Pharmex® Labeling Solutions & Supplies: Helping Pharmacies Manage Medication to Advance Patient Care

Dear Customer,

I'd like to personally thank you for choosing Pharmex® by PDC Healthcare as your provider of pharmacy labeling solutions and supplies. With over 60 years of experience and expertise, we specialize in designing custom solutions to meet your specific requirements to improve your workflow efficiency, patient care, and customer satisfaction. We've built a reputation of dependability and value through service to customers from the corner pharmacy to high volume mail order pharmacies and central fills.

Quality and service are cornerstones of Pharmex®, which is why the VA and DOD have trusted us to provide pharmacy labeling and forms for dispensing hundreds of thousands of prescriptions nationwide and overseas to veterans and military personnel for over 30 years.

As the pharmacy automation movement transforms the needs of many pharmacies, we're actively innovating new labeling solutions that support automated processes, such as thermal printing, bar coding, robotics, and more. Our advanced labeling solutions help pharmacies like yours increase efficiency, reduce costs, and improve accuracy in medication dispensing and administration. Pharmex® solutions are used at most of the leading high volume pharmacy and central fill locations across the U.S.

We pride ourselves in delivering top-quality products and unparalleled customer service. Please don't hesitate to contact us with any questions or suggestions that will help your pharmacy increase efficiency, reduce costs, and improve accuracy in medication dispensing and administration.

Sincerely,

Robert Case
President, PDC Healthcare

PDC Healthcare...where positive identification meets safe, efficient patient care™

As the global leader and pacesetter in the development of label and wristband identification systems, PDC Healthcare specializes in serving the healthcare, pharmacy, leisure and entertainment, and law enforcement industries. PDC Healthcare's products are used in leading hospitals worldwide and are comprised of a comprehensive range of wristband and labeling systems. Our solutions help providers improve the safety and care of patients at critical points in the delivery of care to improve clinical outcomes and enhance the overall patient experience.

PDC Healthcare's identification solutions and medical products meet important guidelines of The Joint Commission, World Healthcare Organization, FDA, AHA, and HIPAA. PDC Healthcare follows a systematic, world-standard approach to ensure superior product design, manufacturing, and customer support services.

Prescription Grade Labels

Using a prescription grade direct thermal label will help protect the integrity of vital prescription information against the potentially damaging effects of exposure to sunlight, hand sanitizers, alcohol, fading and more.

Ideal for
Central Fill
& Mail Order
Applications!

Protects prescription label!

Minimizes risk of fading, smearing and darkening of direct thermal prescription labels as a result of exposure to:

- Heat and moisture
- Sunlight
- Hand soaps or sanitizers
- Alcohol
- Common household products

Lowers overall operational costs!

- Ultra-smooth finish extends the life of your printhead, lowering your overall printing cost
- Reduces printing cost utilization by an average of \$1.73 per thousand labels

Maintains and builds a positive brand image!

- Improving the quality of the imprint long after the prescription leaves the pharmacy
- Provides a professional marketing image label versus your competitor's basic and susceptible Rx label

Available for all Pharmex® direct thermal labels

CUSTOM DIRECT THERMAL LABELS

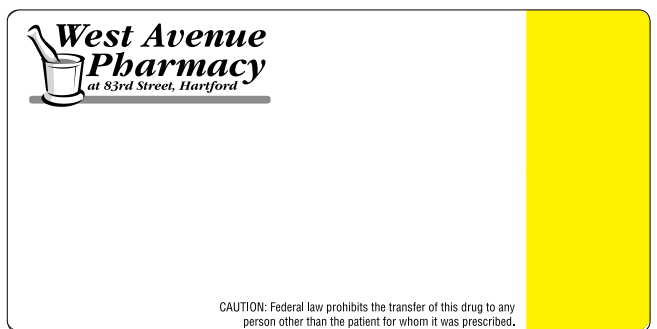

Custom Direct Thermal Labels – Any Size, Any Color, Any Logo!

Put your name out there. Distinguish yourself. Customize your prescription vial label with your pharmacy name and logo using Pharmex's customized direct thermal labels. Pharmex® can use your design or help you develop one unique to your pharmacy. Our labels are compatible with any software or printer available on the market, ranging from automated to desktop.

Let us design your custom label to meet your specific needs and impress your customers.

Custom Samples:

DOD Direct Thermal Labels

Also developed for the Department of Defense, our DOD Thermal labels feature the same FlickAway® Technology available on our PharmeXcript® forms. And, as is the case with our laser forms, these thermals can be customized to your specifications.

In addition to our other labels, Pharmex® offers Department of Defense thermals for Robotic Dispensing Machines.

Also DAPA approved, these labels are available in plain stock or custom formats. Just ask your customer service representative.

Knowing you will receive the same quality you've come to expect from Pharmex®, you can be assured of our consistent adherence to government-contracted specifications.

PHARMACY LASER FORMS

- Stock PharmeXcripT® Laser Sheets with FlickAway®
- Custom PharmeXcripT® Laser Sheets with FlickAway®
- Stock & Custom Laser Sheets
- DOD and VA PharmeXcripT® Laser Sheets with FlickAway®

PharmeXcripT® Laser Sheets help pharmacies provide critical prescription information to patients, while providing convenience and time savings. Using your laser printer, you can print required prescription information and labels on a single sheet in one pass. A variety of available formats combine prescription labels, warning labels, prescription information, receipts, and more. You can also customize our laser forms to meet your pharmacy's specific needs and to help promote your pharmacy to patients for customer retention and referrals.

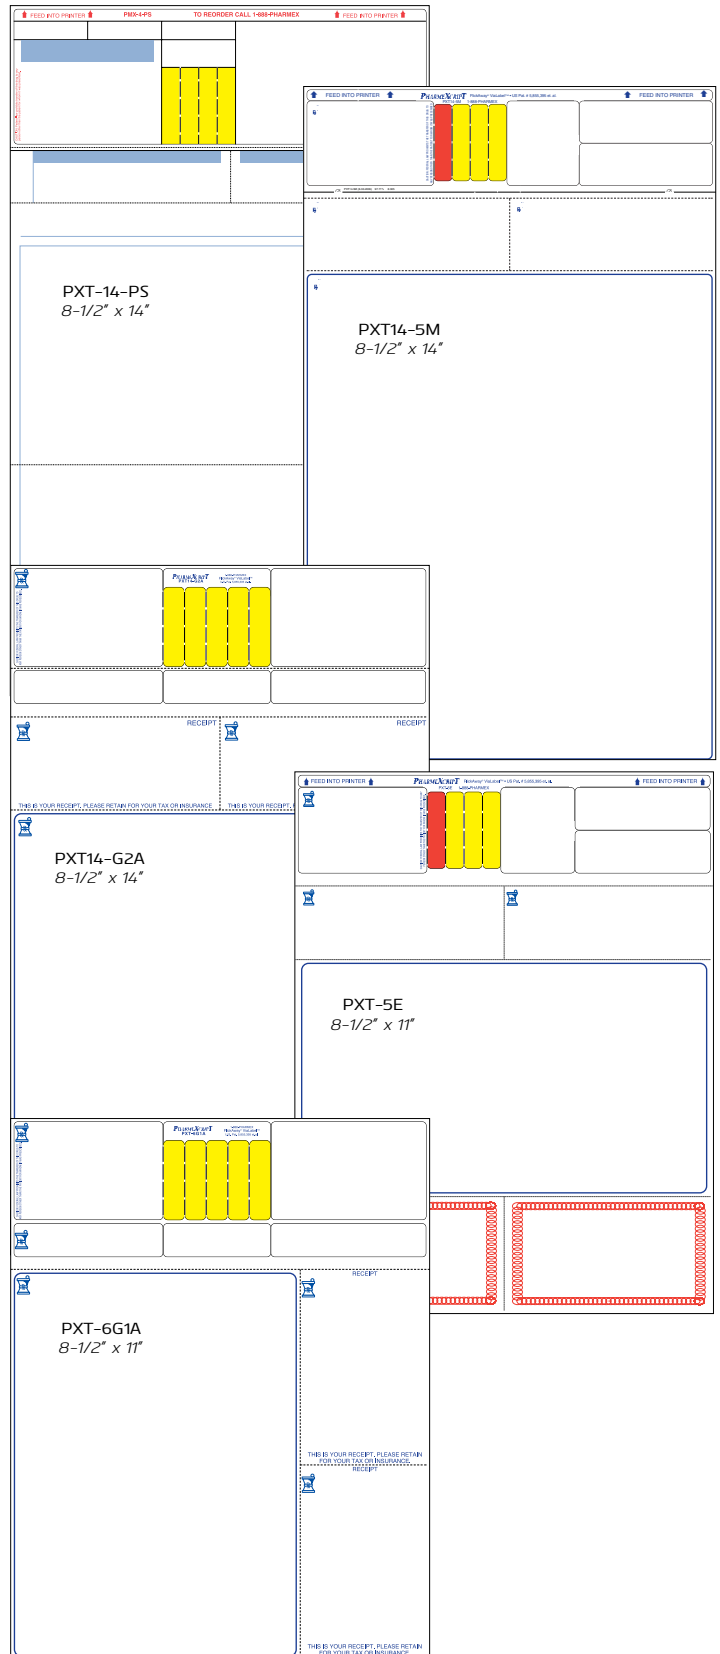

PharmeXcript® Stock Laser Sheets with FlickAway®

Our PharmeXcript® laser script set with patented FlickAway® technology is one of the most efficient products ever produced for the pharmacy industry. This innovative design combines the vial label and warning labels into one easy-to-peel-off label, allowing for quick label application and a professional package. The attached warning labels are perforated in a way that allows the labels that are not needed to be quickly “flicked away.” This helps the pharmacist process each script more efficiently, saving both time and money. Plus, the attached laser sheet keeps important information together -- including receipts, warnings and drug interaction alerts -- all on one easy-to-use form.

All of our PharmeXcript® Laser Sheets with FlickAway® are compatible with, and approved for, most software and printers including:

- McKesson (Per-Sé® Technologies, Renlar, Condor, Zadall, etc.)
- SpeedScript®
- Computer Rx
- Micromerchant
- OPUS
- QS/1®
- Etreby
- Rx30
- HBS
- PDX
- Lexmark™, HP and Kyocera

CUSTOM PHARMEXCRIPT® LASER SHEETS

PharmeXcript® Custom Laser Sheets with FlickAway®

Using the same patented FlickAway® technology that's in our stock forms, your custom laser sheet will feature the innovative design that combines the vial label and warning labels into one easy-to-peel-off label. Connected to that label area is a laser sheet that can be designed any way you wish—leaving spaces for drug interaction alerts, payment and tax receipts, self-promotional material, coupons, or anything you decide will improve your business. And on each section of each form, your personalized information appears as a reminder to your customer.

Choose one of our stock forms as a base, or let us design a form specifically for you. Our professional art department will incorporate your logo and develop a layout to accommodate your software requirements. Use our standard ink colors, or specify a PMS match. No matter which choices you make, we will strive to produce a final product that exceeds your expectations.

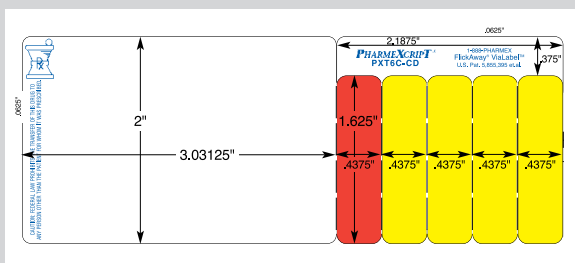

PHARMACY LASER FORMS

FlickAway® Feature:

The attached warning labels are perforated in a way that allows the pharmacist to quickly flick away labels that are not needed.

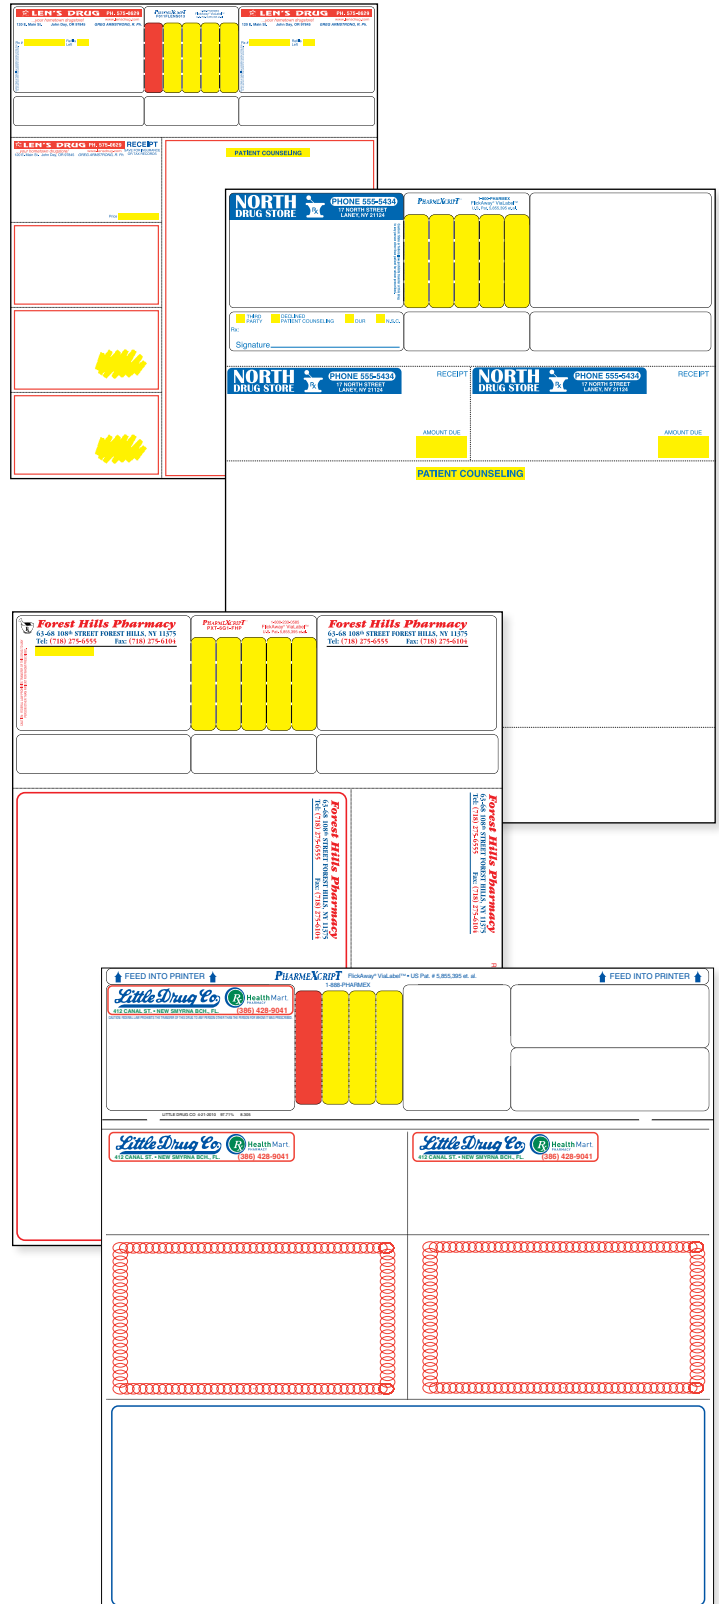

Standard position for FlickAway®

CUSTOM PHARMEXCRIPT® LASER SHEETS

Your laser sheets can be ordered in up to five ink colors. Send press-ready artwork files, specifying PMS ink colors, and we'll print your logo to your satisfaction. Or let our art department recreate your logo and typeface, suggest graphics and color choices, and design an eye-catching form for you!

We stock numerous templates that correspond to the most popular Pharmacy Software Systems. If you'd like to have something different, one of our representatives will work with you to create a custom layout to your particular specifications.

Add coupons, special offers and more

Rx refills at your fingertips.

toll free.

Now you can order your prescription with anyone with our new automated touch tone call service. Dial 1-8RX-CORNER and follow the voice prompts. Enter the time you want your prescription to be ready for pickup and delivery and it's done. It's that simple.

The Corner PHARMACY
www.thecornerpharmacy.com

Add back printing to sell your message, alert customers to important pharmacy data, give additional contact information, and more.

CUSTOM PHARMACY LASER SHEETS

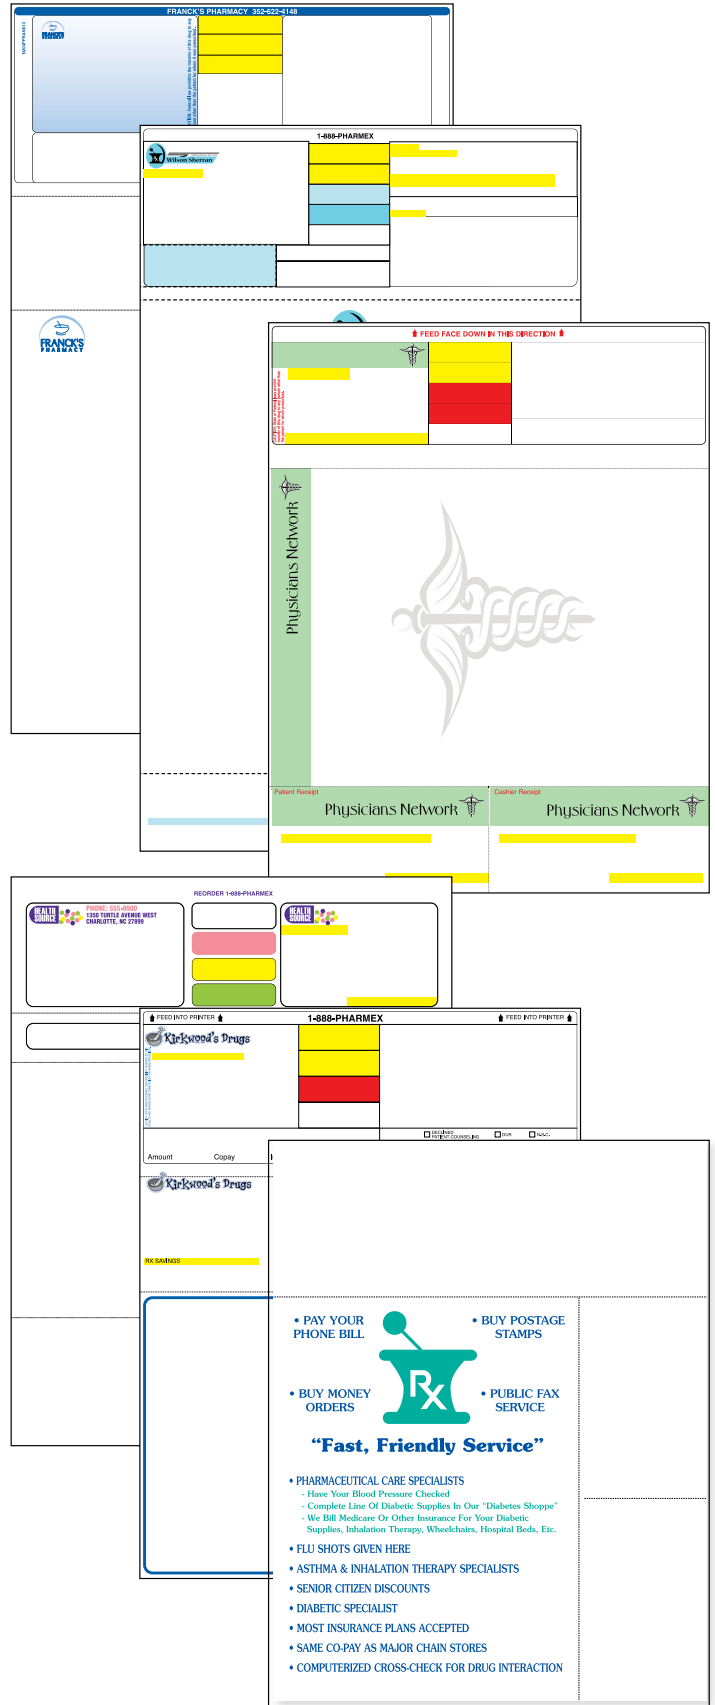

Custom Pharmacy Laser Sheets

These Custom Pharmacy Laser Sheets are still one of the best ways to ensure that your patient receives all necessary materials upon leaving your pharmacy. Our standard Pharmacy Laser Sheets offer the same vial label/warning label material top-bonded to a perforated laser paper bottom, keeping all pertinent information—prescription, warnings, payment receipt, tax receipt, drug interaction alerts and more—on one easy-to-use form. Easy for you. Easy for your customer.

All of our Stock and Custom Laser Sheets are compatible with, and approved for, most software and printers including Per-Sé® Technologies (Renlar, Condor, Zadall, etc.), QS/1®, SpeedScript®, Etreby, McKesson, Rx30, Lexmark™, HP and Kyocera.

Like any of our Custom Laser Sheets, these forms can be ordered in up to five ink colors, with or without back printing, and designed to accommodate your software program. Start with one of our stock forms, or have our art department design a template specifically for you. Leave space on the attached laser paper for receipts, coupons, special offers, and more . . . you decide the applications that would best serve your needs.

If the form you are currently using does not exactly meet your needs, or if you have one that belongs to another pharmacy that particularly appeals to you, send it along with your order and we will design your Custom Laser Sheet using all the details you like, removing any that you don't. We will work with you to ensure your satisfaction.

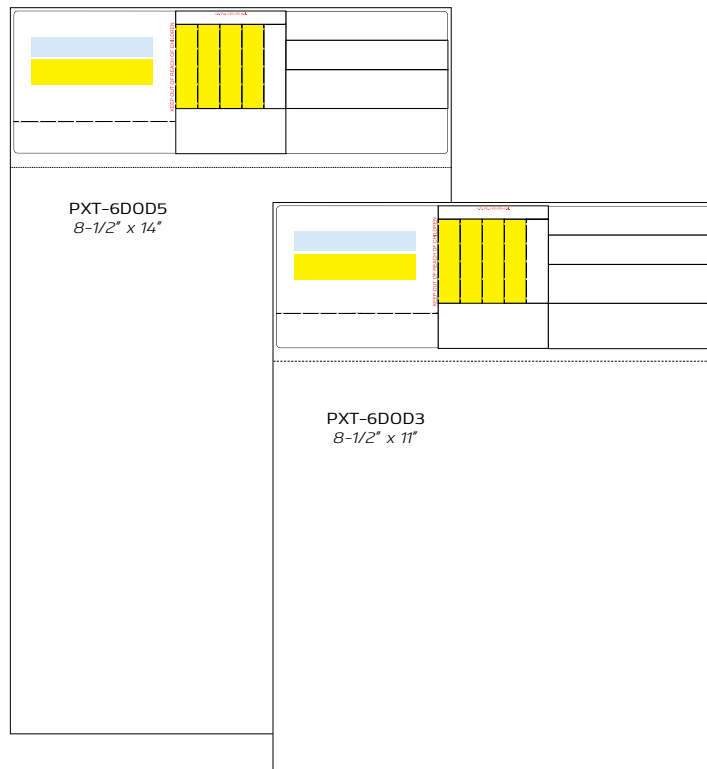

DOD & VA PHARMEXCRIP[®] LASER SHEETS

PharmeXcripT[®] Forms for the Department of Defense and Veterans Administration

Developed for the Department of Defense and the Veterans Administration, and currently being used by over 200 Military Treatment Facilities, these PharmeXcripT[®] Forms feature the patented FlickAway[®] Technology. This allows the pharmacist to peel off the vial label and warning labels at one time, easily "flicking away" any warning labels that are not needed.

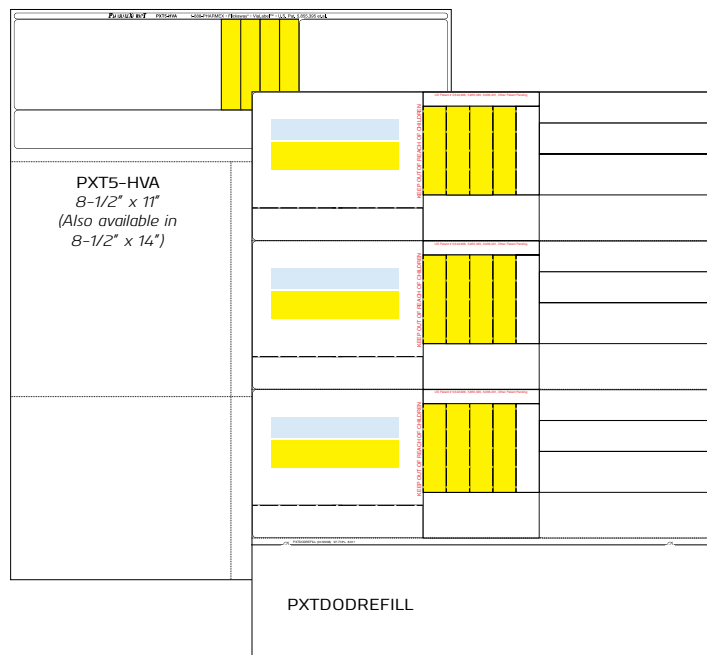

Any of these forms can be customized with your information and logo. Many of our Military clients include back printing, using that opportunity to remind patients how to read their prescription labels, or offering contact phone numbers and hours of operation.

These DOD Approved DAPA stock forms are available ONLY through Pharmex[®]. Please call your Sales Representative to ask about your specific DAPA pricing.

Product Number	Description	Size of Form	Sheets per Box

PHARMACY WARNING LABELS

- SoftFonts®
- Rx Font Media Hardware
- Dispensers & Warning Labels
- Stock & Custom Labels

For more than six decades, Pharmex® Warning Labels have been the industry standard for communicating important prescription instructions and warnings. Pharmex® Warning Labels help ensure quality patient care and fewer medication errors. Our graphics library of warning labels is available in English, Spanish, and French, and is constantly refreshed with new directions and warnings for new medications.

For on demand prescription warning labels, Pharmex® offers SoftFonts® Warning Label Graphics Library which seamlessly integrates with existing pharmacy management systems, and include the icons, text, and bar codes you need to create prescription warning labels. SoftFonts® accurately associates the appropriate warning label to each drug dispensed using both Medi-Span (Wolter Kluwer Health) and First DataBank drug databases. It also gives you the ability to bar code patient information for additional HIPAA privacy protection. Available in hard media, soft media, and custom e-Files (PCX, PNG, JPEG, BMAP, and others).

SoftFonts® 7.0 Rx Warning Label Graphics Library

Generate prescription warning labels on demand with our comprehensive Rx graphics library that integrates seamlessly with most pharmacy management systems. Pharmex® works directly with First Databank and Medi-Span (Wolters Klower Health) to offer the most comprehensive and up-to-date warning labels available and to ensure complete accuracy and essential compliance.

- Includes the icons, text, and bar codes you need to create prescription warning labels on demand using either laser or thermal printers
- Seamlessly integrates with existing pharmacy management systems—ask your pharmacy software provider if they offer Pharmex® SoftFonts®
- Helps eliminate prescription errors by accurately associating the appropriate warning label to each drug dispensed
- Provides accurate and clear communication to patients informing them about the risks and possible side effects of their medications
- Ensure compliance with current standards and in conjunction with Medi-Span and First DataBank’s drug databases through regular label updates
- Supports The Joint Commission’s 2011 National Patient Safety Goals for improving the safety of using medications by accurately and completely reconciling medications used throughout the continuum of care
- Extended tri-lingual support (English, Spanish and French)
- Several graphic file formats: PCL (laser compatible); PCX (thermal compatible); JPEG (thermal compatible); TIF; and custom formats

Generate warning labels on demand!

Rx Warning Label Font Media Hardware

Designed for installation as a memory chip in laser printers, our Rx Warning Label Font Media Hardware allows you to print warning labels directly from a laser printer.

- The original Pharmex® Warning Labels that set the standard for the industry
- Hardware available for HP, Lexmark, and other laser printers*
- Available in English, Spanish, and French. Other languages can be custom ordered.
- Directly interfaces with pharmacy management software and workflow applications
- Bar codes and custom logos available
- More options and greater flexibility for the end-users

Print warning labels with your laser printer!

*Some Font Media Hardware for laser printers is custom-ordered and not a stock item.

STOCK & CUSTOM LABELS

Choose from a wide variety of stock labels that are frequently used in pharmacies or let us help you design your own custom label to meet your unique requirements. We offer thousands of stock labels for the most widely used applications.

- Communicate important instructions, information, and alerts with brightly colored stock and custom labels
- Get organized by using colored labels for color coding and identification
- Promote your pharmacy with custom printed labels featuring your pharmacy's name, logo, and contact information

Ordering custom labels from Pharmex® is easy!

See page 28 for custom labels ordering information, or just give us a call and we'll help you design your custom labels quickly. Call 888.742.7639.

CUSTOM LABELS

Custom Printed Labels

Get custom printed labels to professionally communicate important information or to promote your pharmacy brand for referrals and reorders. Choose from a wide variety of sizes and colors to meet your needs. We can print your logo or custom artwork, or even custom design a label for you!

We're the customization experts! If you need a size that's not listed here, give us a call and we'll quote your custom label in a jiffy.

Ordering Custom Labels is Easy!

1. Choose your label size from the table and refer to the Product Number.

2. Choose an ink color:

- Black
- Process Blue
- Reflex Blue
- Green (PMS 347)
- Red (PMS 032)

3. Choose your label stock.

- White Matte
- Red Fluorescent
- Pink Fluorescent
- Orange Fluorescent
- Chartreuse Fluorescent
- Green Fluorescent

4. Provide your text, logo, or artwork that you want printed on your labels. Our experienced graphics team can help, too.

5. Call us at 888-PHARMEX to place your order. We'll send you an artwork proof for your approval.

GLASS GRADUATES

Borosilicate Glass Graduates

Pharmex® has a wide selection of Borosilicate Glass Graduates that meet NIST, ASTM, or NBS standards.

Borosilicate Glass is any silicate glass having at least 5% boric oxide in its composition. It has a high resistance to temperature change and chemical corrosion. Corning Glass uses the tradename Pyrex™ for its borosilicate glass.

Features:

- 2280° F (1252° C) melting temperature
- 100% safe for autoclave
- High resistance to thermal shock

Single Scale Cylinder Borosilicate Glass Graduates

Product Number	Description	Qty.
371-5	Cylinder Graduate 5 ml	1 Each
371-10	Cylinder Graduate 10 ml	
371-825	Cylinder Graduate 25 ml

CGG-8OZ	Conical Graduate 8 oz/250 ml	
CGG-16OZ	Conical Graduate 16 oz/500 ml	

Plastic Graduates

Pharmex® Polymethylpentene Graduates meet ASTM standards, have easy pour spouts, and all but H-06138 sizes are autoclaveable.

The key features of Polymethylpentene as a laboratory plastic are:

- High transparency
- Rigidity and resistance to impact
- Ability to withstand temperatures of up to 2000° C for short periods (1800° C continuously)

Single Scale Cylinder Polymethylpentene Graduates

Product Number	Description	Qty.
170-10	Cylinder Graduate 10 ml	1 Each
170-25	Cylinder Graduate 25 ml	
051-490	Cylinder Graduate 50 ml	
051-573	Cylinder Graduate 100 ml	
170-250	Cylinder Graduate 250 ml	
170-500	Cylinder Graduate 500 ml	
170-1000	Cylinder Graduate 1000 ml	

Double Scale Conical Polymethylpentene Graduates

Product Number	Description	Qty.
H-06138-20	Conical Graduate 4 oz/125 ml	1 Each
H-06138-40	Conical Graduate 8 oz/250 ml	
H-06138-60	Conical Graduate 16 oz/500 ml	
H-06138-80	Conical Graduate 32 oz/1000 ml	

Cubitainers®

Cubitainer® is a low-density flexible polyethylene cube-shaped insert inside heavy-duty corrugated outer carton. Perfect for a wide range of chemicals. Includes:

- Cubitainer®
- Carton
- Spigot

Product Number	Description	Qty.
HCL3004	1 gallon Cubitainer®	1 Each

Graduated Type Blender

The non-breakable flow-thru graduate is made of a highly durable plastic and delivers up to 150 ml of water with an easy to use one-handed operation and easy to read 2 ml increment graduations. Includes:

- Cylinder with removable cap
- Color coded water flow valves (1-top, 1-bottom)
- (5) replaceable water dispensing tips
- 36" of tubing
- Rubber stopper
- Mounting Bracket with hardware
- Cubitainer adapter fitting

Product Number	Description	Qty.
RCT1	Graduated Blender	1 Each
11556B	Replacement Valve Bottom	1 Each
11556T	Replacement Valve Top	1 Each

BEAKERS & FUNNELS

Borosilicate Glass and Polypropylene Beakers

- Well formed pouring spouts

POLY BEAKERS

GLASS BEAKERS

Product Number	Description	Qty.

TERMS & CONDITIONS OF SALE

Price and Payment Terms

Payment terms are net 30 days. Credit application may be required for terms. State and local taxes, if applicable, will be included when invoiced.

PDC Healthcare accepts American Express, Mastercard, Visa, Discover, and check. All prices are in U.S. dollars. Foreign import duties and exchange rates, if any, are the responsibility of the customer.

Freight

Freight terms are Pre-Pay & Add.

Terms of sale - FOB Destination Freight Pre-Paid and Charged Back.

Custom Products Orders

- As custom product is made to the customers' exact specifications, custom product may not be returned.
- Customer assumes sole responsibility for accuracy and use of artwork and indemnifies PDC Healthcare in the event of any claims for copyright infringement. By signing/approving any artwork, customer certifies that they are legally authorized to use such logos, trade names, or trademarks.
- **Medical Records Products/Imaging Products:** To ensure accuracy, we ask that all orders for custom imprinted products be submitted in writing, accompanied by a copy or actual sample of imprint. Minimum quantities may be required.
- Please call Customer Care at **800.435.4242** for an Artwork Form or go to the "Artwork Specifications" section of the PDC Healthcare web site: www.pdchealthcare.com.
- **Label & Tape Products:** PDC Healthcare has the capability to produce custom labels to your specifications. Please call your local PDC Healthcare sales representative or Customer Care for additional information and assistance at **800.435.4242**. Please allow 15 working days for new custom orders and 10 working days for repeats.
- Due to manufacturing fluctuations on custom labels, we reserve the right to ship +/- 10% of the quantity ordered. Invoices will be adjusted to reflect the actual quantity shipped.
- Upon cancellation of a custom order, once a purchase order has been issued, the customer will be responsible for all production charges accrued through the date of notification of cancellation. PDC Healthcare assumes no responsibility for custom label orders on which the customer has made an error in quantity or label specifications.

Returns Policy

PDC Healthcare will allow returns under the following conditions:

- When the customer orders in error and the product is not older than 60 days from the date of invoice.
- Return freight is the responsibility of the customer.
- A 15% restocking fee will be assessed for all products.
- Customer will receive credit for original order, excluding any freight charges.
- When a PDC Healthcare error or product defect occurs, if reported to PDC Healthcare within 60 days from the date of invoice, full credit, including freight, will be issued. (Excludes pre-established contracts between PDC Healthcare and Group Purchasing Organizations)
- All returns for credit require a written Return Merchandise Authorization (RMA) number from PDC Healthcare. No returns will be accepted without a RMA number. The RMA number must have supporting paperwork indicating original purchase order number, PDC Healthcare sales order number, date of original order, etc. If a return is submitted without an RMA number, product will be refused and sent back to the customer at customer's expense.
- Call tags will be issued for customers with the exception of large shipments or pallets. The decision to issue call tags will be based on the reason for the return for large shipments or pallets.
- Call tags will only be issued to Distributors if PDC Healthcare is at fault.
- International Customers will be responsible for sending product back unless it is a PDC Healthcare error.
- Custom printed or serialized product is not returnable.
- Merchandise must be returned in full boxes, original packaging and in good condition.
- Authorized returns must be received by PDC Healthcare within 30 working days from the date of RMA issuance.
- If there is any loss or damage at the time of delivery, it is essential to note it on the delivery receipt. Any concealed damage should be reported to the delivering carrier within 15 days. Keeping the entire package is necessary until after the carrier issues a concealed damage inspection report.

Warranty

Products sold are of merchantable quality at the time they are delivered, and are manufactured in conformance with supplier's specifications, drawings, or other descriptions; and that supplier conveys good and marketable title to them, subject to supplier's security interest.

PDC Healthcare warrants against defects in material, workmanship, design, and manufacturing. Supplier further represents and warrants that the products will conform to the specifications, drawing, and samples furnished by Healthcare and will be safe for their intended use. If any products are defective and a claim is made, PDC Healthcare will replace the defective products. PDC Healthcare will bear all costs of returning and replacing the defective products.

To the maximum extent permitted by applicable law, PDC Healthcare disclaims all other warranties, expressed or implied, including but not limited to implied warranties of title, non-infringement, merchantability, and fitness for a particular purpose with respect to the products.

PDC Healthcare makes no other warranties other than those expressly provided for herein. In no event shall PDC Healthcare be liable for an incidental, special, consequential, or punitive damages related to the wristbands, labels or tape and component parts used with its products.

**Excludes pre-established contracts between PDC Healthcare and Group Purchasing Organizations or customers.*
