Welcome

Message from Pat Halpin-Murphy

President & Founder, PA Breast Cancer Coalition

Since 1993 when we founded the PA Breast Cancer Coalition, breast cancer survivors, medical professionals, community leaders, and government, labor and industry leaders have joined us in our efforts.

Together, we are resolute in our commitment to fund research to find a cure, and until that cure is found, to continue to be the voice for breast cancer survivors in Pennsylvania.

We have dedicated our lives to the mission of "finding a cure now ... so our daughters won't have to." Our highly acclaimed programs include Friends Like Me™, our traveling photo exhibit 67 Women, 67 Counties: Facing Breast Cancer in Pennsylvania, Refunds for Research, the PA Breast Cancer

Coalition Conference, our FREE online course for nurses, social workers and breast cancer advocates, and now our FREE informative webinars presented by experts in the field of breast cancer. With every new initiative, we turn advocacy into action.

The PA Breast Cancer Coalition was formed in 1993 by a dedicated, active and effective group of breast cancer survivors who had one common mission: to find a cure for breast cancer. Every program, event, and campaign is still carried out with that goal in mind. Today, the PBCC is the source of action and information for Pennsylvania women with breast cancer and their families. On behalf of all women in Pennsylvania, and especially our daughters and granddaughters, I thank you for all that you do to help us reach that goal.

The PBCC's highly visible pink van travels over 20,000 miles crisscrossing the state carrying our message of advocacy into action.

ADVOCACY INTO ACTION!

www.PABreastCancer.org

Dense Breast Notification Act Legislation

Governor Tom Corbett (center) accepts a necktie from Pat Halpin-Murphy as a token of the PBCC's appreciation for his support of the Breast Density Notification Act. Joining the Governor at the bill signing were sponsors Rep. Karen Boback (seated left) and Senator Robert Mensch (seated right).

ADVOCACY IN ACTION - CHANGE

The Dense Breast Notification Act, the PBCC's sixth legislative change, is saving countless lives. The bill was signed into law in 2013 and requires mammography facilities to notify women of their breast density. The PBCC was not content to stop there, however. The momentum gained with the legislative victory propelled the PBCC to establish the Dense Breast Advisory Committee in 2014. The Committee's purpose is to survey mammography facilities, and women who are receiving mammograms to evaluate the success of the dense breast notification, and to propose and implement any necessary improvements. This is yet another step as we move forward closer to *finding a cure for breast cancer now...* so our daughters won't have to.

Programs

PA Breast Cancer Coalition Conference

ADVOCACY IN ACTION - KNOWLEDGE

The PA Breast Cancer Coalition Conference celebrated incredible achievements related to breast cancer. Nearly 1,000 attendees at our 20th conference learned about metastatic breast cancer, triple negative breast cancer, emerging treatments, nutrition, and much more from a wide range of experts in the field. The \$10,000 Potamkin research grant was presented to Dr. Kevin Fox, a committed researcher and dedicated educator at the Rena Rowan Breast Center of the Abramson Cancer Center of University of Pennsylvania. With the support of sponsors and donors to our scholarship fund, registration fees are never a barrier for any individual to attend the conference and benefit from the education, inspiration, and camaraderie. **The PBCC provided scholarships and special guest registrations for the 2014 conference to 65 newly diagnosed women.**

2014 Awardees

POTAMKIN

The Potamkin Award carries a \$10,000 stipend and is presented to an outstanding leader in the breast cancer community.

Kevin Fox, MD

A world-class, compassionate physician, Dr. Fox's work has a dramatic and lasting effect on all the women the PA Breast Cancer Coalition serves.

PINK RIBBON

The Pink Ribbon Award is given to individuals who demonstrate outstanding leadership in breast cancer research, education, treatment and advocacy.

Pennsylvania State Senator Bob Mensch

Senator Mensch introduced the Pennsylvania Dense Breast Notification Act and his hard work, dedication, and passion were instrumental in the act being signed into law.

Lillie Shockney, RN, BS, MAS

Lillie Shockney is administrative director of the Johns Hopkins Breast Center and is a two-time breast cancer survivor. She works tirelessly to improve the care of breast cancer patients around the world.

SHINING LIGHT

The Shining Light Award is presented annually for community grassroots leadership in the field of breast cancer research, education, outreach and advocacy.

Linda Golden

Linda joined with other members of the Grey Mare Society to create Ride the Trail to a Cure. The Grey Mare Society is a group of horse women over the age of 50. Linda was inspired to raise awareness in the horse community after her 2004 breast cancer diagnosis. Since the first Ride the Trail event in 2006, almost \$90,000 has been donated to the PBCC and hundreds of participants have heard the message about early detection of breast cancer.

EDUCATIONAL WEBINARS

ADVOCACY INTO ACTION - EDUCATION

In 2014 the PA Breast Cancer Coalition took breast cancer education to a new level with free webinars for survivors, caregivers, advocates, medical professionals and anyone interested in the latest breast cancer information. Almost 300 registrants to the webinars accessed vital information presented by the leading experts in their fields.

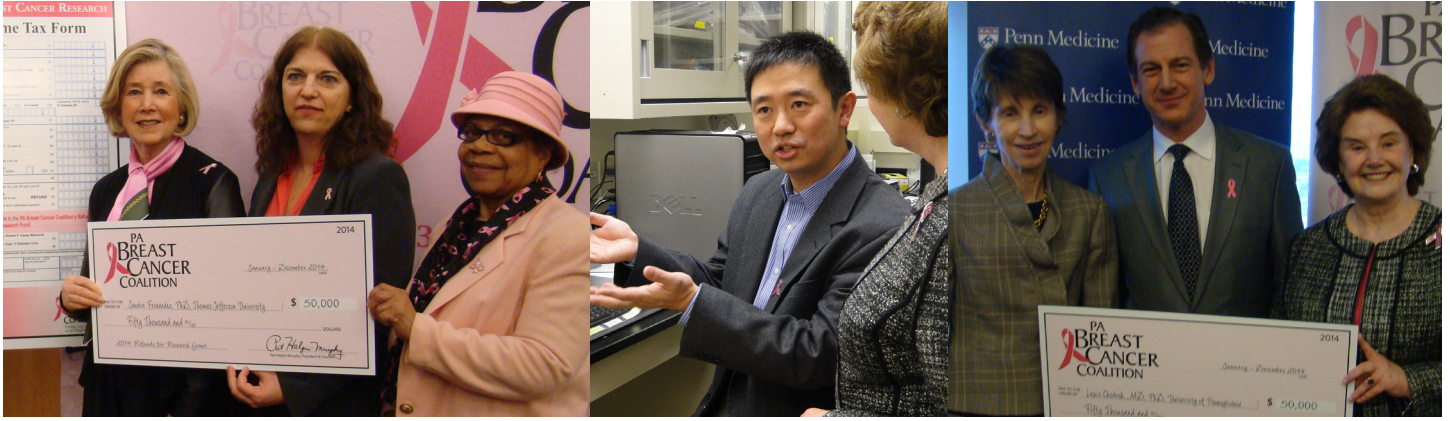

Dr. Joseph Serletti, Chief of Plastic Surgery at Penn Medicine, presented Understanding Your Breast Cancer Reconstruction Options, detailing the latest in treatment options and answering questions from survivors.

Dr. Edith Mitchell, Clinical Professor of Medical Oncology at Thomas Jefferson University's Sidney Kimmel Cancer Center presented Treatment Options for Triple-Negative Breast Cancer. The session featured the latest in triple-negative breast cancer risks, treatment options, and targeted therapies.

Joanne Grossi, Regional Director, U.S. Department of Health and Human Services, presented The Affordable Care Act and You: Your Marketplace Choices for Health Insurance. Participants learned the key components and features of the Affordable Care Act and open enrollment.

Programs

Refunds for Research

ADVOCACY IN ACTION - RESEARCH!

The PBCC is dedicated to the goal of “finding a cure now ... so our daughters won’t have to” and research is the key to reaching that goal. In 1997 we launched Refunds for Research, allowing state taxpayers to donate their refund to research for breast and cervical cancer. Every penny raised through the Refunds for Research campaign goes directly into the hands of promising researchers working in Pennsylvania to find that cure.

Three grants awarded in 2014 bring the total number of Refunds for Research grants to 74 with over \$3 million going directly into the hands of researchers across Pennsylvania.

2014 Refunds for Research Grantees

Sandra Fernandez, PhD

Thomas Jefferson University

Role of focal adhesion kinase 1 in metastatic breast cancer

Yanming Wang, MD

Penn State University

Small molecule inhibitors targeting PAD4 for breast cancer treatment

Lewis Chodosh, MD, PhD

University of Pennsylvania

Prevention of Breast Cancer Recurrence through Autophagy Inhibition and Elimination of Dormant Tumor Cells

67 Women, 67 Counties: Facing Breast Cancer in PA

*Funding for this project is provided by the PA
Department of Health*

ADVOCACY IN ACTION - INSPIRATION

The first program that the PBCC created in 1993 was the traveling photo exhibit "67 Women, 67 Counties: Facing Breast Cancer in Pennsylvania," featuring pictures and quotes from at least one woman from each county who has battled breast cancer. This inspirational exhibit has consistently had a waiting list of potential host sites. The PBCC builds committees from local groups who host the exhibit for ten days in a public forum to maximize exposure. In 2014, "67 Women, 67 Counties: Facing Breast Cancer in Pennsylvania" traveled to five communities across the state. Over 6,000 people saw and heard the exhibit's message of courage, hope and dignity.

2014 Exhibit Hosts

Cancer Center at Clarion Hospital, Clarion County
Fulton County Medical Center, Fulton County
Excelsa Square at Norwin, Westmoreland County
Mount Nittany Medical Center, Centre County
Penn State Fayette, The Eberly Campus,
Fayette County

Programs

Patient Advocacy

ADVOCACY IN ACTION - PERSONAL

The PBCC patient advocate provides personal, individual support for breast cancer patients, guiding them through the maze of complicated issues they are facing.

Every patient's personal situation is unique and finding the right course to follow for her can be a challenge, but one that the patient should not have to negotiate herself. We want the patient to concentrate on healing; we take care of the rest. Our patient advocate is devoted to fighting for the care of breast cancer survivors in our state. She advises on issues of fair employment practices, Family Medical Leave, and how to appeal denials for insurance coverage.

During 2014, over 150 women spoke with our patient advocate for help with what programs they might qualify for and how to access them. Each of those women knew at the end of the phone call that they would not have to face breast cancer alone.

To contact the PBCC's Patient Advocate call 1-800-377-8828

www.PABreastCancer.org

Friends Like Me™

Friends Like Me™

PA Breast Cancer Coalition

ADVOCACY IN ACTION - SUPPORT

We listen to women's concerns and respond with action. When a woman hears the words "you have breast cancer," she has so many questions and we have put the answers together for her. We gathered all the information a woman newly diagnosed with breast cancer looks for ... what questions to ask her doctor, what to expect next, treatment options available to her, and then package it all together and ship it directly to her front door. In 2014, the PBCC sent 575 Friends Like Me care packages across the state at no charge to the newly-diagnosed woman or the friend or family member ordering it for her. A remarkable number of Friends Like Me care package recipients respond in our survey with, "Now I know I'm not alone."

Free Treatment & Full Medical Coverage Online Course

ADVOCACY IN ACTION - AWARENESS

Today in Pennsylvania, because of the efforts of the PBCC and our grassroots advocates, uninsured women of low or moderate income who are diagnosed with breast cancer can get FREE TREATMENT through the Commonwealth of Pennsylvania's Breast and Cervical Cancer Prevention and Treatment Program (BCCPT). Women who qualify for this coverage can receive free healthcare, including healthcare for medical needs unrelated to a breast or cervical cancer diagnosis, throughout their course of treatment for cancer or a pre-cancerous condition of the breast or cervix.

The PBCC learned that some women who would qualify for BCCPT couldn't access the program because her medical team didn't have the details about it. The PBCC turned advocacy for them into action with an online course available any time on our website.

Anyone interested in learning about BCCPT can take the course, but nurses and social workers are given FREE continuing education credits on completion. Over 2,468 patients, survivors, advocates, nurses, and social workers have taken the course.

Insurance Guidebook Breast Cancer: Covered or Not

ADVOCACY IN ACTION - INFORMATION

The PBCC insurance guidebook "Breast Cancer: Covered or Not" informs the readers about what insurers are required by law to cover, how to proceed after a claim is denied, and what employment protections there are. With this book in hand, a woman newly diagnosed with breast cancer has the tools to guide her to a better understanding of insurance so that she can concentrate on healing. The book is now in libraries, hospitals, and legislators' offices across Pennsylvania and is available for free download on our website.

In 2013

Accounts payable includes \$1,006 of capital expenditures.

PA BREAST CANCER COALITION

The PA Breast Cancer Coalition represents, supports and serves breast cancer survivors and their families in Pennsylvania through educational programming, legislative advocacy and breast cancer research grants.

www.PABreastCancer.org

The PA Breast Cancer Coalition is a 501(c)(3) nonprofit organization – contributions to which are tax deductible to the fullest extent permitted by law. The official registration and financial information of the PA Breast Cancer Coalition may be obtained from the Pennsylvania Department of State by calling toll free within Pennsylvania, 1-800-732-0999. Registration does not imply endorsement.
