

Spring Preview 2013

PW
PROVEN
WINNERS®
Nothing Sells Faster®

20 Years of Great Growing

For 20 years, Proven Winners has been setting the bar high by partnering with the best growers, creating innovative marketing tools and campaigns, and offering the most beautiful, unique, high-performing plants.

We've been at the forefront of delivering innovation across the industry for two decades. Our commitment began when EuroAmerican Propagators, Four Star Greenhouse, and Pleasant View Gardens joined forces to form Proven Winners, later expanding the brand presence to Canada with Dentoom's Greenhouses, Nordic Nurseries, and Ed Sobkowich Greenhouses. And it has continued with our more recent partnerships with Spring Meadow Nursery and Walters Gardens.

We continue to break new ground in this milestone year with the introduction of dozens of new annuals, perennials, and shrubs, including the exceptional, uniquely colored Superbells® variety shown here. Lemon Slice is truly a plant that gardeners and industry professionals can't take their eyes off of.

That's what Proven Winners has been committed to for 20 years – introducing plants and ideas that keep the industry and the gardening public saying "Wow" and that continue to surprise and delight them with every new Spring Preview and *Gardener's Idea Book*.

SUPERBELLS® Lemon Slice
Calibrachoa hybrid

Plants identified as Garden Writers selections will be sent to 370 garden writers across North America this spring so they can share their experience with each plant with the gardening public through blogs, magazines, and other national media.

You asked for additional colors, we delivered.

Proven Winners Annuals

SUPERBELLS® Lemon Slice

Calibrachoa hybrid ^{USCAL5302M} USPPAF CanPBRAF

- Totally unique color pattern, never seen before in Calibrachoa
- Mounding habit, most similar to Dreamsicle
- Same superior Superbells® performance and disease resistance
- Use in 4.25 Grande™ containers, monoculture hanging baskets, or combos with other medium-vigor varieties
- 6-10" height; 12-24" spread
- Full sun

See front and inside front cover

SUPERBELLS® Double Plum

Calibrachoa hybrid ^{***} CanPBRAF

- Available exclusively in Canada for 2013
- Beautiful reddish-purple blooms in a unique double-flower form
- Same superior Superbells® performance and disease resistance
- Best in 4.5" and baskets as mono or in combo with other medium-vigor plants
- 6-10" height; 12-24" spread
- Full sun

See pg. 15

SEÑORITA BLANCA™

Cleome hybrid ^{INCLESNABL} USPPAF CanPBRAF

- Same great habit and performance as Señorita Rosalita®
- White flowers with pale lavender blush
- Excellent heat and humidity tolerance
- Exceptional landscape performance
- All-season flowering from last frost to first frost
- Sterile so no seed set, no cycling out of flower
- Best in 1.0 Royale™, 14" uprights, and larger containers
- 24-48" height; 18-24" spread
- Full sun

See pg. 2

Proven Winners Annuals

BLUE MY MIND™

Evolvulus hybrid ^{UEV01201} USPPAF CanPBRAF

- Stunning deep sky blue flowers with silver-toned foliage
- Better branched, larger flowered, and more impact than 'Blue Daze' (generic free form)
- Drought, heat, and humidity tolerant; great for southern growers
- Northern growers should use care and not order in too early
- Great in 4.25 Grande™ and 1.0 Royale™ containers and hanging baskets
- 6-12" height; 12-24" spread
- Full sun

See pg. 4

LUSCIOUS® BERRY BLEND™

Lantana hybrid ^{LAN 876} USPPAF CanPBRAF

- Vibrant pink and yellow flowers with rich, dark foliage
- Upright mounding habit; well branched
- More vigorous than Bandana® series
- Drought, heat, and humidity tolerant; great for southern growers
- Ideal for 4.25 Grande™ and 1.0 Royale™ containers
- 24-36" height; 20-30" spread
- Full sun

See pg. 6

LUSCIOUS® Piña Colada

Lantana hybrid ^{***} USPPAF CanPBRAF

- Masses of white flowers with yellow centers and rich, dark foliage
- Upright mounding habit; well branched
- More vigorous than Bandana® series
- Great season-long flowering
- Drought, heat, and humidity tolerant; great for southern growers
- Ideal for 4.25 Grande™ and 1.0 Royale™ containers
- 12-26" height; 12-24" spread
- Full sun

See pg. 6

*** = See our website for varietal denomination information at www.provenwinners.com

USPPAF = US Plant Patent Applied For

Proven Winners Annuals

BLUSHING PRINCESS™

Lobularia hybrid **** USPPAF CanPBRAF

- An exceptional lavender-toned version of Snow Princess®; fragrant flowers open white and turn to a lavender-silver in about a day
- Overall performance is very similar to Snow Princess®
- Brighter light intensity increases the lavender flower color
- Heat, drought, and humidity tolerant
- Production water use is medium-high
- 6-12" height; 24-36" spread
- Full sun or part shade

See pg. 2

FROSTY KNIGHT™

Lobularia hybrid **** USPPAF CanPBRAF

- Great white-striped variegation for foliage interest; a great up-close plant
- Continuous masses of white flowers – whose fragrance equals Snow Princess®
- Drought, heat, and humidity tolerant; great for southern growers
- About 50% of the vigor and 60% of the flower coverage of Snow Princess®, making it a great choice in combination with medium-vigor plants
- Ideal for 4.25 Grande™ and 1.0 Royale™ containers, hanging baskets, and combos
- 6-12" height; 18-24" spread
- Full sun or part shade

See pg. 3

SUPERTUNIA® PICASSO IN PINK™

Petunia hybrid †USTUN48002† USPPAF CanPBRAF

- Great clear pink flowers with a bright green edge
 - More compact, more mounding, and roughly 2/3 as vigorous as Supertunia® Pretty Much Picasso® creating a better overall habit
 - All the great Supertunia® qualities, including heat and humidity tolerance
 - 8-12" height; 18-24" spread
 - Full sun
- See pg. 3

Proven Winners Annuals

SUPERTUNIA® Pink Charm

Petunia hybrid †USTUN19603† USPPAF CanPBRAF

- Early compact habit is great for small container production yet becomes a vigorous spreading plant similar to other Supertunia® varieties
- Like all Charm varieties, the bloom size is slightly smaller than traditional Supertunia®
- The spectacular pink blooms are an exceptional color addition to the Charm series
- Strong late season performance
- 6-10" height; 18-24" spread, making it perfect for the landscape
- Full sun

See pg. 5

SUPERTUNIA® Watermelon Charm

Petunia hybrid †USTUN47601† USPPAF CanPBRAF

- Rich watermelon-toned blooms with a small white eye on a mounding habit
- Like all Charm varieties, the bloom size is slightly smaller than traditional Supertunia®
- All-season blooming and great heat and humidity tolerance
- Great in combos with other medium-vigor plants
- 8-12" height; 18-24" spread, making it perfect for the landscape
- Full sun

See pg. 15

WHIRLWIND® White Improved

Scaevola hybrid **** USPPAF CanPPRAFF

- Improved branching habit
- Stronger, more vigorous plant with larger flower petals for more impact
- Clear white color, heat tolerance, and summer long performance
- Great for 4.25 Grande™ containers, hanging baskets, and combos
- Match with other medium-vigor plants in combinations
- 8-14" height; 18-24" spread
- Full sun

See pg. 5

Proven Winners Annuals

COLORBLAZE® KEYSTONE KOPPER™

Solenostemon scutellarioides

- Deep, rich copper leaf adds a new color to the popular ColorBlaze® series
- Strong upright growth habit
- Versatile and easy to grow
- Tolerates varying light conditions
- Late or non-flowering in most of North America
- 18-24" height; 18-24" spread
- Part to full sun

See pg. 15

COLORBLAZE® MAROONED™

Solenostemon scutellarioides

- Great all-season color and full-sun performance
- Similar to ColorBlaze® Alligator Tears™ in its upright habit
- Great for 4.25 Grande™ as well as larger containers
- Exceptional branching and habit
- Rich purple burgundy foliage in both sun and shade
- Late or non-flowering in most of North America
- 24-36" height; 18-36" spread
- Full sun to full shade

See pg. 15

SUPERBENA® Royale Silverdust

Verbena hybrid 'AKIV572-1' USPPAF CanPBRAF

- Early compact habit is great for Grande™ container production yet becomes a vigorous spreading plant for the consumer
- Sweetly fragrant, blue-purple blooms
- Early to flower
- Exceptional powdery mildew resistance
- Great in combos with other medium-vigor plants
- 6-10" height; 12-24" spread
- Full sun

See pg. 5

Proven Winners Perennials

FRUIT PUNCH™ 'Apple Slice'

Dianthus USPP21842

- Fragrant, double, intricately patterned blossoms produced on strong, wiry stems
- Deep velvety red flowers with pale pink to white markings and a matching picotee edge
- Blooms in early summer; often reblooms in early fall
- Glaucous blue-green foliage forms a low mound
- Zones 4-9
- 10" height; 12" spread
- Full sun to part shade

See pg. 18

FRUIT PUNCH™ 'Black Cherry Wild'

Dianthus USPP21893

- Fragrant, double, deep velvety red flowers with a narrow, serrated, white picotee edge
- Blooms in early summer; often reblooms in early fall
- Useful for adding a dramatic shot of red color in combo containers and in the landscape
- Glaucous grey-green foliage forms a low, compact mound
- Zones 4-9
- 6" height; 8" spread
- Full sun to part shade

See pg. 18

FRUIT PUNCH™ 'Coconut Punch'

Dianthus USPP21876

- Fragrant, double, intricately patterned blossoms are produced on taller, strong, wiry stems
- Large, fluffy white flowers with a deep wine red picotee edge
- Blooms in early summer; often reblooms in early fall
- Glaucous grey-green foliage forms a grassy mound
- Zones 4-9
- 12" height; 12" spread
- Full sun to part shade

See pg. 18

Proven Winners Perennials

FRUIT PUNCH™ 'Pomegranate Kiss'

Dianthus USPP21895

- Fragrant, double, very floriferous selection
- Deep velvety red flowers are splashed with rose pink and have a matching rose pink, sharply serrated edge
- Blooms in early summer; often reblooms in early fall
- Glaucous blue-green foliage forms a low, compact mound
- Zones 4-9
- 6" height; 8" spread
- Full sun to part shade

See pg. 18

'Bottle Rocket'

Ligularia USPPAF

- More compact and proportional habit compared to 'Little Rocket'
- Very large, thick, serrated, green leaves form a dense clump
- Mustard yellow flower spikes are held just above the foliage with no naked stems showing
- More heat tolerant in Michigan trials; does not flag in the summer heat
- Zones 4-9
- 28-34" height; 24-28" spread
- Part shade

See pg. 18

'Pardon My Pink'

Monarda didyma USPPAF

- Petite selection; easy to tuck into the front of the border or combo containers
- Cheerful true pink flowers are quite large for such a petite plant, measuring 2½ - 3"
- Blooms from midsummer into early fall
- Glossy, deep green, mildew-resistant foliage forms a compact, well-branched clump
- Zones 4-9 (perhaps hardier)
- 10-12" height; 8-12" spread
- Full sun to part shade

See pg. 18

Proven Winners Perennials

'Pardon My Purple'

Monarda didyma USPP22170

- Petite selection; easy to tuck into the front of the border or combo containers
- Fuchsia purple flowers are quite large for such a petite plant, measuring 2½ - 3"
- Blooms from midsummer into early fall
- Glossy, deep green, mildew-resistant foliage forms a compact, well-branched clump
- Zones 4-9 (perhaps hardier)
- 10-12" height; 7-10" spread
- Full sun to part shade

See pg. 18

'Pure Joy'

Sedum USPPAF

- Emerges in spring as a low, rounded mound of small, serrated, blue-green leaves
- Forms a short, semi-upright clump in summer; plant near the front of the border
- Masses of bubblegum pink flowers completely cover the foliage in late summer through early fall
- Pairs well with other fall bloomers
- Zones 3-9
- 10-12" height; 16-20" spread
- Full sun

See pg. 18

Proven Winners ColorChoice® Shrubs

PINKY BELLS™

Abelia *Lynn' USPP20604 CanPBRAF

- Compact plant has the largest flowers of any Abelia
- Pendulous lavender-pink flowers bloom from mid-summer to fall
- New growth on foliage and stems takes on red hues in late spring and autumn
- Strong root system, healthy growth, and excellent container presentation
- Good for mixed borders and containers; deer-resistant
- 2-3' tall by 3-4' wide
- USDA Zone 6; heat tolerant to AHS Zone 8
- Full sun to part shade in moist, well-drained soils

See pg. 16

Proven Winners ColorChoice® Shrubs

SUNJOY® Cinnamon

Berberis thunbergii 'Celeste' USPPAF CanPBRAF

- A whole new look for Barberry
- Distinctive dark orange foliage
- Compact branching
- An excellent plant for adding low-maintenance, season-long color to landscapes
- Good for hedges and foundation plantings; deer-resistant
- 4-5' tall and wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Full sun in well-drained soils

See pg. 16

SUNJOY® Citrus

Berberis thunbergii 'Koren' USPPAF CanPBRAF

- Berberis 'Aurea' just got better
- Bright yellow foliage has excellent burn resistance
- Neat, rounded habit produces a uniform plant with good container presentation
- Easy, season-long color for landscapes
- Good for hedges and foundation plantings; deer-resistant
- 2-3' tall and wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Full sun in well-drained soils

See pg. 16

SUNJOY® Mini Saffron

Berberis thunbergii 'Kasia' USPPAF CanPBRAF

- A dwarf golden Barberry that grows fast enough to be profitable
- Bright yellow foliage has excellent burn resistance
- The foliage has hints of orange in the new growth and turns orange-red in fall
- Easy, no-prune, season-long color for home and commercial landscapes
- Great for mass plantings; deer-resistant
- 18-24" tall; 24-30" wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Full sun in well-drained soils

See pg. 16

Proven Winners ColorChoice® Shrubs

SUNJOY® Mini Salsa

Berberis thunbergii 'Mimi' USPPAF CanPBRAF

- An improved 'Crimson Pygmy' that does not revert, so crops are consistent
- Vivid, dark red foliage
- Easy, adaptable color for home and commercial landscapes
- Great for mass plantings; deer-resistant
- 18-24" tall and wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Full sun in well-drained soils

See pg. 16

SUNJOY® Syrah

Berberis thunbergii 'Heleni' USPPAF CanPBRAF

- Purple-black foliage is a distinctive color for the garden all season long
- Uniform cultivar is well-suited to container production
- Low maintenance
- Upright habit is excellent for hedges
- 4-5' tall and wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Full sun in well-drained soils

See pg. 16

LO & BEHOLD® 'Ice Chip'

Buddleia USPPAF CanPBRAF

- White version of dwarf, non-invasive Lo & Behold® Butterfly Bush
- Reblooms mid-summer to frost without deadheading
- Fragrant white flowers
- More compact than 'Blue Chip'
- 18-24" tall and 24-30" wide
- USDA Zone 5; heat tolerant to AHS Zone 9
- Full sun in well-drained soils

See pg. 16

Proven Winners ColorChoice® Shrubs

LO & BEHOLD® 'Lilac Chip'

Buddleia USPPAF CanPBRAF

- A new color of dwarf, non-invasive Lo & Behold® Butterfly Bush
- Reblooms mid-summer to frost without deadheading
- Fragrant lavender-pink flowers
- More compact than 'Blue Chip'
- Excellent mass planting or container plant
- 18-24" tall and 24-30" wide
- USDA Zone 5; heat tolerant to AHS Zone 9
- Full sun in well-drained soils

See pg. 16

'Aphrodite'

Calycanthus USPPAF CanPBRAF

- New, improved hybrid Calycanthus
- Unlike 'Hartlage Wine,' 'Aphrodite' is fragrant
- Large, bright red Magnolia-like flowers
- Reblooming, so has a long selling season
- 5-6' tall and wide
- USDA Zone 5; heat tolerant to AHS Zone 9
- Adaptable to most moist, well-drained soils
- Full sun to part shade

See pg. 16

PUCKER UP!™

Cornus stolonifera 'Neil Z' USPPAF CanPBRAF

- A unique red-stemmed Dogwood
- Thick foliage is highly resistant to leaf spot
- Glossy, distinctively puckered leaves
- Compact growth and bright red winter stems
- 3-4' tall and wide
- USDA Zone 3; heat tolerant to AHS Zone 8
- Adaptable to most soils
- Full sun to part shade

See pg. 16

Proven Winners ColorChoice® Shrubs

WHITE ALBUM™

Euonymus fortunei 'Alban' USPPAF CanPBRAF

- Brightly variegated evergreen foliage is appealing to gardeners year-round
- Stable variegation with a cream-colored border around each leaf
- Consistent growth habit is great for growers
- Superior leaf spot resistance
- 18-24" tall and wide
- USDA Zone 5; heat tolerant to AHS Zone 9
- Adaptable to most well-drained soils
- Full sun to part shade

See pg. 16

SHOW OFF™ Sugar Baby

Forsythia 'NIMBUS' USPPAF CanPBRAF

- Miniature, upright selection is the smallest of the flower-packed Show Off™ series
- Stems are covered in blooms from base to tip
- Excellent container presentation for spring impulse sales
- 18-30" tall and wide
- USDA Zone 4; heat tolerant to AHS Zone 9
- Adaptable to most moist, well-drained soils
- Best in full sun

See pg. 16

PINK CHIFFON™

Hibiscus syriacus 'JWNfour' USPPAF CanPBRAF

- The latest addition to the popular Chiffon™ series
- Large, clear pink flowers cover the plant in summer
- Single blooms are accented by a lacy center tuft
- Soft, graceful stems make it appealing in a container
- 8-12' tall and 4-6' wide
- USDA Zone 5; heat tolerant to AHS Zone 9
- Adaptable to most moist, well-drained soils
- Best in full sun

See pg. 16

Proven Winners ColorChoice® Shrubs

SUMMER SHANDY™

Humulus 'Summer' USPPAF CanPBRAF

- An ornamental form of the plant grown for hops production for beer
- Bright golden-yellow foliage is attractive all season
- Refined habit and less aggressive growth than other varieties
- A great accent plant for mixed borders or perennial gardens
- 5-10' tall; train up a string or trellis
- USDA Zone 5; heat tolerant to AHS Zone 8
- Adaptable to most moist, well-drained soils
- Full sun to part shade

See pg. 16

BOBO™

Hydrangea paniculata 'ILVOBO' USPPAF CanPBRAF

- A very showy, very hardy Dwarf Hydrangea developed by the same breeder as Pinky Winky™
- Early to bloom and engulfed by white flowers in summer
- Flowers are held upright on strong stems and continue to lengthen as they bloom
- Winner of the Gold Florall award for best novelty plant
- Great for containers or mixed borders
- 30-36" tall, 36-48" wide
- USDA Zone 3; heat tolerant to AHS Zone 8
- Adaptable to most moist, well-drained soils
- Full sun to part shade

See pg. 16

TUFF STUFF™

Hydrangea serrata 'MAK20' USPPAF CanPBRAF

- Reblooming *H. serrata* has better bud and stem hardiness than *H. macrophylla*, so it reblooms more reliably
- Flowers on both old and new wood and continues to produce flowers until frost
- Semi-double to double, lacy flowers mature to an intense pink
- An excellent choice for colder climates where reblooming Hydrangeas have not lived up to expectations
- 2-3' tall and wide
- USDA Zone 5; heat tolerant to AHS Zone 9
- Prefers moist, well-drained soils
- Full sun to part shade

See pg. 16

Proven Winners ColorChoice® Shrubs

RED WALL™

Parthenocissus quinquefolia 'Troki' USPPAF CanPBRAF

- A native plant perfect for covering unattractive fences
- This fast-growing vine has glossy dark green foliage in summer
- Fall color is fire-engine red
- Fast growing and salt tolerant; perfect for creating green walls in urban locations
- 20+ feet tall
- USDA Zone 3; heat tolerant to AHS Zone 9
- Adaptable to most soils
- Full sun to part shade

See pg. 17

HAPPY FACE™ White

Potentilla fruticosa 'White Lady' USPPAF CanPBRAF

- Extra-large, pure white flowers cover the plant in summer
- Dark, healthy foliage and compact habit
- Better container presentation than older varieties
- Excellent low-maintenance plant for colder climates
- 2-3' tall and wide
- USDA Zone 2; heat tolerant to AHS Zone 7
- Adaptable to most well-drained soils
- Full sun

See pg. 17

'Amy Cotta'

Rhododendron USPP11311 CanPBRAF

- Semi-dwarf form of the popular 'PJM' Rhododendron
- Slow growing with a compact form that is perfect for smaller sites
- Dense, Azalea-like evergreen foliage
- Plentiful ruffled lavender blooms cover the plant in early spring
- 2-3' tall and 3.5-4.5' wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Best in moist, acidic, well-drained soil
- Full sun to part shade

See pg. 17

Proven Winners ColorChoice® Shrubs

OSO HAPPY™ Smoothie

Rosa 'Zlesak Poly3' USPPAF CanPBRAF

- Thornless Rose
- Panicles of single, hot pink flowers bloom from June to frost
- Disease-resistant; holds up well to black spot
- Good for integrating into mixed borders
- 3' tall and wide
- USDA Zone 4; heat tolerant to AHS Zone 9
- Adaptable to most moist, well-drained soils
- Full sun

See pg. 17

GOLDEN GLITTER™

Spiraea nipponica 'VERSPI 1' USPPAF CanPBRAF

- Season-long color with yellow speckled foliage
- Loads of pure white flowers in spring
- Densely branched, compact habit has good container presentation
- A strong deer-resistant plant for landscaping
- 3-4' tall and 4' wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Adaptable to most well-drained soils
- Full sun

See pg. 17

SPICE GIRL™

Viburnum carlesii 'Spero' USPPAF CanPBRAF

- Strong growth, fragrance, and colorful flowers make this Viburnum a winner
- Spring flowers open reddish then mature to blush white
- A fragrant, deer-resistant addition to mixed borders
- 6-7' tall and wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Adaptable to most moist, well-drained soils
- Full sun to part shade

See pg. 17

Proven Winners ColorChoice® Shrubs

RED BALLOON™

Viburnum 'Redell' USPPAF CanPBRAF

- Showy and easy to grow
- White spring flowers produce loads of bright red fruit in fall (pollinator required)
- Compact, well-branched hybrid has nice container presentation
- Beautiful in mixed borders
- 6-8' tall and wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Adaptable to most moist, well-drained soils
- Full sun to part shade

See pg. 17

HANDSOME DEVIL™

Viburnum 'Le Bois Marquis' USPP21686 CanPBRAF

- A very handsome plant for milder climates
- Glossy, evergreen foliage selected for a rainbow of green, burgundy, and orange hues in the new growth and in fall
- White June flowers produce red fruit in fall (pollinator required)
- An elegant hedge or specimen
- 6-8' tall and 6' wide
- USDA Zone 7; heat tolerant to AHS Zone 9
- Adaptable to most moist, well-drained soils
- Full sun to part shade

See pg. 17

SONIC BLOOM™

Weigela florida 'Bokrasopin', 'Verweil-4', and 'Bokrasopea' USPPAF CanPBRAF

- Available in pink, red, and pearl
- Brilliant flowers open in May then rebloom from midsummer to frost
- Fast growing, with excellent container presentation
- Great for season-long impulse sales
- Beautiful additions to mixed borders or foundation plantings
- 4-5' tall and wide
- USDA Zone 4; heat tolerant to AHS Zone 8
- Adaptable to most moist, well-drained soils
- Best in full sun

See pg. 17
