AUSBRED ROSE SETS AUSTRALIAN RECORD

The Australian Bred Rose *Delicious*, created a record when shown by Glynis Hayne as a Miniature Bud to Full Bloom in the UNSH Regional Rose Society Spring Show winning five Champion Ribbons and a Grand Champion Trophy a total of six champion ribbons - a feat that may be very hard to beat. Bred by Eric Welsh *Delicious* has been the most successful Australian Bred Miniature on the show bench for many years.

The Echidna is also a monotreme which grows only up to 40 - 50 cm/1.4 ft long and weigh about 5 - 6 kg/11 - 13 lbs. Echidnas have spines on their bodies, which is thus covered with a prickly coat like a porcupine or hedgehog. Echidnas have a long sticky tongue and eat mainly insects. When frightened, echidnas roll into small balls to protect themselves.

postponement 2022

“NEW DATES FOR WORLD ROSE CONVENTION

Rosarians in Australia and across the world are looking forward to the 19th World Federation of Rose Societies World Rose Convention – hosted by the National Rose Society of Australia.

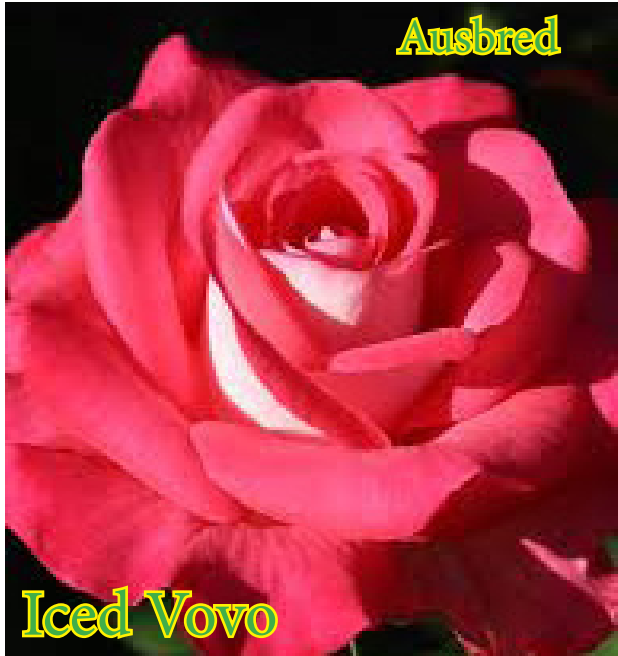

This Convention has been postponed as a result of COVID19. The Convention will now be held from 27 October - 3 November, 2022. Importantly, the wonderful venues initially secured have been retained – the world class Adelaide Convention Centre has been re-booked and official Convention Hotel, The Intercontinental Hotel, is hoping to retain the same special room rates.

Unfortunately, we had no choice but to seek a postponement. With COVID19 still active globally, restrictions on travel are likely to remain in place for some time. In addition, we are currently challenged in seeking to finalise costs as both potential sponsors and tourism operators are in shut down mode.

More details regarding our new program and tours will be forthcoming later. Hopefully, they will be similar to those in place for 2021. For more information relating to the Convention, visit the website www.wrc21.aomevents.com.au and join the mailing list to ensure you receive regular updates.

Our Rosamond - Our Rosamond' is an Australian bred Hybrid Tea rose released in 1983. The breeder Ronald (Ron) Bell (1915-2008) was known as the modern day Alister Clark. Ron Bell's contribution to the world of roses was recognised with numerous rose awards and an Order of Australia Medal.

Ron also wrote a small booklet which is still highly regarded by all Australian hybridisers "The Amateur Guide to Rose Breeding.'

Our Rosamond is a tall growing plant, up to 1.5m high and 1.2m wide, with attractive glossy foliage. The rose is pale pink with petals having a deep rich pink edge and being slightly darker on the reverse side. The classically shaped, high centred blooms open slowly and have a mild fragrance.

The plant can have up to 30 blooms each flush, usually one per stem.

Our Rosamond is almost thornless, rain and disease tolerant and has an excellent vase life. Ref.: SARS

NAME THE CONVENTION ROSE COMPETITION

The competition is open to all Rose Society members worldwide which includes Australians. Potentially the rose name chosen may capture the sense of occasion and the coming together of rose experts, amateurs and friends or perhaps it will be named for the characteristics of the rose or for someone special, the possibilities are endless.

For the person who comes up with the winning name, he or she will receive a free rose and help preside over the launch of the rose during the Convention.

To Enter The Competition

1. The competition was launched via "World Rose News".
2. Entrants will be invited to submit up to three names each.
3. Entries will be accepted until January 1st 2022.
4. Gavin Woods will act as Competition Convenor; all entries to be emailed to gbwoods@adam.com.au
5. The winning entrant will be advised of the successful name in August, 2022.
6. The name will be announced at the launch of the rose at the Convention.
7. Conditions of entry will include a release to allow free and unfettered use of the name selected. The successful entrant will be required to maintain secrecy of their success and the name until officially announced.

Eddie

Eddie hybridised by Richard Walsh in 1981, is the first rose he bred and was the basis for a very successful rose breeding career that he carries out these days.

An upright hybrid tea reaching up to 200cm with medium dark green foliage. The mid red blooms are resonant and are borne mostly solitary bloom form of 10cm diameter with little or no fragrance.

Breeding *Living x Uwe Seeler*, it is a parent of Walsh bred roses Darling Charlie, Love in Pink, Pink Highlights and Samantha's Dream) and a grandparent of James and Trendy.

This year it is planned to cross *Eddie* with *Calcutta*.

Esmeralda

Esmeralda was bred in 1957 by Frank Riethmuller in NSW, Australia. The rose Esmeralda is in fact a Lambertiana, a class of hybrids bred from multiflora and named after Peter Lambert, a German who gave us several roses such as Frau Karl Drushki and whose rose Trier was used by Joseph Pemberton to breed the range of Hybrid Musks.

The class is seldom recognised these days with most of the class going into floribunda.

Other Lambertianas by Riethmuller are Carabella, Claret Cup, Gay Vista and Honeyflow.

AUSTRALIAN BRED ROSE OF THE YEAR

The original and most comprehensive Australian Bred Rose of the Year

This is the seventh year the Australian Bred Rose of the Year has been made and is the brainchild of Ausrose Promotions CEO Doug Hayne as a tool to promote Australian Bred Roses. The winners and breeders to date have been: -2013 Joyce Abounding (Dr Bruce Chapman), 2014 Flemington Racecourse (Dr Bruce Chapman), 2015 Imp (George Dawson), 2016 China Sunrise (Laurie Newman), 2017 Love's Gift (George Thomson), 2018 Amazing Grace (Dr Bruce Chapman). To date, Dr Bruce Chapman has been the most successful breeder with three wins.

Criteria used to select the Australian Bred Rose of the Year includes performance and official rose trials, individual's assessment (disease resistance, robustness of bush, longevity in catalogues, vigour, number of flowers in a flush, number of flushes in a year, fragrance), popular vote from description and photo. All these are combined to give a final assessment.

This year after all the data is taken into account a new breeder **Bruce Brundrett** won the award with the floribunda **My Yellow**.

My Yellow is exceptionally quick to produce fragrant blooms, with new growth commencing before the blooms are spent. The colour rarely fades with the sun, usually deepening the yellow hue to orange flushes. The blooms have a strong fragrance and the bushes grow to a height to 80cm. Winner of a Silver Medal and Davis Trophy for the Best Australian Bred Rose at the Year National Rose Trial Garden of Australia.
