Functiona/s

We personally care

At PROD'HYG we share the overriding goal of providing inventive solutions for the cosmetics industry. We focus on building partnerships with our clients so everyone's expectations are met, without losing sight of the individual character of each company. Naturally, we are committed to doing business in a socially and environmentally responsible way that promotes sustainability. Our company, founded 70 years ago, bears witness to our long-term vision. Corporate responsibility is so much more to us than a watchword to reassure partners – in fact, I believe a positive engagement in our industry and economy is fundamental to our lasting success. We set the bar high in all our actions, values and commitments, and these exacting standards are crystallized into our promise: «We personally care».

Nicolas Pajot, CEO

MANUFACTURER OF INGREDIENTS • SUPPLIER OF SOLUTIONS

PROD'HYG's operations are built around two complementary areas of expertise, oleochemistry and plant extracts.

We develop, produce and market new solutions for businesses of all sizes in the cosmetics industry.

Our company operates at a comfortable human scale and has been active in the sector for 70 years, so we pride ourselves on maintaining flexible and stable working relationships with our customers.

With a head office in the Paris region and a network of international distributors, we can supply our solutions and ingredients to buyers all over the world.

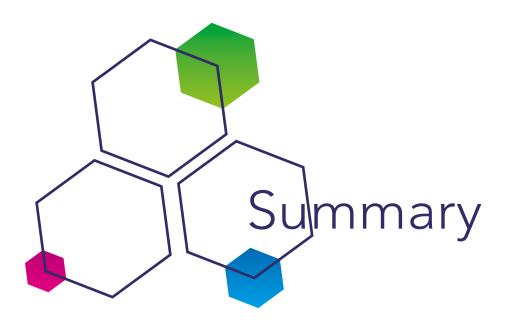

Our teams are always striving to come up with tailored solutions, and this quest for continuous improvement is probably what best defines us. Staff in the various departments – R&D, formulation, quality control, regulatory monitoring, production, and logistics – all work together under one roof.

Our cosmetic ingredients fall into three categories: **functional** ingredients, **active** ingredients and **plant extracts**. In order to complement these ranges, we have established distribution partnerships with other companies – all experts in their field – and can supply their products and services as well.

PROD'HYG safeguards the value of its partners' agricultural resources on a day-to-day basis through our policies for protecting biodiversity.

On a final note, we take our corporate social and environmental responsibilities very seriously, and scrupulously ensure that we meet our obligations vis-à-vis the industry regulatory bodies like UEBT, Ecocert and RSPO.

Extraction methods

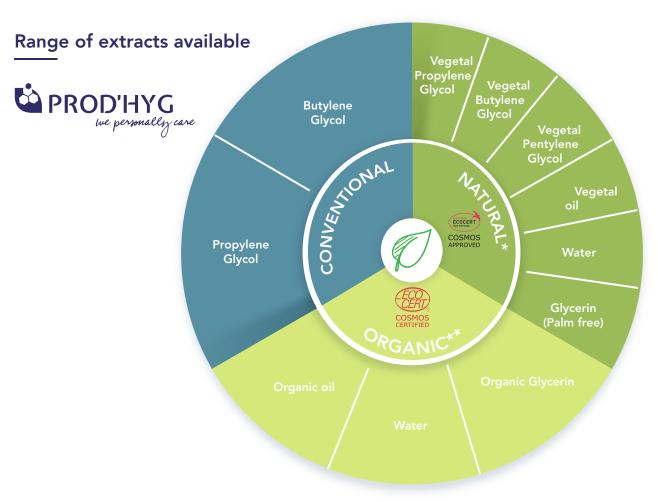

Specialized in botanical extraction for more than twenty years, PROD'HYG has been able to constantly improve its extraction processes by making them as performant as possible while minimizing its impact on the environment.

Our expertise is globally recognized and the qualities of our extracts have made the success of many references of finished products in the cosmetic market. We strive to perfect our methods and increase our offer by working all types of plants.

We have secured over 800 references of plants from which we extract the active substances. We offer a wide choice of solvents and preservatives to provide customized products, targeted to consumer's expectations.

Our range includes simple extracts as well as titrated or synergistic blends.

With various types of filters and purification processes, all our extracts are filtered at 0.2 µm and controlled internally to ensure purity standards higher than the benchmark.

^{*%} of naturality >99% according to norm ISO 16128

^{**}Raw material certified organic by ECOCERT GREENLIFE, according to COSMOS Standart. Available at: https://cosmos-standart.org

Sourcing on demand

Constantly focusing on the expectations of its customers, PROD'HYG is developing tailor made botanical extracts.

Our offer includes not only the possibility of adjusting the solvents and the preservatives at the request of the customers, but also a wide choice of botanicals thanks to a sourcing on demand.

Following a long-standing international expertise we have defined our possibilities for developing extracts according to three specific criteria:

Search by name of plant:

Customers know exactly what plant is needed. With the Latin or current name of the plant, PROD'HYG can directly target the specific species requested.

Search by activity:

Clients have needs for specific activities or claims. Following an intensive research in the scientific literature, PRODHYG proposes a selection of plants corresponding to the requested claims.

Search by geographic location:

Customers have a targeted marketing demand for a specific geographic area for a product or even a full range of products.

PROD'HYG concentrates its research around this geographical area and offers a choice of several plants endemic to the area.

ProdhyldeRé® range

Laboratoires PROD'HYG have set up a unique partnership with a local algae producer located in Ile de Ré. In this way, Laboratoires PROD'HYG is involved in the preservation and in the development of the biodiversity from a unique and fragile region. Indeed, this new collaboration will allow the creation of a durable business based on a natural endemic resource, hence the development of high added value products. A range of 5 extracts has been elaborated, 100% natural (according to norm ISO 16128) and is COSMOS approved.

PLANT NAME	INCI NAME	PROPERTIES	APPLICATION	CERTIFICATION	ORIGIN
Ascophyllum Goemon noir	Ascophyllum nodusum	Anti inflammatory Slimming Regenerating Seboregulating Soothing		COSMOS APPROVED	CZ.
Aonori Aonori	Enteromorpha Compressa	Antioxidant Moisturizing Anti-ageing Remineralizing Hair protection		(COSMOS APPROVED)	CZ.
Blader Wrack Varech Vesiculeux	Fucus vesiculosus	Moisturizing Remineralizing Slimming Firming		COSMOS APPROVED	
Nori Nori	Porphyra umbicalis	Antioxidant Seboregulating Anti-ageing Moisturizing Hair treatment		COSMOS APPROVED	C.
Serrated wrack Varech dentelé	Fucus serratus	Antioxidant Moisturizing Remineralizing Slimming Firming		(COSMOS) APPROVED	C.

Moisturizers

PRODUCT	INCI NANE	PROPERTIES & APPLICATIONS	USE LEVEL (%)	COSMOS APPROVED	ORGANIC	CHINA COMPLIANT
CHOLESTEROL	CHOLESTEROL	White crystalline powder providing an excellent moristurizing power	0.5-2			1
FACTEUR HYDRATANT SB	AQUA, TEA-LACTATE, SODIUM LACTATE, LACTIC ACID, GLYCERIN, SORBITOL, SERINE, UREA, ALLANTOIN, SODIUM BENZOATE	Water-soluble moisturizing active containing characteristic molecules of original NMF	1-5			1
SODIUM HYALURONATE	SODIUM HYALURONATE	High-end active, low dosage effective, providing intense moisturizing effect and forming a non occlusive protector film	0.1-1			1
TOCOPHERYL LINOLEATE	TOCOPHERYL LINOLEATE	Liposoluble molecular complex, exceptional source of Vitamin E and Vitamin F, providing a long-lasting moisturizing effect. Ideal for sensitive and atopic skin	0.5-2			1
UREE 46% (use level < 5%)	UREA	Strong hygroscopic power improving epidermis ability to attract and hold water. Can also help to enhance active penetration	0.1-3			1

Purifying and peeling systems

PRODUCT	INCI NANE	PROPERTIES & APPLICATIONS	USE LEVEL (%)	COSMOS APPROVED	ORGANIC	CHINA
ASTRINGOL	ALUMINUM TRIFORMATE, AQUA, TARTARIC ACID, TRIETHANOLAMINE	Non irritant astringent active, perfect solution for anti-perspirants. Easier to use than alumine chloride	1-3	AA.		99
PAM EXTRACT®	GLYCERIN, AQUA, CITRUS GRANDIS SEED EXTRACT	Hydroglycerin extract of grapefruit seeds providing sebum regulating effect (reduction of spots and blackheads). Ideal for greasy skin	2-4	1	1	1
PRODHYCORE® AHA	AQUA, CITRIC ACID, GLYCOLIC ACID, LACTIC ACID, MANDELIC ACID	Alpha hydroxy acids into water solution. Combined with a glycerin plant extract formulated on demand, Prodhycore® AHA is the perfect plant extract/fruit acids combinaison for radiance and skin brightness. The solution for a soft, healthy and purified skin	1-10			1
SALICYLIC ACID	SALICYLIC ACID	Chemical peeling. Can also be used as neutralizer agent	1-3			1
TITRATED AHA	AQUA, PROPYLENE GLYCOL, PRUNUS ARMENIACA FRUIT EXTRACT, PASSIFLORA INCARNATA FRUIT EXTRACT, PSIDIUM GUAJAVA FRUIT EXTRACT, MANGIFERA INDICA FRUIT EXTRACT, CITRUS GRANDIS FRUIT EXTRACT, PRUNUS PERSICA FRUIT EXTRACT, FRAGARIA VESCA FRUIT EXTRACT, RUBUS IDAEUS FRUIT EXTRACT, CITRIC ACID, GLYCOLIC ACID, LACTIC ACID, MANDELIC ACID	Fruit-based peeling composed with juicy fruits, well known for their outstanding composition in alpha hydroxy acids, combined with chemical acids (Hydroglycerin version available)	1-10			√
UREE 46% (use level >5%)	UREA	Keratolytic agent helping to remove scales and dead skin cells and improving corneocyte turnover. Ideal for extra dry and atopic skin	5-15			1

Slimming & Firming

PRODUCT	INCI NANE	PROPERTIES & APPLICATIONS	USE LEVEL (%)	COSMOS APPROVED	ORGANIC	CHINA
CAFFEIN	CAFFEINE	Slimming and anti-cellulite key active thanks to lipolytic and draining properties	0.5-2			✓
KIGELINE®	AQUA, BUTYLENE GLYCOL, KIGELIA AFRICANA FRUIT EXTRACT	Skin tensor hydroglycolic extract of Kigelia africana containing exceptional quantity of flavonoids, with veinotonic and vascular protective properties, and steroidic saponosides, with hormone-like effect (Hydroglycerin version available)	2-4			√
PRODHYGEM® FIT	GLYCERIN, CASTANEA SATIVA BUD EXTRACT, AESCULUS HIPPOCASTANUM BUD EXTRACT, POTASSIUM SORBATE, CITRIC ACID, SODIUM BENZOATE	Hydroglycerin extract of chestnut and horse chestnut buds improving skin firmness, reducing orange peel appearance and decreasing severity of cellulite	1-3		1	✓

Anti-aging agent

PRODUCT	INCI NANE	PROPERTIES & APPLICATIONS	USE LEVEL (%)	COSMOS APPROVED	ORGANIC	CHINA COMPLIANT
PRODHYDERM® XPP CE	GLYCERIN, QUERCUS ROBUR WOOD EXTRACT, CITRIC ACID, POTASSIUM SORBATE, SODIUM BENZOATE	Hydroglycerin extract of Oak heart wood, concentrated in polyphenols, offering overall action by fighting against photo-induced aging and oxidative stress while visibly improving wrinkle depth	1-3	1		1
PRODHYLEMGAE® CE	AQUA, GLYCERIN, SPIRULINA PLATENSIS EXTRACT, CITRIC ACID, POTASSIUM SORBATE, SODIUM BENZOATE	Hydroglycerin extract of Spirulin, rich in vitamins, proteins, amino acids and essential lipids. This powerful powder is antioxidant, fights against skin ageing and maintains skin elasticity and suppleness. Local origin to limit carbon footprint	From 1%	√		1

Protection

	PRODUCT	INCI NANE	PROPERTIES & APPLICATIONS	USE LEVEL (%)	COSMOS APPROVED	ORGANIC	CHINA
W 19	PRODHYGEM® O2	GLYCERIN, RIBES NIGRUM BUD EXTRACT, POTASSIUM SORBATE, CITRIC ACID, SODIUM BENZOATE	Hydroglycerin extract of French blackcurrant buds. This ingredient acts like a real anti-ageing and anti-pollution shield (anti-free radicals, anti-blue light), and is also a real energy booster for cells. In vitro and in vivo tests. (Vegetal pentylene glycol version available)	0.5-1	✓	✓	√

Lightening & Whitening

PRODUCT	INCI NANE	PROPERTIES & APPLICATIONS	USE LEVEL (%)	COSMOS APPROVED	ORGANIC	CHINA
PRODHYWHITE® CONCENTRE	BUTYLENE GLYCOL, AQUA, MORUS ALBA ROOT EXTRACT, GLYCYRRHIZA GLABRA ROOT EXTRACT, SCUTELLARIA BAICALENSIS ROOT EXTRACT, ARCTOSTAPHYLOS UVA URSI LEAF EXTRACT, KOJIC ACID	Hydroglycolic extract, blend of mulberry, liquorice, baikal skullcap and bearberry, having strong action on tyrosinase inhibition for a porcelain fair skin (Kojic acid free version available) (Hydroglycerin version available) (Vegetal Butylene glycol version available)	1-3			1
SOHAKUHI® BG	BUTYLENE GLYCOL, MORUS ALBA ROOT EXTRACT	Hydroglycolic extract of white mulberry root bark acting directly on the source of cutaneous colouration, by tyrosinase inhibition thanks to phenyl flavones, for a lighter and more even skin	2-4		1	1

Soothing agents

PRODUCT	INCI NANE	PROPERTIES & APPLICATIONS	USE LEVEL (%)	COSMOS APPROVED	ORGANIC	CHINA COMPLIANT
ALLANTOIN	ALLANTOIN	Soothing and anti-irritant agent by regulating anti-inflammatory process. Also well-known as healing and repairing agent for sensitive and damaged skins	0.1-1			1

Emulsifiers

PRODUCT	INCI NANE	PROPERTIES & APPLICATIONS	USE LEVEL (%)	COSMOS APPROVED	ORGANIC	CHINA COMPLIANT
CETYL PALMITATE	CETYL PALMITATE	Non ionic O/W co-emulsifier Can be used as consistency factor	2-5			1
PRODHYBASE® 1500	PEG-6 STEARATE, PEG-32 STEARATE	Non ionic O/W co-emulsifier	1-10			1
PRODHYBASE® 400	PEG-8 STEARATE	Non ionic O/W co-emulsifier	1-10			1
PRODHYBASE® 4000	PEG-75 STEARATE	Non ionic O/W co-emulsifier	1-10			✓
PRODHYBASE® 6000	PEG-150 STEARATE	Non ionic O/W co-emulsifier	1-10			1
PRODHYBASE® A	PEG-2 STEARATE	Non ionic O/W co-emulsifier	1-10			1
PRODHYBASE® GLA	GLYCERYL STEARATE	Non ionic O/W co-emulsifier and consistency factor	0.5-3.0	1		1
PRODHYBASE® GLN P	GLYCERYL STEARATE SE	Anonic O/W self emulsifying system	3-10	1		1
PRODHYBASE® NA	PEG-2 STEARATE, SODIUM STEARATE	Anionic O/W emulsifier	3-8			1
PRODHYBASE® PGA	PEG-6 STEARATE	Non ionic O/W co-emulsifier	1-10			1
PRODHYBASE® PRN	PROPYLENE GLYCOL STEARATE, TEA-STEARATE	Anionic O/W emulsifier	3-8			1
PRODHYCIRE® CAP	CETYL ALCOHOL, OLEYL ALCOHOL, STEARYL ALCOHOL, STEARIC ACID, PALMITIC ACID	Non-ionic O/W emulsifier ideal for hair care products due to a high tolerance with cationic system. Can be used from milk to very thick emulsion	3-10			1
PRODHYCIRE® NAT	GLYCERYL STEARATE, SODIUM STEAROYL LACTYLATE	Optimized combinaison of O/W emulsifiers for COSMOS formulas leaving a soft touch	3-8	1		✓
PRODHYCIRE® OR-V	GLYCERYL STEARATE, CYAMOPSIS TETRAGONOLOBA GUM	Non ionic O/W self-emulsifying guar gum derived	4-8			1
PRODHYCIRE® P15	CETEARYL ALCOHOL, PEG-6 STEARATE, PEG-32 STEARATE	Non ionic O/W self-emulsifying fatty alcohols blend	4-8			1
PRODHYCIRE® P60	CETEARYL ALCOHOL, CETEARETH-25	Non ionic O/W self-emulsifying fatty alcohols blend	4-8			√
PRODHYCREME® 013	PEG-2 STEARATE, CETYL ALCOHOL, STEARYL ALCOHOL, PARAFFINUM LIQUIDUM, HYDROGENATED COCONUT OIL, CETEARETH-25, SODIUM STEARATE	O/W self emulsifying base: simultaneously emulsifier and consistency factor Can be used from fluid to very thick emulsions	3-10			√
PRODHYCREME® 015	PEG-2 STEARATE, CETYL ALCOHOL, STEARYL ALCOHOL, HYDROGENATED POLYDECENE, HYDROGENATED COCONUT OIL, CETEARETH-25, SODIUM STEARATE	O/W self emulsifying base: simultaneously emulsifier and consistency factor Can be used from fluid to very thick emulsions	3-10			1
PRODHYFLUID®	SORBITAN OLEATE, POLYSORBATE 80, CAPRYLIC/CAPRIC TRIGLYCERIDE, PRUNUS AMYGDALUS DULCIS OIL, POLYSORBATE 20, SQUALANE, TOCOPHEROL	Optimized combination of emulsifiers and esters for ultra-fluid and sprayable O/W emulsions. Cold processable	5-20			1

Memberships

PROD'HYG is active member of multiple associations.

Thanks to our presence, we participate to the evolution of our industry and of the worldwide regulations. We are aware of the evolution of the market for the benefits of our customers.

▶ UNITIS: European organization of cosmetic ingredients industries and services. Board member and Executive committee.

Organization uniting companies involved in the field of cosmetic ingredients and determined to master their future nearby regulatory bodies and partners of the cosmetic industry.

► THE BOTANICAL ALLIANCE: Natural cosmetic supply chain.

Association uniting the supply chain, playing a guiding role in terms of promotion of quality and safety of botanicals.

► COSMETIC VALLEY: World's leading perfumery-cosmetics network.

French organization supporting industrials from the perfumery cosmetics sector through commercial development (networking and export support for SMEs etc.) and improving their competitiveness (setting up research and innovation projects).

▶ **UEBT:** Union for Ethical BioTrade.

Association that promotes the "Sourcing with Respect" of ingredients that come from biodiversity. Ethical BioTrade advances sustainable business growth, local development and biodiversity conservation.

Certifications & Conformity

We offer ingredients in conformity and certified to the organic cosmetic standards. We are also engaged on using sustainable palm oil and palm derived products.

▶ Raw material approved by **ECOCERT** GREENLIFE, conform to the COSMOS Standard.

▶ Raw material certified by ECOCERT GREENLIFE according to COSMOS Standard. Available at: https://cosmos-standart.org

► RSPO certified RSPO member = 9-0807-14-000-00

▶ ISO 9001 certified: Quality management for client satisfaction and risk control.

▶ ISO14001 certified: Environmental management taking into account the company activities environmental control.

Distribution ranges

Thanks to 70 years of expertise, we are creating strong links with leading partners. The following companies entrust to PROD'HYG the distribution of their products in France.

▶ GALACTIC has developed a wide range of natural solutions for a sustainable cosmetics and personal care industry. All products are derived from natural ingredients and aim to enhance the formulations.

www.lactic.com

GALACID™ & GALAFLOW™	Lactic acids range & Salts of acid lactic range
GALATEA™ ANTI-AGING	Strong synergy between apo-lactoferrin, lactoperoxidase and superoxide dismutase to protect skin against oxidative stress
GALICARE™ PLA	Bio-degradable resin particles derived from renewable resources designed for skin exfoliation
GALASTER™	Esters of acid lactic used as biosolvents, substitutes of traditional solvents
GALANIUM™	Mineral salts of acid lactic (Al, Mg, Zn)

▶ INCA OIL is the worldwide largest organic Jojoba producer. The INCA OIL label has developed to a symbol of quality and trustiness, recognized by all major cosmetic or personal care companies worldwide.

www.incaoil.org

GOLD JOJOBA OIL	APPROVED APPROVED	Jojoba oil
GOLD JOJOBA OIL - ORGANIC	ORGANIC COSMOS APPROVED	Organic certified Jojoba oil
LITE JOJOBA OIL		Decolorized Jojoba oil
LITE JOJOBA OIL - ORGANIC	ORGANIC COSMOS APPROVED	Organic certified decolorized Jojoba oil
JOJOBA SCRUB		Natural exfoliating beads of Jojoba

▶ OILS OF ALOHA manufactures high quality natural oils from botanicals grown throughout the Hawaiian Islands. Thanks to a minimal refining process, Oils of Aloha's Kukui Oil and Macadamia Oil are expeller-pressed (natural extraction without chemical solvents) to maintain the optimum quality and purity of the oil.
