## Better than Excellent?

Good or even excellent, that was the appraisal of its predecessor. What is different, what is better with the new IB-MP3011Plus? The upgrade with the Realtek chip RTD1185 provides opportunities.

- Thus the IB-MP3011Plus has a web browser, plus a YouTube app.
- $\bullet\ \ \,$  The network protocols NFS and FTP have been added.
- $\bullet \quad \text{Since the IB-MP3011Plus with an HDD inside is also a network server the 1 Gbit/s LAN interface will surely be embraced.}$
