DRAFT

CITY OF RAYTOWN
Request for Board Action

Date: April 7, 2022

Bill No.: 6601-22

To: Mayor and Board of Aldermen

Section No.: XIII

From: Chris Gilbert, Planning & Zoning Coordinator

Department Head Approval: _____

Finance Director Approval: _____ (Only if funding is requested)

City Administrator Approval: _____

Action Requested: Board of Aldermen consideration and approval of an application filed by Jesus and Georgina Aguilera, seeking approval of a Conditional Use Permit for an Assembly Use in the form of an Event Space, to be located at 10028 E. 63rd Street in an NC, Neighborhood Commercial District. This property has most recently hosted other event spaces, including KZZ from 2016 to 2020 and previous to that, Wal-Nic's, dating back to 2003.

Recommendation: Staff recommends approval as submitted. The Planning & Zoning Commission voted (7-0-1) on March 3, 2022, to recommend approval of the application with all conditions as contained in the staff report and the attached Ordinance. The applicant was present as the Conditions of Approval were individually explained during the public hearing and did agree to the Conditions.

Analysis: The proposed Assembly Use can only be performed with a valid Conditional Use Permit in the NC, Neighborhood Commercial District. The subject property was purchased over a year ago by the applicants who were performing interior cosmetic renovations not requiring permits since and are now seeking a CUP to approve the use. The applicants have some private parking available at the back of their building that will be properly marked and have a signed notarized lease agreement with a nearby owner with excess parking to meet the remainder of the parking requirement. The applicant stated to the Planning Commission, when asked, that he would make exterior improvements to the front façade after completing the internal improvements. These improvements would need to be consistent with the Central Business District design guidelines. The applicant held a neighborhood meeting as required by code and two of the nearby commercial owners either appeared for the meeting with their concerns stated in the synopsis contained in the PC staff report attachments, or provided written comment, also attached. The Planning Commission meeting had no persons from the public or nearby business owners attend regarding this application Staff has received one additional call regarding this application from a nearby business owner and information on the application was provided to the caller.

Alternatives: Alternatives to the recommendation of the Planning & Zoning Commission would be to conditionally approve or deny the Conditional Use Permit.

AN ORDINANCE APPROVING ISSUANCE OF A CONDITIONAL USE PERMIT TO JESUS AND GEORGINA AGUILERA OF LEE'S SUMMIT, MISSOURI, TO OPERATE AN ASSEMBLY USE IN THE FORM OF AN EVENT SPACE, AT 10028 E. 63RD STREET IN AN NC, NEIGHBORHOOD COMMERCIAL, DISTRICT WITHIN THE CITY OF RAYTOWN, JACKSON COUNTY, MISSOURI

WHEREAS, Application PZ-2022-03, was duly submitted on or about January 10, 2022 by Jesus and Georgina Aguilera of Lee's Summit, Missouri, requesting approval of a Conditional Use Permit to operate an Assembly Use, in the form of an Event Space, at 10028 E. 63rd Street in an NC, Neighborhood Commercial, District in the City of Raytown, Jackson County, Missouri (the "Application"); and

WHEREAS, the Application was considered by the Planning Commission on March 3, 2022, and by a vote of 7 in favor, 0 against, and 1 abstention, rendered a report to the Board of Aldermen recommending that the Application be approved; and

WHEREAS, after opening the public hearing, considering all testimony and the record, and then closing the public hearing, the Board of Aldermen finds and declares that the provisions hereinafter contained and enacted are in pursuant of and for the purpose of securing and promoting the public safety, health, and general welfare of persons in the City of Raytown and rendered a decision to approve the Application.

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF RAYTOWN, MISSOURI, AS FOLLOWS:

SECTION 1 – APPROVAL OF CONDITIONAL USE PERMIT. That the Application for approval of a Conditional Use Permit to operate an Assembly Use, in the form of an Event Space, at 10028 E. 63rd Street in an NC, Neighborhood Commercial, District in the City of Raytown, Jackson County, Missouri, is hereby approved and issued to Jesus and Georgina Aguilera.

SECTION 2 – CONDITIONS OF APPROVAL. That the Application for approval of a Conditional Use Permit to operate an Assembly Use, in the form of an Event Space, at 10028 E. 63rd Street in an NC, Neighborhood Commercial, District in the City of Raytown, Jackson County, Missouri, be approved and issued to Jesus and Georgina Aguilera subject to the following conditions as contained in the staff report and as approved by the Planning Commission:

The following Conditions of Approval of this CUP shall be satisfied within 30 days of approval of the Ordinance and prior to approval of the Commercial Use Permit. In exceptional circumstances, such as seasonal weather constraints, the Director of Community Development may grant an extension:

1. Ensure rear parking lot is properly striped to include a single handicapped "Van Accessible" parking space accessible to the main entrance of the building that meets all Americans with Disabilities Act (ADA) standards regarding striping and signage.
2. Prove through signed and notarized cross-parking easement agreements with property owners possessing extra parking not required for their needs within 300 feet that the required 24 parking spaces to serve this use are fully under the control of the applicant.
3. Remove all reference to "Wal-Nic's" from the Building Façade.

The following conditions are required to be met on an ongoing basis:

4. Any future intent to serve alcohol by the drink on the premises shall require an application be filed with the City and a permit be issued for such activity before any drinks are served.
5. The occupant load of the building shall be kept under 100 persons per the submitted architectural analysis.
6. The exterior areas of the building and property shall be illuminated in such a manner as to ensure the safety of the public before, during, and after events.
7. Parking area behind the building shall be maintained in good condition at all times.
8. Ensure the entire building exterior is maintained in good condition at all times, including paint, doors, windows, foundation, roof, and storage areas.
9. Ensure the site is maintained in good condition at all times, including trimming of weeds and grass growing in cracks. All junk, trash, and debris that collects on the site to be removed immediately and not permitted to remain.
10. All signage for the use shall be issued under separate permit process and shall meet Municipal Code requirements.
11. Any trash dumpster placed on site needs to be either within a fully enclosed dumpster enclosure or stored indoors, except on trash pickup day.

General Conditions of Approval:

12. A Commercial Use Permit or business license shall not be issued until Items #1 to #3 under Conditions of Approval are completed. The property shall not be occupied and used for Assembly Use until the Commercial Use Permit and/or a Business License to operate are issued.
13. Compliance with all applicable local, state and federal regulations, codes, ordinances, and laws.

SECTION 3 – REPEAL OF ORDINANCES IN CONFLICT. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

SECTION 4 – SEVERABILITY CLAUSE. The provisions of this ordinance are severable and if any provision hereof is declared invalid, unconstitutional or unenforceable, such determination shall not affect the validity of the remainder of this ordinance.

SECTION 5 – EFFECTIVE DATE. This ordinance shall be in full force and effect from and after the date of its passage and approval.

Re: Application for Conditional Use Permit

CONDITIONAL USE PERMIT APPLICATION SUMMARY

Applicant: Jesus and Georgina Aguilera

Property Owner: Jesus and Georgina Aguilera

Property Location: 10028 E. 63rd Street

Request: Conditional Use Permit approval for "Assembly" Use in the form of an Event Space, to be Located at 10028 E. 63rd Street in an NC, Neighborhood Commercial District

The applicants, Jesus and Georgina Aguilera, are requesting Conditional Use Permit (CUP) approval to open an Assembly Use in the form of an Event Space at 10028 E. 63rd Street on the downtown block of Raytown, within both the Neighborhood Commercial (NC) zoning district and the Central Business District Overlay. Per the statement of intent from the applicants included as an attachment to this staff report, they purchased this property about a year ago and have been remodeling it inside to modernize the space for a small family-run event center in what used to be known as Wal-Nic's. Per the city's land use table, this type of use can only be conditionally approved in the NC, Neighborhood Commercial, zoning district.

Figure 1 – Location and Vicinity Map – Downtown Raytown

The subject property is the largest property on the north side of 63rd Street in the Downtown block of Raytown where all the businesses open directly onto the public sidewalk and share common walls, anchored at the west end by Fox Drugs and the east end by Robert Atkins' Farmer's Insurance Office. The applicant has provided a conceptual layout for how the interior and exterior areas can be set up for this use that is included in the attachments to this staff report.

SURROUNDING ZONING AND LAND USES

Property's Zoning Classification	Neighborhood Commercial (NC)
Surrounding Properties' Zoning	Neighborhood Commercial (NC)
Surrounding Overlay	Central Business District (CBD)
Surrounding Land Use	Commercial
Designated Future Land Use	Downtown District
Ward	Ward 2
Approximate Land Area	0.2 Acres
Roadway Classification	Arterial w/ City Alley along the back side

SITE DESCRIPTION, HISTORY, AND PRESENT USE

This building, which shares common walls with neighbors to the east and west, has been licensed as an event space multiple times in the past, including as Wal-Nic's from 2003 to 2014, then as KZZ from 2016 to 2020, when, shortly thereafter, was purchased by the applicants. Prior to 2003 there were a variety of tenants, including BBQ restaurant, sales outlet, and used furniture store. Copies of CUP Ordinances for event spaces approved in 2008 and 2014 are included in the attachments to this report. The approximate usable floor space for assembly purposes that is not bathrooms, storage areas, hallways, and the kitchen, in this building is 2400 square feet based upon the architectural analysis attached to this report.

SURROUNDING PROPERTIES AND NEIGHBORHOOD

The subject property is surrounded by the following types of development:

To the West: Zero-lot-line businesses, including a bar, insurance agency, barber shop, and Fox Drugs.

To the South: Raytown Water Company Headquarters, shoe repair, fitness center, with upper floor loft residential.

To the East: Insurance agency and cigar lounge.

To the North: The Town Square property owned by the City and used for seasonal performance events. Used to be the First Baptist Church site until it moved to 350 Highway and the old buildings and lots demolished and is now a grass field.

PUBLIC COMMENTS

The public hearing notice was published in *The Daily Record* on February 14, 2022. Public notice letters were sent to property owners within 185 feet of the property by the applicant. The Neighborhood Information Meeting was held on February 22, 2022 (had to be rescheduled due to winter weather emergency to this date and new letters were hand carried to businesses within 185 feet as there was not enough time to mail new letters). A sign-in sheet from this meeting and a detailed synopsis of the discussions held with the attendees, as prepared by the applicant following the meeting, is attached to this staff report. To date, the Community Development Department has received two additional letters/calls/emails regarding this application, in the form of a letter of support (attached to this report) from Neal Clevenger, who owns a lot of property in the vicinity of this application. The second inquiry came in the form of questions asked by the Sue Frank Insurance Agency. The property was posted by the applicant with the required public hearing sign on February 16, 2022.

ANALYSIS

Evaluating an application for a conditional use permit requires consideration to be given by the City of Raytown to the health, safety, morals, comfort and general welfare of the inhabitants of the City, including but not limited to, the following factors:

1. Stability and integrity of the various zoning districts

The parcel and all adjacent lots are shown as "Downtown District" or "Commercial" on the Future Land Use Map incorporated in the Raytown Comprehensive Plan and also presently zoned Neighborhood Commercial (NC).

Section 50-185 of the Raytown Municipal Code, describing the NC zoning district, states it is designed to "provide a location for miscellaneous retail, wholesale, and businesses serving the consumer public and business". This application meets this intent for the NC zone as it is a business serving the consumer public by providing a gathering and entertainment venue, not too unlike the public venue on the adjacent Town Square tract to the north.

The proposed use would maintain the stability and integrity of the Neighborhood Commercial zoning district as assembly uses can generate increased revenues for nearby businesses

during events and the small size of the assembly area will not lead to excessive overcrowding in the downtown area during events as the applicant is being required to provide a minimum amount of dedicated parking required by Ordinance that is not inclusive of all on-street "extra" parking on 63rd Street along this block.

2. Conservation of property values

Due to the significant amount of money put into upgrading the property, there should be a beneficial impact on property values. The Downtown Raytown block between Raytown Road and Blue Ridge Blvd. has existed for over 70 years and has hosted a variety of uses and tenants during this time of which the current applicants' building was formerly an event space itself for many years between 2003 and 2020, so the proposed application would be re-introducing this use.

3. Protection against fire and casualties

The applicant has submitted an architectural analysis as required, and all internal modifications in accordance with the architect's recommendations shall be completed in accordance with Raytown Fire District requirements and City of Raytown Building Codes.

4. Observation of general police regulations

The proposed business will not violate any general police regulations if the events are handled in an orderly manner. Nightclubs, dance halls, and discotheque style assembly which has a greater chance of generating situations requiring police response is not permitted under the requested "assembly" use which includes Event Spaces. There is a specific separate Conditional Use required for the Nightclub category, which the applicant is not intending to operate.

5. Prevention of traffic congestion

Multiple access points out to Blue Ridge Blvd. and Raytown Road from the parking area in back should be sufficient to handle the event traffic for the requested use, particularly given its small size. Additionally, the overflow parking on 63rd Street is available as well.

6. Promotion of traffic safety and the orderly parking of motor vehicles

The applicants are required to provide 24 parking spaces uniquely under their control, of which 11 are shown directly behind their building including handicapped parking. The additional 13 are required to be provided within 300 feet and the applicant is still attempting to confirm control of these spaces. Initially he had them lined up with adjacent owners but due to how the spaces were accounted for was unable to include them in the count and is still looking.

7. Promotion of the safety of individuals and property

The Applicant will be required to ensure the Assembly activities are managed in a manner that observes proper decorum, providing a safe environment for all patrons and their property.

8. Provision for adequate light and air

The proposed business will not affect the air quality of the area beyond what is normal for a commercial district. All activities are to be contained inside the building.

9. Prevention of overcrowding and excessive intensity of land uses

The proposed business will affect the intensity of land uses in the area but only for short periods during events. It is an existing commercial area that has hosted events for years in the past thus the proposed use can easily be compatible with the other uses in the downtown area if the required committed parking is available.

10. Provision for public utilities and schools

The proposed business will not affect any public utilities or schools and could generate revenues that benefit the taxing entities including the school district and encourage additional ancillary spending in the community by attendees at events both before and after the events are held.

11. Invasion by inappropriate uses

Staff does not view the proposed business as an inappropriate use at this location. The proposed Assembly use is a commercial use that has twice been approved at this location in the past by CUP Ordinance, in 2008 and 2015. This would be a continuation of similar activities by a different owner.

12. Value, type and character of existing or authorized improvements and land uses

The proposed use will require interior improvements in accordance with the architects recommendations to meet Building and Fire Code for group events but no exterior improvements other than striping and properly marking the parking in the rear of the building. Requiring Central Business District (CBD) Overlay standards for a reuse of an existing commercial structure will be extremely difficult to enforce as the site is not being modified, expanded, reconstructed, etc., so as such does not require application of such standards at the present time with this application. Any new signage required for the business, however, will have to meet the channel lettering design style requirement of the CBD standards. Signage is approved under a separate permit process.

13. Encouragement of improvements and land uses in keeping with overall planning

As the property is a currently existing developed commercial building and the use is a commercial use consistent with approved uses over the past 20 years, the proposed business is consistent with overall planning principles.

14. Provision for orderly and proper renewal, development and growth

The proposed business, if approved and managed properly by the applicant, will contribute to the orderly and proper renewal, development and growth of the City. The proposed business should not affect the orderly and proper renewal, development or growth of the city. The applicant's proposed re-use of a vacant building, combined with the recommended conditions of approval, will contribute to the orderly renewal of the city by continuing occupancy in a structure that risks remaining vacant for an extended period otherwise, which is already being experienced by the building on the immediate west side of this property.

The view can also be taken that the property might be better utilized as a pure retail use. By taking this approach, there is no guarantee that the building will get an interested party that would invest the significant sums needed to redevelop a building designed as an event space into a retail-viable facility. The possibility exists if this application is turned down, the subject

property would remain vacant for a much longer time, delaying site improvements and maintenance, and creating a significant appearance issue, while also lowering surrounding property values and potentially creating a target for vandalism and other forms of crime.

RECOMMENDATION

Staff recommends CONTINUANCE of Case No. PZ 2022-03 to the April 7, 2022, Planning Commission Meeting to provide the applicant additional time to secure 13 parking spaces

Based upon the present situation, this Request for Conditional Use Permit approval for an "Assembly" Use in the form of an Event Space, to be located at 10028 E. 63rd Street, in an NC, Neighborhood Commercial District, should only be approved with the following conditions:

The following Conditions of Approval of this CUP shall be satisfied within 30 days of approval of the Ordinance and prior to approval of the Commercial Use Permit. In exceptional circumstances, such as seasonal weather constraints, the Director of Community Development may grant an extension:

1. Ensure rear parking lot is properly striped to include a single handicapped "Van Accessible" parking space accessible to the main entrance of the building that meets all Americans with Disabilities Act (ADA) standards regarding striping and signage.
2. Prove through signed and notarized cross-parking easement agreements with property owners possessing extra parking not required for their needs within 300 feet that the required 24 parking spaces to serve this use are fully under the control of the applicant.
3. Remove all reference to "Wal-Nic's" from the Building Façade.

The following conditions are required to be met on an ongoing basis:

4. Any future intent to serve alcohol by the drink on the premises shall require an application be filed with the City and a permit be issued for such activity before any drinks are served.
5. The occupant load of the building shall be kept under 100 persons per the submitted architectural analysis.
6. The exterior areas of the building and property shall be illuminated in such a manner as to ensure the safety of the public before, during, and after events.
7. Parking area behind the building shall be maintained in good condition at all times.

Staff Report

Community Development
Planning and Development Services

8. Ensure the entire building exterior is maintained in good condition at all times, including paint, doors, windows, foundation, roof, and storage areas.
9. Ensure the site is maintained in good condition at all times, including trimming of weeds and grass growing in cracks. All junk, trash, and debris that collects on the site to be removed immediately and not permitted to remain.
10. All signage for the use shall be issued under separate permit process and shall meet Municipal Code requirements.
11. Any trash dumpster placed on site needs to be either within a fully enclosed dumpster enclosure or stored indoors, except on trash pickup day.

General Conditions of Approval:

12. A Commercial Use Permit or business license shall not be issued until Items #1 to #3 under Conditions of Approval are completed. The property should not be occupied and used for private or public auto repair until the Commercial Use Permit and/or a Business License to operate are issued.
13. Compliance with all applicable local, state and federal regulations, codes, ordinances, and laws.

Mr. Ray Haydaripoor, Community Development Director
Raytown MO, city of
Community Development Department
Planning and Development Services
1000 East 59th Street
Raytown, MO 64133

Sir:

We are Georgina and Jesus Aguilera. We presently reside at 541 NE Summit Drive, Blue Springs MO 64014. We came to the United States in 1994 as a young couple in search of opportunity and a better life. We aspired to one day own a business and start a family. We worked hard and saved money. Here we are today with teenage children and having purchased a piece of commercial property in Raytown.

We purchased the property here in Raytown at 10028 E 63rd Street about a year ago. This property had been an event center for some fifteen years but fell into decline. We saw an opportunity to continue to build upon our dream. We invested most of our saving in the property acquisition and poured in a lot of sweat equity. The vision begin to come into focus for a nice place for small graduation and wedding receptions, birthday parties and other special events for less than one hundred people. The old was being made new and inviting.

We have already spent most of our savings to purchase the building and over \$8,000 on new flooring, repainting the inside, and replacing light and bathroom fixtures. When you approve the site plan, we will repaint the outside of the building and restripe the parking lot according to municipal code. We will complete all recommended improvements to ensure the new event centers meets all municipal building standards and has that special curb appeal.

We will certainly listen to the wisdom of the Council to help us continue to build our dream and help make Raytown the best it can be.

Thank you for considering our application. We will attempt to answer all of your questions.

Kind regards,

AN ORDINANCE GRANTING A CONDITIONAL USE PERMIT SUBJECT TO CERTAIN CONDITIONS TO OPERATE A BANQUET HALL IN DISTRICT N-C (NEIGHBORHOOD COMMERCIAL) ON LAND LOCATED AT 10020 – 10030 EAST 63RD STREET, ALL IN ACCORDANCE WITH THE PROVISIONS OF COMPREHENSIVE ZONING REGULATIONS, FOR THE CITY OF RAYTOWN, MISSOURI.

WHEREAS, pursuant to City Code Chapter 26, Section 20 of the Zoning Ordinance, Application No. PZ-2008-011, submitted by Regina Walters and Shawna Nicholls on behalf of Siatta Investments LLC, requesting a conditional use permit to use property located in a Neighborhood Commercial (NC) District at 10020-10030 East 63rd Street for operation of a commercial banquet hall was referred to the Planning Commission to hold a public hearing; and

WHEREAS, after due public notice in the manner prescribed by law, the Planning Commission held a public hearing on June 5, 2008, and rendered a report to the Board of Aldermen containing findings of fact and a recommendation that the conditional use permit requested be approved; and

WHEREAS, after due public notice in the manner prescribed by law, the Board of Aldermen held a public hearing on July 1, 2008 and July 15, 2008, and rendered a decision to grant said conditional use permit.

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF RAYTOWN, MISSOURI, AS FOLLOWS:

SECTION 1 – GRANT OF CONDITIONAL USE PERMIT. That pursuant to City Code Chapter 26, Section 20 of the Zoning Ordinance of the City of Raytown, Missouri, a Conditional Use Permit, subject to the conditions set forth herein, is hereby granted to Siatta Investments, LLC to allow property located at 10020-10030 East 63rd Street to be used as a banquet hall in the Neighborhood Commercial (NC) District, on said property legally described as follows:

Lots 11, 12 and 13, Rieder's Subdivision, Jackson County, Missouri.

SECTION 2 – CONDITIONS OF APPROVAL AND OPERATION. That the following conditions of approval shall apply and be followed during the operation of the business allowed by this Conditional Use Permit:

1. The occupant load within the assembly area inside the building shall not exceed 297 persons.
2. Loitering or the creation of a public nuisance or disturbance of the peace by any patron of the banquet hall on the premises or in the immediate vicinity of the banquet hall shall be prohibited. Loitering shall not include walking between the banquet hall building and the patron's vehicle, nor shall it include the act of waiting in line to gain admission to the hall as long as the patrons are not creating a public nuisance or disturbing the peace while waiting in line.
3. The premises shall be kept free from litter resulting from the operation of the banquet hall.
4. No controlled substances shall be offered for sale or consumed on the premises.

5. The premises shall be illuminated adequately to ensure the safety of the public.
6. The business shall remove, or have removed, from the premises any person who is or appears to be under the influence or affected by the use of alcohol and/or drugs, or whose conduct poses a physical danger to the safety of others present.
7. The business shall comply with all applicable local, state, and federal laws and regulations.
8. The business shall enter into and maintain off-street parking sufficient to provide at least 110 off-street parking spaces. Failure to maintain the minimum number of parking spaces at any time during the period of time the conditional use permit is effective shall result in immediate revocation of the right to utilize the property as a banquet hall.
9. The conditional use permit shall be valid only as long as the applicants, Regina Walters and Shawna Nicholls operate the use at the specified location. Any change of ownership in Siatta Investments shall also require issuance of a new conditional use permit to use the property as allowed herein.

SECTION 3 – FAILURE TO COMPLY. That failure to comply with all of the provisions contained in this ordinance shall constitute violations of both this ordinance and the City’s Comprehensive Zoning Regulations.

SECTION 4 – REPEAL OF ORDINANCES IN CONFLICT. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

SECTION 5 – SEVERABILITY CLAUSE. The provisions of this ordinance are severable and if any provision hereof is declared invalid, unconstitutional or unenforceable, such determination shall not affect the validity of the remainder of this ordinance.

SECTION 6 – EFFECTIVE DATE. This ordinance shall be in full force and effect from and after the date of its passage and approval.

BE IT REMEMBERED that the above was read two times, and upon final vote taken the 16th day of September, 2008, was approved by the Board of Aldermen of the City of Raytown, Jackson County, Missouri upon the following vote:

AN ORDINANCE GRANTING A CONDITIONAL USE PERMIT SUBJECT TO CERTAIN CONDITIONS TO OPERATE AN EVENT SPACE ON PROPERTY LOCATED AT 10028 EAST 63RD STREET IN RAYTOWN, MISSOURI

WHEREAS, Nathan Prather, on behalf of Siatta Investments, LLC, is seeking approval of a conditional use permit application for operation of an event space at 10028 East 63rd Street; and

WHEREAS, pursuant to City Code Chapter 50, Article V of the City of Raytown Code of Ordinances, application no. PZ-2014-008, was referred to the Planning Commission to hold a public hearing; and

WHEREAS, after due public notice in the manner prescribed by law, the Planning Commission held said public hearing on December 11, 2014; and

WHEREAS, at the conclusion of said public hearing the Planning Commission by a vote of six (6) in favor and zero (0) against rendered a report to the Board of Aldermen recommending that the Conditional Use Permit Application be approved subject to certain conditions; and

WHEREAS, after due public notice in the manner prescribed by law, the Board of Aldermen held public hearings on January 6, 2015 and January 20, 2015; and

WHEREAS, based on all of the information presented the Board of Aldermen finds it is in the best interest of the citizens of the City of Raytown to grant said Conditional Use Permit subject to certain conditions;

NOW THEREFORE, BE IT ORDAINED BY THE BOARD OF ALDERMEN OF THE CITY OF RAYTOWN, MISSOURI, AS FOLLOWS:

SECTION 1 – GRANT OF CONDITIONAL USE PERMIT. That a Conditional Use Permit is hereby granted to Siatta Investments, LLC, for operation of an event space / banquet hall at 10028 East 63rd Street, as legally described in Exhibit "A", subject to the conditions set forth in Section 2.

SECTION 2 – CONDITIONS OF APPROVAL AND OPERATION. That the following conditions of approval shall apply to the granting of this Conditional Use Permit.

- A. The occupant load within assembly area inside building shall not exceed 100 persons.
- B. It shall be the obligation of the operator of the banquet facility to prevent loitering or the creation of public nuisances or disturbances of the peace by any patrons of the banquet hall on the premises of the banquet hall or the immediate vicinity of the same. Loitering, however, shall not include walking between the banquet hall building and the patron's vehicle, nor shall it include the act of waiting in line to gain admission to the banquet hall as long as the patrons are not creating public nuisance or disturbing the peace.
- C. It shall be the obligation of the operator of the banquet facility to clean up all litter on the premises resulting from the banquet hall operations.
- D. It shall be the obligation of the operator of the banquet facility to insure that no controlled substances are offered for sale or consumed on the club premises.
- E. It shall be the obligation of the operator of the banquet facility to remove, or have removed, from the banquet premises any person who is or appears to be under the influence of or affected by the use of alcohol and/or drugs, or whose conduct poses a physical danger to the safety of others present.

- F. It shall be the obligation of the operator of the banquet facility to provide proper and adequate illumination.
- G. Compliance with all applicable local, state and federal laws and regulations.

SECTION 3 – FAILURE TO COMPLY. That failure to comply with any of the conditions or provisions contained in this ordinance shall constitute violations of both this ordinance and the City's Comprehensive Zoning Code and shall be cause for revocation of the Conditional Use Permit granted herein in addition to other penalties contained in the City Code.

SECTION 4 – REPEAL OF ORDINANCES IN CONFLICT. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

SECTION 5 – SEVERABILITY CLAUSE. The provisions of this ordinance are severable and if any provision hereof is declared invalid, unconstitutional or unenforceable, such determination shall not affect the validity of the remainder of this ordinance.

SECTION 6 – EFFECTIVE DATE. This ordinance shall be in full force and effect from and after the date of its passage and approval.

BE IT REMEMBERED that the above was read two times by heading only, **PASSED AND ADOPTED** by a majority of the Board of Aldermen and **APPROVED** by the Mayor of the City of Raytown, Jackson County, Missouri, this 20th day of January, 2015.

Good morning Raytown Community Development,

From: Commercial Shops & Garages LLC/Retail Centers LLC/ Owner Neal Clevenger

Thank you for the notice on "assembly use" use at 10028 E 63rd St.

With properties about the area, we welcome new business owners to Raytown. The building has assembly use prior to Jesus Aguilera's applications.

I've heard some comment about parking issues but a lot of downtown Raytown has that same problem.

Kindest Regards,

Have a good day!!

Based on the Neighborhood Meeting last Tuesday/22/2022 where I, Georgina Aguilera, held this meeting and where only the SR attended. Doug Brink owner of Raytown Rec Pool Hall at 10012 E. 63rd street.

We shared ideas and comments and he mentioned to me that he agreed that more businesses should open in the area, especially to help the growth of the city of Raytown MO., and he also told me that he agrees with the ideas that Georgina and my husband have. Jesus Aguilera for our GSD Event Venue business. My responses to SR. Doug Brink were very appreciative because I could see that he really understood our purpose of growing the Raytown MO community. and of course also being able to see our dream of having our own business for the Aguilera family.

Thanks

Georgina and Jesus Aguilera.

CITY OF RAYTOWN
Request for Board Action

Date: April 12, 2022
To: Mayor and Board of Aldermen
From: John Bales, Treasury Analyst

Bill No.: 6602-22
Section No.: V-A

Department Head Approval: _____

Finance Director Approval: _____

City Administrator Approval: _____

Action Requested: Board of Aldermen approval of a Disconnect/Reconnect Sewer Service Agreement with Public Water Supply District #2 of Jackson County setting rates and terms for charges to be made by Public Water Supply District #2 of Jackson County to the City of Raytown for disconnection/reconnection of services, uninstall/reinstall meters, and other obligations in the cooperative agreement between the parties. In addition, execution of a Service Agreement providing for charges to be made by Public Water Supply District #2 of Jackson County to the City of Raytown to provide information regarding new customer files, final customer files, meter agreements, adjustment reports, and other inquiries with respect to ownership accounts and outlining services charges of Two Hundred Dollars (\$200.00) per month for ten (10) files per month and Fifteen Dollars (\$15.00) per file thereafter.

Recommendation: Approval of the Ordinance authorizing the Service Contract and Disconnect/Reconnect Sewer Service Agreement between the City of Raytown and Public Water Supply District #2 of Jackson County is recommended.

Analysis: The last modification of this agreement was April 11, 2012 in which the City of Raytown and Public Water Supply District #2 of Jackson County entered into a Service Agreement provided for by Missouri Statute §393.015 by which the City was to reimburse the Water District for certain services including the connection and disconnection of water service during regular hours, late hours, and other charges; and, on May 8, 1996 an Addendum to the Contract providing for disconnection of water service for delinquent sewer accounts.

Now the Public Water Supply District #2 of Jackson County has requested a review and creation of a new reimbursement schedule in the Disconnect and Service Contract and charges submitted thereunder to provide them reimbursement for actual costs incurred by the Public Water Supply District #2 of Jackson County in providing disconnect and reconnect services during regular and after regular office hours and fees for pulling, setting, and unlocking of meters, all of which shall be reimbursed pursuant to the District's costs and expenses pursuant to §393.016.4(7) RSMo.

In addition, the Public Water Supply District #2 of Jackson County has sought reimbursement under the Service Agreement with respect to services provided by the Water District essential to the City of Raytown in carrying out and updating customer accounts, including the provision of new customer files, final customer files, meter readings, meter change information, adjustment files, and others which will be provided on a monthly basis at the rate of Two Hundred Dollars (\$200.00) per month for ten (10) files. In addition thereto, additional requests for information by the City of Raytown made in writing may be charged at the rate of Fifteen Dollars (\$15.00) per file request with up to fifteen (15) names or accounts permitted.

The relationship between Public Water Supply District #2 of Jackson County and the City of Raytown is authorized and required by state law and Public Water Supply District #2 of Jackson County is entitled to reimbursement of their direct costs for provision of these services.

Service Agreement between the City and District by Missouri Statute §249.640 RS Mo. 249.640. Any private water company, public water supply district, or municipality supplying water to the premises located within a sewer district shall, upon reasonable request, make available to such sewer district its records and books so that such sewer district may obtain therefrom such data as may be necessary to calculate the charges for sewer service. Prior to establishing any such sewer charges, public hearings shall be held thereon and at least thirty days' notice shall be given thereof.

In addition to the non-reimbursable fees listed above the Water Department is proposing the following increases to fees passed directly to our sewer customers.

District Fees Passed Directly to Sewer Customer		
	Current Fees	Proposed Fees
Service Requests During Business Hours		
Disconnect Service Request	N/A	\$2.00
Disconnect Service	\$25.00	\$35.00
Reconnect Service	\$25.00	\$35.00
Recheck as required by District	N/A	\$25.00
Administrative Fee	\$26.31/hour	\$42.87/hour
Service Requests After Business Hours		
Reconnect Service	\$40.00	\$50.00
Rechecks at City's Request	\$40.00	\$50.00
Additional Fees assessed from City's Requests		
Pull Meter (Uninstall Meter)	\$25.00	\$35.00
Set Meter (Reinstall Meter)	\$25.00	\$35.00
Lock Meter	\$15.00	\$25.00
Unlock Meter	\$15.00	\$25.00
Meters Greater than 1"	Actual Cost	Actual Cost

The agreement between the City of Raytown and the Public Water Supply District #2 of Jackson County is substantially the same as the agreement approved for Raytown Water Company. It is staff's opinion that this agreement is reasonable, and approval of the Service Contract and Disconnect/Reconnect Sewer Service Agreement is recommended.

Budgetary Impact: Staff does believe that the proposed changes will increase the non-reimbursable costs to the City Sewer Fund of estimated \$12,000.00 per year and an estimated 40% increase for the Raytown sewer customers that services have been disconnected.

During Fiscal Year 2020-2021, \$30,702.68 was spent for & Administrative charges

Dear all concerned:

We are writing you about the Disconnect/Reconnect Sewer Service Agreement between the City and the District dated April 12, 2012. Paragraph 8(e) of the Agreement provides that the district's costs and expenses be recalculated annually. Although we have not raised the fees in the past, recent events and inflation have convinced us that a recalculation is in order this year in order to fulfill our responsibilities to our customers. Accordingly, we have attached a schedule showing the new fees that will be billed to the City under the Agreement for periods after April 12, 2022. The new fee schedule will be in effect until our next recalculation of fees pursuant to the contract.

Best regards,

Patrick J. Ertz, District Manager
Public Water Supply District No. 2

EXHIBIT A
SERVICE AGREEMENT

This Agreement, entered into this ____ day of _____, 2022 by and between the City of Raytown, Missouri, a municipal corporation, acting by and through its Mayor, (hereinafter referred to as “City”) and Public Water Supply District No. 2 of Jackson County, Missouri, a municipal corporation formed and existing under the laws of the State of Missouri (hereinafter referred to as “District”).

WITNESSETH:

WHEREAS, City provides sewer service to certain persons within its corporate limits for a fee; and

WHEREAS, District has contracted with City to provide water shut-off services to City; and

WHEREAS, City request certain information regarding its customers from District, and District agrees to provide such information;

NOW THEREFORE, the parties hereto do mutually agree as follows:

1. District agrees, in accordance with the terms of this Agreement, to provide up to ten (10) files of information per month to City. The District is, at the City’s request, currently providing five (5) of these ten (10) files on a regular monthly basis.

Requests by City for additional information, including but not limited to identifiers such as drivers license numbers, phone numbers or addresses, shall be made in writing via email or fax and may include up to fifteen (15) service addresses per email or fax. Each such email or fax containing no more than fifteen (15) service addresses shall be treated as one (1) additional file request to be included in the (10) monthly file requests or charged extra as defined below.

The parties may amend the Agreement to cover such additional requests so that District’s costs for producing the requested information and files (including programming) are adequately covered by the fee.

2. In exchange for the services provided by District hereunder, City shall pay District according to the following schedule:
 - (a) Two Hundred Dollars (\$200.00) per month for up to ten (10) files per month;
 - (b) Fifteen Dollars (\$15.00) per file for each emailed or faxed request for information requested above ten (10) files per month/or District's actual cost, whichever is greater.
3. District shall bill City for the Services contained in this Agreement on a monthly basis and City agrees to pay District within ten (10) days of receipt of such billing statement.
4. This Agreement contains the complete agreement of the parties and shall, as of the effective date hereof, supersede all other agreements (written or verbal) between the parties related to the subject matter of this Agreement.
5. Any modification of this Agreement or additional obligation assumed by either party in connection with this Agreement shall be binding only if evidenced in writing, signed by each party or a duly authorized representative of each party.
6. The invalidity of any portion of this Agreement will not and shall not be deemed to affect the validity of any other provision. In the event that any provision of this Agreement is held to be invalid, the parties agree that the remaining provisions shall be deemed in full force and effect as if they had been signed by both parties subsequent to the removal of the invalid provision.
7. This Agreement shall be construed and enforced in accordance with the laws of the State of Missouri. The court of the State of Missouri shall have jurisdiction over any dispute which arises under this Agreement, and each of the parties shall submit and hereby consents to such court's exercise of jurisdiction.
8. The failure of either party to this Agreement to insist upon the performance of any of the terms and conditions of this Agreement, or the waiver of any breach of terms of this Agreement, shall not be construed as thereafter waiving any such terms and conditions, but the same shall continue and remain in full force and effect as if no such forbearance had occurred.
9. The provisions of this Agreement shall not be deemed to create any third party benefit hereunder for any member of the public or to authorize anyone not a party hereto, to maintain suit pursuant to the terms of this Agreement.

10. This Agreement shall become effective upon execution by the parties herein and authorization or confirmation by ordinance of Board of Aldermen of the City of Raytown. It shall continue for a term of twelve months hereafter, and shall automatically renew for successive one year terms unless either party gives written notice to the other at least 60 (sixty) days prior to expiration of that party's intent not to renew this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first above written.

DISCONNECT/RECONNECT SEWER SERVICE AGREEMENT

This Agreement, entered into this ____ day of _____, 2022 by and between the City of Raytown, Missouri, a municipal corporation, acting by and through its Mayor, (hereinafter referred to as “City”) and Public Water Supply District No. 2 of Jackson County, Missouri, a municipal corporation formed and existing under the laws of the State of Missouri (hereinafter referred to as “District”).

WITNESSETH:

WHEREAS, City provides sewer service to certain persons within its corporate limits for a fee; and

WHEREAS, City desires to continue to promote the efficient and economic provision of sanitary sewer service for the citizens of the City of Raytown according to its powers granted by law; and

WHEREAS, City pursuant to Section 393.016 RSMo (copy attached), requires a method of enforcing payment of its sewer bills and District is able to provide this service by disconnecting water service for nonpayment of sewer bills; and

WHEREAS, District was formed for the purpose of supplying water to the citizens of the City; and

WHEREAS, the parties believe it is in the best interest of City to utilize the services of District to assist in the collection of sewer service charges, for which reasons City desires to engage District and District consents to be engaged, for the performance of said functions and services; and

WHEREAS, 393.015 RSMo (copy attached), authorizes City and District to enter into this Agreement to terminate water services for nonpayment of sewer bills;

NOW THEREFORE, the parties hereto do mutually agree as follows:

1. District agrees, in accordance with the terms of this Agreement, to terminate water services to any sewer service customer premises within its service area for nonpayment of City’s sewer service charges, and agrees not to restore water service to the sewer service customer until City has notified District in writing that all past due sewer amounts and charges have been paid in full.

2. Prior to the request for termination of water services hereunder, City shall send written notice to its delinquent sewer service customer in accordance with State Law, advising such customer that termination of water service may occur at any time not less than thirty days thereafter, if such delinquency continues.
3. Following expiration of the above mentioned thirty day period, City shall make written request upon District to terminate water service, providing District with a copy of the notice and a statement of the amount due City for sewer services, including all applicable disconnection and reconnection fees, pursuant to 250.236 RSMo. (copy attached)
4. On one mutually agreeable day each month, City shall deliver to the District a list of its sewer customers that are to have water service terminated for nonpayment of sewer bills. Upon receipt of the request from City to terminate water services, District shall proceed with all reasonable diligence to terminate water services. Absent work stoppage by District's employees, or acts of God, such as emergency line breaks, District shall terminate water services within 5 (five) business days from the date said request is received.
5. City shall provide to District a "door hanger" in a color distinctive from District's door hanger, which shall advise the sewer service customer that water services have been terminated due to nonpayment of City's sewer service charges. Such notice shall include provisions informing the customer of the requirements to reestablish water service, the appropriate address and telephone number for further information and such other data as the parties may agree.
6. District shall not collect delinquent sewer service charges at its offices or in the field. All such payments shall be collected by City. Upon payment of such charges as City may require, City shall issue a written notice to District to reinstate water service and shall provide a copy of such notice to the sewer service customer. District shall not reinstate water service until it receives a copy of such notice from the City in writing via facsimile or email.
7. If, at the time District institutes interruption of water service, a sewer service customer contends that City's sewer service charges have been satisfied, District, nevertheless, shall proceed to terminate water services, unless District has been provided a copy of the reinstatement notice as set forth in paragraph 6.

8. In exchange for the services provided by District hereunder, City shall pay District according to the following schedule:

(a) Services during District's regular business hours. ¹

(i)	Disconnect Service Request	\$ 2.00/per occurrence
(ii)	Disconnect Services	\$35.00/per occurrence
(iii)	Reconnect Services	\$35.00/per occurrence
(iv)	Rechecks as required by District	\$25.00/per occurrence
(v)	Administrative Fee ²	\$42.87/per hour

(b) Services after District's regular business hours:

(i)	Reconnect Services	\$50.00/per occurrence
(ii)	Rechecks at City's Request	\$50.00/per occurrence

(c) The following additional fees will be assessed upon City's request for the following services:

(i)	Pull Meter (uninstall meter)	\$35.00/per occurrence
(ii)	Set Meter (reinstall meter)	\$35.00/per occurrence
(iii)	Lock Meter	\$25.00/ per occurrence
(iv)	Unlock Meter	\$25.00/ per occurrence
(v)	Meters greater than 1" will be pulled and set at actual cost.	

(d) All fees shall be billed monthly by District and shall be payable by City by the 10th day after receipt.

(e) Pursuant to section 363.016.4(7) RSMo, District's costs and expenses in fulfilling its obligations under this Agreement shall be recalculated annually, and the amount due District during each subsequent year shall be increased or decreased according to any change occurring in District's costs and expenses.

¹ District's regular business hours shall be defined as 7:30 a.m. to 3:00 p.m., Monday through Friday, excluding District recognized holidays. Work performed after District's regular business hours and on weekends and holidays shall be billed under paragraph 8 section b.

² The Administrative Fee shall include all reimbursable expenses provided in section 393.016.4(8), including, but not limited to expenses for wages, employment taxes, benefits, equipment, computer, office space and insurance. The services considered in calculating the Administrative Fee shall include all office activity (e.g. phone calls, emails, faxes, record keeping, new customer and final customer reports, turning customers off and on, etc.) required during the month to perform this Agreement.

9. Pursuant to Section 393.016.2 RSMo (copy attached), District shall be exempt from any and all civil liability whatsoever arising from or related to termination of water service pursuant to this Agreement.
10. Pursuant to Section 393.016.4(3) RSMo, City shall at all times keep in force a general comprehensive public liability and property damage policy issued by a District authorized to do business in Missouri with policy limits equal to or in excess of those set forth in section 537.610, which shall include District as an additional insured and shall furnish District with a certificate of insurance evidencing such insurance is in effect. If at any time City fails to do so, District may cease to make water service terminations until such requirement is satisfied.
11. City shall reimburse District for any loss of revenue incurred by District as a result of its discontinuing water service because of the failure of any sewer service customer to pay the City sewer charges, including, but not limited to loss of revenue, when the customer's water bill is not delinquent.
12. In the event District incurs attorney fees or other costs not covered by insurance as a result of any claim, litigation, or threatened litigation against District which exceeds the limits of insurance coverage provided to District by City, City shall reimburse such amounts to District.
13. This Agreement contains the complete agreement of the parties and shall, as of the effective date hereof; supersede all other agreements (written or verbal) between the parties related to the subject matter of this Agreement.
14. Any modification of this Agreement or additional obligation assumed by either party in connection with this Agreement shall be binding only if evidenced in writing, signed by each party or a duly authorized representative of each party.
15. The invalidity of any portion of this Agreement will not and shall not be deemed to affect the validity of any other provision. In the event that any provision of this Agreement is held to be invalid, the parties agree that the remaining provisions shall be deemed in full force and effect as if they had been signed by both parties subsequent to the removal of the invalid provision.
16. This Agreement shall be construed and enforced in accordance with the laws of the State of Missouri. The court of the State of Missouri shall have jurisdiction over any dispute which arises under this Agreement, and each of the parties shall submit and hereby consents to such courts exercise of Jurisdiction.

17. The failure of either party to this Agreement to insist upon the performance of any of the terms and conditions of this Agreement, or the waiver of any breach of the terms of this Agreement, shall not be construed as thereafter waiving any such terms and conditions, but the same shall continue and remain in full force and effect as if no such forbearance had occurred.
18. The provisions of this Agreement shall not be deemed to create any third party benefit hereunder for any member of the public or to authorize anyone not a party hereto, to maintain suit pursuant to the terms of this Agreement.
19. This Agreement shall become effective upon execution by the parties herein and authorization or confirmation by ordinance of Board of Alderman of the City of Raytown. It shall continue for a term of twelve months hereafter, and shall automatically renew for successive one year terms unless either party gives written notice to the other at least 60(sixty) days prior to expiration of that party's intent not to renew this Agreement.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first above written.

Request for Board Action

Date: April 8, 2022
To: Mayor and Board of Aldermen
From: Jason Hanson, City Engineer

Bill No.: 6603-22
Section No.: XXXIII-A

Department Head Approval: _____

Finance Director Approval: _____ (only if funding is requested)

City Administrator Approval: _____

Action Requested: Board of Aldermen approval of amendments to Chapter 18-Environment, addressing Erosion and Sediment Control Regulations, Illicit Discharge and Detection, and Stormwater Runoff Control.

Recommendation: Staff recommends approval as submitted.

Analysis: This ordinance adopts new Erosion and Sediment Control Regulations, Illicit Discharge and Detection, and Stormwater Runoff Control regulations. Our community is required to adopt 3 new stormwater management regulations that meet the standards of the Missouri Clean Water Law. Staff recommends adoption of the proposed ordinance in its entirety.

The Missouri Department of Natural Resources issued a letter of warning on October 29, 2021 to the City of Raytown that stated Raytown Small Municipal Separate Storm Sewer System (MS4) is lacking the 3 required stormwater ordinances and must have these adopted within 6 months or the City will be issued a Notice of Violation. Staff has been in contact with MDNR personnel, and this ordinance will satisfy the violations. MDNR has evaluated the proposed Raytown ordinance and it complies with all of their regulations.

The Erosion and Sediment Control Regulations Division's purpose is to control or eliminate stormwater pollution along with soil erosion & sedimentation within the City. It establishes standards & specifications for conservation practices and planning activities which minimize stormwater pollution, soil erosion & sedimentation. This will require work sites that are larger than 1000 square feet to have an approved land disturbance permit and incorporate erosion & sediment control devices.

The Illicit Discharge and Detection Division's purpose is to provide for the health, safety, and general welfare of the citizens of Raytown through the regulation of non-stormwater discharges to the storm drainage system to the maximum extent practicable as required by federal and state law. This division establishes methods for controlling the introduction of pollutants into the City stormwater system in order to comply with requirements of the National Pollutant Discharge Elimination System (NPDES) permit process.

The Stormwater Runoff Control Division's purpose is to establish minimum post-construction stormwater management requirements and controls to protect and safeguard the general health, safety, and welfare of the public residing in watersheds within Raytown. This is an extension of the erosion and sediment control ordinance for development sites to keep their stormwater pollution prevention plan in operation through the end and completion of their project.

Alternatives: We need to add this to our ordinances or the City will be in violation of the Missouri Clean Water Law.

Budgetary Impact: None.

Additional Reports Attached: Proposed ordinance and Exhibit

AN ORDINANCE AMENDING CHAPTER 18-ENVIRONMENT WITH THE ADDITION OF ARTICLE I-IN GENERAL; ARTICLE II-STORMWATER; DIVISION I-EROSION AND SEDIMENT CONTROL; DIVISION II-ILLICIT DISCHARGE AND DETECTION REGULATIONS; AND DIVISION III-STORMWATER RUNOFF CONTROL REGULATIONS TO THE RAYTOWN MUNICIPAL CODE

WHEREAS, to establish stormwater management requirements and control to protect and safeguard the general health, safety, and welfare of the public residing within the City of Raytown, it is necessary to amend the Raytown Municipal Code;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF RAYTOWN, MISSOURI, AS FOLLOWS:

SECTION 1 – AMENDMENT. Chapter 18-Environment is hereby amended with the addition of Article I-In General; Article II-Stormwater; Division I-Erosion and Sediment Control; Division II-Illicit Discharge and Detection Regulations; and Division III-Stormwater Runoff Control Regulations as attached hereto as Exhibit “A” to the Raytown Municipal Code.

SECTION 2 – REPEAL OF ORDINANCES IN CONFLICT. All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed.

SECTION 3 – SEVERABILITY CLAUSE. The provisions of this ordinance are severable and if any provision hereof is declared invalid, unconstitutional or unenforceable, such determination shall not affect the validity of the remainder of this ordinance.

SECTION 4 – EFFECTIVE DATE. This ordinance shall be in full force and effect from and after the date of its passage and approval.

BE IT REMEMBERED that the above was read two times by heading only, **PASSED and ADOPTED** by a majority of the Board of Aldermen and **APPROVED** by the Mayor of the City of Raytown, Jackson County, Missouri, this ____, April, 2022.

EXHIBIT A

CHAPTER 18, ENVIRONMENT

ARTICLE I - IN GENERAL

- **Sec. 18-1. - Definitions.**

For the purposes of this division, the following terms, phrases, words and their derivatives shall have the meanings stated below.

Accelerated erosion. Erosion caused by development activities that exceeds the natural processes by which the surface of the land is worn away by the action of water, wind, or chemical action.

Applicant. A property owner or agent of a property owner who has filed an application for a stormwater management permit.

Best management practices (BMPs). Schedules of activities, prohibitions of practices, general good housekeeping practices, pollution prevention and educational practices, maintenance procedures, and other management practices to prevent or reduce the discharge of pollutants directly or indirectly to stormwater, receiving waters, or stormwater conveyance systems. BMPs also include treatment practices, operating procedures, and practices to control site runoff, spillage or leaks, sludge or water disposal, or drainage from raw materials storage.

Building. Any structure, either temporary or permanent, having walls and a roof, designed for the shelter of any person, animal, or property, and occupying more than one hundred (100) square feet of area.

Channel. A natural or artificial watercourse with a definite bed and banks that conducts flowing water continuously or periodically.

Clean Water Act. The federal Water Pollution Control Act (33 U.S.C. § 1251 et seq.), and any subsequent amendments thereto.

Construction activity. Activities subject to NPDES construction permits. Currently these include construction projects resulting in land disturbance of one (1) acre or more.

Dedication. The deliberate appropriation of property by its owner for general public use.

Detention. The temporary storage of storm runoff in a stormwater management practice with the goals of controlling peak discharge rates and providing gravity settling of pollutants.

Detention basin. A temporary or a permanent natural or manmade structure that provides for the temporary storage of stormwater runoff.

Detention facility. A detention basin or alternative structure designed for the purpose of temporary storage of stream flow or surface runoff and gradual release of stored water at controlled rates.

Developer. A person who undertakes land disturbance activities.

Disturbed area. An area of land subject to erosion due to the removal of vegetative cover and/or soil disturbing activities.

Drainage. The removal of excess surface water or groundwater from land by surface or subsurface drains.

Drainage easement. A legal right granted by a landowner to a grantee allowing the use of private land for stormwater management purposes.

Erosion. The process by which the land surface is worn away as a result of the land disturbance activities, movement of wind, water, ice, gravity or any combination of those forces.

Erosion and sediment control. The control of sediment and soil, to minimize the removal of soil from the land surface and to prevent its transport from a disturbed area by means of wind, water, ice, gravity or a combination of those forces. Practices include silt fences, sediment traps, earth dikes, drainage swales, check dams, subsurface drains, pipe slope drains, storm drain inlet protection, and temporary or permanent sedimentation basins.

Excavate. Any act by which soil is cut into, dug, quarried, uncovered, removed, displaced, relocated, tunneled, bored or altered in any way.

Fee in lieu. A payment of money in place of meeting all or part of the stormwater performance standards required by this division.

Fill. A deposit of soil or other earth materials placed by artificial means.

Final stabilization. Means that all land disturbing activities at the site have been completed and a uniform perennial vegetative cover for the area has been established or equivalent stabilization measures, such as the use of mulches or geotextiles, have been employed.

Hazardous materials. Any material, including any substance, waste, or combination thereof, which because of its quantity, concentration, or physical, chemical, or infectious characteristics may cause, or significantly contribute to, a substantial present or potential hazard to human health, safety, property, or the environment when improperly treated, stored, transported, disposed of, or otherwise managed.

Hotspot. An area where land use or activities generate highly contaminated runoff, with concentrations of pollutants in excess of those typically found in stormwater.

Hydrologic soil group (HSG). A natural resource conservation service classification system in which soils are categorized into four (4) runoff potential groups. The groups range from "A" soils, with high permeability and little runoff production, to "D" soils, which have low permeability rates and produce much more runoff.

Illegal discharge. Any direct or indirect non-stormwater discharge to the storm drain system.

Illicit connections. An illicit connection is defined as either of the following: Any drain or conveyance, whether on the surface or subsurface, which allows an illegal discharge in violation to enter the storm drain system including but not limited to any conveyances which allow any non-stormwater discharge storm drain system from indoor drains and sinks, regardless of whether said drain or connection had been previously allowed, permitted, or approved by an authorized enforcement agency or, any drain or conveyance connected from a commercial or industrial land use to the storm drain system which has not been documented in plans, maps, or equivalent records and approved by an authorized enforcement agency.

Impervious cover. Those surfaces that cannot effectively infiltrate rainfall (e.g., building rooftops, pavement, sidewalks, driveways, etc.).

Industrial activity. Activities subject to NPDES industrial permits as defined in 40 CFR, Section 122.26(b)(14), and as the same may be amended.

Industrial stormwater permit. A National Pollutant Discharge Elimination System permit issued to a commercial industry or group of industries which regulates the pollutant levels associated with industrial stormwater discharges or specifies on-site pollution control strategies.

Infiltration. The process of percolating stormwater into the subsoil.

Infiltration facility. Any structure or device designed to infiltrate retained water to the subsurface. These facilities may be above grade or below grade.

Jurisdictional wetland. An area that is inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support a prevalence of vegetation typically adapted for life in saturated soil conditions, commonly known as hydrophytic vegetation.

Land disturbance activity. Any land change that may result in soil erosion and the movement of sediments into or upon waters, lands, or rights-of-way within the City.

Land disturbance permit. A permit issued by the City authorizing disturbance of the land at a specific site or disturbed area subject to conditions stated in the permit.

Landowner. The legal or beneficial owner of land, including those holding the right to purchase or lease the land, or any other person holding proprietary rights in the land.

Maintenance agreement. A legally recorded document that acts as a property deed restriction, and which provides for long-term maintenance of stormwater management practices.

Municipal Separate Storm Sewer System (MS4) is a conveyance or system of conveyances (roads with drainage systems, municipal streets, catch basins, curbs, gutters, ditches, man-made channels, storm drains, etc.)

National Pollutant Discharge Elimination System (NPDES) stormwater discharge permit. A permit issued by EPA (or by a state under authority delegated pursuant to 33 USC § 1342(b)) that authorizes the discharge of pollutants to waters of the United States, whether the permit is applicable on an individual, group, or general area-wide basis.

Nonpoint source pollution. Pollution from any source other than from any discernible, confined, and discrete conveyances, and shall include, but not be limited to, pollutants from agricultural, silvicultural, mining, construction, subsurface disposal and urban runoff sources.

Non-stormwater discharge. Any discharge to the storm drainage system that is not composed entirely of stormwater.

Offset fee. A monetary compensation paid to a local government for failure to meet pollutant load reduction targets.

Off-site facility. A stormwater management measure located outside the subject property boundary described in the permit application for land development activity.

On-site facility. A stormwater management measure located within the subject property boundary described in the permit application for land development activity.

Permit holder. Any person or entity who receives an excavation permit approved by the City. This term includes that person's agents, employees, and anyone acting under their direction.

Person. Any individual, association, organization, partnership, firm, corporation or other entity.

Pollutant. Anything which causes or contributes to pollution. Pollutants may include, but are not limited to: paints, varnishes, and solvents; oil and other automotive fluids; non-hazardous liquid and solid wastes and yard wastes; refuse, rubbish, garbage, litter, other discarded or abandoned objects, ordinances, and accumulations, so that same may cause or contribute to pollution; floatables; pesticides, herbicides, and fertilizers; hazardous substances and wastes; sewage, fecal coliform and pathogens; dissolved and particulate metals; animal wastes; wastes and residues that result from constructing a building or structure; and noxious or offensive matter of any kind.

Premises. Any building, lot, parcel of land, or portion of land whether improved or unimproved including adjacent sidewalks and parking strips.

Recharge. The replenishment of underground water reserves.

Redevelopment. Any construction, alteration or improvement in areas where existing land use is high density commercial, industrial, institutional or multi-family residential.

Sediment. The soils or other surface materials, mineral and organic, that are transported or deposited by the action of wind, water, ice, gravity or any combination of those forces, as a product of erosion.

Silt. A solid material consisting of very fine particles that become part of the erosion process when moved by water, air or ice.

Site. The entire area of land on which the land disturbance activity is proposed in the permit application.

Soil. The unconsolidated mineral and organic material including earth, sand, gravel, rock or other similar material, that is on the immediate surface of the earth serving as a natural medium for the growth of land plants.

Stop work order. An order issued which requires that all construction activity on a site be stopped.

Storm drainage system. Publicly owned facilities by which stormwater is collected and/or conveyed, including but not limited to any roads with drainage systems, municipal streets, gutters, curbs, inlets, piped storm drains pumping facilities, retention and detention basins, natural and human-made or altered drainage channels, reservoirs, and other drainage structures.

Stormwater. Any surface flow, runoff, and drainage consisting entirely of water from any form of natural precipitation and resulting from such precipitation.

Stormwater design manual. Refers to the current edition of the American Public Works Association's Manual of Best Management Practices for Stormwater Quality.

Stormwater management. The use of structural or non-structural practices that are designed to reduce stormwater runoff pollutant loads, discharge volumes, peak flow discharge rates and detrimental changes in stream temperature that affect water quality and habitat.

Stormwater management facility. A facility or installation designed solely to handle stormwater discharge from a specific project.

Stormwater pollution prevention plan (SWPPP). A management plan, the purpose of which is to ensure the design, implementation, management and maintenance of erosion and sediment control measures in order to reduce the amount of sediments, soil, silt and other pollutants in stormwater runoff associated with land disturbance activities.

Stormwater retrofit. A stormwater management practice designed for an existing development site that previously had either no stormwater management practice in place or a practice inadequate to meet the stormwater management requirements of the site.

Stormwater runoff. The portion of rainfall, melted snow, or irrigation water that flows across the ground or impervious surface and is eventually conveyed to water resources or wetland.

Stormwater treatment practices (STPs). Measures, either structural or nonstructural, that are determined to be the most effective, practical means of preventing or reducing point source or nonpoint source pollution inputs to stormwater runoff and water bodies.

Wastewater. Any water or other liquid, other than uncontaminated stormwater, discharged from a facility.

Water quality volume (WQ_v). The storage needed to capture and treat ninety (90) percent of the average annual stormwater runoff volume. Numerically (WQ_v) will vary as a function of long-term rainfall statistical data.

Watercourse. A permanent or intermittent stream or other body of water, either natural or man-made, which gathers or carries surface water.

ARTICLE II - STORMWATER

DIVISION I - EROSION AND SEDIMENT CONTROL REGULATIONS

- **Sec. 18-2. - Generally.**

(a) *Title.* This division shall be known as the erosion and sediment control regulations.

(b) *Purpose.* The purpose of this division is to control or eliminate stormwater pollution along with soil erosion and sedimentation within the City. It establishes standards and specifications for conservation practices and planning activities which minimize stormwater pollution, soil erosion and sedimentation.

(c) *Scope.* Any person, entity, agency, or political subdivision proposing a land disturbance activity within the City shall apply to the City for the approval of a stormwater pollution prevention plan. No land shall be disturbed prior to the issuance of a land disturbance permit and approval of a plan by the City that conforms to the standards set forth herein and in the stormwater design manual approved by the City from time to time.

(d) *Design and construction manual.* In order to implement the provisions of this division, a City design and construction manual shall be updated/approved by separate resolution from time to time to implement these regulations. In the event of conflict between this division and the manual, the stricter requirement shall control.

- **Sec. 18-3. - Land disturbance permitting process.**

(a) *Permit required.* No person or entity may clear, grub, grade, fill, excavate, store, stockpile, transport, or dispose of earth materials or perform any other land disturbing activity (less than 1 acre in size, or part of a larger common area and at least 1 acre will be disturbed) including such activity related to the demolition of any structure without a land disturbance permit. For land disturbance activities greater than 1 acre, a land disturbance permit will be obtained from the Missouri Department of Natural Resources. A land disturbance permit is required whether or not a building permit or right-of-way permit is

required. Land disturbance activities not requiring land disturbance permits are limited to the following activities:

(b) *Exceptions:*

- (1) Minor land disturbance activities such as private home gardens, an individual's home landscaping, repairs and maintenance work.
- (2) Installation of fence, sign, telephone and electric poles and other kinds of posts or poles.
- (3) Tilling, planting or harvesting of agricultural, horticultural or silvicultural crops.
- (4) Emergency work performed to protect life, limb, or property that would have otherwise required an approved stormwater pollution prevention plan.
- (5) Other disturbances where the total square footage is less than 1000 square feet.

(c) *Application.* Application for a land disturbance permit shall be filed with the City. At a minimum, the form shall contain the name(s) and address(es) of the owner or developer of the site, and of any consulting firm retained by the permit holder together with the name of the permit holder's principal contact at such firm. Incomplete applications will be returned to the applicant and will not be processed until the form and all of the following items are submitted:

- (1) The estimated starting and completion dates for the proposed land disturbance activities schedule and permit term.
- (2) Two (2) copies of a site plan showing the following information:
 - a. Property lines and dimensions of the site;
 - b. The location of any existing buildings or structures on the site and the location of any building or structure on the land of adjacent property which is within fifty (50) feet of the property boundary;
 - c. The elevations, dimensions, locations, extent, and slopes of all proposed land disturbance activities shown by contours or other means;
 - d. Graphic representation of proposed excavations and fills, of on-site storage of soil and other earthen material, and of on-site disposal or spoil areas;
 - e. Graphic representation, including design details, of each temporary and permanent erosion, surface runoff and sediment control measure and structure;
 - f. Graphic representation of the location of all existing and proposed natural and man-made drainage facilities;
 - g. A clear and definite delineation of any wetlands, natural or artificial water storage detention areas, and drainage ditches on the site, or a statement that there are no wetlands, detention areas or drainage ditches located on the property; and
 - h. A clear and definite delineation of any drainage, sanitary, utility, or other easement(s) on or near the site.

(3) A stormwater pollution prevention plan (SWPPP) prepared for the disturbed area and site along with a pdf set of all supporting plans, specifications, reports, and documentation. This plan must be sufficient to evaluate the environmental characteristics of the affected area; assess the potential impacts of the proposed land disturbance on water resources; and, assess proposed methods to minimize on-site soil erosion and prevent off-site sedimentation to the maximum extent practicable, including disturbance of topsoil and limitation on disturbance.

a. For any site where one (1) acre or more of land will be disturbed, including sites of less than one (1) acre that are part of a larger common plan that will ultimately disturb one (1) acre or more, the SWPPP is required to be prepared by a design professional recognized by the State of Missouri as qualified to prepare a SWPPP.

(4) A Land Disturbance Permit issued by the Missouri Department of Natural Resources for any site where one (1) acre or more of land will be disturbed, before beginning any site work authorized by a City permit. This requirement includes sites of less than one (1) acre that are part of a larger common plan that will ultimately disturb one (1) acre or more.

a. A performance guaranty in accordance to Section 18-9.

b. Qualified cost estimates of work to be performed under the SWPPP.

(d) *Review and approval.* The City will review all applications to determine their conformance with the provisions of this Section 18-3 and the erosion and sediment control design criteria. After receiving all required submissions, the City shall notify the applicant in writing of his or her intention to:

(1) If a building permit is otherwise required:

a. Approve the plan and notify the building official that all requirements of this division have been met and that the permit may be issued; or

b. Conditionally approve the plan and notify the building official that the requirements of this division have been met and that the building permit may be issued, subject to conditions as may be necessary to substantially secure the objectives of this division, prevent the creation of a nuisance or an unreasonable hazard to persons or to a public or private property; or

c. Disapprove the plan and notify the building official that the requirements of this division have not been met, indicating those requirement(s) that have not been met and the procedure for submitting revised information and/or submittals.

(2) If a building permit is not otherwise required:

a. Approve the plan and issue a land disturbance permit; or

b. Conditionally approve the plan and issue a land disturbance permit subject to conditions as may be necessary to substantially secure the objectives of this division, prevent the creation of a nuisance or an unreasonable hazard to persons or to a public or a private property; or

c. Disapprove the plan and inform the applicant in writing of those requirement(s) that have not been met and the procedure for submitting revised information and/or submittals.

(e) Design standards. All work done under a permit issued under this chapter shall be done in conformity with the currently adopted City design and construction manual. The manual shall be approved by the City Council by resolution from time to time and kept on file with the department of public works. In the event of any conflict between this division and the manual, the stricter requirement shall control.

(f) Violation. Any person or entity violating the terms of this chapter, or of the design and construction manual, shall be guilty of an offense punishable under Chapter 1 General Provisions, Section 1-22 General Penalty; Continuing Violations.

- **Sec. 18-4. - Inspections.**

In making application for a land disturbance permit, the permit holder consents to allow City representatives to enter the site or disturbed area for the purpose of inspection and enforcement of the provisions of this division during any period that a land disturbance permit is in place, until closure of the permit by City approval. After the permit is issued, the permit holder shall be responsible for the following:

(a) A Copy of the land disturbance permit must be available on the site for inspection by the City prior to any inspections being conducted.

(b) Field markings showing limits of disturbance must be on site during all installation of erosion and sediment control measures, construction or other land disturbance activities.

(c) The permit holder shall call for and be approved for any or all of the following inspections:

(1) After a land disturbance permit has been issued and before any land disturbance activity begins;

(2) During the construction of sediment basins or stormwater management structures;

(3) During rough grading, including hauling of imported or wasted materials;

(4) Prior to the removal or substantial modification of any erosion and sediment control measure or practice;

(5) Upon completion of final grading, including establishment of ground covers and planting, installation of all vegetative measures and all other work;

(6) Additional inspections as required by the City to abate erosion control failures not addressed in the stormwater pollution and prevention plan.

- **Sec. 18-5. - Standards of performance and maintenance of structures, measures and devices.**

All structures, measures and devices installed or used for erosion and sediment control practices at a site or disturbed area must meet the criteria and performance standards set forth in the design and construction manual.

- **Sec. 18-6. - Enforcement.**

(a) The City shall serve a notice of violation upon any person responsible in whole or in part for the construction, alteration, repair, maintenance, or removal of drainage improvements in violation of a building permit, right-of-way permit, land disturbance permit or any permit issued under this Code. In the event work does not conform to the plans and specifications of an approved SWPPP, this division or to any instructions of the City, a notice of violation shall be served upon the permit holder. The notice of violation shall state the work to be done and the specified period of time by which corrective action shall be completed. After a notice of

violation to comply is given, the permit holder shall commence corrective measures within twenty-four (24) hours.

(b) If corrective action is not completed by the end of the time specified on a notice of violation, the City may issue a stop work order.

(c) The City may require all work on a site or disturbed area which is being performed contrary to the provisions of this division or in an unsafe or dangerous manner, be immediately stopped. The City may issue a stop work order for the entire project or any specified part thereof if any of the following conditions exist:

(1) Any land disturbance activity regulated under this division is being undertaken without an excavation permit.

(2) The SWPPP is not being fully implemented.

(3) Any of the conditions of the land disturbance permit are not being met.

(4) The work is being performed in a dangerous and unsafe manner.

(d) The stop-work order shall be in writing and shall be issued by posting a copy at the site or disturbed area and by serving a copy upon the permit holder. A copy of the stop work order shall be posted on the site of the land disturbing activity in reasonable proximity to a location where the land disturbing activity is taking place. In the case of work for which there is a land disturbance permit, a permit holder shall be properly served by mailing a copy of the order by first class mail to the address listed for the permit holder on the permit application. In the case of work for which there is not a land disturbance permit, a copy of the order shall be mailed to the owner of record. In addition, a copy of the stop work order may be given to any person in charge of or performing work on drainage improvements at the site or disturbed area, or to an agent of any of the foregoing.

(e) The stop work order shall state the conditions under which work may be resumed. No person, entity or permit holder shall continue any work after a stop work order has been issued except such work as is directed to be performed to remove a violation or dangerous or unsafe condition, as provided in the order.

(f) Ten (10) days after issuing a stop work order, the City may issue a notice of intent to the owner of record or permit holder of the City's intent to perform work necessary to comply with these regulations. If the permit holder wishes to contest the City's determination to enter and complete the work at the expense of the permit holder, the permit holder may request a hearing on the matter before the director of public works by requesting the same in writing delivered to the director of public works during the ten-day notice period. If a hearing is requested, the director of public works will, after a hearing on the record, determine whether the permit holder has complied with the provisions of this division, and shall issue written findings of fact and conclusions of law. If the director of public works determines that the provisions of this chapter have not been complied with, they shall order the permit holder to comply within a period of time specified in the order. Should the permit holder fail to comply within that time, or fail to request a hearing, the City may go on the land and commence work. The costs incurred by the City to perform this work shall be paid by the owner of record or permit holder out of the performance guaranty required by Section 18-9 of this division to the extent the amount is covered thereby, with the remainder being directly due and owing by the owner of record or permit holder. In the event no permit was issued or no performance guaranty was posted, the cost, plus interest at the rate authorized by the issuing authority, plus a reasonable administrative fee shall be billed to the owner of record.

- **Sec. 18-7. - Completion certificate.**

Upon completion of the land disturbance activity and after final stabilization of the site has occurred and all other requirements of the land disturbance permit are satisfied and approved by the City, a completion certificate shall be issued to the permit holder by the City.

- **Sec. 18-8. - Liability.**

The permit holder is responsible for safely and legally completing the project. Neither the issuance of a land disturbance permit under the provisions of this division, nor compliance with the provisions hereto or with any conditions imposed by the City, shall relieve any person from responsibility for damage to persons or property resulting there from, or as otherwise imposed by law, nor impose any liability upon the City for damages to persons or property.

- **Sec. 18-9. - Performance guaranty.**

(a) The applicant shall post a performance guaranty in the form of a cash bond, performance bond or letter of credit. The guaranty shall be in such form and amount as is necessary to assure the work, if not completed in accordance with this division, will be corrected. The amount of the performance guaranty shall be determined by the public works director to secure the costs for improvements required by this division, and this amount shall be in addition to any other amounts necessary to secure the faithful performance of other acts required of the permit holder by the City that the performance guaranty is intended to cover. The public works director may grant a partial or complete waiver of the performance guaranty, upon application, for governmental or quasi-governmental entities or state regulated utilities or where the public works director finds minimal impairment of existing surface drainage, minimal erosion hazard, minimal sedimentation hazard upon any adjacent land or watercourse, and no hazard to human life or property. All performance guaranties shall be accompanied by a pledge and performance agreement that shall grant the City the right to enter onto the applicant's property and utilize the security to either complete stormwater control measures or to correct deficiencies in the work to assure compliance with the performance standards set forth in this chapter and in the stormwater design manual.

(b) In the event of any alleged default in the performance of any term or condition of the performance guaranty, the City, the surety, the issuing organization or entity, or any person employed or engaged on its behalf has a right to go upon the site or disturbed area to complete the required work necessary to control erosion and sedimentation or to protect properties, watercourses and persons. In the event the City undertakes this work with the funds from a forfeited performance guaranty, the funds must be used to pay the cost of contracting, including engineering and administration, for necessary restoration of the site to control erosion and sediment within the requirements set forth in this division, permit, or performance guaranty. If the cost of the work necessary to control erosion and sediment or to protect properties, watercourses and persons exceeds the amount of the performance guaranty, the permit holder shall continue to be firmly bound under a continuing obligation for payment of all excess costs and expenses incurred by the City. The cost of necessary work in excess of the performance guaranty shall be certified by the City Clerk of the City of Raytown and shall, to the extent authorized by law, become a lien upon all property and all rights to property, real or personal, of any person liable to pay that cost. The cost of removal shall be listed on the tax bill and be collected in the manner of ordinary taxes to the extent authorized by law.

(c) A performance guaranty remains in full force and effect until a completion certificate is issued and all other permit holder's acts covered by the performance guaranty have been determined to be complete in accordance with the applicable City code provisions. Failure to renew the performance guaranty fourteen (14) days prior to expiration shall be deemed default by the City.

(d) The City shall issue a notice of violation or stop work order upon failure of any permit holder to maintain the performance guaranty.

- **Sec. 18-10. - Penalties.**

Any violation of the codes adopted by this division shall be an offense punishable under Chapter 1 General Provisions, Section 1-22 General Penalty; Continuing Violations of this Code. Each day such violation continues shall be considered a separate offense. Nothing herein contained shall prevent the City of Raytown or other appropriate authority from taking such other lawful action as is necessary to prevent or remedy any violation.

- **Secs. 18-11 to 18-20. – Reserved**

DIVISION II - ILLICIT DISCHARGE DETECTION AND ELIMINATION REGULATIONS

- **Sec. 18-21. - Generally.**

(a) *Title.* This division shall be known as the illicit discharge detection and elimination regulations.

(b) *Purpose.* The purpose of this division is to provide for the health, safety, and general welfare of the citizens of the City through the regulation of non-stormwater discharges to the storm drainage system to the maximum extent practicable as required by federal and state law. This division establishes methods for controlling the introduction of pollutants into the municipal separate storm sewer system (MS4) in order to comply with requirements of the National Pollutant Discharge Elimination System (NPDES) permit process.

(c) *Design and construction manual.* Additional performance and discharge criteria can be found in the Raytown Design & Construction Manual, section DC-4 design criteria for storm drainage facilities. In the event of any conflict between the manual and this chapter, the stricter requirement shall control.

- **Sec. 18-22. - Applicability.**

This division shall apply to all water entering the storm drain system generated on any developed and undeveloped lands unless explicitly exempted by the City.

- **Sec. 18-23. - Responsibility for administration.**

The City shall administer, implement, and enforce the provisions of this division.

- **Sec. 18-24. - Severability.**

The provisions of this division are hereby declared to be severable. If any provision, clause, sentence or paragraph of this division or the application thereof to any person, establishment, or circumstances shall be held invalid, such invalidity shall not affect the other provisions or application of this division.

- **Sec. 18-25. - Ultimate responsibility.**

The standards set forth herein and promulgated pursuant to this division are minimum standards; therefore this division does not intend nor imply that compliance by any person will ensure that there will be no contamination, pollution, nor unauthorized discharge of pollutants.

- **Sec. 18-26. - Discharge prohibitions.**

(a) *Prohibition of illegal discharges.* No person shall discharge or permit or allow to permit to be discharged into the municipal storm drain system or watercourses any materials, including but not limited to pollutants or waters containing any pollutants that cause or contribute to a violation of applicable water quality standards, other than stormwater.

The commencement, conduct or continuance of any illegal discharge to the storm drain system is prohibited except as described as follows:

(1) The following discharges are exempt from discharge prohibitions established by this division: water line flushing or other potable water sources, landscape irrigation or lawn watering, diverted stream flows, rising ground water, ground water infiltration to storm drains, uncontaminated pumped ground water, foundation or footing drains (not including active groundwater dewatering systems), crawl space pumps, air conditioning condensation, springs, noncommercial washing of vehicles, natural riparian habitat or wetland flows, swimming pools (if dechlorinated - typically less than one (1) PPM chlorine), fire-fighting activities, and any other water source not containing pollutants.

(2) Discharges specified in writing by the authorized enforcement agency as being necessary to protect public health and safety.

(3) Dye testing is an allowable discharge, but requires a verbal notification to the City prior to the time of the test.

(4) The prohibition shall not apply to any non-stormwater discharge permitted under an NPDES permit, waiver, or waste discharge order issued to the discharger and administered under the authority of the Federal Environmental Protection Agency, provided that the discharger is in full compliance with all requirements of the permit, waiver, or order and other applicable laws and regulations, and provided that written approval has been granted for any discharge to the storm drain system.

(b) *Prohibition of illicit connections.*

(1) The construction, use, maintenance or continued existence of illicit connections to the storm drain system is prohibited.

(2) This prohibition expressly includes, without limitation, illicit connections made in the past, regardless of whether the connection was permissible under law or practices applicable or prevailing at the time of connection.

(3) A person is considered to be in violation of this division if the person connects a line conveying sewage to the MS4, or allows such a connection to continue.

- **Sec. 18-27. - Industrial or construction activity discharges.**

Any person subject to an industrial or construction activity NPDES stormwater discharge permit shall comply with all provisions of such permit. Proof of compliance with said permit may be required in a form acceptable to the City prior to the allowing of discharges to the MS4.

- **Sec. 18-28. - Monitoring of discharges.**

(a) *Applicability.* This section applies to all facilities that have stormwater discharges associated with industrial activity, including construction activity.

(b) *Access to facilities.*

(1) The City shall be permitted to enter and inspect facilities subject to regulation under the NPDES and this division as often as may be necessary to determine compliance with this division. If a discharger has security measures in force which require proper identification and clearance before entry into its premises, the discharger shall make the necessary arrangements to allow access to representatives of the City.

(2) Facility operators shall allow the City ready access to all parts of the premises for the purposes of inspecting, sampling, examination and copying of records that must be kept under the conditions of an NPDES permit to discharge stormwater, and the performance of any additional duties as defined by state and federal law.

(3) The City shall have the right to set up on any NPDES permitted industrial facility, land disturbance or construction activity such devices as are necessary in the opinion of the City to conduct monitoring and/or sampling of the facility's stormwater discharge.

(4) The City has the right to require the discharger to install monitoring equipment as necessary. The facility's sampling and monitoring equipment shall be maintained at all times in a safe and proper operating condition by the discharger at its own expense. All devices used to measure stormwater flow and quality shall be calibrated to ensure their accuracy.

(5) Any temporary or permanent obstruction to safe and easy access to the facility to be inspected and/or sampled shall be promptly removed by the operator at the written or oral request of the City and shall not be replaced. The costs of clearing such access shall be borne by the operator.

(6) Unreasonable delays in allowing the City access to a NPDES permitted facility is a violation of this division. A person who is the operator of a facility with a NPDES permit to discharge stormwater associated with industrial activity commits an offense if the person denies the City reasonable access to the permitted facility for the purpose of conducting any activity authorized or required by this division.

(7) If the City has been refused access to any part of the premises from which stormwater is discharged, and he/she is able to demonstrate probable cause to believe that there may be a violation of this division, or that there is a need to inspect and/or sample as part of a routine inspection and sampling program designed to verify compliance with this division or any order issued hereunder, or to protect the overall public health, safety, and welfare of the community, then the City may seek issuance of a search warrant from any court of competent jurisdiction.

- **Sec. 18-29. - Requirement to prevent, control, and reduce stormwater pollutants by the use of best management practices.**

The City has adopted requirements identifying best management practices for any activity, operation, or facility which may cause or contribute to pollution or contamination of stormwater, the storm drain system, or waters of the U.S. The owner or operator of a commercial or industrial establishment shall provide, at their own expense, reasonable protection from accidental discharge of prohibited materials or other wastes into the

municipal storm drain system or watercourses through the use of these structural and non-structural BMPs. Further, any person responsible for a property or premise, which is, or may be, the source of an illicit discharge, may be required to implement, at said person's expense, additional structural and non-structural BMPs to prevent the further discharge of pollutants to the municipal separate storm sewer system. Compliance with all terms and conditions of a valid NPDES permit authorizing the discharge of stormwater associated with industrial activity, to the extent practicable, shall be deemed compliance with the provisions of this section. These BMPs shall be part of a stormwater pollution prevention plan (SWPP) as necessary for compliance with requirements of the NPDES permit.

- **Sec. 18-30. - Watercourse protection.**

Every person owning property through which a watercourse passes, or such person's lessee, shall keep and maintain that part of the watercourse within the property free of trash, debris, excessive vegetation, and other obstacles that would pollute, contaminate, or significantly retard the flow of water through the watercourse. In addition, the owner or lessee shall maintain existing privately owned structures within or adjacent to a watercourse, so that such structures will not become a hazard to the use, function, or physical integrity of the watercourse.

- **Sec. 18-31. - Notification of spills.**

Notwithstanding other requirements of law, as soon as any person responsible for a facility or operation, or responsible for emergency response for a facility or operation has information of any known or suspected release of materials which are resulting or may result in illegal discharges or pollutants discharging into stormwater, the storm drain system, or water of the U.S., said person shall take all necessary steps to ensure the discovery, containment, and cleanup of such release. In the event of such a release of hazardous materials, said person shall immediately notify emergency response agencies of the occurrence via emergency dispatch services. In the event of a release of nonhazardous materials, said person shall notify the authorized enforcement agency in person or by phone, email, or facsimile no later than the next business day. Notifications in person or by phone shall be confirmed by written notice addressed and mailed to the City within three (3) business days of the phone notice. If the discharge of prohibited materials emanates from a commercial or industrial establishment, the owner or operator of such establishment shall also retain an on-site written record of the discharge and the actions taken to prevent its recurrence. Such records shall be retained for at least three (3) years.

- **Sec. 18-32. - Enforcement.**

(1) The City shall serve a notice of violation upon any person responsible in whole or part for an illicit discharge to the MS4 in violation of this division or any permit issued under this Code. The notice shall state the specified period of time by which corrective action shall be completed. After a notice is given, the violator shall commence corrective measures within twenty-four (24) hours. Such notice may require without limitation:

- (a) The performance of monitoring, analysis and reporting;
- (b) The elimination of illicit connections or discharges;
- (c) That violating discharges, practices, or operations shall cease and desist;
- (d) The abatement or remediation of stormwater pollution or contamination hazards and the restoration of any affected property;

- (e) Payment of remediation costs; and
- (f) The implementation of source control or treatment BMPs.

Said notice shall further advise that, should the violator fail to remediate or restore within the established deadline, the work will be done by the City or a contractor and the expense thereof shall be charged to the violator. Illicit discharges in violation of this division are declared a nuisance under Chapter 1 General Provisions, Section 1-22 General Penalty; Continuing Violations of this Code and costs of abatement by the City may be recovered as set forth in the same section.

(2) If the illicit discharge is caused by construction activity, the City may require all work being performed contrary to the provisions of this division or any permit issued under this Code in an unsafe or dangerous manner, be immediately stopped. The City may issue a stop work order in addition to the notice of violation for the entire project or any specified part thereof if any of the following conditions exist:

- (a) Any illicit discharge activity regulated under this division is being undertaken without a land disturbance permit or any permit issued under this Code.
- (b) The stormwater pollution and prevention plan is not being fully implemented.
- (c) Any of the conditions of the land disturbance permit are not being met.
- (d) The work is being performed in a dangerous and unsafe manner.

(3) The stop-work order or notice of violation shall be in writing and shall be issued by posting a copy at the site and by serving a copy upon the owner of record. A copy of the stop work order or notice of violation shall be posted on the site in reasonable proximity to a location where the illicit discharge activity is taking place. In the case of work for which there is a land disturbance permit, a permit holder shall be properly served by mailing a copy of the order by first class mail to the address listed for the permit holder on the permit application. In the case of work for which there is not a land disturbance permit or any permit issued under this Code, a copy of the order shall be mailed to the owner of record as reflected in the records of the county assessor. In addition, a copy of the stop work order or notice of violation may be given to any person in charge of or performing work on the site or illicit discharge area, or to an agent of any of the foregoing.

(4) The stop work order or notice of violation shall state the conditions under which discharge into the City's MS4 may resume. No person, entity or permit holder shall continue any discharge after a stop work order or notice of violation has been issued except such work as is directed to be performed to remove a violation or dangerous or unsafe condition, as provided in the order.

(5) Ten (10) days after issuing a stop work order or notice of violation, the City may issue a notice of intent to the owner of record of the City's intent to perform work necessary to comply with these regulations. If the owner of record wishes to contest the City's determination to enter and complete the work at the expense of the permit holder, the owner of record may request a hearing on the matter before the Director of Public Works, or their representative, by requesting the same in writing delivered to the Director of Public Works, or their representative, during the ten-day notice period. If a hearing is requested, the Director of Public Works, or their representative, will, after a hearing on the record, determine whether the owner of record has complied with the provisions of this division, and shall issue written findings of fact and conclusions of law. If the Director of Public Works, or their

representative, determines that the provisions of this chapter have not been complied with, they shall order the owner of record to comply within a period of time specified in the order. Should the owner of record fail to comply within that time, or fail to request a hearing, the City may go on the land and commence work. The costs incurred by the City to perform this work shall be paid by the owner of record, plus interest at the rate authorized by the issuing authority, plus a reasonable administrative fee shall be billed to the owner of record, and may be filed as a lien against the property under the provisions for abatement of a nuisance under Chapter 1 General Provisions, Section 1-22 General Penalty; Continuing Violations of this Code.

- **Sec. 18-33. - Completion certificate.**

Upon abatement of a violation and/or restoration of the affected property and approval by the City, a completion certificate shall be issued to the person in violation or the owner of record by the City.

- **Sec. 18-34. - Liability.**

The violator is responsible for safely and legally completing the project. Neither the issuance of a land disturbance permit under the provisions of this division, nor compliance with the provisions hereto or with any conditions imposed by the City, shall relieve any person from responsibility for damage to persons or property resulting there from, or as otherwise imposed by law, nor impose any liability upon the City for damages to persons or property.

- **Sec. 18-35. - Penalties.**

Any violation of the Codes adopted by this division shall be an offense punishable under Chapter 1 General Provisions, Section 1-22 General Penalty; Continuing Violations of this Code. Each day such violation continues shall be considered a separate offense. Nothing herein contained shall prevent the City of Raytown or other appropriate authority from taking such other lawful action as is necessary to prevent or remedy any violation.

- **Secs. 18-36 to 18-50. - Reserved**

DIVISION III - STORMWATER RUNOFF CONTROL REGULATIONS

- **Sec. 18-51. - General.**

(a) *Title.* This division shall be known as the post-construction stormwater runoff control regulations.

(b) *Purpose.* The purpose of this division is to establish minimum post-construction stormwater management requirements and controls to protect and safeguard the general health, safety, and welfare of the public residing in watersheds within the City.

(c) *Scope.* Any person, entity, agency, or political subdivision proposing a land disturbance activity within the City shall apply to the City for the approval of a stormwater pollution prevention plan. No land shall be disturbed prior to the issuance of a land disturbance permit and approval of a plan by the City that conforms to the standards set forth herein.

(d) *Design and construction manual.* All work done under a permit issued under this chapter shall function in conformity with the currently adopted City design and construction manual. The manual shall be updated/approved by the City council by resolution from time to time and kept on file with the department of public works. In the event of any conflict between this division and the manual, the stricter requirement shall control.

(e) *Violation.* Any person or entity violating the terms of this chapter, or of the stormwater design manual, shall be guilty of an offense punishable under Chapter 1 General Provisions, Section 1-22 General Penalty; Continuing Violations.

- **Sec. 18-52. - Land disturbance permitting process.**

The permit and stormwater pollution prevention plan (SWPPP) requirements for post-construction land disturbance activities are set forth in Section 18-3 of this Code.

- **Sec. 18-53. - Inspections.**

In making application for a land disturbance permit, the permit holder consents to allow City representatives to enter the site or disturbed area for the purpose of inspection and enforcement of the provisions of this division during any period that a land disturbance permit is in place, until closure of the permit by City approval and thereafter for inspection to verify compliance with all post-construction requirements for the stormwater pollution prevention plan pursuant to Section 18-3 of this Code. After the permit is issued, the permit holder shall be responsible for the following:

(a) A copy of the land disturbance permit must be available on the site for inspection by the City prior to any inspections being conducted.

(b) Field markings showing limits of disturbance must be on site during all installation of erosion and sediment control measures, construction or other land disturbance activities.

(c) The permit holder shall call for and be approved for any or all of the following inspections:

(1) After a land disturbance permit has been issued and before any land disturbance activity begins;

(2) During the construction of sediment basins or stormwater management structures;

(3) During rough grading, including hauling of imported or wasted materials;

(4) Prior to the removal or substantial modification of any erosion and sediment control measure or practice;

(5) Upon completion of final grading, including establishment of ground covers and planting, installation of all vegetative measures and all other work;

(6) Additional inspections as required by the City to abate erosion control failures not addressed in the stormwater pollution and prevention plan.

- **Sec. 18-54. - Waivers to stormwater management requirements.**

Waivers to the requirements of this division shall be granted pursuant to Section 18-3 of this Code. Every applicant shall provide for stormwater management as required by this division, unless a written request is filed to waive this requirement. Requests to waive the stormwater management plan requirements shall be submitted to the City for approval. The City is not authorized to grant any waiver of state or federal requirements and no waiver granted by the City hereunder shall be interpreted to grant such authority.

The minimum requirements for stormwater management may be waived in whole or in part upon written request of the applicant, provided that at least one (1) of the following conditions applies:

(a) It can be demonstrated that the proposed development is not likely to impair attainment of the objectives of this division.

(b) Alternative minimum requirements for onsite management of stormwater discharges have been established in a stormwater management plan that has been approved by the City and the implementation of the plan is required by local division.

(c) Provisions are made to manage stormwater by an offsite facility. The offsite facility is required to be in place, to be designed and adequately sized to provide a level of stormwater control that is equal to or greater than that which would be afforded by onsite practices and there is a legally obligated entity responsible for long-term operation and maintenance of the stormwater practice.

(d) The City finds that meeting the minimum onsite management requirements is not feasible due to the natural or existing physical characteristics of a site.

(e) Non-structural practices will be used on the site that reduce:

(1) The generation of stormwater from the site;

(2) The size and cost of stormwater storage;

(3) The pollutants generated at the site.

These non-structural practices are explained in detail in the design and construction manual and the amount of credit available for using such practices shall be determined by the City.

In instances where one (1) of the conditions above applies, the City may grant a waiver from strict compliance with these stormwater management provisions, as long as acceptable mitigation measures are provided. However, to be eligible for a variance, the applicant must demonstrate to the satisfaction of the City that the variance will not result in the following impacts to downstream waterways:

(a) Deterioration of existing culverts, bridges, dams, and other structures;

(b) Degradation of biological functions or habitat;

(c) Accelerated stream bank or stream bed erosion or siltation;

(d) Increased threat of flood damage to public health, life, property.

Furthermore, where compliance with minimum requirements for stormwater management is waived, the applicant will satisfy the minimum requirements by meeting one (1) of the mitigation measures selected by the jurisdictional stormwater authority. Mitigation measures may include, but are not limited to, the following:

(a) The purchase and donation of privately owned lands, or the grant of an easement to be dedicated for preservation and/or reforestation. These lands should be located adjacent to the stream corridor in order to provide permanent buffer areas to protect water quality and aquatic habitat;

(b) The creation of a stormwater management facility or other drainage improvements on previously developed properties, public or private, that currently lack stormwater management facilities designed and constructed in accordance with the purposes and standards of this division;

(c) Monetary contributions (fee-in-lieu) to fund stormwater management activities such as research and studies (e.g., regional wetland delineation studies, stream monitoring studies for water quality and macroinvertebrates, stream flow monitoring, threatened and endangered species studies, hydrologic studies, and monitoring of stormwater management practices).

Where the City waives all or part of the minimum stormwater management requirements, or where the waiver is based on the provision of adequate stormwater facilities provided downstream of the proposed development, the applicant shall be required to pay a fee in an amount as determined by the City.

When an applicant obtains a waiver of the required stormwater management, the monetary contribution required shall be in accordance with a fee schedule (unless the developer and the stormwater authority agree on a greater alternate contribution) established by the City, and based on the cubic feet of storage required for stormwater management of the development in question. All of the monetary contributions shall be credited to an appropriate capital improvements program project, and shall be made by the developer prior to the issuance of any building permit for the development.

In lieu of a monetary contribution, an applicant may obtain a waiver of the required stormwater management by entering into an agreement with the City for the granting of an easement or the dedication of land by the applicant, to be used for the construction of an offsite stormwater management facility. The agreement shall be entered into by the applicant and the City prior to the recording of plats or, if no record plat is required, prior to the issuance of the building permit.

- **Sec. 18-55. - General performance criteria for stormwater management.**

All structures, measures and devices installed or used for erosion and sediment control practices at a site or disturbed area must, after construction, meet the criteria and performance standards set forth in the stormwater design manual.

- **Sec. 18-56. - Basic stormwater management design criteria.**

All stormwater management practices will be designed so that the specific storm frequency storage volumes (e.g., recharge, water quality, channel protection, ten (10) year, one hundred (100) year) as identified in the current stormwater design manual are met, unless the City grants the applicant a waiver or the applicant is exempt from such requirements.

In addition, if hydrologic or topographic conditions warrant greater control than that provided by the minimum control requirements, the City reserves the right to impose any and all additional requirements deemed necessary to control the volume, timing, and rate of runoff.

At a minimum, the requirements and performance standards of the stormwater design manual shall be adhered to.

- **Sec. 18-57. - Requirements for stormwater management plan approval.**

No application for development will be approved unless it includes a stormwater management plan detailing in concept how runoff and associated water quality impacts resulting from the development will be controlled or managed. This plan must be prepared by an individual approved by the City and must indicate whether stormwater will be managed on-site or off-site and, if on-site, the general location and type of practices. The stormwater management plan(s) shall be referred for comment to all other interested agencies, and any comments must be addressed in a final stormwater management plan. No building or land disturbance permit shall be issued until a satisfactory stormwater management plan, or a waiver thereof, shall have undergone a review and been approved by the City after determining that the plan or waiver is consistent with the requirements of this division. Stormwater management plans must meet the requirements of section 18-3 of this Code.

- **Sec. 18-58. - Maintenance and repair of stormwater facilities.**

Prior to the issuance of any permit that has a stormwater management facility as one (1) of the requirements of the permit, the applicant or owner of the site must execute a maintenance agreement that shall be binding on all subsequent owners of land served by the stormwater management facility. The agreement shall provide for access to the facility at reasonable times for periodic inspection by the City, or their contractor or agent, and for regular or special assessments of property owners to ensure that the facility is maintained in proper working condition to meet design standards and any other provisions established by this division. The maintenance agreement shall be recorded by the City in the land records.

Maintenance of all stormwater management facilities shall be ensured through the creation of a formal maintenance agreement that must be approved by the City and recorded into the land record prior to final plan approval. As part of the agreement, a schedule shall be developed for when and how often maintenance will occur to ensure proper function of the stormwater management facility. The agreement shall also include plans for periodic inspections to ensure proper performance of the facility between scheduled cleanouts. The City, in lieu of a maintenance agreement, may accept dedication of any existing or future stormwater management facility for maintenance, provided such facility meets all the requirements of this chapter and includes adequate and perpetual access and sufficient area, by easement or otherwise, for inspection and regular maintenance.

All stormwater management facilities must undergo, at the minimum, an annual inspection to document maintenance and repair needs and ensure compliance with the requirements of this division and accomplishment of its purposes. These needs may include:

- (a) Removal of silt, litter and other debris from all catch basins, inlets and drainage pipes;
- (b) Grass cutting and vegetation removal; and
- (c) Necessary replacement of landscape vegetation.

Any maintenance needs found must be addressed in a timely manner, as determined by the City, and the inspection and maintenance requirement may be increased as deemed necessary to ensure proper functioning of the stormwater management facility.

Inspection programs may be established on any reasonable basis, including but not limited to:

- (a) Routine inspections;
- (b) Random inspections;
- (c) Inspections based upon complaints or other notice of possible violations;
- (d) Inspection of drainage basins or areas identified as higher than typical sources of sediment or other contaminants or pollutants;
- (e) Inspections of businesses or industries of a type associated with higher than usual discharges of contaminants or pollutants or with discharges of a type which are more likely than the typical discharge to cause violations of state or federal water or sediment quality standards or the NPDES stormwater permit; and

(f) Joint inspection with other agencies inspecting under environmental or safety laws. Inspections may include, but are not limited to:

- (1) Reviewing maintenance and repair records;
- (2) Sampling discharges, surface water, groundwater, and material or water in drainage control facilities; and
- (3) Evaluating the condition of drainage control facilities and other stormwater treatment practices.

When any new drainage control facility is installed on private property, or when any new connection is made between private property and a public drainage control system, sanitary sewer or combined sewer, the property owner shall grant to the City the right to enter the property at reasonable times and in a reasonable manner for the purpose of inspection. This includes the right to enter a property when it has a reasonable basis to believe that a violation of this division is occurring or has occurred, and to enter when necessary for abatement of a public nuisance or correction of a violation of this division.

Parties responsible for the operation and maintenance of a stormwater management facility shall make records of the installation and of all maintenance and repairs, and shall retain the records permanently. These records shall be made available to the City during inspection of the facility and at other reasonable times upon request.

If a responsible party fails or refuses to meet the requirements of the maintenance agreement, the City, after reasonable notice, may correct a violation of the design standards or maintenance needs by performing all necessary work to place the facility in proper working condition. In the event that the stormwater management facility becomes a danger to public safety or public health, the City shall notify the party responsible for maintenance of the stormwater management facility in writing. Upon receipt of that notice, the responsible person shall have ten (10) days to effect maintenance and repair of the facility in an approved manner pursuant to the requirements set forth in this section 18-59 of this Code.

- **Sec. 18-59. - Enforcement.**

(a) The City shall serve a notice of violation upon any person responsible in whole or in part for the construction, alteration, repair, maintenance, or removal of drainage improvements in violation of a building permit, right-of-way permit, land disturbance permit or any permit issued under this Code. In the event work does not conform to the plans and specifications of an approved stormwater pollution prevention plan, this division or to any instructions of the City, a notice of violation shall be served upon the permit holder. The notice of violation shall state the work to be done and the specified period of time by which corrective action shall be completed. After a notice of violation to comply is given, the permit holder shall commence corrective measures within twenty-four (24) hours.

(b) The City may require all work on a site or disturbed area which is being performed contrary to the provisions of this division or in an unsafe or dangerous manner, be immediately stopped. The City may issue a notice of violation for the entire project or any specified part thereof if any of the following conditions exist:

- (1) Any land disturbance activity regulated under this division is being undertaken without a land disturbance permit.
- (2) The stormwater pollution prevention plan is not being fully implemented.

(3) Any of the conditions of the land disturbance permit are not being met.

(4) The work is being performed in a dangerous and unsafe manner.

(c) The notice of violation shall be in writing and shall be issued by posting a copy at the site or disturbed area and by serving a copy upon the permit holder. A copy of the notice of violation shall be posted on the site of the land disturbing activity in reasonable proximity to where the land disturbing activity is taking place. In the case of work for which there is a land disturbance permit, a permit holder shall be properly served by mailing a copy of the order by first class mail to the address listed for the permit holder on the permit application. In the case of work for which there is not a land disturbance permit, a copy of the order shall be mailed to the owner of record. In addition, a copy of the notice of violation may be given to any person in charge of or performing work on drainage improvements at the site or disturbed area, or to an agent of any of the foregoing.

(d) The notice of violation shall state the conditions under which work may be resumed. No person, entity or permit holder shall continue any work after a notice of violation has been issued except such work as is directed to be performed to remove a violation or dangerous or unsafe condition, as provided in the order.

(e) Ten (10) days after issuing a notice of violation, the City may issue a notice of intent to the owner of record or permit holder of the City's intent to perform work necessary to comply with these regulations. If the permit holder wishes to contest the City's determination to enter and complete the work at the expense of the permit holder, the permit holder may request a hearing on the matter before the Director of Public Works by requesting the same in writing delivered to the Director of Public Works during the ten-day notice period. If a hearing is requested, the Director of Public Works will, after a hearing on the record, determine whether the permit holder has complied with the provisions of this division, and shall issue written findings of fact and conclusions of law. If the Director of Public Works determines that the provisions of this chapter have not been complied with, they shall order the permit holder to comply within a period of time specified in the order. Should the permit holder fail to comply within that time, or fail to request a hearing, the City may go on the land and commence work. The costs incurred by the City to perform this work shall be paid by the owner of record or permit holder out of the performance guaranty required by Section 18-9 of this Code to the extent the amount is covered thereby, with the remainder being directly due and owing by the owner of record or permit holder. In the event no permit was issued or no performance guaranty was posted, the cost, plus interest at the rate authorized by the issuing authority, plus a reasonable administrative fee shall be billed to the owner of record and assessed against the property pursuant to Chapter 1 General Provisions, Section 1-22 General Penalty; Continuing Violations of this Code.

- **Sec. 18-60. - Completion certificate.**

Upon completion of the land disturbance activity and after final stabilization of the site has occurred and all other requirements of the land disturbance permit are satisfied and approved by the City, a completion certificate shall be issued to the permit holder by the City.

- **Sec. 18-61. - Liability.**

The permit holder is responsible for safely and legally completing the project. Neither the issuance of a land disturbance permit under the provisions of this division, nor compliance with the provisions hereto or with any conditions imposed by the City, shall relieve any person from responsibility for damage to persons or property resulting there from, or as otherwise imposed by law, nor impose any liability upon the City for damages to persons or property.

- **Sec. 18-62. - Penalties.**

Any violation of the codes adopted by this division shall be an offense punishable under Chapter 1 General Provisions, Section 1-22 General Penalty; Continuing Violations of this Code. Each day such violation continues shall be considered a separate offense. Nothing herein contained shall prevent the City of Raytown or other appropriate authority from taking such other lawful action as is necessary to prevent or remedy any violation.

CITY OF RAYTOWN
Request for Board Action

Date: April 7, 2022

Resolution No.: R-3449-22

To: Mayor and Board of Aldermen

From: Damon Hodges, City Administrator/Interim Finance Director

Department Head Approval: _____

Finance Director Approval: _____

City Administrator Approval: _____

Action Requested: Staff requests Approval of Collector's Report obtained from Jackson County per Revised Statute of Missouri 94.320.

Analysis: 94.320. Collector to make delinquent lists — board to approve — collection of delinquent taxes. — 1. The board of aldermen shall require the collector, at the first meeting of the board in April of each year, or as soon thereafter as may be, to make out, under oath, lists of delinquent taxes remaining due and uncollected for each year, to be known as "the land and lot delinquent list" and "the personal delinquent list".

2. The board of aldermen, at the meeting at which the delinquent lists are returned or as soon as may be thereafter, shall examine the lists carefully, and if it appear that all property and taxes contained in the lists are properly returned as delinquent, the board shall approve the lists, enter a record thereof in the journal and credit the amount thereof to the account of the city collector.

3. The board shall return the delinquent lists to the collector, charging him therewith, and he shall proceed to collect the same in the same manner as provided by law for state and county taxes.

It should be noted that the City Collector, nor any City employee, collects property tax due. This is a function of Jackson County.

CITY OF RAYTOWN
Request for Board Action

Date: April 7, 2022
To: Mayor and Board of Aldermen
From: Jason Hanson, City Engineer

Resolution No.: R-3450-22

Department Head Approval: _____

Finance Director Approval: _____ (only if funding is requested)

City Administrator Approval: _____

Action Requested: Authorization to approve an agreement with McAnany Construction Inc. for street maintenance improvements at a cost not to exceed \$360,000.00.

Recommendation: Staff recommends approval as submitted.

Analysis: The Public Works Department received 2 sealed bids that were opened on Wednesday, March 30, 2022, at 2:00 pm.

McAnany Construction Inc. - \$360,000.00
Superior Bowen Asphalt Company, LLC - \$389,301.73

This project will improve (1) one street section:
83rd Street, from Spring Valley Road to Raytown Road

This work will consist of spot curb/gutter repairs, 3" asphalt repairs, sidewalk repairs, ADA improvements, utility lid adjustments, and pavement markings. The whole section of road will receive UBAS surface over it.

Ultra-Thin Bonded Asphalt Surface (UBAS) is a hot mix asphalt overlay (0.5-inch) placed over a heavy asphalt emulsion layer or membrane. The system is placed on a structurally sound flexible pavement that may exhibit minor amounts of raveling or cracking. The primary function of the ultra-thin bonded wearing course is to provide a durable, friction resistant surface on an existing flexible pavement to restore a smooth surface.

The current Transportation Sales Tax Fund budget has \$400,000.00 budgeted in Repairs and Maintenance Services for contracted street maintenance.

Alternatives: Do not do the project and leave the roadways as is.

Budgetary Impact:

- Not Applicable
- Budgeted item with available funds
- Non-Budgeted item with available funds through prioritization
- Non-Budgeted item with additional funds requested

Fund: Transportation Sales Tax Fund, 204-62-00-100-53600
Amount to Spend: not to exceed \$360,000.00

Additional Reports Attached: Bid results, project location map, and bid recommendation letter from Lamp Rynearson Engineers.

RESOLUTION NO.: R-3450-22

A RESOLUTION AUTHORIZING THE CITY ADMINISTRATOR TO ENTER INTO AN AGREEMENT WITH MCANANY CONSTRUCTION INC FOR THE 2022 ULTRATHIN BONDED ASPHALT SURFACE PROJECT IN AN AMOUNT NOT TO EXCEED \$360,000.00 FOR FISCAL YEAR 2021-2022

WHEREAS, the City of Raytown (the "City") issued a invitation to bid on its 2022 Ultrathin Bonded Asphalt Surface Project for street maintenance within the City; and

WHEREAS, the Public Works Department received two (2) bids in response to the invitation and has determined that the bid submitted by McAnany Construction Inc. in the amount of \$360,000.00 for the 2022 Ultrathin Bonded Asphalt Surface Project was the most advantageous bid received; and

WHEREAS, the City finds McAnany Construction Inc. meets all of the qualifications as the lowest and best bidder for the project; and

WHEREAS, the Board of Aldermen find it is in the best interest of the City to enter into an agreement with McAnany Construction Inc. in the amount of \$360,000.00 for such purposes; and

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF RAYTOWN, MISSOURI, AS FOLLOWS:

THAT the Agreement by and between the City of Raytown and McAnany Construction Inc. in the amount of \$360,000.00 for the 2022 Ultrathin Bonded Asphalt Surface Project within the City, attached hereto as Exhibit "A" and incorporated herein, is hereby authorized and approved; and

FURTHER THAT the City Administrator is hereby authorized to execute any and all documents and to take any and all actions necessary to effectuate the terms of the Agreement and exercise the authority granted herein on behalf of the City.

PASSED AND ADOPTED by the Board of Aldermen and **APPROVED** by the Mayor of the City of Raytown, Missouri, the 12th day of April, 2022.

**Re: 2022 UBAS Project
Bid Recommendation Letter**

Dear Mr. Leon:

Bids were received for the above referenced project on Wednesday March 30, 2022.

A total of two bids were received. The low bid was submitted by McAnany Construction in the amount of \$360,000.00. The engineers estimate for the project was \$462,908.60.

We have frequently worked with McAnany included on the 2021 Base Repair project in Raytown and found them to be a qualified contractor. I have attached the bid tabulation and they have supplied and the have supplied their subcontractor list. After consultation with City staff we recommend that McAnany Construction be awarded the contract.

You may contact me with any questions, or if you need additional information.

Sincerely,
LAMP RYNEARSON

CITY OF RAYTOWN
Request for Board Action

Date: April 7, 2022 **Resolution No.:** R-3452-22
To: Mayor and Board of Aldermen
From: Damon Hodges, City Administrator and
Dave Turner, Parks and Recreation Director

Department Head Approval: _____

Finance Director Approval: _____

City Administrator Approval: _____

Action Requested: Board of Aldermen approval directing City staff to seek non-matching 100% federal funding for various qualified City of Raytown projects as permitted through the United States House of Representatives, and a letter of support for the funding request.

Recommendation: Staff recommends approval to apply for 100% federal project funding, with no local matching funds.

Analysis: Recently, the City was contacted by Congressman Cleaver's office about a new source of grant funding through the U.S. House of Representatives. The City of Raytown staff would like to apply for Congressional earmarked funds to be spent on Parks and Recreation projects; infrastructure and redevelopment projects and Community Development projects. The process will be to communicate with Congressman Cleaver's office to show the need for federal financial assistance. Initial projects will be the improvement to the condition of the Kenagy Pond and ADA accessibility at that location, and for phase 2 of the 53rd Street redevelopment project. The application deadline for this round of grant projects through the U.S. House of Representatives is April 15, 2022.

This would provide funds for a project in FY2023 that would be fully funded by Congressional earmarked spending projects.

Alternatives: Do not approve the application and direct staff to seek alternate methods for project funding.

Budgetary Impact:

Not Applicable

Additional Reports Attached: Supporting documents attached.

A RESOLUTION AUTHORIZING AND APPROVING THE APPLICATION FOR CONGRESSIONAL EARMARKED FUNDS THROUGH THE U.S. HOUSE OF REPRESENTATIVES

WHEREAS, the City of Raytown (the “City”) will apply for congressional earmark funds through the U.S. House of Representatives to be spent on Parks and Recreation projects; infrastructure and redevelopment projects and Community Development projects; and

WHEREAS, the Board of Aldermen find it is in the best interests of the City to authorize and approve the application for the Congressional earmarked funding;

NOW THEREFORE, BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF RAYTOWN, MISSOURI, AS FOLLOWS:

THAT the application for congressional earmark funds through the U.S. House of Representatives to be spent on Parks and Recreation projects; infrastructure and redevelopment projects and Community Development projects is hereby authorized and approved; and

FURTHER THAT the City Administrator is hereby authorized to execute any and all other documents necessary or incidental thereto and to take any and all actions necessary to effectuate the terms of the grant on behalf of the City and the City Clerk is authorized to attest thereto.

PASSED AND ADOPTED by the Board of Aldermen and **APPROVED** by the Mayor of the City of Raytown, Missouri, the 12th day of April, 2022.

Michael McDonough, Mayor

ATTEST:

Teresa M. Henry, City Clerk

Approved as to Form:

Jennifer M. Baird, City Attorney
