#### WHO KNOWS WHAT TOMORROW WILL BRING?

One thing is for sure, though, and it is happening in 2022: the 40th anniversary of SOUVERÄN®! All that we can reveal right now is that the brand's anniversary celebrations will be advertised on many different channels internationally. This catalog marks the start of a journey through an endless world of fine writing instruments fit for a sovereign – a world that we are happy to guide you through. Although this is primarily intended to be a reference document for our products, you can find out interesting details about the brand and its history. We hope that your journey is inspiring, both now and in the future.

*Jens Meyer*

Jens Meyer, Global Marketing Manager Fine Writing Instruments

*The subtly pinstriped Souverän® M 405 with a radiant silver sheen is a popular jewelry-like writing instrument from our White Collection. It is a modern interpretation of our classic Souverän® and spreads the brightest cheer with every stroke of the nib.*

# 40 YEARS OF THE Souverän® BRAND

THE BEAUTY OF OUR SOUVERÄN® BRAND HAS BEEN ON DISPLAY FOR FOUR DECADES. THE FINELY STRIPED ICON IS CLASSIC, STYLISH, MODERN, AND MUCH MORE: SOUVERÄN® IS PELIKAN'S FLAGSHIP BRAND AND IS ENDLESSLY COVETED. THIS CLASSIC OF OURS CONTINUALLY AROUSES NEW DESIRE WHEREVER IT IS IN THE WORLD. WELCOME TO A JOURNEY THROUGH THE MILESTONES OF OUR SENSATIONAL BRAND.

»Standard writing instruments are what people need. However, Special Editions are what people collect.«

Wilfried Leuthold, former Head of Product Development, now Company Archivist

**IN THE WORLD OF FINE WRITING INSTRUMENTS, THE SOUVERÄN® BRAND HOLDS A CLEAR POSITION: IT DELIVERS ON ITS PROMISES, IN A MANNER BEFITTING A SOVEREIGN.**

Our retailers and customers on all continents know about the qualities of Pelikan writing instruments. We have made them an experience with the Souverän® brand for 40 years now, offering a special type of quality that the holder feels. Here in this catalog, we are starting a homage to our symbolic brand. It will take the form of a journey through the Souverän® milestones, accompanied by the exciting insights that Wilfried Leuthold has gained over five decades at Pelikan. He has been a part of the Souverän® brand's development since the very beginning.

The year 1982 is when the Souverän® brand was born. The pinstriped material that is quintessentially Pelikan had already existed before then, Wilfried Leuthold recalls, though the brand's official launch is dated back to this year. The "Souverän" name had already been trademarked back in 1978, in a shrewd display of foresight that it would "one day be needed for an exceptional writing instrument", Leuthold says.

Over the years, the Souverän® family steadily grew and marked a number of important milestones. In 1984, we debuted a new color variation in the form of the Souverän® 400 Tortoiseshell Brown, capturing the hearts of collectors everywhere. The Souverän® quickly established itself in international markets as well. Our retailers in Asia soon sought larger and more weighty editions, which is how the product kept cautiously developing further. The fountain pen's dimensions were upscaled, with the weight increasing due to additional brass components in the mechanism. Building on these developments, we presented the Souverän® M 800 in 1987. The size of this product exceeded that of the previous Souverän® 400 series. The M 1000 followed in 1997 and

significantly outsized the writing instruments that had preceded it, making it the family's largest fountain pen to this day.

Needs changed as time went by and, in the late 1990s, the market demanded a small writing instrument that was easy to carry everywhere. Our response was to develop the Souverän® M 300 in 1998, the world's smallest piston fountain pen at that time, which let us present an excellent product as a "travel fountain pen". "An extremely popular achievement," Leuthold narrates.

Pelikan arouses desire through a passion for handwriting and constantly reinterprets the Souverän®. The color variations that can be seen in the developments reflect the spirit of the times. There were black/blue and black/red variants of the popular pinstripes as early as the beginning of the 1990s, and these new brand ambassadors were ultimately incorporated into the standard range. Modern and unique Special Editions followed in 2010 with the bright tones of violet/white, pink/white, petrol/white, and white/transparent. They underscore how adaptable a classic can be and show the endless story that Souverän® has to tell. A story full of history and emotion.

1987

## INTERNATIONAL EXPANSION

Plans to take the successful Souverän® brand global developed quickly. The charming brand ambassador was given a fully new corporate design and special gift packaging in the mid-1980s, with a relaunch of the ink bottle providing the final perfect touch. Following an extensive brand expansion, it was to enter markets all across Europe and Asia – and it won the hearts of writing enthusiasts worldwide thanks to its emotion-filled and aesthetically pleasing identity. The catalog cover page began a journey to a new era, a journey on which the brand still amazes an endless number of people today.

## MOBILE HAND-WRITING JOY

Jürgen Dittmer, who was employed at Pelikan for over 70 years and archivist until shortly before his 90th birthday, says that mobility has always been a major subject. The M300 was the perfect match for writing on the road. With a size of 11 cm – the world’s smallest “travel fountain pen” – it became a milestone in the brand’s history. In comparison, the M1000 measures approx. 15 cm.

# MILESTONES

Brands are known to change faces as time passes. This makes it remarkable when brands achieve decades of great success because they stay just as they are. By introducing the Souverän, Pelikan gave birth to a classic that is never out of fashion. Its fans love the overall concept. We have continued writing its story just by carrying out this fine-tuning over time, giving it a few fresh color variants in red, blue, anthracite, and white, two further decorative rings, and a rhodium-plated two-tone nib in place of a pure-gold one. The Souverän® has high symbolic value, and not just for Pelikan either. It stands for enduring character.

## BRIGHT CHEER

These stylish Souverän® variants are a doorway to new worlds of color. What’s more, we also accessed a new, younger target market with the bright and colored pinstripe material. Our limited Special Editions in violet/white, pink/white, petrol/white, and white/transpa-rent conquered hearts straightaway. This ongoing development of our classic is a vibrant milestone in the Souverän® history.

GOOD TO know!

As befits a sovereign: unmistakable pinstripes, high-grade self-polishing black resin, a writing experience as soft as silk.

# PELIKAN Passion magazine

In fall 2021, we sent the fourth edition of our customer magazine Passion out on a journey to our retailers. Entitled “Close Up”, a total of 22,500 copies brought the magazine back into stores worldwide. Our customers’ feedback about Passion is also highly positive, with demand growing year on year. We are very proud of this.

The story behind Passion begins in 2018. It was in this year that we celebrated our 180th anniversary and the first edition of our customer magazine. We created a special magazine for handwriting culture, which arouses interest through its variety of topics as well as its sleek and elegant design.

We received a Special Mention at the 2019 German Design Awards for the first magazine’s creative design, a distinction from one of the world’s most esteemed design competitions. This inspires us to seize all our passion and keep developing further issues of Passion.

Work on the fifth edition is already underway ...

APATITE

»People say that colors influence our emotions. This comes naturally for the new Edelstein Ink of the Year: The blue-turquoise color is inspiring and puts you in a good mood. A gorgeous must-have!«

Jana Jegella, Global Product Manager Fine Writing Instruments

# Edelstein<sup>®</sup> INK OF THE YEAR 2022

**THE EDELSTEIN INK OF THE YEAR VARIANTS CAN BE TRACED BACK TO THE WISHES OF PELIKAN FANS.** In previous years we collected many color suggestions through our Facebook promotions – and put wonderful shades of ink on the market. Inks could be mixed online and given their own, jewel-based name. A jury of 5 Pelikan company representatives and 5 Pelikan fans from across the world selected the winner from the most popular colors.

This color request has been on our to-do list for the Edelstein Ink of the Year for a while. Its time has now arrived. Drawing inspiration from the fascinating apatite stone, we have created a balanced ink color with a fresh blue-turquoise color tone that evokes a masterly association with the playfulness of nature through the element of water. An inspirational color tone that helps thoughts flow onto paper with ease.

GOOD TO

Pelikan Edelstein ink is the jewel of all inks: a unique formula and a writing experience as smooth as silk in a beautifully designed flacon.

# Limited & Special Editions

## RARE BEAUTY

Our extraordinary Special and Limited Editions represent fantasy-filled material designs and premium handwriting with classic elegance. We continually reinterpret exceptional materials, colors, and designs for our Special Editions. Each one is only available in limited numbers.

Our exclusive Limited Editions consist of unique, intricate pieces that we create only for extremely limited releases. These releases always have a thematic link to the edition. They come with a certificate and edition number. Our Maki-e icons incorporate millennia-old craftsmanship that has been passed down over generations in a long tradition to achieve perfection. It comes as no surprise that collectors worldwide are delighted with every new release of our Special and Limited Editions. It is a declaration of love to these rare beauties of ours which we develop with great passion and the utmost precision.

*Pelikan has outdone itself with its latest work of maki-e art: The majestic Kingfisher M 1000 is a combination of classic craftsmanship and traditional Japanese takamaki-e and togidashi-maki-e painting techniques. The kingfisher birds and burning red leaves create an image of a color-filled fall day in Japan.*

## PRESTIGIOUS PERFECTION

The search for the perfect symbiosis of classic elegance and sophisticated quality will lead you directly to our Premium collection. Fine nibs made of 14 or 18-karat gold crown each fountain pen. Gold and silver ornamentation ensure the unique Pelikan design is completely perfect. In these pens you can witness the combination of expertise and craftsmanship in one fascinatingly smooth writing experience – prestige for highly varied demands and preferences.

# TOLEDO® AN ARTWORK in Spanish style

The art of Damascus patterns is thousands of years old. It comprises an elaborate method of applying ornamentation to steel or iron by impressing a thin gold film onto the surface. This sophisticated technology was brought to Spain by Arab settlers, where it was perfected over centuries, especially in the city of Toledo.

Pelikan commenced honoring this Damascus patterning technique for its model "Toledo" as early as 1931. This artwork is so highly coveted that it has continued to spread its magic for decades almost unchanged. Today, the decorative barrel is produced from a single piece of 925 sterling silver. Once the barrel has received multiple, special treatments, the motif is applied using a layer of gold. In the next step, the motif is etched on by hand, with the filigree detail giving the motif a life of its own.

Each Toledo writing instrument is a unique piece manufactured in Germany. As a result of the taxing craftsmanship required, only a maximum of 50 instruments per month can be made. Every one of them is a great masterpiece in itself, and a small piece of history.

*Whoever owns a Toledo writing instrument possesses a work of art and a small piece of history.*

SOUVERÄN®

PREMIUM

Pelikan 

## A WORLD-FAMOUS CLASSIC

The year 1950 is when our Model 400 was born. Even today, this classic with a black-and-green pinstripe sleeve is still considered a symbol of the Pelikan brand worldwide. It is our brand ambassador and our company's flagship product.

In the 1980s, the series was christened the Souverän®, marking the beginning of the standalone Souverän® brand. However, people often refer to it by its colloquial name "Stresemann" after the pinstriped suits worn by the German Foreign Minister of the same name in the 1920s. This nickname is still in use internationally and will likely remain so, too.

The fountain pen became established over time, taking many variations. Great caution is applied to the ongoing development of the design and technology, since the Souverän® has always been a simple, enduring companion that is appreciated just how it is. We are extremely proud of our stylish creation having aroused endless desire for four decades now. Of having achieved sovereign status.

In 1929, Pelikan was the first company in the world to patent a piston filling mechanism. This technology uses two different screw threads on the inside of the fountain pen to ensure that the spindle inside moves more quickly than the end piece of the barrel. As a result, it is very quick and easy to refill the pen.

## MADE TO MEASURE BY THE MASTERS

The production of the Souverän® sleeve is subject to an elaborate process. The typical, striped material is made out of cotton based on a formula developed specially for Pelikan. It takes months until the block providing the stripes is finished, whereupon the tailor-made plating is curved and cut into a contour using a natural diamond. The characteristic double rings are then integrated into the cap and barrel with the utmost precision, making sure that the transition between the materials is almost seamless. The writing instrument is polished until it reaches a brilliant luster.

The famous beak-like clip and Pelikan cap are placed on top, forming the crown of the Souverän®. Writing instruments of various sizes are created to ensure a product completely individual and suitable for your personal preferences.

**GOOD TO know!**  
 Hand-selected, unique pieces:  
 The design of the Souverän® is unique, and every fine, connected pinstripe on the material shines in individual appearance.

Pelikan 

## SOUVERÄN® WHITE COLLECTION

Our cheery Souverän® color variations have an air of elegant lightness, which is portrayed very well by these two Special Editions from our White Collection. The Souverän® 405 Silver-White is a jewelry-like product in Pelikan's range which stands out for its stylish purism. The bright, silver sheen underscores this elegant interpretation of our Souverän® classic. Its pendant, the Souverän® 400 Tortoiseshell-White, has enraptured Pelikan fans and lit up the market since 2004, and together these models offer another perfect alternative to our sought-after series in black.

The light-toned shaft of this timelessly beautiful series is manufactured from cellulose acetate through an intensive process. This exceptional material corresponds harmoniously with the luxurious stripes so that whether silver or tortoiseshell, the design is simply unique. The cap and the other parts of the casing give the model its characteristic white radiance.

### SNOWY SPIRIT

You can acquire the Souverän® 405 Silver-White as a piston fountain pen or as a retractable ballpoint pen.

The Souverän® 400 Tortoiseshell-White is available as a piston fountain pen, retractable ballpoint pen, mechanical pencil, or rollerball pen.

Pelikan 

## A KEY PERSONALITY

Germany's foreign minister during the 1920s, Gustav Stresemann (born 1878, died 1929), received the 1926 Nobel Peace Prize together with Aristide Briand for his Franco-German reconciliation work. On top of his outstanding political career, Stresemann was also known for a particular suit design, a suit that was ideal for official appearances, yet that could also be worn casually in the office.

Stresemann frequently wore this suit, made of a refined, pinstriped fabric, which in the end became legendary. At the same time, Pelikan and its pinstriped fountain pens were beginning to take the world by storm and people came to refer to the latter as "Stresemann" too, consequently gaining a personality of their own. Back then, we offered our Souverän® classics mostly in a black/green-striped design.

Today, both the suit as well as these fountain pens bear Stresemann's name. To pay proper tribute to this legend, Pelikan has now officially christened the latest addition to its collection, the Souverän® with stylish anthracite pinstripes, the "Stresemann."

*His particular suit design was mainly characterized by pinstriped trousers. These trousers form the basis for the tribute the collection is officially making with the title "Stresemann."*

# Elegance

## CLASSIC SERIES

The Elegance collection represents your entry into the world of high-quality writing instruments. Classic elements such as the typical Pelikan beak-like clip and ornamental rings on every writing instrument make a clear statement about the Pelikan brand. Whether a fountain pen, ballpoint, or mechanical pencil: Our decades of experience and flair for timeless, classic design are incorporated into each Elegance writing instrument. They are truly perfect and unmistakable.

*The M 205 has decorative silver ornamentation and our logo in black on the top, and enjoys a highly reputable standing: It is bound to impress you upon first glance.*

# CLASSIC

ELEGANCE

## CLASSIC AND TIMELESS

### MADE IN GERMANY

Classic series are available with golden or silver-colored, highly polished highlights. All writing instruments are Made in Germany.

The writing instruments in these series are the epitome of classical writing culture. Featuring a perfect appearance with an unmistakable Pelikan design, they form the elegant writing instruments of our timeless, beautiful Classic series. The typical shape of the cap is known across the world and enjoys great popularity.

Pelikan enjoys worldwide renown for its fountain pens. In response to the demand of many customers, we have fitted our Classic Series 200 with the practical cartridge filling system. This mechanism is particularly attractive for travelers or those who prefer to be able to quickly change cartridges. Market needs are always changing, and so are we.

New to the range is the 200 model in a harmonious combination of pastel green marble and muted white. The barrel is slightly transparent and appears to glow warmly. The transparent ink window is clear and the decorative elements are gold-plated.

## TWO FILLING SYSTEMS

Our Classic Series 200 comes featuring two filling systems: The piston filling mechanism and, as an alternative to this, the cartridge filling system. The classic piston mechanism allows you to fill the pen directly from an ink bottle and can be called Pelikan's typical fountain pen mechanism for high-quality writing instruments.

We also offer a fantastic product variant for fans of cartridge filling systems. You can refill your fountain pen or change its writing color by swapping the cartridge. The swap can be done quickly: Simply unscrew your writing instrument behind the grip and change the cartridge.

As a result, you can celebrate the pleasure of writing imaginatively using both filling systems.

### THE CLASSIC CARTRIDGE FOUNTAIN PEN

For all fountain pen lovers, we offer the Classic Series with two filling systems: the M 200 and the M 205 comes with the differentiated piston mechanism, the P 200 and the P 205 with a cartridge filling system. The Classic Series 200, just like the M 200 and the P 200, comes with gold-plated ornamentation. The stainless steel nib is gold-plated as well. In addition, we offer the fountain pen M 205 and P 205 with silver ornamentation and a high-polished stainless steel nib. All series are available in nib widths EF, F, M, and B.

The cartridge fountain pen is available in a silver-colored, highly polished version under the number P 205.

\* Size with cap placed onto the backend of the fountain pen.

## COLORFUL VARIETY

### A DIVERSE RANGE OF COLORS

PURA® Black-Silver and PURA® Blue-Silver are available while stocks last. They will be replaced by the new colors PURA® Anthracite and PURA® Petrol.

The stylish PURA® is characterized by its angles. Its clean design and classic lines give it an incredibly straight lined feel, making for sheer handwriting joy! Its internal features are also thoroughly impressive, with double-anodized aluminum ensuring an abundantly confident style in a balanced interplay of matte color tones and glossy silver surfaces. An example of quality in its most elegant form.

Our PURA® series is showing its colors. Anthracite and Petrol, two very cool tones, make for a powerful mix in our range and replace classic Black-Silver and Blue-Silver. Three additional on-trend colors also spice up the previous color palette: Bordeaux, Mocha, and Deep Green, all shrouded in a warm aura. The subtle silver finish remains unchanged throughout the range. All color variants in the series are available as cartridge fountain pens, ballpoint pens, and roller-ball pens, offering sheer handwriting joy for any writing preference.

# Accessories

## A WORLD OF PRESTIGE

The selection of original Pelikan accessories is multiplex. They are that extra something that tops off our range. A soft leather pouch, for example, provides optimal protection for your writing instrument. Our first-class ink has such brilliant pigments that it will make your handwriting radiate, whether you use our classic 4001 or our Edelstein ink with a particularly smooth writing quality. All of our accessories exist in beautiful harmony with each other.

*Our Edelstein ink collection is also a visual attraction. The exceptional design of the flacon has already become a collector's item.*

A BRILLIANT INK COLLECTION

For decades, Pelikan has stood for high-quality, prestigious inks. In 2012 we started a completely new chapter in the world of inks with our exclusive Edelstein Ink Collection. This represented a milestone in the history of Pelikan.

The Edelstein ink consists of nine brilliant colors corresponding to famous precious stones from around the world. Due to the unique formula, the ink enables a particularly smooth writing experience while simultaneously caring for your pen from within. The prestigious bottle's design is reminiscent of a cut diamond, which gives the entire collection an extremely elegant touch.

EDELSTEIN INK OF THE YEAR

The Ink of the Year is very much a special highlight. Each year we present a new Edelstein Ink of the Year limited to just that calendar year. What is special about Golden Beryl 2021 is that this golden ink is also available in a set with a matching Classic M 200 Golden Beryl writing instrument\*. The "Apatite" Edelstein Ink of the Year will be its successor in 2022.

*Eight of the Edelstein ink colors are also available in our regular range as ink cartridges with an elegant metal case. Ideal for combining with the Classic P 200, P 205 and PURA®.*

# TINTE 4001®

## GENUINE RENOWN

Our 4001® inks are part of a number of our products that have proven themselves over many decades. First mentioned in a document from 1897, they are still a highly important product for any friend of the Pelikan brand today. Thanks to the formula which has been perfected down to the finest detail, the proven quality of the 4001® inks is consistently assured. They guarantee an even flow of ink, powerful written expression, and vibrant color. A true jack of all trades.

The shape of the 4001® ink bottle makes it easy to refill your fountain pen at any time: Should the ink be nearing its end, you can absorb the last drops left by turning the bottle on its side.

The legendary 4001® is a classic among inks. It enjoys renown all across the world.

## HIGH LIGHTFASTNESS

Tinte 4001  
Blue black  
page 113

### ● 4001® Blue black

Our 4001 ink in a blue/black tone can be categorized as relatively lightfast. It is an iron gall ink, which means that it is far more permanent than, for example, the 4001 in Royal Blue or Brilliant Black.

Thanks to the special ingredients in the formula, it can be used in both piston and cartridge fountain pens. Over time, the color of the ink changes from blue/black to gray, though the ink will always remain visible.

During development we made sure that the concentration of iron gall is low enough to avoid corrosion. Consequently, the ink does not decompose the paper used.

The flow of ink and width of the nib determine the thickness of the stroke made on the paper. The absorbing capacity of the paper also determines how much ink can be applied. One factor that also plays a very decisive role is the amount of time that the ink has been exposed to the light for.

This ink is not document proofed. We recommend “Fount India” to all customers seeking an ink that is even more permanent than our 4001.

4001 | Blue black

### ●● Fount India®

This ink is opaque and lightfast, forming part of our document-proof category of inks. Fount India can be used in piston fountain pens or, with a converter, in cartridge pens too. Carbon pigment is a component of the Fount India formula. As a result, this ink possesses almost the same level of lightfastness as our Scribto! ink.

What is important, however, is that the ink does not dry out or dry up completely in your fountain pen. To avoid this happening, you should regularly rinse out your pen with cold water. [pelikan-passion.com/fount-india](http://pelikan-passion.com/fount-india)

## DOCUMENT-PROOF AND NONFADING

### ●●● Scribto!

The most durable ink in our range is Scribto!. It provides good coverage and is lightfast as well as being non-fade, so that this ink can be categorized as document-proof. Due to its composition, which allows it to achieve such a high level of permanence, it is unsuitable for fountain pens. We mainly recommend Scribto! for use with dip or nib pens.

### ●●● Ballpoint refills

Our ballpoint refills in blue, black, and red colors satisfy all the criteria imposed on document-proof inks. These criteria include: smudge resistance, erasability, lightfastness, and water resistance. The special ballpoint paste is fast-drying, cannot be modified, and cannot be removed without leaving a trace. The ink also remains legible after a defined period of exposure to sunlight, which means that it cannot fade beyond a certain degree. If the ink comes into contact with water and runs, the lines of the writing still remain visible. The paste for ballpoint refills 337 and 38 is document-proof under ISO 12757-2.

GOOD TO  
*know!*

Our range offers three various inks that possess a different degree of lightfastness on account of their special composition. Every product is still subject to Pelikan's demanding quality control.

# PEN CASES

## OPTIMALLY EQUIPPED

In order for you to enjoy decades of writing pleasure with your writing instrument, you should protect it the best way possible. Our Pelikan cases for writing instruments are the ideal choice for this and brilliantly safeguard your Pelikan investment. Modern or classic? Patent or smooth leather? It is your choice.

Our classic leather cases in black or black/green are the perfect accessories for all situations. You can safely store one, two, or three writing instruments in them. They are an elegant accessory and come in two versions: in top-grain leather or as smooth nappa leather. Soft as silk and with a black lining.

The colorful, patent leather cases with high-quality zipper are the cherry on top when it comes to modern accessories. They are available as a case for two and make a vibrant statement in three attractive colors.

# COLLECTORS' BOX

## AN ELEGANT STORAGE SOLUTION

Once bitten by the collector's spirit, it is very difficult to stop – and that is something any collector will confirm. However, there sadly does come a point where a solution must be found to store all the acquired treasures. Pelikan has for this reason created a collector's chest that satisfies every need while being stunning to look at and convenient to use.

The collector's chest provides space for 24 writing instruments, with even the large Souverän® M 1000 fitting inside perfectly. The frame is made of durable MDF finished with a high-quality wooden veneer and a protective, transparent varnish. To avoid scratching the writing instruments stored inside, the pen holder inserts are covered in artificial leather in a cream color.

There is a transparent panel made of safety glass that allows for an admiring gaze at the collection at any time. The plastic feet ensure that the chest can also be placed on more sensitive surfaces. The Pelikan logo can be found on the front as well as on the back.
