

# Half-Day Brain Camps

## Oxford Learning Milton - Grades 1 to 10

If you want to keep your child's mind active this summer for a more successful year starting in September, then you should be considering this summer program. Summer is a good time for children who are behind to catch up, and students ahead to receive enrichment. Enroll in our half day summer programs and see the improvements in your child in September!

### Half-Day Brain Camps for Grades 1 to 10

The Oxford Learning Half-Day Summer Camps run for six individual weeks, between July 4<sup>th</sup> to July 29<sup>th</sup>, and August 8<sup>th</sup> to August 19<sup>th</sup>, in the mornings, 9:30 a.m. to 12:00 p.m. Camp curriculum includes English, Math, French, Creative writing, Paragraph & Essay Writing, or Study Skills. Brain Camp students will spend time on individual academic programs and in group activities. Students who are at grade level can work on next grade level material and be ahead of their class in September. Students who are below grade level can work on catching up over the summer and be more confident in their academics in the fall. Students can choose any number of days in the week to attend, have fun, and keep their brains active at the same time. This flexible scheduling should allow you to arrange your Brain Camp classes around your holiday times and other camps and activities.
