

Increased Recycled Content: Perhaps the most noteworthy change in the Office Depot lineup concern environmental performance is that all red top copy paper is 0% PCW and the Green top copy paper is currently at 30%.

Additionally, all Office Depot brand paper is now elemental chlorine free, employing an advanced brightening process to reduce pollution while enabling the production of bright, white paper.

- o Toner

Office Depot sells more ink and toner worldwide than any other reseller. We use this buying power as leverage to acquire the best volume discounts, as well as promotional support to drive down costs and increase sales in the category. We typically order in pallet and/or truckload quantity, allowing us to have the lowest unit price. Office Depot has a low-cost structure for receiving, picking, packing and delivering product to the end user.

Office Depot offers both OEM, remanufactured, and third-party OEM toner products. We offer a comprehensive toner reference in both our hard copy and online catalogs. Our print catalog clearly identifies whether an item is OEM, remanufactured, or third-party OEM and provides both the manufacturer and the manufacturer’s part number.

Our website identifies product descriptions, toner yields, and the status of the toner cartridge as either OEM, remanufactured, or third-party OEM.

Tab 2: Products & Pricing

Office Depot branded cartridges are an important way for customers to save procurement dollars while maintaining the same quality as OEM products:

Quality: Independent industry experts regularly test Office Depot brand cartridges. Our cartridges provide print quality and page yield equal to the National brands.

Remanufactured – Not Refilled: The plastic core of the ink and toner cartridges is refurbished while ALL critical components are replaced or refurbished and 100% post-production tested.

- Toner New! Doctor Blade – Refurbished or New (Primary)
- Drum New! Charge Roller Refurbished or New
- Wiper Blade New! 100% of Cartridges Post Construction Tested!

Guaranteed Performance: Office Depot ink, toner, and fax supplies carry a 100% Satisfaction Guarantee. In addition, using an Office Depot brand supply will not void the printer warranty. Office Depot will cover any printer expense as a result of a faulty cartridge.

Savings: We produce most Office Depot ink and toner cartridges with the empty cartridges we collect through our recycling program.

To support our School’s environmental goals, Office Depot offers a wider range of high-quality, environmentally preferable, office products that can be substituted for traditional office supplies. These products are equal in performance, but save natural resources, conserve energy, or are manufactured in a way that reduces or prevents the emissions of toxic chemicals. For example, Office Depot stocks thousands of environmentally preferable products, including remanufactured toner and ink cartridges.

Along with OEM toner and ink cartridges, Office Depot’s private brand cartridges represent national brand quality offered at a substantial discount in price to the consumer. All Office Depot private brand products are backed with a 100% satisfaction guaranteed policy. In fact, quite often the

Original Manufacturer is actually the source for many of our private brand products. On Office Depot’s BSD web site, remanufactured cartridges are clearly identified with the words “remanufactured cartridge” and yields are indicated in the electronic catalog.

We also can provide free collection boxes with pre-paid shipping labels for inkjet or laser returns. Once the box is full, return it at no cost – the postage is paid.

Servers, Desktops, Notebooks, Laptops, Tablets

Office Depot holds a current contract with Region 4 ESC for technology, R160204. Computers have become an absolutely essential aspect of our everyday life. Whether it's a desktop computer, a lightweight laptop/notebook, or a touch-tablet, there is a device to fit all needs. Not only has the personal style of computers changed, but the processing power of these machines has consistently advanced under a 'doubling effect' (known as Moore's Law).

The K-12 space has experienced some of the most significant impacts. Environments consisting of a single teacher operating a single desktop quickly morphed into an entire computer lab environment, augmenting the actual curriculum to include 'computer training' like any other field of study. Fast forward to the modern age and computers 'as a field of study' have shifted to computers 'as a learning tool.' 1-to-1 and BYOD environments are now a standard for the modern classroom, and the advent of the Chromebook Android devices is propelling us toward an Internet-based learning space.

Technology and its components are a universal language; all entities and organizations within all vertical segments depend on being communication, research, and collaboration. Behind the scenes of every user-device (or 'client') is the device that manages them; the server. Servers are the backbone of the client device and are available in a wide variety of forms factors and functionalities. Tower, rack or blade designs can be infused with remote, power or safety management features, all of which make it possible to manage a network, share files across the user-spectrum, manage resource access rights, send/receive email, host a website, manage a cloud environment, or simply maintain smooth print management.

Office Depot, Inc. has strategic relationships with the top market leaders in the computer systems industry. Our Technology Solutions professionals are trained and expertly positioned to meet the needs and demands of the modern-age Public Sector

Knovation has developed a rich set of metadata, applied by its teacher curators, to each resource included in its OER Metadata Collection. This metadata well describes OER and enables highly customized integrations. Learning resources go through a 127-point certification process analyzing and tagging them to state learning standards, 21st Century Skills, grade level(s), subject areas (with X number of content areas represented), type of learning resource, and more. Additionally, content is tagged with the Lexile reading measures and Knovation analyzes and tags each learning resource with its proprietary "readability score," an average of the scores generated by four long-standing readability formulas and the Lexile® Framework for Reading.

Knovation's Content Curators focus on providing a wide variety of learning resource types in the Content Collection. Resource types include: activities, articles, assessments, audio, eBooks, interactive media, learning games, learning modules, lesson plans, primary source documents, reference materials, student-centered materials, test preparation materials, videos, visual materials, websites, whiteboard resources, apps, professional learning resources, and 3-D printing plans.

Take Home Tasks:

None.

References:

With rotorcraft, the flight times can be shorter due to massive amount of energy required to stay in the air (rotorcraft are not capable of gliding).
Micro multirotors are capable of flight inside of buildings, and can even use swarm techniques. Some can be so small you might not even see them – others can look like living animals such as hummingbirds or large flying insects.

Hardware and Software

Each class will need a set of small drones for students to use for live flight practice and one large drone for project work and more professional flight practice (Middle Schools that utilize lessons from semester one will need drone kits instead of the large drone for project work). Each student will need a license to use the flight simulator software.

Office Depot can provide a bundle of hardware and software. We can provide the DJI and Parrot drones and accessories each class will need.

3D Learning (Design Thinking Curriculum)

What is the 3D Learning Curriculum?

The 3D Learning Curriculum is designed to create a personalized, constructivist-learning opportunity for all students. Students are encouraged to DREAM big, DESIGN creatively, and DO (DREAM, DESIGN, DO) what innovators, creators, and engineers embark on every day. The goal of this K—12 curriculum is to expose students to real-world problem-based learning with connections beyond the classroom. Research shows that children should learn to investigate questions about the real world. This curriculum provides authentic, hands-on learning experiences that challenge students to identify problems beyond the classroom walls based on their interests.

Tab 2: Products & Pricing

DREAM

In the **Dream module**, students concentrate on idea generation and solutions. Students will explore how to brainstorm ideas and possible solutions, identify problems and solutions to the problem, gather information and materials, and identify constraints. This is part of the design process, where students ideate an idea or problem to solve.

DESIGN

In the **Design module**, students select a solution, design and construct a prototype, and redesign or modify the design based on test results. This is the phase when a design goes through the iteration process until the desired results are achieved.

DO

In the **Do module**, students reflect on the design process and design solution they have developed. They will create their final design and demonstrate the skills needed to explain the impact of the design and its relation to the initial problem.

In an interdisciplinary and applied approach, this curriculum integrates a STEM (Science, Technology, Engineering, and Mathematics) curriculum in a real-world application. “In the 21st century, scientific and technological innovations have become increasingly important as we face the benefits and challenges of both globalization and a knowledge-based economy. To succeed in this new information-based and highly technological society, students need to develop their capabilities in STEM to levels much beyond what was considered acceptable in the past.” (*National Science Foundation*)

The design thinking skills emphasized support innovative thinking, creativity, critical thinking, problem-solving, communication, and collaboration skills. The curriculum fosters awareness of the design process: defining a problem, doing research, identifying possible solutions, designing and developing models or prototypes, testing the design, making modifications, retesting, and communicating. It promotes learning by doing in an open, social, peer-led environment by putting the learner at the center of the learning.

The **3D Learning Program** is a Pre-K—12 initiative to increase student engagement through the development of student-driven, research-based design thinking. This program, developed to teach and promote the process of design thinking, follows a simple progression of engaging students in the process of thinking about solutions to problems as they progress through the phases of development of self and social-cognition.

Tab 2: Products & Pricing

3D Learning Framework

There are four levels in the curriculum: **Early Elementary** (Grades K-2), **Upper Elementary** (Grades 3-5), **Middle School** (Grades 6-8), and **High School** (Grades 9-12).

Each level contains three different themes: Early and Upper Elementary themes are **Myself**, **My Family**, and **My Community**, while the Middle School level encompasses **School**, **Community**, and **World**. The High School level is **Independent Choice**. The themes at each level are designed to help direct students to developmentally appropriate projects. These themes are not restrictive but are meant to guide and focus student thinking. For the Capstone project, high school students can select their own theme. Suggested themes are alternative energy, architecture, clean water, spying/surveillance, etc.

Each theme within the curriculum consists of three modules, DREAM, DESIGN, DO. These modules are designed to guide students through a series of prescribed steps in the design process as they conceptualize, design, and create a solution to a problem. Each module is an important step in the design thinking problem-solving process using cross-curricular skills: critical thinking, creativity, collaboration, and communication. The lessons within each module provide a suggested roadmap for teachers to follow.

Level 1: Elementary	Level 2: Early Upper Elementary	Level 3: Middle School 6-8	Level 4: High School 9-12
Myself	Myself	School—6th	Capstone: Independent Choice
My Family	My Family	Community—7th	Capstone: Independent Choice
My Community	My Community	World—8th	Capstone: Independent Choice

Tab 2: Products & Pricing

Elementary (Grades K-2 and Grades 3-5)

In the Early Elementary grades, students will progress through the three learning modules of **DREAM, DESIGN, DO** in a guided setting as they begin to learn how to develop problems, solutions, and models to solve the problems, and then make visible their critical thinking skills as they communicate their thinking and reasoning for their solutions.

In the Upper Elementary grades, teachers choose to facilitate either independent projects or inventions using the same themes and modules used in the Early Elementary level.

Middle School and High School (Grades 6-8 and Grades 9-12)

The **DREAM, DESIGN, DO** modules are the backbone of the middle school Mini-Capstone project. Students' skills develop in sophistication while they are prepared to independently create and complete a Capstone project in high school.

The **Capstone project** is the culmination of the curriculum, where students independently apply all the skills they learned and demonstrate their thinking process. Students will use their communication skills to make visible their critical thinking. They will identify their problem, share their solution (stating their claims with evidence), and defend that evidence (the warrant).

The modules consist of lessons specifically tied to the goal(s) of the module and the theme.

In addition to our instructional resources, we are able to print and publish curriculum, lesson plans, and testing materials in an on-demand environment through our national network of closed-door secure Copy & Print facilities.

- Special needs supplies

Special education students have individual needs, which are outlined in each child's Individual Education Plan (IEP). It is increasingly common for students with IEPs to spend part or all of the day in the general education setting alongside their typically developing peers. Teachers, especially those not formally trained in Special Education, need additional support and resources to help them meet the needs of all the learners in their classrooms.

With that, Office Depot provides teachers with professional resources to help support all learners. Resource categories include:

- Sensory tools
- Specialized Environment Resources
- Adaptive Technology [HF1]
- Life Skills Resources
- Fidget to Supplies and Furniture

Tab 2: Products & Pricing

- ESL Resources
- Behavior Modification Resources
- Modified Content Resources
- Math Supplies and Science Supplies

With the rise of a global technical economy, success in the post-secondary world is highly dependent on a learner's ability to master math and science skills. As well as use and apply these skills to solve real-world problems. Office Depot offers a plethora of math and science resources that help teachers and learners deepen understanding of both unique, integrated, and applied math and science concepts:

- Manipulatives
- Project Resources
- Math and Science Games
- Math Technology
- STEAM Kits and Modern Manipulatives
- Workbooks
- Activity Books
- Lesson Plans for Technology Applications
- Flip Charts
- Pocket Charts
- Learning puzzles, floor mats, flashcards

Explore, don't explain. That's the mantra now working its way through science classrooms. Whereas science class used to focus on prescribed experiments with expected outcomes, today's experiments are open-ended with a focus on solving a problem in multiple ways. This is more akin to the way real scientists approach their work and is in line with the demands of the Next Generation Science Standards

Employment in STEM fields (science, technology, engineering, mathematics) has grown 79% since 1990 and people working in these fields enjoy higher pay than those in non-STEM fields, according to a recent analysis by the Pew Research Center. States are adapting their curriculums to align with the Next Generation Science Standards, which emphasize the kinds of exploration and real-world problem-solving demanded by STEM.

In addition to these supplies, Office Depot also provides stocked furniture for labs, including, but is not limited to – tables with multiple surface options, seating, storage, and wash bays. Our offering is available to help provide a complete turnkey lab solution or classroom configuration for K-12 as well as Higher Education classrooms.

STEAM Kits

Office Depot also supports hands-on learning, problem-solving, and design think practices to increase skill mastery for Science, Technology, Engineering, Art, and Math, making lessons easy and efficient for teachers empowering today's modern student.

Office Depot has had a licensed partnership with Scholastic for 10+ years.

We have ongoing initiatives with the broader Scholastic organization, including hosted web content for teachers, in-store events, and more. We continue to grow our partnership each year, and our focus on STEAM is the next phase.

Scholastic kits are different from many in the market because they are not simply "toys." The kits encourage kids to learn as they play; each comes with a hands-on activity as well as an educational book. For example, the Geodes kit allows you to crack open real Geodes and paint them, but also to learn about different rocks in nature and real-life applications.

Tab 2: Products & Pricing

Office Depot has a nationwide K-12 sales staff, as well as dedicated K-12 support staff, that specifically works with our K-12 customers. Each school district is assigned a K-12 Project Lead to assist with large, complex print jobs and curriculum orders. This team helps curriculum directors to streamline the printing and distribution of their materials into the classroom. With today's instructional shifts, Office Depot understands that budgets need to go further and the teacher's time in the classroom is more important than ever.

For smaller print orders, use Office Depot's online ordering system. Orders can be placed 24/7 online via our BSD site and we have nationwide support staff in place to assist with individual orders placed.

Office Depot's approach is to work with Region 4's customers to provide solutions for the printing and distribution of the Participating Schools' instructional materials. These materials include Benchmark Testing, Classroom Consumables, Workbooks, and Professional Development. We understand that printing is only part of the process and that getting the materials distributed down to the classroom level takes time, effort and energy.

- Cost-effective solutions – We'll help your Participating Schools stay on budget while meeting your specific curriculum adoption printing requirements. Save teacher time and print budgets by letting Office Depot print your materials instead of using your school's copier

Back to School

This past summer, Office Depot launched Start Proud!™, its new signature back-to-school philanthropic initiative. Start Proud!™ was created to help foster brighter beginnings for schools in low-income communities nationwide and to give students, parents and teachers the supplies they need to start the year confident, prepared and proud.

This new program officially kicked-off in July 2018 when associates in South Florida, Atlanta, Austin, Charlotte, Chicago, Philadelphia, and San Francisco hosted backpack bundling bashes in their markets. At these bashes, associates, friends and family members came together to assemble 20,000 fully stocked backpacks for deserving students in their communities.

On Friday, August 3, Atlanta-area associates held the first of 10 Start Proud! celebratory assemblies across the nation. These inspiring campus celebrations included remarks from Office Depot's senior executives, the school's principals, the district's superintendents, National PTA representatives. At each Start Proud! event hundreds of excited students gathered and cheered when it was announced they would all be receiving brand new backpacks with supplies. Office Depot also donated another 1,000 backpacks to each school district to assist with ongoing needs at other Title I schools in their area throughout the 2018-2019 school year. One "All-Star Teacher" from each school was also celebrated for their extraordinary efforts in the classroom and given approximately \$1,000 worth of premium supplies. Finally, teachers at each school were surprised with an additional donation of six palettes of classroom supplies to share and help them start the year off right.

The Start Proud! program will expand to additional districts and Title 1 elementary schools in 2019, to engage more of our associates in this critical work to support deserving teachers, students and families.

National IPA tracking and reporting

Office Depot will provide customer-centric business reviews and reports for our customers. Our Business Review process is a high-level summary that ties together all of the statistical information that we gather on our performance and service levels. We will provide National IPA specific performance data by Region 4 ESC participating agencies, geographic location or business unit. Each business review completed will then be rolled up into a master review of for entire cooperative. This process of creating multiple reviews allows us to compare each of your participating agency locations against one another to find best practices, innovations, and ensure all locations are performing to minimum Region 4 ESC standards.

Our review will be customized to provide the specific format and metrics that National IPA would like to evaluate. The goal of these reviews is to provide you with more than "raw data." Our objective is to create documents that will show you in one page how we are doing in meeting your objectives in the following areas: achievement of your corporate goals, IT and systems interface performance, delivery, service-level, customer satisfaction, compliance and rogue spend, transition success and strategic development.

The Office Depot account management team will assist each Region 4 participating agency location by analyzing spending and usage data. This process helps you by providing a consistent regular customer focus to drive greater usage to their core product list, identify rogue spend outside their endorsed contract stationer, and analyze actual product usage.

Electronic Catalogs

Internet based catalogs:

- Round-trip – xCBL
- Punch-out – cXML
- Open Catalog Interface (OCI) - OCI
- Oracle Direct – Transparent Punch-out

Static / Hosted Catalogs

As mentioned, Office Depot supports all types of delimited data-feeds, (i.e., txt, csv, pipe delimited). The below lists some of mainstream standard hosted catalog formats we support:

In addition, Office Depot will partner with our customers requiring a hosted catalog that is not part of this list. Our eContent Team will work closely with your technical team and share best practices to help you create a hosted catalog solution that suits your business needs.

Office Depot has supported online catalog access through Coupa via cXML a/k/a punchout. Office Depot also supports xcBL and OCI. Office Depot has implemented over 1,000 external interface relationship partnerships. These partnerships range from a simple Hosted catalog and EDI purchase

Tab 3: Performance Capability

order to a full XML solution including Direct catalog interface (Punch-out/Round-trip), purchase order, acknowledgment and billing. Lawson has the ability to produce electronic purchase orders in both EDI and XML format. The Lawson system supports both a Hosted Catalog and direct supplier catalog interface (Punch-out/Round-trip). Office Depot also supports both Hosted catalog and Direct web-catalog interface.

Hosted catalog content can be provided in Region 4 ESC custom format or Standard Lawson format. Office Depot supports various XML formats for direct catalog interface. We routinely implement cXML (Ariba format) xCBL (Commerce One/Perfect Commerce format) and numerous XML direct punch-out strategies. Our routine tests of Direct Connect and purchase order submit with Lawson have been very successful.

We support a diversity between Punch-out format and purchase order submit; if Region 4 ESC members prefer to connect directly using XML format but would like to submit purchase orders in EDI format, Office Depot can easily accommodate.

Updates are instantaneous. Catalog information resides on an Office Depot web server, not on your desktop, so your system is not burdened by memory hogging downloads and updates. In addition, access to order information requires no special programming or additional help from MIS specialists.

Punchout

Office Depot has extensive experience with both punchout and customer-hosted catalogs. Office Depot has integrated punchout with more than 500 customers. We support CXML Punchout, OCI Roundtrip, and XML (Oracle) TapOut, as well as Transparent Punchout. Trust us to implement:

- Standard Punchout (one login and password for all of an organization's users), all users see all order history and shopping lists
- User-level Punchout (separate logins for each user, allowing for personalized shopping lists). Users also would view only their own orders on Order History
- Spend (demand) management functions such as the Top 50 items ordered list, default product search order, preferred (a/k/a Contract or Best Buy) items during search drill down, the ability to hide restricted items, and custom company information on email acknowledgements (e.g., the Office Depot account representative name and phone number displayed at the bottom of the email)

The advantages of punchout with Office Depot include: dynamic pricing, viewable real-time inventory, enhanced search functionality, access to all features and functions of the Office Depot B2B website, the ability to view icons for contract and restricted items, and the spend management capabilities described above.

Office Depot currently supports about 200 customer-hosted and third-party-hosted catalogs. Ariba, Workday ERP, Jaggaer, CIFs, Perfect Commerce PUPs and CUPS, and formats of most other third-parties are supported. We also support any flat file specification directly from customers. Hosted catalog formats are available as Excel or delimited files.

Tab 3: Performance Capability

We can also:

- Supply an Excel file of all items and/or item changes via various electronic delivery formats
- Zip and email the catalog directly
- Supply images (via various electronic delivery formats) of items in .jpg or .bmp format

Our punchout capabilities include:

- Restrict Items – from being purchased at the user level by department, class, item and/or dollar amounts
- Best Value Items – all core items are identified and float to the top of all searches
- 4 Accounting Fields – for customization and identification of cost centers and billing/orders information

Purchasing Authorization

Our system offers an approval hierarchy capability – from a single approver up to 11 approval levels – that can be accomplished within an approval workflow set up and managed by the customer's authorized Administrator(s). Each approval level within a workflow can be directed to one approver or a group of approvers. If an end user tries to order something beyond his or her dollar limit, our system will automatically send an email to the person's approver or approver group for approval, and an additional email will be sent notifying the end user and approvers when the order has been approved on their approval level. A proxy approver feature allows workflow approvers who will be out of the office to designate someone else to approve in their behalf. Optionally, each workflow can be customized to bypass the approval process for orders that fall below a minimum dollar threshold, or for orders that contain only contract items. This automated approval process is implemented in the beginning stages of your account or can be added at any time.

Within the Office Depot system, each end-user has a unique identification number and password to ensure that only that person is authorized to access the Office Depot catalog. Each unique profile is tied to your specific cost centers, ship to locations, purchase levels and spending limits.

Tab 3: Performance Capability

The Super User sets up a "User Profile" for each new user of the system. Each user is given "permissions" during the original implementation by the designated Super User.

At the bottom part of the screen, you will see a heading "User Settings and Permissions." Under each category, the user is given permission (or denied access) to each shopping decision.

For example, you will see drop-down menus following the words, "This user can..."

- Select Any, Use only Default or Select from Specified list of Ship To
- Select Any, Use only Default or Select from Specified list of PO Number
- Select Any, Use only Default or Select from Specified list of Release
- Select Any, Use only Default or Select from Specified list of Cost Center
- Place and Release Orders
- Query Any Placed Orders
- Modify Placed Orders
- Cannot purchase restricted items, etc.

This section is followed by "Dollar Limits" (Per Unit Price, Per Extended Line Item, Per Order). Participating Agencies can customize the permissions for a particular user using all of these criteria at the initial set up of the account.

iv. Describe how Offeror responds to emergency orders.

Office Depot is prepared to provide next-business-day delivery to over 95% of the U.S. Next-business-day delivery of your in-stock school supply orders operates through three elements, and Office Depot offers you better performance in each area: Inventory, Order Cut-off times, and Delivery Network.

Inventory: Office Depot stocks, on average, more than 15,000 SKUs in our Delivery Centers. In addition, we consistently achieve over a 98% line item fill rate company wide.

Order Cut-Off Times: Office Depot's standard delivery lead time is next business day for stocked items on orders received by Office Depot online or via phone by 5:00 p.m. on a business day. Orders outside of our next-business-day delivery zone are shipped by UPS and delivered within 2 business days.

Delivery Network: Office Depot's B2B Delivery Network allows us to maintain a local, regional, and national presence. We outsource our deliveries with contracted and dedicated third-party carriers to ensure complete nationwide delivery coverage.

Office Depot fills and delivers more than 100,000 deliveries a day with an on-time delivery rate of 99% based on reconciled manifests. That accuracy is possible because we have a fully integrated warehousing system and operate our own coast-to-coast distribution and delivery network.

Tab 3: Performance Capability

Office Depot has the latest order cutoff times in our industry. Orders placed on a business day for in-stock items will be delivered on the promised next delivery schedule for the ship-to location (usually next business day) and the times vary depending on the ordering channel used:

- Online website ordering, 5:00 PM local time
- EDI ordering, 6:00 PM local time
- Toll-free telephone ordering 5:00 PM local time
- Fax and email orders, 3:00 PM Eastern Time
- Mail orders, 3:00 PM Eastern Time
- Items may be purchased in an Office Depot or OfficeMax Retail Store at contract prices by your authorized buyers any time the store is open

Emergency Orders

Typically, Office Depot's turn-around time for emergency orders is 4 hours. Office Depot will offer same-day delivery within 30 miles of our stocking facilities direct-service markets at no additional charge if the emergency is due to our error. We can make same-day deliveries to these locations when we receive the order by 12:00 noon local time.

Courier charges will be added to the customer's account for emergency orders that are not due to an Office Depot service failure. Office Depot will not mark up the courier charges, only pass on any additional costs for same-day delivery.

v. What is Offeror's average Fill Rate?

- Order Fill Rate – The percentage of orders that were 100% filled on the first delivery schedule for the ship to location – 97.70%
- Line Fill Rate – The percentage of line items ordered that were 100% filled on the first delivery schedule for the ship to location – 99.22%

vi. What is Offeror's average on-time delivery rate? Describe Offeror's history of meeting the shipping and delivery timelines.

The closest calculation to an on-time delivery percentage would be our percentage for Orders Delivered Next Day. Although we track this performance result, we do not tabulate it like we do our fill rates. Each warehouse location has a percentage of orders delivered next day. Depending on their location, they may service more remote locations than other warehouses. Overall, as a company, our on-time delivery percentage could be estimated at 99% and has historically ranged in the upper 97-99% range.

On-Time Delivery – The percentage of deliveries made on the promised schedule for the ship-to location – 99.13%

Special Order Products may not be returned or exchanged. This includes items that are not stocked in one of our warehouses and/or are indicated as SPECIAL ORDER.

viii. Describe Offeror's ability to meet service and warranty needs.

To the extent Customer requires Office Depot to provide warranties on products sold to Customer, Office Depot's warranties shall be limited to Office Depot-branded products. For all other products, Office Depot will pass through to Customer, to the extent permissible under applicable law, all manufacturer-supplied end-user warranties. Office Depot delivery service is discussed in Section iv.

ix. Describe Offeror's customer service/problem resolution process. Include hours of operation, number of services, etc.

Your designated Account Management Team will be your primary contact for all account related issues or concerns. In the event, you cannot reach your Account Manager, please contact our Customer Care Department. Once your contract has been awarded, a customer-specific plan will be provided with contacts and phone numbers.

More than 90% of the queries to our Customer Care Team are resolved during the initial contact. Unless there are extenuating circumstances, most remaining issues are resolved within a four-hour timeframe.

Tab 3: Performance Capability

We offer several levels of problem resolution:

- Immediate resolution on the phone
- Standard research/resolution time within two hours
- Extended research/resolution time within four hours
- Complex circumstances involving one or more departments and/or locations with mutual Management involvement and/or approval may take several hours or days for final resolution.

Issue resolution and problem escalation will be managed through our formal Customer Resolution Form (CRF) process to ensure each issue is documented, tracked, and monitored until resolution. Office Depot's problem resolution CRF is a software system that tracks every issue not resolved on the first contact. This system ensures no problem goes unresolved. Every issue that can't be resolved on the initial phone call is identified as mission critical, urgent, or important and then escalated through the CRF process until resolved in our agreed-upon SLA terms.

x. Describe Offeror's invoicing process.

Office Depot can provide you a complete Individual Invoice and Consolidated Billing program on a local, regional, or national level. There are multiple fields that can be customized to accommodate the specific terminology of your order process. Your account can be implemented to require and/or validate specific account information at the time of placing your order. There are different options available depending on whether the billing is in paper or electronic format.

Invoice Billing

An invoice is generated for each order placed by your end user. Your invoice can be sent either in daily, weekly, semi-monthly, or monthly intervals directly to the primary address or indirectly to the "Ship To" location(s). - Order Number
- Order Date
- Ship Date

Optional information that can be added to the invoice:

Tab 3: Performance Capability

Summary bills can be sorted, totaled or have page breaks with any of our header options. Also, any of the header titles can be renamed as necessary.

If you select consolidated/summary bill, you must agree to pay the invoice in full. If you have any disputes, you simply need to advise Customer Service or your Sales Rep, who will research and issue a credit memo for valid dispute(s), which will be reflected on the subsequent consolidated / summary invoice. You cannot short or partial pay consolidated / summary invoices.

- Annual spend must be \$60K or greater, and electronic delivery is preferred.
- When you send payment, simply include the consolidated / summary invoice number on your remittance.

eBill EDGE

Office Depot has developed an entirely new Green billing system. With eBill EDGE Region 4 ESC member agencies will now be able to receive their billing documents in PDF or XLS format as a file attachment sent via email.

The advantages of eBill EDGE for you as a customer are listed below.

- Bills can be emailed to multiple recipients, eliminating the need to produce and distribute paper copies.
- Bills can be stored electronically, eliminating the need for bulky physical storage.
- You contribute to "green" initiatives by reducing your carbon footprint.

Tab 3: Performance Capability

- You can opt to receive in an Excel format that can be directly uploaded to your accounts payable system.

Office Depot has various eBill formats from which to choose to best fit your needs.

1. PDF Invoice – Our most popular invoice format. Customers choosing this format can opt to sort the SKU items by cost center, ship to location, or purchase order.
2. PDF Consolidated with Detail – For those who wish to pay by consolidated bill, this format can sort and subtotal the invoices by cost center, ship to location, or purchase order.
3. PDF Consolidated with NO Detail – For those who wish to pay by consolidated bill and don't need to see line item detail. Offers the same sorting and subtotaling options in a summarized view.

XLS – We offer several Excel formats as well:

1. Excel with Detail and Logo – All order detail presented in a spreadsheet format with key data summarized at the top of the sheet. Sorting and subtotaling options are available.
2. Excel with Detail and NO Logo – Ideal for those looking for a file that is easily uploaded to their payables system. Can also be sent without column headings for a "data only" file.
3. Excel with NO Detail with Logo – Perfect for customers requiring an Excel format without item detail. Sorting and subtotaling options are available as is the ability to exclude summarized data and/or headings at the top of the sheet.

Signing up for eBill EDGE

If you would still like your current paper bill format and would like it sent via email, then either you or your Account Representative can send an email to billingsetup@officedepot.com with your Name, Contact Information (email and phone number), and Account Number. Ideally, a departmental mailbox like accounts.payable@mycompany.com should be used.

If you would like to change your bill format, please review the sample formats, select the one you prefer, and have your Account Representative send an email to billingsetup@officedepot.com with the necessary information.

Electronic Data Interchange (EDI)

EDI technology has been used since 1989 by Office Depot customers to speed purchasing, invoicing and banking. Typically, EDI systems employed by our customers are often linked directly to corporate accounting systems. EDI users have the option to create their order in an interactive mode using the search and browse capabilities of the Office Depot Internet catalog. After you create the order, it is routed back to your EDI system. There, it is converted to the universally accessible ANSI x .12 format before being sent through the standard EDI processing.

Tab 3: Performance Capability

E-Procurement Integration

Office Depot processes well over 100,000 orders per week via third-party e-procurement platforms. We can integrate through EDI or XML for a dynamic punchout experience. We are one of the largest suppliers on the Ariba network and the Perfect Commerce platform. We have agreements with all of the major players in the third-party e-procurement market, including Ariba, PeopleSoft, Jaggaer, Oracle, Data Stream, SAP, and more.

Store Purchasing Card (SPC)

We have nearly 1,400 Office Depot OfficeMax retail stores nationwide. Our national retail program allows our customers to shop at any of our retail locations for emergency, after hours and weekend purchases. Our Store Purchasing Card (SPC) is distributed to authorized users permitting them to make retail purchases in an Office Depot/OfficeMax retail store while receiving your negotiated contract pricing. Functionality within our network has been developed to provide multiple payment options including: Account Billing Only, Both Account Billing and Other Payment (cash, check or credit card) and Cash, Check, or Credit Card.

Procurement Cards (P-Cards)

Office Depot accepts credit card payments by Visa, MasterCard, or American Express. All Office Depot purchases can be paid with this card, whether by phone, fax, Internet or in-store shopping, including Copy & Print projects. We offer Level II and up to Level III data for procurement card purchases. The details of the Level III data reporting are worked out between our customers and their respective banks. This includes such information as – SKU number, quantity detail, purchase order number, department number, or other specified fields of information.

The customer is required to register each P-Card in order to be offered this service. The registration of P-Cards is done in bulk during contract implementation or on an individual basis when needed and does require an overnight system roll-up process, which means there is a one day wait required from registration before the initial use in a Retail Store.

Smart Cart Feature: Online shopping tool to help end-users compare items, save money, and go green. Three different Smart Cart tools can be activated at any time as a cost-saving feature:

- Smart Value Cart will remind end users of available core list items during the shopping process. Example: An end-user places a package of self-stick notes in their cart that is not part of the core list. If there is a comparable package of self-stick notes (e.g., standard yellow vs. the bright colored notes initially selected) on the core list, the cart will provide a pop-up alternative showing the item and the potential savings by changing the selected item to the core item.
- Private Brand Cart, like the *Best Value Smart Cart*, will make lower cost alternative suggestions during the shopping process; however, the key element recommends private brand, lower cost alternatives. Example: An end user places the national brand Post-It sticky notes in their cart. If there is a comparable item in a private brand with a lower cost, then the alternative will be suggested.
- Green Cart works in a similar fashion as the other Smart Carts, but may suggest items that have a higher initial cost. Example: An end user selects a 12 pack of AA batteries. The smart cart may suggest a package of rechargeable AA batteries. The rechargeable batteries may have a higher initial cost; however, due to the ability to recharge and reuse the batteries, overall cost per use goes down over the life of the battery.

Region 4 ESC participating agencies may select to have only one or any combination of all three Smart Carts loaded to its account based upon business needs. The Smart Cart tools allow end users to make better purchasing decisions to meet their business needs.

Online Smart-Dashboard: This highly innovative self-service tool:

- Displays year-to-date and monthly spend analysis by ship-to, cost center, and user

Tab 3: Performance Capability

- Identifies opportunities to utilize additional Office Depot services that can result in cost savings

Office Depot and Region 4 ESC Participating Agencies will set up a customer-centric business review, which will include a rolled-up summary report for corporate purchasing summarizing local activities, performance, and compliance within the corporate program. We will assist you with analyzing spend and usage data as well as monitoring performance. This will allow you to drive greater usage to your core list, identify rogue spending outside preferred contract stationer, and see actual product usage.

Office Depot can easily accommodate your reporting needs. Historically and currently, there is no additional charge for these reports, which can be sorted in up to nine levels using a combination of any of these fields:

- Customer Number
- Customer Product Code
- Customer Department Number
- Office Depot Product Code
- Office Depot Catalog vs. Non-catalog products

Our overall green assortment from 2003 – 2018 on our website, catalogs and special orders has grown from 2,000 products to over 14,000. Additionally, we have a dedicated green storefront on our website to help make finding greener choices easier, featuring products with greener attributes and eco-labels in nearly all categories from supplies to furniture and cleaning products.
- Green Reporting: You can’t manage what you don’t measure; hence the importance of green spend reports and tracking for our customers. We help customers evaluate their green spend at a glance with our Green Business Reviews (GBRs). This report shows your purchasing history according to the Office Depot GreenerOffice Rating system so customers can decide when and where to go greener.

Tab 3: Performance Capability

- TreeUp Program: Office Depot has teamed up with the Arbor Day Foundation to offer TreeUp — a simple program designed to help your organization reduce its impact on the environment and meet sustainability goals. Here’s how it works:

1. We use a custom paper calculator to estimate the amount of wood used and carbon emissions created by your paper purchase.
2. You choose how you want to offset your environmental impact, through either planting trees or offsetting carbon.
3. The Arbor Day Foundation will either plant trees for \$1 per tree or offset carbon at a rate of \$7 per ton.
4. We provide you with an invoice from the Arbor Day Foundation for the trees planted or tons of carbon offset.

5. You will also receive a certificate highlighting your impact on our planet through tree planting and carbon offsets.

It’s a straightforward approach to more sustainable paper purchasing. Talk to your Office Depot representative about planting trees and offsetting carbon through TreeUp today.

c) Qualification and Experience

- i. Provide a brief history of the Offeror, including year it was established and corporate office location.

Founded in 1986 with the opening of its first retail store in Fort Lauderdale, Florida, Office Depot has gradually become a leading global provider of products, services and solutions for every workplace, whether that be the office, home, school or car. From the late 1980s and throughout the 1990s, Office Depot developed its structure and customer base by acquiring various office supply companies and expanding its reach to global markets. Having established its prominent e-commerce presence continuing into the new millennium, Office Depot sustained its growth by merging with OfficeMax Incorporated in late 2013 and remains a leader in offering excellence in quality workplace products, services, and solutions. With the acquisition of CompuCom in 2017, Office Depot is expanding its capabilities as a leading omnichannel provider of business services and supplies, products and technology solutions.

Office Depot, Inc. is a resource and a catalyst to help customers work better. We are a single source for everything customers need to be more productive, including the latest technology, core office supplies, print & document services, business services, workspace facilities, furniture & interiors, and school essentials.

The company has combined annual sales of approximately \$10.2 billion, employs 45,000 associates, and serves consumers and businesses in North America and abroad with nearly 1,400 retail stores, award-winning e-commerce sites, and dedicated business-to-business sales professionals and technicians – all delivered through a global network of wholly owned operations, joint ventures, franchisees, licensees and alliance partners. Through its banner brands, including Office Depot, OfficeMax, CompuCom, and Grand & Toy, the company offers its customers the tools and resources they need to focus on their passion for starting, growing, and running their business. The company's portfolio of exclusive product brands includes TUL, Foray, Brenton Studio, Ativa, WorkPRO, Realspace, and HighMark.

- ii. Describe how Offeror ensures contract compliance.

Office Depot made a significant investment in creating an organization, dedicated to ensuring accurate customer set-up, timely maintenance of customer pricing, and protecting the integrity of our agreements with our customers. To carry out those important responsibilities, we developed an online document management system which calendarizes the significant milestones of our legal agreements.

Tab 4: Qualifications and Experience

This provides us with visibility to those commitments that are time sensitive. In addition to our system enhancements, our team of Compliance Managers is responsible for establishing a consistent schedule of inspection, ensuring that Region 4 ESC members end users are receiving the service and pricing Office Depot has committed to provide.

iii. What measures does Offeror take to ensure all products are authentic and not counterfeit?

Office Depot has sales authorization from all suppliers and manufacturers whose products are offered in our catalogs, online or hard copy. The manufacturers' warranties and other rights conferred with the sale of the products are the same when the products are purchased from Office Depot as if they were purchased from the manufacturer directly. On request, Office Depot will provide more information on particular items of concern to the customer.

iv. Describe Offeror's reputation in the marketplace.

One reflection of a company's reputation in the marketplace is its ability to retain customers over many contract terms. Office Depot has an enviable retention rate for our larger customers (Region 4 ESC and its Participating Agencies are among our largest) even in this highly competitive economic situation. Customers understand that the very lowest price sometimes comes at considerable expense in service and support. Office Depot provides the total package, equaling a highly competitive Total Cost of Ownership.

v. Describe Offeror's reputation of products and services in the marketplace.

Office Depot sells nationally and globally recognized products as well as our Private Brand Products, which are 100% satisfaction guaranteed to meet or exceed the appropriate National Brand equivalent's specifications, performance, quality, yield and suitability for use while saving the customer money. Our Private Brand Products are accepted by most customers as directly interchangeable with the National Brand equivalent. Office Depot does not manufacture the products we sell, although we determine the specifications for our Private Brand products and accept the responsibility for the quality and performance of those products.

As a marketplace leader, we have a renewed emphasis on services, researching and rolling out new ones to our customers, including many educational services detailed in our RFP response (see Tab 2, Products and Pricing), such as Makerspace; Device as a Service; professional development and product training; iCurio by Knovation; Learning Management Systems; assessment platforms; automation systems and learning object repositories; Edu-drone curriculum, professional development, and support; 3D learning; and more in research, development and testing stage.

As a value-added supplier, Office Depot has earned the reputation of being highly reliable, enabling customers to plan on receiving the orders as promised and packaged properly to ensure safe delivery

and storage. Our services, including our Sales Representatives' fanatical approach to providing proactive consulting support to their customers, has earned us the reputation as the most capable supplier in our industry, helping our customers achieve their goals. Our comprehensive industry-leading usage reporting package, providing nearly real-time budget management capability to each customer, is unequaled in our industry.

Six Contracts – One Account Number

As we work to serve the needs of our public agencies and providing them with competitively solicited and awarded cooperative contracts, Office Depot has elected to monitor and respond to cooperative contract solicitations lead by Region 4 ESC to provide a unique customer contracting solution. To date, our team has responded to and has been awarded six (6) contracts with Region 4 ESC. This unique strategy aligned with the vast and growing number of product categories, solutions and services we provide allow us to provide our customers with all six (6) contracts utilizing a single account number. Managed Print Services

In today's challenging economy, organizations are continually looking for ways to reduce expenses and improve productivity. For many organizations, the printing environment represents an untapped opportunity to save money. Nevertheless, the total cost of managing and printing documents along with the pathway to driving improvements remains a challenge.

THE OFFICE DEPOT THREE-STEP APPROACH

Office Depot understands the issues and opportunities associated with typical printing environments and highlights the value-added services available from Office Depot that can help organizations take the logical steps to meaningful savings and improvements in productivity.

In organizations that have successfully implemented Managed Print Services, the breakdown of service requests begins to reveal what it takes to support an office printing environment.

Controlling and managing toner spend represents a natural starting point. Getting this right, addresses a large portion of the total print spend. For example, Office Depot ships approximately 1.7 million toner cartridges to Region 4 ESC Participating Agencies per year, at a cost of \$100 million. Each order for a toner cartridge requires an employee to make a phone call or go online to submit the order using up valuable man-hours.

A new value-added service from Office Depot, the Auto Toner Replenishment service, will automate the ordering process for Region 4 ESC members who purchase toner.

Auto Toner Replenishment is a free service that enables Office Depot to ship toner just-in-time, based on requests received directly from the printers on the organization's network.

Tab 5: Value Add

Benefits of Auto Toner Replenishment include:

- No need for employees to place toner orders – giving valuable time back to the organization
- Reduction in onsite toner inventory
- Next-business-day delivery, using Office Depot’s world-class logistics and distribution network
- Improved printer up-time and efficiency – printers will always have the toner they need when they need it
- Most network printers are supported by a large assortment of national brands and Office Depot® brand products – more than 3,000 ink & toner choices in stock
- Reduction of old supply waste by utilizing the Office Depot recycling program for supplies and equipment.
- Comprehensive reporting and insight providing data to further optimize the organization’s printing environment

TOTAL CARTRIDGES SHIPPED TO TCPN MEMBERS

After Auto Toner Replenishment has been running for 30 days, your organization will receive the initial Office Depot Print Assessment, which includes the following:

- Usage and performance data for the entire printer/MFP fleet
- Total cost of ownership (TCO)
- Recommendations for optimization and further cost savings

The Office Depot Print Assessment provides facts on key areas to optimize the print environment, including:

COST SAVINGS
High Yield Usage + Office Depot Brand vs OEM Brand

- Saving more on toner spend: Using high-yield toner cartridges and establishing the right balance between Original Equipment Manufacturer (OEM) toner and Office Depot® Brand remanufactured toner could save 15-20% on current toner spend.
- Freeing IT from printer-related issues: With an Office Depot Managed Print Services contract, break-fix services can be outsourced, which will enable IT to focus on higher-value projects. Office Depot provides a 4-hour response and typically restores printers to operating order within one day.
- Optimizing equipment: Printer purchases have historically been decentralized, enabling the total number of devices to grow unchecked. Larger multifunction devices often have advanced capabilities that are largely unused. The data from an Office Depot Print Assessment coupled with insights on employee workflow will help create the roadmap for ongoing cost savings and productivity gains. Equipment optimization can include: rebalancing print volume to more

Safety and Security

As schools shift to modern learning and modern environments, a top priority is the safety and security of the students, staff, and faculty, no matter where they are within the school. And, in the 21st century, school safety also relies on safeguarding critical information, assets, and systems. Safe schools have a sense of comfort and are more conducive to preparing children for the demands of a competitive, global workforce.

Tab 5: Value Add

How Do You Get There? Schools typically follow this roadmap to improve the safety and security of their campuses. First, they use the network as the platform to achieve effectively, efficient collaboration and information sharing. Next, they deliver all services over a centrally managed, converged IP network. They implement well-planned, robust network architectures and infrastructures for improved communications between faculty members, students, and staff. Finally, use

of wired and wireless technologies to ensure that physical environments are safe and network environments are secure.

This roadmap is dependent on various factors such as budget, time, foundation, change management, and overall Region 4 member agency capacity. Office Depot and CompuCom work alongside District leadership teams and their stakeholders to innovation roadmap, achievable and sustainable pathways for our Region 4 members.

Office Depot provides planning meetings with School Districts. Our Business Review process is a high-level summary which ties together all of the statistical information that we gather on our performance and resulting time/cost savings. We will provide Region 4 schools specific performance data based off our programs. This process also allows us to compare each school's performance to find best practices, innovations and ensure all schools are performing to established standards. We will also share what other Districts and Schools are doing nationwide.

Our review will be customized to provide the specific format and metrics that Region 4 members would like to evaluate. The goal of these reviews is to provide more than "raw data." The Office Depot account management team will assist each Region 4-member location by analyzing spending and usage data. Implementation of House Bill 1295

Certificate of Interested Parties (Form 1295):

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity or state agency that either (1) requires an action or vote by the governing body of the entity or agency before the contract may be signed or (2) has a value of at least \$1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

The Texas Ethics Commission was required to adopt rules necessary to implement that law, prescribe the disclosure of interested parties form, and post a copy of the form on the commission's website. The commission adopted the Certificate of Interested Parties form (Form 1295) on October 5, 2015. The commission also adopted new rules (Chapter 46) on November 30, 2015, to implement the law. The commission does not have any additional authority to enforce or interpret House Bill 1295.

Filing Process:

Starting on January 1, 2016, the commission will make available on its website a new filing application that must be used to file Form 1295. A business entity must use the application to enter the required information on Form 1295 and print a copy of the completed form, which will include a certification of filing that will contain a unique certification number. An authorized agent of the business entity must sign the printed copy of the form and have the form notarized. The completed Form 1295 with the certification of filing must be filed with the governmental body or state agency with which the business entity is entering into the contract.

The governmental entity or state agency must notify the commission, using the commission's filing application, of the receipt of the filed Form 1295 with the certification of filing not later than the 30th day after the date the contract binds all parties to the contract. The commission will post the completed Form 1295 to its website within seven business days after receiving notice from the governmental entity or state agency.

Information regarding how to use the filing application will be available on this site starting on January 1, 2016.

Texas Government Code 2270 Verification Form

House Bill 89 (85R Legislative Session), which adds Chapter 2270 to the Texas Government Code, provides that a governmental entity may not enter into a contract with a company without verification that the contracting vendor does not and will not boycott Israel during the term of the contract.

Furthermore, Senate Bill 252 (85R Legislative Session), which amends Chapter 2252 of the Texas Government Code to add Subchapter F, prohibits contracting with a company engaged in business with Iran, Sudan or a foreign terrorist organization identified on a list prepared by the Texas Comptroller.

I, Susan Cummings, as an authorized representative of Office Depot, Inc., a contractor engaged by Office Depot Inc.

Region 4 Education Service Center, 7145 West Tidwell Road, Houston, TX 77092, verify by this writing that the above-named company affirms that it (1) does not boycott Israel; and (2) will not boycott Israel during the term of this contract, or any contract with the above-named Texas governmental entity in the future.

Also, our company is not listed on and we do not do business with companies that are on the Texas Comptroller of Public Accounts list of Designated Foreign Terrorists Organizations found at <https://comptroller.texas.gov/purchasing/docs/foreign-terrorist.pdf>.

I further affirm that if our company's position on this issue is reversed and this affirmation is no longer valid, that the above-named Texas governmental entity will be notified in writing within one (1) business day and we understand that our company's failure to affirm and comply with the requirements of Texas Government Code 2270 et seq. shall be grounds for immediate contract termination without penalty to the above-named Texas governmental entity.

I swear and affirm that the above is true and correct.

EXHIBIT A- RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

REGION 4 ESC (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners Public Sector ("OMNIA Partners"), is requesting proposals for office supplies, related products and services. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether or not to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

- A. Marketing collateral (print, electronic, email, presentations)
- B. Website
- C. Trade shows/conferences/meetings
- D. Advertising
- E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

- A. Individual sales calls
- B. Joint sales calls
- C. Communications/customer service
- D. Training sessions for Public Agency teams
- E. Training sessions for Supplier teams

The OMNIA Partners contracting teams may work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

- A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
- B. Training sessions for Public Agency teams
- C. Training sessions for Supplier teams
- D. Regular business reviews to monitor program success
- E. General contract administration

Suppliers are required to pay an administrative fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately \$500M annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners.

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and OMNIA Partners shall agree. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of this contract and adjust wage rates accordingly. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

- A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;
- B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;
- C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;
- D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 Representations and Covenants

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

2.3 Sales Commitment

Supplier commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. Supplier also commits its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Supplier were not awarded the Master Agreement.

Detail of Selected Programs

- *Green Product Assortment:* Office Depot was the first in our industry to introduce a “green” catalog called “The Green Book™” in 2003, which has been published every year since. Our overall green assortment from 2003 – 2018 on our website, catalogs and special orders has grown from 2,000 products to over 14,000. Additionally, we have a dedicated green storefront on our website to help make finding greener choices easier, featuring products with greener attributes and eco-labels in nearly all categories from supplies to furniture and cleaning products.
- *Green Reporting:* You can’t manage what you don’t measure; hence the importance of green spend reports and tracking for our customers. We help customers evaluate their green spend at a glance with our Green Business Reviews (GBRs). This report shows your purchasing history according to the Office Depot GreenerOffice Rating system so customers can decide when and where to go greener.
- *TreeUp Program:* Office Depot has teamed up with the Arbor Day Foundation to offer TreeUp — a simple program designed to help your organization reduce its impact on the environment and meet sustainability goals. Here’s how it works:

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

1. We use a custom paper calculator to estimate the amount of wood used and carbon emissions created by your paper purchase.

2. You choose how you want to offset your environmental impact, through either planting trees or offsetting carbon.

3. The Arbor Day Foundation will either plant trees for \$1 per tree or offset carbon at a rate of \$7 per ton.

4. We provide you with an invoice from the Arbor Day Foundation for the trees planted or tons of carbon offset.

5. You will also receive a certificate highlighting your impact on our planet through tree planting and carbon offsets.

It's a straightforward approach to more sustainable paper purchasing. Talk to your Office Depot representative about planting trees and offsetting carbon through TreeUp today.

- G. Describe any diversity programs or partners supplier does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program.

Office Depot provides a range of diversity programs for consideration by the Participating Agencies as described in H. immediately following. When selecting products from Tier 2 Diversity Suppliers there is no effect on the quoted pricing. When electing to involve a Tier 1 Diversity Partner there is usually a cost increase based on the discussions with the Partner. These increases can vary by region and by Diversity Partner and will be discussed during the negotiations with the selected Partner. Office Depot does not dictate those increases.

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

H. Describe any historically underutilized business certifications supplier holds and the certifying agency. This may include business enterprises such as minority and women owned, small or disadvantaged, disable veterans, etc.

Office Depot does not hold any historically underutilized business certifications; however, we offer the availability of our partnerships with numerous regionally located historically underutilized businesses certified by recognized agencies as applicable to each in all categories. These partnerships are Tier 1 diversity relationships and the participating public agency may choose which, if any, they wish to include in their relationship with Office Depot to meet their specific Diversity Goals.

Office Depot is committed to the economic development of the communities in which we work and live. This commitment is evident in our industry-leading multi-dimensional approach to small business development. Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

Paper

Office Depot has developed strong relationships with many mills. We are the largest paper supplier in the office supplies channel in North America. Because of the volume we buy, we can greatly influence the mills on the specs. If needed, we can create a new SKU that we do not currently offer to meet the purchasing needs of our Schools.

Office Depot has aligned ourselves with the largest copy paper supplier in North America to best support our customers and distribution centers. This partner is Domtar, who has been Office Depot's vendors of choice for years. By funneling as much business as possible through this resource, we have lowered the cost-to-serve for Office Depot and have become the single largest paper buyer for this supplier. In fact, Office Depot is one of the largest buyers of paper in the world today. This guarantees us aggressive pricing in the market, which in turn we pass on to our Region 4 Participating Agencies..

Our strategic relationships have also improved the efficiency of our supply chain and have allowed for more accurate forecasting of our purchases. As a result, the flow of goods is much smoother for our vendors, without the peaks, valleys and spot buys of the past leading to consistent access for School operations.

Due to the volatility of the paper market, we have no formal written agreement with any of our paper suppliers. We will continue to react as the market changes and work to offer Region 4 Participating Agencies the most advantageous cost in the bid process. Our strategic relationship and large volume will work in our favor when the paper market changes. With our partnerships securely in place, we will be assured steady shipments of goods when other suppliers may be struggling.

Office Depot offers many recycled paper solutions and has several enhancements to its branded lineup of copy, inkjet and laser papers that may be of interest to Region 4 Participating Agencies. Office Depot also offers 100% recycled Office Depot paper and Domtar FSC Earth choice paper.

Office Depot's enhanced branded offerings consist of the following papers: Premium White Copy Paper, Premium Enviro Copy Recycled Copy Paper, Platinum Super White Copy Paper, Premium Inkjet Paper, Premium Laser Paper, Platinum Color Inkjet Paper, Platinum Color Laser Paper and Platinum Color Copy Paper.

Approximately 90% of the cut-sheet papers sold by Office Depot is certified by one of the four main responsible forestry certification standards, CSA, FSC, PEFC or SFI.

Non-Cut Sheet Paper Solutions: Office Depot offers over 1,000 non-cut sheet paper products in the Green Book.

Office Depot introduced Office Depot Green, a line of products including paper, that are designed to be very Green with environmentally friendly packaging and high recycled content in the product and packaging.

Increased Recycled Content: Perhaps the most noteworthy change in the Office Depot lineup concern environmental performance is that all red top copy paper is 0% PCW and the Green top copy paper is currently at 30%.

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

Additionally, all Office Depot brand paper is now elemental chlorine free, employing an advanced brightening process to reduce pollution while enabling the production of bright, white paper.

Toner

Office Depot sells more ink and toner worldwide than any other reseller. We use this buying power as leverage to acquire the best volume discounts, as well as promotional support to drive down costs and increase sales in the category. We typically order in pallet and/or truckload quantity, allowing us to have the lowest unit price. Office Depot has a low-cost structure for receiving, picking, packing and delivering product to the end user.

Office Depot offers both OEM, remanufactured, and third-party OEM toner products. We offer a comprehensive toner reference in both our hard copy and online catalogs. Our print catalog clearly identifies whether an item is OEM, remanufactured, or third-party OEM and provides both the manufacturer and manufacturer's part number.

Our website identifies product descriptions, toner yields, and the status of the toner cartridge as either OEM, remanufactured, or third-party OEM.

Office Depot branded cartridges are an important way for customers to save procurement dollars while maintaining the same quality as OEM products:

Quality: Independent industry experts regularly test Office Depot brand cartridges. Our cartridges provide print quality and page yield equal to the National brands.

Remanufactured – Not Refilled: The plastic core of the ink and toner cartridges is refurbished while ALL critical components are replaced or refurbished and 100% post-production tested.

Computer Hardware

Servers, Desktops, Notebooks, Laptops, Tablets

Computers have become an absolutely essential aspect of our everyday life. Whether it's a desktop computer, a lightweight laptop/notebook, or a touch-tablet, there is a device to fit all needs. Not only has the personal style of computers changed, but the processing power of these machines has consistently advanced under a 'doubling effect' (known as Moore's Law).

The K-12 space has experienced some of the most significant impacts. Environments

consisting of a single teacher operating a single desktop quickly morphed into an entire computer lab environment, augmenting the actual curriculum to include 'computer training' like any other field of study. Fast forward to the modern age and computers 'as a field of study' have shifted to computers 'as a learning tool.' 1-to-1 and BYOD environments are now a standard for the modern classroom, and the advent of the Chromebook Android devices is propelling us toward an Internet-based learning space.

Technology and its components are a universal language; all entities and organizations within all vertical segments depend on being communication, research, and collaboration. Behind the scenes of every user-device (or 'client') is the device that manages them; the server. Servers are the backbone of the client device and are available in a wide variety of forms factors and functionalities. Tower, rack or blade designs can be infused with remote, power or safety management features, all of which make it possible to manage a network, share files across the user-spectrum, manage resource access rights, send/receive email, host a website, manage a cloud environment, or simply maintain smooth print management.

Office Depot, Inc. has strategic relationships with the top market leaders in the computer systems industry. Our Technology Solutions professionals are trained and expertly positioned to meet the needs and demands of the modern-age Public Sector organization.

School equipment

Learning is now student driven and active. To best accommodate modern learning, environments today transcend the confines of the traditional "classroom". Office Depot has curated a variety of modern environment concepts. These concepts, designed by Office Depot with insights from our education team and feedback from our educator partners across the country, reflect common modern learning trends.

Office Depot provides complete classroom furniture solutions. Whether the need is centered on matching and expanding existing facilities or providing new progressive classroom solutions, Office Depot has products to the meet your style and budgetary requirements to furnish the needs of your

Participating Schools. We offer an in-stock program for those times that you just can't wait, along with quick-ship options and custom capabilities. We also offer Modern Learning Concepts that are aligned to instructional practices for modern learners. Our goal is to free up your time for the learning/teaching environment while we take care of your planning, design, and furnishing requirements at contract value pricing.

- B. Describe how supplier proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

Office Depot proposes to provide products and services offered to all 50 USA States and to the territory of Puerto Rico.

Office Depot operates a Business-to-Business Delivery Network that allows us to maintain a local, regional, and national presence. Our delivery network consists of our own trucks, UPS, and contracted and dedicated third-party carriers to ensure complete nationwide delivery coverage.

Office Depot fills and delivers over 100,000 deliveries a day with an on-time delivery rate of 99% based on reconciled manifests. That accuracy is possible because we have a fully integrated warehousing system and operate our own coast-to-coast distribution and delivery network.

Office Depot has the latest order cutoff times in our industry. Orders placed on a business day for in-stock items will be delivered on the promised next delivery schedule for the ship-to location (usually next business day) and the times vary depending on the ordering channel used:

- Online website ordering, 5:00 PM local time
- EDI ordering, 6:00 PM local time
- Toll-free telephone ordering 5:00 PM local time
- Fax and email orders, 3:00 PM Eastern Time
- Mail orders, 3:00 PM Eastern Time
- Your authorized buyers can purchase items in an Office Depot or OfficeMax retail store at contract prices any time the store is open

- C. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

Office Depot, without obtaining written consent from Customer, may subcontract duties under any resulting contract to those subcontractors who are generally involved in the day-to-day business

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

operations of Office Depot, including, but not limited to, third-party logistics vendors, delivery carriers, and customer service providers.

Office Depot uses our own vehicles and dedicated third-party carriers for most of our outsourced deliveries. Several of these carriers have worked with us for 10 years or more. Our primary dedicated third-party carriers are:

- Exel Logistics / DHL
- Cardinal Logistics
- Dynamex Inc.
- Hazen Transport
- Courier Express
- First Choice
- Elite
- Alpha Logistics
- Eagle One
- Capital
- DPX
- Lasership

All dedicated carriers are required to:

- Wear co-branded uniforms
- Use co-branded trucks
- Use Office Depot's GPS Tracking on all deliveries. GPS Tracking Includes:
- Wireless 2-way communication
- Package scanning (to truck and to customer)
- Real-time "proof-of-delivery" tracking (signature and time stamp)
- Real-time GPS tracking and monitoring
- Real-time updated forecast of probable delivery window
- Maintain a 99.5 on-time delivery percentage
- Run routes as scheduled by Office Depot via RoadNet

Office Depot tracks and monitors all third-party dedicated routes on a real-time basis in a centralized dispatch office. We track and monitor routes in order to proactively address any delivery issues.

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

Office Depot also contracts with several regional carriers for less dense routes where it is more cost effective to load share with other packages. These carriers are not co-branded on their trucks or their uniforms but are still responsible to provide Office Depot’s world-class service. These providers include:

- Kruse
- Priority
- Dunham
- Valley Courier

Office Depot uses UPS for small orders on less dense routes. Often, although not always, the UPS tracking number shows on the Office Depot order tracking screen and you can locate your shipment if it is in the UPS system, just like you can locate shipments that show in Office Depot’s GPS tracking system.

D. Provide the number, size and location of Supplier’s distribution facilities, warehouses and retail network as applicable.

Office Depot owns and operates a nationwide network of 26 Distribution Centers (warehouses) for customer delivery. Our distribution centers have a state-of-the-art Warehousing System. We offer next business day delivery in most delivery areas and a goal of high fill rates. Our distribution centers are in the following cities across the United States.

As in the past Office Depot will assist with promotion and marketing efforts for the Forum including advertising in trade publications as well as direct support for the sponsor lounge and other projects as directed by OMNIA Partners. This is the proposed Office Depot Marketing Calendar for the first 12 months of an awarded contract from OMNIA / Region 4 ESC.

- C. Describe how Supplier will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Supplier holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

Office Depot has developed a comprehensive cooperative portfolio to allow public agencies to utilize cooperative contracting that most aligns with their current methodologies, geographical regions, segment alignment and procurement initiatives. In developing this portfolio, Office Depot has utilized a limited number of cooperative partners. Today, Office Depot's primary cooperative partner is OMNIA Partners, having been awarded nine (9) contracts with which both organizations actively promote to provide value to the agencies they serve. Office Depot continues and will continue to serve public sector agencies using the "best fit" methodology, which may include National & Regional cooperative contracts as well as providing stand-alone contracting solutions for those agencies that need/require this contracting method. Office Depot has fully embraced and will continue to embrace cooperative contracting as a meaningful procurement solution for public agencies.

H. Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

Office Depot recognizes that an important aspect of a successful relationship is ensuring consistent fanatical customer service. That is why we have divided our Business Services Division (BSD) team into two regions across the U.S., with our Boca Raton, Florida based corporate headquarters as the operations site for BSD Program Support Services and the national Help Desk. Our team consists of over 50 field-based Strategic Business Development Managers (BDM's) and Strategic Account Managers (SAM's) available to give your business the personal attention it needs.

Furthermore, as an Office Depot BSD customer, we will assign a Strategic Business Development Manager to help you develop strategic business solutions. He or she will work to understand your business needs and craft effective solutions to help reach your goals. The extra benefits that come from doing business with us are why many companies choose Office Depot. Just consider what we have to offer you.

Field Account Management Team

We have over 1,500 Sales Representatives to help design an office supply-buying program to meet your business requirements. In addition, we have over 1,300 Customer Care Representatives, 50+ sales offices and 26 distribution warehouses/delivery stores nationwide to support our national account program.

We will provide each office with ongoing, cost-effective analysis of the products purchased and recommendations of the best assortment based on your buying trends. In addition, your end-users will receive our BSD Internet User's Guide, a professional training guide with step-by-step instructions that supports both our direct ordering customers and punchout systems.

Your account team will help Member locations improve efficiencies and lower costs through customer education shows, product knowledge events, and other educational seminars for BSD customers. Also, we offer Business Reviews to ensure the right products are being ordered for the Member's organization, that costs are minimized, recycled or MWDVE spend rates are on target, and value-added services are being provided.

Approval Routing

By selecting the “email confirmation” option during your internet account set-up, Participating Agencies can choose to have orders that exceed the users’ personal spending permissions forwarded to their predetermined manager, supervisor, or purchasing agent via email. Each decision maker will then have the ability to review, amend, delete, suspend, or release the order.

The B2B site allows for multi-tiered approval of orders, which includes the ability to route an order to up to 11 total levels. This feature allows Super Users to create workflows for each user for the tiered approval of orders according to pre-assigned dollar limits.

Approvers have the option to “Express Approve” (release) orders directly from the email notification page. Approvers may also assign “Proxy” users to release orders in their absence.

Restrictions

The Office Depot electronic ordering platform can be programmed to set dollar limits and product limitations by:

- Account (child and parent)
- Ship to location
- Purchase order numbers
- Cost center/Dept.
- Individual User (dollar limits only)
- Block Broad-based Department (i.e., business machines)

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

- Block Narrow Classes (i.e., laser printers, inkjet printers, printing calculators)
- Block Specific Items (i.e., HP LaserJet 8100 #747-474)
- Set Item limitation (i.e., item not to exceed \$150)
- Set Line Item Limitation (i.e., line item not to exceed \$500)
- Set Order Value Limitation (i.e., order not to exceed \$1,000)

If users attempt to place an order for restricted products, they will receive a “restricted item” message instructing them to contact Purchasing to order that item. If users attempt to exceed the pre-set dollar limit (by line item or order value), they will receive a message informing them that the order exceeds the pre-authorized account limits. Note: Restricted items are clearly indicated with a special icon next to the description.

Alternatively, Participating Agencies can elect to allow users to create orders that contain restricted items or exceed their personal spending limits. Such orders will be forwarded to a designated Super-User/Manager with the authority to override all restrictions.

User Profiles

We will establish a unique User Profile for every user you authorize to utilize the B2B site. Their user profile will contain their contact, delivery and billing information as well as their ordering permissions.

Super User Account Management Capabilities: This option allows pre-appointed Participating Agencies Super Users to control Account Management details such as:

- Activating or disabling passwords for internal users
- Controlling/monitoring Blanket POs usage

- Placing orders for otherwise restricted items (due to product type or dollar limit)
- Creating multi-tiered approval workflow templates for each user

In addition to the above listed features and benefits of our online system, the following available features may benefit Participating Agencies.

Smart Cart Feature: Online shopping tool to help end-users compare items, save money, and go green. Three different Smart Cart tools can be activated at any time as a cost-saving feature:

- Smart Value Cart will remind end users of available core list items during the shopping process. Example: An end-user places a package of self-stick notes in their cart that is not part of the core list. If there is a comparable package of self-stick notes (e.g., standard yellow vs. the bright colored notes initially selected) on the core list, the cart will provide a pop-up alternative showing the item and the potential savings by changing the selected item to the core item.
- Private Brand Cart, like the Best Value Smart Cart, will make lower cost alternative suggestions during the shopping process; however, the key element recommends private brand, lower cost alternatives. Example: An end user places the national brand Post-It sticky notes in their cart. If there is a comparable item in a private brand with a lower cost, then the alternative will be suggested.
- Green Cart works in a similar fashion as the other Smart Carts but may suggest items that have a higher initial cost. Example: An end user selects a 12 pack of AA batteries. The smart cart may suggest a package of rechargeable AA batteries. The rechargeable batteries may have a higher initial cost; however, due to the ability to recharge and reuse the batteries, overall cost per use goes down over the life of the battery.

Participating Agencies may select to have only one or any combination of all three Smart Carts loaded to their account based upon business needs. The Smart Cart tools allow end users to make better purchasing decisions to meet their business needs.

Online Smart-Dashboard: This highly innovative self-service tool:

- Allows real-time access to important account information
- Displays year-to-date and monthly spend analysis by ship-to, cost center, and user
- Identifies opportunities to utilize additional Office Depot services that can result in cost savings
- Features real-time video overview of account activity and data export capability

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

- The dashboard shows your spending patterns with at-a-glance charts and graphs, helps identify your savings and office supply benchmarks, and provides insights to online user activity and behavior.

Transactions may be paid via EFT, P-Card Point-of-Sale Purchasing, or by credit card or check via electronic and/or mailed invoice (Summary or Standard).

Our goal is to maintain a 100% billing accuracy rate. Anything below this is unacceptable! Our system enhancements prevent the occurrence of billing errors common in the industry.

Office Depot holds a key advantage over its competitors on the management and billing of National Accounts. As we are one of the few companies to operate on a single platform with centralized control we do not experience billing issues that were common with national agreement in years past.

At the start of the agreement the contract is loaded into our AOPS system and audited for accuracy. Participating Agencies locations are loaded into the systems and tied to the contract. Once this is done the system is locked down. Any changes to the system must go through the national accounts department and be approved by OMNIA Region 4 ESC.

M. Provide the Contract Sales (as defined in Section 10 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

\$____.00 in year one

\$____.00 in year two

\$____.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the administration fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

Office Depot has demonstrated over the years we have been partnering with Region 4 ESC, National IPA, and TCPN that we will produce strong results within the framework of the economic structures under which our Public Sector customers operate. We do not believe it is within our ability to in any way control the funding of our customers' budgets and have determined to actually guarantee any level of sales is not a step we can take as faithful representatives of our shareholders. We would consider discussing this with you if you believe it is necessary.

Tab 7: National IPA Response to a National Program (Appendix D, Exhibits A, B, E, F & G)

- N. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.
- i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).
 - ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.
 - iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).
 - iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

Detail Supplier's strategies under these options when responding to a solicitation.

Office Depot is unable to comply with the above Paragraph N. Office Depot will respond to all Public Agency solicitations and requests respecting the commitments made in this offer and any subsequent contract based on this offer. Agencies requesting a specific program will receive an offer for that program and, if they request a second offer, we may propose this program should we receive an award. Most agencies do not accept multiple offers from a single vendor.

EXHIBIT B- ADMINISTRATION AGREEMENT, EXAMPLE

Upon acceptance of Office Depot's proposal, any resulting agreement shall be subject to review and approval of our Legal Department prior to execution.

3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms should **edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used "as-is", subject to edits as described herein.
 - e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.

5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM
Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - o of the public entity awarding the contract
 - o of that county in which that public entity is located
 - o of another public entity within that county
 - o or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

D&B Credit Limit Recommendation

Due to adverse or incomplete information, we are unable to provide a Credit Limit Recommendation for this business. Please contact your sales representative or D&B's Customer Resource Center at 800-234-3867 for assistance.

The Credit Limit Recommendation (CLR) is intended to serve as a directional benchmark for all businesses within the same line of business or industry, and is not calculated based on any individual business. Thus, the CLR is intended to help guide the credit limit decision, and must be balanced in combination with other elements which reflect the individual company's size, financial strength, payment history, and credit worthiness, all of which can be derived from D&B reports.

Risk is assessed using D&B's scoring methodology and is one factor used to create the recommended limits. See Help for details.

The Financial Stress Class indicates that this firm shares some of the same business and financial characteristics of other companies with this classification. It does not mean that the firm will necessarily experience financial stress. The Probability of Failure shows the percentage of firms in each Class that discontinued operations over the past year with loss to creditors. The Financial Stress National Percentile reflects the relative ranking of a company among all scorable companies in D&B's file.

The Financial Stress Score offers a more precise measure of the level of risk than the Class and Percentile. It is especially helpful to customers using a scorecard approach to determining overall business performance.

MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT

This Master Intergovernmental Cooperative Purchasing Agreement (this “**Agreement**”) is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate (“**Principal Procurement Agencies**”) with National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners Public Sector (“**OMNIA Partners**”) to be appended and made a part hereof and such other public agencies (“**Participating Public Agencies**”) who register to participate in the cooperative purchasing programs administered by OMNIA Partners and its affiliates and subsidiaries (collectively, the “**OMNIA Partners Parties**”) by either registering on a OMNIA Partners Party website (such as www.omniapartners.com/publicsector or www.nationalipa.org or any successor website), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into “**Master Agreements**” (herein so called) to provide a variety of goods, products and services (“**Products**”) to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.
2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency’s procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies’ participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(h), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable “safe harbor” regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.
3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider.
4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.
5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.
6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization (“**GPO**”) agreements directly or indirectly by enrolling the Participating Public Agency in another GPO’s purchasing program, including but not limited to Vizient Source, LLC, Provista, Inc. and other OMNIA Partners affiliates

and subsidiaries; provided the purchase of Products through a OMNIA Partners Party or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "Procuring Party") that procure Products through any Master Agreement or GPO Product supply agreement (each a "GPO Contract") will make timely payments to the distributor, manufacturer or other vendor (collectively, "Supplier") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE NATIONAL IPA PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIAL PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) the registration on a OMNIA Partners Party website or the execution of this Agreement by a Participating Public Agency, as applicable.
