Spring 2021. We hope you are all safe and well and trust that even with all that has been going on you have still been able to enjoy the pleasures of your garden and the plants within it. I gain an enormous amount of enjoyment just seeing the flowers appearing on some of my favourite plants - and this seems to be particularly true at present. With spring hopefully around the corner we are hoping we do not get much extreme weather as the season starts up once again. We are well stocked with an excellent range of healthy looking plants with which we hope to tempt you with some additions or replacements for your garden. The plants we are listing are looking good, budding up and full of potential.

We hope to have sales tables at various Plant Fairs once we are able to - please refer to our "Twitter" page or look on our web site for latest "News". We look forward to being able to welcome customers back here at the nursery but in the meantime we hope to continue sending plants to you by mail order.

We have a good range of plants available at present and many more varieties coming on for the future. Look out in this catalogue for some new additions and some old favourites. The excellent range of *Petiolearis Primulas* including a good stock at present of *P.* 'Netta Dennis' and *P.* 'Tinneys Moonlight' are all looking good for a shady position. A good range of European Primulas including various "Wharfedale's" and "Lindum's" - including the "new" lovely white flowered 'Lindum Ibis'. A good range of *Corydalis* including the showy and reliable *C.* 'Korn's Purple' which are already growing away well and should be flowering by early summer. An excellent range of Autumn flowering Gentians as well as some of the popular *Roscoeas* and many more of our old favourites.

We also offer a range of plant collections, these are always good value and always include our selection from the best plants available at the time of ordering. We can often quote to make up collections for specific requirements, please enquire.

www.plantwithaltitude.co.uk is now available with a download of our latest catalogue. As time permits we will add latest offers and news to the site which we hope will be of interest to those with web access. A web shop was added to the web site in the spring of last year and is regularly updated with plants in short supply - well worth a look.

Most of the plants we offer are grown with little or no protection at our Nursery in the North Pennines. The plants we deliver by mail order are the same plants sold at the Nursery. We send the plants in their pots usually by either Royal Mail or a 48 Hour Carrier Service, carefully wrapped so that once received, apart from having to replace any grit top dressing that has been taken off before dispatch they should be ready to be planted out in your garden.

Situated in the North Pennines we welcome visitors to the Nursery during our business hours. We hope you enjoy reading our catalogue and ordering some plants or collections. Good Gardening.

Neil and Sue Huntley

Many thanks to Lillian Greenwood for allowing us to use the illustration of *Primula reidii* var. *williamsii* by Lawrence Greenwood on the cover of our catalogue.

We welcome visitors and will try to give advice on plants when we can, however, we are a small business and are very often out on the Nursery and therefore not always available to answer the phone, send us an email and we will reply as soon as we can. We are not open until 11.30am however, if you would like to visit earlier in the morning please telephone first to make an appointment.

Please Note:- If you wish to collect an order, or are coming for specific items, please give us adequate notice, at least several days to avoid disappointment.

UK Orders by Post, FAX or e-mail As required by new regulations all orders are now sent with a "Plant Passport". Some items are available in small numbers so please send us a list of **substitutes** if possible. The time and cost of making cheque refunds is prohibitive so if you will not accept substitutes or a credit note, we suggest you pay by "**Limited Cheque**", "**Debit Card**" or "**Credit Card**", when we will charge only for those items available.

When ordering please fill in the order form and clearly state the **Quantity** you require plus both the **Plant Name** and the **Code** in the Box to the left of the Plant Name to save any confusion. Please send cheque payable to "**Hartside Nursery Garden**", or quote your card details, do not send card details in an e-mail but give us contact details so we can contact you to arrange a suitable method of payment, we can provide our Bank Details to pay by Direct Bank Transfer, or we can send a link for you to pay via PayPal.

Packing and postage :- We will usually deliver using either Royal Mail or a 48 Hour Carrier Service, this costs a flat rate of £6.00 for any size parcel. Using the 48 Hour Service your plants should be delivered two days after leaving the Nursery avoiding long delays in transit.

These rates DO NOT cover delivery to the Highlands and Islands - please see this list of postcodes;

WE REGRET WE CAN NO LONGER SEND PLANTS TO N. IRELAND OR EUROPE

Plants are reserved as soon as orders and payment are received.

They are packed for dispatch by our careful staff, being sent as soon as possible when the weather and growing conditions are suitable. Some delays are inevitable where certain plants are involved, but we do our best to dispatch plants at appropriate times.

We will not dispatch during extreme weather conditions.

Complaints must be notified within 7 days of receipt of parcel.

PLEASE NOTE OUR REVISED OPENING HOURS

PLEASE NOTE WE ARE NOW CLOSED ON MONDAYS, FRIDAYS AND WEEKENDS

THE NURSERY WILL NORMALLY BE OPEN AS BELOW:-

from the beginning of MARCH - the end of OCTOBER

Tuesday, Wednesday and Thursday 11.30am - 4.30pm.

WEEKENDS AND AT ALL OTHER TIMES - BY APPOINTMENT

During busy periods and when we are at Shows etc. the Nursery may not be open every day. If you are coming during our busy season or during the winter months, we advise a phone call to check someone will be here to assist you

- A64 ***Andromeda polifolia* 'Alba'**. Good glaucous-grey foliage, narrow leaves, pure white bell flowers in the spring, April- May, ideal in an ericaceous soil. £ 5.00
- A68 ***Andromeda polifolia* 'Macrophylla'**. This selection has a more compact habit with darker broader foliage and many large pink bell flowers in spring. 20cm. £ 5.00
- A341 ***Anemone nemorosa* 'Blue Eyes'**. Attractive white flowers with a blue eye. Spring. Few. £ 4.00
- A123 ***Anemone nemorosa* 'Bowles Purple'**. A reliable form of our native "Wood Anemone", rich purple-blue flowers in spring. 10cm. Good spreading habit. £ 4.00
- 
- A228 ***Anemone nemorosa* 'Bracteata Pleniflora'**. Unusual plant with ruffled white flowers in spring. £ 4.00
- A273 ***Anemone nemorosa* 'Green Fingers'**. An interesting and unusual form with many green "fingers" in the middle of the flower. £ 4.00
- A337 ***Anemone nemorosa* 'Hilda'**. A lovely form with twice as many petals than normal. £ 4.00
- A336 ***Anemone nemorosa* 'Lychette'**. Large white flowers on this fine selection. £ 4.00
- A180 ***Anemone nemorosa* 'Vestal'**. Many lovely double white flowers in spring. Always admired and easy to grow. 10cm. Spreads underground to form good sized clumps. Ideal in partial shade. £ 4.00
- 
- A334 ***Anemone nemorosa* 'Wilke's White'**. A lovely spring flowering selection with large white flowers. £ 4.00
- A125 ***Anemone nemorosa* 'Robinsoniana'**. One of the most popular and attractive varieties of our native "Wood Anemone". Huge pale powder-blue flowers 5cm diameter during the spring. 15cm. Ideal for shady border where it will spread to form good clumps. £ 4.00
- 
- A130 ***Anemone x lipsiensis***. A few only of this rarely offered "Wood Anemone" hybrid with attractive pale yellow flowers in spring. £ 4.00
- A137 ***Anemonella thalictroides***. The "Rue Anemone". A wonderful North American woodlander which has become one of my favourite plants. Very hardy and reliable. Cup-shaped glistening white or occasionally pink flowers over delicate foliage. Somewhat slow to establish and can resent being water logged in the winter. 15 - 20cm. £ 5.00
- A209 ***Armeria caespitosa* 'Bevans variety'**. A dwarf "Thrift" with deep pink flowers in spring. 5cm. £ 4.00

- A223 ***Aruncus aethusifolius*** . A splendid little plant for many situations in the garden, creamy-white fluffy flower heads produced in early summer over fern-like fresh green foliage the foliage turning brilliant red in autumn. Best autumn colour is achieved when the plant is in an open position. This plant will grow in sun, shade, dry or damp - what more could one want!  £ 4.50
- A240 ***Astilbe crispa* 'Perkeo'**. A lovely compact Astilbe which we have grown for many years having acquired our original plants from Jack Drakes Nursery in the Cairngorms. Stiff dark green foliage above which are carried the shell pink flowers on erect stems in August. 30 - 40 cm. Japan. Will tolerate quite dry situations in good light. £ 6.00
- A249 ***Astilbe simplicifolia* 'Inshriach Pink'**. 30cm high stems of fluffy pale pink flowers over attractive dark cut bronze-tinged foliage. A showy plant for the late summer through the autumn. This plant will tolerate dryish conditions, if it becomes too dry in the summer it will go dormant and reappear when conditions improve.  £ 5.00
- A251 ***Astilbe simplicifolia* 'William Buchanan'**. A particularly attractive dwarf form from that great plantsmans garden. Creamy pink plumes of flowers on short stems only 20cm tall in the early autumn. Good on rock gardens or even small enough for a trough. Drier conditions in good sunlight will keep this plant more compact. Very hardy and tolerant. £ 4.50
- B19 ***Bergenia* 'Dragonfly Sakura'**. A new compact growing selection with attractive semi-double pink flowers in spring. Good foliage.  £ 6.00
- B20 ***Brigandra calliantha***. Bygeneric hybrid, *Briggsia aurantiaca* x *Opithandra primuloides*. Pale creamy yellow flowers in early summer with a pink flush. Rarely offered. A few young plants this season.  £ 6.00
- C94 ***Cardamine trifolia***. An easy plant for a shady moist position, dense evergreen mats of dark green trefoil leaves, heads of glistening white in early spring. S. Europe. 15cm. £ 4.00
- C453 ***Celmisia gracilenta***. A small species from New Zealand with very narrow foliage, slowly spreads around. White daisy flowers in summer. £ 6.00

C162 ***Clematis marmoraria***. A tiny non-climbing sub-shrub found in New Zealand as recently as the 1970's forming small mounds, eventually 30cm across after many years, of dark green ferny leaves. The 2 cm diameter cup-shaped creamy-white flowers are produced in abundance once the plant is established. A plant for a rich scree or Alpine House.

£ 6.00

CONIFERS

We usually have a good selection of dwarf and slow growing varieties suitable for trough gardens and rock gardens, however, most are available in too small a number to catalogue, so please contact us for the latest availability list.

C788 ***Corydalis curviflora rosthornii*** 'Blue Heron'. A wonderful new plant to us with bright blue flowers over reddish tinged blue/grey foliage. Long flowering season.

£ 6.00

C852 ***Corydalis*** 'Blue Line'. A hybrid between *C. flexuosa* and *C. elata*. Long season of bright blue flowers over fresh green foliage.

£ 6.00

C319 ***Corydalis buschii***. A rarely offered small species which we have found extremely tolerant. The foliage on this species will quickly scorch if conditions are too dry but it can recover quite quickly when watered well. Fine pale green ferny foliage, attractive dusky-pink flowers in late spring on 8cm stems. Spreads underground to form good clumps. Best out of too much direct sun.

£ 6.00

C787 ***Corydalis*** 'Craigton Purple'. Raised and selected by Ian Young, another fairly vigorous hybrid with almost evergreen foliage. Forms good sized clumps for the front of a border in partial shade. Good bold stems carrying rich purple-blue flowers during the summer months. A few only to spare at present. 60cm.

£ 6.00

C853 ***Corydalis*** 'Korn's Purple'. Attractive new selection with purple-blue flowers over a long period. 40cm.

£ 6.00

C337 ***Corydalis malkensis***. (previously *C. caucasica alba*) A lovely early flowering plant with creamy-white flowers in early spring, so tolerant that even small bulbs accidentally thrown out when repotting have built up into a good clump and flower reliably every year on the compost heap! 15 cm.

£ 5.00

C901 ***Corydalis*** 'Porcelain Blue'. A new selection with a long succession of Porcelain Blue flowers over good blue-grey foliage. 45cm.

£ 6.00

- C839 ***Corydalis* 'Wildside Blue'**. A hybrid from *C. flexuosa* we believe. Lots of bright blue flowers throughout the summer over almost evergreen foliage. A good clump forming plant for a shady border. 60cm. £ 6.00
- C515 ***Cotoneaster cochleatus***. A neat compact evergreen shrub, ideal trailing over the edge of a trough or retaining wall. £ 5.00
- C358 ***Cotoneaster adpressa* 'Little Gem'**. An excellent little shrub for trough or scree. Compact mounds of small shining leaves which turn bright scarlet in autumn. 20cm. £ 5.00
- C391 ***Cyananthus lobatus* 'Albus'**. This fine white form of these excellent late summer flowering plants forms a good mat of fresh green from which the large open white flowers are produced.  £ 5.00
- C393 ***Cyananthus lobatus* 'Giant Form'**. A showy form with very large lilac-blue flowers in summer. 15cm.  £ 5.00
- C389 ***Cyananthus microphyllus* x *lobatus* 'Sherrifs'**. An interesting hybrid with small leaves and many rich blue flowers. Easy and reliable. Low growing. 5cm x 30cm.  £ 5.00
- C388 ***Cyananthus microphyllus***. This wonderful small plant is ideal for a trough or raised bed. We have not offered this plant for many years but have now built up a stock once more and offer this fine plant which has good sized mid-blue flowers through the summer months over a carpet of grey-green foliage. 5cm x 30cm across. £ 5.00
- D253 ***Dentaria digitata***. Easy woodlander with lilac-pink flowers in spring. £ 6.00
- D28 ***Dianthus alpinus***. The "Alpine Pink". Austrian Alps. A good mat-forming plant with large rose-coloured flowers on short stems. 5cm.. £ 4.00
- D53 ***Dianthus* 'Inshriach Dazzler'**. A most attractive and popular compact hybrid. Many eye-catching bright pink flowers 2cm diameter are produced over the compact grey-green mounds. Good for troughs as well as the rock garden. *From Jack Drakes Nursery in Scotland.*  £ 4.00
- D54 ***Dianthus* 'La Bourbrille'**. A very reliable plant forming tight grey carpets, with many fringed pink flowers. 6cm. Ideal for trough or scree. £ 4.00

D106 *Dicentra cucullaria*. A lovely, choice N American native. A description does not do justice to this wonderful little plant. Silver-grey finely-cut foliage with elegant flights of pearl-white, yellow tipped flowers. May. 10cm. For a cool shady spot.

£ 4.50

D272 *Disporum cantoniense* 'Moonlight'. A lovely "NEW" plant to us for a shady border. Very attractive silvery white and green variegated leaves that can change in autumn to show hints of purplish-pink. An easy and hardy plant that should spread to form good clumps. 40 - 60 cm tall with white bell flowers on the stems in late spring.

£ 9.00

D266 *Disporum* 'Green Giant'. Greenish cream bell flowers on tall evergreen stems up to 1 metre high. Good woodland garden plant. Late spring.

£ 9.00

D127 *Disporum smithii*. Good small plant for loamy soil with nodding creamy-white bell flowers followed by orange berries in the autumn. Slowly creeps around. 20cm.

£ 5.00

D129 *Dodecatheon alpinum*. A good reliable and very tolerant small species with bright green narrowish leaves forming good clumps, with mid-pink nodding flowers held several to a head. 25cm. Rarely offered. May. Neglected on part of the nursery for many years and then found again, a worthwhile addition.

£ 5.00

D131 *Dodecatheon dentatum*. An unusual dwarf "Shooting Star" with creamy-white flowers. 10cm. May/June.

£ 5.00

D134 *Dodecatheon media*. A lovely species with many nodding rich mauve-pink flowers on 30cm stems in late spring. Easy and reliable in a soil that does not get too dry.

£ 4.00

D135 *Dodecatheon media* 'Alba'. Good pure white form of this easy species.

£ 4.00

D172 ***Dryas suendermanii***. Attractive large creamy coloured single anemone-like flowers on 10cm stems over carpets of glossy oak-like foliage. The flowers are followed by wonderful silky seed heads in late summer and autumn. Large mats eventually, 60cm - 1 metre across. A super, strong growing plant for the larger rock garden or allowed to trail over rocks or low walls.  £ 4.00

E135 ***Epimedium 'Amber Queen'***. A new hybrid from Robin White with many amber-yellow flowers in spring.  £ 6.00

E17 ***Epimedium grandiflorum 'Nanum'***. A very desirable, slow growing plant for woodland garden or large trough. Large white flowers on short stems in April/May. £ 6.00

E20 ***Epimedium grandiflorum 'Lilafee'***. A super plant with large, freely produced, nodding, lavender-violet flowers in the spring before the new foliage appears. 20cm. Much admired when seen in flower. £ 6.00

E111 ***Epimedium 'Little Shrimp'***. A good small growing plant with shrimp-pink flowers in spring. 20cm. £ 6.00

FERNS

Ferns are very popular as hardy garden plants, with plants suitable for moist shady positions and some which will tolerate drier more sunny positions. We grow a wide range, from tiny choice alpine varieties for the Rock Garden and Alpine House, through the medium sized reliable garden Ferns to the larger growing species for the Wild Garden and Pool Side. Many will tolerate sun or shade. The species which we find more tolerant of drier more open conditions include the species and varieties of *Dryopteris*, *Polypodium* and *Polystichum*, these would also appear to tolerate drier shady conditions for us. Most of the other species and varieties prefer moist shade.

F6 ***Adiantum pedatum 'Imbricatum'***. A very hardy, deciduous, spreading fern with delicate looking "Maidenhair Fronds". The fresh green fine foliage reaches a height of about 30cm, the plants will spread underground to form clumps 30 - 40cm across after a few years. Best out of direct sun where it does not dry out too much. Strong sun and dry conditions can burn the foliage quickly. £ 5.00

F18 ***Asplenium scolopendrium Cristata***. A striking evergreen specimen 30-45cm for a shady border. The fronds terminate in fan like crests held in layers. Fresh green new spring growth. £ 5.00

F224 ***Athyrium minimum***. An attractive dwarf form of "Lady Fern". Upright habit, dies back over winter. Fresh green fronds up to about 25cm. £ 6.00

F108 ***Athyrium niponicum 'Red Beauty'***. An attractive deciduous fern with red and silver tinged fronds. Best in a fairly sheltered position. £ 5.00

- F42 ***Blechnum penna-marina***. Easy creeping species forming a good ground cover after a few years, dark evergreen glossy fronds with a bronze tinge in the winter. 20cm.  £ 5.00
- F126 ***Ceterach officinarum***. A super small alpine fern for a shady corner. Olive green fronds with a rusty brown back. Few only of this rarely offered plant which offers a bit of a challenge to the grower.  £ 6.00
- F46 ***Cheilanthes tomentosa***. The "Hairy Lip Fern", A most attractive small fern admired by all who see it, with fronds only 15 cm long. The reverse of the fronds is very "woolly" in appearance. Best in a cold greenhouse or very well drained rock garden. Lime tolerant. Virginia and Oklahoma, Arizona and Mexico. A real gem and rarely offered. £ 6.00
- F75 ***Dryopteris erythrosora Prolifera***. A wonderful small plant with neat fronds tinged pink on the new growth. Few only. Fairly slow. 25cm.  £ 5.00
- F223 ***Dryopteris kuratae***. A woodland fern from eastern Asia. Evergreen, eventually 60 cm high with deeply cut pinnules. Fresh green all summer. £ 5.00
- F95 ***Dryopteris stewartii***. A fully hardy attractive species for the border. £ 6.00
- F120 ***Polypodium vulgare Bifido Multifidum***. Handsome evergreen fern with long narrow fronds ending with a large flat crest. Good in dry shade.  £ 5.00
- F225 ***Polystichium neolobatum***. Hardy evergreen fern. "Asian Saber Fern". Glossy, leathery foliage of dark rich green. Upright habit. 60cm.  £ 6.00
- F133 ***Polystichum polyblepharum***. "Japanese Holly Fern". Glossy dark green fronds. Evergreen. £ 5.00
- F142 ***Polystichum setiferum Plumosum***. Finely divided overlapping pinnae, forming slowly spreading dense fronds of fresh apple-green. 60cm. £ 5.00

F145

Polystichum setiferum Proliferum. This easy and reliable fern which we have grown for many years will tolerate drier situations, although it does not like to suffer drought. The lacy evergreen fronds last right through the winter and then the fresh green fronds unfurl from the centre of the plant in the spring. Spread 40 - 60cm. An excellent addition to most gardens. These bulbil raised plants are all identical.

£ 5.00

F149

Polystichum tsus-simense. An attractive Japanese fern. Fronds up to 30cm.

£ 5.00

G21

Gaultheria itoana. A lovely species for an ericaceous soil, bronze tinged foliage, white berries.

£ 5.00

GENTIANA (*Gentianaceae*)

A popular family of plants with species from around the world. Most gardens should be able to grow some species as the range includes lime tolerant and ericaceous loving species, plants for a cool moist soil and those for a sunny well drained scree etc.. Most have showy blue trumpets.

If you do not have the required lime-free soil for the autumn varieties, try growing them in containers. Some of the faster growing, spreading varieties like G. 'Eugens Bester' make very good plants for containers where they will hang over the edge and provide a good Autumn display. Plant in a lime free compost with added composted bark and some grit, slow release fertiliser and keep well watered in a dry spell. We find the Autumn Gentians flower freely in a sunny position. All the Gentians we grow are extremely hardy and are grown without protection.

Spring and Summer flowering Gentians;

Most of the spring Gentians will grow in a good rich soil, with or without lime. A sunny position is generally better for flowering.

G40

Gentiana acaulis. Alps. The popular 'Swiss Trumpet Gentian', seen by many on holidays in the Alps. Evergreen carpet of smooth leaves, rich, deep blue trumpets in spring. Will tolerate lime. 8cm.

£ 5.00

Autumn flowering Gentians

The Autumn Gentians extend the flowering season in the garden through until the hard frosts of the winter, we grow many varieties similar in habit but all subtly different which can add to the end of the season, shortening those dismal winter months. The following are easy and reliable in a rich, ericaceous soil which does not dry out during the growing season.

- G238 ***Gentiana* 'Alex Duguid'**. Turquoise-blue flowers in September / October. Best in a sunny position in lime free soil. 8cm.  £ 5.00
- G76 ***Gentiana* 'Amethyst'**. Rarely offered compact plant, rich violet-blue trumpets.  £ 5.00
- G446 ***Gentiana* 'Balmoral'**. Flowering as early as late July this is one of the first Autumn Gentians to produce its royal blue flowers. This is one of the Berrybank Hybrids bred by Ian McNaughton. Lime free soil and not too dry.  £ 5.00
- G411 ***Gentiana* 'Berrybank Sky'**. Another new plant with good dark foliage and mid blue flowers in autumn. £ 5.00
- G86 ***Gentiana* 'Blue Silk'**. An excellent plant raised by Dr. Lever. Silky blue rich flowers in the autumn. A few plants only of this fine introduction. £ 5.00
- G445 ***Gentiana* 'Braemar'** Striking new selection, flowers have white markings on deep royal blue. Tidy habit. Bred by Ian McNaughton.  £ 5.00
- G90 ***Gentiana* 'Compact Gem'**. A compact habit and many freely produced rich blue trumpet flowers make this one of the best of the new autumn Gentians. Raised by Dr. Lever. £ 5.00
- G453 ***Gentiana* David Sturrocks Dark Seedling**. An early autumn flowering compact plant with dark blue trumpet flowers. £ 5.00
- G438 ***Gentiana* 'Devonhall'**. Many turquoise-blue flowers in Autumn. Best in a sunny position in rich lime free soil. 8cm. Compact. £ 5.00
- G358 ***Gentiana* 'Eugens Allerbester'**. An exciting introduction from German Nurseryman Eugen Schleipfer, wonderful double flowers of mid blue in early autumn.  £ 5.00
- G336 ***Gentiana* 'Eugens Bester'**. Fine grassy foliage and sky-blue flowers which remain open even on cold and dull days. October.  £ 5.00

- G374 ***Gentiana 'Gewöhn'*** JP. Rich mid blue with bold white markings in the throat. A very attractive addition.  £ 5.00
- G542 ***Gentiana 'Murrayfield'***. Good rich blue trumpet flowers on fairly compact growing plants. A recent introduction from Ian McNaughton. £ 5.00
- G501 ***Gentiana 'Oban'***. Good new white flowered autumn Gentian. Needs rich lime free soil in a sunny position. £ 5.00
- G535 ***Gentiana ornata***. Attractive autumn flowering gentian. Compact habit. Sky blue flowers. Needs lime free soil. Rarely offered. £ 5.00
- G122 ***Gentiana 'Serenity'***. Bright green compact mounds, creamy white flowers in autumn. £ 5.00
- G377 ***Gentiana 'Silken Seas'***. Rich royal blue trumpet flowers in autumn. Lime free soil, not too dry, in good light. £ 5.00
- G375 ***Gentiana 'Sir Rupert'*** JP. Shining violet blue flowers with pointed petals giving a starry appearance. A fine new plant and sure to be in demand. £ 5.00
- G131 ***Gentiana 'Strathmore'***. Large pale blue trumpets, this vigorous carpenter looks wonderful when a mature carpet is achieved after a few seasons. A very reliable and tolerant plant. This continues to be one of the most popular forms we sell. Flowering from mid September through to November. 10cm trumpets on mats up to 60cm across.  £ 5.00
- G448 ***Gentiana 'The Caley'***. Named in celebration of 200 years of The Royal Caledonian Horticultural Society. Large blue trumpet-shaped flowers with white markings. Late Autumn.  £ 5.00
- G174 ***Globularia cordifolia***. Compact mat for trough or scree, giving a display of mid-blue button flowers over the glossy dark green foliage in the summer, 5-7cm. £ 4.00
- H42 ***Haberlea rhodopensis***. We have a small stock of this popular plant. Ideal for a shady crevice, handsome rosettes of large leathery leaves and lavender-blue flowers with white spotted throats held in sprays in May - June. 10 - 15cm. £ 6.00

HEATHERS

We no longer grow many Heathers, but do offer some of the more compact growing forms from time to time. We also propagate a range of Heather relatives like Andromedas, Phyllodoce, Cassiopes, Gaultherias which are also available sometimes.

H155 ***Calluna vulgaris* 'Foxii Nana'**. Compact dark green mounds, one of my favourite small heathers, suitable for trough etc. £ 4.00

H25 ***Hepatica transsilvanica***. An early flowering plant for a cool position, large blue anemone flowers, large lobed leaves, slowly spreads to form large clumps. 20cm x 40cm eventually. £ 6.00

H332 ***Hosta* 'Blue Mouse Ears'**. Thick almost fleshy blue foliage on this small growing Hosta. A fine addition for the front of a border or still small enough for rock gardens. 15cm. £ 8.00

H371 ***Hosta* 'Country Mouse'**. An attractive small Hosta with good variegated foliage. Very neat habit. Good in a trough or container. £ 8.00

H333 ***Hosta* 'Cracker Crumbs'**. A good small gold and green variegated Hosta. £ 8.00

H294 ***Hosta* 'Feather Boa'**. A good small golden-yellow foliaged Hosta, small enough for the rock garden or ideal for the front of the border. The foliage reaches only about 10cm tall. £ 8.00

H389 ***Hosta* 'Hart's Tongue'**. Attractive narrow golden foliage. Compact habit. £ 8.00

H358 ***Hosta* 'Little Sunspot'**. A choice small Hosta with ruffled yellow leaves with a bold green edge. 15 - 20cm. £ 8.00

H258 ***Hosta* 'Masquerade'**. One of the best of the small variegated Hostas, good variegated foliage only 20cm tall. Ideal in front of border or small enough for troughs or other containers or on the rock garden. £ 8.00

H88 ***Hosta venusta***. A easy and reliable small Hosta with narrow pointed leaves, deep blue flowers. Leaves only 10cm tall, flower stems up to 25cm. These small Hostas do not get as much damage from slugs here as their larger growing relatives. £ 8.00

- I18 ***Incarvillea mairei***. Himalayas. Several deep pink trumpet flowers on short stems during the summer months.  £ 4.00
- I29 ***Iris cristata***. "Crested Iris". Eastern United States. Small rhizomes, leaves up to 15cm. Superb clear lavender-blue flowers with bright orange crests. One of the best dwarf Irises for a cool moist soil. Makes a good pan for the Alpine House.  £ 5.00
- J1 ***Jankaemonda vandedemii***. A rarely offered bi-generic hybrid - Jankae x Ramonda - with attractive pale lilac blue flowers on short stems held above the crinkled evergreen foliage. Ideal out of too much direct sun. Slow to grow and slow to propagate. £ 6.00
- J6 ***Jeffersonia diphylla***. An interesting N. American woodland plant commonly known as "Twinleaf", as each crown produces two glaucous-green leaves, six petalled glistening white flowers with a central cluster of prominent yellow stamens. A most attractive plant and one which has been much admired since we started growing this species. Not difficult in a loamy soil. Ideal planted with Epimediums, Hepaticas, Primulas and Hardy Ferns. April. 25cm. Rarely offered. £ 7.00
- J5 ***Jeffersonia dubia***. A choice plant for semi-shade. Wonderful blue flowers in spring. 20cm. A few good sized plants available this spring.  £ 7.00
- L129 ***Lewisia Carousel Pink***. Very tough plants with narrower leaves than some of the species, therefore less prone to rotting in the winter. They still like a well drained position, but require a fairly rich soil to get the best flowering. We offer a good pink flowered selection.  £ 5.00
- L146 ***Lewisia Carousel Yellow***. Good yellow flowers up to 3 times per season. Narrow leaves. Well drained but rich soil. Easy. £ 5.00
- L39 ***Lewisia 'Little Raspberry'***. Attractive new strain with many rich raspberry coloured flowers. Summer. Trough or rock garden. £ 5.00
- L91 ***Linnaea borealis* var. *americana***. "Twin Flower". From the bronzy coloured creeping carpet of rounded leaves the dainty pink flushed white bells are carried two per head on wiry stems in late summer. For the woodland garden. 5cm. Few only of this choice plant closely related to our British Native.  £ 5.00

- N112 ***Narcissus bulbocodium* var. *citrinus***. Attractive "hoop Petticoat" with large pale yellow flowers in early spring. £ 8.50
- N105 ***Narcissus cyclamineus***. A most attractive small bulb, spring flowering. Long bright yellow tube with swept back petals. £ 8.50
- 
- O98 ***Olsynium douglasii* 'Album'** (Previously *Sisyrinchium grandiflorum* 'Album') A very worthwhile plant with large pendant flowers produced in the early spring. Unlike most other Sisyrinchiums. February - April. The plants die back during the summer and start growing again before Christmas. Do not allow the plants to get too dry. Prefers a lime free soil. 20cm. Slowly building up into clumps which last for many years. £ 5.00
- P722 ***Paeonia cambessedesii***. Choice hardy species from Majorca with good sized deep pink flowers in late spring, purple tinged foliage. £ 12.50
- P49 ***Penstemon pulchellus***. Forms a compact mat of leaves, heads of good bright blue flowers in a sunny position in June - July. 3cm. A good trough or scree plant. £ 5.00
- P101 ***Phlox adsurgens* 'Wagon Wheels'**. Huge salmon-pink flowers with a darker stripe to each petal, the narrow petals appearing like the spokes of a cartwheel. A long flowering period from May to August should guarantee this plant a position in all suitable soils. 15cm tall x 45cm across eventually. Cut back hard after flowering or in early spring to encourage plenty new growth from the centre. £ 4.00
- 
- P108 ***Phlox* 'Chattahoochee'**. (*P. divarica* ssp. *laphamii* x *P. pilosa*) A splendid plant which we have not offered for some years. Wiry erect stems of narrow foliage carry large umbels of huge bright blue-mauve flowers with a cerise eye. Found in the valley of the Chattahoochee River in N. Florida. £ 5.00
- 
- P949 ***Phlox douglasii* 'Ochsenblut'**. A wonderful plant with intense, rich blood red flowers on compact plants. A fine addition to a collection. £ 4.00
- P207 ***Podophyllum hexandrum* 'Chinense'**. An unusual woodland garden plant with large mottled leaves emerging in the spring like half-open umbrellas. Apple-blossom pink flowers on top of the leaf stem, followed by enormous squashy scarlet fruits. 40cm. Spring. £ 6.00
- 

P1253 *Podophyllum pleianthum*. Large foliage on this impressive plant for the woodland garden. Deep maroon buds open to rich pink-red flowers.

£ 10.00

P1307 *Podophyllum 'Spotty Dotty'*. A new plant with large rounded foliage attractively marked. Good woodland garden plant. Few only at present.

£ 10.00

P224 *Polygala chamaebuxus 'Dolomite'*. Attractive plant with flowers which start white and yellow, then become tinged with orange and red. Spring.

£ 4.00

P226 *Polygala chamaebuxus 'Rhodoptera'*. Europe. This plant can be in flower from the early spring when it is usually at its best, through the remainder of the year until December. A superb plant with golden pea flowers edged with rich purple over the small dark leathery leaves. Only 15cm high this ever popular plant slowly creeps around underground to form large plants eventually, up to 1 metre across.

£ 4.00

P1712 *Polygonatum graminifolium GW803*. An attractive species with short stems and lavender pink bell flowers. Like a slightly taller and bigger *P. hookeri*.

£ 6.00

P229 *Polygonatum hookeri*. Tibet. An unusual dwarf species with lilac-pink flowers produced at ground level as the shoots break through in the late spring. A spreading plant for the scree or pan in the Alpine House. 4cm. May.

£ 5.00

P255 *Potentilla neumanniana 'Nana'*. Super little prostrate mats of deep green foliage, rich golden yellow flowers through the late summer. 3cm. Good on raised beds or trough.

£ 4.00

P263 *Pratia pedunculata 'Tom Stone'*. Collected by Tom Stone this plant produces many pale blue flowers throughout the summer over creeping mats of greyish green. 1cm. Reliable and easy.

£ 4.00

PRIMULA (*Primulaceae*)

This has always been one of our favourite families. We have an increased range of asiatic species and forms available this year and will be building up the range further in future. The European species and hybrids have proved very tough and continue to give us much pleasure. Look out for a tremendous range of *P. allionii* forms and hybrids.

AURICULA SECTION PRIMULAS

Mostly spring flowering. Most like a deep rich soil preferably in full sun. Ideal for trough gardens, scree or Alpine House.

P501 *Primula* 'Bileckii'. Tiny clumps of leaves. Deep crimson flowers, spring, a few again this autumn. £ 5.00

P1370 *Primula clusiana* 'Murray Lyon'. Rarely offered form with large rich pink flowers in spring. £ 5.00

P1550 *Primula* 'Lindum Arctic Fire'. A lovely showy compact Primula for Trough or Alpine House. Bright fire red flowers in spring. £ 5.00

P1456 *Primula* 'Lindum Countess'. A lovely recent selection from Dreena and Martin Thompson with attractive lavender-blue flowers in spring with a pale eye. A very hardy *P. marginata* selection. Ideal in rock garden, trough or raised bed and looking great growing in a pot in the Cold Greenhouse. £ 5.00

P1342 *Primula* 'Lindum Crepes Suzette'. Good pink flowers with a wavy edge to the petals. Very free flowering. Spring. £ 5.00

P1480 *Primula* 'Lindum Dove'. A lovely selection with pale pink tinged flowers on short stems held just above the foliage. Spring. Trough or Alpine House. £ 5.00

P1463 *Primula* 'Lindum Golden Orb'. Good yellow flowers on this fine selection. Compact. Good in raised bed or trough. £ 5.00

P1487 *Primula* 'Lindum Ibis'. Good white flowers on this new selection. Alpine House or trough garden. Spring. £ 5.00

P1394 *Primula* 'Lindum Rapture'. Attractive bright yellow flowers on this choice hybrid. Compact neat mounds of foliage. Good in troughs and raised beds or also makes a good plant in a Cold Greenhouse Display. Raised by the Thompsons. £ 5.00

P1442 *Primula pubescens* 'Henry Hall'. An easy form of these popular Primulas for trough or rock garden. Lavender pink flowers in spring. £ 5.00

P579 *Primula pubescens* 'Rufus'. A fine old plant with rich brick-red flowers in the spring. Always very showy and popular.

£ 5.00

P473 *Primula* 'Pink Ice'. An attractive hybrid for trough garden or scree with large flowers, white with a pink tinge. Makes a good Alpine House plant.

£ 5.00

P1610 *Primula* 'Wharfedale Ballerina'. Attractive pale pink flowers on this rarely offered selection.

£ 5.00

P591 *Primula* 'Wharfedale Bluebell'. A gem. Slow to propagate. Most attractive blue flowers with a fine silver white edge to the petals. Much sought after and admired by all who see this fine plant in flower. We only have a few at present.

£ 5.00

P596 *Primula* 'Wharfedale Village'. A beautiful pubescens hybrid with freely produced creamy-white flowers in large heads. The foliage has a heavy coating of silvery farina, especially when given some protection from excess rain. An ideal plant for the Alpine Enthusiast or the Auricula Collector. Very hardy, we have it growing in troughs and raised beds. April.

£ 5.00

ASIATIC and OTHER PRIMULAS

Mostly late spring and summer flowering, most like a rich, moist acid soil. We give the section names in brackets at the beginning of each description.

P644 *Primula florindae*. (Sikkimensis) The easy and reliable "Himalayan Cowslip", for a damp position. Large heads of pale yellow scented flowers for a long period through summer. 60cm.

£ 5.00

P1611 *Primula petelotii*. The only Chartacea species regularly seen in cultivation and one of three primulas native to Vietnam. Evergreen foliage. Bright rose pink flowers with a yellow eye in spring. Growing on Mt Sapa at 1800m on shady banks near water. Hardy to about -6C, best grown in shade.

£ 6.00

P1579 *Primula sieboldii* 'Koharu Biyori'. Pale double pink flowers in late spring on this rarely offered. Japan.

£ 6.00

P1575 *Primula sieboldii* 'Iso Botan'. White flowers flushed pink.

£ 6.00

P1705 *Primula sieboldii* 'Koto-no-shirabe'. Smallish flowers of a rich deep reddish-pink with serrated edges to the petals.

£ 6.00

P1063 *Primula sieboldii* 'Nankin Kazakura'. Rich pink flowers on this lovely form of the Japanese species.

£ 6.00

P1702 *Primula sieboldii* 'Shishi-funjin'. Large dark pink flowers which hang over on this Japanese selection.

£ 6.00

PETIOLARIS PRIMULAS

Asia. Our favourite section containing some of the most beautiful primulas, many flowering during very early spring. They prefer a north-facing, shady spot in rich, moist, ericaceous compost. Winter protection ensures unspoilt flowers and will maintain farina on the flowers and foliage of some species and varieties.

P1633 *Primula gracilipes*. Flowering from March until May, deep pink with a yellow throat and a white band. Large flowers. Sikkim. One of the easier of this section for the collector who wishes to start growing these gems.

£ 6.00

P758 *Primula gracilipes* 'Minor'. Bhutan, many pale pink flowers nestling in the centre of the compact crinkled rosette of leaves in very early spring. The white throat has yellow spots. This plant will tolerate a more open situation than many other Petiolaris Primulas. Free flowering and rewarding in a shady crevice. 8cm. One of the easiest and longest lived of this section.

£ 6.00

P1433 ***Primula hoffmanniana***. Lavender pink flowers in spring on this Petiolaris Primula which has thread-like stolons allowing it to form clumps over a period. Few only at present. £ 6.00

P766 ***Primula irregularis* Hybrids**. We have several forms, so flower colour can vary from white to pale pink. Best out of direct sun. £ 6.00

P934 ***Primula* 'Netta Dennis'**. (*aureata* x *gracilipes*) A wonderful plant. Large creamy flowers with a rich yellow eye in the spring months, heavily silvered foliage. A choice plant for rich lime free soil in a shady position or a shady frame. Best when given some winter protection to stop excess moisture from washing the lovely silver farina off the foliage. Few. A hybrid raised and shown by John Dennis. £ 6.00

P786 ***Primula* 'Redpoll'**. (previously listed as petiolaris LS19856 but thought to be a hybrid with *P. boothii*) One of the best, rich deep red buds and rich purple-red flowers. Dark flat rosettes. Early flowering, excellent plant for an ericaceous bed or for show. We only have a few of this plant this year. Originally introduced in 1949 from East Sikkim by Ludlow and Sherrif £ 6.00

P771 ***Primula scapeosa***. An easy and reliable plant with many pink flowers in the early spring. Shade. £ 6.00

P777 ***Primula* 'Tantallon'**. A wonderful and showy, but fairly easy hybrid, *P. whitei* x *P. edgeworthii* which is rarely offered for sale. The rich lavender-blue flowers appearing above the heavily silvered foliage in the early spring, sometimes now soon after the new year. Forms good clumps after several years which split well to spread them around. One of the few Petiolaris Primulas to survive the hardest of winters and hottest of summers when others have died from root frosting or heat and drought! Good strong plants again this year. £ 6.00

P778 ***Primula* 'Tinney's Moonlight'**. (*P. stolonifera* x *aureata*) Large pale cream rounded flowers with a slight pink edge and an orange eye. Few only. £ 8.00

OLD FASHIONED PRIMROSES

Old fashioned garden plants of the Vernales section, now popular once more, giving reliability of flowering and ease of growth, they add greatly to the flowering season of almost any garden.

P1514 **Primula 'Lissadell'** (previously offered under the name P.'Patrick'). A new form of the wild primrose. A Jackanapes, pale yellow Primrose flowers surrounded by the green and yellow ruff of the sepals.

£ 5.00

P1527 **Primula 'Sheryl Louise'**. Purplish tinged foliage with a glossy cast. Pale-yellow flowers on a dark stem. Most attractive. Spring. Raised by Jim Jermyn.

£ 5.00

R379 **Ramberlea 'Inchgarth'**. A bi-generic hybrid between Ramonda and Haberlea produced by Brian Wilson some years ago, but still rarely offered. We have just a few plants available this spring. Pale lavender blue flowers over dark green crinkled foliage. Best out of the sun.

£ 6.00

DWARF RHODODENDRONS (*Ericaceae*)

A large genus which has been divided by the botanists into many series. We grow mainly the dwarf and slow growing species and hybrids. These grow on open hillsides forming Rhododendron Heaths in their natural habitat, similar to our own moorland. For best results they should be planted in an open situation, shaded from the mid-day sun, in lime free soil that does not get too dry. Ideal inter-planted with other small Ericaceous shrubs like Cassiopes, Gaultherias etc. compact Asiatic Primulas, Soldanellas, Shortias, Autumn flowering Gentians and many of the other plants we grow.

R78 **Rhododendron fastigiatum**. An excellent plant with blue-purple flowers over glaucous aromatic foliage. Very compact. 40cm after several years.

£ 5.00

R113 **Rhododendron 'Molly Anne'**. Rounded foliage of dark green, rosy-red flowers in spring.

£ 5.00

R122 **Rhododendron 'Pink Drift'**. (*calostrotum* x *scintillans*) A reliable old hybrid, strongly aromatic foliage with a cinnamon bronze tinge, many pinkish-plum flowers. Free flowering and easy. Very hardy.

£ 5.00

R126 **Rhododendron 'Ptarmigan'**. (*microleucum* x *leucaspis*) 30cm. One of the most popular low growing pure white compact hybrids. Eventually fills out into a dense mat. March-April. F.C.C. 1965

£ 5.00

R253 **Rhododendron 'Saint Merryn'**. A good low growing habit with deep violet-blue flowers. Dark glossy foliage.

£ 5.00

R144 **Rhododendron 'Snipe'**. (*pemakoense* x *davidsonianum*) Very pale pink flowers freely produced on attractive compact domes. Light green foliage. 50cm. May.

£ 5.00

R158 **Rhododendron 'Wren'**. (*ludlowii* x *keiskei* 'Yaku Fairy') One of the most popular with very good dark green foliage forming dense compact rounded mounds, the clear yellow open cup shaped flowers are very freely produced in late spring. 20cm.

£ 5.00

ROSCOEIA (Zingiberaceae)

These plants often do not appear in growth until May, they then grow rapidly and flower for many weeks producing a succession of orchid-like flowers. Ideal in the herbaceous border with Hostas, Hellebores etc. preferring good drainage so that they do not become waterlogged during their dormant period.

R317 **Roscoea 'Harvington Evening Star'**. A new plant to us. Rich dark purple flowers with a white eye. We believe this is a form of *R. humeana*.

£ 8.00

R341 **Roscoea 'Harvington Imperial'**. A wonderful new hybrid between *R. purpurea* 'Rubra' and *R. 'Wisley Amethyst'*. Deep red flowers with a purple streak in the throat.

£ 12.00

R315 **Roscoea 'Harvington Royale'**. Choice new selection with large rich purple flowers in early summer. Best in good rich soil, but not too wet in winter.

R406 **Roscoea purpurea** Tale Valley Hybrids. A lovely selection of strong growing, late summer flowering plants, colour can vary. Generally rich reddish purples, some stronger purple, some deep red. Pot luck!

£ 10.00

R228 **Roscoea purpurea var. procera**. (Previously listed as *R. procera*) An interesting plant with orchid-like flowers of rich purple over a long period from June-September. Vigorous and easy. Best in well drained rich soil. Dormant in winter and often does not appear in growth until late May or early June. 40cm.

£ 6.00

S11 **Salix myrtilloides 'Pink Tassels'**. Creeping mats of reddish stems, bright green leaves. Red catkins in spring.

£ 5.00

S27 **Sanguinaria canadensis**. This lovely plant has attractive single white flowers in spring before the foliage appears. 15cm. A choice plant from the woods of Canada. "Canadian Blood Root".

£ 7.00

SAXIFRAGA (*Saxifragaceae*)

A large family of plants with something for everyone and almost every situation in the garden. Spring flowering cushions and late summer flowering species. Many are evergreen and have good foliage throughout the year. Many more varieties should be available for the spring.

- S72 ***Saxifraga* 'Canis Dalmatica'**. An easy showy variety with silver rosettes and plumes of white flowers spotted with pink all over. Summer. 30cm. £ 4.00
- S75 ***Saxifraga cochlearis* 'Minor'**. Super little plant for a trough garden or crevice on a rockery. Compact silvery mounds, neat sprays of white flowers in the summer. 20cm. £ 4.00
- S423 ***Saxifraga* 'Dr. Ramsey'**. (*longifolia* x *cochlearis*) Handsome silvery rosettes with sprays of large white flowers. 30cm. £ 4.00
- S91 ***Saxifraga* 'Esther'**. An easy hybrid with sprays of pale yellow flowers over mounds of good silver foliage. 20cm. Rock garden or trough. £ 4.00
- S698 ***Saxifraga* 'Fosters Red'**. A nice selection with bright red flowers. Grey-green rosettes. Early summer. £ 4.00
- S522 ***Saxifraga* 'Hareknoll Beauty'**. Good silvery foliage and sprays of deep rose flowers from red buds in early summer. £ 4.00
- S697 ***Saxifraga* 'Jaromir'**. A new plant with small silvery rosettes like *Saxifraga cochlearis* but with dark red flowers in late spring. £ 4.00
- S685 ***Saxifraga* 'Lagroveana'**. (*paniculata*) Grey-green rosettes, creamy-white flowers in May - June. Compact. Good in troughs or raised bed. £ 4.00
- S743 ***Saxifraga* 'Letchworth Gem'**. Easy plants with pale pink flowers in summer. £ 4.00
- S716 ***Saxifraga* 'Monarch'**. Good sized silvery rosettes forming mounds, bold plumes of white flowers, faintly spotted, in early summer. 50cm. £ 5.00
- S497 ***Saxifraga paniculata* 'Dr. Clay'**. Good silvery-blue rosettes. Sprays of creamy-white flowers. £ 4.00
- S1000 ***Saxifraga paniculata* 'Quicksilver'**. An easy and reliable form, silver mats of foliage, creamy white flowers in early summer. £ 4.00
- S425 ***Saxifraga paradoxa***. A natural hybrid with good silver foliage, creamy white flowers on 15cm sprays. £ 4.00
- S519 ***Saxifraga* 'Polar Drift'**. Good silver rosettes and bold plumes of pure white flowers in summer. A showy plant. £ 4.00
- S168 ***Saxifraga primulaize* 'Salmon'**. A neat and easy variety forming mounds of dark green rosettes. Many sprays of rich orange-red flowers in late summer. 15cm. £ 5.00

S82 ***Saxifraga* 'Southside Seedling'**. An excellent plant for the rock garden, trough or front of well drained border. Bold pyramidal plumes of flowers heavily spotted with scarlet over the white background making a stunning effect. 45cm. Tough silvery rosettes.

£ 5.00

S768 ***Saxifraga* 'Starfire'**. A new selection with many attractive pink flowers in summer.

£ 5.00

S121 ***Saxifraga longifolia* 'Tumbling Waters'**. A fantastic plant producing enormous racemes of frothy flowers like foaming waterfalls of pure white in the summer. Silvery narrow leaved rosettes. We are pleased to offer a few of this plant once again. Flower stems up to 60cm.

£ 5.00

S190 ***Saxifraga umbrosa* 'Variegata'**. Boldly variegated gold and green foliage throughout the year. 30 - 40cm. Good ground cover for sun or partial shade.

£ 4.00

Japanese Woodland Saxifrages

These plants are some of my favourites. The attractive bronze coloured leathery foliage of *S. fortunei*, always admired as it starts growing in the spring, and then with the added attraction of a wonderful display of unusual white flowers in the late autumn. Plants which are ideal in light shade in a soil that is not too dry. Now from Japan we have some new varieties of these wonderful plants giving us a range with deep red foliage, variegated foliage and different coloured flowers.

S898 ***Saxifraga* 'Beni Tsukasa'**. A selection of *S. fortunei*. Bronze tinged foliage and rich deep red flowers in the autumn. Japan.

£ 6.00

S530 ***Saxifraga* 'Pink Cloud'**. (*fortunei*). A new variety with sprays of pale pink flowers in early autumn.

£ 5.00

S910 ***Saxifraga* 'Shiranami'**. A super new introduction with masses of white flowers in the autumn. Bright green fleshy foliage.

£ 6.00

S980 ***Saxifraga* 'Sibyll Trelawney'**. A new selection with tall spires of large soft pink flowers. A striking plant for the autumn.

£ 6.00

S81	<i>Saxifraga 'Wadas'</i> . (<i>fortunei</i>). Plant in semi-shade, good bronzy foliage, many white flowers in autumn.		£ 5.00
S745	<i>Soldanella 'Spring Symphony'</i> . Free flowering selection with many lavender-blue fringed bell flowers in spring. Spreads to form clumps.12cm.		£ 5.00
S391	<i>Sorbus poterifolia</i> . A rarely offered very slow growing little shrublet with dull crimson fruits which ripen to pearly white. Good plum-coloured autumn tints. A real gem and only a few to spare.		£ 8.50
T127	<i>Tiarella 'Iron Butterfly'</i> . Attractive foliage with dark central blotch. Many spikes of creamy white flowers for a long time through the summer months. Good in a shady position.		£ 5.00
T103	<i>Tiarella 'Pink Skyrocket'</i> . Many pink tinged flowers over a long period. Good in semi-shade. Cut foliage with darker markings. Long flowering season.		£ 5.00
T45	<i>Trillium grandiflorum 'Snow Bunting'</i> . Long lived plants,very slow to propagate but once established are well worth waiting for. Fully double white flowers in late spring. 30cm.		£ 25.00
V101	<i>Viola pedata</i> . N. America. Unusual foliage gives the plant the name "Bird's Foot Viola". Attractive lavender-purple flowers are produced throughout the spring, summer and into the autumn. A woodland species which does not like too much winter wet.		£ 6.00
W7	<i>Weldenia candida</i> . A rarely offered plant which makes a fine addition to any collection. Mature plants flower over a long period, the individual flowers only lasting one day but flowers are produced for some weeks through the summer months. A monotypic genus from Mexico and Guatemala. Dislikes winter wet.		£ 10.00

Hardy Plant Collections

Try one of our collections of Trough Plants.

Col 1 Our selection of 10 Trough Plants. £35.00

Col 2 Our selection of 20 Trough Plants inc. a Dwarf Conifer. £65.00

Trough gardens allow us to grow a range of the choice small plants in a position where they can be admired in perfect condition. We will include a slow growing conifer to give architectural interest in the larger collection, plus a range of good small growing Alpines to give form and colour over a long period.

Try a collection of Woodland Plants including "Wood Anemones".

Col 10 Our selection of 6 Different Woodland Garden Plants. £21.00

Col 11 Our selection of 10 Different Woodland Garden Plants. £36.00

Woodland plants have become very popular recently. We will include lovely forms of our native "Wood Anemone", plus Trilliums, Uvularia, Tiarellas and other shade tolerant plants.

Try one of our collections of Easy and Reliable Rock Garden Plants.

Col 15 Our selection of 10 Easy and Reliable Rock Garden Plants. £28.00

Col 16 Our selection of 20 Different Easy and Reliable Rock Garden Plants. £50.00

Col 17 Our selection of 40 Easy and Reliable Rock Garden Plants. £90.00

These popular collections will include our selection of plants to give foliage and flower colour over a long period. Usually including a range of Campanula, Dianthus, Lewisia, Phlox, Saxifraga and other showy, easy and reliable plants suitable for most soil conditions.

Collections of Rare and Unusual Alpines for a Raised Bed or Alpine House.

Col 18 Our selection of 10 Rare and Unusual Alpines. £35.00

Col 19 Our selection of 20 Rare and Unusual Alpines. £65.00

We will select a range of the better more compact growing Alpines for this choice collection. We will include some of the lovely compact European Primulas, Saxifrages, Soldanellas and other choice plants.

Try a collection of Autumn Flowering Gentians.

Col 30 Our selection of 6 Different Autumn Gentians. The Autumn £24.00

Gentians like a sunny position in a lime free soil that does not get too dry. We grow a range with flowers varying from white through pale blue to striped and dark blue forms. Most will flower for a long period through the Autumn.

(Please remember to add postage as necessary)
