NEW

YUKI CHERRY BLOSSOM™ *Deutzia*

YUKI CHERRY BLOSSOM™ –

Something for early spring sales

A pink-flowered version of 'Nikko', it's covered with beautiful pink flowers right when gardeners are in the store.

NEW

LET'S DANCE® BLUE JANGLES™ *Hydrangea macrophylla*

LET'S DANCE® BLUE JANGLES™ –

A new reblooming hydrangea

Its sturdy frame and extremely generous flower display make this a top choice for impulse sales to hydrangea lovers.

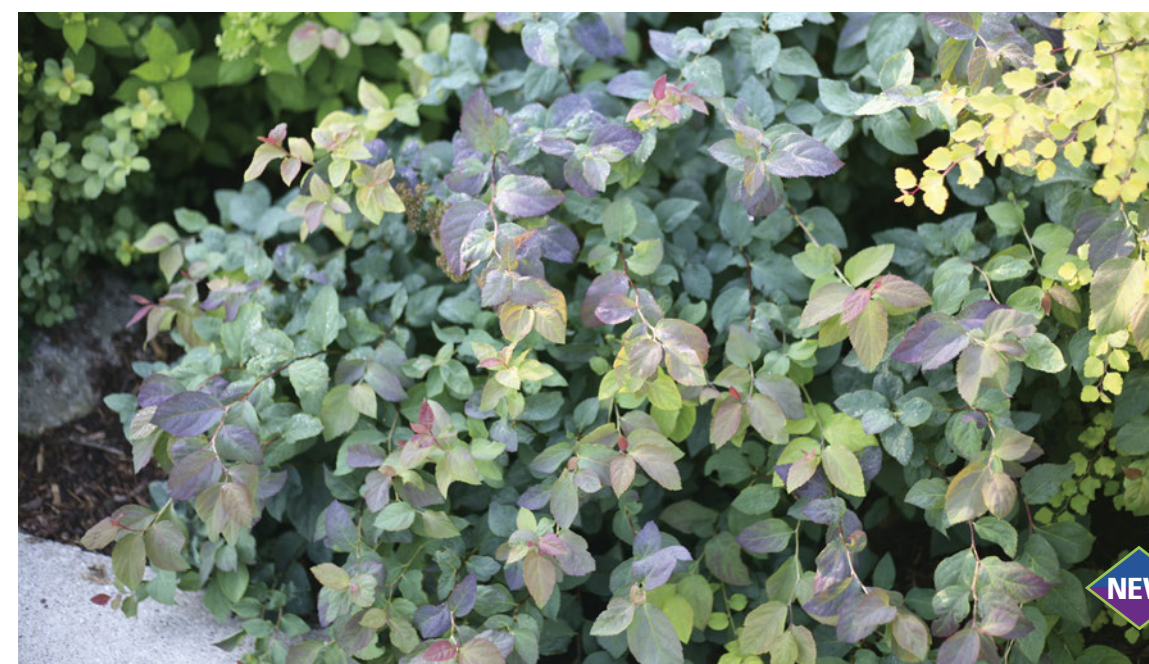

NEW

LITTLE QUICK FIRE™ *Hydrangea paniculata*

LITTLE QUICK FIRE™ –

A treat for Memorial Day shoppers

Little Quick Fire™ is the dwarf form of the popular Quick Fire™ hydrangea. Both bloom up to a month earlier than other hardy hydrangeas!

NEW

DOUBLE PLAY® Blue Kazoo *Spiraea*

DOUBLE PLAY® BLUE KAZOO™ –

Landscapers' choice

Hints of burgundy in the new growth foreshadow the vibrant fall foliage of this neat, mounded spirea. What a wonderfully durable, deer-resistant plant for the landscaper's palette!

SUGAR MOUNTAIN® – An easy-to-grow superfruit

These adaptable plants produce lots of tasty, healthy berries. While fruit trees require a large garden, our sweetberry honeysuckle bushes thrive in residential landscapes, and can even be grown in patio containers.

Reminiscent of raspberries and blueberries, Sugar Mountain Blue *Lonicera* gives you bigger, tastier berries on an easy to grow hedge. So much easier to grow than blueberries, this native shrub is super hardy and needs no special soils. Plant two selections for even heavier fruit crops.

LO & BEHOLD® 'Blue Chip Jr.' *Buddleia*

LO & BEHOLD® 'Pink Micro Chip' *Buddleia*

LO & BEHOLD® – Butterflies love container gardens!

The latest additions to the Lo & Behold® series have plenty of continuous-blooming, fragrant charm. These non-invasive plants are perfect for attracting butterflies to gardens.
