Euro 4,000,000,000
Euro Medium Term Note Programme
Due from one month from the date of original issue

Under the Euro Medium Term Note Programme described in this Offering Circular (the “**Programme**”), Renault S.A. (the “**Issuer**” or “**Renault**” or “**Renault S.A.**”), subject to compliance with all relevant laws, regulations and directives, may from time to time issue Euro Medium Term Notes (the “**Notes**”). The aggregate nominal amount of Notes outstanding will not at any time exceed Euro 4,000,000,000 (or the equivalent in other currencies).

This Offering Circular supersedes and replaces the Offering Circular dated 20 June 2002.

Application will be made in certain circumstances to list Notes on Euronext Paris S.A. (“**Euronext Paris**”) and/or on the Luxembourg Stock Exchange. However, unlisted Notes may be issued pursuant to the Programme. The relevant Pricing Supplement (a form of which is contained herein) in respect of the issue of any Notes will specify whether or not such Notes will be listed and, if so, the relevant stock exchange.

Notes may be issued either in dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”) as more fully described herein.

Dematerialised Notes will at all times be in book entry form in compliance with Article L.211-4 of the French *Code monétaire et financier*. No physical documents of title will be issued in respect of the Dematerialised Notes.

Dematerialised Notes which are not dealt in on a regulated market will be in registered dematerialised form (*au nominatif*) only and, at the option of the relevant Noteholder, in either fully registered form or administered registered form inscribed as aforesaid.

Materialised Notes will be in bearer materialised form only and may only be issued outside France. A temporary global certificate in bearer form without interest coupons attached (a “**Temporary Global Certificate**”) will initially be issued in connection with Materialised Notes. Such Temporary Global Certificate will be exchanged for Definitive Materialised Notes in bearer form with, where applicable, coupons for interest attached, on or after a date expected to be on or about the 40th day after the issue date of the Notes (subject to postponement as described in “Temporary Global Certificates issued in respect of Materialised Bearer Notes”) upon certification as to non U.S. beneficial ownership as more fully described herein.

Temporary Global Certificates will (a) in the case of a Tranche (as defined in “Summary of the Programme”) intended to be cleared through Euroclear and/or Clearstream, Luxembourg, be deposited on the issue date with a common depositary on behalf of Euroclear and/or Clearstream, Luxembourg and (b) in the case of a Tranche intended to be cleared through a clearing system other than or in addition to Euroclear and/or Clearstream, Luxembourg or delivered outside a clearing system, be deposited as agreed between the Issuer and the relevant Dealer (as defined below).

Where an issue of Notes is rated, its rating will not necessarily be the same as the rating assigned under the Programme. A rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, change or withdrawal at any time by the assigning rating agency.

Optional Redemption

The Pricing Supplement issued in respect of each issue of Notes will state whether such Notes may be redeemed prior to their stated maturity at the option of the Issuer (either in whole or in part) and/or the Noteholders and if so the terms applicable to such redemption.

Redemption by Instalments

The Pricing Supplement issued in respect of each issue of Notes that are redeemable in two or more instalments will set out the dates on which, and the amounts in which, such Notes may be redeemed.

Early Redemption

Except as provided in “Optional Redemption” above, Notes will be redeemable at the option of the Issuer prior to maturity only for tax reasons. See Condition 6 “Terms and Conditions of the Notes – Redemption, Purchase and Options”.

Taxation

Payments in respect of the Notes will be made without withholding or deduction for, or on account of, taxes imposed by or on behalf of the Republic of France as provided by Article 131 *quater* of the French General Tax Code, to the extent that the Notes are issued (or deemed to be issued) outside France.

Notes constituting *obligations* under French law will be issued (or deemed to be issued) outside France (i) in the case of syndicated or non-syndicated issues of Notes, if such Notes are denominated in euro, (ii) in the case of syndicated issues of Notes denominated in currencies other than euro, if, *inter alia*, the Issuer and the relevant Dealers agree not to offer the Notes to the public in the Republic of France and such Notes are offered in the Republic of France only through an international syndicate to qualified investors (*investisseurs qualifiés*) as described in Article L.411-2 of the French *Code monétaire et financier* or (iii) in the case of non-syndicated issues of Notes denominated in currencies other than euro, if each of the subscribers of the Notes is domiciled or resident for tax purposes outside the Republic of France, in each case as more fully set out in the Circular of the *Direction Générale des*

Impôts dated 30 September 1998. However, if so provided in the relevant Pricing Supplement, Notes constituting *obligations* denominated in currencies other than euro may be issued on a non-syndicated basis and placed with subscribers not all of whom are resident outside the Republic of France. In such cases, the Notes will not benefit from the exemption from deduction at source provided by Article 131 *quater* of the French General Tax Code and payments under such Notes made to a non-French resident will be exempt from withholding or deduction at source only if the beneficiary of the payment provides certification that he is not resident in the Republic of France, all in accordance with the provisions of Article 125 A III of the French General Tax Code, as more fully described in “Terms and Conditions of the Notes – Taxation”.

The tax regime applicable to Notes which do not constitute *obligations* will be set out in the relevant Pricing Supplement.

Interest Periods and Interest Rates

The length of the interest periods for the Notes and the applicable interest rate or its method of calculation may differ from time to time or be constant for any Series. Notes may have a maximum interest rate, a minimum interest rate, or both. The use of interest accrual periods permits the Notes to bear interest at different rates in the same interest period. All such information will be set out in the relevant Pricing Supplement.

Fixed Rate Notes

Fixed interest will be payable in arrear on the date or dates in each year specified in the relevant Pricing Supplement.

Floating Rate Notes

Floating Rate Notes will bear interest determined separately for each Series as follows:

- (i) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency pursuant to the 2001 *Fédération Bancaire Française* (“**FBF**”) Master Agreement relating to transactions on forward financial instruments (formerly 1994 AFB Master Agreement for Foreign Exchange and Derivatives Transactions as supplemented by the Technical Schedules published by the FBF), or
- (ii) on the same basis as the floating rate under a notional interest rate swap transaction in the relevant Specified Currency governed by an agreement incorporating the 2000 ISDA Definitions, as published by the International Swaps and Derivatives Association, Inc.; or
- (iii) by reference to LIBOR, LIBID, LIMEAN or EURIBOR (or such other benchmark as may be specified in the relevant Pricing Supplement), in each case as adjusted for any applicable margin.

Interest periods will be specified in the relevant Pricing Supplement.

Zero Coupon Notes

Zero Coupon Notes may be issued at their nominal amount or at a discount to it and will not bear interest.

Dual Currency Notes

Payments (whether in respect of principal or interest and whether at maturity or otherwise) in respect of Dual Currency Notes will be made in such currencies, and based on such rates of exchange, as may be specified in the relevant Pricing Supplement.

Index Linked Notes

Payments of principal in respect of Index Linked Redemption Notes or of interest in respect of Index Linked Interest Notes will be calculated by reference to such index and/or formula as may be specified in the relevant Pricing Supplement. Each issue of Index Linked Notes to be listed on Euronext Paris must be made in

compliance with the *Principes Généraux* published from time to time by the COB and the *Conseil des Marchés Financiers*.

Structured Note Risks

The following paragraph does not describe all the risks of an investment in the Notes. Prospective investors should consult their own financial and legal advisers about risks associated with investment in a particular series of Notes and the suitability of investing in the Notes in light of their particular circumstances.

An investment in Notes the premium and/or the interest on or principal of which is determined by reference to one or more values of currencies, commodities, interest rates or other indices or formulae, either directly or inversely, may entail significant risks not associated with similar investments in a conventional debt security, including the risks that the resulting interest rate will be less than that payable on a conventional debt security at the same time and/or that an investor could lose all or a substantial portion of the principal of its Note.

Neither the current nor the historical value of the relevant currencies, commodities, interest rates or other indices or formulae should be taken as an indication of future performance of such currencies, commodities, interest rates or other indices or formulae during the term of any Note.

Other Notes

Terms applicable to high interest Notes, low interest Notes, step-up Notes, step-down Notes, reverse dual currency Notes, optional dual currency Notes, Partly Paid Notes and any other type of Notes that the Issuer and any Dealer or Dealers may agree to issue under the Programme will be set out in the relevant Pricing Supplement.

Redenomination

Notes issued in the currency of any Member State of the EU which will participate in the single currency of the European Economic and Monetary Union may be redenominated into Euro, all as more fully provided in “Terms and Conditions of the Notes – Form, Denomination, Title and Redenomination” below.

Consolidation

Notes of one Series may be consolidated with Notes of another Series as more fully provided in “Terms and Conditions of the Notes – Further Issues and Consolidation”.

Form of Notes

Notes may be issued in either dematerialised form (“**Dematerialised Notes**”) or in materialised form (“**Materialised Notes**”).

Dematerialised Notes which are dealt in on a regulated market may, at the option of the Issuer, be issued in bearer dematerialised form (*au porteur*) or in registered dematerialised form (*au nominatif*) and, in such latter case, at the option of the relevant Noteholder, in either *au nominatif pur* or *au nominatif administré* form. No physical documents of title will be issued in respect of Dematerialised Notes. Dematerialised Notes which are not dealt in on a regulated market will be issued in registered dematerialised form only and, at the option of the relevant Noteholder, in either *au nominatif pur* or *au nominatif administré* form. See Condition 1 “Terms and Conditions of the Notes – Form, Denomination, Title and Redenomination”.

- (i) The Issuer may (if so specified in the relevant Pricing Supplement), on any Interest Payment Date, without the consent of the holder of any Note, Receipt, Coupon or Talon, by giving at least 30 days’ notice in accordance with Condition 15 and on or after the date on which the European Member State in whose national currency the Notes are denominated has become a participating Member State in the single currency of the European Economic and Monetary Union (as provided in the Treaty establishing the European Community (the “**EC**”), as amended from time to time (the “**Treaty**”), or events have occurred which have substantially the same effects (in either case, “**EMU**”), redenominate all, but not some only, of the Notes of any Series into Euro and adjust the aggregate principal amount and the Specified Denomination(s) set out in the relevant Pricing Supplement accordingly, as described below. The date on which such redenomination becomes effective shall be referred to in these Conditions as the “**Redenomination Date**”.
 - (ii) Unless otherwise specified in the relevant Pricing Supplement, the redenomination of the Notes pursuant to Condition 1(d)(i) shall be made by converting the principal amount of each Note from the relevant national currency into Euro using the fixed relevant national currency Euro conversion rate established by the Council of the European Union pursuant to Article 123 (4) of the Treaty and rounding the resultant figure to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). If the Issuer so elects, the figure resulting from conversion of the principal amount of each Note using the fixed relevant national currency Euro conversion rate shall be rounded down to the nearest Euro. The Euro denominations of the Notes so determined shall be notified to Noteholders in

accordance with Condition 15. Any balance remaining from the redenomination with a denomination higher than Euro 0.01 shall be paid by way of cash adjustment rounded to the nearest Euro 0.01 (with Euro 0.005 being rounded upwards). Such cash adjustment will be payable in Euro on the Redenomination Date in the manner notified to Noteholders by the Issuer.

Any such changes or additions shall, in the absence of manifest error, be binding on the holders of Notes, Receipts, Coupons and Talons and shall be notified to Noteholders in accordance with Condition 15 as soon as practicable thereafter.
- (vi) Neither the Issuer nor any Paying Agent shall be liable to the holder of any Note, Receipt, Coupon or Talon or other person for any commissions, costs, losses or expenses in relation to or resulting from the credit or transfer of Euro or any currency conversion or rounding effected in connection therewith.

- (c) if paragraph (b) above applies and the Calculation Agent determines that fewer than two Reference Banks are so quoting Relevant Rates, subject as provided below, the Rate of Interest shall be the arithmetic mean of the rates per annum (expressed as a percentage) that the Calculation Agent determines to be the rates (being the nearest equivalent to the Benchmark) in respect of a Representative Amount of the Specified Currency that at least two out of five leading banks selected by the Calculation Agent in the principal financial centre of the country of the Specified Currency or, if the Specified Currency is Euro, in the Euro-zone as selected by the Calculation Agent (the “**Principal Financial Centre**”) are quoting at or about the Relevant Time on the date on which such banks would customarily quote such rates for a period commencing on the Effective Date for a period equivalent to the Specified Duration (I) to leading banks carrying on business in Europe, or (if the Calculation Agent determines that fewer than two of such banks are so quoting to leading banks in Europe) (II) to leading banks carrying on business in the Principal Financial Centre; except that, if fewer than two of such banks are so quoting to leading banks in the Principal Financial Centre, the Rate of Interest shall be the Rate of Interest determined on the previous Interest Determination Date (after readjustment for any difference between any Margin, Rate Multiplier or Maximum or Minimum Rate of Interest applicable to the preceding Interest Accrual Period and to the relevant Interest Accrual Period).

- (d) **Zero Coupon Notes**: Where a Note the Interest Basis of which is specified to be Zero Coupon and is repayable prior to the Maturity Date is not paid when due, the amount due and payable prior to the Maturity Date shall be the Early Redemption Amount of such Note. As from the Maturity Date, the Rate of Interest for any overdue principal of such a Note shall be a rate per annum (expressed as a percentage) equal to the Amortisation Yield (as described in Condition 6(e)(i)).

- (e) **Dual Currency Notes:** In the case of Dual Currency Notes, if the rate or amount of interest falls to be determined by reference to a Rate of Exchange or a method of calculating a Rate of Exchange, the rate or amount of interest payable shall be determined in the manner specified in the relevant Pricing Supplement.
- (f) **Partly Paid Notes:** In the case of Partly Paid Notes (other than Partly Paid Notes which are Zero Coupon Notes), interest will accrue as aforesaid on the paid-up nominal amount of such Notes and otherwise as specified in the relevant Pricing Supplement.
- (g) **Accrual of interest:** Interest shall cease to accrue on each Note on the due date for redemption unless (i) in the case of Dematerialised Notes, on such due date or (ii) in the case of Materialised Notes, upon due presentation, payment is improperly withheld or refused, in which event interest shall continue to accrue (as well after as before judgment) at the Rate of Interest in the manner provided in this Condition 5 to the Relevant Date (as defined in Condition 8).
- (h) **Deferral of interest:** In the case of Undated Subordinated Notes, interest shall be payable on each Compulsory Interest Payment Date (as defined below) in respect of the interest accrued in the Interest Period ending on the day immediately preceding such date. On any Optional Interest Payment Date (as defined below) there may be paid (if the Issuer so elects) the interest accrued in the Interest Period ending on the day immediately preceding such date but the Issuer shall not have any obligation to make such payment. Notice of any Optional Interest Payment Date shall (for so long as the rules of any Stock Exchange so require) be given to the Noteholders in accordance with Condition 15 and to the relevant Stock Exchange. Such notice shall be given at least seven days prior to the relevant Optional Interest Payment Date(s). Any interest not paid on an Optional Interest Payment Date shall, so long as the same remains unpaid, constitute “**Arrears of Interest**” which term shall include interest on such unpaid interest as referred to below. Arrears of Interest may, at the option of the Issuer, be paid in whole or in part at any time upon the expiration of not less than seven days’ notice to such effect given to the Noteholders in accordance with Condition 15 but all Arrears of Interest on all Undated Subordinated Notes outstanding shall become due in full on whichever is the earliest of:
 - (i) the Interest Payment Date immediately following the date upon which the General Meeting passed a resolution to pay a dividend on the ordinary share capital of the Issuer and
 - (ii) the commencement of a liquidation or dissolution of the Issuer.

If notice is given by the Issuer of its intention to pay the whole or part of Arrears of Interest, the Issuer shall be obliged to do so upon the expiration of such notice. When Arrears of Interest are paid in part, each such payment shall be applied in or towards satisfaction of the full amount of the Arrears of Interest accrued in respect of the earliest Interest Period in respect of which Arrears of Interest have accrued and have not been paid in full. Arrears of Interest shall (to the extent permitted by law) bear interest accruing (but only, in accordance with Article 1154 of the Civil Code, after such interest has accrued for a period of one year) and compounding on the basis of the exact number of days which have elapsed at the prevailing rate of interest on the Undated Subordinated Notes in respect of each relevant Interest Period. For these purposes the following expressions have the following meanings:

“**Compulsory Interest Payment Date**” means any Interest Payment Date unless at the General Meeting of the shareholders of the Issuer immediately preceding such date which was required to approve the annual accounts of the Issuer for the fiscal year ended prior to such General Meeting, no resolution was passed to pay a dividend on the ordinary share capital of the Issuer in respect of such previous fiscal year.

“**Optional Interest Payment Date**” means any Interest Payment Date, as the case may be, other than a Compulsory Interest Payment Date.

- (i) **Margin, Maximum/Minimum Rates of Interest, Instalment Amounts and Redemption Amounts, Rate Multipliers and Rounding**
 - (i) If any Margin or Rate Multiplier is specified in the relevant Pricing Supplement (either (x) generally, or (y) in relation to one or more Interest Accrual Periods), an adjustment shall be made to all Rates of Interest, in the case of (x), or the Rates of Interest for the specified Interest Accrual Periods, in the case of (y), calculated in accordance with (c) above by adding (if a positive number) or subtracting the absolute value (if a negative number) of such Margin or multiplying by such Rate Multiplier, subject always to the next paragraph

- (ii) If any Maximum or Minimum Rate of Interest, Instalment Amount or Redemption Amount is specified in the relevant Pricing Supplement, then any Rate of Interest, Instalment Amount or Redemption Amount shall be subject to such maximum or minimum, as the case may be
 - (iii) For the purposes of any calculations required pursuant to these Conditions (unless otherwise specified), (x) all percentages resulting from such calculations shall be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with halves being rounded up), (y) all figures shall be rounded to seven significant figures (with halves being rounded up) and (z) all currency amounts that fall due and payable shall be rounded to the nearest unit of such currency (with halves being rounded up), save in the case of yen, which shall be rounded down to the nearest yen. For these purposes “unit” means the lowest amount of such currency that is available as legal tender in the country(ies) of such currency.
- (j) **Calculations:** The amount of interest payable in respect of any Note for any period shall be calculated by multiplying the product of the Rate of Interest and the outstanding nominal amount of such Note by the Day Count Fraction, unless an Interest Amount (or a formula for its calculation) is specified in respect of such period, in which case the amount of interest payable in respect of such Note for such period shall equal such Interest Amount (or be calculated in accordance with such formula). Where any Interest Period comprises two or more Interest Accrual Periods, the amount of interest payable in respect of such Interest Period shall be the sum of the amounts of interest payable in respect of each of those Interest Accrual Periods.
- (k) **Determination and Publication of Rates of Interest, Interest Amounts, Final Redemption Amounts, Optional Redemption Amounts, Early Redemption Amounts and Instalment Amounts:** As soon as practicable after the relevant time on such date as the Calculation Agent may be required to calculate any rate or amount, obtain any quotation or make any determination or calculation, it shall determine such rate and calculate the Interest Amounts in respect of each Specified Denomination of the Notes for the relevant Interest Accrual Period, calculate the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or Instalment Amount, obtain such quotation or make such determination or calculation, as the case may be, and cause the Rate of Interest and the Interest Amounts for each Interest Period and the relevant Interest Payment Date and, if required to be calculated, the Final Redemption Amount, Optional Redemption Amount, Early Redemption Amount or any Instalment Amount to be notified to the Fiscal Agent, the Issuer, each of the Paying Agents, the Noteholders, any other Calculation Agent appointed in respect of the Notes that is to make a further calculation upon receipt of such information and, if the Notes are listed on a stock exchange and the rules of such exchange so require, such exchange as soon as possible after their determination but in no event later than (i) the commencement of the relevant Interest Period, if determined prior to such time, in the case of notification to such exchange of a Rate of Interest and Interest Amount, or (ii) in all other cases, the fourth Business Day after such determination. Where any Interest Payment Date or Interest Period Date is subject to adjustment pursuant to Condition 5(c)(ii), the Interest Amounts and the Interest Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period. The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent(s) shall (in the absence of manifest error) be final and binding upon all parties.
- (l) **Calculation Agent and Reference Banks:** The Issuer shall use its best efforts to procure that there shall at all times be four Reference Banks (or such other number as may be required by the Conditions) with offices in the Relevant Financial Centre and one or more Calculation Agents if provision is made for them in the relevant Pricing Supplement and for so long as any Note is outstanding (as defined in the Agency Agreement). If any Reference Bank (acting through its relevant office) is unable or unwilling to continue to act as a Reference Bank, then the Issuer shall appoint another Reference Bank with an office in the Relevant Financial Centre to act as such in its place. Where more than one Calculation Agent is appointed in respect of the Notes, references in these Conditions to the Calculation Agent shall be construed as each Calculation Agent performing its respective duties under the Conditions. If the Calculation Agent is unable or unwilling to act as such or if the Calculation Agent fails duly to establish the Rate of Interest

for an Interest Period or Interest Accrual Period or to calculate any Interest Amount, Instalment Amount, Final Redemption Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, or to comply with any other requirement, the Issuer shall appoint a leading bank or investment banking firm engaged in the interbank market (or, if appropriate, money, swap or over-the-counter index options market) that is most closely connected with the calculation or determination to be made by the Calculation Agent (acting through its principal Paris or Luxembourg, as appropriate office or any other office actively involved in such market) to act as such in its place. The Calculation Agent may not resign its duties without a successor having been appointed as aforesaid. So long as the Notes are listed on any stock exchange and the rules of that stock exchange so require, notice of any change of Calculation Agent shall be given in accordance with Condition 15.

6 Redemption, Purchase and Options

- (a) **Final Redemption:** Unless previously redeemed, purchased and cancelled as provided below or its maturity is extended pursuant to any option provided by the relevant Pricing Supplement including any Issuer's option in accordance with Condition 6(c) or any Noteholders' option in accordance with Condition 6(d), each Note shall be finally redeemed on the Maturity Date specified in the relevant Pricing Supplement at its Final Redemption Amount (which, unless otherwise provided, is its nominal amount) or, in the case of a Note falling within Condition 6(b) below, its final Instalment Amount.
- (b) **Redemption by Instalments and Final Redemption:** Unless previously redeemed, purchased and cancelled as provided in this Condition 6 or the relevant Instalment Date (being one of the dates so specified in the relevant Pricing Supplement) is extended pursuant to any Issuer's or Noteholder's option in accordance with Condition 6(c) or (6)(d), each Note that provides for Instalment Dates and Instalment Amounts shall be partially redeemed on each Instalment Date at the related Instalment Amount specified in the relevant Pricing Supplement. The outstanding nominal amount of each such Note shall be reduced by the Instalment Amount (or, if such Instalment Amount is calculated by reference to a proportion of the nominal amount of such Note, such proportion) for all purposes with effect from the related Instalment Date, unless payment of the Instalment Amount is improperly withheld or refused (i) in the case of Dematerialised Notes, on the due date for such payment or (ii) in the case of Materialised Notes, on presentation of the related Receipt, in which case, such amount shall remain outstanding until the Relevant Date relating to such Instalment Amount.
- (c) **Redemption at the Option of the Issuer, Exercise of Issuer's Options and Partial Redemption:** If a Call Option is specified in the relevant Pricing Supplement, the Issuer may, subject to compliance by the Issuer with all relevant laws, regulations and directives and on giving not less than 15 nor more than 30 days' irrevocable notice in accordance with Condition 15 to the Noteholders (or such other notice period as may be specified in the relevant Pricing Supplement), redeem or exercise any Issuer's option (as may be described) in relation to all, or, if so provided, some, of the Notes on any Optional Redemption Date or Option Exercise Date, as the case may be. Any such redemption of Notes shall be at their Optional Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest), if any. Any such redemption or exercise must relate to Notes of a nominal amount at least equal to the minimum nominal amount to be redeemed specified in the relevant Pricing Supplement and no greater than the maximum nominal amount to be redeemed specified in the relevant Pricing Supplement.

All Notes in respect of which any such notice is given shall be redeemed, or the Issuer's option shall be exercised, on the date specified in such notice in accordance with this Condition.

In the case of a partial redemption or a partial exercise of an Issuer's option in respect of Materialised Notes, the notice to holders of such Materialised Notes shall also contain the number of the Definitive Materialised Bearer Notes to be redeemed or in respect of which such option has been exercised, which shall have been drawn in such place and in such manner as may be fair and reasonable in the circumstances, taking account of prevailing market practices, subject to compliance with any applicable laws and stock exchange requirements.

In the case of a partial redemption of or a partial exercise of an Issuer's option in respect of Dematerialised Notes, the redemption may be effected, at the option of the Issuer, either (i) by reducing the nominal amount of all such Dematerialised Notes in a Series in proportion to the aggregate nominal amount redeemed or (ii) by redeeming in full some only of such

Dematerialised Notes and, in such latter case, the choice between those Dematerialised Notes that will be fully redeemed and those Dematerialised Notes of any Series that will not be redeemed shall be made in accordance with Article 9 of Decree no. 83-359 of 2 May 1983 and the provisions of the relevant Pricing Supplement, subject to compliance with any other applicable laws and stock exchange requirements.

So long as the Notes are listed on the Luxembourg Stock Exchange and the rules of that Stock Exchange so require, the Issuer shall, once in each year in which there has been a partial redemption of the Notes, cause to be published in a leading newspaper of general circulation in Luxembourg a notice specifying the aggregate nominal amount of Notes outstanding and, in the case of Materialised Notes a list of any Definitive Materialised Bearer Notes drawn for redemption but not surrendered.

- (d) **Redemption at the Option of Noteholders and Exercise of Noteholders' Options:** If a Put Option is specified in the relevant Pricing Supplement the Issuer shall, at the option of the Noteholder, upon the Noteholder giving not less than 15 nor more than 30 days' notice to the Issuer (or such other notice period as may be specified in the relevant Pricing Supplement) redeem such Note on the Optional Redemption Date(s) at its Optional Redemption Amount together with interest accrued to the date fixed for redemption including, where applicable, any Arrears of Interest.

To exercise such option or any other Noteholders' option that may be set out in the relevant Pricing Supplement (which must be exercised on an Option Exercise Date) the Noteholder must deposit with any Paying Agent at its specified office during usual business hours a duly completed option exercise notice (the "**Exercise Notice**") in the form obtained during usual business hours from any Paying Agent or the Registration Agent, as the case may be, within the notice period. Such notice shall, in the case of Materialised Bearer Notes, have attached to it such Note (together with all unmatured Receipts and Coupons and unexchanged Talons). In the case of Dematerialised Notes, the Noteholder shall transfer, or cause to be transferred, the Dematerialised Notes to be redeemed to the account of the Paris Paying Agent specified in the Exercise Notice. No option so exercised and, where applicable, no Note so deposited or transferred may be withdrawn without the prior consent of the Issuer.

(e) **Early Redemption:**

(i) Zero Coupon Notes:

- (A) The Early Redemption Amount payable in respect of any Zero Coupon Note, the Early Redemption Amount of which is not linked to an index and/or a formula, upon redemption of such Note pursuant to Condition 6(f) or Condition 6(g) or upon it becoming due and payable as provided in Condition 9 shall be the Amortised Nominal Amount (calculated as provided below) of such Note unless otherwise specified in the relevant Pricing Supplement.
- (B) Subject to the provisions of sub-paragraph (C) below, the Amortised Nominal Amount of any such Note shall be the scheduled Final Redemption Amount of such Note on the Maturity Date discounted at a rate per annum (expressed as a percentage) equal to the Amortisation Yield (which, if none is shown in the relevant Pricing Supplement, shall be such rate as would produce an Amortised Nominal Amount equal to the issue price of the Notes if they were discounted back to their issue price on the Issue Date) compounded annually.
- (C) If the Early Redemption Amount payable in respect of any such Note upon its redemption pursuant to Condition 6(f) or Condition 6(g) or upon it becoming due and payable as provided in Condition 9 is not paid when due, the Early Redemption Amount due and payable in respect of such Note shall be the Amortised Nominal Amount of such Note as defined in sub-paragraph (B) above, except that such sub-paragraph shall have effect as though the date on which the Amortised Nominal Amount becomes due and payable were the Relevant Date. The calculation of the Amortised Nominal Amount in accordance with this sub-paragraph shall continue to be made (as well after as before judgment) until the Relevant Date, unless the Relevant Date falls on or after the Maturity Date, in which case the amount due and payable shall be the scheduled Final Redemption Amount of such Note on the Maturity Date together with any interest that may accrue in accordance with Condition 5(d).

Where such calculation is to be made for a period of less than one year, it shall be made on the basis of the Day Count Fraction shown in the relevant Pricing Supplement.

(ii) **Other Notes:**

The Early Redemption Amount payable in respect of any Note (other than Notes described in (i) above), upon redemption of such Note pursuant to Condition 6(f) or Condition 6(g), or upon it becoming due and payable as provided in Condition 9 shall be the Final Redemption Amount together with interest accrued to the date fixed for redemption (including, where applicable, any Arrears of Interest) unless otherwise specified in the relevant Pricing Supplement.

(f) **Redemption for Taxation Reasons:**

(i) If, by reason of any change in French law, or any change in the official application or interpretation of such law, becoming effective after the Issue Date, the Issuer would on the occasion of the next payment of principal or interest due in respect of the Notes, not be able to make such payment without having to pay additional amounts as specified under Conditions 8(a) and 8(b) below, the Issuer may, at its option, on any Interest Payment Date or, if so specified in the relevant Pricing Supplement, at any time, subject to having given not more than 60 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with, unless otherwise specified in the relevant Pricing Supplement, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) provided that the due date for redemption of which notice hereunder may be given shall be no earlier than the latest practicable date on which the Issuer could make payment of principal and interest without withholding for French taxes.

(ii) If the Issuer would on the next payment of principal or interest in respect of the Notes be prevented by French law from making payment to the Noteholders or, if applicable, Couponholders of the full amounts then due and payable, notwithstanding the undertaking to pay additional amounts contained in Conditions 8(a) and 8(b) below, then the Issuer shall forthwith give notice of such fact to the Fiscal Agent and the Issuer shall upon giving not less than seven days' prior notice to the Noteholders in accordance with Condition 15, redeem all, but not some only, of the Notes then outstanding at their Redemption Amount together with, unless otherwise specified in the relevant Pricing Supplement, any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest) on (A) the latest practicable Interest Payment Date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes, provided that if such notice would expire after such Interest Payment Date the date for redemption pursuant to such notice of Noteholders shall be the later of (i) the latest practicable date on which the Issuer could make payment of the full amount then due and payable in respect of the Notes and (ii) 14 days after giving notice to the Fiscal Agent as aforesaid or (B) if so specified in the relevant Pricing Supplement, at any time, provided that the due date for redemption of which notice hereunder shall be given shall be the latest practicable date at which the Issuer could make payment of the full amount payable in respect of the Notes, or, if applicable, Receipts or Coupons or, if that date is passed, as soon as practicable thereafter.

(g) **Partly Paid Notes:** Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise, in accordance with the provisions of this Condition and the provisions specified in the relevant Pricing Supplement.

(h) **Purchases:** The Issuer shall have the right at all times to purchase Notes (provided that, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons relating thereto are attached thereto or surrendered therewith) in the open market or otherwise at any price.

(i) **Cancellation:** All Notes purchased by or on behalf of the Issuer must be cancelled, in the case of Dematerialised Notes, by transfer to an account in accordance with the rules and procedures of Euroclear France and, in the case of Materialised Bearer Notes, by surrendering the Temporary Global Certificate and the Definitive Materialised Bearer Notes in question together with all unmatured Receipts and Coupons and all unexchanged Talons to the Fiscal Agent and, in each case, if so transferred or surrendered, shall, together with all Notes redeemed by the Issuer, be

cancelled forthwith (together with, in the case of Dematerialised Notes, all rights relating to payment of interest and other amounts relating to such Dematerialised Notes and, in the case of Materialised Notes, all unmatured Receipts and Coupons and unexchanged Talons attached thereto or surrendered therewith). Any Notes so cancelled or, where applicable, transferred or surrendered for cancellation may not be re-issued or resold and the obligations of the Issuer in respect of any such Notes shall be discharged.

- (j) **Illegality:** If, by reason of any change in French law, or any change in the official application of such law, becoming effective after the Issue Date, it will become unlawful for the Issuer to perform or comply with one or more of its obligations under the Notes, the Issuer will, subject to having given not more than 45 nor less than 30 days' notice to the Noteholders (which notice shall be irrevocable), in accordance with Condition 15, redeem all, but not some only, of the Notes at their Early Redemption Amount together with any interest accrued to the date set for redemption (including, where applicable, any Arrears of Interest).

7 Payments and Talons

- (a) **Dematerialised Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Dematerialised Notes shall (in the case of Dematerialised Notes in bearer dematerialised form or administered registered form) be made by transfer to the account denominated in the relevant currency of the relevant Account Holders for the benefit of the Noteholders and, (in the case of Dematerialised Notes in fully registered form), to an account denominated in the relevant currency with a Bank (as defined below) designated by the Noteholders. All payments validly made to such Account Holders will be an effective discharge of the Issuer in respect of such payments.
- (b) **Materialised Bearer Notes:** Payments of principal and interest (including, for the avoidance of doubt, any Arrears of Interest, where applicable) in respect of Materialised Bearer Notes shall, subject as mentioned below, be made against presentation and surrender during usual business hours of the relevant Receipts (in the case of payments of Instalment Amounts other than on the due date for redemption and provided that the Receipt is presented for payment together with its relative Note), Materialised Bearer Notes (in the case of all other payments of principal and, in the case of interest, as specified in Condition 7(f)(vi)) or Coupons (in the case of interest, save as specified in Condition 7(f)(vi)), as the case may be, at the specified office of any Paying Agent outside the United States by a cheque payable in the relevant currency drawn on, or, at the option of the Noteholder, by transfer to an account denominated in such currency with, a Bank.
- “**Bank**” means a bank in the principal financial centre for such currency or, in the case of Euro, in a city in which banks have access to the TARGET System.
- (c) **Payments in the United States:** Notwithstanding the foregoing, if any Materialised Bearer Notes are denominated in U.S. Dollars, payments in respect thereof may be made at the specified office of any Paying Agent in New York City in the same manner as aforesaid if (i) the Issuer shall have appointed Paying Agents with specified offices outside the United States with the reasonable expectation that such Paying Agents would be able to make payment of the amounts on the Notes in the manner provided above when due, (ii) payment in full of such amounts at all such offices is illegal or effectively precluded by exchange controls or other similar restrictions on payment or receipt of such amounts and (iii) such payment is then permitted by United States law, without involving, in the opinion of the Issuer, any adverse tax consequence to the Issuer.
- (d) **Payments Subject to Fiscal Laws:** All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives in the place of payment but without prejudice to the provisions of Condition 8. No commission or expenses shall be charged to the Noteholders or Couponholders in respect of such payments.
- (e) **Appointment of Agents:** The Fiscal Agent, the Paying Agents, the Calculation Agent, the Redenomination Agent and the Consolidation Agent initially appointed by the Issuer and their respective specified offices are listed below. The Fiscal Agent, the Paying Agents, the Redenomination Agent, the Consolidation Agent and the Registration Agent act solely as agents of the Issuer and the Calculation Agent(s) act(s) as independent experts(s) and, in each case such, do not assume any obligation or relationship of agency for any Noteholder or Couponholder. The Issuer reserves the right at any time to vary or terminate the appointment of

the Fiscal Agent, any other Paying Agent, the Redenomination Agent, the Consolidation Agent and the Registration Agent or the Calculation Agent(s) and to appoint additional or other Paying Agents, provided that the Issuer shall at all times maintain (i) a Fiscal Agent, (ii) one or more Calculation Agent(s) where the Conditions so require, (iii) a Redenomination Agent and a Consolidation Agent where the Conditions so require, (iv) Paying Agents having specified offices in at least two major European cities (including Paris so long as the Notes are listed on Euronext Paris and/or Luxembourg so long as the Notes are listed on the Luxembourg Stock Exchange and, in either case, so long as the rules of the relevant Stock Exchange so require) (v) in the case of Materialised Notes, a Paying Agent with a specified office in a European Union Member State (which may be any of the Paying Agents referred to in (iv) above) that will not be obliged to withhold or deduct tax pursuant to any Directive on the taxation of savings implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such Directive, (vi) in the case of Dematerialised Notes, in fully registered form, a Registration Agent and (vii) such other agents as may be required by any other stock exchange on which the Notes may be listed.

In addition, the Issuer shall forthwith appoint a Paying Agent in New York City in respect of any Materialised Bearer Notes denominated in U.S. Dollars in the circumstances described in paragraph (c) above.

On a redenomination of the Notes of any Series pursuant to Condition 1(d) with a view to consolidating such Notes with one or more other Series of Notes, in accordance with Condition 14, the Issuer shall ensure that the same entity shall be appointed as both Redenomination Agent and Consolidation Agent in respect of both such Notes and such other Series of Notes to be so consolidated with such Notes.

Notice of any such change or any change of any specified office shall promptly be given to the Noteholders in accordance with Condition 15.

(f) Unmatured Coupons and Receipts and unexchanged Talons:

- (i) Unless Materialised Bearer Notes provide that the relative Coupons are to become void upon the due date for redemption of those Notes, Materialised Bearer Notes should be surrendered for payment together with all unmaturing Coupons (if any) relating thereto, failing which an amount equal to the face value of each missing unmaturing Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) (or, in the case of payment not being made in full, that proportion of the amount of such missing unmaturing Coupon (together, where applicable, with the amount of any Arrears of Interest corresponding to such Coupon) that the sum of principal so paid bears to the total principal due) shall be deducted from the Final Redemption Amount, Amortised Nominal Amount, Early Redemption Amount or Optional Redemption Amount, as the case may be, due for payment. Any amount so deducted shall be paid in the manner mentioned above against surrender of such missing Coupon within a period of 10 years from the Relevant Date for the payment of such principal (whether or not such Coupon has become void pursuant to Condition 10).
- (ii) If Materialised Bearer Notes so provide, upon the due date for redemption of any such Materialised Bearer Note, unmaturing Coupons relating to such Note (whether or not attached) shall become void and no payment shall be made in respect of them.
- (iii) Upon the due date for redemption of any Materialised Bearer Note, any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.
- (iv) Upon the due date for redemption of any Materialised Bearer Note that is redeemable in instalments, all Receipts relating to such Materialised Bearer Note having an Instalment Date falling on or after such due date (whether or not attached) shall become void and no payment shall be made in respect of them.
- (v) Where any Materialised Bearer Note that provides that the relative unmaturing Coupons are to become void upon the due date for redemption of those Notes is presented for redemption without all unmaturing Coupons, and where any Bearer Note is presented for redemption without any unexchanged Talon relating to it, redemption shall be made only against the provision of such indemnity as the Issuer may require.

- (vi) If the due date for redemption of any Materialised Bearer Note is not a due date for payment of interest, interest accrued from the preceding due date for payment of interest or the Interest Commencement Date, as the case may be, (including, for the avoidance of doubt, any Arrears of Interest if applicable) shall only be payable against presentation (and surrender if appropriate) of the relevant Definitive Materialised Bearer Note. Interest accrued on a Materialised Bearer Note that only bears interest after its Maturity Date shall be payable on redemption of such Note against presentation of the relevant Materialised Bearer Notes.
- (g) **Talons:** On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Materialised Bearer Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Fiscal Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet) (but excluding any Coupons that may have become void pursuant to Condition 10).
- (h) **Non-Business Days:** If any date for payment in respect of any Note, Receipt or Coupon is not a business day, the Noteholder shall not be entitled to payment until the next following business day nor to any interest or other sum in respect of such postponed payment. In this paragraph, “**business day**” means a day (other than a Saturday or a Sunday) (A) (i) in the case of Dematerialised Notes, on which Euroclear France is open for business or (ii) in the case of Materialised Notes, on which banks and foreign exchange markets are open for business in the relevant place of presentation, in such jurisdictions as shall be specified as “**Additional Financial Centres**” in the relevant Pricing Supplement and (B) (i) (in the case of a payment in a currency other than Euro), where payment is to be made by transfer to an account maintained with a bank in the relevant currency, on which foreign exchange transactions may be carried on in the relevant currency in the principal financial centre of the country of such currency or (ii) (in the case of a payment in Euro), which is a TARGET Business Day.

8 Taxation

- (a) **Tax exemption for Notes issued or deemed to be issued outside France:** Interest and other revenues with respect to Notes which constitute *obligations* and which, as may be specified in the relevant Pricing Supplement, are being issued or deemed to be issued outside the Republic of France benefit from the exemption provided for in Article 131 *quater* of the French General Tax Code from deduction of tax at source. Accordingly such payments do not give the right to any tax credit from any French source. The tax regime applicable to Notes which do not constitute *obligations* will be set out in the relevant Pricing Supplement.

As to the meaning of the expression “issued or deemed to be issued outside the Republic of France” see “Summary of the Programme – Taxation” above.

- (b) **Additional Amounts:** If French law should require that payments of principal or interest in respect of any Note, Receipt or Coupon be subject to deduction or withholding in respect of any present or future taxes or duties whatsoever, the Issuer will, to the fullest extent then permitted by law, pay such additional amounts as shall result in receipt by the Noteholders or, if applicable, the Receiptholders and the Couponholders, as the case may be, of such amounts as would have been received by them had no such withholding or deduction been required, except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon, as the case may be:
 - (i) **Other connection:** to, or to a third party on behalf of, a Noteholder who is liable to such taxes, duties, assessments or governmental charges in respect of such Note, Receipt or Coupon by reason of his having some connection with the Republic of France other than the mere holding of the Note, Receipt or Coupon; or
 - (ii) **Presentation more than 30 days after the Relevant Date in the case of Materialised Notes:** more than 30 days after the Relevant Date except to the extent that the Noteholder would have been entitled to such additional amounts on presenting it for payment on the thirtieth such day.
 - (iii) **Payment to individual:** where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to any EU Directive on the taxation of savings implementing the conclusions of the ECOFIN Council Meeting of 26-27 November 2000, or any law implementing or complying with, or introduced in order to conform to, such Directive; or

- (iv) **Payment by another paying agent in the case of Materialised Notes:** presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another paying agent in a Member State of the EU.

As used in these Conditions, “**Relevant Date**” in respect of any Note, Receipt or Coupon means the date on which payment in respect of it first becomes due (and, for the avoidance of doubt, in the case of Arrears of Interest, references to “becomes due” shall be interpreted in accordance with the provisions of Condition 5(h)) or (if any amount of the money payable is improperly withheld or refused) the date on which payment in full of the amount outstanding is made or, in the case of Materialised Notes (if earlier) the date seven days after that on which notice is duly given to the Noteholders that, upon further presentation of the Note, Receipt or Coupon being made in accordance with the Conditions, such payment will be made, provided that payment is in fact made upon such presentation. References in these Conditions to (i) “**principal**” shall be deemed to include any premium payable in respect of the Notes, all Instalment Amounts, Final Redemption Amounts, Early Redemption Amounts, Optional Redemption Amounts, Amortised Nominal Amounts and all other amounts in the nature of principal payable pursuant to Condition 6 or any amendment or supplement to it, (ii) “**interest**” shall be deemed to include all Interest Amounts and all other amounts (including, for the avoidance of doubt, all Arrears of Interest) payable pursuant to Condition 5 or any amendment or supplement to it and (iii) “**principal**” and/or “**interest**” shall be deemed to include any additional amounts that may be payable under this Condition.

- (c) **Tax exemption for Notes not issued or deemed to be issued outside France:** Interest and other revenues with respect to Notes which, if so specified in the relevant Pricing Supplement, are not being issued or deemed to be issued outside the Republic of France only benefit from the exemption from deduction of tax at source provided by, and subject to the provisions of, Article 125 A III of the French General Tax Code, which requires *inter alia*, certification of non-French residency.
- (d) **Certification of Non-Residency in France:** Each Noteholder shall be responsible for supplying certification of non-residency (a form of which shall be available at the specified offices of any of the Paying Agents or in such other form as may be required by the French tax authorities from time to time) in accordance with the provisions of Article 125 A III of the French General Tax Code and the Issuer shall not be responsible for any deduction or withholding in respect of any payment made under any Note, Receipt or Coupon resulting from the failure of such Noteholder to submit such certification.

9 Events of Default

The Representative (as defined in Condition 11), upon request of any Noteholder, may, upon written notice to the Fiscal Agent given before all defaults shall have been cured, cause all the Notes (but not some only) held by such Noteholder to become immediately due and payable at their principal amount, together with any accrued interest thereon, as of the date on which such notice for payment is received by the Fiscal Agent without further formality, if any of the following events (each an “**Event of Default**”) shall occur:

- (a) **Unsubordinated Notes:** In the case of Unsubordinated Notes:
- (i) the Issuer defaults in making the payment of any principal or interest (including the payment of any additional amounts in accordance with Condition 8) due in respect of the Notes or any of them and such default continues for a period of seven (7) days in the case of principal and fourteen (14) days in the case of interest; or
 - (ii) the Issuer fails to perform or observe any of its other obligations under these Terms and Conditions and (except where such failure is incapable of remedy when no such notice or continuation as is hereinafter mentioned will be required) such failure continues for the period of 30 days next following the service by the Representative on the Issuer of notice requiring the same to be remedied at the request of any Noteholder; or
 - (iii) any Relevant Indebtedness (as defined below) of the Issuer becomes due and repayable prematurely by reason of an event of default (however described) or the Issuer fails to make any payment in respect thereof on the due date for such payment as extended by any applicable grace period as originally provided or the security for any such Relevant

Indebtedness becomes enforceable unless, in each case, the Issuer is contesting in good faith in a court of competent jurisdiction that such Relevant Indebtedness is due or that such security is enforceable.

“**Relevant Indebtedness**” means Indebtedness (as defined in Condition 4) which (either alone or when aggregated with the principal amounts of any other such Indebtedness in respect of which any of the events described above have occurred) amounts to €50,000,000 in aggregate principal amount; or

- (iv) the Issuer shall cease or threaten to cease to carry on the whole or the major part of its business either through the Issuer or any of its consolidated subsidiaries, or the Issuer shall cease generally to pay, or shall be unable to, or shall admit inability to, service its debt as it falls due, or shall be adjudicated or found bankrupt or insolvent; or
 - (v) if the Issuer applies for the appointment of a conciliator (*conciliateur*), or ceases to pay its debts generally as and when they fall due or enter into an amiable settlement (*accord amiable*) with its creditors or a judgment is issued for the judicial liquidation (*liquidation judiciaire*) of the Issuer or for a transfer of the whole of its business (*cession totale de l'entreprise*), or in the absence of legal proceedings, if the Issuer makes a conveyance, assignment or other arrangement for the benefit of its creditors or enters into a composition with its creditors, or a resolution is passed for its winding-up or dissolution except in connection with a merger or other reorganisation, consolidation or amalgamation pursuant to which the surviving entity assumes all of the obligations of the Issuer with respect to the Notes.
- (b) **Subordinated Notes:** In the case of Subordinated Notes and in accordance with Condition 3(b), if any judgment shall be issued for the transfer of the whole of its business (*cession totale de l'entreprise*) or the judicial liquidation (*liquidation judiciaire*) of the Issuer or if the Issuer is liquidated for any other reason then the Subordinated Notes shall become immediately due and payable, in accordance with Condition 3(b), at their principal amount together with any accrued interest to the date of payment and where applicable, any Arrears of Interest, without further formality.

10 Prescription

Claims against the Issuer for payment in respect of the Notes, Receipts and Coupons (which for this purpose shall not include Talons) shall be prescribed and become void unless made within 10 years (in the case of principal) or five years (in the case of interest) from the appropriate Relevant Date in respect of them.

11 Representation of Noteholders

Except as otherwise provided by the relevant Pricing Supplement, Noteholders will, in respect of all Tranches in any Series, be grouped automatically for the defence of their common interests in a *masse* (in each case, the “**Masse**”).

The Masse will be governed by the provisions of the French Code of Commerce with the exception of Articles L.228-48 and L.228-59 and by the decree no. 67-236 of 23 March 1967, with the exception of Articles 218, 222 and 224 subject to the following provisions:

(a) Legal Personality

The Masse will be a separate legal entity and will act in part through a representative (the “**Representative**”) and in part through a general meeting of the Noteholders (the “**General Meeting**”).

The Masse alone, to the exclusion of all individual Noteholders, shall exercise the common rights, actions and benefits which now or in the future may accrue respectively with respect to the Notes.

(b) Representative

The office of Representative may be conferred on a person of any nationality who agrees to perform such function. However, the following persons may not be chosen as Representatives:

- (i) the Issuer, the members of its Board of Directors (*Conseil d'administration*), its Supervisory Board (*Conseil de surveillance*), its general managers (*directeurs généraux*),

its statutory auditors, or its employees as well as their ascendants, descendants and spouse;
or

- (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors, Executive Board (*Directoire*), or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouse;
or
- (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The names and addresses of the initial Representative of the Masse and its alternate will be set out in the relevant Pricing Supplement. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all Tranches in such Series.

The Representative will be entitled to such remuneration in connection with its functions or duties as set out in the relevant Pricing Supplement.

In the event of death, retirement or revocation of appointment of the Representative, such Representative will be replaced by another Representative. In the event of the death, retirement or revocation of appointment of the alternate Representative, an alternate will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the names and addresses of the initial Representative and the alternate Representative at the head office of the Issuer and the specified offices of any of the Paying Agents.

(c) **Powers of Representative**

The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Noteholders.

All legal proceedings against the Noteholders or initiated by them, must be brought by or against the Representative.

The Representative may not be involved in the management of the affairs of the Issuer.

(d) **General Meeting**

A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Noteholders, holding together at least one-thirtieth of the principal amount of the Notes outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting. If such General Meeting has not been convened within two months after such demand, the Noteholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, time, place and agenda of any General Meeting will be published as provided under Condition 15.

Each Noteholder has the right to participate in a General Meeting in person or by proxy. Each Note carries the right to one vote or, in the case of Notes issued with more than one Specified Denomination, one vote in respect of each multiple of the lowest Specified Denomination comprised in the principal amount of the Specified Denomination of such Note.

(e) **Powers of the General Meetings**

The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits which now or in the future may accrue with respect to the Notes, including authorising the Representative to act at law as plaintiff or defendant.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the

General Meeting may not increase amounts payable by Noteholders, nor establish any unequal treatment between the Noteholders, nor decide to convert Notes into shares.

General Meetings may deliberate validly on first convocation only if Noteholders present or represented hold at least a quarter of the principal amount of the Notes then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a simple majority of votes cast by Noteholders attending such General Meetings or represented thereat.

Decisions of General Meetings must be published in accordance with the provisions set forth in Condition 15.

(f) Information to Noteholders

Each noteholder or Representative thereof will have the right, during the 15-day period preceding the holding of each General Meeting, to consult or make a copy of the text of the resolutions which will be proposed and of the reports which will be presented at the General Meeting, all of which will be available for inspection by the relevant Noteholders at the registered office of the Issuer, at the specified offices of any of the Paying Agents during usual business hours and at any other place specified in the notice of the General Meeting.

(g) Expenses

The Issuer will pay all expenses relating to the operation of the Masse, including expenses relating to the calling and holding of General Meetings and, more generally, all administrative expenses resolved upon by the General Meeting, it being expressly stipulated that no expenses may be imputed against interest payable under the Notes.

(h) Single Masse

The holders of Notes of the same Series, and the holders of Notes of any other Series which have been assimilated with the Notes of such first mentioned Series in accordance with Condition 14, shall, for the defence of their respective common interests, be grouped in a single Masse. The Representative appointed in respect of the first Tranche of any Series of Notes will be the Representative of the single Masse of all such Series.

12 Modifications

These Conditions may be amended, modified or varied in relation to any Series of Notes by the terms of the relevant Pricing Supplement in relation to such Series.

13 Replacement of definitive Notes, Receipts, Coupons and Talons

Mutilated or defaced Materialised Bearer Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued.

14 Further Issues and Consolidation

(a) Further Issues: Unless otherwise specified in the relevant Pricing Supplement, the Issuer may from time to time without the consent of the Noteholders, Receiptholders or Couponholders create and issue further notes to be assimilated (*assimilées*) and form a single series with the Notes provided such Notes and the further notes carry rights identical in all respects (or in all respects save for the principal amount thereof and the first payment of interest in the relevant Pricing Supplement) and that the terms of such further notes provide for such assimilation and references in these Conditions to “Notes” shall be construed accordingly.

- (b) **Consolidation:** The Issuer may, with the prior approval (which shall not be unreasonably withheld) of the Redenomination and Consolidation Agent, from time to time on any Interest Payment Date occurring on or after the Redenomination Date on giving not less than 30 days' prior notice to the Noteholders in accordance with Condition 15, without the consent of the Noteholders, Receiptholders or Couponholders, consolidate the Notes of one Series with the Notes of one or more other Series issued by it, whether or not originally issued in one of the European national currencies or in Euro, provided such other Notes have been redenominated in Euro (if not originally denominated in Euro) and which otherwise have, in respect of all periods subsequent to such consolidation, the same terms and conditions as the Notes.

15 Notices

Background

Société Renault Frères was formed in 1898 to manufacture motor vehicles, taking advantage of patents such as the first direct-drive transmission. Based in the Paris suburb of Billancourt, the company achieved international renown through its success in motor sports, and initially specialized in the construction of passenger cars and taxis. During the First World War, it produced substantial volumes of trucks, light tanks and aircraft engines.

In 1922, having expanded strongly in the passenger car and commercial vehicle markets, Renault became a limited company. Establishing numerous production centers in France and abroad, Renault gradually emerged as the French market leader.

In January 1945, the company was nationalized and renamed "Régie Nationale des Usines Renault", and concentrated on producing the 4 CV.

Through to the mid-1980s, Renault followed a strategy of diversification in the industrial, financial and service sectors, while at the same time growing its industrial and commercial activities internationally. The Renault 5, which remains one of the Group's best-selling models ever, was launched in 1972. But in 1984, the company ran into financial difficulties. As a result, it concentrated on restructuring and refocusing on core activities, and returned to profit in 1987.

In 1990, Renault became a limited company once again. In the same year, it signed an agreement for close cooperation with the Volvo group. And in 1991 the two groups linked their car and truck businesses via cross-shareholdings. This arrangement was unwound after plans to merge the two groups were shelved in late 1993.

One year later, the French government opened Renault to outside capital, a first step towards privatization, which took place in July 1996.

From the Type A Voiturette, created by Louis Renault in 1898, to the latest arrival, Mégane II, Renault has been the source of many ground-breaking concepts in automotive history: the 4 CV in 1946; the Renault 4 in 1961; the Renault 16, with its rear hatch and modular interior, in 1965; the Renault 5 with its polyester bumpers in 1972; turbo-powered vehicles starting in 1980; Espace in 1984; Twingo in 1993; and Mégane Scenic in 1996 are just some of the models that have contributed to the company's tradition of innovation.

1999 marked the start of a new era in Renault's history with the signing of an Alliance with Nissan, on March 27 in Tokyo. In the same year, Renault acquired a new brand by taking a 51% stake in Romanian carmaker Dacia.

In 2000, this expansion continued, with Renault raising its stake in Dacia to 80.1% (increased to 92.7% in 2001 and to 97.93 in 2003 as further explained in chapter "Recent Developments") and acquiring a new brand – Samsung Motors in South Korea.

In 2001, Renault and Volvo joined forces to form the world's second-biggest truck manufacturer; Renault became the main shareholder in the Volvo Group, with a 20% stake.

In 2002, Renault and Nissan implemented the second stage of their Alliance, aimed at strengthening their equity ties and creating a joint strategic command structure. The plan was endorsed by an Extraordinary General Meeting of Renault Shareholders on 28 March 2002. Renault raised its stake in Nissan from 36.8%

to 44.4%. Furtherly Nissan took a 15% ownership interest in Renault through Nissan Finance Co., Ltd. To underpin the move to strengthen the Alliance, the French government reduced its holding in Renault to 25.9%.

Renault also sold its holding in Irisbus to Iveco. Irisbus will keep the right to use the Renault brand name for its vehicles until June 2005. In terms of new products, 2002 saw the launch of Mégane II (Hatch and Sport Hatch versions), Vel Satis and Espace IV.

Structure of the Renault Group with its Strategic Shareholdings

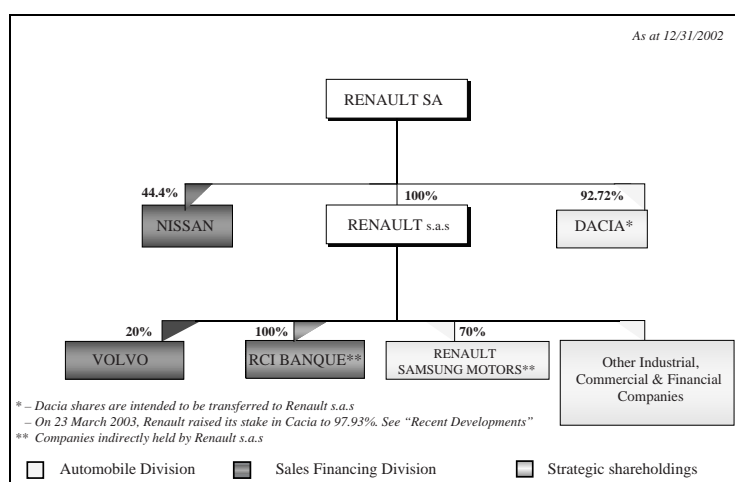

The strengthening of the Alliance between Renault and Nissan in 2002 made it necessary to reorganize Renault and create a *société par actions simplifiée* (simplified joint-stock company – s.a.s.). The new entity, Renault s.a.s., is wholly owned by Renault and encompasses its principal operating assets. Since the final agreement, signed with Volvo on 2 January 2001, the Group's activities have been divided into two main divisions:

- 1 Automobile Division
- 2 Sales Financing Division

In addition to these two divisions, Renault has two strategic shareholdings:

- 3 in AB Volvo
- 4 in Nissan

These holdings are accounted for by the equity method in the Group's financial statements.

The Renault-Nissan Alliance

On 27 March 1999 Renault and Nissan signed a partnership agreement forming a bi-national automobile group of global scale. The Renault-Nissan Alliance has annual output of close to 5 million units and offers a full range of vehicles marketed under five brands: Nissan and Infiniti under the Nissan badge and Renault, Dacia and Samsung within the Renault Group. The Alliance's commercial and industrial presence extends to most of the world's markets, with strong positions in Japan, Western Europe and the US.

The aim of the Alliance is to boost the performance of Renault and Nissan, based on clear principles and a unique approach.

The Alliance's three basic principles

- 1 Share resources to realize economies of scale;
- 2 Leverage the complementary strengths in products, markets and know-how to improve efficiency;
- 3 Preserve the separate brand identities to maintain strong brand image and appeal to the broadest customer base.

The second phase started in 2002, ahead of schedule

The second stage of the Renault-Nissan Alliance, designed to enhance the two companies' performance, commenced in 2002. This phase aims to create a community of interests between Renault and Nissan,

underpinned by stronger equity ties. It involves establishing a common management team for the bi-national group, develop strategy, and plan for the long term. This development of the Alliance was approved by the Renault Extraordinary General Meeting of 28 March 2002.

Nissan’s direct interest in Renault’s results forms a genuine community of interests

On 1 March 2002 Renault increased its equity stake in Nissan from 36.8% to 44.4% by exercising the warrants it had held since 1999.

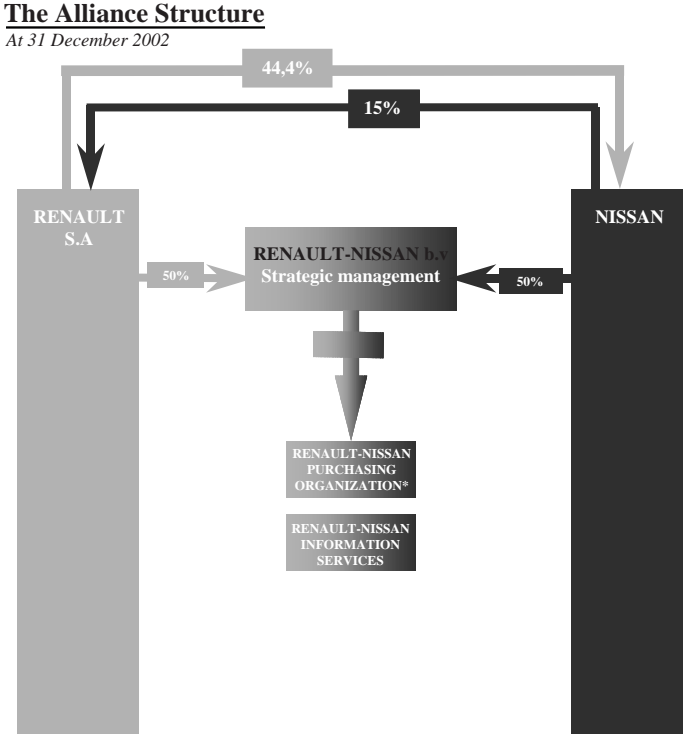

Nissan took a stake in Renault’s capital, giving it a direct interest in its partner’s results, as was already the case for Renault in Nissan. Nissan Finance Co., Ltd., a wholly-owned Nissan subsidiary, acquired 15% of Renault’s capital through two reserved capital increases, on 29 March and 28 May 2002. However, under the French stock market regulations, Nissan Finance Co., Ltd. cannot exercise the voting rights attached to these shares. To lend weight to the Alliance, the French government reduced its stake in Renault to 25.9%.

In addition, each company reinforced its presence on the other’s Board of Directors. The number of Renault directors on the Nissan Board was increased to four out of nine. An additional Nissan director was appointed to the Renault Board of Directors, giving Nissan two out of a total of 17 seats.

The Alliance Structure

The second facet of the new agreement called for a strategic management company. Renault-Nissan b.v. was therefore set up, incorporated under Dutch law and equally owned by Renault and Nissan Motor Co., Ltd.

The Alliance Board of Renault-Nissan b.v. (the “Alliance Board”) replaces the Global Alliance Committee (GAC), the decision-making body set up in 1999, but it has a broader role and enhanced powers. The first meeting of the Alliance Board was held on 29 May 2002. The new body is committed to furthering the partners’ profitable growth strategy.

* At December 31st 2002, the shares of RNPO were held directly and equally by Renault s.a.s. and Nissan. These shares will be transferred to Renault-Nissan b.v. during the first half of 2003

The Alliance Board

The Alliance Board is composed of eight members: Renault’s Chairman and CEO, who presides, the President and CEO of Nissan Motor Co., Ltd., who acts as Vice President, three members appointed by Renault’s Board of Directors, acting on a recommendation from its Chairman and CEO, and three members designated by the Board of Directors of Nissan Motor Co., Ltd. In the event of a tied vote, the President has the casting vote.

Outlook

At this point in time, Renault is expecting a slight downturn in 2003 in the automobile market in Europe and a light upturn in the main countries in which the Group operates outside Europe. On the basis of this assumption, Renault is targeting higher revenues in 2003 than in 2002 and an operating margin of around 4% of revenues. However, given the uncertain economic environment, a sharper decline in the automobile market cannot be ruled out. Renault considers that it has key strengths to cope with the situation: in particular, after the introduction of the Mégane II Hatch at the end of 2002, Renault will benefit in 2003 from the ongoing renewal of the Mégane family with the launch of four new models including Scénic II in the summer. The impact of these new models will be significant as of the second half of the year. Further, the Group will pursue its cost-reduction efforts and continue to act responsively.

Share price

Renault is listed on the *Premier Marché* of Euronext Paris. The shares qualified for the *Service de Règlement Différé* (SRD) on 17 November 1994 when the company was partially privatized. The share price for the privatization issue was FRF165 (€25.15). The Euroclear clearing code of the shares is 13 190.

Renault was added to the CAC 40 index on 9 February 1995.

The share is also a component of the SBF 120 and SBF 250 indexes as well as the Euronext 100 and Euronext 150 indexes.

Two subsidiaries are publicly traded:

Renault Argentina, listed in Buenos Aires, is 61.1%-owned by Cofal, 19.1%-owned by Renault Holding and 0.2%-owned by Renault S.A. as of 31 December 2002;

as of 31 December 2002, Renault owned 92.72% of Dacia, which was listed in Bucharest as of 31 December 2002 (see chapter RECENT DEVELOPMENTS)

Remuneration of senior executives

Procedure for determining remuneration

Members of the Renault Management Committee receive a consideration comprising a fixed and a variable portion. The variable portion is based on the company's economic performance in the previous year. Economic performance is assessed by three criteria: the difference between budgeted and actual operating margin; return on equity; and progress made towards reducing warranty costs.

Remuneration in 2002

In 2002, the total consideration paid to Renault Management Committee members amounted to €10,458,352, of which €8,187,438 for the fixed portion (compared with €9,763,540 and €7,430,330 respectively in 2001). Note that the number of committee members went from 25 in 2001 to 26 in 2002. Renault Management Committee members do not receive directors' fees from group companies in which they hold senior office.

Remuneration of corporate officers

In 2002, the Chairman and CEO received total consideration of €1,647,915, of which €747,000 for the fixed portion (compared with €1,090,729 and €747,000 respectively in 2001).

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

These notes are only an extract of the notes to the audited consolidated financial statements which appear in the latest annual report relating to the Issuer.

1 ACCOUNTING POLICIES

The Renault Group financial statements are prepared in accordance with French accounting regulations applicable at 31 December 2002. Renault is also making preparations for the compulsory application of IASB international standards by listed European companies from 2005. The adaptations necessary will be made with regard to the constraints of the situation, i.e. the current IASB draft standards, the transitional provisions for application of standards in Europe, the timescale for incorporation of these standards into French regulations, and changes in the accounting practices of the automobile industry.

Currently, the principal difference between Renault accounting policies and existing international standards concerns financial instruments (IAS 39). The Group intends to apply this standard once it is finalized and has been adopted by French regulations

As of 1 January 2002, as announced in 2001, Renault applies:

- standard IAS 38 on intangible assets (notes 1-B and 2-A)
- standard IAS 40 on investment property (note 2-B)

A. Information by division and geographic area and definition of net financial indebtedness

In order for the segment reporting to correspond more closely to the Group's internal structure and to bring it into line with the presentation used by other automobile companies, Renault has slightly modified its two divisions, and provides further disclosures by division as of 2002.

- The Automobile Division comprises the production, sales, distribution and automobile service subsidiaries and, as of 2002, the subsidiaries in charge of cash management for these companies,
- The Sales Financing Division comprises Renault Crédit International and its subsidiaries, considered by the Group as an activity with independent operations.

Starting in 2002, the results disclosed take the form of condensed financial statements (income statement, balance sheet and statement of cash flows) for each Division. Previously, only operating assets and liabilities were shown.

The Division results shown include net income. Apart from financial income and taxes, revenues and expenses relating to sales financing are recorded as operating items. The tax effect inherent to the French consolidated taxation system and the worldwide consolidated tax reporting system is included in the taxes due by the Automobile Division.

Assets, minority interests and liabilities are specific to each division. Receivables permanently assigned by the Automobile Division to the sales financing companies are treated as operating assets by the assignee.

In coherence with this presentation by Division, interest-bearing borrowings are split into two captions in the balance sheet:

- 1 Interest-bearing borrowings for the Automobile Division,
- 2 Interest-bearing borrowings for the Sales Financing Division, considered by the Group as an operating item.

Consequently, the Group's net financial indebtedness includes the following items for the Automobile Division:

- interest-bearing borrowings,
- investment loans,
- marketable securities,
- cash and cash equivalents.

B. Research and Development Expenses

As of 1 January 2002, development expenses incurred between the approval of the decision to begin development and implement production facilities for a new vehicle or part (e.g. engine or gearbox) and the subsequent approval of the design for mass production, are capitalized as intangible assets (previously they were recorded as costs in the year incurred). They are amortized from the date of approval for production over the expected market life of the vehicle or part, up to a maximum of five years (note 2-A).

Development expenses incurred before product development has received formal approval are, like research expenses, recorded as costs in the year they are incurred. Expenses incurred after the start of mass production are treated as production costs.

2 IMPACT OF THE CHANGES IN GROUP ACCOUNTING POLICIES

A. Development Expenses

As of 1 January 2002, development expenses that fulfill the criteria defined in 1-B are capitalized as intangible assets and amortized from the date of approval for mass production, over a maximum period of five years. The impact of application of this policy (IAS 38), concerning the Automobile Division only, is as follows (EUR million):

B. Investment Property

In applying IAS 40, Renault has opted to state investment property in the balance sheet at depreciated cost (less any accumulated impairment losses).

At 31 December 2002, these assets are recognized by the Group as follows (EUR million):

Gross value:.....	220
Depreciation:	(108)
Net value:	112
Fair value.....	350

This category of assets mainly concerns land and buildings due to be sold, located in the Boulogne-Billancourt zone. The timing and price of the sale will be affected by the regulatory environment (approval by the authorities is required), the distribution of development and adaptation costs between the various parties involved, and the progress of the real estate development planned by the purchasers.

3 CHANGES IN THE SCOPE OF CONSOLIDATION IN 2002

A. Reinforcement of the Renault/Nissan Alliance:

– Nissan capital increase reserved for Renault:

In accordance with the terms of the 1999 and 2001 agreements between Renault and Nissan, on 1 March 2002 Renault exercised stock purchase warrants at the agreed price of 400 yen per share for a total cost of EUR 1,875 million, thus raising its equity investment in Nissan from 36.8% to 44.4%.

In application of regulation CRC 99.02, this transaction was recorded as follows in the financial statements:

- Provisional goodwill of EUR 89 million was recognized, to be amortized over the residual amortization period of the goodwill generated in 1999, i.e. 17 years.
- The Group's reserves included EUR (417) million relating to the decrease in the fair value of Nissan's identifiable assets and liabilities between March 1999 and 1 March 2002 (portion corresponding to Renault's 36.8% stake held since 1999). This decrease in fair value mainly results from the decline in the Japanese property market and the value of funds invested to cover pension commitments in Japan (note 7).

Following this increase in Renault's investment in Nissan Motor, Renault continues to use the equity method for its inclusion in the Group's consolidated financial statements.

– Renault capital increase reserved for Nissan:

Continuing the relationship begun with the agreements signed in 1999 and 2001, Nissan acquired 15% of the capital of Renault SA for a total of EUR 2,166 million (EUR 2,158 million after charging expenses to the issue premium) through two subscriptions on 29 March and 28 May 2002 respectively.

This capital increase led to a EUR (962) million elimination in Renault's consolidated shareholders' equity, equivalent to 44.4% of the amount received (EUR 2,166 million), corresponding to Renault's share in Nissan's capital.

B. Sale of Renault's Investment in Irisbus

The European Commission approved the agreement signed by Renault and Volvo on 2 January 2001 subject to the condition that Renault should rescind Irisbus, its joint venture with Iveco, within two years.

In application of the agreement between Renault and Iveco signed on 2 January 2002, Renault's stake in Irisbus was transferred to Iveco for a total of EUR 166 million. The overall gain on this sale amounts to EUR 34 million.

In 2001, the main items were:

- a EUR 335 million gain on the sale of the Renault VI subgroup as part of the RVI/Volvo operation,
- a EUR 318 million gain on the sale of the CAT subgroup.

6 CURRENT AND DEFERRED TAXES

In application of the French tax regime allowing taxable income to be reported on a consolidated basis, Renault includes the fiscal earnings of most of its French and foreign subsidiaries and affiliates, calculated under this regime (with restatement according to French tax law), in determination of its taxable income. Under certain conditions, the tax paid by these foreign subsidiaries and affiliates can be deducted from the resulting tax liability.

Renault has received governmental authorization to report taxable income in this way for 2001, 2002 and 2003, including Nissan Group entities. The taxable income under the French system of Nissan Group companies included in the regime relates to varying fiscal years which differ from the accounting periods used for the inclusion of Nissan in the Renault consolidation. In view of these differences in fiscal years and the prospective future profitability of Nissan Group companies, their impact on current taxes within the consolidated tax reporting system is totally neutralized when the consolidated current and deferred taxes are determined.

Moreover, Renault SA has elected to determine French income taxes under the standard consolidated basis, including French subsidiaries owned more than 95%.

7 INVESTMENT IN NISSAN MOTOR ACCOUNTED FOR BY THE EQUITY METHOD

On 27 March 1999, Renault and Nissan signed a global partnership agreement. As a result of this agreement, on 28 May 1999 Renault SA acquired a 36.8% share in the capital of Nissan Motor, by subscribing to an increase in its registered capital (reserved for Renault) for a total investment of EUR 4,610 million. Nissan Motor has been accounted for by the equity method in the Group financial statements since 30 June 1999.

During first half-year 2002, in accordance with the terms of the 1999 agreement between Renault and Nissan, Renault raised its investment in Nissan Motor from 36.8% to 44.4% by exercising its stock purchase warrants, and Nissan acquired 15% of the capital of Renault SA through a capital increase reserved for Nissan. These transactions (details in note 3-A) are reflected as follows in Renault SA's financial statements:

Nissan capital increase reserved for Renault:

- Renault continues to account for its investment in Nissan by the equity method in its consolidated financial statements, applying the new rate of 44.4% as of 1 March 2002.
- Nissan's identifiable assets and liabilities were restated to fair value at the date of the operation. As this type of restatement had also been applied at the time of the initial acquisition, a 36.8% share of the fall in the fair value of identifiable assets and liabilities, corresponding to the initial shareholding,

was included in Renault SA's shareholders' equity. On this basis, the impact of the operation is EUR (417) million, reflecting the decline since 1999 in the Japanese property market and in the value of funds invested to cover pension commitments for the Japanese companies.

- Provisional goodwill of EUR 89 million was recognized.

Renault capital increase reserved for Nissan:

- Elimination of 44.4% of the Renault capital increase reserved for Renault.

The investment in Nissan Motor is partly hedged for exchange risks (see paragraph D below).

Changes in the investment in Nissan, accounted for by the equity method, are as follows:

	Goodwill on acquisition			Share of net assets	Total

Nissan Motor, which is listed on the Tokyo stock exchange, publishes its consolidated financial statements in accordance with Japanese accounting standards annually at March 31 and half-yearly at September 30. Consequently, the Renault Group consolidated financial statements for the first half-year of 2002 use the equity method to include the consolidated financial statements of Nissan Motor for the period 1 October 2001 – 30 September 2002, after adjustments for the purposes of the Renault consolidation.

A. Goodwill on Acquisition

Goodwill on the acquisition of the investment in Nissan Motor is amortized on a straight-line basis over 20 years from 30 June 1999. The subsequent provisional goodwill resulting from the transactions of 2002 will be amortized over the residual amortization period of the initial goodwill, i.e. 17 and a half years.

– in millions of Euros	4,555	1,379^(e)	1,369^(d)	(770)^(f)	6,533

Before neutralization of 44.4% of the Renault capital increase reserved for Nissan, the restatements for Renault consolidation purposes for 2002 comprise the following:

- (a) Inclusion by Renault of (84) billion yen resulting from the sale of the Murayama industrial site, and (38) billion yen in adjustment of the gains on sales of land undertaken during the year. Renault determines gains and losses on sales by reference to the fair value of the assets sold, as measured upon the initial acquisition, whereas Nissan refers to the historical value as recorded in its accounts.
- (b) Development expenses incurred over the year were capitalized, as described in note 1-B.
- (c) For the purposes of the Nissan capital increase reserved for Renault, Nissan's identifiable assets and liabilities were restated to fair value. The resulting adjustments reflect the fall in the fair value between the first acquisition and 1 March 2002, mainly due to the decline in the Japanese property market and in the value of funds invested to cover pension commitments for the Japanese companies.
- (d) The impact of the acquisition of 7.6% of the capital of Nissan includes the share in net assets purchased: EUR 1,786 million, and the impact of the decrease in fair value of Nissan's identifiable assets and liabilities insofar as it concerns the 36.8% held since 1999: EUR (417) million.
- (e) As of 1 March 2002, Renault's share in the net restated assets of Nissan is determined on the basis of a 44.4% investment.
- (f) "Other changes" in Euros mainly comprise:
 - the EUR (574) million change in translation adjustment, essentially due to conversion by Renault of Nissan's North American and Mexican subsidiaries' shareholders' equity, reflecting the fall in value of the US dollar and the Mexican peso. This impact also includes the effect of the yen's decrease in value against the Euro before hedging operations.
 - dividends paid, amounting to EUR (183) million.

D. Hedging of the Investment in Nissan Motor

The following operations were designated as a partial hedge of Renault's interest in the restated shareholders' equity of Nissan in yen:

- on 21 July 1999 Renault SA undertook an initial partial hedge by issuing 7-year bonds totalling EUR 500 million. A foreign currency swap was undertaken to convert this issue into yen,
- on 1 June 2000, Renault concluded a forward sale of 150 billion yen, with an initial completion date of 15 December 2000, renewed at that date until 15 December 2001 and subsequently to 15 December 2002. The Group renewed this contract until December 2003, and has also entered into an interest rate swap with a completion date of December 15, for an identical nominal value.
- on 27 September 2001, Renault undertook an issue of 5-year bonds in Japan with total nominal value of 50 billion yen.
- on 26 June 2002, Renault undertook an issue of 7-year bonds with total nominal value of EUR 1 billion. A foreign currency swap was undertaken to convert this issue into yen.
- During the second half-year of 2002, Renault undertook forward sales of yen totaling 137.5 billion yen, with completion dates ranging from 10 January 2003 to 14 February 2003.
- on 20 December 2002 Renault undertook a 3-year bond totaling 1 billion yen.

The total value of hedging operations in process at 31 December 2002, is 518.3 billion yen. During 2002, hedging operations generated translation differences, net of tax, of EUR 184 million which were included in the translation adjustment in shareholders' equity.

E. Renault – Nissan Motor Cooperation

The Renault and Nissan Motor Groups have introduced joint strategies for vehicle and part development, purchasing, and production and distribution resources.

During 2002, the main transactions between the two groups were the following:

- *Joint investments:*

 - In Mexico, Nissan supplies Renault with assembly services for the Clio and Scenic models, and also assembles the Platina model (Nissan badged Clio sedans). Production exceeded 62,000 units over the year.
 - In Brazil, Renault supplies Nissan with assembly services for its Frontier pickup (more than 4,000 vehicles in 2002).
 - In Spain, Nissan manufactures the new Trafic at its Barcelona plant.
 - Since March 2002, Renault has produced over 8,000 Nissan badged Master vans, purchased by Nissan for sale through its own network
- *Part sales:*
 - In Europe and Mexico, Renault supplies gearboxes and engines to Nissan.
 - In Europe, Renault supplies Nissan's Sunderland plant in the UK with gearboxes produced by its Cacia plant in Portugal, and engines produced by the Valladolid plant in Spain. These parts are used in Nissan's Micra, Almera and Primera.
 - In Mexico, Renault supplies engines to Nissan's Aguascalientes plant for the Clio and Platina.
 - In total Renault supplied some 80,000 gearboxes and 65,000 engines in 2002.
 - In South Korea, Nissan supplied Renault Samsung Motors with parts and engines used in the SM3 and SM5.
 - Renault also uses Nissan's V6 3.5 litre petrol engine for the Vel Satis and the Espace, and a Nissan 4-wheel drive unit for the Kangoo.
- *Sales:*
 - Renault and Nissan are continuing to reorganize their Western European sales network. Renault supplies Nissan with back office services in each country. In Germany, Switzerland and the Netherlands, Renault has absorbed the local Nissan subsidiary and sells Nissan vehicles under a commission arrangement.
 - Total sales by Renault to Nissan and purchases by Renault from Nissan in 2002 amounted to approximately EUR 480 million and EUR 130 million respectively.
 - The joint policies for purchasing and other administrative functions such as information systems departments are reflected directly in Renault and Nissan's financial statements, and therefore generate no financial exchanges between the two Groups.

The provisional negative goodwill of EUR 243 million recorded in 2001 upon the acquisition of 20% of the capital of Volvo was confirmed as the final figure at 31 December 2002. It is to be included in income on a

straight-line basis from 2 January 2001, over the average residual amortization period for Volvo's tangible and intangible fixed assets, which is 10 years.

Taking into account the treasury shares held by Volvo, the level of Renault's investment in Volvo stood at 21.05% in 2002.

9 SHAREHOLDERS' EQUITY

Share capital

– Capital increase reserved for Nissan:

At its meeting on 28 March 2002, the Board of Directors decided to proceed to a capital increase reserved for Nissan, in compliance with the terms of the second resolution approved at the Extraordinary Shareholders' Meeting held the same day. This capital increase, continuing the relationship begun with the agreements signed in 1999 and 2001 (note 3-1-A), led to the issue of 42,740,568 shares with total value of EUR 2,166 million (EUR 2,158 million after deduction of expenses from the issue premium) took place through two subscriptions, on 29 March and 28 May 2002 respectively. Following these operations, Nissan owned 15% of the capital of Renault SA. In compliance with French regulations concerning control stock, Renault shares held by Nissan carry no voting rights.

This capital increase led to a EUR (962) million elimination in Renault's consolidated shareholders' equity, or 44.4% of the net amount received (EUR 2,166 million), corresponding to Renault's share of Nissan's capital.

– Changes in ownership structure:

On 2 April 2002, the French government sold part of its investment in Renault SA, as part of the reinforcement of the Renault-Nissan Alliance. In accordance with French law, 10% of the 3,337,000 shares sold by the state were offered to employees and former employees of the Renault Group on 26 June 2002. A total of 2,171,000 shares were subscribed as a result (before attribution of free shares). Following these transactions, the French government's stake in Renault stood at 25.91%.

– Situation at 31 December 2002 :

The total number of ordinary shares issued and fully paid-up at 31 December 2002 is 284,937 thousand (242,196 thousand in 2001 and 239,798 thousand in 2000). Par value is EUR 3.81 per share (unchanged from 2001 and 2000).

At 31 December 2002, the French state held 73,829,004 shares and therefore 25.91% of voting rights.

In accordance with decisions approved at the General Shareholders' Meetings of 26 April 2002, 10 May 2001, 10 June 1999, the Board of Directors decided to allocate all Renault treasury shares to current stock option plans.

In compliance with French accounting rules, these shares are recorded under Marketable Securities at a gross value of EUR 436 million at 31 December 2002, EUR 347 million at 31 December 2001 and EUR 252 million at 31 December 2000. Under IASB standards, these shares would be recorded as a charge against shareholders' equity and deducted from the number of shares in circulation for the determination of basic earnings per share.

Distributions

At the General and Extraordinary Shareholders' Meeting of 26 April 2002, it was decided to distribute EUR 257.6 million in dividends (EUR 0.92 per share), compared to EUR 219.3 million or EUR 0.91 per share in 2001, and EUR 183 million or EUR 0.76 per share in 2000. This distribution includes the new shares created in the 29 March 2002 capital increase reserved for Nissan.

In view of Renault's stake in Nissan's capital and the treasury shares held, the dividend distribution recorded in shareholders' equity amounted to EUR 234 million.

In 2002, the change in interest-bearing borrowings includes the EUR (60) million impact of deconsolidation of Irisbus.

In 2001, it included the EUR (50) million impact of deconsolidation of the Renault VI Group from 2 January 2001, and the EUR (737) million impact of the change in consolidation method applicable to Renault Financial Services (from full consolidation to proportionate consolidation).

The increase in interest-bearing borrowings in 2000 (mainly in long-term debts) reflects the EUR 172 million impact of consolidation of Renault Samsung Motors.

The sales financing activity is considered as an operating activity for the Group. The net financial indebtedness therefore concerns the automobile division only, and comprises its interest-bearing borrowings less cash and financial assets.

12. TRANSACTION IN PROGRESS: SOFASA (COLOMBIA)

On 7 December 2002, Renault, Toyota and Mitsui signed a letter of intention with Valores Bavaria concerning acquisition of the Colombian group's 51.3% holding in Sofasa SA. Upon finalization of the transaction, due to take place by 1 March 2003, the three signatories will strengthen their industrial cooperation in Colombia by becoming the only shareholders of Sofasa SA. Renault is to increase its own investment from 23.7% to 60%, Toyota from 17.5% to 28% and Mitsui from 7.5% to 12%. This transaction confirms Renault's intention to reinforce its operations in Andean Pact countries.

STATUTORY AUDITORS' REPORT

The free translation of the auditors report reproduced hereafter refers to the full set of consolidated financial statements that are included in the latest annual report of Renault, incorporated by reference and not to the financial information provided in the present offering circular.

AUDITORS' REPORT ON THE CONSOLIDATED FINANCIAL STATEMENTS

Year Ended 31 December 2002

In accordance with our appointment as auditors by your Annual General Meeting, we have audited the accompanying consolidated financial statements of Renault for the year ended 31 December 2002.

The consolidated financial statements are the responsibility of the Board of Directors. Our role is to express an opinion on these financial statements, based on our audit.

We conducted our audit in accordance with professional standards applicable in France. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements give a true and fair view of the financial position and the assets and liabilities of the Group as at 31 December 2002 and the results of its operations for the year then ended in accordance with accounting principles generally accepted in France.

Without qualifying our opinion, we draw attention to the change in accounting principle resulting from the capitalization of the development costs as described in Note 1.F to the consolidated financial statements.

We have also verified the information contained in the Group management's report, in accordance with professional standards applicable in France. We have no matters to report as to the fairness of this information and its consistency with the consolidated financial statements.

RECENT DEVELOPMENTS

RENAULT INVESTS IN RUSSIA

Renault announced on 26 February 2003 that it was stepping up its investments in Russia. The group will spend €230 million to locally produce and sell a family sedan, starting in mid-May 2005. A production line will be built in the Moscow-based Avtoframos plant. The new line should reach full capacity – (60,000 vehicles per year) – after two or three years. In addition to the production line, the investment will cover the development of a sales network and support functions. The future vehicle is currently being developed by Renault's Vehicle and Powertrain Engineering Departments in France. It will use a platform derived from the B platform of the Renault-Nissan Alliance.

PRODUCTION OF AVANTIME HALTED

Matra Automobile announced in a press release on 26 February 2003 that it was discontinuing production of Avantime at its Romorantin plant. The decision prematurely terminates the agreement under which the vehicle is produced by Matra and marketed by Renault s.a.s. Pursuant to the agreement, Renault s.a.s. accounted for one-half of the investments related to Avantime, i.e. €35 million net, in its financial statements as at 31 December 2002. The decision to cease production could impair the value of that investment and accelerate the sell-off of residual inventory. At this stage, therefore, Renault believes that the discontinuation of Avantime is unlikely to have a material financial impact.

RENAULT AGRICULTURE – CLAAS PARTNERSHIP PROJECT

Renault s.a.s. and the German company Claas signed a Stock Purchase Agreement, on 23 February 2003, pursuant to which Claas, a leader in farm machinery, will become, on the date of the closing, the majority shareholder in Renault Agriculture, by virtue of the acquisition of a 51% stake in the company. Renault s.a.s. will keep the remaining 49% of the share capital of Renault Agriculture for a period of at least two years starting from the closing date of the Stock Purchase Agreement. In addition, Renault s.a.s. and Claas have agreed on a put and call option scheme on Renault s.a.s.'s remaining shares in Renault Agriculture. The closing of this operation took place on 30 April 2003.

SOFASA

Renault s.a.s., Toyota Motors Corporation and Mitsui & Co., Ltd strengthened their industrial and commercial cooperation in Colombia, as they recently signed a Shares Purchase Agreement with Valores Bavaria for the purpose of acquiring Valores Bavaria's 51.3% stake in Sofasa SA (Sociedad de Fabricación de Automotores SA) and completed the said transaction. As a consequence thereof, Renault Group currently holds 60% of Sofasa SA and Toyota and Mitsui respectively hold 28% and 12%.

IRAN

On 16 March 2003, Renault s.a.s. and Idro signed a letter of intent opening a period of negotiation on the creation of a Joint Venture company. The project envisages *inter alia* i) the manufacturing of the X90 platform and ii) the manufacturing and selling of the X90 car, currently being developed by Renault s.a.s.

DACIA

The closing of the Take-over Public Tender Offer launched by Renault for the outstanding shares of S.C. Automobile Dacia S.A. (its Rumanian subsidiary) took place on 23 March 2003. As a consequence thereof, Renault now owns 97.93% of the Dacia shares, compared to 92.72% before the public offering. Following this public offering, the Dacia shares will be withdrawn from trading and Dacia will be de-listed from the Bucharest Stock Exchange by the end of April 2003.

RENAULT'S 1st QUARTER 2003 REVENUES

On a consistent accounting basis, Renault's revenues totalled EUR 9,015 million in the first quarter of 2003, down 2.86% compared with the year-earlier period.

The Automobile Division generated revenues of EUR 8,545 million, down 3.22%⁽¹⁾ on the first quarter of 2002.

This decline was primarily due to falling sales volume in Western Europe and the negative impact of the depreciation of the pound sterling, the Brazilian real and the Argentine peso. Renault nevertheless benefited from a more favourable product mix in Western Europe, as well as buoyant international sales driven by Renault Samsung Motors and a rise in powertrain sales to other companies, including Nissan.

Global unit sales totalled 582,079 vehicles in the first quarter of 2003, equivalent to a like-for-like decrease of 7% given the overall market slump. In Western Europe, the Renault brand consolidated its number-one ranking in the passenger car market – secured in 2002 – and strengthened its lead in light commercial vehicles.

The Sales Financing Division posted a 4.21%⁽¹⁾ rise in revenues over first-quarter 2002 to EUR 470 million.

(1) On a consistent accounting basis.

POSITIVE IMPACT OF NISSAN'S RESULTS ON RENAULT'S 1st HALF 2003 RESULTS

Renault also benefited from Nissan's preliminary results for second-half fiscal 2002 announced on 23 April, which will have a positive impact of around EUR 750 million⁽¹⁾ on Renault's financial statements for first-half 2003. Renault will disclose the exact figure after Nissan files its official audited report in May 2003.

Renault will announce half-year earnings on 24 July.

DISTRIBUTION OF DIVIDENDS

At the General and Extraordinary Shareholders' Meeting of 29 April 2003, it was decided to distribute EUR 327.6 million in dividends (EUR 1.15 per share).

SUBSCRIPTION AND SALE

Summary of Dealer Agreement

Subject to the terms and on the conditions contained in a dealer agreement dated 20 June 2002 as amended and supplemented by a first supplemental dealer agreement dated 12 May 2003 (the “**Dealer Agreement**”) between the Issuer, the Permanent Dealers and the Arranger, the Notes will be offered on a continuous basis by the Issuer to the Permanent Dealers. However, the Issuer has reserved the right to sell Notes directly on its own behalf to Dealers that are not Permanent Dealers. The Notes may be resold at prevailing market prices, or at prices related thereto, at the time of such resale, as determined by the relevant Dealer. The Notes may also be sold by the Issuer through the Dealers, acting as agents of the Issuer. The Dealer Agreement also provides for Notes to be issued in syndicated Tranches that are jointly and severally underwritten by two or more Dealers.

The Issuer will pay each relevant Dealer a commission as agreed between them in respect of Notes subscribed by it. The Issuer has agreed to reimburse the Arranger for its expenses incurred in connection with the Programme and the Dealers for certain of their activities in connection with the Programme. The commissions in respect of an issue of Notes on a syndicated basis will be stated in the relevant Pricing Supplement.

The Issuer has agreed to indemnify the Dealers against certain liabilities in connection with the offer and sale of the Notes. The Dealer Agreement entitles the Dealers to terminate any agreement that they make to subscribe Notes in certain circumstances prior to payment for such Notes being made to the Issuer.

Selling Restrictions

France

Each of the Dealers and the Issuer has represented, warranted and agreed that, in connection with their initial distribution, it has not offered or sold and will not offer or sell, directly or indirectly, any Notes to the public in France and that offers and sales of Notes will be made in France only to qualified investors as defined and in accordance with Articles L. 411-1 and L. 411-2 of the French *Code monétaire et financier* and Decree no. 98-880 dated 1 October 1998 relating to offers to qualified investors.

In addition, each of the Dealers and the Issuer has represented, warranted and agreed that it has not distributed or caused to be distributed and will not distribute or cause to be distributed in France, the Offering Circular or any other offering material relating to any Notes issued under the Programme other than to those investors to whom offers and sales of the Notes may be made as described above.

If necessary these selling restrictions will be supplemented in the relevant Pricing Supplement.

United States

The Notes have not been and will not be registered under the U.S. Securities Act of 1933 as amended (the “**Securities Act**”) and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act (“**Regulation S**”).

Materialised Bearer Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code and regulations thereunder.

Each Dealer has agreed and each further Dealer appointed under the Programme will be required to agree that, except as permitted by the Dealer Agreement, it will not offer, sell or, in the case of Materialised Bearer Notes, deliver Notes, (i) as part of their distribution at any time or (ii) otherwise until 40 days after the completion of the distribution of any identifiable Tranche as determined, and certified to the Issuer, by the Fiscal Agent, or in the case of Notes issued on a syndicated basis, the Lead Manager, within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each dealer to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in the preceding sentence have the meanings given to them by Regulation S.

The Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S.

In addition, until 40 days after the commencement of the offering of any identifiable tranche of Notes, an offer or sale of Notes within the United States by any dealer (whether or not participating in the offering of such tranche of Notes) may violate the registration requirements of the Securities Act.

This Offering Circular has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Dealers reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Offering Circular does not constitute an offer to any person in the United States. Distribution of this Offering Circular by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States, is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States, is prohibited.

United Kingdom

Each Dealer has represented, warranted and agreed that:

- (i) in relation to Notes which have a maturity of one year or more, it has not offered or sold and, prior to the expiry of a period of six months from the issue date of such Notes, will not offer or sell any such Notes to persons in the United Kingdom except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995 as amended from time to time
- (ii) in relation to any Notes which have a maturity of less than one year, (a) it is a person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business and (b) it has not offered or sold and will not offer or sell any Notes other than to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses where the issue of the Notes would otherwise constitute a contravention of section 19 of the Financial Services and Markets Act 2000 (the “FSMA”) by the Issuer
- (iii) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer and
- (iv) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to such Notes in, from or otherwise involving the United Kingdom.

Japan

The Notes have not been and will not be registered under the Securities and Exchange Law of Japan (the “**Securities and Exchange Law**”). Accordingly, each of the Dealers has represented, warranted and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Notes in Japan or to, or for the benefit of any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organised under the laws of Japan) or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Securities and Exchange Law and other relevant laws and regulations of Japan.

General

These selling restrictions may be modified by the agreement of the Issuer and the Dealers following a change in a relevant law, regulation or directive. Any such modification will be set out in the Pricing Supplement issued in respect of the issue of Notes to which it relates or in a supplement to this Offering Circular.

No action has been taken in any jurisdiction that would permit a public offering of any of the Notes, or possession or distribution of the Offering Circular or any other offering material or any Pricing Supplement, in any country or jurisdiction where action for that purpose is required.

Each Dealer has agreed that it will, to the best of its knowledge, comply with all relevant laws, regulations and directives in each jurisdiction in which it purchases, offers, sells or delivers Notes or has in its

possession or distributes the Offering Circular, any other offering material or any Pricing Supplement and neither the Issuer nor any other Dealer shall have responsibility therefore.

Each of the Dealers and the Issuer has represented and agreed that Materialised Notes may only be issued outside France.

Any drawdown of Notes under the Programme, to the extent that such Notes constitute *obligations*, require the prior authorisation of the Ordinary General Meeting of the shareholders or of the Board of Directors acting by delegation from the Ordinary General Meeting of the shareholders. For this purpose the Board of Directors benefits from an authority granted on 29 April 2003 by the Ordinary General Meeting of the shareholders to issue Notes to a maximum aggregate amount of €4,000,000,000 which authority will, unless previously cancelled, expire on the Ordinary General Meeting of the shareholders which will approve the annual accounts of the financial year 2004. - (6) Each Definitive Bearer Materialised Note, Receipt, Coupon and Talon will bear the following legend: "Any United States person who holds this obligation will be subject to limitations under the United States income tax laws, including the limitations provided in Sections 165(j) and 1287(a) of the Internal Revenue Code".

- (10) Copies of the latest annual report and non-consolidated and consolidated accounts of the Issuer (including any published semi-annual interim consolidated accounts) (in English and French) (in each case as soon as they are published) may be obtained, and copies of the Agency Agreement will be available for collection, at the specified offices of each of the Paying Agents during normal business hours, so long as any of the Notes is outstanding.
- (11) The European Union is currently considering proposals for a new directive regarding the taxation of savings income (the “**Directive**”).

In that context, the ECOFIN Council held on 21 January 2003 provisionally agreed on proposals under which, and subject to certain conditions being met, proposed that Member States will be required as from 1 January 2004, the expected date of implementation of the Directive, to provide to the tax authorities of another Member State details of payments of interest within the meaning of the Directive (interest, products, premiums or other debt income) made by a paying agent within its jurisdiction to an individual resident in that other Member State (the “**Disclosure of Information Method**”).

In this way, the term “paying agent” would be defined widely and would include in particular any economic operator who is responsible for making interest payments, within the meaning of the Directive, for the immediate benefit of individuals.

However, throughout a transitional period, certain Member States (the Grand Duchy of Luxembourg, Belgium and Austria), would withhold an amount on interest payments instead of using the Disclosure of Information Method used by other Member States. The rate of such withholding tax would equal 15 per cent. as from 1 January 2004, 20 per cent. as from 1 January 2007 and 35 per cent. as from 1 January 2010.

According to the agreement reached by the ECOFIN Council, such transitional period would end if and when the European Community enters into agreements on exchange of information upon request with several jurisdictions (Switzerland, Liechtenstein, San Marino, Monaco and Andorra).

The proposed Directive is not yet final and may be subject to further amendment and/or clarification.
