

Dynadock U10

Universal Docking Devices

Connect to all your computer devices with one USB cable quickly and easily.

> QUICK CONNECT

Easy Plug-and-Play connectivity; connects your desktop devices to your computer with one USB cable.

> UNIVERSAL

Compatible with any brand of Windows-based computers, including laptops and desktops, running XP or Vista® operating systems.

> MULTIMEDIA

Adds 7.1 channel surround sound via S/PDIF port and provides high-resolution graphics output¹ through the VGA or DVI port on the dynadock.

> EXPANDABILITY

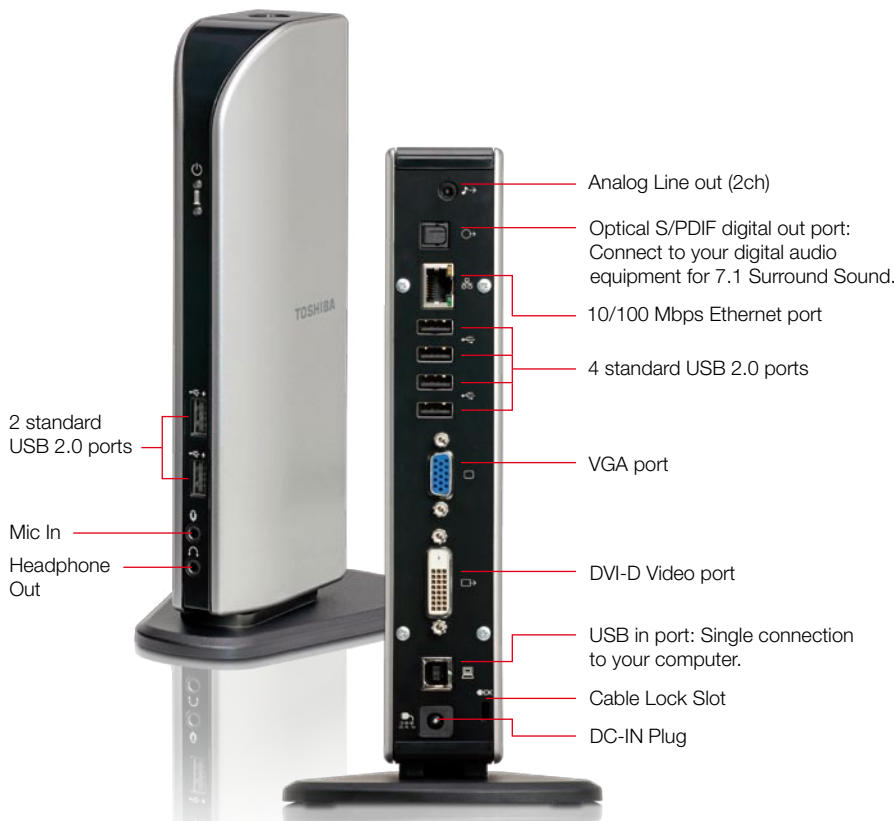

Provides six additional USB 2.0 ports with the two front "always on" ports providing power even when the PC is off. View up to 3 displays² simultaneously.

> SPACE-SAVING

Upright slim design takes up minimal desktop space and reduces cable clutter. It also eliminates the wear-and-tear on both the PC ports and the cable plugs themselves.
