## Ladies and Gentlemen,

Leifheit AG is one of the fastest growing branded consumer goods companies in Europe. You have made this success possible in your shops - for this we send you our heartfelt thanks! Our growth is based on the well-known Leifheit and Soehnle brands, which are among the strongest household brands in Germany. Our excellent products win numerous awards and test victories and we invest millions of euros in TV and other forms of advertising as well as in-store presentations. Turnover in the Leifheit Group therefore increased by 16% in 2020 and by almost 20% in the first half of 2021.

### **Joint success with high-quality Leifheit and Soehnle bestsellers**

In 2020, we increased our investment in consumer communications by approximately 274% compared to the previous year. We have also continued to increase our TV advertising spend in 2021. On TV, we mainly advertise our best-selling products, which have been rated „very good“ in independent tests by renowned test institutes.

The Leifheit Profi XL floor mop removes up to 99%\* of viruses. And our award-winning innovation, the Regulus Aqua PowerVac, revolutionises power floor cleaning by combining wet mopping and vacuuming in one. The Leifheit CLEAN TWIST cleaning system is DOUBLE TEST WINNER for both flat floor wipers and mops in the renowned German magazine „Haus & Garten Test“. The accompanying test winner TV spot and in-store presentations drive sales!

Our massive investments in consumer advertising in selected markets are supported by targeted online and offline advertising measures as well as customised POS presentation concepts.

### **You, our trade partners, benefit from our fast-growing TV advertising brands and excellent products. What this means for you: Higher profit and more satisfied consumers!**

- With the strong Leifheit and Soehnle brands and our high-quality products, you achieve higher margins.
- With our predominantly European production and long-lasting product quality, we are a reliable and ecologically sustainable partner.

With Leifheit, you have a strong and reliable partner at your side - with well-known German brands, with high-quality and multiple award-winning products and with effective consumer promotion. We will extend this advertising tailwind to other countries in the coming years.

Let us continue to grow together in the future.

Kind regards

Henner Rinsche  
Chairman of the Board of Management  
of Leifheit AG

\* Profi XL: tested on modified vaccinia virus Ankara and Staphylococcus aureus bacteria with micro duo wiper cover and Leifheit Power Cleaner (25ml in 5l water, water temperature 60°C). Regulus Aqua Power Vac: tested on modified vaccinia virus Ankara with Leifheit Universal Cleaner (5ml in 500ml, max. water temperature 60°C).

# POS-Excellence

Leifheit's shelf systems offer your customers not only a better layout, but also a new market experience. Products can be tested immediately to experience their benefits and features.

**Order numbers and other information about the POS tools are available in the POS-Excellence catalogue.**

Video promotion

**POS Excellence:**  
Increased speed of product selection  
thank to new POS conception.

# Easy. Practical. Clean.

## Cleaning

Leifheit has a clear and superior solution to meet every challenge and household demand.

Our cleaning and care products are well thought-out, and many can be combined offering flexibility.

For surfaces that are sensitive and require special attention, we offer specific systems for gentle and effective cleaning. Our variety allows for smooth and easy working, requiring reduced effort and without the need to bend down or for hands to become dirty.
