

There's been some changes made

Back in Easter '39 . . . remember? It was Show Week. In restaurants, hotels, theatres, at racecourses, country folk rubbed shoulders with city dwellers. There were old friends to greet — new friends to meet. Most everywhere you went there was something new to see. By day department stores were alive with hustling, hurrying sightseers. By night, lovely ladies and their escorts flocked to cabarets to dance and dine.

Buiciest place of all was Sydney Showground. Horses, cattle, sideshow barkers, laughing children, slow moving masses of curious, happy people — that was the picture, wasn't it?

Show Week passed. We settled down to another year's work.

Then suddenly it happened. Chamberlain breathed a few brief, momentous words into the air. The nation leapt to its feet — donned its battle dress.

We were at war!

Men learned about rifles and grenades, and life under canvas. In thousands of homes, courageous women looked the future squarely in the face . . . and prayed silently.

We saw a lot of country lads in the city — khaki-clad almost to a man. But this time they weren't here for a horse or cattle show.

In the years that followed stirring, sometimes terrifying, things took place. The Battle of Britain, the bombing of Pearl Harbour, the Darwin raids, the rocket planes, "D" Day, Germany's collapse.

In '45 we split an atom and hostilities slithered to a bloody halt.

Right then we began sorting out the peace.

Certainly there's been some changes made, 'most everywhere you look. Industry has progressed remarkably. Local manufacturing

plants are turning out merchandise we never dreamed could be produced locally. Amongst other things now being made here is giant earthmoving equipment similar to that used by Allied Engineers to hack air strips and roads out of dense jungle in a matter of days — sometimes hours.

No longer must we rely on the obsolete pick-and-shovel in construction work. Our engineers, earthmovers, contractors, dam sinkers and timbermen, now have access to the very same modern construction and materials handling equipment used by progressive bodies in England, America, and other parts of the world.

This equipment is in operation on projects all over the Commonwealth — accomplishing in a few hours and with a few men what previously meant weeks of hard toil for a whole gang of workers.

These are indeed revolutionary machines. They represent the birth and growth of an all-Australian industry.

We are naturally proud of this equipment. Quite frankly, we want you to know us and our equipment a lot better.

What more suitable time or place then for a meeting than the Sydney Showground during Show Week? We have a Stand that's conveniently located near the main public entrance (in Commemoration Avenue, opposite the Manufacturers' Hall and the Wood Chop).

There are many different items of modern equipment on display, and a team of engineers on the job to explain and demonstrate it.

Let's get together during this, the first Royal Show for six summers.

For the purpose of this competition, the first day of the Show shall be deemed to be Wednesday, 2nd April, 1947. A puppy nominated for the Sires' or Dams' Produce Sweepstakes shall be ineligible for an ordinary puppy class if it is over 12 months old at midnight on the day on which the breed is judged.

There shall be a Sweepstake of One Guinea (£1/1/-) for each sire and half a guinea (10/6d.) for each dam nominated, together with three shillings (3/-) for each puppy entered. The nominator of the most successful sire shall be paid £2/2/- and the nominator of the most successful dam £1/1/-. The sires and dams must be the bona fide property (owner or lessee) of the nominator, failing which the nominations may be submitted by an owner of progeny, in which case the consent, in writing, of the owner or lessee of the sire and/or dam shall accompany the nomination.

There shall be a separate Sweepstake Competition for each breed, but, should there be fewer than three (3) sires and/or three (3) dams nominated in each breed the sire or dam competition, as the case may be, for that breed shall lapse.

All nominated sires and dams (including those lease leased under a bona fide lease), and progeny entered for competition, must be registered with the Royal Agricultural Society of New South Wales.

Particulars of the litter from which progeny will be entered must be furnished to the Secretary not later than seven (7) days from date of whelping. Such to include the number of puppies in the litter, date of birth, sex, colour and all markings, and names of the sire and dam.
