

Rick White CTO Sotera Defense Solutions

Rick White BIO

SVP, Chief Technology Officer Sotera Defense Solutions, a KeyW Company

Rick White serves as the Chief Technology Officer for Sotera Defense Solutions responsible for architecting and implementing industry-leading IT solutions to enhance the company's operations. He leads the development of innovative and differentiated solutions to assist Sotera's customers in meeting their mission-related information and technology challenges.

A retired Navy Captain, Mr. White has over 35 years of experience working in national security. Prior to Sotera, Mr. White was Chief Technology Officer at Wyle Information Systems where he was responsible for developing go-to-market solutions. Prior to Wyle IS, Mr. White was VP and Managing Partner for Navy, Justice and Intelligence Community Accounts with Gartner Federal Consulting group.

Mr. White has directed the operations of the U.S. Navy Headquarters Network, and assisted in developing requirements for the Navy Marine Corps Intranet (NMCI). Following retirement from

the U.S. Navy Mr. White managed the operations of the Defense Advanced Research Projects Agency (DARPA) information technology infrastructure and developed a Business Intelligence solution for the Office of Naval Research (ONR).

Mr. White has a MSA, Information Resource Management, from Central Michigan University and a B.S. in Physical Science from the United States Naval Academy.

About Sotera Defense
