NEW!

ERIGERON ALPINUS 'MAUVETTE'

ARONIA MELANOCARPA

Welcome!

Possibly the world's only catalogue selling this year's fresh seeds!

As a year of record-breaking weather extremes comes to an end, we can reflect rather sadly on the damage done to our lovely gardens and plant centre here on the usually "warm" south coast of Devon.

On the good side, many different plants we have bred here have been multiplied up in very large numbers by professional companies, and will next year (2019) be available all over the UK, as well as in many other countries worldwide.

Some of our new introductions....

- ❖ **Erysimum 'Jumbo Orange'** - The largest perennial wallflowers we have grown, long-lived, evergreen, shrubby, fragrant bright orange flowers!
- ❖ **Dahlia 'Autumn Dazzlers'** - A new generation of tall, elegant dahlias hybridised at Plant World. Hardy, single forms, with the occasional dark-leaved specimen, make solid almost shrubby plants. In a sunny spot they will flower endlessly until the first frosts.
- ❖ **Erigeron alpinus 'Mauvette'** - Recently developed, this beautiful, dwarf alpine has golden-eyed bright mauve daisy flowers from late spring to early summer.
- ❖ **Strawberry: Sweet Valentine F1** - A well-branched determinate patio-type tomato with a very compact self-mounding or cascading plant habit full of attractive heart-shaped fruit.

Above - Erysimum 'Artist Paintbox Series'

Just one example is our long-term work with erysimums (previously called cheiranthus). These are best-known as the biennial "wallflowers", which are planted out in autumn to flower the following spring, and are then pulled up. But we have developed varieties that live for several years and come in all colours and sizes from 15cm up to nearly a metre high! The one on this year's cover is our largest to date and makes an amazing display starting very early each year. Many thanks.

Ray Brown

Plant World Gardens, Newton Abbot, Devon

A perfect day out for Garden Clubs and Plant Societies.

Plant World, situated between Torquay and Newton Abbot in beautiful South Devon, offers an outstanding collection of rare and exotic plants from around the world. Indeed, the four acres of landscaped gardens, the first ever planted and constructed as the five continents, has been called 'Devon's Little Outdoor Eden'. We are a popular destination for visiting groups and offer a cordial welcome so please get in touch!

Established in 1985, Plant World is the culmination of a plantsman's vision and has been featured several times on BBC's Gardeners' World as well as on other TV programmes. The extensive collection of rare and unusual plants is complemented by the mature cottage and Mediterranean gardens.

Rare Plant Nursery

Inspirational 'gardens from around the world' contain a selection of rare and exotic plants rarely seen outside their native lands. Choice specimens seen in the gardens are sold in the Plantsman's Nursery, a treasure trove of sought-after plants. So if you are passionate about plants and gardens, Plant World is a definite 'must-see' during your visit to beautiful South Devon.

Viewpoint Café

Our modern hilltop shop and café provide light lunches, cream teas and delicious home-made cakes. Visitors can enjoy one of the best views in the West Country with unforgettable views over the Teign Valley from Dartmoor to the sea. We provide free parking and entry into the plant nursery and also have a scenic picnic area. A modest entrance charge is made for adults visiting the gardens whilst children are free.

Nursery & Gardens Opening Times

**9:30 a.m. to 5:00 p.m. 7 days a week. From late March to early October.
Please ring before visiting early or late in the season to check on opening times**

How To Sow Your Seeds

- ❖ Sow all seeds as soon as you receive them unless otherwise advised on the packet.
- ❖ Use sterile compost. We recommend John Innes.
- ❖ Sow seed thinly and cover to about twice the depth of the seed size with fine grit or coarse sand.
- ❖ Do remember mousetraps and slug pellets. (Note: Please be careful if you have children or pets).
- ❖ Sow cold-germinating seeds in a cold frame or unheated greenhouse.
- ❖ Do be patient. Some seedlings appear in a few days whilst others may take several months, or even a year or more. DO NOT throw the seed tray away!
- ❖ Store warm-germinating seed in a fridge and sow in March or April in a heated greenhouse or propagator or in a well-lit spot on a window sill.
- ❖ Do not leave seedlings in a seed tray for too long. They often simply stop growing.

Have you discovered something new? A new Meconopsis perhaps?!

Please let us know if anything new, unusual or variegated appears in your garden. And do keep writing to us if you have any suggestions or advice, as we are always pleased to hear how you are doing. And thanks for buying and growing our seeds!

Ornamentals

ACAENA SACCATICUPULA 'BLUE HAZE'

£2.75 Rosaceae HP 5-10cm (12 seeds)

Probably the loveliest of the "New Zealand Burrs", forming a low mat of steel-blue, ferny leaves with short-stemmed, greenish flowers in summer, followed by attractive mahogany-red burr-like fruits. This attractive plant tolerates most soils.

AGAPANTHUS 'HEADBOURNE HYBRIDS'

£2.95 Liliaceae HP 60cm (50 seeds)

Huge true blue globular heads flower freely on stout stems above robust clumps of strap-shaped leaves. This seemingly completely hardy variety forms thick established clumps which improve over the years and impress all who visit our gardens here.

ACIS AUTUMNALIS

£2.85 Amaryllidaceae HHBB

25-30cm

These delightful, dainty gems are bulbous perennials with linear leaves and nodding, bell-shaped, pure white or occasionally pink, fragrant flowers, which open with or before the leaves in late summer. Clumps multiply reliably.

AGAPANTHUS LILLIPUT

£2.90 Liliaceae HP 40-50cm

Above neat tufts of narrow leaves stand rounded heads of rich-blue, star-shaped flowers, showing dark central veins, and blue stemmed stamens. Seedlings grown from seeds collected from this diminutive "African Lily" may vary a little but will all be lovely.

ACONITUM NAPELLUS

£2.65 Ranunculaceae HP 90cm

The true "Monkshood" flowers from earliest spring, producing indigo-blue hooded flowers on strong stems clad in shiny green leaves. This is one of the earliest, easiest and most rewarding flowers you can grow in the garden and is totally trouble-free.

AGAPANTHUS 'SNOWBALL'

£2.95 Liliaceae HP 60-90cm

Balls of delicate, pure white flowers arise on long stout stems in mid and late summer amidst vigorous clumps of bright green strap-like leaves. The pure white flowers occasionally have the slightest shade of blushed pink at the tips of the petals.

ACONITUM VULPARIA

£2.85 Ranunculaceae HP 1.0m

Long-lived clumps produce very dense sprays of pale sulphur yellow hooded flowers in spring and early summer, above attractive, bright green shiny foliage. If dead-headed flowering will continue into the autumn.

AGAPANTHUS WHITE DWARF

£3.20 Liliaceae HP 25-30cm (10 seeds)

White trumpets open on short stems above green strap-like leaves. This dwarf gem performs beautifully grown in open ground or a pot. It is long-lived and extremely hardy. Visitors to our hilltop gardens in Devon often doubt that this tiny plant is indeed an African lily.

AGASTACHE FOENICULUM 'GOLDEN JUBILEE'

£2.95 Labiatae HP 40-60cm

Discovered here and given the 'All America Award'. Early spring crowns of purplish, crinkled leaves transform into sweetly aromatic golden rosettes, with tubby terminal spikes of fluffy lavender flowers. Superb in a well-drained spot.

**AGROSTEMMA GITHAGO**

£1.90 Caryophyllaceae HA 60-90cm

"Corn Cockle". Large purple-red flowers on tall branching stems adorn this ancient cottage garden plant which was once a welcome sight in cornfields, but is now very rare in the wild. Allow it to naturalise in your garden for a never-ending display year after year.

**ALCEA FICIFOLIA PINK**

£2.50 Malvaceae HP 1.5-2.0m

Lovely pink floppy flowers open in all shades of pink on these tall stately plants. The fig leafed, or Antwerp Hollyhocks are well known for being resistant to Hollyhock rust and will self seed where happy making gorgeous, 'Cottage Garden' drifts.

**ALCHEMILLA MOLLIS**

£2.40 Rosaceae HP 30-45cm

("Thriller") Masses of feathery sprays of greenish-yellow starry flowers above soft hairy wavy-edged leaves make this one of the most popular border and ground cover plants of all time.

**ALLIUM CERNUUM**

£2.50 Alliaceae HB 45-60cm

This pretty ornamental onion has very narrow leaves with loose umbels of long-stalked, purplish-pink flowers in early summer. It naturalises easily making attractive drifts without becoming a nuisance. The bulb is edible and has a strong onion flavour.

**ALLIUM CHRISTOPHII**

£2.70 Alliaceae HB 45cm

Magnificent, ten inch, spherical heads composed of glossy amethystine violet stars (which can be dried to give pleasure all year) will turn heads for years to come. Undoubtedly one of the most flamboyant members of this enormous family of plants.

**ALLIUM HOLLANDICUM 'PURPLE SENSATION'**

£2.85 Alliaceae HB 90cm

This AGM winner, native to Iran, produces a stiff, upright stem bearing a sizeable, tight, circular, purple flower head with umbels three inches across, of 50 or more star-shaped, deep violet flowers that appear to float through the perennials in any hot dry garden.

**ALSTROEMERIA AURANTIACA**

£2.25 Alstroemeriaceae HP 60-90cm

We offer a generous packet from our sizeable stock beds of "Peruvian Lilies". These hardy and trouble-free spectacular plants form slowly expanding clumps of orchid-like orange and yellow blooms which improve unattended over the years.

**ALSTROEMERIA CUMMINGIANA**

£3.50 Alstroemeriaceae HP 10-15cm (8 seeds)

One of the rarest treasures of the Andes, this dwarf gem opens large salmon-pink flowers, strikingly marked in yellow at the petal bases with sizeable, prominent red anthers. It is a long lived gem of thriving in loose scree or well-drained soil.

**ALSTROEMERIA HOOKERI**

£3.20 Alstroemeriaceae HP 20-25cm (8 seeds)

Short stems carry large, distinguished, rose coloured flowers, attractively marked with crimson and yellow. Spreads steadily for several years giving a large bone-dry rock garden a reliable mid-summer blaze of colour but setting very few seeds.

ALSTROEMERIA LIGTU HYBRIDS

£2.85 Alstroemeriaceae HP

60-80cm

These famous hybrids come in all shades of orange and red. The large, sumptuous flowers, resembling orchids, are easy to grow, and the clumps improve over the years making them an invaluable addition to every garden.

ALSTROEMERIA LIGTU 'SIMSII'

£2.95 Alstroemeriaceae HP

60-90cm (10 seeds)

One of the strongest and tallest of all Alstroemerias, blooming for an extended period during midsummer showing large, multiple-flowered florets of strikingly-splashed orange flowers. A superb slowly-spreading plant, thriving in poor soil.

ALSTROEMERIA REVOLUTA

£3.85 Alstroemeriaceae HP

60-80cm (6 seeds)

Purple-blue, orchid-like flowers, delicately marked and spotted with crimson open on short stems which bear lush green foliage. This hardy plant is drought tolerant, producing fleshy tubers from which it re-sprouts each year so that mature plants can be divided.

AMARANTHUS CAUDATUS PONY TAILS

£1.95 Amaranthaceae HHA

1.0-1.2m

A selection of these lovely flowers bearing long, pendulous, flowing tails in many shades from green to red. These plants are often used to striking effect in many parks, gardens and stately homes!

AMARYLLIS VITTATA 'RED GIANT' (HIPPEASTRUM)

£3.20 Amaryllidaceae HHP

45-60cm (10 seeds)

Seeds from the largest flowered amaryllis we have ever grown here, with 20 absolutely gigantic, blood-red flowers on multiple stems as the resulting bulbs double up yearly. Seedlings should produce their first flowers in year 2 and bulbs increase in size constantly.

ANEMONE HUPEHENSIS 'SEPTEMBER CHARM'

£2.75 Ranunculaceae HP

50-75cm

This anemone brings valuable colour to the garden in late summer and autumn, with masses of large, rosy pink, cup-shaped flowers on tall, wiry stems from July to September. One of the most reliable and free-flowering of the Japanese anemones.

ANEMONE LEVELLEI

£2.65 Ranunculaceae HP

40-45cm

This one of the easiest and long-lived of the clump-forming anemones which improves with age, bearing dense sprays of white waxy-petaled flowers with a blue reverse. An exceptionally beautiful flower from China.

ANEMONE TOMENTOSA

£2.55 Ranunculaceae HP

1.0-1.5m

This lovely Chinese species gives a valuable late summer and autumn display of large rose pink flowers in profuse clusters on long stalks, which make perfect cut flowers. Clouds of decorative woolly seed pods remain on the plant until late in the year.

ANEMONE x FULGENS

£2.85 Ranunculaceae HP

30-40cm

The flame anemone is a bright beacon due to its vibrant red flowers on slim stems with pretty, divided foliage. Suited to loamy well drained soils, it likes partial shade in a sunny spot. Ideal for containers, it will turn a border or rock garden into a blaze of glory.

ANGELICA ARCHANGELICA

£2.50 Apiaceae

HP, HBI 60-90cm

This compact wild "Norwegian Angelica", form makes basal rosettes of divided leathery leaves, above which appear in summer, stocky stems holding globular balls of greenish-white flowers, and later, congested heads of large fragrant seeds.

ANGELICA GIGAS

£3.20 Apiaceae HP

1.0-1.2m (20+ seeds)

This magnificent angelica bearing thick shiny leaves has rapidly become a cult plant, with globular, solid heads of dark crimson florets, which erupt on strong stems from inflated purple sheaths, providing a feast for pollinating insects.

ANGELICA SYLVESTRIS 'EBONY'

£3.80 Apiaceae HP

80cm-1.2m (20+ seeds)

This fabulous new plant is the darkest of any angelica ever grown. Exquisite, almost black, finely-cut shiny leaves below heads of darkest purple buds opening to delicate sprays of pink flowers. Caused mayhem when first shown at Chelsea. Comes relatively true from seed.

ANOMATHECA LAXA (FREESIA/LAPEIROUSIA)

£2.85 Iridaceae HP

10-20cm

From a flat fan of tiny iris-like leaves arise thin stems carrying large, brilliant carmine star-shaped flowers. These lovely flowers are very long lived and hardy in a sheltered spot. In a well-drained rockery these will self-seed and make fabulous drifts.

ANTHRISCUS SYLVESTRIS 'GOLDEN FLEECE'

£2.95 Umbelliferae HP

70-90cm (20+ seeds)

An old favourite with bright, lemony-yellow, fern-like leaves in early spring making shining, golden mounds which are totally resistant to burning by the sun, with sprays of fluffy white flowers opening later. Few seeds collected but comes almost 100% true from seed.

ANTHRISCUS SYLVESTRIS 'RAVENSWING'

£2.95 Apiaceae HP

60-90cm (30+ seeds)

This exciting recent discovery produces basal sprays of darkest mahogany-bronze, finely divided ferny foliage, making a perfect foil for the airy umbels of white heads. Ever since being revealed at Chelsea this has been an essential plant in modern gardens.

ANTIRRHINUM 'ANGEL TOWERS'

£2.65 Scrophulariaceae HP,HBi 60-90cm

We have crossed a tall, hardy, wild, perennial antirrhinum with a modern cultivar to produce these tall, shrub-like, constantly-flowering, long-lived, unique and spectacular new plants. palest pink to reddish-purple flowers open on tall, dividing, shrubby branches.

AQUILEGIA 'ALCHEMIST'S MIX'

£2.50 Ranunculaceae HP 15-60cm

Seeds collected from our 'bizarre aquilegia' and 'unusual oddities' beds in the trial grounds, including some new very dwarf variegated and coloured foliage forms. Some of these plants will never have been seen before. Let us know if anything amazing turns up!

AQUILEGIA 'BURNISHED ROSE'

£2.50 Ranunculaceae HP 45-60cm

Selected here many years ago, sprays of icing pink pom-poms hover gracefully above the burnished, bright golden foliage. This lovely form looks fabulous as a massed planting and is completely trouble-free, improving yearly.

AQUILEGIA COTTAGE GARDEN MIX

£1.95 Ranunculaceae HP 45-90cm

A selection from the range in our catalogue plus other colours and forms collected from our cottage garden. This well-filled generous packet must surely be the biggest ever offered by any seed company.

AQUILEGIA DISCOLOR

£2.50 Ranunculaceae HP 10-15cm

One of the smallest of all aquilegias with elegant blue and cream flowers on tiny stems above delicate rosettes of finely cut leaves. A bone hardy and exquisite dwarf plant.

AQUILEGIA FORMOSA

£2.75 Ranunculaceae HP

45-60cm (20 seeds)

This soundly perennial plant bears delightful deepest orange-red and yellow flowers in spring and early summer. If planted away from others seedlings it will come perfectly true.

AQUILEGIA PINK FLAMINGO

£2.75 Ranunculaceae HP

50-60cm

Large, pink, medium-spurred flowerheads open in late spring on this new columbine variety. Coming quite true from seed it should be planted away from other aquilegias with which it could hybridise.

AQUILEGIA 'FRAGRANT FANTASY'

£2.95 Ranunculaceae HP

60-75cm

A new and lovely range of columbines bred from some of the most fragrant species in cultivation. The perfumed flowers come in all shapes and sizes, from tight pom-poms to long-spurred singles and in a wide variety of colours.

AQUILEGIA 'POM-POMS MIXED'

£2.40 Ranunculaceae HP

60-90cm

Recovered from past times, these popular Victorian short-spurred or spurless flowers have several tiers of petals producing a unique doubling, tripling or pom-pom effect. A generous packet from palest pinks through bicolours, to deepest crimson and cerise.

AQUILEGIA 'GREEN APPLES'

£2.95 Ranunculaceae HP

60cm (20 seeds)

Perhaps the first green clematis-flowered aquilegia. A superlative form which we have selected here at Plant World.

Compressed buds open pale lime green slowly fading to a creamy green sliced-apple colour, before finally ageing to cream.

AQUILEGIA SNOWBALLS

£2.75 Ranunculaceae HP

60-75cm

Bunches of bobbing, pure white pom-pom flowers on branching stems make a delightful sight in May and June. Will self-seed and come true if grown away from other forms.

AQUILEGIA 'ICEBERG'

£3.95 Ranunculaceae HP

45-60cm (20 seeds)

Aquilegia fragrans was one of the parents of this lovely new flower which opens its unusually large, sweetly-perfumed, palest blue and white flowers. When an established bed of these is in flower it can cause a sensation..... every garden should have one.

AQUILEGIA VULGARIS 'ORANGES AND LEMONS'

£2.45 Ranunculaceae HP

60-90cm

This completely new colour range has bicolored flowers in all shade of red, orange and yellow. The occasional 'plum' pops up but adds to the colour scheme! Unlike many aquilegias which give a once-off burst of bloom, these will flower on and on.

AQUILEGIA KURDISTANICA

£2.65 Ranunculaceae HP

45-60cm

Sprays of dark blue flowers gently brushed paler around the edge of each petal, adorn this rare columbine in spring and early summer, above a compact display of blue-green, basal 'maidenhair' foliage. A beautiful native of high mountain meadows in Kurdistan.

ARABIS 'SNOWCAP'

£1.80 Cruciferae HP

10-15cm

This attractive and ever popular selection of Arabis alpina, the "alpine rock cress", produces masses of sizeable, snow white flowers above a compact grey carpet of leaves from February to May when little else dares show.

ARISAEMA CILIATUM

£3.70 Araceae HP 15-45cm (8 seeds)

Strikingly attractive, long-tailed, neatly pin-striped spathes, open in May and June on 10-15 inch stems, with the spoked leaves piercing like parasols above the flowers. It appears later than most other species and will increase quickly by tuber-bearing stolons and seed.

**ASPHODELUS ALBUS**

£2.55 Asphodelaceae HB,HP 60-90cm (10+ seeds)

These lovely plants, which surprisingly are completely frost-hardy, produce clumps of linear basal leaves, and leafless stems bearing racemes or panicles of star-shaped, white or pink flowers, each tepal with an attractive green or brown central vein.

**ASTRANTIA INVOLUCRATA 'SHAGGY'**

£2.95 Umbelliferae HP 60cm

This most popular and much improved form of Astrantia major has a much larger "collar", with beautifully coloured tips darkly etched in attractive green shades. It is very long lived indeed and will grow under almost any conditions.

**ASTRANTIA MAJOR**

£2.50 Umbelliferae HP 60cm

This long-flowering and very long-lived plant displays showy star-like heads with radiating bracts in shades of green, pink and white. Excellent cut flowers are a bonus.

**ASTRANTIA MAJOR 'RUBY WEDDING SERIES'**

£2.95 Umbelliferae HP 60cm (12 seeds)

Seed from the darkest ruby and maroon forms in our garden. Invaluable, very long flowering period (May-October).

**ASTRANTIA MAXIMA**

£2.95 Umbelliferae HP 60cm

Exquisite, upwards facing, green bracted, pure rose pink flowers are held above compact clumps of bold tripartite foliage. This is the most desirable of all of the astrantias with a rewardingly long flowering period. "A very beautiful plant." (Graham Stuart Thomas)

**ATROPA BELLADONNA**

£3.20 Solanaceae HP 60cm-1.2m

Deadly Nightshade has purple-green bell flowers, hanging on thick stems with soft leaves. Later appear juicy black berries. Be warned, its common name is true and appropriate. All parts of this plant are extremely poisonous, do not plant where children can reach fruit.

**BAPTISIA AUSTRALIS**

£3.20 Leguminosae HP 1.0-1.2m

Flowering from June to August, this is one of the most beautiful early-summer perennials, with trifoliate leaves and erect, lupin-like racemes of rich violet-blue, pea-like flowers, followed by conspicuous inflated pods. They do best in deep, well-drained soil.

**BLETILLA STRIATA**

£3.70 Orchidaceae HP 23-38cm

This shade-loving orchid has broad, pleated, aspidistra-like leaves. In late spring, arching stems of superb pink flowers appear, with the very occasional white form appearing. Once established this plant is quite hardy, but it may be grown in a pot to overwinter inside.

**BLUEBELL**

£2.35 Liliaceae HB 30-45cm

(Scilla non-scripta) Drifts of fragrant, nodding blue bells are one of the most enduring sights of spring in English woods. These seeds were collected from the wild plants on Devon banks surrounding our gardens.

BORAGE WHITE

£2.50 Boraginaceae HB 45-60cm (20 seeds)

This is the rare pure white form of Borage with many uses: young leaves can be used in salads; young tops boiled as a pot herb; refreshing summer drinks can be made after mixing with lemon, water or wine; the foliage can be steeped in water to make an unbeatable fertiliser.

**BUPLEURUM 'BRONZE BEAUTY'**

£2.95 Umbelliferae HP 45-60cm

This attractive dwarf form of the totally perennial *Bupleurum longifolium* has lacy, divided, yellow, almost astrantia-like seedheads, which transform in early summer into plates of coppery-bronze. Superb in a hot garden where it makes an ideal cut or dried flower.

**CAESALPINIA PULCHERRIMA**

£3.45 Fabaceae HHT 3.0-4.0m (15 seeds)

Beautifully fringed, orange and red blooms cover this magnificent, West Indian shrub which has most attractive deeply divided foliage. In a very well-protected UK garden or a conservatory it makes one of the most spectacular plants you can obtain.

**CALENDULA 'KABLOUNA'**

£1.70 Compositae HA 38cm

This remarkable, quite new cottage garden delight has large, strikingly-crested, slowly darkening blooms of gold, lemon, orange and apricot with a dark, contrasting, pin-cushion boss of tightly-quilled petals. Easily grown by simply broadcasting the seeds.

**CALLISTEPHUS CHINENSIS 'POWDERPUFF'**

£1.50 Asteraceae HHA 45-60cm

Fragrant flowers in pink, red coral/apricot, light blue and creamy-white bloom from mid summer to early autumn. Plant should be watered regularly, although over watering should be avoided. These plants self-sow freely so require regular dead-heading to limit spread.

**CAMASSIA LEICHTLINII**

£2.40 Liliaceae HP 90cm-1.2m

Imagine an enormous, strong-stemmed, fragrant bluebell with dense, erect spikes of six-petaled, star-shaped violet flowers. Flowering in early summer with the occasional plant giving pure white, green-eyed flowers. A large, reliably perennial lily relative.

**CAMPANULA ALLIARIFOLIA**

£2.35 Campanulaceae HP 60-75cm

From a clump of hairy, heart-shaped leaves arise many thin stems from the whole length of which, dangle shapely cream bells. "A picture of poise and beauty". (G.S.T.)

**CAMPANULA 'CANTERBURY BELLS'**

£2.75 Campanulaceae HBi,HA 60-90cm

One of the most typical cottage garden flowers, this has a timeless charm and grace. Masses of bells are produced in an astonishing range of blues, whites and pinks. Flowers appear all summer long and will grow in almost any position whether sun or semi shade.

**CAMPANULA LACTIFLORA 'PRICHARD'S VARIETY'**

£2.25 Campanulaceae HP 90-1.2cm

Seed saved from great branching heads of deep violet blue flowers atop stout stems clad in pointed leaves. Invaluable mid-border plant. Busy bees will ensure you have a quota of pale blue, white or even pink flowers amongst these plants.

**CAMPANULA LATIFOLIA ALBA**

£2.30 Campanulaceae HP 1.0-1.25m

This long lived clump-forming plant bears strong spikes of large, white funnel-shaped bell-flowers in early summer.

CAMPANULA LATIFOLIA 'BRANTWOOD'

£2.45 Campanulaceae HP

1.0-1.25m

Stout spires of very large, deep violet purple bells open in spring and early summer. This is the darkest and finest form of this gorgeous flower from high in the Himalayas.

**CAMPANULA RIGIDIPILA**

£2.95 Campanulaceae HP

45-60cm

This rare plant (Syn. *C. sarmentosa*) from Ethiopia and the Kenyan highlands, is the world's most southerly occurring campanula. From a bone-hardy clump of thick, triangular, hairy grey-green leaves, arise strong stems carrying bearded blue bell-flowers.

**CAMPANULA LATIFOLIA 'FAICHEM LILAC'**

£2.25 Campanulaceae HP

90cm

This lovely *Campanula latifolia* form was discovered as a seedling on our first small Scottish nursery near Invergarry in the Scottish Highlands. The spires of large white or cream trumpets all have a most attractive prominent dark eye.

**CAMPANULA ROTUNDIFOLIA**

£2.50 Campanulaceae HP

20-30cm

The true wild "Harebell" or "Bluebell-of-Scotland" is a too-rarely grown little gem. Long-flowering and easy to please in any position, it produces masses of dangling blue bells on long thin stems over an extended mid-summer period.

**CAMPANULA MAKASCHVILII**

£2.85 Campanulaceae HP

45cm

A very rare plant from the Caucasus Mountains. Radiating arching stems clad in smallish heart-shaped leaves, carry white bells with varying proportions of pink-edging to their petals. Long lived and desirable.

**CAMPANULA SARMATICA**

£2.45 Campanulaceae HP

38-45cm

Hairy grey stems and thick rubbery sagittate leaves form a perfect foil for the long succession of pendant blue-grey bells. "A great beauty and good sound perennial." (G.S.T.)

**CAMPANULA PERSICIFOLIA**

£2.50 Campanulaceae HP

60-90cm

An old-fashioned cottage garden flower making mats of creeping foliage which is evergreen in all but the worst winters. From late spring to autumn appear the cup-shaped, wide-open, lilac-blue or white bell flowers which are very good for cutting.

**CAMPANULA TRACHELIUM**

£1.80 Campanulaceae HP

60-75cm

"Coventry-Bells" and "Bats-in-the-Belfry" are but two of the quaint old names for this bellflower which apparently came into cultivation in 1561. Stout stems carry wide blue bells, with thickly set leaves below.

**CAMPANULA POSCHARSKYANA**

£2.75 Campanulaceae HP

10-15cm

This astonishingly tough rockery plant bears in spring and summer sprays of violet starry flowers. Vigorous and fast growing, it is one of the easiest and long-flowering of all rockery plants, and able to stand almost complete drying out once established in a wall.

**CAMPANULA TRACHELIUM ALBA**

£2.30 Campanulaceae HP

60-75cm

Large flared ivory-white bells open along many strong stems which carry rough, nettle-like (but non-stinging!) leaves. The pure white version of this ancient cottage garden favourite comes quite true from seed as long as it is grown alone.

CARDIOCRINUM GIGANTEUM

£2.95 Liliaceae HB

1.8-2.4m

The fantastic "Giant Yunnan Lily" is a stately giant, producing two inch thick stems, with dinner plate sized leaves, above which open numerous eight inch green and white waxy, very fragrant trumpets, followed by enormous "everlasting", toothed seed-pods when dried.

**CARDIOCRINUM GIGANTEUM YUNNANENSE**

£3.15 Liliaceae HB,HP

2.4-3.0m

This monocarpic variant of the "Giant Yunnan Lily" bears starlike white, cream and purple flowers from early Spring until late Summer. After the largest bulb has flowered it dies, leaving smaller ones to grow on each year. It prefers semi-shade and high levels of water.

**CENOLOPHIUM DENUDATUM**

£2.85 Apiaceae HP

60-90cm

This rarely-seen, upright herbaceous perennial produces sprays of tiny, foamy, greeny-white flowers on long stems above fern-like foliage from mid-summer through into autumn which are a magnet for bees and butterflies adding a touch of lightness to planting schemes.

**CENTAUREA CYANUS**

£1.85 Asteraceae HA

30-90cm (30+ seeds)

An ancient garden favourite making both a splendid border plant and is also perfect for cutting and makes a most attractive pot plant for the greenhouse. This once common cornfield weed is a lovely native UK wild flower, with its beautiful blue flowers, is now rare.

**CERINTHE MAJOR PURPURASCENS**

£3.20 Boraginaceae HHA 45-60cm (10 seeds)

"Honeywort" or "Wax-Flower", much loved by bees and flowering throughout spring and summer has deep blue pendulous bracts which are packed onto stems densely clad with waxy blue-green leaves. This treasure is one of the fastest growing plants available.

**CERINTHE MAJOR 'YELLOW GEM'**

£2.65 Boraginaceae HHA 45-60cm (10 seeds)

The bees have again been busy at Plant World, taking pollen from the lovely purple bracted blue flowered form to the more common, yellow flowered green bracted variety. Deep yellow flowers are surrounded by purple bracts.

**CHAEROPHYLLUM HIRSUTUM ROSEUM**

£3.65 Apiaceae HP 60cm

Bright pink heads on short stems, with ferny, feathery foliage, make this exceptionally compact umbellifer an absolute treasure. It is very slow to spread as well as being bone hardy. Few herbaceous plants can hold a candle to it in early May.

**COLCHICUM AUTUMNALE**

£2.85 Colchicaceae HB,HP 15-25cm (10 seeds)

Purple blooms with white stems (also part of the flower), arise in clumps without leaves, in autumn and can soon naturalise in a rock garden or grass. This is the "Autumn Crocus", a beautiful autumn-flowering bulb, unrelated to the crocus but botanically closer to lilies.

**CONVALLARIA MAJALIS PINK BELLS**

£4.45 Convallariaceae HP 15-20cm (4 seeds)

This very rare and extremely gorgeous plant opens tiny spires of intensely fragrant, pendent pink flowers in spring and early summer. Best grown in rich soil in dappled shade where it will romp away making a perfumed carpet each year.

**COSMOS ATROSANGUINEUS**

£6.85 Compositae HHP 30-60cm (4 seeds)

Rich-maroon-to-almost-black, chocolate-scented flowers open on this legendary plant, but seedlings will vary in flower colour, size and habit! This is probably the first commercial seed offering, we are sorry but there is a limit of only one packet per customer.

COSMOS 'BRIGHTNESS MIXED'

£2.05 Asteraceae HHA 40-50cm (100 seeds)

Possibly the most vigorous and free-flowering cosmos of this type, dwarf bushy plants are covered with flowers in a delightful mixture of gold, lemon, orange and red from early summer through to the autumn frosts.

**CROCOSMIA LUCIFER**

£2.85 Iridaceae HP 1.0-1.25m

From robust clumps of sword-shaped leaves in spring, thrust up strong, branching spikes of brilliant red, flared, funnel-shaped flowers in mid-summer. This superb and reliable very long-lived performer is happy in any position.

**CROCOSMIA NEW HYBRIDS**

£2.95 Iridaceae HP 60-90cm

A superb collection of different forms of this lovely range of plants obtained from our large collection, including many colourful and large-flowered cultivars such as 'Jackanapes', 'Emily McEnzie', 'Queen of Spain', 'Moirra Reed', and many more.

**CRYPTOTAENIA JAPONICA ATROPURPUREA**

£3.20 Apiaceae HP 45-90cm (15 seeds)

Recently arrived from Japan this exciting new foliage plant produces a mound of jagged purple-bronze three-lobed leaves on dark stems with sprays of tiny pale pink flowers in early summer. The leaves and leaf stalks are good in soups, salads, and fried foods.

**CYCLAMEN HEDERIFOLIUM (NEAPOLITANUM)**

£2.45 Primulaceae HP 8-13cm

Handsome silver-marked foliage supports red, pink or ivory white flowers in August and September. Completely hardy and naturalising by self-seeding, they are very tolerant of dry shade, being summer deciduous, only re-appearing with the late summer rains.

**CYCLAMEN HEDERIFOLIUM ALBUM**

£3.60 Primulaceae HP 8-13cm (20 seeds)

This is the lovely pure white form of this hardy species which blooms and sprouts leaves in autumn, grows through the winter, and flowers from August to October. Leaf colour varies from green to all-silver, but most common is the "Christmas tree" pattern.

**CYCLAMEN HEDERIFOLIUM MIXED**

£3.20 Primulaceae HP 8-15cm (20 seeds)

This valuable mixture contains many different variants of this lovely hardy plant. Colours will range from deepest pink to pure white with all variations in between.

**CYCLAMEN INTAMINATUM**

£3.85 Primulaceae HP 5-10cm (10 seeds)

This delightful dwarf alpine has beautiful white flowers veined with grey or pale pink which appear from August until November, emerging before or along with the leaves which are almost round, and either plain green or attractively marbled in the centre.

**CYCLAMEN MIRABILE**

£3.95 Primulaceae HP 5-15cm (12 seeds)

The leaves of this species are often marked in pink / silvery-grey. In autumn, pale pink flowers appear. These are generally sub-orbicular. This form is available under the name C. mirabile 'Tilebarn Ann'. An intermediate is named C. mirabile 'Tilebarn Nicholas'.

**DAHLIA AUTUMN DAZZLERS**

£3.25 Compositae HHP 1.0-1.7m (10 seeds)

A completely new generation of tall, elegant dahlias hybridised at Plant World. These hardy, single forms, with the occasional dark-leaved specimen, make solid, stately, almost shrubby plants that enjoy a sunny spot and will flower endlessly until the first frosts.

DAHLIA MERCKII

£2.85 Compositae HHP 60-90cm (8 seeds)

Beautiful yellow-eyed, lavender-pink starry flowers on branching stems, above shiny divided foliage, throughout the summer. Soundly perennial here in Devon, but a well-drained protected spot is recommended elsewhere. Makes a deep long-lived tuber. Few seeds collected.

DATURA 'BALLERINA PURPLE'

£3.20 Solanaceae HHP 60-90cm (8 seeds)

These "Angel's Trumpets" produce immense 6-8 inch, doubled, upwards facing, purple trumpet blooms, which are amongst the most beautiful and desirable flowers you can grow. Whether in a hot garden or a large container these plants are show-stoppers!

DATURA DOUBLE WHITE

£3.90 Solanaceae HHP 1.0m-1.30c (12 seeds)

A beautiful and exotic variety bearing in generous quantity, a long succession of large, pendent, double, pure white flowers making it a splendid container plant for the conservatory or summer patio. Please note that all Datura species are poisonous.

DATURA GOLDEN FLAMES

£3.35 Solanaceae HHP (12 seeds)

The gorgeous golden blooms of this variety make it a real show stopper. The heavy yellow flowers are huge and very fragrant, especially in the evening, and make a striking contrast against the dark green foliage. Please note that all parts of all Datura are poisonous.

DATURA INOXIA

£2.70 Solanaceae HHP 1.5m (12 seeds)

Large, floppy, night-fragrant, trumpet-shaped white flowers appear in early summer to late autumn, opening upright but inclining downwards later. Amazingly, toxic stems and leaves are covered in peanut-butter-flavoured grey hairs!

DAUCUS CAROTA 'BURGUNDY TOP'

£2.45 Umbelliferae HP,HBi 40-60cm

A new and elegant umbellifer with fine green foliage, above which open fabulous, doily-like heads in a range of colours from palest pink through shades of purple and crimson, to almost black. These beautiful intricate flower-heads deserve a really close-up inspection.

DAUCUS CAROTA subsp. MAXIMA

£2.90 Umbelliferae HP 1.5-2.0m

A seldom seen plant with hairy, feathery foliage, collected in Crete as a wild vegetable. Seeds ripen in early summer, the umbels curve inwards to protect the seeds, forming an impressive, beautiful structure. The small seeds are slightly flattened with bristles.

DELPHINIUM COTTAGE GARDEN MIX

£2.50 Ranunculaceae HP 90cm

This generous packet contains all shades, including bicouours, blue, pink and white singles, and doubles from our cottage garden. We have also included a few unusual species so expect the odd surprise.

DELPHINIUM REQUIENII

£2.85 Ranunculaceae HBi 90cm-1.5m (30 seeds)

A most unusual and impressively tall plant with hairy racemes of unreal-looking, densely packed, orchid-like brownish blue-purple flowers, from a large basal leaf rosette of attractive, shiny and marbled star-shaped leaves.

DICTAMNUS ALBUS PURPUREUS

£2.95 Rutaceae HP 60-90cm (10 seeds)

This form of the normal attractive hardy perennial bears the palest pink to white flowers, and produces a scent of lemon peel when gently rubbed. Indeed the volatile oil can be ignited on a hot day leaving the plant uninjured! R.H.S. 'AGM' Award Winner.

DIERAMA AMBIGUUM

£2.85 Iridaceae HP 90cm

This newly introduced, medium-sized hardy species from South Africa has arching stems bearing packed heads of purple flowers on waving wands in early and mid summer.

DIERAMA IGNEUM

£2.85 Iridaceae HP 60cm

Fiery bunches of flared, tomato-red flowers make an impressive display on this diminutive introduction from South Africa. This is a choice and very hardy plant which is vigorous and quick to clump up.

DIERAMA 'AUTUMN SPARKLER'

£3.45 Iridaceae HP 1.0-1.3m

Stiff wands, sport close-packed clusters of brightest fluorescent pink, delicately-marked, upward-facing starry bells. This rare and desirable introduction is the last and the most unusual of all dieramas, flowering into October and November.

DIERAMA 'PINK ROCKET' (EX ERECTUM)

£3.20 Iridaceae HP 75-90cm

A stunning, unique and distinctive compact hybrid which we have bred here. This lovely plant produces many short, erect stems which hold multi-flowered heads of upwards-facing, flared, bright pink blossoms, unlike any of the other hybrids on the market!

DIERAMA 'BLACKBERRY BELLS'

£2.85 Iridaceae HP 1.0-1.3m

Seed collected from a vigorous hybrid between 'Cosmos' and Dierama robustum, and inheriting some of the darkness from the former flower, but with much larger, deep purple-maroon flared trumpets on very tall, strong, springy stems.

DIERAMA PLANT WORLD JEWELS

£2.95 Iridaceae HP 60-90cm

We offer these unique dwarf and medium-sized crosses between the pygmy D. pauciflorum, D. dracomontanum and D. igneum. These new forms are produced two to three weeks earlier than previous varieties, extending the flowering period.

DIERAMA 'BLACKBIRD'

£2.50 Iridaceae HP 1.0-1.3m

Seedlings from this famous and darkest of all dieramas will vary, but most plants should produce cascades of pendulous, funnel-shaped claret purple flowers on wiry stems. Seedlings occasionally produce paler flowers but there will be no rejects as all will be superb.

DIERAMA 'SNOWBELLS' (PULCHERRIMUM)

£2.70 Iridaceae HP 1.0-1.3m

This beautiful dierama produces large, flared milky white bells over a long period in early and mid summer, clumps improving over the years. Seedlings may also produce the odd palest pink-flowered plant but these can be easily separated whilst still quite young.

DIERAMA BLOOD DROPS

£2.95 Iridaceae HP 80cm-1.0m (10 seeds)

This brilliant new hybrid is the brightest deep red seedling we have discovered for many years. Plants grown from these seeds may vary but they will produce heavy heads of pendulous flowers in some startlingly bright new forms.

DIERAMA SPECIES MIXED

£2.90 Iridaceae HP 1.8m

A superb mixture of all the varieties listed here. We are also including some unusual and un-named species and hybrids from our trial grounds. All will be extremely beautiful. Expect some very pleasant surprises, colours and forms never before seen!

DIERAMA 'SPRING DANCER' (PULCHERRIMUM TYPE)

£2.85 Iridaceae HP 90cm-1.2m

This is the earliest of all "Angels' Fishing Rods" to flower, in April, May and June. Numerous flared pink trumpets dangle on thin stems, which are out-facing rather than pendulous. This most unusual new plant was collected as unknown seed from the Drakensberg Mountains.

DIGITALIS 'APRICOT'

£2.65 Scrophulariaceae HP 90cm

This stunning introduction has a distinctive colour break bearing large, orangey-peach, flared flowers which are heavily-clustered up the tall, strong stems. If grown alone out of reach of other foxgloves the seedlings will come quite true.

DIGITALIS FERRUGINEA GIGANTEA

£2.35 Scrophulariaceae HP 1.2-1.8m

This is a spectacular towering form of this excellent perennial foxglove. Tall slender spikes in close groups bear many distinctive pale orange-brown flowers each with a protruding white lip. Completely hardy and totally perennial.

DIGITALIS GRANDIFLORA

£2.35 Scrophulariaceae HP 60-90cm

Spikes of chocolate netted, large sulphur yellow flowers over rosettes of strongly veined leaves. This is the largest and most spectacular flowered of the yellow foxgloves. Perennial and long lived.

DIGITALIS LAEVIGATA

£2.75 Scrophulariaceae HP 70-90cm

This fully hardy perennial, semi-evergreen plant opens its orange and pink, large-lipped, bell-shaped flowers all summer long, and if sown early flowers the first year. With high drought tolerance, it grows well both in semi-shade and direct sun.

DIGITALIS LUTEA

£2.30 Scrophulariaceae HP 60-90cm

A generous packet of this attractive long lived hardy perennial which has greenish-yellow flowers freely borne on slender spikes. A most unusual plant which will naturalise in parts of the garden where other plants may struggle to grow.

DIGITALIS MERTONENSIS

£2.65 Scrophulariaceae HP 60-90cm

Shortish stout spikes of very large flattened trumpets with a distinctive squashed strawberry/coppery colour, open in early summer. This valuable plant with soft hairy leaves and a long-lived habit is one of the most magnificent hybrid foxgloves.

DIGITALIS MIXED

£2.50 Scrophulariaceae HP 45cm-1.8m

A well-filled packet of cottage garden forms and species from our gardens in all shapes and colours. A good bet is just to sprinkle these around the garden as they do best when grown without transplanting.

DIGITALIS 'PAM'S CHOICE'

£2.55 Scrophulariaceae HP 1.5m

One of the best new foxgloves to be found in recent years. Stout, strong spires of creamy white flowers with their throats almost solidly painted in deepest burgundy. En masse it makes an unforgettable sight.

DIGITALIS PARVIFLORA

£2.65 Scrophulariaceae HP 90cm

Slender spikes hold numerous densely massed chocolate brown tubular flowers. This distinctive, striking and lovely completely perennial plant is appropriately also called 'Chocolate Soldier'.

DIGITALIS PURPUREA

£1.85 Scrophulariaceae HP

90cm

The wild foxglove, too well known to need a description, shoots up numerous spikes of large, purple tubular flowers. Seedlings will vary and inevitably include white and pale pink forms.

DIGITALIS PURPUREA ALBA

£2.45 Scrophulariaceae HP

1.2m

An unusual tight-spiked, white form of the purple foxglove carrying pale purple freckles within the throat. Impressive drifts can be easily established in the garden. The odd purple plant may sometimes occur, but can be easily removed as soon as the coloured buds appear.

DIGITALIS STEWARTII

£2.50 Scrophulariaceae HP

1.2-1.8m

This impressive foxglove is amongst the tallest we have ever seen. Several long thin spires arise, clad along most of their length with large-lipped, dark-veined orange flowers. Soundly perennial and bone hardy, this plant will perform trouble-free for many years.

ECHINACEA PURPUREA 'BRILLIANT STAR'

£2.40 Compositae HP

90cm

Very large reddish-purple flower with pronounced golden-brown cone-centres are produced from July until mid-autumn. Ideal for cutting, these plants will perform best on well-prepared humus-rich soil. (aka 'Ruby Star')

ECHINACEA 'WHITE SWAN'

£2.50 Asteraceae HP

45-60cm (50 seeds)

This is a popular variety, producing bronze-centred white flowers from July to October. This form is shorter than others, making it a great, easy-to-grow mid-border plant which will thrive in any decent soil and does not require staking making it excellent for cutting.

ECHINOPS TIENSCHANICUM

£2.45 Compositae HP

1.2-1.8m (20 seeds)

A tall, imposing "Globe Thistle" bearing an endless succession of impressive, tennis-ball sized, silvery-white, prickly seed heads on strong, stout stems. Constantly covered with bees and butterflies, they are ideal for cutting or even as a dried flower!!

ECHIUM 'BLUE DWARF'

£3.60 Boraginaceae HHP

1.0-1.3m (15 seeds)

This new diminutive plant appeared by chance here at Plant World. Best grown under the shelter of a hedge or wall it makes a low multi-branched mound of hairy, grey-green rosettes, the stumpy, fat spikes of cobalt-blue flowers appear from April to June.

ECHIUM FASTUOSUM

£3.20 Boraginaceae HHP

80cm-1.8m (20 seeds)

12" spikes of Oxford Blue flowers on strong stems in spring and summer, very few good seeds are often produced. This is a perennial in a sheltered situation, e.g. in a large pot or very protected garden. In The Scillies and SW of the UK this plant often makes a small tree.

ECHIUM PININANA 3 COLOURS

£3.20 Boraginaceae HHP

3.0-4.8m

Colour variations are blue, pink and white. Plant young plants out early in the season so plants grow large enough to survive the winter in the open ground. To identify them, pale stems have white flowers, darker stems blue, narrow leaf ones are pink fountain!

ECHIUM PININANA 'BLUE STEEPLE'

£3.20 Boraginaceae HHP

3.0-4.5m (30+ seeds)

Also known as the 'Tower of Jewels'. Echium pininana ideally produces a palm tree-like rosette on a thick woody stem. A year or two later, the centre, holding thousands of flowers, shoots upwards, sometimes to 15-20 feet! Bees love this giant.

ECHIAM PININANA 'SNOW TOWER'

£3.20 Boraginaceae HHP 3.0-4.5m (30 seeds)

A friend on Guernsey sent us some seeds of an absolutely pure white *Echium pininana* she had discovered. We could barely believe such a plant existed, but were thrilled to finally see an enormous 15 foot high snowy cascade.

ECHIAM 'PINK FOUNTAIN'

£3.20 Boraginaceae HHP 3.0-4.5m (20 seeds)

The most lusted-after plant in the gardens every June. A cross we made between the fabulous *Echium wildpretii* with its four foot, fat red spike and the giant blue *Echium pininana*. The result is a 15 inch wide, tapering tower of delicate pink flowers.

ECHIAM WILDPRETII

£3.95 Boraginaceae HHP 1.0-1.25m (10+ seeds)

Stout, rose-pink spikes of massed flowers with bright blue pollen, arise from prostrate rosettes of furry grey leaves. The most sought-after of all echiums, and one of the most dramatic of all flowers. Grown near to *Echium pininana* so the odd hybrid may occur.

EMILIA 'SCARLET MAGIC'

£1.90 Compositae HHA 30-40cm (15 seeds)

This new and intriguing annual produces a great profusion of sprays of fluffy, flame-scarlet-red tassels, blooming on the tops of tall, thin stems that sway in the breeze all summer long from June to September. It is also excellent for cutting.

EREMURUS ROBUSTUS

£2.95 Liliaceae HP 2.4-3.0m (6 seeds see)

Probably the largest of the foxtail lilies (a staggering 3m) tall spires of pale pink flowers with yellow stamens stand atop leafless stems which tower above the early summer border. The individual florets open from the base and continue upward making a dramatic display.

ERIGERON ALPINUS 'MAUVETTE'

£2.85 Compositae HP 8-10cm

Only recently developed, this beautiful, exceptionally dwarf alpine has golden-eyed bright mauve daisy flowers which burst open from late spring to early summer, above a slow-growing evergreen cushion. A perfect butterfly and bee plant!

ERODIUM MANESCAVII

£2.50 Geraniaceae HP 20-35cm (10 seeds)

Deepest lilac-pink flowers are produced for many months over a cascading clump of lovely feathery leaves. A beautiful, long-flowering, very long-lived plant that will put on a superb show for year after year where others will not survive.

ERODIUM PELARGONIFLORUM

£2.65 Geraniaceae HP 30cm

Large, violet-veined, white flowers open above fragrant crinkly leaves from the end of winter until midsummer, and spasmodically thereafter. Much admired in our gardens, this superb plant is bone hardy too, although its exotic appearance does not give this impression.

ERYNGIUM 'BLUE HOBBIT'

£3.20 Umbelliferae HP 23-30cm

This superb new variety has a quite amazing dwarf, compact form. Producing prostrate basal rosettes from which emerge silver-blue stems forming into a large, globular flower-head containing hundreds of metallic-blue flowers. A bone hardy valuable introduction to gardens.

ERYNGIUM GIGANTEUM 'MISS WILMOTT'S GHOST'

£2.65 Umbelliferae HBi 60-80cm

One of the most impressive summer plants you can grow in the UK, with unbelievable metallic silvery-blue leaves, flowers and stems. The word giganteum refers to the flowers, not the plant which is rarely more than 2 feet high.

ERYNGIUM GIGANTEUM 'SILVER GHOST'

£2.75 Umbelliferae HBi 45-60cm

This Eryngium is a broader, more compact, and in all ways superior form of Miss Wilmott's Ghost. It is most desirable in the garden where it holds its silvery colour longer, also making a most attractive cut flower which dries and retains its sheen well.

**ERYNGIUM MIXED**

£2.50 Umbelliferae HP 1.0-1.5m

A large packet taken from all of those described here, as well as some unidentified species in our trial ground. We have also included unidentified new species collected by us on our Expedition to Chile.

**ERYNGIUM PLANUM 'BLAUKAPPE'**

£2.55 Umbelliferae HP 60-90cm

This is the most metallic blue of all "sea holly" flowers. Heart-shaped leathery leaves surround these exotic blooms which make superb cut flowers, and when dried out, retain their colour indefinitely.

**ERYSIMUM 'JUMBO ORANGE'**

£2.95 Cruciferae HSh 60-90cm (20 seeds)

The largest perennial wallflowers we have grown, these long-lived, evergreen shrubby plants bear fragrant, bright orange flowers with occasional colour variations. Opening before others, in late winter, they flower constantly until early summer here.

**ERYSIMUM PLANTWORLD RAINBOWS**

£3.20 Cruciferae HP 30-45cm (20+ seeds)

Years ago we crossed many perennial erysimums including 'Bowles Mauve', linifolium and scoparius, with dwarf wallflowers. Many of these new plants have been marketed worldwide and these valuable hand-collected seeds will give all colours and habits.

**ERYTHRONIUM CALIFORNICUM**

£3.20 Liliaceae HB 10-50cm

This delightful perennial bears pairs of elliptic, mottled leaves and stems to 30cm. bearing up to 3, slightly-scented flowers 5-6cm wide, creamy-white with reddish hints in the throat. Will multiply readily once established and can be transplanted into new bed areas.

**ERYTHRONIUM GRANDIFLORUM**

£3.70 Liliaceae HP 20-25cm (10 seeds)

One of the most beautiful lilies you can grow, making spreading colonies of large, fragrant, golden flowers with very prominent golden stamens which appear reliably early each spring as the snow melts.

**EUPHORBIA AMYGDALOIDES PURPUREA**

£3.20 Euphorbiaceae HP 40-50cm (5 seeds)

This hardy beauty makes beetroot-coloured spring foliage, contrasting with the golden yellow "flower heads". A slow-growing gem that spreads mainly by seeds, of which it sets very few, making an elegant spring bonus in any border.

**EUPHORBIA CHARACIAS CHARACIAS**

£2.95 Euphorbiaceae HP 60-90cm (20+ seeds)

Probably the most popular and long-lived of all spurges, this old favourite produces strong stems of evergreen, blue-green leaves which terminate in extended narrow heads of bright yellow flowers. One of the easiest, long-lived and trouble-free plants you can grow.

**EUPHORBIA CHARACIAS WULFENII**

£2.75 Euphorbiaceae HP 60-90cm

This outstanding form produces imposing clumps of erect stems clad in narrow grey leaves terminating in large and almost spherical, football-sized heads of yellow-green flowers. These imposing specimen plants will perform reliably where little else will thrive.

EUPHORBIA CORALLIOIDES

£2.95 Euphorbiaceae HP 45-60cm (20 seeds)

Too rarely seen or grown, the "Coral Spurge", a non-running clump former, has a profusion of dazzling yellow flowers and bracts on massed wiry stems from spring until early winter, making this fabulous and attractive plant one of the longest-flowering of cut flowers.

**EUPHORBIA LATHYRIS**

£2.35 Euphorbiaceae HBI 90cm (10+ seeds)

A handsome and extremely rapid-growing plant bearing symmetrical, pointed, blue-green leaves. Umbels of tiny yellow flowers produce large bulbous seed-pods. Also known as "The Mole Plant" as it is reputed to deter moles!

**EUPHORBIA MELLIFERA**

£2.85 Euphorbiaceae HP 1.2-1.8m

This gem has large, creamy-veined leathery leaves topped by golden, fragrant flower heads. The name 'mellifera' refers to the sweet fragrance of honey which will drift across the garden amazing all who are nearby.

**EUPHORBIA STRICTA 'GOLDEN FOAM'**

£2.75 Euphorbiaceae HP 60-75cm

Visualise a red-stemmed golden-flowered compact gypsophila and you will be close to describing this outstanding new introduction. This plant has an exciting future - both as a garden plant and cut flower.

**FERULA COMMUNIS**

£2.95 Apiaceae HP 2.4-3.6m (10 seeds)

This superb and spectacular giant from the Mediterranean has dark green leaves, divided many times, into delicate, feathery segments. The enormous flower-heads contain countless tiny, bright yellow flowers in early summer.

**FRITILLARIA CAMSCHATCENSIS**

£2.85 Liliaceae HB 30-45cm (10 seeds)

This excellent vigorous peat garden plant makes 20-40cm tall stems densely clothed in shiny, whorled leaves which surround stems bearing clusters of semi-pendent, deepest purple, almost black, flowers with contrasting yellow anthers.

**FRITILLARIA IMPERIALIS**

£4.25 Liliaceae HB,HP 60cm (8 seeds)

In early summer this fabulous plant bears a prominent whorl of bright downward facing flowers, topped by a 'crown' of small leaves. These seeds have been collected from the deepest coloured forms in our gardens.

**FUCHSIA MAGELLANICA VAR MOLINAE**

£2.80 Onagraceae HSh (30+ seeds)

A superb and charming garden shrub with soft green leaves, and masses of delicate flowers throughout late summer. The flowers have soft lavender corollas beneath sepals that are almost white, with a blush of pink. The flaking, parchment-like bark is also very attractive.

**FUCHSIA ORNAMENTAL MIX**

£3.20 Onagraceae HHP 1.0-1.25m (30+ seeds)

These seeds have been collected from plants, some of which are sizeable bushes and which have actually overwintered outside, here in our gardens in Devon, in all shapes, colours and sizes. You will get a surprising mixture of new forms from these seeds.

**GENTIANA VERNA**

£2.95 Gentianaceae HP 5-8cm

This is the classic alpine with sheets of the most brilliant blue starry flowers in spring. The small clumps of tufted leaves slowly spread to produce a solid cushion. Easy from fresh seed.

GERANIUM ALBANUM

£2.50 Geraniaceae HP

30-45cm (10+ seeds)

Large numbers of magenta-veined, shocking pink flowers on spreading stems are produced over a far longer season than most other geraniums. "A long flowering, underrated plant" ("Hardy Geraniums" - Bath & Jones).

GERANIUM ASPHODELOIDES

£2.70 Geraniaceae HP

60cm (20+ seeds)

A generous packet of seed of these delightful specimen plants which produce dense sheets of dark-veined pink flowers. Naturalises well under shrubs and trees spreading and self-seeding gently.

GERANIUM GRACILE

£2.05 Geraniaceae HP

45cm (20 seeds)

From North-Eastern Turkey and the Caucasus comes this treasure which has white-eyed funnel-shaped deep pink flowers and these have distinctly notched petals with darker veining. In a shady spot here these rare plants flower almost constantly.

GERANIUM HARDY MIXED

£3.20 Geraniaceae HP

30-90cm (30+ seeds)

A generous selection taken from our range including items with too few seeds to list. This exceptionally good value mix always contains a few real rarities and could be the cheapest way to start a collection of these long-lasting plants.

GERANIUM MACRORRHIZUM BEVAN'S VARIETY

£2.85 Geraniaceae HP

30cm (10+ seeds)

An old favourite form of this easy-to-grow plant producing sprays of bright pink flowers which adorn the fragrant mounds of low, hairy foliage. One of the best ground cover plants available.

GERANIUM MACRORRHIZUM 'CZAKOR'

£2.90 Geraniaceae HP

45cm (10+ seeds)

Very fragrant, rounded, slightly hairy leaves (the source of oil-of-geranium) make a solid, creeping, evergreen groundcover foil for the magenta purple blooms on this easily grown, totally hardy plant.

GERANIUM MACRORRHIZUM 'SNOW SPRITE'

£2.55 Geraniaceae HP

30-40cm (15 seeds)

This superb miniature has milky white flowers with all other parts being palest lime green. Along with its controllable diminutive stature and the aromatic perfume from its dainty leaves, this plant should have a place in every garden.

GERANIUM MADERENSE

£3.20 Geraniaceae HBP

70cm-1.2m (20 seeds)

This true flamboyant species grows a stout "trunk", which radiates strong stalks, much resembling a small palm tree, with huge trusses of deep pink flowers in early summer. Prefers shelter, or even a big pot, but worth any trouble to grow for the incredible finale.

GERANIUM MADERENSE 'GUERNSEY WHITE'

£3.60 Geraniaceae HP

90cm (20 seeds)

New from Plant World is the gorgeous pink-eyed white-flowered form of this spectacular plant which produces a massed head of flowers in late spring. It does of its best in a sheltered spot or very large pot, when all who see it will be amazed.

GERANIUM OCELLATUM

£2.85 Geraniaceae HBi,HA

15-30cm (10 seeds)

This unusual little gem from the Himalayas grows low creeping stems on which appear a succession of small black-eyed deep pink flowers in spring and early summer, whilst internally pollinated (cleistogamous) seeds are also sometimes produced later.

GERANIUM PALMATUM

£2.95 Geraniaceae HP 60-90cm (15 seeds)

This is perhaps the most impressive and spectacular of all hardy geraniums with sprays of deepest pink exotic flowers and large clumps of glossy divided foliage with reddish stems. It is best in a sheltered spot, but has survived minus 11 C unscathed here.

**GERANIUM PHAEUM**

£2.50 Geraniaceae HP 60cm (10+ seeds)

The very dark maroon nodding flowers give this desirable plant its common name "The Mourning Widow". Very popular and deservedly so, this mixture will produce a proportion of plants with attractively marked and variegated leaves.

**GERANIUM PHAEUM 'SAMOBOR'**

£2.75 Geraniaceae HP 60cm (8 seeds)

Typical, darkest midnight purple flowers open over solid mounds of large leaves which are strikingly zoned in dark chocolate brown. Certainly a candidate for the most attractive foliage of any hardy geranium and very rarely offered from seed.

**GERANIUM PLATYANTHUM**

£2.70 Geraniaceae HP 60-75cm (10+ seeds)

(Also called *G. eriostemon*). A most unusual plant from Korea and Japan. Large shallowly lobed toothed leaves grow from a thick rootstock. Dense clusters of flat-faced white-eyed mauve-blue flowers appear from early spring through into summer. Spectacular if given space.

**GERANIUM PRATENSE**

£2.40 Geraniaceae HP 60cm (20+ seeds)

The "Meadow Cranesbill". This perpetually popular flower bears large, sky blue flowers with white eyes and veins above clumps of deeply cleft leaves. Ever popular and will happily naturalise.

**GERANIUM PRATENSE 'PINK SPLASH'**

£2.85 Geraniaceae HP 60-75cm (10+ seeds)

A Plant World introduction (*Geranium 'Janet's Special'*). White flowers with radiating pink streaks make this the perfect pink counterpart to the original *G. 'Splish-Splash'* which appeared a few years ago. (Occasionally a pure pink or white plant may occur.)

**GERANIUM PRATENSE 'PURPLE-HAZE'**

£2.95 Geraniaceae HP 60cm (10+ seeds)

Years of selecting *Geranium pratense* forms has given us leaf colours from mahogany to deepest darkest beetroot. Plants will vary in size from 12 to 24 inches high with flowers in shades of blue or purple.

**GERANIUM PRATENSE 'ROSE QUEEN'**

£2.85 Geraniaceae HP 60cm (10+ seeds)

An outstanding variation of *G. pratense* with palest pastel pink flowers on a superb domed habit plant. Hardy and long lived, an excellent plant for any herbaceous border.

**GERANIUM PSILOSTEMON**

£3.20 Geraniaceae HP 90cm (10 seeds)

Large deeply cut leaves turn dazzling red in autumn, whilst large magenta saucers, vividly veined and centred in black, impress all who see it in its summer glory. This astonishingly spectacular geranium is inevitably the most frugal with its seeds.

**GERANIUM PYRENAICUM 'SUMMER SKY'**

£2.55 Geraniaceae HP 45-60cm (20+ seeds)

A vigorous plant which produces masses of smallish pinkish-mauve flowers on countless dividing stems from spring until late autumn. A beauty for a large bank or wall where it can often self-seed with gay abandon.

GERANIUM PYRENAICUM 'SUMMER SNOW'

£2.30 Geraniaceae HP 45-60cm (20+ seeds)

This pure white form of the usually pinkish purple flower, produces profuse quantities of white flowers with deeply notched petals. Very long flowering and ideal for a hot spot in the garden where it can self-seed when happy.

**GERANIUM SHIKOKIANUM**

£2.40 Geraniaceae HP 30-40cm (10+ seeds)

A very rare Japanese beauty. Compact clumps of attractively marbled foliage beneath white-eyed, purple-netted, rose pink, flared funnel-shaped flowers. Included is a new form in which each petal is twice cut, producing a frilly fifteen-petalled effect.

**GERANIUM ROBERTIANUM ALBUM**

£2.50 Geraniaceae HP 45-60cm

The lovely white flowered form of "Herb Robert" produces masses of white flowers on a dividing network of red stems. These are produced in early summer forming a billowing mass of bloom.

**GERANIUM WALLICHIANUM 'BUXTON'S BLUE'**

£2.95 Geraniaceae HP 23cm (8 seeds)

On a compact slowly spreading carpet appears a non-stop display from June onwards of upward-facing white-eyed sky blue flowers. "A pearl beyond price" (G.S.T.), but alas a reluctant seed producer - the elusive seeds are collected individually.

**GERANIUM ROBUSTUM 'SILVER CLOAK'**

£2.85 Geraniaceae HP 45cm (10+ seeds)

This superb geranium is a fertile cross between the beautiful Geranium incanum, with the finest filigree foliage, and the more robust Geranium robustum. Vigorous flowering carpets bear flowers from pink to mauve over deeply cut leaves in grey and silver.

**GLADIOLUS TRISTIS**

£2.75 Iridaceae HB,HP 60-90cm

This winter growing species has wonderful scent in the evenings which is heavenly in April as greenish-white flowers open up long stems. Originating from a wet part of South Africa, it is unique amongst gladioli in coping perfectly well with damp conditions.

**GERANIUM RUBESCENS**

£2.45 Geraniaceae HP,HBi 45cm (10+ seeds)

This lovely plant from Madeira is vaguely reminiscent of a gangly Geranium maderense with much-divided stems and slightly smaller, but many more pink flowers. Although usually biennial, it will gently self-seed to perpetuate itself and has a very long flowering season.

**GLAUCIDIUM PALMATUM**

£4.25 Papaveraceae HP 38cm (6 seeds)

This fabulous and choice connoisseur's plant is very rarely seen or offered. Large and exquisite cup-shaped lavender flowers are held above soft lobed leaves. A priceless specimen for shade and rich soil. "A great treasure." (Graham Stuart Thomas)

**GERANIUM SANGUINEUM**

£2.85 Geraniaceae HP 15-30cm (10+ seeds)

Collected from the best cultivars in our garden, seedlings will produce large, upward-facing, red saucer-shaped flowers above low hummocks of deeply divided leaves. Bone hardy, and very reliable in making a blazing and long-lived display each spring and summer.

**GUNNERA MANICATA**

£2.30 Haloragidaceae HP 1.5-3.0m

Certainly one of the largest hardy herbaceous plants which can be grown in the U.K. producing large, puckered and lobed leaves on spiky stems above huge statuesque spikes of tiny reddish-green flowers. Near water this plant can grow enormous.

HELLEBORUS ANEMONE-CENTRED

£3.70 Ranunculaceae HP 30-60cm (15 seeds)

This delightful variety of hellebore has an attractive ring of frilly petals (which are in fact oversized nectaries) within the usual petals producing an attractive, frilly, doubling effect. The sizeable, upturned flowers come in the usual range of bright colours.

HELLEBORUS FOETIDUS

£2.05 Ranunculaceae HP (20 seeds)

This ever-popular, Cottage-garden plant has downward facing, pale green flowers that extend on reddened stems above the darker green, shiny, palmately divided foliage. It is named thus only because the foliage gives off an unpleasant smell when crushed.

HELLEBORUS 'BLACK BEAUTY'

£3.40 Ranunculaceae HP 38-45cm (20 seeds)

These seeds were collected from the darkest plants we grow, which originated from one of the country's top hellebore breeders. Deepest plums and purples open from slate coloured buds, many plants having the extra bonus of the dark foliage of their parents.

HELLEBORUS FOETIDUS MISS JEKYLL'S SCENTED

£2.75 Ranunculaceae HP 60-75cm

The overpowering fragrance, similar to mahonia, from the pendulous purple-lipped flowers, fills our cottage garden in earliest spring. This is the rare, sweetly-perfumed form. (Its botanical name simply explains that the thick, shiny leaves smell if bruised!).

HELLEBORUS COTTAGE MIXED

£2.85 Ranunculaceae HP 30-60cm

A wide and generous selection from all of the hellebores varieties and species on our list. All colours are included from white to deepest purples and spotted and mottled forms. An inexpensive way to start a collection of these attractive favourites.

HELLEBORUS 'HELEN BALLARD'S'

£3.20 Ranunculaceae HP 38cm (20 seeds)

Seed from the most beautiful plants we have ever grown. Large, waxy, extravagantly marked flowers produce gasps of awe from all who see them. These plants are descendants of many of Helen Ballard's famous named forms.

HELLEBORUS DOUBLE MAROONS

£3.95 Ranunculaceae HP 20-35cm (8 seeds)

Seeds collected from the darkest reds and maroons from the hundreds of doubles that we grow. These plants have luscious, most desirable flowers, many of them bearing a distinct resemblance to an old Victorian rose.

HELLEBORUS NIGER

£3.65 Ranunculaceae HP 15-20cm (10 seeds)

This ever-popular plant is an evergreen perennial flowering plant producing its large, waxy white flowers on short stems with thick shiny leaves in the middle of winter. These make superb cut flowers when all else is still underground asleep!

HELLEBORUS 'DOUBLE ROSES'

£3.70 Ranunculaceae HP 45cm (10+ seeds)

These absolutely superb, fully double hellebores, do indeed bear an amazing resemblance to roses and come in all shades from palest pink to red. The long stems are perfect for cutting too.

HELLEBORUS ORIENTALIS 'BEST COLOURS'

£2.95 Ranunculaceae HP 30-45cm (10 seeds)

A selection from some of our best Helleborus orientalis plants which are guaranteed to brighten up your garden with a splash of colour. All the very best forms have been selected by hand and concentrated in this selection.

HELLEBORUS PLANTWORLD DOUBLES

£3.95 Ranunculaceae HP 38-45cm (10+ seeds)

These superb, fully double hellebores bear an amazing resemblance to roses and come in all shades from pure white to red, and including greens and yellows and often heavily marked and shaded. The long stems are perfect for cutting too.

HELLEBORUS PRIZE WINNERS

£2.85 Ranunculaceae HP 30-45cm (10 seeds)

Seed from the very best forms of *Helleborus orientalis* that we grow in our gardens, including pinks, maroons and mottled and patterned heads. This selection will impress all who are fortunate enough to discover these emerging from Feb to May each year.

HELLEBORUS STERNII BLACKTHORN STRAIN

£2.50 Ranunculaceae HP 38-45cm (10+ seeds)

This very finest selection of this lovely hybrid between *Helleborus lividus* and *Helleborus corsicus* has trusses consisting of lime-green flowers tinged with pink or purple in late winter to early spring, with toothed, dark green, metallic foliage all year round.

HELLEBORUS VIRIDIS

£2.65 Ranunculaceae HP 30-45cm

Bunches of open, saucer-like flowers, of a startling bright green, massed on strong stems in early spring. Very early flowering, long-lived flowers which are excellent for cutting.

HESPERIS MATRONALIS MIX

£1.40 Cruciferae HP 60-90cm

This mix of sweetly-scented pink and white forms of it is likely to produce flowers varying in colour from deep rich purple, through all the lilac shades to white. If left to seed themselves they will maintain this diversity, gradually naturalising over a large area.

HESPERIS MATRONALIS VARIEGATA

£2.95 Cruciferae HP 60cm (20 seeds)

"Dame's Violet", "Sweet Rocket", or "Damask Flower" has been a favourite cottage garden flower for hundreds of years. We now offer the first ever variegated seed strain of this perfumed old cottage garden favourite.

HEUCHERA 'EMPEROR'S CLOAK' (AMERICANA)

£2.65 Saxifragaceae HP 30-45cm

Puckered, folded and pleated leaves, from beetroot red to deep purple and which appear to be transparent in the sun, produce a mound from which arise thin stems carrying fluffy white, superbly contrasting flowers.

HEUCHERA 'METALLICA' (AMERICANA)

£2.65 Saxifragaceae HP 38-45cm

These plants have been selected for the most attractive marbled and veined leaves. The colours and shades of mahogany, bronze, aluminium and silver are most distinctive on young spring foliage. Flower sprays in shades of pink and white.

HIERACIUM AURANTIACUM

£2.40 Compositae HP 15-23cm

This favourite old cottage garden plant has brilliant, coppery, orange-red flowers with black tips which appear on short stems for a long period in spring and summer. It will run slowly and is perfect for a wild garden or a rockery.

HOLLYHOCK 'REDS AND PINKS'

£2.30 Malvaceae HP 1.5-3.0m

A generous mixture of various red hollyhock shades, from darkest maroons and scarlets, to palest pinks, all collected from our cottage gardens. The odd bee-pollinated intruder may sometimes appear!

IMPATIENS BALFOURII

£2.85 Balsaminaceae HHP 60-75cm (10 seeds)

This new, rare and lovely plant, originating in the Himalayas produces a long succession of bi-coloured pink and white flowers from late June until September. Planted out early in the year in good soil it makes a magnificent solid dome absolutely smothered with blossoms.

IMPATIENS GLANDULIFERA 'WHITE FACES'

£2.40 Balsaminaceae HA 90cm-1.2m

This pure white form of "Himalayan Balsam" can make an impressive statement in an isolated bog garden or pond margin. White "faces" grow atop stout hollow stems, later producing exploding seed pods which can propel seed for some distance.

INULA MAGNIFICA

£2.55 Asteraceae HP 1.2-1.8m

Deep yellow flowers heads, 6 inches across, open atop strong black-purple stems bearing large, dark green leaves. The translation of "magnifica" is quite appropriate in describing this splendid species from the Caucasus which is ideal for the back of the border.

IRIS CHRYSOGRAPHES 'BLACK GOLD'

£3.15 Iridaceae HP 60-90cm (20 seeds)

The flowers are certainly not oil-coloured, but its name alludes to the Greek, chrysographes or 'gold writing'. Tall strong stems hold sprays of darkest blue to almost black velvety flowers which are delicately marked with golden lines.

IRIS COLCHESTERENSIS

£3.20 Iridaceae HP 45-60cm (6 seeds)

This superb form of Iris laevigata which was selected here and comes pleasingly true from seed, has gorgeous, sumptuous white flowers, heavily painted in deepest navy blue. It is fine in the ordinary garden but outstanding in damp or wet soil.

IRIS ENSATA CUP WINNERS

£2.95 Iridaceae HP 40-60cm (12 seeds)

Rare seed mix by Davor Cetina a top iris breeder from Croatia. Can include - Activity, Aiogata, Aquamarin, Darling, Emotion, Fortune, Fuyijama, Gipsy, Kogesho, Laughing Lion, Loyalty, Moonlight Waves, Oase, Oriental eyes, Port Arthur, Rose Queen, Summer Moon.

IRIS FOETIDISSIMA

£1.80 Iridaceae HP 60cm

The unusual 'Welsh Gladwyn' is not usually grown for its pale mauve flowers but for the bright orange seeds which burst forth from the seed-pods in autumn, but do not fall (as shown in picture). Whole stems can be cut to make an impressive floral display which lasts.

IRIS HOOKERI

£2.60 Iridaceae HP 15-25cm

Resembling a dwarf Iris setosa, this iris has large, blue-purple flowers, white-blotched at the centre, pencilled in deep purple with small standards. Does best with ample moisture, needs adequate sun to flower well. Native to the coastal states of NE America and Canada.

IRIS LACUSTRIS

£3.60 Iridaceae HP 10-15cm (10 seeds)

This an attractive miniature iris has showy, deep blue flowers, which open from mid May to early June borne singly on short stems sometimes less than 8cm tall. It is sadly diminishing in the wild and prefers slightly acidic, moist, sandy, or rocky soils, in dappled shade.

IRIS PSEUDACORUS

£2.25 Iridaceae HP 60-90cm

The "Yellow Flag" is the second of our worthwhile-to-grow native wild irises. Large bright yellow flowers in spring amidst stiff green leaves. Supposedly a bog plant, but it thrives on our dust-dry hillside!

IRIS SPECIES MIXED

£2.65 Iridaceae HP

23-90cm

A generous packet of all our irises, including some collected in quantities too small to list, some very rare, in all sizes and colours. More than twenty varieties, but a few examples are: *Iris chrysographes*, *forrestii*, *innominata*, *shrevei* and many more.

KNIPHOFIA NORTIIAE

£3.15 Asphodelaceae HP

60-90cm (10 seeds)

Probably the most impressive of all red-hot-pokers. Massive, wide, heavy leaves, make a solid agave-like rosette from which arise very thick stemmed flower-spikes of yellow and orange. A stunning plant which improves with age.

LATHYRUS SATIVUS

£2.05 Leguminosae HA

60-90cm (15 seeds)

This long-blooming, vigorous pea produces a scrambling dome of small purple flowers, that will soon cover a small shrub or climbing frame, over a very long period. The seeds of this unusual pea are rumoured to have been found in the tomb of King Tutankhamun.

LAVANDULA ANGUSTIFOLIA

£2.35 Labiatae HP

60-75cm

The common lavender will produce long-stemmed, bright blue flowers which are ideal for cutting, drying or to perfume linen. Long-lived and easy-to-grow, it benefits from a close haircut early each spring to encourage fresh growth.

LAVANDULA 'HIDCOTE BLUE'

£2.65 Labiatae HP

30-45cm

Probably the finest form of this lavender (*Lavandula angustifolia* syn. *L. spica*). Makes compact bushes of narrow, fragrant, grey-green leaves on dense spikes of strongly perfumed blue flowers.

LAVANDULA VAN GOGH'S BABIES

£2.75 Labiatae HP

30-45cm

Seed collected from one of the newly bred and most unusual lavenders. Seedlings will all vary but will have differently coloured bracts waving from the top of each flower head

LAVATERA ARBOREA VARIEGATA

£2.50 Malvaceae HP

1.2m

This unique plant often stands pride of place amongst the winter foliage plants, where it shines like a lantern in the garden. As a bonus, purple flowers smother the plant in early summer. Either in a very large pot or in the garden it is an arresting sight.

LAVATERA TRIMESTRIS 'SILVER CUP'

£1.40 Malvaceae HHA

45-60cm (80 seeds)

A lovely weather resistant and self-supporting form producing a good display of bright pink, 10cm wide, trumpet-shaped flowers, prominently veined with deep red-purple towards the centre. This AGM winner is dwarf, bushy and well branched, flowering mid-July to September.

LILIUM CANDIDUM

£2.65 Liliaceae HB

90cm-1.6m (15+ seeds)

Celebrated for its intense and delicious fragrance, the Madonna Lily bears glistening, sizeable, pure white trumpets facing outward, and flushed yellow at the base, with bright yellow pollen. Long-lived and easy to grow it is a valuable addition to every garden.

LILIUM LONGIFLORUM

£2.95 Liliaceae HB,HP

90cm (12+ seeds)

The glorious flower with trumpet-shaped blooms, shaded yellow within, have protruding delicate stamens crowned by golden yellow anthers, on elegant tall stems with glossy lance-shaped foliage.

LILIUM MACKLINIAE

£3.60 Liliaceae HB 45-60cm (10 seeds)

Each stem of this rare and outstandingly beautiful dwarf lily carries ivory coloured open bowls, which hang slightly downwards and are sometimes very pale pink inside, and flushed reddish purple outside. When originally collected it was thought to be a *nomocharis*!

LILIUM REGALE

£2.85 Liliaceae HB 90cm-1.2m (15+ seeds)

This beautiful plant produces 6 inch long trumpet shaped, large, white, yellow-throated flowers, flushed purple outside. They are strongly fragrant, especially at night. Leaves are borne at irregular intervals on the stem, in good conditions plants can grow to 2m or more.

LILIUM MARTAGON (PINK)

£2.75 Liliaceae HB,HP 60cm

This strong-growing lily bears whorls of narrow leaves with large racemes of nodding, glossy, purplish-pink flowers with recurved petals in early summer, with the occasional odd plant flowering white. Hardy and long-lived it is a valuable addition to any garden.

LINARIA 'CANON WENT'

£2.70 Scrophulariaceae HP 45-60cm

This delightful variant bears pink snapdragon-like blooms on upright, slender, pointy spikes and is in bloom from June until the first frosts. It is a favourite of bees and butterflies, coming true if other purple varieties are not grown nearby.

LILIUM MARTAGON ALBUM

£2.75 Liliaceae HB 60-90cm

This is the lovely white form of this excellent plant, bearing pendent flowers with waxy, reflexed petals. It is an exceptionally easy, long-lived plant for the garden, multiplying up over the years. The occasional seedling may produce pink flowers.

LINARIA PURPUREA

£1.90 Scrophulariaceae HP 60-90cm

The "Purple Toadflax" is an old and popular cottage garden flower with tall, slender spikes of violet-purple flowers, which appear right into the frosts of autumn. It will gently self-seed into places it likes but never becomes a nuisance!

LILIUM MARTAGON RED

£2.95 Liliaceae HB,HP 50-70cm

This is the more unusual, extremely desirable darker-coloured form of this strong-growing lily. It forms a clump of stems bearing whorls of slim leaves and racemes of deep red flowers in early summer. A bone hardy and long-lived plant.

LINARIA PURPUREA BROWN'S WHITE

£2.85 Scrophulariaceae HP 50-80cm

This lovely plant opens its pristine, tiny, pure white snapdragons atop long slender spikes of delicate, fine, greyish-green foliage. This lovely new form is bone hardy, long-lived and drought-resistant and was selected by Ray Brown, Plant Worlds owner.

LILIUM MONADELPHUM

£2.85 Liliaceae HP,HB 45-90cm (15 seeds)

This gorgeous lily produces, on long strong stems, up to twenty or more large, perfumed, nodding yellow flowers, delicately marked inside with purple spots.

LINARIA TRIORNITHOPHORA

£2.30 Scrophulariaceae HP 60cm

Incredible yellow-lipped, long-tailed, purple "snapdragons" on stout stems. These are arranged around the stems in groups of three, looking incredibly just like budgerigars! (Look at the botanic name - 'three birds'). An exceptional, but rarely seen plant.

LITHODORA 'STARRY NIGHT'

£2.40 Boraginaceae HP

15-25cm (15+ seeds)

(Lithospermum purpureocaeruleum). Sprays of dazzling deep blue stars appear on springy prostrate stems in spring and early summer. In autumn, rock-hard, pure white, spherical seeds remain on the bare black stems.

**LYCHNIS CHALCEDONICA**

£2.45 Caryophyllaceae HP

60-75cm

This little beauty is one of the traditional cottage garden plants, and it carries congested heads of brilliant scarlet Maltese-Cross-like flowers right into late summer.

**LOBELIA TUPA**

£3.45 Campanulaceae HP

1.2-2.4m

An incredible giant hardy lobelia from Chile. From a large rosette of thick leathery felted leaves arise thick stems carrying tropical orchid-like deepest carmine flowers. A valuable late season display from July until the autumn frosts.

**LYCHNIS CHALCEDONICA ALBA**

£2.45 Caryophyllaceae HP

60-90cm

This is the albino form of the famous "Maltese Cross" flower, having congested heads of ivory-white blooms. Very long-lived and hardy, it can make a truly dazzling splash of light in the mid-border, and especially in any dark area needing to be brightened up!

**LUPINUS ARBOREUS (YELLOW)**

£2.30 Papilionaceae HSh

1.8m

Fragrant creamy yellow racemes cover what can become a long lived, long flowering small tree, complete with thick knobly trunk. A haven for bees and butterflies throughout summer and autumn.

**LYCHNIS CORONARIA**

£2.50 Caryophyllaceae HP

45-60cm

Large flowers of deepest crimson are carried on branching stems bearing attractive grey woolly leaves. This must-have plant for the classic cottage garden will gently self-seed into cracks and shady corners but rarely becomes a nuisance.

**LUPINUS ARBOREUS MIXED COLOURS**

£2.35 Papilionaceae HSh

1.0-1.8m

A fantastic mix of shrubby habit tree Lupins. Hardy and perennial this packet will produce a mixture of White, Blue and Yellow tree Lupins with a few shades in between.

**LYCHNIS CORONARIA ALBA**

£2.30 Caryophyllaceae HP

60-90cm

The unusual albino form of the traditional cottage garden plant has massed heads of pure white flowers on grey stems above clumps of grey woolly hairy leaves.

**LUPINUS ARBOREUS SNOW QUEEN**

£2.85 Papilionaceae HSh

90cm-1.2m (20 seeds)

This lovely form has fragrant, pure white flower spikes which appear in early summer. If pruned back after flowering tree lupins will last for many years and they may, with care, be made into impressive, single-trunked standards.

**LYCHNIS CORONARIA 'ANGEL'S BLUSH'**

£2.30 Caryophyllaceae HP

60-90cm

The pink-eyed white-flowered form of the woolly, grey-leaved Lychnis coronaria comes quite true from seed but the pink eye varies quite bizarrely with the season and weather conditions. A lovely long-lived cottage garden plant.

LYSIMACHIA PUNCTATA

£1.95 Primulaceae HP

60-90cm

"Large Yellow Loosestrife" has been a cottage garden favourite since ancient times. Perennial roots produce stiff spikes of funnel-shaped golden flowers which appear throughout the summer and early autumn.

LYTHRUM SALICARIA 'THE BEACON'

£2.65 Lythraceae HP

90cm-1.2m

Spikes of rosy-purple flowers are produced for a very long and valuable midsummer period from July until September, when many plants are well over flowering. This lovely plant grows perfectly in ordinary soil, but in a wet spot, or even pond edge will excel.

MAGNOLIA CHAMPACA

£3.95 Magnoliaceae HHT

3.0-5.0m (8 seeds)

This evergreen, semi tropical large shrub has large mid-green leaves and sweetly fragrant orange flowers in spring. The strongly fragrant flowers from this fabulous, exotic tree are used to make the expensive perfume 'Joy'.

MECONOPSIS BAILEYI

£2.95 Papaveraceae HP

90cm

(Syn. Meconopsis betonicifolia). The fabulous "Himalayan Blue Poppy" forms clumps of hairy leaves from which arise strong stems carrying heads of silky, kingfisher-blue, almost transparent petals with golden eyes. This is one of the most beautiful garden plants.

MECONOPSIS BAILEYI ALBA

£2.85 Papaveraceae HP

90cm

Pure white silky petals surround a boss of golden stamens on this rarely seen form of the "Himalayan Blue Poppy" which makes an outstanding picture in a shady damp corner, hopefully growing in rich, moist, organic soil.

MECONOPSIS BAILEYI 'HENSOLO VIOLET'

£2.95 Papaveraceae HP

60-90cm (40+ seeds)

Bright violet-purple flowers, with the merest hint of red adorn this quite exquisite variant of the "Himalayan Blue Poppy". Coming quite true from seed, it surprises countless poppy-lovers who have never before seen this unusual plant which originated from Hensol Castle.

MECONOPSIS BAILEYI SHADES OF BLUE

£2.75 Papaveraceae HP

50-90cm

This selection includes both pale blue and violet shades of the famous "Himalayan Blue Poppy" as well as the normal kingfisher blue. Clumps of hairy leaves form strong stems carrying heads of silky, almost transparent petals with golden eyes. A beautiful plant to grow.

MECONOPSIS CAMBRICA AURANTIACA

£2.75 Papaveraceae HP

30-45cm

This is the orange form of the normally yellow "Welsh Poppy". with delicate orange petals, this may slowly self seed in the garden, usually only germinating in the spring.

MECONOPSIS CAMBRICA 'FRANCES PERRY'

£2.75 Papaveraceae HP

30-45cm

The rare red form of the perpetual flowering perennial Welsh poppy comes true from seed as long as there are none of the common yellow ones to cross with it. Drifts of this very hardy and long-lived beauty are glorious, as it flowers all summer long.

MECONOPSIS GRANDIS

£3.05 Papaveraceae HP

60-90cm

This seed has been collected from garden-grown plants of the true form of this rare blue poppy. Large saucer flowers in deepest blue arise on thick, strong stems. Quite perennial when it is in slightly acidic, organic soil, it is one of the classic blue flowers.

MECONOPSIS GRANDIS BURGUNDY

£3.20 Papaveraceae HP 60-90cm (10 seeds)

A spontaneous mutation has caused this superb, brand new colour-break in this legendary plant. The colour comes rewardingly true from seed although the odd blue one may still appear.

MECONOPSIS 'LINGHOLM' (EX M. GRANDIS)

£3.20 Papaveraceae HP 1.0-1.2m (20+ seeds)

The true *Meconopsis grandis* is rare in cultivation, but this fertile hybrid, which is a quite reliable perennial, has enormous deep cobalt blue flowers, up to four inches across, and is certainly the best available anywhere.

MECONOPSIS NAPAULENSIS

£2.95 Papaveraceae HP, HBI 1.2-1.5m

Deeply lobed leaves felted with silvery hairs, form a large and most sumptuous winter rosette. In early spring the thick, strong, main stem of this absolutely magnificent specimen arises, with branching spurs carrying golden-eyed, cherry red flowers in midsummer.

MELIANTHUS MAJOR

£2.90 Melianthaceae HHS 1.2-1.8m (10 seeds)

The giant with deeply-cut grey leaves. Bizarre, brownish flowers produce inflated seed-pods in late summer. "Melianthus has probably the most beautiful large foliage of any plant that can be grown out of doors in these islands". (Graham Stuart Thomas).

MIMOSA PUDICA

£2.75 Mimosoideae HHP 50cm-1.0m

The leaves respond to touch by closing up: quickly if flicked with a finger or slowly to a gentle touch. As potted plants mature, they form small pink puffs of bloom adding an extra benefit to this magical species. Everyone should grow one at some time in their life!

NECTAROSCORDUM SICULUM

£2.50 Liliaceae HP 60-90cm

Cascades of white, pendulous, bell-shaped flowers, delicately flushed with purple and green, sit atop strong stems in early summer. Later, intriguingly, the pollinated seedheads all point skywards, like little spaceships waiting to lift off!

NEPETA FAASSENII 'SIX HILLS GIANT'

£2.75 Labiatae HP 30-45cm

This bushy, clump forming catmint is probably the best variety for edging and low borders, forming mounds of small, grey-green leaves with loose spikes of tubular, soft lavender-blue flowers. These open all summer long, persisting until cut back by frost.

OENOTHERA BLOOD ORANGE

£2.40 Onagraceae HP 8-10cm

This new and lovely dwarf plant with the same cushion-forming habit as aubrieta, produces an extremely long succession of yellow-rimmed, red-eyed flowers all season long on prostrate stems.

OMPHALODES LINIFOLIA

£2.75 Boraginaceae HBI, HA 15-30cm (15 seeds)

A quite spectacular small flower with grey-green leaves, above which arise profuse sprays of faintly sweet-scented, pure white flowers all summer long. This lovely thing will gently self-seed around the garden but never, ever becomes a nuisance!

ONOPORDUM ACANTHIUM

£2.50 Asteraceae HBI 1.8-2.7m

This is truly one of the most impressive plants you can grow in the UK if you can give it room. Candelabras of large mauve flowers open on much-branched white woolly stems which arise from a huge grey spiky rosette in spring.

PAEONIA VEITCHII

£3.50 Paeoniaceae HP

50-80cm (10 seeds)

One of the most common Chinese woodland Peony varieties and one of the few to thrive in both shade and sun. Dissected ferny foliage under single pink flowers make this a beautiful addition to any garden. Later flowering than some other varieties but worth the wait!

PAEONIA VEITCHII WOODWARDII

£2.95 Paeoniaceae HP

3.0-4.0m (4 seeds)

A lovely plant bearing beautiful cerise-pink flowers, paler than *P. veitchii* and more inclined to pink than purple, with several to a stem blooming in late spring. Particularly suitable for a small garden, this is a compact and attractive, herbaceous Chinese species.

PANCRATIUM MARITIMUM

£3.35 Amaryllidaceae HHBb,

45-60cm (8 seeds)

In spring, enormous, frilly, very fragrant, rather daffodil-like flowers open over attractive, flat, blue-grey leaves. This rare and gorgeous flower is classed as endangered, and as such, is protected and must not be picked in the wild.

PAPAVER ATLANTICUM

£2.85 Papaveraceae HP

45cm

Apricot-orange, single or semi-double blooms appear on long upright stems above a flat rosette of blue-green, hairy leaves. It is almost never out of bloom. You can forget to water it for weeks and it will still bloom!

PAPAVER LASIOTHRIX

£2.90 Papaveraceae HP

30-40cm

This tough, rare variant of Papaver orientale has smaller, blood-red, black-eyed flowers atop short, thick, hairy stems, which are erect rather than floppy. A beautiful, rarely offered flower, it is native to the mountains of eastern Turkey and northern Iran.

PAPAVER NUDICAULE

£2.05 Papaveraceae HBi,HA 30cm

The Iceland Poppy has large, lightly fragrant, floppy flowers in various pastel colours opening on thin stems in great profusion in earliest spring. The flowers last for weeks but dead head to allow more buds to develop.

PAPAVER RHOEAS

£2.05 Papaveraceae HA

38-45cm

This is the fast-growing poppy which, after the battles, rapidly produced flowers amongst the trenches in the world wars and which is used to commemorate the soldiers who fell. Also known as Flanders Poppy, Corn Poppy, Field Poppy and Red Poppy.

PAPAVER RUPIFRAGUM 'ORANGE FEATHERS'

£2.75 Papaveraceae HP

45-60cm

This sumptuous, many-stemmed, double-flowered, long-lived perennial, bears an endless succession of frilly, many-petalled terracotta-orange flowers. Botanically this is *Papaver rupifragum* 'Flore Pleno', but we feel "Orange Feathers" is less of a mouthful!

PAPAVER SOMNIFERUM 'RYE BEANER'

£2.85 Papaveraceae HA

60-90cm

The colour of the large single flowers does indeed resemble a diluted glass of the famous blackcurrant drink. And every flower has a black centre to guide the bees and butterflies to the nectar!

PAPAVER SOMNIFERUM ULTIMATE MIXTURE

£2.50 Papaveraceae HA

60-75cm

A very generous packet of seeds, ideal for just sprinkling where needed in the garden. Holding probably every known cultivar of opium poppy including: 'Danish Flag', paeony flowered forms, 'Hen and Chickens' and every known colour to nearly black.

PENSTEMON DIGITALIS 'HUSKER RED'

£2.50 Scrophulariaceae HP

60-90cm

Beetroot-coloured stems and foliage form a superb background to the swaying stems of rosy-lipped, palest pastel pink tubular flowers. This imposing and unusual-coloured foliage plant may be seen at its best where it can contrast with other paler flowers

PENSTEMON EUGLAUCUS

£2.55 Scrophulariaceae HP

38-45cm

The "Glaucous Beard-tongue" grows on dry forested slopes on the Western coast of the USA, where it covers the ground with low, glaucous-leaved hummocks bearing true-blue, yellow-bearded flowers, in tight trusses.

PENSTEMON LYALLII

£2.40 Scrophulariaceae HP

45-60cm

An exquisite introduction from Idaho/Montana. A compact overwintering rosette sprouts forth many branching stems heavily laden with large, slightly squashed, deep lavender blue flowers. Long flowering in midsummer.

PENSTEMON PROCERUS

£2.50 Scrophulariaceae HP

38-45cm

This compact new plant produces many tight trusses of bright purple-blue tubular flowers, which are much loved by bees and butterflies, on a compact shrubby clump. If pruned back in early spring it will delight for years to come.

PENSTEMON SPECIES MIXED

£2.90 Scrophulariaceae HP

15-60cm

A wide selection from this increasingly popular group of plants, including both rockery and border varieties in all colours, e.g. Penstemon cardinalis, fruticosus, procerus, serrulatus, montanus, ovatus, venustus, virens and many more.

PENSTEMON 'SUNBURST RUBY'

£2.75 Scrophulariaceae HP

30-45cm

A new and completely hardy, long-flowering plant, which produces from early summer into late autumn a seemingly endless succession of white throated, bright red flowers.

PENSTEMON VENUSTUS ALBA

£2.90 Scrophulariaceae HP

40-70cm

This is the stunning white-flowered form of this sizeable spreading shrub sporting strong stems carrying upward-facing ivory-white flowers, sometimes with white hairs on the bases of the tubular blossom. In the wild in the USA this plant grows on high, dry, rocky slopes.

PHLOMIS RUSSELLIANA

£2.50 Lamiaceae HP

90cm

Although it looks tender, this Syrian plant is actually bone-hardy, stout stems bearing tiered whorls of hooded, butter yellow flowers in summer, above rough heart-shaped basal leaves. A valuable and easy plant that thrives in poor dry soil.

PHYTOLACCA LAKA BOOM

£2.55 Phytolaccaceae HP

30-40cm (20 seeds)

Spikes of pink-red flowers show-up well against large, deeply-veined vivid green leaves on strong stems, and are followed by glossy black berries in the Autumn (these are not edible). A rapid-growing plant, full sun and moist soil preferred.

PIPER NIGRUM

£2.65 Piperaceae GCI

200-400cm

Although an attractive flowering vine, this plant is usually grown for its fruits. When dried and usually powdered, the dark red peppercorns are used for flavour and as medicine. Black, white, green, pink and red pepper are all preserved berries or seeds of the same plant!

PODOPHYLLUM HEXANDRUM PINK

£3.95 Berberidaceae HP 30-40cm (6 seeds)

A choice plant whose sugar-pink crystalline cup-flowers open over marbled trillium-like leaves, which erupt from the ground like folded umbrellas. Brilliant-red fruits, as large as a bantam's egg are produced later. In good moist soil this a rare and spectacular treasure.

**PRIMROSE COTTAGE MIXED AND DOUBLES**

£2.40 Primulaceae HP 15cm (20+ seeds)

Trial ground observations predict that this seed should produce up to 10% double flowered plants, these usually being the smallest, slowest growing seedlings. The majority though will be single primroses in many colours, so plant all out and wait!

**PRIMULA ALPICOLA ALBA**

£2.65 Primulaceae HP 30-45cm

An extremely beautiful primula with rosettes of long shiny leaves, powdered underneath, supporting tall stems supporting clusters of very fragrant, pure white, slightly-powdered flowers.

**PRIMULA BULLEYANA**

£2.50 Primulaceae HP 45cm

This extremely vigorous and hardy candelabra primula thrusts up numerous strong stems bearing bright orange or occasionally red flowers. It does especially well in waterside environments where it will self-seed generously!

**PRIMULA BURMANICA**

£2.65 Primulaceae HP 60-90cm

Rather resembling beesiana, this plant opens its fuchsia-coloured flowers on strong stems that can be up to nearly 3 feet tall. It prefers moist to even wet soil for extreme growth and is native to high, wet meadows and the sides of streams in Yunnan and Burma.

**PRIMULA CANDELABRA P.W. RAINBOWS 10X PACKET**

£4.25 Primulaceae HP 60cm

A generous packet of this popular flower suitable for sowing in situ in a damp spot. Strong stems hold heavy heads of bright flowers arranged in whorls. These plants are easy to germinate, grow and keep, especially on moist, well-manured ground.

**PRIMULA ELATIO**

£2.65 Primulaceae HP 15-23cm

The seed collected from the true British "Oxlip", now extremely rare in the wild. It is superficially like a cowslip but with larger, orange-throated, fragrant pale lemon flowers.

**PRIMULA FLORINDAE**

£2.75 Primulaceae HP 60-90cm

The "Giant Himalayan Cowslip" has large rounded leaves and stout stems, carrying immense heads of fragrant flowers which are usually yellow but very occasionally red or orange. In damp soil this is almost certainly the biggest primula there is!

**PRIMULA 'GOLD LACED REDS'**

£2.95 Primulaceae HP 15cm (20 seeds)

Heavy trusses of small, pillar-box red flowers delicately edged with golden yellow arise on strong stems in early spring. These attractive variations originally appeared here as chance seedlings more than 20 years ago, and have since travelled around the world.

**PRIMULA JAPONICA 'APPLE BLOSSOM'**

£2.95 Primulaceae HP 38-50cm

This selection of vigorous Primula japonica opens layered whorls of red-eyed, bright pink flowers in late spring and early summer, above strong rosettes of toothed leaves. It is one of the few candelabra Primulas that thrives in the average garden situation if kept moist.

PRIMULA JAPONICA MIX 5X pkt

£2.75 Primulaceae HP

30-50cm

These lovely candelabra-type plants shoot up numerous strong stems bearing tiers of blossoms in all colours from white to red. The basal rosettes make the most spectacular, cabbage-like giants when well-fed or in moist soil.

**PRIMULA JAPONICA 'POSTFORD WHITE'**

£2.55 Primulaceae HP

60cm

This hardy, long-lived plant will become enormous in rich moist soil, producing yellow-eyed ivory white flowers on thick, strong stems, and is almost certainly the most impressive of all of the tall white primulas.

**PRIMULA PULVERULENTA**

£2.35 Primulaceae HP

45-60cm

Strong stems holding tiered whorls of deep red flowers arise from vigorous rosettes of tooth-edged leaves. A small proportion will be of the lovely shell-pink 'Bartley's Strain'. This lovely plant from China should be long-lived in most gardens.

**PRIMULA SECUNDIFLORA**

£2.95 Primulaceae HP

30-45cm

One-sided clusters of deepest, darkest ruby red are carried on strong stems above vigorous clumps of shiny, jagged-toothed leaves. This lovely plant comes from very high up, sometimes over 12,000 feet, in the mountains of Szechwan and Yunnan in China.

**PRIMULA VERIS 'HOSE-IN-HOSE'**

£3.20 Primulaceae HP 15-20cm (20+ seeds)

Unlike normal cowslips, each blossom of these ancient and extremely rare plants has a second blossom growing from within the normal one, producing an intriguing doubling effect. Until recently, these rare and exquisite flowers had been lost to cultivation.

**PRIMULA VIALII**

£3.15 Primulaceae HP

25-38cm

The "Red-Hot-Poker Primula" has long crinkly leaves, from which erupt dense spikes of violet blue flowers topped by a blood red cone of unopened buds. When in flower in the garden this is our best selling alpine primula and surely one of the most desirable.

**PUYA BERTERONIANA**

£3.45 Bromeliaceae HHP

60cm-1.5m

An absolutely exquisite hardy pineapple relative producing rosettes of jagged, silvery-green leaves beneath stout spikes of exotic, waxy, emerald-turquoise, lily-like flowers contrasted by bright orange stamens filled with blue syrupy nectar for butterflies and bees.

**PUYA CHILENSIS**

£2.95 Bromeliaceae HP

90cm

Another superb hardy pineapple relative with rosettes of jagged, grey-green leaves. Stout spikes of exotic yellow-green flowers. An excellent container or rockery plant.

**PUYA COERULEA**

£2.65 Bromeliaceae HP

90cm-1.2m

Puyas are perhaps the hardiest member of the pineapple family, making sensational rosettes of serrated leaves. Spikes of exotic blue-green flowers when mature. Plant in a wall or bank. "Worth the cost and effort to grow this rare plant." (G.S.T.)

**PUYA MIRABILIS**

£3.20 Bromeliaceae HHP

1.2m

Probably the quickest maturing of all Puyas with exotic, lime-green bells loved by butterflies and bees, on stiff upright stems which erupt in early spring from rosettes of thick, spiny foliage. This Bolivian plant is drought tolerant and frost hardy if kept dry.

PUYA VENUSTA

£2.05 Bromeliaceae HP 90cm-1.2m

Spikes of almost wax-like, deep reddish-violet flowers arise from a large rosette of saw-toothed leaves when mature. Plant in a wall, bank or well-drained position.

**RICINUS COMMUNIS 'RED GIANT'**

£3.70 Euphorbiaceae HSh 1.8m (8 seeds)

This selected form of the "Castor Oil Plant", has brighter red leaves and seed heads than many others; the deep red/bronze shiny leaves only producing their strongest leaf colour when in full sun, the first few leaves are always green though!

**RAMONDA MYCONI**

£2.65 Gesneriaceae HP 8-10cm

Resembles an "African Violet", but completely hardy. Dark green rosettes of hairy succulent leaves. Round-faced yellow-eyed purple-blue flowers. Very long lived in walls where it will slowly get bigger year after year.

**ROMNEYA COULTERI**

£2.90 Papaveraceae HP 1.0-2.0m (10 seeds)

A substantial gem creating a shrub-like effect in summer. Upright, branching stems are clothed in leathery, silver-grey leaves and topped with fat buds, which open into spectacular flowers with golden centres and tissue-paper petals. Sunny sheltered position.

**RHEUM NOBILE**

£3.70 Polygonaceae HP 1.2m (6 seeds)

This legendary giant herbaceous plant erupts with an amazing tapering spire of bright, creamy coloured bracts which are held on strong stems. These extend out even further as soon as the seed ripens. It grows high in the Himalayas. One of the world's most desirable plants!

**SALVIA AMPLEXICAULIS**

£2.05 Labiatae HP 60-75cm

A lovely plant discovered on the Alpine Garden Society M.E.S.E. 1999 Expedition. Whorls of violet bracts and flowers on branching stems which carry fragrant leaves.

**RHEUM PALMATUM TANGUTICUM**

£2.75 Polygonaceae HP 1.8-2.4m

Superb architecturally slashed and cut leaves form an imposing structure, from which in early summer arise immense spikes of pink fluffy panicles. "Though any form of this plant is worth growing, Tanguticum should be sought." (G.S.T.)

**SALVIA FORSKAÖHLEI**

£2.15 Lamiaceae HP 70-90cm

Enormous hairy basal leaves form a base for an immense display of white-tongued vivid purple-blue flowers on long, strong branching stems. This spectacular plant is bone hardy, long-lived and makes a stupendous display all summer long!

**RHINANTHUS MINOR**

£2.40 Orobanchaceae HBI,HA 30-45cm

This attractive annual is a very beneficial plant for the wild flower meadow, with yellow flowers, the upper lip having two white or purple teeth. It provides colour and papery seed pods that rattle when the seed is ripe, hence the name "hay rattle".

**SCABIOSA RUMELICA**

£2.90 Dipsacaceae HP 60cm

A gorgeous slowly-spreading plant producing pure crimson 'pincushion' flowers on branching stems over a very long flowering season. This rarely seen colour makes a bright splash even in the darkest corner. Butterflies absolutely adore them.

SCLERANTHUS BIFLORUS

£2.30 Caryophyllaceae HP

5cm

This truly amazing plant, slowly creeping along like a dense and solid green rippling carpet, produces wonderful shapes and forms. Although related to our pinks, it is reputed to be the only Australian alpine totally hardy in the UK.

SCLERANTHUS UNIFLORUS

£2.45 Caryophyllaceae HP

3cm

Probably the most diminutive, slow-growing and intriguing, ground covering alpine plant one can grow. In early summer, the prostrate cushion makes tiny half inch stems which carry one golden seed each, whilst any weeds in its path are stifled.

SELINUM WALLICHIANUM

£3.70 Apiaceae HP

90cm-1.2m (10 seeds)

A rare plant, that grows up to 13,000 feet in the Himalayas, rising later in the spring than most perennials, it spreads its basal leaves forming tiered mats of fine, lacy foliage. Flower buds emerge in late Summer, each flower head consisting of thousands of tiny flowers.

SISYRINCHIUM MACROCARPUM

£2.65 Iridaceae HP

15-20cm

This very showy plant has some of the largest flowers in its genus, producing large cups of bright yellow, with a beautifully contrasting purple-brown ring inside. Coupled with short stems, this is probably the most attractive yellow sisyrrinchium obtainable.

STRELITZIA NICOLAI 'WHITE BIRD OF PARADISE'

£3.95 Musaceae HHP

1.2-3.0m (6 seeds)

"Giant White Bird of Paradise". Huge black and white flowers on this rare member of the banana family are often seen abroad, whilst in the UK it makes a large-leaved plant for the conservatory. Seeds resemble little puppets heads with yellow hair!

STRELITZIA REGINAE

£3.95 Musaceae HHP

60-90cm (6 seeds)

Spectacular orange and dark blue flowers are held on very thick stems above most attractive, leathery, banana-like leaves. In cold countries it does best in a large pot when it should be re-potted annually. In warmer climates it can make huge evergreen clumps in the garden.

STRELITZIA REGINAE 'MANDELA'S GOLD'

£4.80 Musaceae HHP

60-90cm (4 seeds)

A superb, form of the 'Bird of Paradise' plant. Golden yellow flowers rather than orange, perpetuated by hand-pollination of the parent. Fabulous container or outdoor plants in warmer countries. A rare and valuable seed which is guaranteed to come true.

SUNFLOWER 'ITALIAN WHITE'

£2.65 Asteraceae HA

1.0-1.5m (50 seeds)

Boldly contrasting, big creamy white flowers with deep chocolate centres. Excellent for flower arranging and great at back of borders or against a tall wall where they provide atmosphere and contrast. Flowers summer.

SUNFLOWER MONGOLIAN GIANT

£2.05 Compositae HHA

3.6-4.2m (10 seeds)

These plants really are monsters. Not only do they grow up to 14 feet tall, they also produce the most amazingly enormous flower heads up to 18" in diameter. If you want to impress your neighbours just grow some of these against your house wall!

TACCA CHANTRIERI

£2.85 Taccaceae GP

45-60cm (10 seeds)

The 'Bat Plant'. A bizarre but quite beautiful plant with aspidistra-like foliage and large, darkest purple, almost black flowers which resemble Batman's cape. The most intriguing features though are the bunches of long 'whiskers' protruding from the centre.

TACCA CHANTRIERI 'GREEN ISLE'

£2.95 Taccaceae GP 38-45cm (10 seeds)

An unusual and rarely offered variety that has intriguing dusky green blooms with bat-like, long green tentacles. In colder climates they make excellent pot plants if planted indoors in well-drained loam. The long lasting inflorescence are also good as cut flowers.

**TACCA CHANTRIERI 'NIVEA'**

£3.95 Taccaceae GP 30-50cm (8 seeds)

These tropical evergreen flowers produce large, pure white petals centred by small, sombre, drooping flowers and long whiskerlike bracts, all resembling a bat's face. These amazing blossoms appear from spring and on through summer.

**TACCA INTEGRIFOLIA**

£3.65 Taccaceae GP 60-90cm (10 seeds)

Another incredible flowering oddity with large, green veined white flowers, resembling triangular cloaks, sprouting long trailing whiskers from their purple centres. Most definitely one of the most profoundly interesting talking points you will ever grow.

**TARAXACUM RUBRIFOLIUM (FAEROENSE)**

£2.50 Compositae HP 5-10cm (10 seeds)

This most unusual dwarf "dandelion" makes a tiny rosette of beetroot-red, almost black leaves, with short-stemmed yellow flowers. An attractive little gem which could certainly never become a weed, it sets very few seeds for a start!!

**THALICTRUM ALPINUM**

£2.95 Ranunculaceae HP 30-50cm (20 seeds)

Shimmering heads hold countless flowers each of which has a bell-shaped calyx of green or purplish sepals bearing up to fifteen long purple stamens tipped with large yellow anthers. This plant has the most beautiful foliage of all of the Thalictrums.

**THALICTRUM AQUILEGIIFOLIUM**

£2.50 Ranunculaceae HP 75-90cm

Branching stems hold large heads of countless, fluffy, rich rosy lilac flowers, just like tiny powder-puffs, over delicate sprays of maidenhair, columbine-like foliage. This is a choice and exceptionally lovely plant that should be in every garden.

**THALICTRUM ROCHEBRUNEANUM**

£2.95 Ranunculaceae HP 1.2-1.8m

Native to Japan, this clump-forming perennial has lacy, fine-textured, bluish-green, columbine-like foliage. Sprays of pendulous, lavender-purple flowers with contrasting yellow stamens appear in late summer in loose, airy clusters, on purple flower stems, 8 feet tall.

**TIGRIDIA LILACEA**

£3.45 Iridaceae HB 30-45cm (10 seeds)

These summer-flowering Iris relatives from Central America have flamboyant showy carmine-pink flowers, which are Iris-like in structure, but with broad petals, held widely open. They come in a range of bright colours often spotted or flecked with a darker tone.

**TORTOISE FOOD FLOWER MIXTURE**

£3.20 Various HP, HBi

A specially formulated mix of seeds to provide plants for a healthy diet for tortoises. Including Great Plantain, Common Mallow, Creeping Bellflower, Evening Primrose, Mixed Geraniums, Musk Mallow, Globe Thistle, Flowering Maple and Salsify.

**TRILLIUM CHLOROPETALUM**

£3.50 Trilliaceae HP 25-30cm (10 seeds)

One of the aristocrats of the garden with three leaves, petals and calyces, leaves being wonderfully marbled and mottled in grey in spring, the three mahogany to rich crimson-maroon petals appearing shortly afterwards. Very rarely offered but long lived when established.

TRILLIUM KURABAYASHII

£3.95 Trilliaceae HP

30-45cm (10 seeds)

A sought-after species from the west coast of America, this is one of the largest trilliums and can soon expand into clumps that can reach up to nearly two feet in height. It has mottled, ornamental leaves, and bright flowers ranging from reddish-purple to beige.

**TRILLIUM RIVALE**

£3.95 Trilliaceae HP

6-10cm (8 seeds)

Very early in the year, upright-facing flowers of white or pale pink are dotted deeper pink and violet, the spotting towards the throat is filled with bright yellow anthers early in the year making short stems and silvery-veined leaves. Probably the rarest of all trilliums.

**TROLLIUS EUROPAEUS**

£2.50 Ranunculaceae HP

45-60cm

A most attractive plant with dark green, deeply-cut leaves, bears flowers which resemble egg-yolks both in shape and colour, like a paeonia. This easy-to-grow native wild flower of Europe and Western Asia prefers moist soil in full sun or light shade.

**TULIPA SPRENGERI**

£2.75 Liliaceae HB,HP

30-38cm (15 seeds)

Strong clumps of glossy bright green leaves stand below goblet-shaped bright red flowers which are 5-6cm in length in early summer. This is the latest of all of the tulips to open its flowers and will self seed to make remarkable colonies in time.

**VERATRUM NIGRUM**

£2.95 Liliaceae HB

90cm-1.2m (10+ seeds)

A superb, very long lived border plant, with strong spikes arising from leathery green leaves and carrying dark purple, almost black, star-shaped flowers. This superb lily relative will improve in stature and size over the years if planted in well-prepared ground

**VERBASCUM CHAIXII ALBUM**

£2.40 Scrophulariaceae HP

60-90cm

This is one of the perennial verbascums bearing spires of purple-eyed white flowers on hairy stems and over compact rosettes of hairy, jagged-edged leaves. This is one of the better behaved Mulleins that may gently self-seed but rarely becomes a nuisance!

**VERBASCUM OLYMPICUM**

£2.60 Scrophulariaceae HP,HA

1.5-2.0m

Massive panicles of golden-yellow flowers adorn this gigantic specimen in summer, carried above stems and basal rosette of grey-woolly leaves. Although this short-lived perennial can die after such a exhausting show, it seeds profusely and will reappear.

**VERBENA BONARIENSIS**

£2.65 Verbenaceae HP

1.0-1.4m

Every garden should have this long flowering beauty which flaunts its sprays of fragrant purple flowers, on wiry angular branching stems, from June until the frost. Acts as a magnet for butterflies.

**VERBENA HASTATA ROSEA**

£2.40 Verbenaceae HP

60-90cm

A super, long flowering (June-Sept), plant from Nova Scotia. This is the more unusual shocking pink form (usually blue), with multi-branching candelabra-heads, flowers slowly expand as they ascend the stems like burning sparklers (in reverse).

**VERONICA GRANDIS**

£2.50 Scrophulariaceae HP

60-90cm

Appropriately named, this new rare plant is from Japan. With slowly lengthening royal blue spires, up to 30cm long, and 60-90cm stems lightly clad with pointed sawtooth leaves, it flowers until late September.

VIOLA BLUEBERRY CREAM

£2.50 Violiaceae HP

8-15cm (20+ seeds)

This gorgeous new viola has been produced using some of the very best dwarf violas on the market as parents. The flowers will vary from plant to plant, as ornamental violas do, but almost all of them will have a cream or white face with a distinctive blue or purple edging.

VIOLA 'BOWLES BLACK'

£2.40 Violiaceae HP

10cm

Very reliable from seed. Compact plants carry many small velvety flowers varying from deepest midnight blue to almost black. Will self-sow, and eventually hybridise with other violas, so keep it apart from lesser varieties.

VIOLA COTTAGE GARDEN MIXED

£2.35 Violiaceae HP

10-15cm

The complete spectrum from our cottage garden with small or medium-sized flowers, colours ranging from pale yellows through bicolors to dark blues. If you're feeling really lazy - just sprinkle this lot over your worn-out rockery for a beautiful display!

VIOLA 'FUJI DAWN'

£2.95 Violiaceae HP

10-15cm

Deep purple, early spring flowers above sprays of attractively marbled pink and cream foliage. A completely new colour-break in viola variegation. Developed and named here at Plant World and now grown and copied worldwide!

WILD FLOWER MIX - BUTTERFLY MEADOW MIX

£1.95 VARIOUS

100% native British wildflower mix specially selected to attract butterflies. The seeds include: , Common Birds-foot Trefoil, Red Clover, Wild Marjoram, Wild Teasel, Viper's-Bugloss, Soapwort and many others. (Generic wild flower picture for illustrative purposes only)

WILD FLOWER MIX - HONEY BEE MIXTURE

£1.95 VARIOUS

100% British wild flowering mixture chosen to attract honey bees. Includes: Corncockle, Field Poppy, Hedge Woundwort, Evening Primrose, Meadowsweet, Oxeye Daisy, Vipers-bugloss, Yellow Rocket. (Generic wild flower picture for illustrative purposes only)

WILD FLOWER MIX - LATE FLOWERING MIXTURE

£1.95 VARIOUS

100% British wild flower mixture which flowers mid to late summer. Includes: Meadow Buttercup, Wild Carrot, Autumn Hawkbit, Common Knapweed, Selfheal, Yarrow, Wild Basil, Clustered Bellflower, Agrimony (Generic wild flower picture for illustrative purposes only)

WILD FLOWER MIX - SHADED AREA

£1.95 VARIOUS

100% native British wild flower species for growing in shaded areas. Species include Agrimony, Wild Angelica, Hedge Bedstraw, Nettle-leaved Bellflower, Red Campion, Hedge Woundwort, Wood Avens etc (Generic wild flower picture for illustrative purposes only)

ZINNIA ELEGANS 'PURPLE PRINCE'

£2.55 Asteraceae HHA

30-50cm

A Robust plant with excellent garden performance. Produces masses of double, deep pink-purple, dahlia-like flowers. This taller variety, adds colour and height to borders and floral arrangements. Flowering all summer, attracting bees and butterflies, until the first frosts.

"Just a big note to say thank you and thumbs up for your fantastic service. I have placed two orders with you and the packages arrived within two weeks. Well labelled for customs, good packaging and reasonably priced. I will order again and recommend you to other keen gardeners here in New Zealand."

Ronnie Shanks, Kaiapoi, New Zealand

Climbers

ARISTOLOCHIA FIMBRIATA

£3.35 Aristolochiaceae HCl

60-90cm (8 seeds)

Quite amazing exotic green flowers with purple-brown, yellow-veined insides, are surrounded by attractive, silver-veined leaves festooning this unusual, drought-resistant, trailing and climbing plant. This Brazilian native also makes an excellent hanging basket plant!

BILLARDIERA LONGIFLORA

£3.15 Pittosporaceae HCl

(20 seeds)

A choice Tasmanian climber grown outside for twenty years here. Thin twining stems produce creamy-yellow purple-tipped waxy flowers in spring. In autumn, outstandingly lovely clusters of deepest violet grape-sized berries appear.

BOMAREA HIRTELLA

£3.95 Alstroemeriaceae HCl

2.0-3.6m (6 seeds)

This "climbing alstroemeria" makes a deep hardy tuber and gives fabulous value each spring when strong-climbing stems wind upwards, each terminating in a compact bunch of gorgeous, speckled, yellow-throated, orange and green alstroemeria-like flowers.

BOMAREA SALSILLA

£3.20 Alstroemeriaceae HHCl

3.6m (10+ seeds)

Bunches of magnificent, delicately marked, flared, dark pink trumpets hang from twining vines decked with fleshy green leaves. Fabulous either climbing another shrub or on a support (it weaves through a conifer here). Plant out when still small.

CLEMATIS CIRRHOSA

£2.95 Ranunculaceae HCl

(15 seeds)

Most of our winter clematis are varieties of Clematis cirrhosa, an ugly name for the prettiest of plants. This white flowering Mediterranean evergreen looks an improbable candidate for the winter garden, so fine of foliage, with such luscious bells.

CLEMATIS MONTANA ALBA

£2.55 Ranunculaceae HCl

One of the most rewarding and also easy-to-grow of all clematis, pure white flowers open in early spring all having the most delicious perfumed scent of sweet marshmallows. This seed was collected from all the white-flowered cultivars throughout our gardens.

CLEMATIS MONTANA PERFUMED MIXED

£2.55 Ranunculaceae HCl

One of the easiest-to-grow of all clematis, these flowers open in early spring in colours ranging from pure white through pinks to red, with the most delicious perfume reminiscent of sweet marshmallows. Seed collected from all of the different cultivars in our gardens.

CLEMATIS VIORNA

£3.95 Ranunculaceae HCl

(10 seeds)

This rare and beautiful climber is seldom seen. It has vase-shaped flowers, consisting of four thick, leathery petals, which open in early summer and continue into autumn. This vigorous plant is good for covering less attractive shrubs and fences.

COBAEA SCANDENS

£2.90 Polemoniaceae HHA

3.0-6.0m (10 seeds)

This stunning Mexican climber has all the assets, being quick-growing and vigorous (up to 6m!) with absolutely enormous pale violet or purple "cup-and-saucer" flowers. Usually grown as a half-hardy annual, it often survives the winter outside in milder areas.

LAPAGERIA ROSEA

£3.95 Philesiaceae HHCI

(8 seeds)

Chile's national flower is a rightful candidate for the world's most beautiful climber. Huge, wax-like bell flowers, three-inches or more of lipstick red, decorate the twining stems. Grows best in acidic soil outside with shelter, but may be better in a conservatory.

CODONOPSIS BHUTANICA

£2.85 Campanulaceae HP

90cm

An easy-to-grow low climber or scrambler, that from June until August will twine around less interesting shrubs bearing longish, downwards-facing flowers, which are slightly flared open and delicately marked, deep in the throat, in purple and black.

LATHYRUS ROTUNDIFOLIUS

£2.85 Leguminoseae HCI

(5 seeds)

An easy-to-grow plant bearing strong stems each carrying 6 to 10 large, terracotta to brick-red flowers all summer long, on a compact mass of pretty, rounded leaves. This rare RHS 'Award of Garden Merit' Winner is the Persian version of the everlasting pea.

CODONOPSIS LANCEOLATA

£3.30 Campanulaceae HCI

(10 seeds)

This plant, in a league of its own, is surely the most magnificent of all climbing codonopsis. Twining stems clad in pointed leaves produce countless large, waxy, clematis-like bells of greenish-yellow, which are delicately marked in maroon.

LATHYRUS VERNUS ALBO ROSEUS

£2.95 Leguminoseae HP

30-38cm (10 seeds)

One of the most beautiful spring flowers, this totally non-invasive and very long-lived plant produces a solid dome of foliage, which is smothered with two-tone pink and white flowers in earliest spring, making a valuable, trouble-free burst of colour.

DICENTRA TORULOSA

£2.65 Papaveraceae HA

A fascinating, rapid-growing annual climber which will often self-seed. Rapidly-ascending, twining stems carry a summer-long succession of yellow lockets. These grow into absolutely amazing large seed-pods resembling wrinkled red sausages!

MAURANDYA 'MAGIC DRAGON' (ERUBESCENS)

£2.65 Scrophulariaceae HHCI

2.0-5.0m

In the early 1990's we bred what is probably the first hybrid climbing maurandya ever produced. These incredibly fast growing plants, which possess explosive hybrid vigour, produce a wide range of large flower shapes and sizes in all shades of pink and red.

GLORIOSA CARSONII

£3.75 Colchicaceae GCI

(10 seeds)

This very rare tuberous climber opens exquisite, solitary, chocolate-purple flowers edged in lemon yellow. It needs support and a free draining planting medium. It is tolerant of poor soil and does well in containers, at its best when trained into a compact form.

PASSIFLORA CAERULEA

£2.85 Passifloraceae HCI

2.0-4.0m (10 seeds)

This lovely exotic-looking climber is quite hardy in sheltered positions where it displays its fragrant, intricately-marked, pale blue flowers in summer. In Autumn plum-sized orange fruits appear filled with edible crunchy pips and sweet, tasty pulp. RHS Award winner.

PASSIFLORA EDULIS

£2.75 Passifloraceae HCl

6.0-9.0m (10 seeds)

This vigorous climber has deeply 3-lobed leaves, climbing tendrils and purple-centred frilly white flowers, followed by a crop of purple, edible fruit. Although it is half hardy and may be killed off down to the ground in hard winters, it reliably re-grows from the roots.

PASSIFLORA QUADRANGULARIS

£3.85 Passifloraceae HCl

15.0m (6 seeds)

One of the most beautiful passion flowers, this beauty has large fragrant flowers with deep red petals and a centre crown that has five rows of white and purple rays. Large leaves hang from quadrangular stems. It has the most enormous of all the passion fruits.

SWEET PEA 'ALMOST BLACK'

£1.80 Leguminosae HA

(25 seeds)

This modern grandiflora Sweet Pea, introduced by Keith Hammett, is a stunning dark maroon, almost black. It carries the strong and heady perfume of its forebears together with improved petal size and stem length, making wonderful cut flowers.

SWEET PEA 'BLACK KNIGHT'

£1.55 Leguminosae HA

(25 seeds)

One of the 'more modern' heirloom varieties from 1898. Sprays of heavily perfumed, bicolor deep maroon/violet flowers.

SWEET PEA 'BLUE DANUBE'

£1.55 Leguminosae HA

(25 seeds)

Perhaps the best exhibition blue with large, ruffled, mid-blue, highly scented flowers.

SWEET PEA BREATH OF FRESH AIR

£1.70 Leguminosae HA

(25 seeds)

This Grandiflora mix contains a choice assortment of most of the colours available in these highly-fragranced flowers. As well as the usual whites, blues, pinks, mauves and purples, there is a good proportion of attractive bi-colours.

SWEET PEA 'CHARLIE'S ANGEL'

£1.55 Leguminosae HA

(25 seeds)

Ruffled, delicate pale blue flowers with an exceptional fragrance. Awarded a First Class Certificate in the Wisley Trials.

SWEET PEA 'HENRY ECKFORD'

£1.55 Leguminosae HA

(25 seeds)

This dazzling fragrant flower was the first uniquely coloured, really bright orange sweet pea bred by the famous sweet pea breeder Henry Eckford in 1906.

SWEET PEA MATUCANA

£2.05 Leguminosae HA

(25 seeds)

This famous old heirloom is a striking, very strongly scented, bi-coloured Peruvian sweet pea. It is best grown alone as its gorgeous, velvety, deep colours, which appear until late in the season cannot compete with some of the bright modern forms.

SWEET PEA MIDNIGHT BEAUJOLAIS

£1.55 PAPILLONACEAE HHA

1.8-2.4m (25 seeds)

This absolutely superb Sweet Pea Midnight Beaujolais has dark burgundy flowers. It is a reliable sweet pea variety, producing an abundance of highly scented flowers.

SWEET PEA 'OXFORD BLUE'

£1.55 Leguminosae HA

(25 seeds)

This Spencer variety has very large, strongly perfumed, strong-stalked blooms, that are brightest blue with lavender shades, and are perfect for exhibiting. The red-blushed petals are gently twisted, and gently veined with slightly deeper shades.

SWEET PEA 'PRINCE OF ORANGE'

£1.70 Leguminosae HA

(30 seeds)

One of our favourite grandiflora forms, this sweetly-perfumed beauty is striking orange, always a rare colour, with a touch of clashing pink! Introduced by famous breeder Morse in 1928, this scarce flower has only recently been re-introduced into circulation.

SWEET PEA 'ROYAL WEDDING'

£1.55 Leguminosae HA

(25 seeds)

The best long-stemmed, fragrant pure white sweet pea available today. Awarded Certificate of Merit by the Scottish National Sweet Pea Society. Ideal for exhibition or garden use.

TROPAEOLUM AZUREUM

£3.70 Tropaeolaceae HHCI

1.0-2.0m (20 seeds)

The rare and fabulous blue climbing perennial nasturtium! Thin twining stems produce many dazzling cobalt blue flowers from the leaf axils of delicate, attractively lobed leaves. Dying down to deep resting tubers, this is one of the ultimate alpine house plants.

TROPAEOLUM LEPTOPHYLLUM

£5.25 Tropaeolaceae HP

(4 seeds)

Possibly not in cultivation it exists in just a few secret places in Chile where these few seeds have been grown privately. Perennial and hardy it makes a steadily-increasing tuber producing stems with divided blue-green foliage beneath five-petalled yellow flowers.

TROPAEOLUM POLYPHYLLUM

£5.25 Tropaeolaceae HCI

(4 seeds)

Billowing trails of blue-grey leaves cascade along the ground or scramble through undergrowth, followed by an overwhelming display of golden yellow ochre flowers opening in June. This gorgeous plant is astonishing when established on a hot well-drained bank.

TROPAEOLUM SPECIOSUM

£3.60 Tropaeolaceae HHCI

(8 seeds)

Sheets of dazzling scarlet flowers cascading amidst pretty, delicate, divided leaves adorn this gorgeous plant throughout midsummer. This fabulous Chilean native prefers peat to be incorporated into the soil, when it will make countless, long-lived hardy tubers.

"Great selection of seeds. I won first prize at my local vegetable show this year with crops grown from Plant World seeds. I will definitely be buying again this year!" Arthur, Devon, UK

"Thank you for the excellent quality of your seeds. The germination rate this year has been tremendous." Mark Whittle, Norfolk, UK

"I wanted to thank you for your prompt service. I placed 2 orders with your company and both arrived within 14 days. I am excited to plant my new seeds. Keep up the good work!" Allen Clark, Nevada, USA

"I am very impressed with your seed selection. I am Head Gardener with 50 years experience and still doing it. Thank you." Mike Kozyra, Shropshire

"Your seeds arrived today! Thank you for your excellent labelling and packaging. It passed muster with the Australian Border Force. So one very happy customer from 'Down Under' - I'm looking forward to placing further orders in the future."

Sandra Brady, Victoria, Australia

Trees & Shrubs

ABIES KOREANA

£2.95 Pinaceae HP 4.0-12.0m (8 seeds)

This exceptionally handsome, easily grown and disease-resistant tree produces extremely ornamental, violet-purple cones even on small trees. It also has highly aromatic foliage, which, when crushed, has a strong fruity orange smell.

ACER PALMATUM

£2.95 Aceraceae HT 1.8-6.0m (10 seeds)

These beautiful ornamental trees include some of the most decorative of foliage trees and shrubs. As well as having a large variety of ornamental barks, autumn turns the leaves, which are often finely divided, all shades of red, scarlet, yellow and bronze.

ACACIA DEALBATA

£2.75 Leguminosae HHT 10.0-30.0m (20+ seeds)

This beautiful fast-growing, small evergreen tree from Australia is smothered with masses of exceptionally fine silver-grey, delicate foliage which is topped with fluffy, pale lemon, sweetly scented flowers in late winter and early spring. An RHS award-winning plant.

ACER PALMATUM ATROPURPUREUM

£3.85 Aceraceae HT 1.0-5.0m (8 seeds)

Grown for its tiny purple spring flowers and spectacular red purple foliage that turns darkest fiery crimson in autumn, this beautiful slow growing tree has a compact rounded habit so is ideal for small gardens and containers, and also makes a very attractive bonsai tree.

ACACIA RETINODES

£2.30 Leguminosae HSH 1.8-2.4m

One of the hardiest mimosas with thin, strap-shaped, willow-like leaves and dense sprays of fragrant, light lemon, fuzzy flowers in spring and summer. This little beauty is called Wirilda in Australia.

ACER PALMATUM DISSECTUM PENDULA NANA

£3.45 Aceraceae HT 50cm-1.0m (10 seeds)

This exquisite dwarf form has a pronounced drooping domed effect habit, covered with delicate, papery, lace-like leaves that turn all shades of yellow, bronze and red in the autumn. Very slow growing they are perfect for smaller gardens, the pond-side or pots.

ACER GRISEUM (PAPER-BARK MAPLE)

£2.85 Aceraceae HT 2.4-4.5m (12 seeds)

An outstandingly lovely ornamental tree with orange-cinnamon coloured bark which peels back revealing the smooth shiny new bark beneath. In autumn the entire tree seems to be ablaze as the leaves turn deep crimson-red.

ACER PALMATUM 'OSAKAZUKI'

£3.25 Aceraceae HT 2.5-4.0m (4 seeds)

This spectacular variety really comes into its own in autumn, with the most intense, long lasting, fiery scarlet autumn colour of all the Japanese maples. It is ideal for border planting, and will also excel in a large pot or container for many years.

ALBIZIA JULLIBRISSIN

£3.95 Mimosaceae HT

6.0m (6 seeds)

A wide spreading tree. Very fine, fern like, divided foliage. Pink flowers, with a sweet perfume form in summer and early autumn. Later flat seed pods form. Leaves gradually close at night or during periods of rain, bowing down as though sleeping.

ARAUCARIA ARAUCANA

£4.40 Araucariaceae HT

2.0-20.0m (4 seeds)

Leathery, spine-tipped leaves clad long spidery branches, which are geometrically arrayed around the trunk like spokes of a wheel. One level is produced each year enabling the age of the tree to be calculated. When mature this is one of the most graceful and noble trees.

ARONIA MELANOCARPA

£3.95 Rosaceae HSh

90cm-1.5m (8 seeds)

This underrated shrub has attractive white flowers with pink anthers and gleaming, shiny leaves. Later, clusters of black berries form. Resistant to many diseases, possessing multiple medicinal properties. A hardy, vigorous plant, it survives most conditions.

AZALEA EXBURY HYBRIDS

£3.45 Ericaceae HSh

90cm-1.8m

Seed collected from our own twenty year old plants which were originally grown from seed collected from the famous Exbury Gardens. Colours in all shades from pale lemon to deepest red and every one dripping with heady perfume in spring and early summer.

BAOBAB TREE (ADANSONIA DIGITATA)

£3.20 Bombaceae GP

15.0m (4 seeds)

The legendary 'Upside-Down-Tree' makes an intriguing, long-lived bonsai or conservatory plant and is easily grown from seed. In the wild this tree is a valuable food commodity, the huge sausage fruits being the source of cream of tartar.

BRUGMANSIA 'ECUADOR PINK'

£3.95 Solanaceae HSh

1.0-2.5m (10 seeds)

With some of the deepest colours of all "Angel's Trumpets", this rare form has spectacular pastel pink blooms in spring which continue until autumn, the long trumpets turning their fluted edges up after dark, whilst exuding a deep and potent fragrance.

BRUGMANSIA SUAVEOLENS BRAZILIAN WHITE

£3.65 Solanaceae HSh

75cm-1.2m (10 seeds)

Known as the Brazilian white variety of these impressive plants, this bushy form has a very floriferous habit and gives good evening scent. The huge brilliant white flowers are often held at an angle showing off the flared throat. An excellent conservatory plant.

BRUGMANSIA SUAVEOLENS 'ORANGE GLORY'

£3.95 Solanaceae HSh

1.0-2.5m (10 seeds)

Multiple, vibrant, deepest orange trumpet shaped flowers up to 30cm in length bloom repeatedly throughout the growing season, emitting a gorgeous scent especially in the evening. Plants are shrubby in nature but tender in colder climates.

BRUGMANSIA SUAVEOLENS YELLOW TRUMPET

£3.65 Solanaceae HSh

75cm-1.2m (10 seeds)

The best yellow variety, they are slightly more bushy with a shorter-growing, floriferous habit. Huge, highly fragrant, bright lemon blooms often hang at an angle, exposing the flared throat. Making superb conservatory plants, they fill the home with scent each evening.

BRUGMANSIA VERSICOLOR

£3.95 Solanaceae HSh

2.0-3.5m (10 seeds)

Enormous trumpet-flowers open white before ageing to pink, peach or apricot and pouring out a rich daffodil perfume. They can withstand a wide range of temperatures but a moderate frost will damage the plant in colder climates. Suitable for conservatories.

CALLICARPA BODINIERI

£3.25 Verbenaceae HSh 1.2-1.8m

Spindly, much-dividing branches produce relatively insignificant starchy lilac flowers in spring, but after the leaves have fallen in autumn the extremely attractive bunches of bright violet berries persist through into winter.

**CORNUS CAPITATA**

£2.65 Cornaceae HSh 1.5-3.5m

This outstanding shrub or small tree bears long-lived heads of enormous, impressive, buttercup-shaped flowers, consisting of waxy, creamy butter-coloured bracts, followed by red, strawberry-like fruits. This is certainly the best one growable from seed.

**CALLISTEMON RIGIDUS**

£2.25 Myrtaceae HSh 1.8m

This spectacular, and unexpectedly hardy shrub, bears dense spikes of flamboyant red bottle-brush flowers that appear in late spring and early summer. Narrow, sharply pointed leaves adorn this dazzling shrub that is possibly the hardest of its kind.

**CRINODENDRON HOOKERIANUM**

£2.95 Elaeocarpaceae HSh 1.8m (6 seeds)

The "Chilean Lantern Tree" is one of the world's most attractive shrubs. Garden visitors seeing the attractive, crimson, waxy urn-shaped pendent flowers in early summer just cannot wait to rush into our plant nursery to buy one for themselves.

**CESTRUM PARQUI**

£3.95 Solanaceae HSh 1.8-2.7m (6 seeds)

Amidst light green shiny leaves arise, small, fragrant, yellow-green flowers, from late spring to autumn, and which produce clusters of small, black, egg-shaped berries during summer and autumn. This hardy, evergreen shrub is the hardest and longest blooming Cestrum.

**DAPHNE MEZEREUM**

£2.90 Thymelaeaceae HSh 90cm-1.2m (6 seeds)

This popular plant is a mid-sized deciduous upright shrub bearing extremely fragrant clusters of purple-pink flowers in late winter to early spring, followed by attractive red berries in summer and autumn.

**CLIANTHUS PUNICEUS 'PINK FLAMINGO'**

£3.85 Leguminosae HSH 90cm-1.2m (6 seeds)

"Lobster Claw" or "Parrot's Beak". In a sheltered garden or large pot this absolutely magnificent shrub displays hanging groups of very large curved flowers in the most attractive shade of pink. There are red and white forms but this is by far the best!

**DAPHNE TANGUTICA**

£3.20 Thymelaeaceae HSh 60-90cm (6 seeds)

A rare hardy evergreen shrub bearing clusters of very fragrant, white flushed, purple-pink flowers from mid spring to early summer. Bunches of red berries appear later and persist into late autumn.

**CORDYLINAE AUSTRALIS**

£2.75 Agavaceae HT 90cm-3.0m

A long lived 'palm' carrying at the top a rosette of strap-shaped long leaves. Older plants grow enormous panicles of deeply scented white flowers in early summer, producing white berries in autumn. After severe winters the trunk usually sprouts several heads.

**EMBOTHRIUM COCCINEUM**

£2.95 Proteaceae HSh 1.8-3.6m (10 seeds)

An unusually large flowered form of the "Chilean Firebush" originally collected on the banks of Lago Cucao during our 1994 Chile Expedition. This seed has wild diversity so you will find that in early summer the clusters of tubular flowers vary from crimson to bright red.

FICUS RELIGIOSA

£2.85 Moraceae GP 10.0-20.0m

This lovely tree with pale grey bark produces figs which are primarily pollinated by fig wasps, which enter the flower via a hole at the base of the fruiting structure. This is the tree the Buddha was thought to be sitting beneath when he gained enlightenment.

FUCHSIA MAGELLANICA

£3.70 Onagraceae HSh 90cm-1.8m

We collected this most beautiful and bone-hardy plant, which can flower just four months after sowing, on our Chilean Expedition of 1994. Scarlet and purple 'ballerina' flowers open throughout summer and autumn and into winter in mild places.

JOVELLANA VIOLACEA

£2.95 Scrophulariaceae HSh 60cm-1.2m (20 seeds)

A rare and beautiful plant from Chile and New Zealand. Thin branching stems with attractive wavy-edged leaves produce clusters of countless delicate orchid-like cream flowers gently marked with yellow and purple, which appear throughout spring and early summer.

PAULOWNIA TOMENTOSA

£2.65 Scrophulariaceae HT 1.8-3.6m (50+ seeds)

This truly spectacular tree produces large, pale mauve "foxglove" flowers on naked branches in early spring, the large, dinner-plate-sized, soft furry leaves appearing later. If cut to the ground in spring, enormous leaves develop on the shoots sprouting from the soil.

PROTEA CYNAROIDES

£3.75 Proteaceae HSH 60cm-2.0m (4 seeds)

The 'King Protea' has distinctive leaves and huge flower heads that open throughout the year. Requiring extremely well drained, acidic, low nutrient soil, excess phosphates or nitrates may destroy them! Preferring full sun on a south facing slope in an open unshaded spot.

PROTEA EXIMIA

£3.75 Proteaceae HSh 2.0-5.0m (4 seeds)

A beautiful, easily grown variety with pink-purple flower heads above grey-green foliage. Requires well drained, acidic, very low nutrient soil. Fertiliser containing excess phosphates or nitrates may kill them! Prefers full sun on a south facing slope in an open spot.

PROTEA OBTUSIFOLIA

£3.55 Proteaceae HSH 2.0-4.0m (4 seeds)

A glorious variety, having richly coloured flower heads during winter. One of the few proteas that can tolerate alkaline or acidic soils. 2- 4m tall and up to 5m spread. Flowering from autumn until spring, peaking during midwinter dependent on location.

QUERCUS ROBUR

£2.95 Fagaceae HT 3.0-40.0m (6 seeds)

This well-known and beloved king of the forest can live for more than a millennium, taking up to 150 years to produce timber but only (!) 50 or so for the first crop of seeds called acorns, which are produced on attractive "pixie pipes". Plant one for your grandchildren!

SAMBUCUS 'BLACK FRILLS'

£2.75 Caprifoliaceae HSh 1.2-3.0m

Seeds from the best cultivars of the dark, narrow-leaved forms of the fragrant-flowered elder (Sambucus nigra) such as 'Black Lace'. Seedlings vary, with many having pink or dark pink flowers and dark or very dark foliage, which develops slowly as they age.

SAMBUCUS NIGRA

£2.65 Caprifoliaceae HSh 1.8-3.0m (50+ seeds)

Fragrant, flat topped, cream flower heads appear in May and June followed by the purple-black berries in September. The flowers are used to make the delicately-perfumed elder flower champagne, whilst the berries can be used for wine!

Grasses

BRIZA MEDIA LIMOUZI

£2.65 Poaceae HP 60cm

This new and quite distinctive taller form of the normal "perennial quaking grass" (*Briza media*) has stems which are almost double the usual length, whilst the most attractive clump retains the usual compact width.

BRIZA SUBARISTATA

£2.35 Poaceae HP 30cm

"Chilean Quaking Grass". We collected this new grass from the foothills of Volcano Antuco on our Chilean Seed Expedition in 1994 (RB94154). Nodding panicles of seedheads appear, some plants even producing darker plum coloured forms.

CAREX BUCHANANII

£2.40 Cyperaceae HP 45-60cm

Dense, erect tussocks of copper-bronze make this one of the most sought after and grown architectural plants. When grown as a solitary specimen it makes a stunning effect with contrasting flowers or silver foliage plants.

CHIONOCHLOA CONSPICUA

£2.40 Poaceae HP 1.5-2.1m

From New Zealand comes the amazing legendary "Hunangemoho Grass". Low, tidy clumps of sharp green blades erupt into thick, strong, arching stems, supporting massive 18 inch divided golden sprays. Impresses all our visitors here.

CORTADERIA RICHARDII

£2.65 Gramineae HP 1.8m

Yes, a "Pampas Grass" from New Zealand! New Zealand was once connected to South America (as Gondwanaland), hence the "Toetoe" evolved. Seldom seen in cultivation, its substantial stems bear large woolly plumes.

ERAGROSTIS ELLIOTTI 'WIND DANCER'

£2.95 Poaceae HP 40cm-1.0m

A clump forming narrow grey/blue leaved grass which produces long open panicles of white flower spikelets in summer. As the name suggests these panicles float and dance in the wind on breezy summer days. Ideal for the mid to back of a border.

FESTUCA 'ELIJA BLUE'

£2.30 Gramineae HP 30-40cm

This superb relatively recent discovery makes dense tufts of glaucous blue wiry leaves producing a striking display, either as a specimen or for edging or pot culture.

LUZULA SYLVATICA SOLAR FLAIR

£2.95 Juncaceae HP 30-38cm

This new, very precious, golden-leaved form of the "Great Wood-rush" makes a superb, non-spreading specimen that will grow almost anywhere making a handsome clump of golden-yellow foliage, with attractive spikes of black seed-heads.

MOLINTIA CAERULEA ARUNDINACEA

£2.50 Gramineae HP 1.2-1.8m

"Tall Purple Moor-grass". The giant form of "Purple Moor-grass" makes spectacular broad-leaved clumps. Very long stems produce huge, divided, purple heads in summer, ageing to golden-brown in autumn.

STIPA GIGANTEA

£2.95 Poaceae HP 1.5-2.4m (6 seeds)

The largest of all feather grasses, and certainly one of the most elegant and stately ornamental grasses, forming relatively insignificant basal clumps from which arise long, strong stems holding huge, loose panicles of golden spikelets with dangling awns.

PENNISETUM PURPLE MAJESTY (GLAUCUM)

£3.20 Poaceae HHA 60cm-1.2m (30 seeds)

A fabulous new plant with dramatic, almost black, broad leaves, crowned with massive purple flower spikes, the ripe seeds from which are adored by birds. This heat and drought resistant beauty was awarded the All America Gold Medal!

STIPA LESSINGIANA

£2.75 Gramineae HP 60-75cm

This superior and truly spectacular plant is related to, but larger and finer than Stipa tenuissima. The massed plumes of soft feathery seedheads are ideal to whisk your hand through, the longer they stand the prettier they become.

SETARIA MACROSTACHYA 'WILL SCARLET'

£2.55 Gramineae HA 45-60cm

Thick clumps of attractive foxtail-like flower heads, perfect for cutting, grow on long stems clad in broad leaves. If planted in a hot, dry spot, or in a container on a warm patio, the leaves and stems of this lovely plant will turn bright crimson.

STIPA TENUIFOLIA

£2.65 Gramineae HP 45-60cm

One of the most graceful and delicate of all grasses with delicate, feathery, fog-like plumes which move with the slightest breath of air upon them. A perfect plant for mass plantings in stately homes and parks, but equally good as a single specimen.

STIPA ARUNDINACEA

£2.55 Gramineae HP 60-90cm

"Pheasant Tail Grass". Arching sprays of purple feathery plumes consist of golden brown fine leaves in compact clumps, this is an absolute beauty set on its own in gravel.

UNCINIA EGMONTIANA

£2.85 Cyperaceae HP 20-30cm

From Mount Egmont in New Zealand comes the prettiest hardy red grass growable from seed. Tight compact erect clumps of stiff arching crimson-bronze blades, from which arise narrow spikes of small, sharply pointed black seeds.

STIPA ELEGANTISSIMA

£2.85 Poaceae HP 50-75cm

"Elegant" describes this delicate grass perfectly. The compact sheaf consists of countless thin stems surmounted by clouds of nebulous golden smoke which whispers and hisses gently as it waves in the wind. Absolutely unbeatable growing on its own.

"Plant World seeds grow! Seed planted February 15th 2017. Blooming May 17th 2018. I am a repeat customer for a reason! Your seeds are TOP quality!" Dan Fetty, Virginia, USA

"Thank you for your expeditious handling of my order. This was my first business with you: it will not be my last." Peter Faulkner, Cheshire, UK

BLACK CHERRY

£2.05 TOMATO

(15 seeds minimum)

This heavy cropping variety is everyone's favourite, producing seemingly endless bunches of smallish, ultra-sweet fruits, which resemble dark cherries and which have a very rich flavour. A current favourite in up-market shops. (Cordon)

BRANDYWINE YELLOW

£2.05 TOMATO

(10 seeds minimum)

Beautiful, smooth, large, meaty, yellow/gold fruit of exceptional quality with a creamy texture and delicious rich flavour. The tall vines have healthy, potato-leaved foliage. Surprisingly this is not actually closely related to other Brandywine varieties. (Cordon)

BLACK FROM TULA

£2.05 TOMATO

(15 seeds minimum)

Whilst this deep reddish-brown Russian beefsteak variety is not as dark as some other "black" tomatoes, where it really scores is on taste which is strong, rich and sweetly-sharp (!) with a hint of smokiness. (Cordon)

BROWN BERRY

£2.05 TOMATO

(20 seeds minimum)

A new and exceptional plant with long herringbone trusses of identical-sized, chocolate-coloured, sweet and juicy fruits which simply refuse to split. Our panel remarked that, when picked, they looked just like a box of maltasers! (Cordon)

BRAD'S BLACK HEART

£2.30 TOMATO

(20 seeds minimum)

Compact plants with unusually wispy foliage, large purple-black heart shaped fruit. Early for a large tomato, ripening usually end of July with a good flavour. This is the first known black heart-shaped tomato, found by Brad Gates (Wild Boar Farms USA). (Cordon)

COUILLES DE TAUREAU

£2.30 TOMATO

(10 seeds minimum)

A large slightly flattened beefsteak which can grow up to 2lb in weight and with a good robust taste. This scored highly in our tasting trials. Ideal for sandwiches. This heirloom originated in Spain and was brought into France during the Spanish Civil War. (Cordon)

BRANDYWINE RED

£1.75 TOMATO

(15 seeds minimum)

A very famous potato-leaved heirloom plant with a complex history, giving consistently high yields of medium to large, very juicy, fairly crack-tolerant, slightly flattened red fruits. Gosh, what a mouthful! (Cordon)

CREAM SAUSAGE

£2.05 TOMATO

(30 seeds minimum)

Bushy, productive plants produce crisp-fleshed, creamy coloured, elongated sausage-like fruits. The sweet, juicy, golden flesh, with a hint of lemon flavour, makes them an ideal choice for creating unusual sauces. (Bush)

DELICIOUS

£2.05 TOMATO

(10 seeds minimum)

A really huge red beefsteak fruit which is smooth, nearly solid and often weighs more than 2 lbs. This variety holds the world record for the largest tomato ever grown and has excellent flavour, few and tiny seeds, and very little cracking. (Cordon)

GERMAN RED STRAWBERRY

£2.40 TOMATO

(10 seeds minimum)

Produces large beautiful red strawberry-shaped fruits. The solid-fleshed interior has a delicious, sweet flavour with little seed and juice, so is ideal in salads. One of our top big croppers and best-selling tomatoes. (Cordon)

FEDERLE

£2.05 TOMATO

(10 seeds minimum)

This variety has long, attractive, pepper-shaped fruits which produce very few seeds indeed. The soft juicy flesh has a mild flavour and is ideal for either salads, cooking or for sauces. (Cordon)

FERLINE F1

£2.75 TOMATO

(20 seeds minimum)

A valuable F1 giving heavy crops of tasty, strong-flavoured, middle-sized, deep red fruits, with impressive tolerance to blight, fusarium and verticillium wilt, both in the garden or under glass. Is this the answer to many gardeners' prayers? (Cordon)

GOLD NUGGET

£2.05 TOMATO

(20 seeds minimum)

With a high yield of small, golden-yellow, oval shaped cherry fruit, which is juicy and seedy, with a mild sweet flavour, these early fruits are also almost seedless. It is perfect for growing in containers and is one of the first to ripen here. (Bush)

GOLDRUSH CURRANT

£1.95 TOMATO

(30 seeds minimum)

Masses of bright golden-orange, sweetly flavoured grape-sized fruit set in trusses of 10-12. A very high yielding plant that can also be trained to quite a height which improves the yield of fruit greatly. (Semi-Bush)

FIRST IN THE FIELD

£1.95 TOMATO

(20 seeds minimum)

As the name implies, a very early bush variety which will do well outdoors. This very popular compact plant produces a heavy, long-season crop of small to medium bright red juicy fruits with a strong and distinctive wine-like flavour. (Bush)

GREAT WHITE

£2.10 TOMATO

(20 seeds minimum)

This beefsteak is one of the largest and best white-skinned tomatoes. The skin is the palest cream and the firm meaty flesh has a fruity flavour with very few seeds. The plants have good drought resistance and do not crack easily. (Cordon)

GARDENER'S DELIGHT

£1.75 TOMATO

(30 seeds minimum)

Often existing under different names (Sugar Lump, Sugar Cherry) this very well-known and tidy plant reliably produces 1" diameter, uniform, cherry fruits with an incredibly delicious sharp flavour. (Cordon)

GREEN AGATE

£2.45 TOMATO

(10 seeds minimum)

This brand new discovery from China has medium-sized fruits with the most attractive skins you can find on a tomato. Is it green striped yellow, or yellow striped green? Whichever, the tasty, thick green flesh is superb for salads. (Cordon)

GREEN ZEBRA

£1.95 TOMATO

(15 seeds minimum)

A good cropping early plant with bright amber-gold, two inch fruits. Striped in deep lime-green they make a colourful statement when sliced in salads. The bright green flesh is soft, with a strong and tangy flavour. (Cordon)

INDIGO BLUE BERRIES

£2.85 TOMATO

(10 seeds minimum)

A new and most unusual deep purple skinned cherry variety. Ripening to almost black, with delectable juicy pink flesh and a delicious plum-like flavour, it contains high levels of the antioxidant anthocyanin. Taste testers describe the flavour as sparkling. (Cordon)

HONEY BUBBLES

£2.40 Tomato

(10 seeds minimum)

Heavy bunches of true cherry-sized, sweet-as-honey fruits explode in your mouth. The colour and size of white grapes, they are actually smaller than most cherry tomatoes but bigger than a currant tomato, are easy-to-grow and heavy cropping too! (Cordon)

INDIGO ROSE

£2.95 TOMATO

(10 seeds minimum)

Wow! No trick photography with this new first-ever jet-black tomato, developed by Oregon State University. Disease-resistant, fruity, antioxidant filled, large-plum-sized fruits ripen in late summer to very deepest purple, with flesh resembling ripe plums. (Cordon)

ILDI

£2.05 TOMATO

(30 seeds minimum)

One of the very highest yielding tomato plants we have ever seen. Huge trusses contain dozens and dozens of sweet, grape sized, thin skinned, non-splitting yellow fruit, the whole plant resembling a Christmas tree weighed down with baubles. (Cordon)

JAPANESE BLACK TRIFELE

£1.95 TOMATO

(15 seeds minimum)

A late season potato-leaved plant (originally "Russian Truffle!"), with large pear shaped purple-black fruits with dark green shoulders, resistance to cracking, and a strikingly rich flavour with a hint of chocolate. (Cordon)

INDIAN MOON

£2.05 TOMATO

(20 seeds minimum)

Beautiful, blemish free, medium-sized, golden-globed fruit ripen after only 75 days planting out. Bred originally by the Navajo Indians this rare heirloom is quite disease resistant, with an interior texture which is velvety smooth with few seeds. (Cordon)

KELLOG'S BREAKFAST

£2.35 TOMATO

(10 seeds minimum)

A superb, non-splitting, pale to deep orange beefsteak, with few seeds and a fantastic sweet, tangy flavour. The juice and flesh have the same bright colour as orange juice. Our trial plants were loaded with fruits and were unusually strong and healthy-looking. (Cordon)

INDIGO APPLE

£2.65 TOMATO

(10 seeds minimum)

With supreme shock value as well as a good sweet tomato flavour, disease tolerance and a really good shelf-life, this new 'true-black' variety will eventually turn almost jet black, caused by anthocyanins - antioxidants found in blueberries. (Cordon)

KORALIK

£2.05 TOMATO

(20 seeds minimum)

This early Polish bush variety makes widely held branches rather like a small oak tree, enabling it to produce abundant sweet isolated fruit. It has a good tolerance to blight it is perfect for areas where the growing season is short and wetter than normal. (Bush)

LEMON TREE

£2.05 TOMATO

(15 seeds minimum)

A quite incredible and distinctive tomato with an almost perfect resemblance to a real lemon, more so than other "lemon" tomatoes. When sliced, the similarity even extends to the sharp, strong taste, which is useful for salads. (Cordon)

ORANGE OXHEART

£1.85 TOMATO

(20 seeds minimum)

This regular leaf plant yields a good sized crop of fruits that have a superlative flavour, and which are excellent for sauces as they are very meaty with few seeds. The tomatoes are attractive in salads too because of their heart-like shape. (Cordon)

LONG TOM

£2.20 TOMATO

(20 seeds minimum)

A superb old heirloom variety with elongated heavy trusses packed with fruit late in the season. It is ideal either as a salad tomato with the tomatoes being absolutely free of cracking, and it came top of 85 in a recent USA taste test! (Cordon)

ORLOV'S YELLOW GIANT

£2.20 TOMATO

(20 seeds minimum)

Sizeable, perfectly shaped orange-yellow beefsteaks, very little core, buttery orange flesh with small or no seed cavities, with an outstanding flavour, that ripens early. It originated with Count Aleksei Orlov, the famous animal breeder and horticulturist. (Cordon)

MASKOTKA

£1.95 TOMATO

(10 seeds minimum)

This compact bush variety (which means 'mascot' in Polish) is ideal for growing in hanging baskets or patio containers. The plant produces an early and very heavy crop of vivid red, attractive, sweet cherry fruit which show a good tolerance to cracking. (Bush)

PURPLE RUSSIAN

£1.95 TOMATO

(20 seeds minimum)

With a chart-topping smooth flavour and a famous name, these plump, egg-shaped, non-cracking purple fruits from the Ukraine have very good cold tolerance, and are probably the best of all of the 'black' tomatoes for keeping. (Cordon)

MICRO

£2.25 TOMATO

(10 seeds minimum)

Probably the smallest tomato plant ever! Micro can be grown in a 6" pot or window box, growing only 4-5" high, but still managing to produce dozens of tiny fruit. Suitable for people with no growing space, and an astonishing conversation piece. (Bush)

RAVELLO F1

£2.55 TOMATO

(10 seeds minimum)

Ravello is a mini San Marzano plum tomato which is perfect for cooking or making into sauces. The fruit produced are uniform, weighing 3-4 oz, and grow in clusters of 12-15 tomatoes. The fruit are very crack resistant and are tolerant to Blossom End Rot. (Cordon)

MIEL DU MEXIQUE

£2.05 TOMATO

(10 seeds minimum)

This round cherry tomato of Mexican origin produces a large crop of small to medium, very sweet fruits and indeed was originally called Mexican Honey. This vigorous plant is very productive and does well under drought conditions. (Semi-Bush)

SAN MARZANO

£2.05 TOMATO

(10 seeds minimum)

One of the world's finest paste tomatoes. Compared to Roma types the fruit are thinner and pointier, the flesh being much thicker with fewer seeds, and the taste stronger, sweeter and less acidic. Many people describe the flavour as bitter-sweet. (Cordon)

ST PIERRE

£2.05 TOMATO

(10 seeds minimum)

This traditional French tomato variety produces hardy, regular-leaf plants bearing good yields of medium-sized, red, round, fruit with soft, thick, meaty flesh. This tomato has a great flavour producing well in cooler growing regions right up to the frost. (Cordon)

TOMATOBERRY F1

£2.95 TOMATO

(8 seeds minimum)

Tomatoberry is a popular new F1 tomato variety with long cascading trusses of glossy red strawberry-shaped fruit. The early-ripening fruit are very sweet with a thin skin and make delicious salad or snacking tomatoes. (Cordon)

STUJICE

£1.90 TOMATO

(20 seeds minimum)

The first non-cherry to ripen, with a very high-yielding abundance of sweet, luscious, deep-red fruit. Reliably early, fruiting constantly over a long season into late September, setting well even at very low temperatures. Very disease resistant. (Cordon)

TUMBLING TOM RED

£2.05 TOMATO

(20 seeds minimum)

Bred to cascade over hanging baskets although remaining quite compact, this plant produces sweet and tangy fruits of medium strength with firm flesh, and is the perfect tomato plant for novice growers or people short on space. (Bush)

SWEET VALENTINE F1

£2.55 Tomato

(10 seeds minimum)

Sweet Valentine plants produce attractive heart-shaped fruit. It is a well-branched determinate patio-type tomato with a very compact self-mounding or cascading plant habit, 30-40 cm in height and produces an abundance of tasty fruits. (Bush)

TUMBLING TOM YELLOW

£2.05 TOMATO

(20 seeds minimum)

An exciting plant with rich, golden, apricot-coloured fruit growing on compact pendulous trusses. It is best grown in a hanging basket or tall container when its cascading fruit can be ornamental as well as being sweet and tasty to eat. (Bush)

TIGERELLA

£1.60 TOMATO

(20 seeds minimum)

Amongst the finest medium-sized tomatoes we've grown. Tigerella (aka Mr Stripey) are completely greenback free, have a unique rich flavour, crop heavily indoors or out and ripen more than three weeks earlier than varieties such as Moneymaker. (Cordon)

VINTAGE WINE

£1.85 TOMATO

(20 seeds minimum)

A favourite of gourmet grocers, this sensational, potato-leafed plant has fruit which is a gorgeous deep pink with golden streaks, whilst the firm flesh has a strong, unusually fruity flavour. (Cordon)

TIM'S BLACK RUFFLES

£2.50 TOMATO

(20 seeds minimum)

This rare but fabulous tomato gives heavy crops of fruit, packed with the delicious flavours expected from one of the best black tomatoes. This heavily creased tomato is a cross of Black Krim and Zapotec Pleated. (Cordon)

ZANZIBAR F1

£2.70 TOMATO

(10 seeds minimum)

An early plump cherry tomato with a deep orange colour. The fruits weigh about 1/2 ounce and have a sharp taste with a thin skin unlike some other cherry tomatoes. The plants are vigorous and the fruit has good resistance against cracking. (Cordon)

Other vegetables

CONNOVER'S COLOSSAL

£1.90 ASPARAGUS

(100 seeds minimum)

These bright green spears with succulent, deep purple tips and a huge yield are one of the most sought-after vegetables, and are not difficult to grow if kept well-fed and weed-free, plants remain productive for at least 15 to 20 years. RHS AGM winner.

BLACK BEAUTY

£1.85 AUBERGINE/EGGPLANT

(40 seeds minimum)

Popular and reliable with gardeners since Edwardian times, Black Beauty is an early-medium variety of aubergine. The sturdy plants grow to about 4 feet tall and produce good crops of 4" to 6" long glossy, purple-black, oval fruit.

BRAZILIAN OVAL ORANGE

£2.05 AUBERGINE/EGGPLANT

(20 seeds minimum)

The attractive oval aubergine fruit of this rare variety are borne in heavy clusters on bushy habit plants with dark green foliage that provides plenty of cover from the sun. Despite the name, the fruit changes colour from green through orange to scarlet.

JAPANESE WHITE EGG

£2.05 AUBERGINE/EGGPLANT

(20 seeds minimum)

The Japanese White Egg produces large quantities of very attractive 2-3" oval creamy white fruit all season long. The fruit have a delicate flavour with little trace of bitterness. Perfect for use in stir frying.

OPHELIA F1

£2.55 AUBERGINE/EGGPLANT

(20 seeds minimum)

This compact aubergine is ideal for growing in a large pot on a patio or where space is tight. The two foot tall dwarf plants produce lots of egg-sized, baby aubergines. The fruit have no bitter after taste and store well after picking.

AVALANCHE F1

£1.90 BEETROOT

(200 seeds minimum)

Produces pure white roots with a round uniform shape and a fantastic sweet flavour. This high yielding white beetroot perfectly complements fish and poultry dishes whilst retaining its flavour through cooking.

BOLTARDY

£1.80 BEETROOT

(200 seeds minimum)

Boltardy can be sown earlier in the year than all others, then right through to mid summer and is slow to run to seed. Yielding perfect, globe-shaped beets of superb flavour and colour. Young leaves can be used for baby leaf production. RHS award winner.

BULL'S BLOOD

£1.80 BEETROOT

(200 seeds minimum)

A Victorian heirloom, which is often grown as an ornamental, on account of its dark crimson, almost black leaves which taste sweet if picked young. The globe-shaped roots have a good flavour and on being cut open reveal attractive pink rings.

CHELTENHAM GREEN TOP

£1.70 BEETROOT

(250 seeds minimum)

This very heavy cropping old show bench variety has been around since well before the 1880s in England. It has long red parsnip-like roots and an excellent, delicate flavour, and is paler red in colour when cooked than most modern globe beetroots.

CHIOGGIA

£1.90 BEETROOT

(200 seeds minimum)

The ball-shaped, mild and sweet roots of this Italian (1840's) heirloom are resistant to bolting and have light red skin. Cutting open reveals attractive alternating dark pink and white rings (another name is Candy Stripe Beet).

DETROIT RED GLOBE

£1.80 BEETROOT

(250 seeds minimum)

A 19th century US heirloom beetroot producing fantastic, smooth, uniform, ox-blood globular beet with luxuriant red-veined leaves. This variety is resistant to downy mildew and does well in all kinds of soils.

GOLDEN BEET

£2.05 BEETROOT

(200 seeds minimum)

A globe-rooted, 19th century, USA heirloom beet with golden-orange skin, sweet golden-yellow flesh and bright green leaves which are tasty when cooked. It is resistant to bolting and if harvested young retains its flavour well.

BLACKBERRY TUPI

£2.70 BERRY

(30+ seeds minimum)

These seeds, which have been stratified ready to sow, have been collected from Tupi, one of the best cultivars sold for sweet snacking. They produce thorny upright plants bearing really large, black, sweetest and most succulent luscious fruits quite late in the season.

BLUEBERRY

£2.55 BERRY

(30 seeds minimum)

Blueberries (*Vaccinium corymbosum*) are high in vitamin C and anti-oxidants which can defeat bladder and cystitis problems. These are very heavy-cropping plants with a diversity of different habits and include early and late fruiting varieties.

CRANBERRY

£2.50 BERRY

(10 seeds minimum)

Large, red, vitamin-filled berries are produced on evergreen plants in mid to late summer. The wild cranberry (*Vaccinium macrocarpon*) is an evergreen, ground-cover plant native to North America which flourishes in boggy conditions and contains very few seeds indeed.

GOJI BERRY

£2.65 BERRY

(100 seeds minimum)

(*Lycium barbarum*) Compact long-lived bushes bear small purple and white flowers in early summer followed by plump, juicy, sweet red 'superfruits' bursting with vitamins and minerals, which are produced all summer long, right up to the first frosts.

GOJI BERRY BLACK PEARLS

£2.95 BERRY

(30 seeds minimum)

Exclusive NEW release by Plant World! Jealously guarded for many years in a small area of China, these compact, long-lived bushes bear heavy, hanging branches dripping with clusters of plump, juicy, pearl-sized, sweet black fruits.

GOLDEN BERRY 'GIGANTE'

£2.30 BERRY

(25 seeds minimum)

Tall, erect, sticky-haired stems carry sizeable 'paper lanterns' which contain the largest and juiciest fruits of all the golden berries. This is the physalis variety sold at inflated prices in supermarkets and used to adorn expensive desserts in restaurants.

GOLDEN PEARLS

£2.70 BERRY

(50 seeds minimum)

This brand new sweet golden form of the Wonderberry (*Solanum villosum*) grows in bunches resembling yellow currants, which appear soon after being grown, either in a pot or open ground. In Africa the leaves are apparently eaten like spinach.

WONDERBERRY

£2.50 BERRY

(50 seeds minimum)

A superb newcomer, resembling the garden huckleberry, but with a far superior taste, especially when cooked. Quick and easy to grow in a container, garden or greenhouse, producing thousands of small, unusual-flavoured, sweet blackcurrant-like fruits.

MASTERPIECE GREEN LONGPOD

£1.90 BROAD BEAN

(25 seeds minimum)

Arguably the best green-seeded variety, growing well in most conditions, and producing good pod lengths with up to 7 beans per pod, with superb flavour and table qualities. This top RHS AGM variety grows to about three feet high and is excellent for freezing.

THE SUTTON

£1.90 BROAD BEAN

(25 seeds minimum)

A dwarf (18"-24") self-supporting, bushy broad bean which can be spring-sown, or overwintered if protected using cloches. It produces compact plants with multi-heads of beans with around 5 beans per pod. A heavy yielding plant.

GREEN SPROUTING CALABRESE

£1.70 BROCCOLI

(250 seeds minimum)

Producing a long succession of bluish-green heads averaging 3 to 5 inches across, these tall, erect plants with an excellent flavour and long cropping season are the original forms, which are still firm favourites in spite of the appearance of modern F1 hybrids.

ROMANESCO

£1.95 BROCCOLI

(150 seeds minimum)

This celebrated Italian heirloom produces attractive lime green heads made up of a mass of small conical florets. It has a superb flavour and a more tender texture than regular broccoli and grows exceptionally well in cool Northern areas.

DARKMAR 21

£1.75 BRUSSELS SPROUTS

(150 seeds minimum)

A high quality Bedfordshire variety of mid-late main crop Brussels Sprouts which produces a heavy yield of large, fine-flavoured, deep green sprouts from late November and on through the winter, even in the harshest weather.

GOLDEN ACRE

£1.80 CABBAGE

(400 seeds minimum)

An excellent summer ball head cabbage with solid heads which are more uniformly round than other summer varieties with fewer outer leaves. This variety is easy to grow and does very well indeed in cool weather.

RED DRUMHEAD

£1.80 CABBAGE

(300 seeds minimum)

This popular heirloom variety produces a round solid heart in stunning red with dense leafy heads in a variety of red/purple shades. This versatile cabbage is adaptable to heat, whilst also producing crops between mid summer and winter.

ATOMIC RED

£1.95 CARROT

(400 seeds minimum)

A long red carrot, rich in vitamins and minerals - especially high in the anti-oxidant lycopene. When peeled and cooked the carrots turn deeper blood red in colour and are particularly suitable for stir frying.

CHANTENAY ROYAL

£1.85 CARROT

(400 seeds minimum)

A short, stump-shaped carrot which gives heavy yields, the roots having golden-orange flesh with a sweet taste and retaining their flavour even when large. These carrots, which rarely split, are the ones to choose if your soil is heavy.

SNOWMAN F1

£2.85 CARROT

(200 seeds minimum)

This new F1 carrot forms a good, uniform tapered, bright-white coloured root with no external or internal greening. The roots are vigorous and tasty with less erect foliage than other carrots. Certainly worth trying if you want a little novelty in your carrot patch.

NIGHT BIRD F1

£2.05 CARROT

(200 seeds minimum)

Probably the darkest carrot we've ever seen with deep purple flesh, appearing almost black, and a small white core. This very vigorous Imperator hybrid carrot grows 6 to 10 inches long and reaches maturity in ten weeks.

SOLAR YELLOW

£2.05 CARROT

(400 seeds minimum)

Solar Yellow carrots have a unique juicy buttery flavour and characteristic crunch. The 6"-7" roots are broad at the top and through most of their length. Harvest young finger-sized carrots if eating them raw.

PARIS MARKET BARON

£1.65 CARROT

(400 seeds minimum)

A 19th century French heirloom, Paris Market Baron are deliciously tender, bite-sized, round carrots, with a very smooth skin. Early maturing and uniform, even in a window box, they are ideal for growing in shallow or stony soil.

ALL YEAR ROUND

£1.70 CAULIFLOWER

(100 seeds minimum)

A popular, versatile variety, ideal for successional sowing, which produces large velvety-white, well protected heads with an exceptional flavour. These are great for shows, freezing or eating fresh from the garden as they retain their flavour when boiled or steamed.

RED SAMURAI

£2.05 CARROT

(400 seeds minimum)

A slender tapering red-skinned Japanese carrot with lovely pink flesh which holds its colour even after steaming. This main-crop carrot can also be used raw to enliven a salad.

SNOWBALL

£1.60 CAULIFLOWER

(100 seeds minimum)

A versatile early cauliflower which can be used all season. Introduced in 1888, the compact plants form 6" wide snow white heads with crisp, tender curds which are well-protected by the outer leaves. The variety is downy mildew resistant.

ROMANCE F1

£2.05 CARROT

(200 seeds minimum)

A strong-tasting carrot with excellent uniformity, good skin finish and bright colour. For the second time in a row, Romance was awarded the 'Best tasting carrot' at the yearly field day of the British Carrot Grower Association.

GOLDEN SELF-BLANCHING

£1.70 CELERY

(500 seeds minimum)

This favourite heirloom (1884) variety produces creamy white stalks which are tender, high quality and plentiful with a deliciously sweet taste. They are easy to grow and self blanching, making them a lot easier than other varieties which require constant of attention.

GREEN UTAH

£1.80 CELERY

(500 seeds minimum)

Green Utah is a very popular American celery producing tall, delicious, string-less, well-rounded solid stalks which are easily blanched and have a distinctive nutty flavour. This compact variety has excellent disease resistance.

WHITE PAK CHOI

£1.90 CHINESE LEAVES

(250 seeds minimum)

A popular Chinese variety producing striking, clean white stalks holding fabulous, rich, dark green leaves which can be eaten raw when young in salads, or left to mature and then cooked. The compact plants are resistant to weather changes and are slow to bolt.

RHUBARB CHARD

£1.85 CHARD

(150 seeds minimum)

A colourful and tasty form of Swiss Chard with rich ruby-red leaf stalks and dark waxy green-purple leaves. The succulent mid-ribs can be cooked like asparagus and can also be harvested at the baby leaf stage for micro greens. Absolutely delicious!

WONG BOK

£1.85 CHINESE LEAVES

(250 seeds minimum)

Large barrel shaped heads, with crisp light green leaves grow typically up to 2.5kg. Fast growing and ready for harvest in 10 weeks, this versatile vegetable adds crunch to salads, coleslaws and flavour to stir fries, and is a useful steamed vegetable.

SWISS CHARD SILVER WHITE

£1.70 CHARD

(150 seeds minimum)

Actually native to the Mediterranean, this is one of the easiest varieties to grow and is an excellent source of vitamins and iron. The beautiful, emerald green leaves have a strong agreeable flavour making it perfect for eating raw or cooked.

BARLOTTA LINGUA DI FUOCO

£1.95 CLIMBING FRENCH BEAN (50 seeds minimum)

"Tongues of fire" is an Italian climbing French bean, with attractive red-purple and green speckled pods. This versatile bean can be cropped young and the pods eaten as flageolets or allowed to mature when the ripe beans can be eaten as haricots.

STRAWBERRY SPINACH

£2.25 Chenopodiaceae

(50 seeds minimum)

Confound your friends at dinner parties with "fruit" in the salad bowl! And you can eat the leaves of the same plant like spinach. This very quick growing and amusing plant produces little red "strawberries" all the way along its stems.

BLUE LAKE

£1.90 CLIMBING FRENCH BEAN (50 seeds minimum)

This drought-resistant gardeners' favourite produces a high yield of string-less full flavoured beans which retain their sweet taste and tender texture when cooked. If left on the plant their dried white seeds can be used as haricot beans.

TATSOI

£1.65 CHINESE LEAVES

(150 seeds minimum)

This attractive, easy-to-grow, hardy Asian variety produces a thick rosette of dark green nutritious oval leaves which have a creamy texture and a mild but distinctive flavour that makes them perfect for eating raw or cooked whether in salads, stir fries or in soups.

ATENA POLKA F1

£2.25 COURGETTE

(10 seeds minimum)

This attractive, tasty, yellow fruited courgette grows rapidly in great numbers, up to 20cm (8in) long, with superb flesh and thin skins. The attractive, shiny golden-yellow fruits have a wonderful nutty flavour and texture and appear regularly throughout the summer.

PICCOLO F1

£2.25 COURGETTE

(10 seeds minimum)

A dual-purpose variety producing lots of nearly round green striped courgettes, which are a great for kebabs. These fruits can also be left to mature into small marrows, which are perfect stuffed. A neat spine-free bush habit. Perfect for containers.

MASTERPIECE

£1.80 CUCUMBER

(20 seeds minimum)

An early outdoor British ridge cucumber. This reliable cultivar produces heavy yields of 8 inch long, plump, dark green-skinned cucumbers. The flesh is crisp and white and perfect when sliced up in summer salads.

ROYAL FLUSH F1

£2.15 COURGETTE

(10 seeds minimum)

These baby courgettes were specially bred to produce huge crops of tender dark green fruit. The plant's compact size means they are ideal for growing in containers or patio tubs. They can be harvested with the flower either left on or taken off.

CUCAMELON

£2.60 Cucurbitaceae

(20 seeds minimum)

These small Central American fruits look like tiny watermelons but taste of cucumber with a hint of citrus fruit. They can be grown like regular cucumbers and trained up canes or wires. They are hardy enough to grow well outside and are drought resistant.

ZUCCHINI BLACK

£2.35 COURGETTE

(20 seeds minimum)

An Italian, early, fast growing, long-season, high yield courgette with rich, shiny, dramatic midnight black fruits perfect for steaming, baking and stuffing or even freezing. These fruits containing Beta Carotene to keep you healthy whilst also tasting delicious.

NASSAU

£1.80 DWARF FRENCH BEAN

(50 seeds minimum)

This flat podded vigorous variety produces long straight pods which are renowned for their flavour. They are resistant to Halo Blight and Bean Common Mosaic virus. They have a high production rate and the high-growing pods make them easy to pick.

IZNIK F1

£3.55 CUCUMBER

(5 seeds minimum)

This superb, all-female "cocktail cucumber" has fresh green, seedless, finger-like fruits that are small (around 4 inches). Exceptionally, intense, old fashioned nutty flavour, maturing very early on productive plants. High resistance to disease.

BORAGE

£2.15 HERB

(150 seeds minimum)

This popular herb has attractive white edged hairy leaves which are tender and juicy and can be used in salads and drinks. Delicate star-shaped blue flowers (perfect in cold drinks!) appear all summer long. An intriguing talking point whether in the herb or flower garden.

MARKETMORE

£1.85 CUCUMBER

(20 seeds minimum)

A very reliable English heirloom outdoor ridge variety of cucumber with good resistance to Mosaic Virus and mildew, which also tolerate dry conditions, making them easy to grow. They produce rich, prickly, emerald green cylindrical fruits.

CHAMOMILE

£2.15 HERB

(500 seeds minimum)

This attractive herb produces pretty white flowers with yellow cone-shaped centres and light green feathery foliage. The flowers give off an apple-like fragrance when crushed. It is widely used in herbal medicine, often as an aid to sleep and digestive problems.

CORIANDER

£1.90 HERB

(90 seeds minimum)

This highly fragrant herb, originates from the Mediterranean and Asia where the leaves (Cilantro) are grown to be used raw in salads and salsa, or cooked into bread or curries. The seeds (Coriander) are also often used to add flavour and dimension to dishes.

DILL

£1.90 HERB

(300 seeds minimum)

Giving a tangy addition to pickles, salad dressing and fish dishes, fresh dill is easy-to-grow during summer/early autumn and it is easy to dry to make it available throughout the year. Its green leaves are wispy and fern-like with a soft, sweet taste.

GARLIC CHIVES

£1.80 HERB

(200 seeds minimum)

This versatile herb can be either a house plant or a herb, with broad, flat leaves which are perfect to use as ordinary chives and bulbs which can be fried like an onion. The fragrant white flowers capable of perfuming a whole room can be used in salads.

GOLDEN PURSLANE

£2.05 HERB

(1000 seeds minimum)

The succulent leaves have a more subtle golden hue compared to Garden Purslane and are more tender although with a superior flavour and very popular in French cuisine. Raw the leaves have a peppery tang which gives them a nice contrast to other salad leaves.

ITALIAN GIANT PARSLEY

£1.85 HERB

(300 seeds minimum)

This hardy flat-leaved parsley with high pest and disease resistance is extremely easy to grow producing large, dark green and smooth leaves with an intense flavour that makes it perfect for cooking. The versatile leaves can be used fresh, dried or frozen.

OREGANO

£1.95 HERB

(500 seeds minimum)

This sweetly-smelling, aromatic foliage is commonly used in Mediterranean cuisine and is perfect sprinkled on lamb or pork before cooking and with rich meat dishes, grilled fish and for flavouring oils. The dried flowers are used for flavouring.

RED RUBIN BASIL

£1.75 HERB

(300 seeds minimum)

This fragrant basil with vibrant purple leaves and a strong taste blended with a hint of the sharpness of cloves also produces pink flowers making it a superb ornamental plant. It is perfect when used fresh for making vinegar and oils as well as adding colour to salads.

ROSEMARY

£1.80 HERB

(100 seeds minimum)

This hardy herb withstands droughts well and can survive for many years with only the most basic of tending making it an excellent addition to any herb garden. The fragrant leaves, ideal for drying, are perfect for meat, fish, soups and stews.

RUSSIAN TARRAGON

£1.85 HERB

(500 seeds minimum)

A vigorous and easy to grow variety of tarragon, this plant produces branching stems of narrow pointed, aromatic emerald green leaves which have a milder flavour than other varieties making them perfect for fish, poultry, sauces and tarragon vinegar.

SPEARMINT

£1.80 HERB

(500 seeds minimum)

This common, attractive variety of mint has aromatic forest green, serrated leaves and violet-blue flowers. Easy to grow and surviving well in nearly all climates spearmint can be used dried or fresh to complement potatoes and peas and add flavour to sauces.

SWEET GENOVESE BASIL

£1.85 HERB

(750 seeds minimum)

Often known as the best variety of basil for home-made pesto, this variety produces oval aromatic leaves which are curved inwards and are perfect in salads or tomato dishes. Easy to grow, this basil is the perfect companion to home grown tomatoes.

THYME

£1.80 HERB

(500 seeds minimum)

This hardy perennial can be picked and used all year round. With attractive, small green, clustered leaves and pastel pink flowers it is an attractive addition to any herb garden and is perfect for stuffings, poultry dishes and stews.

TRIPLE CURLED PARSLEY

£1.70 HERB

(750 seeds minimum)

A large and bushy vigorous variety of parsley with closely curled dark green leaves. It is fast growing and holds for a long time when mature, making harvesting easy. Excellent taste.

NERO DI TOSCANA

£1.85 KALE

(150 seeds minimum)

This very resilient, easy to grow kale is resistant to heat and aphids. The dark, deliciously flavoured, emerald-green loose leaves, which appear an eye-catching black at a distance, are perfect in many cooked dishes, or when small in salads.

SCARLET KALE

£2.05 KALE

(150 seeds minimum)

This attractive hardy variety sports curly, dark-green/purple leaves streaked with red veins which intensify in colour after the first frost. The vitamin-rich leaves can be harvested young as salad leaves or harvested later as winter greens.

SIBERIAN IMPROVED KALE

£1.80 KALE

(150 seeds minimum)

This extremely cold-hardy Siberian Kale, which originated in Russia, has flat, broad, deeply-cut and ruffled blue green leaves which grow on long, succulent, sweet stalks. A heavy frost just improves the flavour of the leaves.

BLUE SOLAISE

£1.80 LEEK

(200 seeds minimum)

A traditional French winter heirloom that is hardy and cold-resistant as well as being an attractive addition to the cottage garden. The flags are blue-green which turn violet after a cold spell whilst the shanks are thick/medium length.

MUSSELBURGH

£1.85 LEEK

(200 seeds minimum)

This famous and delicious Scottish 19th century heirloom variety of winter leek has large, very thick stems which have a fantastic sweet yet mild flavour. This variety is winter hardy and is slow to bolt.

FORELLENSCHLUSS

£2.05 LETTUCE

(200 seeds minimum)

An Austrian romaine lettuce, with the excellent taste and texture of a butterhead. The name means "speckled like a trout" and comes from the leaves' distinctive appearance with large splashes of deep red on green.

GREAT LAKES

£1.70 LETTUCE

(250 seeds minimum)

This heritage, medium to large-headed Iceberg lettuce has a denser head than any European variety bred prior to it. It produces crisp, bright green leaved heads in 90 days.

LOLLO BIONDA

£1.95 LETTUCE

(250 seeds minimum)

This attractive Italian lettuce produces an emerald mound of frilly leaves with a loose heart making it less appealing to slugs than Butterhead varieties. An eye-catching lettuce producing leaves for more than 3 months if they are taken from the outside.

LOLLO ROSSO

£1.90 LETTUCE

(200 seeds minimum)

Lollo Rossa is a pretty Italian loose-leaf lettuce with frilly bordeaux red leaves that taper to green hearts. The crisp texture, mild taste and attractive appearance make them an essential addition to salads.

REINE DES GLACES

£1.90 LETTUCE

(250 seeds minimum)

Supreme among crispheads, the 'Queen of the Ice', is ideal for early spring sowing, remaining crisp and resisting bolting later. The lighter green, sweet, succulent heart has a crunchy texture and distinctive mild bitter taste, making it a favourite amongst chefs.

TOM THUMB

£1.80 LETTUCE

(250 seeds minimum)

Tom Thumb, a still very popular Victorian English heirloom lettuce, is a very compact, early butterhead with a small tightly bunched head. The ruffled outer leaves are light medium green while the centres are creamy white with a pleasant buttery taste.

YUGOSLAVIAN RED

£1.90 LETTUCE

(250 seeds minimum)

One of the most beautiful butterhead lettuces you can grow with bright green cupped leaves splashed with rosy-red. The succulent leaves are superb, buttery and mild, the loose heads grow to around 30cm across and can be harvested in about 55 days.

EARLY SILVERLINE

£1.80 MELON

(10 seeds minimum)

A unique, elongated oriental early melon with white, crisp, sweet and fragrant flesh. This tiny, delicious, gourmet melon is rarely found in markets. The yellow skin is lined with silvery furrows, and is so thin it can be peeled like an apple.

EDEN'S GEM

£1.90 MELON

(10 seeds minimum)

This early variety has small, cricket-ball-sized fruits of a pound or more, with a complex spicy flavour, green flesh, and a heavily netted skin. Amy Goldman, author of 'Melons for the Passionate Grower', says this variety 'may cause drooling!'

PEPITO F1

£2.30 MELON

(10 seeds minimum)

A Cantaloupe Melon variety, producing Rugby Football shaped fruit, typically weighing a couple of pounds. The flesh has a deep orange colour and great flavour. The rind features an attractive combination of fine netting and bright green longitudinal bands.

PETIT GRIS DE RENNES

£2.05 MELON

(10 seeds minimum)

A 17th century French strain originally from the garden of the Bishop of Rennes. An early variety which is well adapted to cooler climates. The fruit are smooth-skinned with slight ribbing and weigh about 2 lbs. The orange flesh has a superb flavour and delightful scent.

PLUM GRANNY

£1.95 MELON

(10 seeds minimum)

Sometimes also known as Queen Anne's Pocket Melon, this very fragrant white-fleshed, long-established heirloom variety has quite small apple-sized fruits with an attractive yellow and orange-red striped skin.

TIGGER

£1.95 MELON

(10 seeds minimum)

The most amazing looking melon you can grow with fruits that are vibrant yellow with brilliant fire-red, zigzag stripes. Heavy yielding, they are also the most fragrant melons you can taste, with a rich, sweet, intoxicating aroma that will fill a room.

AILSA CRAIG

£1.80 ONION

(300 seeds minimum)

This traditional favourite, named after a small island off the Scottish coast, has a distinctive globe shape with straw coloured skin and white flesh. The bulbs can grow very large and be used for exhibition, while their tolerance to cool weather makes them very reliable.

LONG RED FLORENCE

£1.70 ONION

(300 seeds minimum)

This Tuscan heirloom has long red bottle-shaped bulbs with an excellent mild-sweet flavour, so is particularly suited for use raw in salads. Can either be pulled young as spring onions or allowed to mature for August cropping.

RED BRUNSWICK

£1.75 ONION

(300 seeds minimum)

A medium to large German variety of dark red onion with blood-red skin and white, spicy flesh with a flattened top that stores very well. It is best planted in spring, harvested in autumn and doesn't mind being planted closely together.

COUNTESS F1

£2.40 PARSNIP

(200 seeds minimum)

A superb main-crop variety of Parsnip known for its uniform, conical, white-skinned roots. Its flavour and taste are first rate and it is noted for its vigour and yield. It is resistant to disease and adaptable to a wide range of soils and conditions. (RHS AGM winner).

GREENSHAFT (HURST)

£1.80 PEA

(200 seeds minimum)

If you're going to sow only one pea, it should be 'Hurst Green Shaft'. A sweet-tasting, wrinkle-seeded, tall, super heavy-yielding variety, with long, 4-5 inch pods, with 9-11 peas in a pod, and double podded too, and it even resists downy mildew and fusarium wilt.

LINCOLN

£1.75 PEA

(250 seeds minimum)

A compact, heavy-yielding main-crop which stands the heat better than most and also resists wilt. The plants produce 6-9 sweetly flavoured peas in dark green curved pods and are great for follow-on sowings, producing peas until September.

OREGON SUGAR POD

£1.95 PEA

(150 seeds minimum)

An award-winning mange-tout sugar pea which produces pods in clusters of two rather than the usual one. Consequently, a very heavy yielding variety with good disease resistance. The sweet, crunchy pods are ideal for use in stir-fries.

SHIRAZ

£1.80 PEA

(200 seeds minimum)

A purple podded snow pea variety producing attractive, flat, purple pods with good flavour. Very slow seed development and are often used in stir fries. Resistant to Powdery Mildew. Can be sown from March to June (or in November if overwintering).

ALMA PAPRIKA

£2.05 PEPPER

(25 seeds minimum)

Extremely productive plants are loaded with small, rounded, thick-walled peppers, ripening from creamy-white to red, and with a mild flavour that is a wonderful combination of slightly warm but sweet and tangy. (Heat-1)

BEAUTY BELL F1

£2.25 PEPPER

(10 seeds minimum)

This early-fruiting sweet pepper is an attractive blocky pepper with large, thick-walled, square-shaped fruits. They start off green and turn fiery red and are high yielding. They are suitable for growing in a greenhouse or in a sheltered position outside.

TABALUGA F1

£2.85 PEPPER

(8 seeds minimum)

Hot Pepper. F1 variety. Excellent patio variety. Open plant habit, decorative plant. Fruits are spicy, they ripen from light green into deep red and have a weight of approx. 60 gr. Fruit length is approx. 15 cm. Eye catching for any balcony. Use in soups, sauces.

JIMMY NARDELLO'S

£2.40 PEPPER

(10 seeds minimum)

Producing 25-35cm fruits, which are sweet and light when eaten raw, this lovely variety is also considered one of the very best sweet peppers for frying, and is still registered as 'endangered' on the USA Slow Food Ark of Tastes. (Heat-0)

WISCONSIN LAKES

£2.40 PEPPER

(20 seeds minimum)

This reliable and heavy yielding sweet red pepper, bred especially for northern gardens, has thick, meaty, juicy sweet walls. A heavy producer. Our trial plants at Plant World had so many fruits they had to be caned to stop them falling over! (Heat-0)

PETER PEPPER

£2.65 Pepper

(10 seeds minimum)

This rather rude-looking, very hot pepper, grows to between four and six inches long, in shocking-red, (hence called "The Most Pornographic Pepper" by Organic Gardening Magazine.) We hope you will forgive us for selling such an offensive-looking item!

ATLANTIC GIANT

£1.70 PUMPKIN

(10 seeds minimum)

Giant pinky-yellow pumpkins which have been developed over the years to grow to produce the maximum sized fruit of any plant. Although grown primarily for competition, the dark flesh of the mature pumpkin is tasty enough when used as pie filling.

SCOTCH BONNET - RED

£2.05 PEPPER

(20 seeds minimum)

Named for its resemblance to the Scottish Tam o'Shanter hat, this one is really very, very hot and tastes best fresh, but can also be frozen or pickled or even put in olive oil very successfully. They are especially useful in hot sauces and condiments. (Heat-4)

ROUGE VIF D'ETAMPES

£1.95 PUMPKIN

(10 seeds minimum)

French heirloom variety resembling Cinderella's carriage and earning it its nickname 'Cinderella' this pumpkin has attractive flame-orange-red flesh, low seed content and full, moderately sweet flavour, and so is excellent for cooking!

SWEET CHOCOLATE

£2.05 PEPPER

(25 seeds minimum)

This uniquely-coloured, early-fruiting, sweet and delicious mild-flavoured pepper has thick-walled red flesh, and when ripe turns a gorgeous chocolate-brown on the outside. Ideal for Northern gardeners. (Heat-0)

BLACK SPANISH ROUND

£1.75 RADISH

(250 seeds minimum)

A sweet and mild, very hardy winter radish with snowy-white succulent flesh and a near black skin which lacks the fieriness found so often in summer varieties. It has probably been grown since at least the 16th Century.

DIANA

£1.85 RADISH

(200 seeds minimum)

This new introduction has a distinctive, attractive purple skin with a white tip. They are resistant to cracking and bolting and are quick to harvest - taking only 35-40 days from sowing to reach maturity and can be succession sown from spring until early autumn.

ICICLE

£1.75 RADISH

(300 seeds minimum)

These gorgeous slender radishes are very rapid-growing, with uniformly-thick, cone-shaped pointed roots, which are so crisp and tender that you can snap them in half. They are firm and long with a spicy mild-flavour, with just a hint of pepper.

TOPSI

£1.70 RADISH

(300 seeds minimum)

Topsi produces a scarlet round radish with fine roots, thin skin and firm crunchy white flesh, and can be grown as a "catch crop" between other slow growing vegetables. As its name suggests this is a fast-growing and early radish.

VIOLA

£1.75 RADISH

(250 seeds minimum)

This new round radish has violet coloured skin and tasty, snow white flesh. Resistant to cracking and bolting, it is typically harvested after 35-40 days. A popular salad item which is high yielding in limited space, it is an excellent catch crop throughout the season.

WATERMELON

£1.90 RADISH

(150 seeds minimum)

A large, sweet heirloom Chinese Daikon radish which is white outside with green shoulders, whilst the inside is red giving a stylish gourmet presentation when sliced. Also called "red meat" radish, but can safely be eaten by vegetarians!

VICTORIA

£2.05 RHUBARB

(50 seeds minimum)

The gold standard best rhubarb, with large, fat stems, bright red skin, lack of stringiness, and an apple-gooseberry flavor with a hint of lemon or grapefruit. This famous heirloom was bred in the 1830's by Joseph Myatt in Deptford, England.

STRAWBERRY 'TEMPTATION' F1

£2.75 Rosaceae

(30 seeds minimum)

An excellent 'sweetheart' variety producing dark red sweet-tasting fruit on compact dark green plants. This variety is almost runner-less so is ideal for use in hanging baskets, grow bags or patio containers.

DESIREE

£1.90 RUNNER BEAN

(25 seeds minimum)

This favourite, white flowered, few white-seeded, totally stringless runner bean has long, tender, broad pods up to 30cm long, and will bear very heavy crops, even from a small area, and especially in dry conditions. A superb vegetable!

LADY DI

£1.85 RUNNER BEAN

(25 seeds minimum)

These superb long, slim and fleshy runner beans tolerates heat well and are completely string-less. They give a heavy crop of tender delicious dark green pods over a very long season and received the RHS 1999 Award of Garden Merit.

SCARLET EMPEROR

£1.90 RUNNER BEAN

(25 seeds minimum)

A popular, good-yielding, old favourite English runner bean with striking red blossom and large pods which contain deep purple beans speckled with red or lavender when mature.

SALAD ROCKET

£1.65 SALAD LEAF

(1000 seeds minimum)

This quick-growing, deeply-notched leaf (also called Cultivated Rocket) is becoming a firm favourite either for salad use or cooked, when it makes a good spinach substitute. With a delicious nutty, peppery taste it is ideal for window-sill or garden.

WILD ROCKET

£1.65 SALAD LEAF

(1000 seeds minimum)

Spice up your salads with wild rocket, with deep green, serrated foliage which has the same distinctive flavour as its standard namesake but is more intense. Wild Rocket is perfect for 'cut and come again', growing right through the year with protection.

GRANON

£1.85 SALAD LEAVES

(300 seeds minimum)

A fantastic quite unique flavour, and high yields, this robust plant produces small compact rosettes with tender leaves that stay round and succulent even when old. Maturing in 35 days, plants may be cut whole, but it is also perfect for cut-and-come-again.

PEPINO (MELON PEAR)

£2.90 Solanaceae

(10 seeds minimum)

The gorgeous round fruits of the Melon Pear are cream skinned with purple streaks and have deliciously sweet and juicy flesh which is a succulent mixture of honeydew melon and cucumber. It is grown in a manner similar to its relatives such as the bush habit tomato.

BLOOMSDALE SAVOY

£1.90 SPINACH

(300 seeds minimum)

These large, dark, glossy green and very crinkled leaves are excellent in salads, soufflés, stuffing or as a cooked green. There is a very good chance that when you purchase the best fresh spinach it is Bloomsdale Long Standing spinach.

NEW ZEALAND SPINACH

£1.95 SPINACH

(50 seeds minimum)

Vitamin-filled New Zealand spinach is milder tasting than its distant relation 'true spinach' and does not bolt in dry soils, making a triangular-leaved bush spreading 2-3 feet in all directions. (Discovered by Captain Cook in the 18th century!).

WHITE LISBON WINTER HARDY

£1.75 SPRING ONION

(500 seeds minimum)

This quick-growing, award-winning salad onion produces crisp succulent stems with a characteristic 'bite' to them. Seed can be sown in succession for a continuous crop all spring, summer and autumn.

BLACK FUTSU

£2.05 SQUASH

(10 seeds minimum)

A rare black Japanese squash. The fruit are round with a flattened top and have heavy ribbing. The black of the mature fruit turns a rich chestnut colour while in storage. The flesh is golden and has the rich taste of hazelnuts.

CORNELL'S DELICATA

£1.85 SQUASH

(10 seeds minimum)

These very pretty, elongated white and green striped, dwarf fruit contain yellow flesh with a delicate and sumptuously nutty flavour, rich in vitamin A. This award winning compact Cornell strain gives excellent yields and has good disease resistance.

POTIMARRON

£2.05 SQUASH

(10 seeds minimum)

A French Heirloom winter squash with a delicate chestnut flavour. Its French name in fact derives from potiron (pumpkin) and marron (chestnut). Apparently, the longer it is stored the higher its sugar and vitamins increase. (AKA Hokkaido Squash).

QUEENSLAND BLUE

£1.90 SQUASH

(10 seeds minimum)

A good-keeping, turban-shaped Australian gunmetal-grey winter squash with a fine deep golden flesh that is both sweet and fine flavoured and packed with vitamin A. The high sugar content of the flesh makes it ideal for pumpkin pie.

VEGETABLE SPAGHETTI

£1.90 SQUASH

(10 seeds minimum)

When cooked, the flesh of this Chinese vegetable, (actually a winter squash), falls away from the fruit in ribbons and strands, just like spaghetti for which it makes a perfect substitute in countless cooking roles. It contains folic acid, vitamin A and beta carotene.

WALTHAM BUTTERNUT

£2.05 SQUASH

(10 seeds minimum)

'Waltham' is an improved earlier version of the common Butternut squash with very little seed cavity which stores very well too. The rich nutty-flavoured, orange flesh stays firm when cooked. Nothing beats the rich, sweet flavour of winter squash.

WHITE SCALLOP

£1.85 SQUASH

(10 seeds minimum)

A Patty Pan heirloom summer squash. First grown by the native Americans and depicted by European settlers as far back as 1591. It remains one of the best tasting and yielding varieties around today! Great fried and baked. Very attractive flat fruit with scalloped edges.

EARLIBIRD F1

£2.05 SWEETCORN

(40 seeds minimum)

Earlibird is an excellent, early-maturing, super-sweet hybrid, early variety producing 3 or more high-quality cobs, typically 8" in length. Along with Swift, this is probably the best variety to grow in most UK situations.

FIESTA

£2.05 SWEETCORN

(40 seeds minimum)

This multi-coloured variety was developed from traditional Indian corn and produces long cobs with kernels of yellow, red, black, purple, pink, even marbled! The cobs are used for decorative purposes but the kernels are edible if you want a change from uniform cobs.

INCREDIBLE F1

£2.15 SWEETCORN

(40 seeds minimum)

A sugar-enhanced mid-season sweetcorn variety, this is very reliable, heavy cropping and has an incredible flavour! The plants show good tolerance of common rust helping to keep plants healthy during wet summers.

GOLDEN BALL

£1.80 TURNIP

(300 seeds minimum)

Very hardy, dwarf, compact plants produce round roots with tender, yellow, mild-flavoured flesh and with outstanding keeping and exhibition qualities. This is the best of the main crops, and is recommended by the National Institute of Agricultural Botany.

PURPLE TOP MILAN

£1.65 TURNIP

(300 seeds minimum)

A 19th century Italian heirloom which is quick maturing and well suited for cooler climes. The medium-sized roots, with a sweet and mild flavour are very flat with a bright purple top and a white base below soil level, and store well.

GRAPE MADELEINE ANGEVINE

£2.65 Vitaceae

(20 seeds minimum)

Although a number of grape varieties can be successful in Britain, Madeleine Angevine white eating grapes are amongst the most prolific fruiting and also the earliest to ripen: thus are suitable for northern areas. They can also be used for wine-making.

Terms of Business

PLEASE READ CAREFULLY

- ❖ We believe all seeds are correctly named, but because many are open-pollinated, occasional variations may occur and we cannot be held responsible other than for replacement of the seeds.
- ❖ Quantity per packet varies greatly with rarity and amount collected from our plants.
- ❖ ALL orders MUST be accompanied by either Credit Card details, International Giro, Bank Draft (in Pounds Sterling), Personal Cheque in UK Pounds, or Cash (UK Pounds, US Dollars or Euros). Please note that it is advisable to register cash.
- ❖ All orders of 10 packets or more will receive a surprise FREE packet extra.
- ❖ **Three packets of the same variety of seed in our catalogue may be purchased for the price of two. e.g. if one packet is £2.00, pay £4.00 and get the THIRD packet FREE. Simply write 3T in the quantity column.**
- ❖ IMPORTANT: Don't forget that some seeds may run out. When ordering by mail YOU MUST enclose EITHER a list of substitute seeds OR a limited amount cheque (see below) and we will fill in the correct amount. Failure to do this may delay your order and you may receive a credit note.
- ❖ Commercial growers: please see trade terms on the web site.
- ❖ PLEASE NOTE: Only customers ORDERING seed this year will automatically receive next year's seed list, which is sent out in October.
- ❖ You may send in orders by fax on 01803 875018 (24 hour line) but ONLY if you pay by CREDIT CARD.
- ❖ Further orders are welcome on plain paper.
- ❖ If you move please tell us your NEW address and also your OLD one.
- ❖ GIFTS: Please send us a list of seeds with payment (minimum of £10.00), recipient's name and address and the date they are required. We will despatch them with a greeting card and also a message if required.
- ❖ TOKENS: Order these from us with payment of any value desired (minimum of £10.00). A token to this value will be sent to the recipient with a copy of our seed catalogue and also a card or message if requested.
- ❖ Heirloom and Heritage Vegetable seeds are strictly for private use and not for commercial fruit production. By their very nature you may get the odd variant plant.
- ❖ All images and text within the catalogue are the copyright of Plant World Devon Limited.
- ❖ **POSTAGE: UK customers please add £2.00 postage and packaging for ALL orders.**
- ❖ **Please add the following postage: Overseas customers £4.95**

HOW TO FIND US

Follow the large signs from the A380 dual carriageway as you approach Newton Abbot from either Exeter or Torquay. From Exeter turn left and follow the signs for Milber and Combeinteignhead. Drive only 50m up the hill and then turn sharp right at the traffic lights. From Torquay take the signed slip road (to Plant World and Superstore) then turn right at the roundabout, following the signs for Milber as above. Drive for 1.5 miles to reach Plant World which is at the top of a very long hill, on the left hand side.

**Plant World, St Marychurch Road,
Newton Abbot, Devon TQ12 4SE**
