Description

The County of Santa Clara (hereafter, "County") is requesting proposals from qualified suppliers to provide computer peripherals, computer accessories, and related services. Services, if required, are limited to the installation, maintenance, and support associated with the peripherals purchase. General consulting and all forms of application development and programming services are excluded from this solicitation.

This Request for Proposal (RFP) may result in multiple awards.

The resulting contract shall be for a term of three (3) years with an option to renew for two (2) additional years, unless terminated earlier or otherwise amended.

A non-mandatory pre-proposal conference will be held on Wednesday, 1/18/2012, from 1:30 pm to 3:30 pm. See paragraph B.2 of Section II for further date, time and location. Attendance, although non-mandatory, is strongly recommended.

Added on Jan 25, 2012:

Addendum # 1 is now posted at www.bidsync.com.

New file attachments uploaded 1/25/2012:

1. Appendix F, ASP Security Assessment Checklist, provided in Word format.
2. Appendix C-1, Proposal Cost Response form, provided in Excel format. Appendix C-1 replaces Appendix C.

INTRODUCTION

I. INTRODUCTION**A. INVITATION**

The County of Santa Clara (hereafter, "County") is requesting proposals from qualified suppliers to provide computer peripherals, computer accessories, and related services. Services, if required, are limited to the installation, maintenance, and support associated with the peripherals purchase. General consulting and all forms of application development and programming services are excluded from this solicitation.

This Request for Proposal (RFP) may result in multiple awards.

The resulting contract shall be for a term of three (3) years with an option to renew for two (2) additional years, unless terminated earlier or otherwise amended.

A non-mandatory pre-proposal conference will be held on Wednesday, 1/18/2012, from 1:30 pm to 3:30 pm. See paragraph B.2 of Section II for further date, time and location. Attendance, although non-mandatory, is strongly recommended.

B. BACKGROUND

Santa Clara County (SCC) is the fifth most populous County in California, with a population of nearly 1.8 million people. The County includes fifteen cities, encompassing approximately 1,300 square miles, which have large concentrations of electronics, research and manufacturing firms. Santa Clara County is the fifth-largest County government in the State of California ("State") and has a workforce of approximately 16,000.

The County organizational structure includes a decentralized mix of approximately 50 semi-autonomous County Agencies and Departments. The County provides services such as public safety and justice, road construction and maintenance, parks and recreation, libraries, and environmental resource management. It also operates "enterprise" programs, which charge fees to users for services. Two examples are the Santa Clara Valley Medical Center and the County airports. The County acts as an agent of the State in administering health, social services, and criminal justice programs that are of statewide concern.

The County is governed by a five member Board of Supervisors who is elected by district to serve four-year terms. The County Executive administers the day-to-day affairs of the County and is appointed by the Board of Supervisors.

The Office of the Chief Information Officer (CIO) coordinates County information technology planning and management, and promotes the collaboration of County Agencies and Departments in the development of enterprise-wide information systems. The CIO manages the Information Services Department (ISD), which performs information and technology systems planning, development, acquisition, implementation, and maintenance for a majority of County Departments. Some Agencies, such as the Santa Clara Valley Health and Hospital System (SCVHHS) and the Social Services Agency (SSA), maintain their own information technology staff and systems, but collaborate with ISD in Countywide technology projects.

INTRODUCTION

C. PROJECT SCOPE

The intent of this solicitation is to establish a comprehensive master contract for County agencies and departments to utilize in procuring computer peripherals, accessories and related services. The product categories shall include but are not limited to the following:

1. Cables and Cords
2. Computer Accessories (Dock Stations, Monitor Stands, Carrying Cases, Batteries etc.)
3. Consumables **limited to Toner / Ink Cartridges, CD and DVD media**
4. Digital Cameras and Related Accessories
5. Fax Machines
6. Hubs and Switches
7. Keyboards
8. Memory
9. Mice
10. Modems
11. Monitors and Displays
12. Network Interface Cards (NICs)
13. Optical Drives
14. Plotters
15. Power Supply and Protection
16. Printer Accessories
17. Printers
18. Projectors
19. Scanners
20. Sound and Graphic Cards
21. Storage Drives (Floppy, Hard, USB Flash etc.)
22. Voice Recorders

The Contractor is expected to implement an online order flow and monitoring system that will meet the requirements stated in Appendix A.

Based on the County's historical purchase data, the County's average annual spend for computer peripherals and related services is \$ 2,000,000. The County, however, does not guarantee, whether expressed or implied, to purchase the estimated annual amounts, but reserves the right to purchase any lesser or greater amounts. There shall be no minimum order requirements.

Contractor will be the main point of contact to resolve any delivery or manufacturer warranty issues, including damages at time of delivery, dead-on-arrival, failure to operate according to manufacturer standards, etc.

In addition, Contractor shall have the ability to provide spend and usage data reports and other analytical reports which will validate that the Contractor is performing within the scope of the agreement. Reports shall be provided in Excel format unless otherwise instructed by the County. Reports are to be provided to the County within seven (7) calendar days of request or as agreed upon by both parties at time of request.

INTRODUCTION

D. POINT OF CONTACT:

The County has designated a Procurement Officer who is responsible for the conduct of this procurement whose name, address and telephone number is listed below:

Caroline Kho, Procurement Contract Specialist
County of Santa Clara Procurement Department
2310 North First Street, Suite 201
San Jose, CA 95131-1040
Telephone: 408-491-7428
Fax: 408-938-2804
E-mail: caroline.kho@proc.sccgov.org

Any inquiries or requests regarding this procurement must be submitted to the Procurement Officer in writing. Offerors may contact ONLY the Procurement Officer regarding this RFP.

CONDITIONS GOVERNING THE PROCUREMENT

II. CONDITIONS GOVERNING THE PROCUREMENT

This section of the RFP contains the anticipated schedule for the procurement and describes the procurement events as well as the conditions governing the procurement.

A. SEQUENCE OF EVENTS AND CONTACT INFORMATION

The Procurement Officer will make every effort to adhere to the following anticipated schedule:

1.	Issue of RFP	1/11/2012
2.	Pre-Proposal Conference	1/18/2012 1:30 to 3:30 pm PST
3.	Deadline To Submit Written Questions	1/20/2012 3:00 pm PST
4.	Response to Written Questions/RFP Addendum	1/25/2012
5.	Deadline for Submission of Proposals	2/8/2012 3:00 pm PST
6.	Proposal Evaluation	2/9/2012 – 2/23/2012
7.	Selection of Shortlist/s, if applicable	3/1/2012
8.	Demonstrations/Presentations (County option), if applicable	3/5/2012 – 3/9/2012
9.	Selection of Finalist/s for Negotiations, if applicable	3/16/2012
10.	Final Negotiations, Best and Final Offer (BAFO), and finalize and award contract	3/20/2012 – 6/30/2012
11.	Commencement of Contract	7/1/2012

B. EXPLANATION OF EVENTS**1. ISSUE OF RFP**

This RFP is being issued by the County of Santa Clara Procurement. Copies of this RFP including supporting documents may be obtained from Bidsync's web site at <http://www.bidsync.com>

2. PRE-PROPOSAL CONFERENCE

A non-mandatory pre-proposal conference will be held on Wednesday, 1/18/2012, from 1:30 pm to 3:30 pm.

Participation can either be in person or via conference call.

In Person Attendance:

County of Santa Clara
Information Services Department
1555 Berger Drive, Bldg. 2
San Jose, CA, 95112

Please check in with the receptionist on the 2nd floor in order to be directed to the meeting room.

Telephone Attendance:

Conference Phone Number: [1-877-581-9247](tel:1-877-581-9247)
Access Code: [963422](tel:963422)

CONDITIONS GOVERNING THE PROCUREMENT

The County does not guarantee error-free telephone connection; and therefore, attendance in person is recommended.

3. DEADLINE TO SUBMIT WRITTEN QUESTIONS

Potential Offerors may submit written questions to this RFP until the deadline as indicated in paragraph A of Section II. Written questions may be submitted through www.bidsync.com or to Caroline Kho at caroline.kho@proc.sccgov.org.

The Procurement Officer will **not** respond to questions submitted in **any other** manner or format.

4. RESPONSE TO WRITTEN QUESTIONS/RFP AMENDMENTS

Written responses to written questions regarding the substance of the RFP, will be listed on an addendum to the RFP and posted on the bid management site <http://www.bidsync.com>. Additional written questions must be received by the Procurement Officer no later than two (2) days after the addendum is posted. The County will respond in the same manner. Thereafter, the County does not guarantee that it will respond to questions submitted before the RFP closing date and time.

Any material changes to the RFP will be issued as an addendum, and posted on <http://www.bidsync.com>. The County reserves the right to post addenda until the RFP closing date and time.

5. SUBMISSION OF PROPOSAL

Proposals must be received **no later than the deadline specified in paragraph A, of Section II**. All received proposals will be time stamped.

All deliveries via express carrier should be addressed as follows:

Caroline Kho, Procurement Contracts Specialist
For: **RFP-PRO-FY12-0140**
Procurement Department
County of Santa Clara
2310 North First St., Suite 201
San Jose, CA 95131-1040

Proposals must be sealed and labeled on the outside of the package to clearly indicate that they are in response to the RFP # and title as referenced on the cover page.

6. PROPOSAL EVALUATION

An Evaluation Committee will review and evaluate the proposals and make a recommendation for an award.

CONDITIONS GOVERNING THE PROCUREMENT

7. SELECTION OF SHORT LIST/s, if applicable

Offerors that demonstrate their capacity, ability and capability to meet the County's requirements will be determined to be within the competitive range and selected on the shortlist of Offerors to progress to the next round of evaluation.

8. DEMONSTRATION/PRESENTATIONS (AT COUNTY'S OPTION)

Offerors will be required to perform a demonstration/presentation of their proposed solution. Demonstrations/presentations will be held on-site at a County location, although remote/on-line demonstrations may be considered. The date, time, and location are to be determined, but a tentative date has been identified in Section II.A.

9. SELECTION OF FINALIST/s FOR NEGOTIATIONS, if applicable

At County's option, one or more Offerors may be selected as finalists and invited to enter into negotiations with the County and/or proceed to the next round of evaluations.

10. FINAL NEGOTIATIONS, BAFO FINALIZE AND AWARD CONTRACT

At County's option, one or more Offerors may be selected to enter into final negotiations with the intent of award. Offerors may be given an opportunity to provide a Best and Final Offer.

11. COMMENCEMENT OF CONTRACT

The date the contract will become effective.

C. GENERAL**1. INCURRING COST**

This RFP does not commit the County to award, nor does it commit the County to pay any cost incurred in the submission of the Proposal, or in making necessary studies or designs for the preparation thereof, nor procure or contract for services or supplies. Further, no reimbursable cost may be incurred in anticipation of a contract award.

2. CLAIMS AGAINST THE COUNTY OF SANTA CLARA

Neither your organization nor any of your representatives shall have any claims whatsoever against the County or any of its respective officials, agents, or employees arising out of or relating to this RFP or these RFP procedures, except as set forth in the terms of a definitive agreement between the County and your organization.

CONDITIONS GOVERNING THE PROCUREMENT

3. GUARANTEE OF PROPOSAL

Responses to this RFP, including proposal prices, will be considered firm and irrevocable for one-hundred and eighty (180) days after the due date for receipt of proposals and/or one-hundred eighty (180) days after receipt of a best and final offer, if one is submitted.

4. BASIS FOR PROPOSAL

Only information supplied by the County in writing by the Procurement Officer in connection with this RFP should be used as the basis for the preparation of Offeror's proposal.

5. FORM OF PROPOSALS

No oral, telephone, facsimile, or electronic proposals will be accepted.

6. AMENDED PROPOSAL

An Offeror may submit an amended proposal before the deadline for receipt of proposals. Such amended proposals must be complete replacements for a previously submitted proposal and must be clearly identified in a written format. The County personnel will not merge, collate, or assemble proposal materials.

7. WITHDRAWAL OF PROPOSAL

Offerors will be allowed to withdraw their proposals at any time prior to the deadline for receipt of proposals. The Offeror must submit a written withdrawal request signed by the Offeror's duly authorized representative addressed to the Director of Procurement and submitted to the Procurement Officer.

8. LATE RESPONSES

In order for a proposal to be considered, the proposal must be received in person or via courier or mail to the place specified above no later than the RFP due date and time. The Procurement Department time and date stamp will be the basis for determining timeliness of proposals.

9. NO PUBLIC PROPOSAL OPENING

There will be no public opening for this RFP.

CONDITIONS GOVERNING THE PROCUREMENT

10. CALIFORNIA PUBLIC RECORDS ACT (CPRA)

All proposals become the property of the County, which is a public agency subject to the disclosure requirements of the California Public Records Act ("CPRA"). If Contractor proprietary information is contained in documents submitted to County, and Contractor claims that such information falls within one or more CPRA exemptions, Contractor must clearly mark such information "CONFIDENTIAL AND PROPRIETARY," and identify the specific lines containing the information. In the event of a request for such information, the County will make best efforts to provide notice to Contractor prior to such disclosure. If Contractor contends that any documents are exempt from the CPRA and wishes to prevent disclosure, it is required to obtain a protective order, injunctive relief or other appropriate remedy from a court of law in Santa Clara County before the County's deadline for responding to the CPRA request. If Contractor fails to obtain such remedy within County's deadline for responding to the CPRA request, County may disclose the requested information.

Contractor further agrees that it shall defend, indemnify and hold County harmless against any claim, action or litigation (including but not limited to all judgments, costs, fees, and attorneys' fees) that may result from denial by County of a CPRA request for information arising from any representation, or any action (or inaction), by the Contractor.

11. CONFIDENTIALITY

All data and information obtained from the County of Santa Clara by the Offeror and its agents in this RFP process, including reports, recommendations, specifications and data, shall be treated by the Offeror and its agents as confidential. The Offeror and its agents shall not disclose or communicate this information to a third party or use it in advertising, publicity, propaganda, or in another job or jobs, unless written consent is obtained from the County. Generally, each proposal and all documentation, including financial information, submitted by an Offeror to the County is confidential until a contract is awarded, when such documents become public record under state and local law, unless exempted under CPRA.

12. ELECTRONIC MAIL ADDRESS

Most of the communication regarding this procurement will be conducted by electronic mail (e-mail). Potential Offerors agree to provide the Procurement Officer with a valid e-mail address to receive this correspondence.

13. USE OF ELECTRONIC VERSIONS OF THE RFP

This RFP is being made available by electronic means. If accepted by such means, the Offeror acknowledges and accepts full responsibility to insure that no changes are made to the RFP. In the event of conflict between a version of the RFP in the Offeror's possession and the version maintained by the Procurement Department the version maintained by the Procurement Department must govern.

CONDITIONS GOVERNING THE PROCUREMENT

14. ASSIGNMENT OF CLAYTON ACT, CARTWRIGHT ACT CLAIMS

In submitting a response to a solicitation issued by the County, the responding person and/or entity offers and agrees that if the response is accepted, it will assign to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the responding person and/or entity for sale to the County pursuant to the solicitation document. Such assignment shall be made and become effective at the time the County tenders final payment to the responding person and/or entity.

15. COUNTY RIGHTS

The County reserves the right to do any of the following at any time:

- a. Reject any or all proposal(s), without indicating any reason for such rejection;
- b. Waive or correct any minor or inadvertent defect, irregularity or technical error in a proposal or the RFP process, or as part of any subsequent contract negotiation;
- c. Request that Offerors supplement or modify all or certain aspects of their proposals or other documents or materials submitted;
- d. Terminate the RFP, and at its option, issue a new RFP;
- e. Procure any equipment or services specified in this RFP by other means;
- f. Modify the selection process, the specifications or requirements for materials or services, or the contents or format of the proposals;
- g. Extend a deadline specified in this RFP, including deadlines for accepting proposals;
- h. Negotiate with any or none of the Offerors;
- i. Modify in the final agreement any terms and/or conditions described in this RFP;
- j. Terminate failed negotiations with an Offeror without liability, and negotiate with other Offerors;
- k. Disqualify any Offeror on the basis of a real or apparent conflict of interest, or evidence of collusion that is disclosed by the proposal or other data available to the County;
- l. Eliminate, reject or disqualify a proposal of any Offeror who is not a responsible Offeror or fails to submit a responsive offer as determined solely by the County; and/or
- m. Accept all or a portion of an Offeror's proposal.

RESPONSE FORMAT AND ORGANIZATION

III. RESPONSE FORMAT AND ORGANIZATION

This section contains relevant information Offerors should use for the preparation of their proposals.

A. NUMBER OF RESPONSES

Offerors must submit only one proposal.

B. ORIGINAL AND COPIES

Offerors must provide one (1) original and six (6) identical copies of their proposal to the location specified on or before the closing date and time for receipt of proposals.

The original binder/submittal must be stamped "ORIGINAL" and contain original signatures on the necessary forms. The remaining sets should be copies of the originals.

Offerors must also provide two (2) electronic copies of their complete proposal in CD-ROM format, readable by Microsoft Office 2003 (Word, Excel and Project) software. The two (2) CDs shall be included in the ORIGINAL binder.

C. PROPOSAL FORMAT

All proposals shall be typewritten on standard 8 ½ x 11 paper (larger paper is permissible for charts, spreadsheets, etc.) and placed within a binder with tabs delineating each section. Hard copies should utilize both sides of the paper where practical.

1. LETTER OF TRANSMITTAL

Each proposal received must include a letter of transmittal. The letter of transmittal should:

- a. Identify the submitting organization;
- b. Identify the name, title, telephone and fax numbers, and e-mail address of the person authorized by the organization to contractually obligate the organization;
- c. Identify the name, title, telephone and fax numbers, and e-mail address of the person authorized to negotiate the contract on behalf of the organization;
- d. Identify the names, titles, telephone and fax numbers, and e-mail addresses of persons to be contacted for clarification;
- e. Be signed by the person authorized to contractually obligate the organization; and
- f. Acknowledge receipt of any and all addenda to this RFP; and identify all sections of the proposal that the Offeror claims contain "proprietary" or "confidential" information.

RESPONSE FORMAT AND ORGANIZATION

2. PROPOSAL ORGANIZATION

The proposal should be organized and indexed in the following format and must contain, at a minimum all listed items in the sequence indicated:

Tab 1: Letter of Transmittal

Tab 2: Table of Contents

Tab 3: Executive Summary

Tab 4: Section V-A: Offeror's Corporate Information, items 1 – 5

Tab 5: Appendix A: Technical and Service Level Requirements Response Form

Tab 6: Appendix B: Implementation, Contract Management, Training and On-going Support Response Form

Tab 7: Appendix D: Non-Collusion Declaration Form

Tab 8: Appendix E: Declaration of Local Business, if applicable.

Tab 9: Appendix F: ASP Checklist Assessment Checklist

Tab 10: Appendix G: Offeror's Terms and Conditions

Tab 11: CD Media (*only in ORIGINAL BINDER. Refer to Section III, Response Format and Organization, Item B, Original and Copies*).

APPENDIX C – PROPOSAL COST RESPONSE FORM

The original *paper* form (hardcopy) must be submitted in a separate sealed envelope marked “APPENDIX C - ORIGINAL.” In addition, Offeror must submit six (6) *paper* copies in one separate sealed envelope marked “APPENDIX C - COPIES.”

3. PROPOSAL PREPARATION INSTRUCTIONS

Within each section of their proposal, Offerors should address the items in the order in which they appear in this RFP. All forms provided in the RFP shall be thoroughly completed and included in the appropriate section of the proposal.

4. NON-CONFORMING SUBMISSIONS

A submission may be construed as a non-confirming proposal, ineligible for consideration or incomplete if it does not comply with the requirement of this RFP.

EVALUATION

IV. EVALUATION**A. FACTORS**

The **Evaluation Criteria** listed below will be utilized in the evaluation of the Offeror's written proposals and demonstration/presentation accordingly. The expectation is that those proposals in the competitive range may be considered for contract award. The proposal should give clear, concise information in sufficient detail to allow an evaluation based on the criteria below. An Offeror must be acceptable in all criteria for a contract to be awarded to that Offeror whose proposal provides the best value to the County.

1. Corporate strength, experience, financial strength, references and reputation of Offeror;
2. Ability to meet technical and service level requirements;
3. Methodology and approach for implementation, contract management, training and ongoing support; and
4. Local Preference.

The overall total cost to the County will be considered and the degree of the importance of cost will increase with the degree of equality of the proposals in relation to the other factors on which selection is to be based.

B. LOCAL BUSINESS PREFERENCE

In accordance with applicable sections of Board Policy, Section 5.3.13, in the formal solicitation of goods or services, the County of Santa Clara shall give responsive and responsible Local Businesses the preference described below.

"Local Business" means a lawful business with a physical address and meaningful "production capability" located within the boundary of the County of Santa Clara.

The term "production capability" means sales, marketing, manufacturing, servicing, or research and development capability that substantially and directly enhances the firm's or bidder's ability to perform the proposed contract. Post Office box numbers and/or residential addresses may not be used as the sole bases for establishing status as a "Local Business."

In the procurement of goods or services in which best value is the determining basis for award of the contract, five percent (5%) of the total points awardable will be added to the Local Business score.

When a contract for goods or services, as defined in this policy, is presented to the Board of Supervisors for approval, the accompanying transmittal letter shall include a statement as to whether the proposed vendor is a Local Business, and whether the application of the local preference policy was a decisive factor in the award of the proposed contract.

EVALUATION

This Local Business preference shall not apply to the following:

1. Public works contracts,
2. Where such a preference is precluded by local, state or federal law or regulation,
3. Contracts funded in whole or in part by a donation or gift to the County where the special conditions attached to the donation or gift prohibits or conflicts with this preference policy. The donation or gift must be approved or accepted by the Board of Supervisors in accordance with County policy, or
4. Contracts exempt from solicitation requirements under an emergency condition in accordance with board policy, state law and/or the County of Santa Clara Ordinance Code (Section A34-82).

In order to be considered for Local Preference, proposer must complete and submit Declaration of Local Business with its RFP response.

REQUIREMENTS AND OFFEROR SUBMITTAL

V. REQUIREMENTS AND OFFEROR SUBMITTAL

This section contains requirements and relevant information Offerors should use for the preparation of their proposals. Offerors should thoroughly respond to each requirement.

A. OFFEROR'S CORPORATE INFORMATION**1. EXECUTIVE SUMMARY**

Include an executive summary which should be a one or two page summary intended to provide the Evaluation Committee with an overview of the significant business features of the proposal.

2. OFFEROR EXPERIENCE/INFORMATION

The Offeror shall include in their proposal a statement of relevant experience. The Offeror should thoroughly describe, in the form of a narrative, its experience and success in supplying computer peripherals, computer accessories and related services as well as the experience and success in the rollout of order flow and monitoring process and in providing an online commerce tool and product catalog.

In addition Offerors are required to provide the following information:

- a. Offerors shall provide the company name, business address, including headquarters, all local offices, co-location locations (city/state), and telephone numbers.
- b. Offerors shall provide the length of time they have been providing general technology equipment to public entities.
- c. Offerors shall indicate any offices or facilities located within the County of Santa Clara that substantially and directly enhances the Offeror's ability to perform the proposed contract.
- d. Offerors shall provide a description of the Offeror's organization, including names of principals, number of employees, client base, areas of specialization and expertise, and any other information that will assist the Evaluation Committee in formulating an opinion about the stability and strength of the organization.
- e. Offerors shall provide the name of the jurisdiction in which the Offeror is organized and the date of such organization.
- f. Offerors shall provide a discussion of the type and duration of the business relationship with the manufacturer(s) whose products are included in the proposed systems.

REQUIREMENTS AND OFFEROR SUBMITTAL

- g. Provide a complete disclosure if Offeror, its subsidiaries, parent, other corporate affiliates, or subcontractors have defaulted in its performance on a contract during the past five years which has led the other party to terminate the contract. If so, identify the parties involved and the circumstances of the default or termination.
- h. A list of any lawsuits filed against the Offeror, its subsidiaries, parent, other corporate affiliates, or subcontractors in the past five years and the outcome of those lawsuits. Identify the parties involved and circumstances. Also, describe any civil or criminal litigation or investigation pending.
- i. Offeror shall state all the cooperative purchasing programs where your company has been awarded an agreement.

3. FINANCIAL STABILITY/OFFEROR FINANCIAL INFORMATION

Offeror shall submit copies of the most recent years independently audited financial statements, as well as those for the preceding three years, if they exist. The submission shall include the audit opinion, balance sheet, income statement, retained earnings, cash flows, and notes to the financial statements. If independently audited financial statements do not exist for the Offeror, the Offeror shall state the reason and, instead, submit sufficient information such as the latest Dun and Bradstreet report to enable the Evaluation Committee to determine the financial stability of the Offeror. The Procurement Officer may request and the Offeror shall supply any additional financial information requested in a timely manner.

4. PAST PERFORMANCE (REFERENCES)

- a) The Offeror's proposal shall include three different external references from clients who have completed their projects in the last three years, who are willing to validate the Offeror's past performance on similar projects of size and scope.

Client references must include a description of the services provided and dates the services were provided.

- b) The Offeror's proposal shall also include recommendation letters from three different manufacturers that it currently represents.

The following are the minimum information required for all client references and manufacturer's recommendation:

- 1. Name of the contact person;
- 2. Name of the company or governmental entity;
- 3. Address of the contact person;
- 4. Telephone number of contact person;
- 5. Email address of the contact person;

REQUIREMENTS AND OFFEROR SUBMITTAL

5. INDEMNITY AND INSURANCE REQUIREMENTS

Offerors shall provide a certificate(s) of insurance or a copy insurance declaration page(s) with their proposals as written evidence of their ability to meet the insurance certificate and other applicable County insurance requirements in accordance with the provisions listed in Attachment 4 of the RFP. In addition, Offerors should provide a letter from an insurance agent or other appropriate insuring authority documenting their willingness and ability to endorse their insurance policies making the County an additional insured.

B. TECHNICAL AND SERVICE LEVEL REQUIREMENTS (APPENDIX A)

The County is seeking a Contractor to provide a complete solution to meet the technical and service level requirements as defined in Appendix A.

Offerors must submit a thorough narrative supported by references to the documentation in response to questions asked in Appendix A.

C. IMPLEMENTATION, CONTRACT MANAGEMENT, TRAINING and ONGOING SUPPORT (APPENDIX B)

Offerors must submit a thorough narrative discussing its planned methodology and approach for project implementation including pre and post-sales support, order and account administration, training, and support services.

D. COST PROPOSAL (APPENDIX C)

Offerors must complete all pages of the Appendix C, Proposal Cost Response Form and submit this in a sealed envelope with their proposal.

Appendix C, Proposal Cost Response Form, is provided in Microsoft Excel format to allow for easy input of data. This Excel spreadsheet must be included as a separate file in the CD media submitted which is to contain an electronic copy prepared in MS Office 2003 of the Offeror's complete proposal (Refer to Section III, Response Format and Organization, Item B, Original and Copies).

E. OTHER SUBMITTALS**1. NON-COLLUSION DECLARATION (APPENDIX D)**

Offerors shall complete and submit Non-collusion Declaration form with their proposal.

2. DECLARATION OF LOCAL BUSINESS (APPENDIX E)

Offerors shall complete and submit Declaration of Local Business form with their proposal, if applicable.

REQUIREMENTS AND OFFEROR SUBMITTAL

3. ASP SECURITY ASSESSMENT CHECKLIST (APPENDIX F)

Offerors shall complete and submit the ASP Security Assessment Checklist form with proposal, if applicable.

4. OFFEROR'S TERMS AND CONDITIONS (APPENDIX G)

Should Offerors object to any of the County's terms and conditions listed in Attachment 3, Offerors must propose specific alternative language and indicate the reason for their objection. The County may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions are not acceptable to the County. Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

In addition, Offerors must submit with their proposal any additional terms and conditions that they expect to have included in the contract negotiated with the County. Offerors must provide specific proposed wording and a brief discussion of the purpose and impact, if any. Include any applicable agreement, such as license, service level, maintenance, etc.

Appendix A
TECHNICAL AND SERVICE LEVEL REQUIREMENTS

APPENDIX A
TECHNICAL AND SERVICE LEVEL REQUIREMENTS

1. Products and Services

- a. List the major categories of the products you offer and the leading manufacturers within each category. Please provide volume data for products sold from those manufacturers.
- b. Describe your ability and willingness to refine a product category to further distinguish products into sub-categories.
- c. Describe your ability and willingness to offer products from manufacturers where you do not have existing resale relationships with.
- d. Indicate the major suppliers you source products from; Include your company's ranking with these sources.
- e. State your return policy; does your company handle returns on behalf of the manufacturers?
- f. Describe your ability to maintain its distribution rights for the life of the agreement.
- g. The list of manufactures/sources for the computer peripherals for which County purchased in the last three (3) years is provided for in Attachment 1.

Indicate those manufacturers/sources you would not be able to provide products for.

2. Pricing

- a. Describe the proposed pricing strategy using a fixed percentage discount from a manufacturer price list; an acquisition cost plus a percentage markup; or other objectively verifiable criteria. Denote where County's past purchase volumes may have been taken into consideration for discounts.
- b. State if the proposed pricing is the most favorable pricing offered by your company to local, state and higher educational agencies nationwide.
- c. Propose a mechanism whereby the County can automatically and independently verify the accuracy of the pricing.
- d. Propose a plan to adjust pricing as market conditions change.
- e. Detail any additional pricing incentives or rebates that may be available to the County.
- f. Where appropriate, the County may establish more advantageous direct agreements with manufacturers for frequently used products or product lines. Describe your capability to honor those pricing and/or preventing the product to be ordered through this agreement.
- g. If a lower price is available from another reseller for a particular product, what mechanism is available to ensure that the County pays the lower price? Will you do a price match?
- h. What is your capability in offering price reductions for large volume orders?
- i. What is your capability in offering deeper discounts on products or product lines if the County establishes internal standardization on that product or product line?

Appendix A
TECHNICAL AND SERVICE LEVEL REQUIREMENTS

3. Order Process

- a. Describe your company's ability and willingness to accept orders via various channels, such as phone, fax, e-mail, and online. Current County process must be accommodated and is as follows:
 - i. IT staff within County departments requests a quote by phone, e-mail, or online for the products they wish to purchase.
 - ii. Internal processes takes place where the fiscally responsible party approves the purchase.
 - iii. The approved order is entered into County SAP system.
 - iv. A Contract Release Purchase Order is generated by County SAP system and sent in along with the original quote via fax or e-mail.
- b. Discuss possible ways of improving and streamlining this process.
- c. Offeror shall clearly identify taxable and non-taxable items on all quotes and be willing to adjust the quote if it is found to be inaccurate.
- d. Describe your internal management system, with diagram if appropriate, for processing orders from point of customer contact through delivery and billing
- e. When are milestone dates, such as shipment and delivery, established; when would the County be notified of those dates?
- f. Describe your capability for limiting product orders based on internal standards established by the County. The standards may be based on product categories, manufacturer, product line, or specific products. How will you guarantee that only purchases within the scope of the agreement will be processed?
- g. Describe your capability for a workflow mechanism and approval process for product orders that are outside of the County standards and/or for orders over a certain dollar amount. The workflow process must start with quote generation time and ends with product delivery. The County wishes to implement an approval process for:
 - i. Products not on the County approved standards list
 - ii. Products over a certain dollar amount for a particular product category
 - iii. Products not on the standards list
- h. Describe your capability to exclude certain manufacturer products from purchases for a particular category or product.
- i. County prefers that the workflow and approval process to be done entirely electronically on the vendor's system. If this capability is not available, propose a mechanism where proper approval could be obtained prior to fulfilling an order for products not on the approved list.
- j. Describe any successful integration with customer ERP system such as SAP for streamlined ordering and billing.
- k. Describe the order tracking capabilities available to the County

4. Delivery of Products

- a. Describe accommodating delivery of the ordered product to a location of the County's choice.
- b. Provide options for expedited shipment of orders.
- c. Publish, in the order confirmation, the complete name, address and telephone number, including a contact name and web address of the service used for delivery of product.

Appendix A
TECHNICAL AND SERVICE LEVEL REQUIREMENTS

5. Invoicing and Billing

- a. The successful Offeror must invoice each order individually. A bill-to address will be provided on all written orders (Contract Release Purchase Orders). At a minimum, the invoice must contain the following information: invoice number, invoice date, remit to address, ship-to address, bill-to address, Contract Release Purchase Order number, quantity, part number, description of service/product, list price, unit price, extension price, sales tax, invoice total, payment terms, and discounts provided.
- b. Incorrect payment disputes must be reported within 30 days of receipt of payment.

6. Services and Reporting

- a. Offeror shall be the primary point of contact for all contractual matters and immediately resolve any issues that may arise, including those involving the manufacturer and/or the shipping company.
- b. Offeror must identify each County agency, by the County assigned budget unit, as a separate customer within the County organization. Departments and agencies may be added or modified as necessary to reflect changes in County's organizational structure.
- c. Please provide the expected Service Level Agreement (SLA) metrics:
 - i. Response time
 - ii. Delivery Date
 - iii. Fill Rate
 - iv. Report timeliness
 - v. Customer Satisfaction
- d. Describe the escalation procedure and customer complaints resolution process.
- e. Describe your reporting capabilities to include the length the report data is kept, what fields are being recorded, and what fields the County can report on.
- f. Please provide any suggested improvements and alternatives for doing business with your company that will make this arrangement more cost effective for the County
- g. Describe any asset management capabilities that will be available to assist the County in determining maintenance renewal dates as well as warranty eligibility for all items purchased.
- h. Offeror must provide renewal notices for services purchased through this agreement. Please indicate your SLA for this process.

7. Website

- a. Discuss your ability to develop and support a website specific to the County ("Website") including but not limited to the following capabilities
 1. Contract, contacts, training material and other general information
 2. Online Catalog with product search capability
 3. Online product quotes
 4. Order history and order status
 5. Online reports
 6. Secure access
 7. Others

Appendix A
TECHNICAL AND SERVICE LEVEL REQUIREMENTS

8. Warranty

- a. Offeror shall clearly display all warranty information for products ordered on the quote as well as the invoice.
- b. Offeror must accept and honor all manufacturer warranties and will be the primary point of contact in resolving all warranty issues that may arise. If a product is under warranty, the successful proposer must immediately replace the product or component at no cost to the County.
- c. The term of any maintenance cannot exceed the term of the contract. Maintenance added during a contract term will be prorated to the end of the contract term.

8. Value Added Services

- a. Describe any environmental initiatives by your company and how it may align with the County's green initiatives.
- b. Describe any pre-sale capabilities available at no cost to the County.
- c. Describe any warranties that you provide beyond what is offered by the product manufacturers.
- d. List any additional value added services offered at no cost to the County.

Appendix B
IMPLEMENTATION, CONTRACT MANAGEMENT, TRAINING AND ONGOING SUPPORT

APPENDIX B
IMPLEMENTATION, CONTRACT MANAGEMENT, TRAINING, AND ONGOING SUPPORT

This section is for Offerors to discuss its methodology and approach for the implementation and rollout of an order flow and monitoring process and the Website for the County. The response to this Section will form the Offeror's proposal Statement of Work.

1. Project Implementation Plan and Project Management Team

- a. Offeror must provide an explanation of how it will support the project requirements and logically lead to the required deliverables. The description shall include the organization of the project team, including accountability and lines of authority.
- b. Describe services to be provided to during the implementation and rollout phase and on an ongoing basis to ensure acceptable Service Level Agreement (SLA).
- c. Describe how the relationship between the County and Offeror will be managed from an account and technical support perspective.
- d. Describe what is required of the County to ensure the successful implementation and rollout; and ongoing support and SLA management.
- e. Include the steps that will be undertaken to identify and resolve any issues or problems before, during and after the implementation.
- f. Include a list of proposed project staff and key personnel.
- g. Provide resumes, experience narratives and at least one reference for key personnel who will be assigned to the project, if awarded the contract.
- h. Explain the relationship of the project management team with the Offeror, including job title and years of employment with the Offeror; role to be played in connection with the proposal; relevant certifications and experience.

2. Project Work Plan

Include a detailed work plan for the implementation and rollout of the order flow and monitoring process and Website.

- a. **Task Level** -The plan shall include all activities necessary for a successful project down to the task level. No task can exceed more than eighty hours in the work plan.
- b. **Identify All Resources** - The plan shall clearly identify all Offeror (including subcontractors) and County resources required to successfully complete the project. Provide job descriptions and the number of personnel to be assigned to tasks supporting implementation of the project. Identify County resources needed for each task.

Appendix B

IMPLEMENTATION, CONTRACT MANAGEMENT, TRAINING AND ONGOING SUPPORT

- c. **Deliverables** – describe the deliverables of each task.
- d. **Time lines** – describe the timeline of each task.
- e. **Acceptance criteria** – describe the criteria used to determine completion of each task.
- f. **Plan Progress Charts** - The plan shall include appropriate progress/Gantt charts that reflect the proposed schedule and all major milestones. A sample project plan shall be submitted using Microsoft Project.

3. Training Plan

- a. Describe the type and quantity of training that may be provided during the rollout for order flow and monitoring process. The description must include:
 - i. The methods by which training will be provided e.g. online, on-site, webcast, self-paced online courses etc.;
 - ii. Audience for the training
- b. Include a description for any training material that is provided on the Website.

4. Documentation

Describe and documentation that may be provided as part of the implementation and rollout.

5. Acceptance Test Plan

Include an acceptance test plan. The plan shall individually address each component of the order flow and monitoring process and Website.

6. Risk Management

Offeror must complete and submit Appendix F- ASP Security Assessment Checklist.

7. On-Going Service and Support

Describe the ongoing services and support after the initial rollout and implementation for order flow and monitoring process as well as the website including but not limited to the following:

- a. Provide the normal hours and describe the channels (phone, email, web, etc.) for support. Describe how after hours support is provided.

Appendix B

IMPLEMENTATION, CONTRACT MANAGEMENT, TRAINING AND ONGOING SUPPORT

- b. Describe the support and escalation process, including response times.
- c. Describe your service levels, how you track them and provide recommendations for non-performance remedies to be put in place as part of a contract that would be established as a result of this RFP.
- d. Explain if there is a user group. If yes, explain how often they meet and where the meetings are held. Include if the user group is a separate independent organization or funded and organized by the Offeror.

8. Value Added Services (Optional)

Offerors are encouraged but not required to propose any optional value added services they believe would help the County effectively implement the master agreement for the provision of computer peripherals, accessories and related services to the County as well as to ensure a successful business partnership between the County and contractor.

Information provided in this section must be directly relevant to the provision of computer peripherals, accessories and related services to the County and not exceed two (2) pages in length.

RFP-PRO-FY12-0140

APPENDIX C - PROPOSAL COST RESPONSE FORM

Instructions to Offeror:

The sample SKUs listed below will be used to evaluate pricing.

(A) Following your response to Appendix A.2, *Pricing*, please indicate the actual selling price to the County, FOB Destination, freight prepaid and allowed.

(B) Indicate the method of pricing strategy used and how price was determined.
If quoting based upon a discount off manufacturer's list, indicate the manufacturer's list price and state where this is based from.

(C) For those products listed below where service is available, (Additional Warranty, Maintenance Plan, etc.), Indicate the services available and associated price.

#	Manufacturer	Description	Mftr P/N	(A) Actual Selling Price	(B) Pricing Strategy	(C) Services and Prices
1	Axis Communications	AXIS P3301-V Network Camera - Network camera - dome - vandal-proof - color - auto iris - vari-focal - audio - 10/100	19374207			
2	Barracuda Networks	Barracuda Web Filter 410 - Firewall - Ethernet, Fast Ethernet - 1U - rack-mountable with 3 years Energize Updates Subscription	BYF410A3			
3	Belkin	Belkin Omniview SMB 1x8 KVM-over-IP Switch - KVM switch - PS/2 - CAT5 - 8 x KVM port(s) - 1 local user - 1 IP user - desktop - with 8x Belkin OmniView SMB Server Interface Module USB	19789892

APPENDIX E DECLARATION OF LOCAL BUSINESS

Santa Clara County gives local businesses a preference in formal solicitations of goods and services as set forth in the Board Policy, Section 5.3.13. A bidder or proposer has the option of qualifying for the preference by self-declaring its qualification as a "local business." By signing below, the bidder or proposer is certifying its qualification as a "local business" for purposes of application of Santa Clara County's policy and is deemed to be applying for the local preference.

All information submitted is subject to investigation, as well as to disclosure to third parties under the California Public Records Act. Incomplete, unclear, or incomprehensible responses to the following will result in the bid or proposal not being considered for application of Santa Clara County's local preference policy. False or dishonest responses will result in rejection of the bid or proposal and curtail the firm or individual's ability to conduct business with the County in the future. It may also result in legal action.

Provide the complete physical address of your business with meaningful "production capability" located within the boundary of the County of Santa Clara. The term "production capability" means sales, marketing, manufacturing, servicing, or research and development capability that substantially and directly enhances the firm's/bidder's/proposer's ability to perform the proposed contract. Post Office box numbers and/or residential addresses may not be used as the sole bases for establishing status as a "Local Business." If you have more than one physical address in Santa Clara County, please provide an attachment with all of the addresses in the form specified below.

Business Name: _____

Street: _____

City/State: _____ Zip Code: _____

Please Indicate Business Organization (Check One)

By filling this form, bidder/proposer declares its qualification as a local business as defined in County of Santa Clara Board Policy, Section 5.3.13.

The undersigned declares that he or she is an official/agent of responding firm or individual and is empowered to represent, bind, and execute contracts on behalf of the firm or individual.

The undersigned declares under penalty of perjury, under the laws of the State of California, that all statements in this Exhibit and response are true and correct, with full knowledge that all statements are subject to investigation and that any incomplete, unclear, false or dishonest response may be grounds for denial or revocation of the accompanying bid or proposal and may result in being barred from doing business with Santa Clara County as well as additional legal consequences.

APPENDIX F - ASP SECURITY ASSESSMENT CHECKLIST

OVERALL INSTRUCTIONS

The following checklist identifies the baseline security criteria that need to be considered when an ASP or SaaS-based (Application Service Provider or Software-as-a-Service) application solution is being evaluated. This checklist should be included in RFPs issued to Vendors when a Department is considering an ASP or SaaS solution. The same checklist can also be used to evaluate the security of *existing* ASP/SaaS implementations that may not have been subjected to a security review process prior to implementation. In both of these cases, the Department and the County CIO's Office designee will review the Vendor's responses in order to determine whether adequate security is provided by the Vendor's proposed solution.

In general, the greater the risk involved in implementing an ASP or SaaS model, the greater the requirement for demonstrating that the Vendor is in compliance with County policies. The following material is provided as suggestions for evaluating these application solutions, rather than as hard requirements in which each standard must be complied with in full.

The situation for each Department considering the use of an ASP or SaaS implementation will be unique, and the overall security requirements for such applications should be based on the classification level of the data involved, on the Department's unique business requirements, and on the overall security measures that are in place. For example, if electronic Protected Health Information (ePHI) data will be processed by the application, more stringent HIPAA regulations should be applied.

For Vendors completing the attached checklist, note that *detailed responses* are required, and not just simple "yes" or "no" answers. Enough information must be provided to allow a valid comparison between Vendor practices and those required by the County.

Other "proof" that a particular Vendor meets County security guidelines might include the following:

- A signed statement from the Vendor
- A signed attestation from a responsible third-party, such as a Vendor specializing in conducting security audits/assessments
- Provision of a copy of any relevant documents (e.g., the required IT Security Policy and Business Continuity Plan)

ASP/SaaS Security Assessment Checklist

APPLICATION NAME: _____

VENDOR NAME: _____

ASP/SAAS SECURITY ASSESSMENT CHECKLIST

Briefly describe the purpose of the application. Include an overview of the application architecture, and identify the data that will be 1) stored on the application server at the Vendor site, and 2) that will be transmitted between the application and the County. Also include information on the user authentication process.

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate This Risk	Comments
16.3.4	The Vendor has a written Disaster Recovery Plan that offers a viable approach to restoring operations following an emergency situation.			
16.3.4a	The Vendor site has adequate, redundant physical and/or logical network connectivity to ensure continued operations following a network failure.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
16.3.4b	The Vendor performs system/application database backups on a schedule that is consistent with the importance of the application.			
16.3.4b	Backup media are treated with a level of security commensurate with the classification level of the data they contain.			
16.3.4c	Vendor servers are closely monitored for both performance and availability.			
16.3.4d	The Vendor is willing to sign a Service level Agreement (SLA) that is consistent with the importance of the application to the County.			
16.3.5	The Vendor has a formal, written Security Policy, and is willing to provide a copy of this policy to the County on request.			
16.3.5a	If users access the application directly on the Vendor server, user authentication involves more than a simple User ID/password combination, such as one-time password technology.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
16.3.5b	Once granted access, Users are limited to authorized activities only; i.e., customers are prevented from accessing either applications or data that belong to other customers.			
16.3.5c	Vendor network connectivity is protected by firewalls, intrusion detection/ prevention systems, etc. designed to protect against attack.			
16.3.5d	The equipment hosting the Department's application is located in a physically secure facility that employs access control measures, such as badges, card key access, or keypad entry systems.			
16.3.5d	Vendor servers are kept in locked areas/cages that limit access to authorized personnel.			
16.3.5e	Vendor staff is bonded, and/or have been subjected to background checks.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
16.3.5f	Vendor servers are hardened against attack, and operating system and security-related software patches are applied regularly.			
16.3.5f	Commercially available anti-virus software is used on the servers, and is maintained in a current state with all updates.			
16.3.5g	Vendor servers are monitored on a continuous basis, and logs are kept of all activity.			
16.3.5g, 16.3.5h, 16.3.5i	The Vendor is willing to report security breaches and/or security issues to the County.			
16.3.5h	The Vendor conducts regular vulnerability assessments, using viable third-party organizations, designed to assess both the Vendor's network infrastructure and the individual servers that host applications.			
16.3.5h	The Vendor implements "fixes" to correct vulnerabilities discovered during security audits.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
16.3.5i	The Vendor has a formal, written Incident Response Plan.			
N/A	(Desirable) The network infrastructure hosting the Department application is “air-gapped” from any other network or customer that the Vendor may have. This means that in an ideal situation, the application environment used by the County uses a separate, dedicated server and a separate network infrastructure.			
N/A	Identify the APIs that may be part of the solution, and indicate industry standards or best practices employed to ensure security of the data and the integration (e.g., web services, directory services, XML, scripting, etc.)			
N/A	What application security standards, if any, are followed? (e.g., OASIS, WC3, etc.).			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
N/A	If the application processes credit card information, has the application been certified as PCI compliant? Include information on the level of compliance (e.g., Merchant Level 2) and how the application has been certified.			
Policy 13.0, Encryption	Data “in motion,” including user authentication information and credentials, are encrypted.			
Policy 13.0, Encryption	Data “at rest” (stored on the application server), including user authentication information and credentials, are encrypted.			
Policy 13.0, Encryption	Encryption or hashing algorithms utilized by the Vendor application infrastructure use standard algorithms that have been published and evaluated by the general cryptographic community.			
N/A	The Vendor is willing to permit on-site visits by County staff in order to evaluate security measures in place.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
N/A	If the Vendor will be connecting to the County via a private connection (such as a dedicated T1 circuit), the Vendor agrees that the circuit will terminate on the County's extranet, and operation of the circuit will fall within the policies related to network connections from non-County entities.			
N/A	If access to the application uses the Internet, data traffic between the County and the Vendor is protected through the implementation of SSL-VPN or equivalent technology.			

County CIO's Office Approval: _____

Title: _____

Date: _____

APPENDIX G OFFEROR'S TERMS AND CONDITIONS

Should an Offeror object to any of the County's terms and conditions in Attachment 3, Offeror must propose specific alternative language and indicate the reason for the objection. The County may or may not accept the alternative language. General references to the Offeror's terms and conditions or attempts at complete substitutions are not acceptable to the County. Offerors must provide a brief discussion of the purpose and impact, if any, of each proposed change followed by the specific proposed alternate wording.

In addition, Offerors must submit with their proposal any additional terms and conditions that they expect to have included in the contract negotiated with the County. Offerors must provide specific proposed wording and a brief discussion of the purpose and impact, if any. Include any applicable agreement, such as license, service level, maintenance, etc.

Chief Manufacturing	Chief CYNERGY Swing Arm Mount JWP-VS - Mounting kit (tilt/pivot wall mount) for flat panel - silver - screen size: 26" - 40" - mounting interface: 100 x 100 mm, 100 x 200 mm, 200 x 200 mm - wall-mountable		JWPVS	Hardware	1
Cisco Systems	Cisco - SFP (mini-GBIC) transceiver module - 1000Base-SX - plug-in module - up to 550 m - 850 nm		GLC-SX-MM=	Hardware	6
Cisco Systems	Linksys EtherFast 10/100 5-Port Workgroup Switch EZXS55W - Switch - 5 ports - Ethernet, Fast Ethernet - 10Base-T, 100Base-TX + 1x10/100BaseTX - external		EZXS55W	Hardware	5
Cisco Systems	Flip Video UltraHD 2hrs - Camcorder - High Definition - widescreen - 0.92 Mpix - flash card - black			Hardware	1

Cisco Systems	Linksys Instant Gigabit 8-Port Workgroup Switch - Switch - 8 x 10/100/1000 - desktop			Hardware	10
Cisco Systems	Linksys Wireless-N Ethernet Bridge with Dual-Band WET610N - Bridge - 802.11 a/b/g/n (draft 2.0) - desktop		WET610N	Hardware	2
COBY Electronics	COBY CS-P14 - Portable speakers		CSP14	Hardware	4
COBY Electronics	COBY CV E05 - Headphones (ear-bud)			Hardware	50
COBY Electronics	COBY CV H56 - Headphones (semi-open)			Hardware	40
COBY Electronics	2 Channel DVD Player		DVD233BLK	Hardware	1
COBY Electronics	7In Portable Dvd/Cd/Mp3 Player		TFDVD7009	Hardware	6
ColorTrac	ISIS drivers for Gx scanner		P002167	Hardware	1
Comfortmaker	Comfortmakers Adjustable Lumbar Support Cushion		92041	Hardware	1
CommVault Systems	1 YR Maint for IB 1050-A with Network Services One with Grid		IB-MAIN-1050-A-NS1GRID-01	Service	2
ComputerCableStore	30M Multimode Duplex Fiber Optic Patch Cable (50/125) - LC to LC		BZAA030M	Hardware	20
Contour Design	Roller Ergonomic Mouse Pro (Black)		RM-PRO2-BLK	Hardware	5
Contour Design	Contour RollerMouse PRO2 - Rolling bar - wired - PS/2, USB - black		RM-PRO2-BLK	Hardware	4
Cooler Master	HYPER N520 HEATPIPE CPU COOLER		RR-920-N520-GP	Hardware	1
Corsair Microsystems	Corsair Flash Voyager GTR - USB flash drive - 64 GB - Hi-Speed USB		CMFVYA64GBGT2	Hardware	1
Covert	DVR Camcorder Pen Camera Recorder (8GB)		017-VP-C-8G	Hardware	2
CradlePoint Technology	FAILSAFE GIGABIT N ROUTER FOR MIBILE BROADBAND		MBR1200CP	Hardware	3
Creative Technology	Creative GigaWorks T20W Series II - PC multimedia speakers - 28 Watt (total) - 2-way - black			Hardware	1
Crucial Technology	MEMORY FOR DC770, DDR2 PC2-5300		CT613361	Hardware	7
Crucial Technology	ThinkPad T60 Series (Type 2613) DDR2 PC2-5300		CT517014	Hardware	1
Crucial Technology	Crucial - Memory - 1 GB - DIMM 240-pin - DDR2 - 667 MHz / PC2-5300 - CL5 - 1.8 V - unbuffered - non-ECC		CT12864AA667	Hardware	72
Crucial Technology	Business Notebook nc8430 Memory		CT541684	Hardware	1
Crucial Technology	2GB KIT (1GBx2) DDR2 PC2-5300		CT540877	Hardware	1
Crucial Technology	4GB kit (2GBx2) DDR2 PC2-5300 • CL=5 • Single Ranked • Registered • ECC • DDR2-667 • 1.8V • 256Meg x 72 •		CT850337	Hardware	2

Crucial Technology	dc7600 Series Convertible Minitower DDR2 PC2-5300 • CL=5 • Unbuffered • NON-ECC • DDR2-667 • 1.8V • 128Meg x 64 •			Hardware	4
Crucial Technology	DDR2 PC2-5300 • CL=5 • Unbuffered • NON-ECC • DDR2-667 • 1.8V • 128Meg x 64 • Module			Hardware	2
Crucial Technology	4GB kit (2GBx2), 200-pin SODIMM, DDR2 PC2-6400 memory module			Hardware	1
Crucial Technology	4GB, 240-pin DIMM, DDR2 PC2-5300 memory module		CT570431	Hardware	1
Crucial Technology	Crucial - Memory - 4 GB : 2 x 2 GB - SO DIMM 200-pin - DDR2 - 667 MHz / PC2-5300 - unbuffered - non-ECC		CT2KIT25664AC667	Hardware	1
Crucial Technology	Crucial - Memory - 8 GB : 2 x 4 GB - FB-DIMM 240-pin - DDR2 - 667 MHz / PC2-5300 - CL5 - 1.8 V - fully buffered - ECC		CT570429	Hardware	1
Crucial Technology	4GB, 240-pin DIMM, DDR2 PC2-5300 memory module		CT570431	Hardware	1

Hewlett Packard	HP Color LaserJet 5500/5550 image transfer kit - Includes th			Hardware	1
Hewlett Packard	HP LaserJet P4015tn - Printer - B/W - laser - Legal - 1200 dpi x 1200 dpi - up to 52 ppm - capacity: 1100 sheets - USB, 1000Base-T			Hardware	1
Hewlett Packard	HP LaserJet Pro M1536dnf - Multifunction (fax / copier / printer / scanner) - B/W - laser - copying (up to): 15 ppm - printing (up to): 26 ppm - 250 sheets - Hi-Speed USB, 10/100 Base-TX			Hardware	1
Hewlett Packard	Battery (Primary) 8 Cell Lithium-Ion (Li-Ion) 14.4vdc, 73wh			Hardware	1
Hewlett Packard	HP DesignJet T1200ps - 44" large-format printer - color - ink-jet - Roll (111.8 cm) - 2400 dpi x 1200 dpi up to 2.14 ppm (color) - USB, 1000Base-T			Hardware	1
Hewlett Packard	HP C4192A - Toner cartridge - 1 x cyan - 6000 pages			Hardware	1

Hewlett Packard	HP C4193A - Toner cartridge - 1 x magenta - 6000 pages			Hardware	1
Hewlett Packard	HP C4194A - Toner cartridge - 1 x yellow - 6000 pages			Hardware	1
Hewlett Packard	HP C4191A - Toner cartridge - 1 x black - 9000 pages			Hardware	1
Hewlett Packard	HP - Plain paper - Roll A1 (61.0 cm x 45.7 m) - 90 g/m2 - 1 roll(s)			Hardware	2
Hewlett Packard	HP USB Optical Scroll Mouse - Mouse - optical - 3 button(s) - wired - USB - Smart Buy			Hardware	45
Hewlett Packard	Electronic HP Care Pack Next Day Exchange Hardware Support - Extended service agreement - replacement - 3 years - shipment - NBD			Service	1
Hewlett Packard	HP - Media tray / feeder - 500 sheets in 1 tray(s)		CB518A	Hardware	2
Hewlett Packard	HP Color LaserJet CP2025n - Printer - color - laser - Legal - 600 dpi x 600 dpi - up to 21 ppm (mono) / up to 21 ppm (color) - capacity: 300 sheets - USB, 10/100Base-TX		CB494A#ABA	Hardware	1
Hewlett Packard	HP LaserJet P2055d - Printer - B/W - duplex - laser - Legal - 1200 dpi x 1200 dpi - up to 35 ppm - capacity: 300 sheets - USB		CE457A#ABA	Hardware	10
Hewlett Packard	HP 05X Dual Pack - Toner cartridge - 2 x black - 6500 pages		CE505XD	Hardware	5
Hewlett Packard	HP 05X Dual Pack - Toner cartridge - 2 x black - 6500 pages		CE505XD	Hardware	5
Hewlett Packard	HP DesignJet T2300ps eMFP - Large-format printer - color - ink-jet up to 41 sq.m/hour (color) - USB, 1000Base-T		CN728A#B1K	Hardware	1
Hewlett Packard	HP - Disk drive - DVD±RW (±R DL) / DVD-RAM - Serial ATA - internal - 5.25" - LightScribe		AR630AA	Hardware	1
Hewlett Packard	HP - Sheet stacker/stapler		CB522A	Hardware	1
Hewlett Packard	Fluorscent Lamp		Q1277-60013	Hardware	1
Hewlett Packard	HP - Power adapter - AC 110/220 V - 30 Watt		QK186AA	Hardware	21
Hewlett Packard	HP UNIVERSAL RACK 10642 G2 SHOCK RACK		AF002A	Hardware	1
Hewlett Packard	HP - Power adapter - AC 110/220 V - 30 Watt		QK186AA	Hardware	5
Hewlett Packard	HP PCI Express Riser Kit - Riser card		500579-B21	Hardware	1
Hewlett Packard	HP Color LaserJet CP2025n - Printer - color - laser - Legal - 600 dpi x 600 dpi - up to 21 ppm (mono) / up to 21 ppm (color) - capacity: 300 sheets - USB, 10/100Base-TX		CB494A#ABA	Hardware	2
Hewlett Packard	HP - LTO Ultrium 4 - 800 GB / 1.6 TB - storage media		C7974A	Hardware	30

Hewlett Packard	HP Officejet Pro 8500A Plus e-All-in-One - Multifunction (fax / copier / printer / scanner) - color - ink-jet - copying (up to): 35 ppm (mono) / 34 ppm (color) - printing (up to): 35 ppm (mono) / 34 ppm (color) - 250 sheets - 33.6 Kbps - Hi-Speed USB, 10/100 Base-TX, 802.11b, 802.11g, 802.11n, USB host		CM756A#B1H	Hardware	1
Hewlett Packard	HP Professional Series Messenger - Notebook carrying case - 15.6"		AT888AA	Hardware	29
Hewlett Packard	HP 38A - Toner cartridge - 2 x black - 12000 pages		Q1338D	Hardware	3
Hewlett Packard	HP Smart - Power adapter - AC 100-240 V - 90 Watt - PFC		613153-001	Hardware	1
Hewlett Packard	HP LaserJet P2055dn - Printer - B/W - duplex - laser - Legal - 1200 dpi x 1200 dpi - up to 35 ppm - capacity: 300 sheets - USB, 1000Base-T		CE459A#ABA	Hardware	2
Hewlett Packard	HP - Drum kit - 20000 pages		Q3964A	Hardware	1
Hewlett Packard	HP 43X - Toner cartridge - 1 x black - 30000 pages		C8543X	Hardware	1
Hewlett Packard	HP Officejet 100 Mobile Printer - Printer - color - ink-jet - Legal - 600 dpi x 600 dpi - up to 22 ppm (mono) / up to 18 ppm (color) - capacity: 50 sheets - USB, Bluetooth		CN551A#B1H	Hardware	1
Hewlett Packard	HP Officejet 100 Mobile Printer - Printer - color - ink-jet - Legal - 600 dpi x 600 dpi - up to 22 ppm (mono) / up to 18 ppm (color) - capacity: 50 sheets - USB, Bluetooth		CN551A#B1H	Hardware	1
Hewlett Packard	LaserJet 4250/4350 Maintenance Kit - 120 VAC		Q5421-67903	Hardware	1
Hewlett Packard	HP DesignJet T1300 ePrinter - 44" large-format printer - color - ink-jet - Roll (111.8 cm) - 2400 dpi x 1200 dpi up to 41 sq.m/hour (color) - USB, 1000Base-T		CR651A#B1K	Hardware	1
Hewlett Packard	Battery (Primary) - 8-cell lithium-ion (Li-Ion), 2.55Ah, 73Wh		493976-001	Hardware	1
Hewlett Packard	HP ADD2 SDVO PCIe DVI-D Adapter - Add-on interface board - SDVO low profile - DVI		DY674A	Hardware	2
Hewlett Packard	HP - Staple cartridge - 3 - 1000 pcs.		Q3216A	Hardware	2
Hewlett Packard	HP USB Optical Scroll Mouse - Mouse - optical - 3 button(s) - wired - USB - Smart Buy		DC172AT	Hardware	5
Hewlett Packard	HP LaserJet P2055dn - Printer - B/W - duplex - laser - Legal - 1200 dpi x 1200 dpi - up to 35 ppm - capacity: 300 sheets - USB, 1000Base-T		CE459A#ABA	Hardware	2

Hewlett Packard	HP Color LaserJet CP2025n - Printer - color - laser - Legal - 600 dpi x 600 dpi - up to 21 ppm (mono) / up to 21 ppm (color) - capacity: 300 sheets - USB, 10/100Base-TX		CB494A#ABA	Hardware	1
Hewlett Packard	HP Analog Fax Accessory 300 - Fax interface card		Q3701A#484	Hardware	1
Hewlett Packard	HP LaserJet Enterprise P3015dn - Printer - B/W - duplex - laser - Legal - 1200 dpi x 1200 dpi - up to 42 ppm - capacity: 600 sheets - USB, 1000Base-T		CE528A#ABA	Hardware	1
Hewlett Packard	HP - Hard drive - 750 GB - hot-swap - 3.5" - SATA-300 - 7200 rpm		461288-001	Hardware	1
Hewlett Packard	HP LaserJet P4014n - Printer - B/W - laser - Legal - 1200 dpi x 1200 dpi - up to 45 ppm - capacity: 600 sheets - USB, 1000Base-T		CB507A#ABA	Hardware	1
Hewlett Packard	HP - Scanner roller kit		L2707A#101	Hardware	2
Hewlett Packard	HP V1810-24G Switch - Switch - managed - 24 x 10/100/1000 + 2 x shared SFP - desktop		J9450A#ABA	Hardware	1
Hewlett Packard	HP - Printer battery		Q5599A	Hardware	2
Hewlett Packard	HP Deskjet 6940 - Printer - color - ink-jet - Legal - 1200 dpi x 1200 dpi - up to 36 ppm (mono) / up to 27 ppm (color) - capacity: 150 sheets - USB, Ethernet, direct print USB		C8970A#B1H	Hardware	10
Hewlett Packard	HP - Power cable - 1.83 m - black		490371-001	Hardware	1
Hewlett Packard	HP - Hard drive - 750 GB - hot-swap - 3.5" - SATA-300 - 7200 rpm		461288-001	Hardware	2
Hewlett Packard	HP - Scanner roller kit		L2707A#101	Hardware	2
Hewlett Packard	HP - Scanner automatic document feeder cleaning cloth kit		C9943B#101	Hardware	4
Hewlett Packard	HP Mini - Notebook carrying case - 12.1"		VX402AA	Hardware	10
Hewlett Packard	HP Wireless Elite Desktop Keyboard and Mouse - Keyboard - wireless - mouse - USB wireless receiver		FQ481AA#ABA	Hardware	26
Hewlett Packard	Electronic HP Care Pack Next Business Day Hardware Support - Extended service agreement - parts and labor - 3 years - on-site - NBD		UX901E	Service	1
Hitachi	3.5in 25.4MM 2000GB 32MB 7200RPM SATA		0F10311	Hardware	1
Hitachi	G-Tech G-SPEED eS PRO - Hard drive array - 8 TB - 4 bays (SATA-300) - 4 x HD 2 TB - Serial Attached SCSI (external) with G-Tech PCIe RAID controller			Hardware	1

Hitachi	G-Tech - Storage controller (RAID) - 2 Channel - SAS - RAID 0, 1, 3, 5, 6, JBOD - PCI Express x8			Hardware	1

ATTACHMENT 3
COUNTY OF SANTA CLARA STANDARD TERMS AND CONDITIONS
FOR AGREEMENT FOR GOODS AND RELATED SERVICES

1. NON-EXCLUSIVE AGREEMENT

The Agreement does not establish an exclusive contract between the County and the Contractor. The County expressly reserves rights to, without limitation, the following: the right to utilize others to provide products, support and services; the right to request proposals from others with or without requesting proposals from the Contractor; and the unrestricted right to bid any such product, support or service.

2. PRODUCTS

Contractor agrees to provide the County all goods on terms set forth in the Agreement, including all Exhibits that are attached to the Agreement and incorporated, as well as all necessary equipment and resources. However, this Agreement does not provide authority to ship goods. That authority shall be established by contract release purchase orders placed by the County and sent to Contractor throughout the term of the Agreement. Each and every contract release purchase order shall incorporate all terms of this Agreement and this Agreement shall apply to same.

ANY ADDITIONAL OR DIFFERENT TERMS OR QUALIFICATIONS SENT BY CONTRACTOR, INCLUDING, WITHOUT LIMITATION, IN MAILINGS, ATTACHED TO INVOICES OR WITH ANY GOODS SHIPPED, SHALL NOT BECOME PART OF THE CONTRACT BETWEEN THE PARTIES. COUNTY'S ACCEPTANCE OF CONTRACTOR'S OFFER IS EXPRESSLY MADE CONDITIONAL ON THIS STATEMENT.

Contractor shall provide to the County, all documentation and manuals relevant to the goods to be supplied, at no additional cost. Such documentation and shall be delivered either in advance of the delivery of goods or concurrently with the delivery of goods.

Employees and agents of Contractor, shall, while on the premises of the County, comply with all rules and regulations of the premises, including, but not limited to, security requirements.

If required, Contractor shall be responsible for installation, training and knowledge transfer activities in relation to the goods being supplied.

All equipment shall be delivered to a County site specified in the contract release purchase order, or if not so specified therein, in the Statement of Work/Specifications.

Contractor holds itself out as an expert in the subject matter of the Agreement. Contractor represents itself as being possessed of greater knowledge and skill in this area than the average person. Accordingly, Contractor is under a duty to exercise a skill greater than that of an ordinary person, and the manner in which performance is rendered will be evaluated in light of the Contractor's superior skill. Contractor shall provide equipment and perform work in a professional manner consistent, at minimum, with industry standards.

Contractor represents that all prices, warranties, benefits and other terms being provided hereunder are fair, reasonable and commensurate with the terms otherwise being offered by Contractor to its current customers ordering comparable goods and services.

County does not guarantee any minimum orders.

Spend figures, if provided, are approximate, and based upon both projected and historical data.

3. NECESSARY ACTS AND FURTHER ASSURANCES

The Contractor shall at its own cost and expense execute and deliver such further documents and instruments and shall take such other actions as may be reasonably required or appropriate to evidence or carry out the intent and purposes of this Agreement.

4. COUNTING DAYS

Days are to be counted by excluding the first day and including the last day, unless the last day is a Saturday, a Sunday, or a legal holiday, and then it is to be excluded.

5. PRICING

Unless otherwise stated, prices shall be fixed for the term of the Agreement, including all extensions. If any product listed in this Agreement is discontinued or upgraded prior to delivery, Contractor shall extend the same pricing towards a comparable replacement which is functionally equivalent or an upgraded version.

Exhibit B of the Agreement is the basis for pricing and compensation throughout the term of the Agreement.

Notwithstanding the above, if at any time during the term of the Agreement the Contractor offers special, promotional or reduced pricing when compared with the price paid by the County, County shall benefit from that pricing, and that pricing shall apply to the County at the same time that is offered to other entities. Contractor is required, on an ongoing basis, to inform the County of any such special, promotional or reduced pricing.

6. MODIFICATION

This Agreement or any contract release purchase order may be supplemented, amended, or modified only by the mutual agreement of the parties. No supplement, amendment, or modification of this Agreement contract release purchase order will be binding on County unless it is in writing and signed by County's Procurement Director.

7. TIME OF THE ESSENCE

Time is of the essence in the delivery of goods by Contractor under this Agreement and any contract release purchase order. In the event that the Contractor fails to deliver goods and/or services on time, the Contractor shall be liable for any costs incurred by the County because of Contractor's delay. For instance, County may purchase or obtain the goods and/or services elsewhere and the Contractor shall be liable for the difference between the price in the Agreement and the cost to the County; or County may terminate on grounds of material and Contractor shall be liable for County's damages.

The Contractor shall promptly reimburse the County for the full amount of its liability, or, at County's option, the County may offset such liability from any payment due to the Contractor under any contract with the County.

The rights and remedies of County provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law. The acceptance by County of late or partial performance with or without objection or reservation shall not waive the right to claim damage for such breach nor constitute a waiver of the rights or requirements for the complete and timely performance of any obligation remaining to be performed by the Contractor, or of any other claim, right or remedy of the County.

8. HAZARDOUS SUBSTANCES

If any product being offered, delivered or supplied to the County is listed in the Hazardous Substances List of the Regulations of the Director of Industrial Relations with the California Occupational Safety and Health Standards Board, or if the product presents a physical or health hazard as defined in the California Code of Regulations, General Industry Safety Order, Section 5194 (T8CCR), Hazard Communication, the Contractor must include a Material Safety Data Sheet (MSDS) with delivery, or shipment. Each MSDS must reference the contract/purchase order number, and identify the "Ship to Address". All shipments and containers must comply with the labeling requirements of Title 49, Code of Federal Regulations by identifying the hazardous substance, name and address of manufacturer, and appropriate hazard warning regarding potential physical safety and health hazard.

9. SHIPPING AND RISK OF LOSS

Goods shall be packaged, marked and otherwise prepared by Contractor in suitable containers in accordance with sound commercial practices. Contractor shall include an itemized packing list with each shipment and with each individual box or package shipped to the County. The packing list shall contain, without limitation, the applicable contract release purchase order number.

Unless otherwise specified in writing, all shipments by Contractor to County will be F.O.B. point of destination. Freight or handling charges are not billable unless such charges are referenced on the order. Transportation receipts, if required by contract release purchase order, must accompany invoice. Regardless of F.O.B. point, Contractor agrees to bear all risks of loss, injury, or destruction to goods and materials ordered herein which occur prior to delivery at County's destination; and such loss, injury or destruction shall not release Contractor from any obligation hereunder.

Any shipments returned to the Contractor shall be delivered as F.O.B. shipping point.

10. INSPECTION AND RELATED RIGHTS

All goods and services are subject to inspection, testing, approval and acceptance by the County. Inspection shall be made within 60 days or a reasonable time after delivery, whichever period is longer. If the goods, services, or the tender of delivery fail in any respect to conform to the contract, the County may reject the entire tender, accept the entire tender, or, if the deliverables are commercially divisible, may, at its option, accept any commercial unit or units and reject the rest.

Contractor shall be responsible to reclaim and remove any rejected goods or items at its own expense. Should Contractor fail to reclaim or remove any rejected goods or items within a reasonable time, County shall, at its option dispose of such goods or items and require reimbursement from Contractor for any costs or expenses incurred.

In the event that the Contractor's goods are not accepted by County, the Contractor shall be liable for any costs incurred by the County because of such failure by Contractor. For instance, County may purchase or obtain the goods elsewhere and the Contractor shall be liable for the difference between the price in the Agreement and the cost to the County, and any other costs incurred; or County may terminate for cause on grounds of material breach and Contractor shall be liable for County's damages.

The Contractor shall promptly reimburse the County for the full amount of its liability, or, at County's option, the County may offset such liability from any payment due to the Contractor under any contract with the County.

The rights and remedies of County provided herein shall not be exclusive and are in addition to any other rights and remedies provided by law. The acceptance by County of late or partial performance with or without objection or reservation shall not waive the right to claim damage for such breach nor constitute a waiver of the rights or requirements for the complete and timely performance of any obligation remaining to be performed by the Contractor, or of any other claim, right or remedy of the County.

11. ADJUSTMENT BY COUNTY

The County reserves the right to waive a variation in specification of goods or services supplied by the Contractor. Contractor may request an equitable adjustment of payments to be made by County if County requires a change in the goods or services to be delivered. Any claim by the Contractor for resulting adjustment of payment must be asserted within 30 days from the date of receipt by the Contractor of the notification of change required by County; provided however, that the Procurement Director, if he/she decides that the facts justify such action, may receive and act upon any such claim asserted at any time prior to final payment made for goods and services supplied by Contractor. Where the cost of property made obsolete or excess as a result of a change is included in the Contractor's claim for adjustment, the Purchasing Director shall have the right to prescribe the manner of disposition of such property. Nothing in this clause shall excuse performance by Contractor.

12. INVOICING

Contractor shall invoice according to Exhibit B of the Agreement. Invoices shall be sent to the County customer or department referenced in the individual contract release purchase order. Invoices for goods or services not specifically listed in the Agreement will not be approved for payment.

Invoices shall include: Contractor's complete name and remit-to address; invoice date, invoice number, and payment term; County contract number; pricing per the Agreement; applicable taxes; and total cost.

Contractor and County shall make reasonable efforts to resolve all invoicing disputes within seven (7) days.

13. AVAILABILITY OF FUNDING

The County's obligation for payment of any contract beyond the current fiscal year end is contingent upon the availability of funding and upon appropriation for payment to the Contractor. No legal liability on the part of the County shall arise for payment beyond June 30 of the calendar year unless funds are made available for such performance.

14. PAYMENT

Payment shall be due Net 30 days from the date of acceptance of the goods ordered, or Net 30 days from the date of approval by County of correct and proper invoices, whichever date is later. Payment is deemed to have been made on the date when the County mails the warrant or initiates the electronic fund transfer.

Notwithstanding anything to the contrary, County shall not make payments prior to receipt of goods or services (i.e. the County will not make "advance payments"). Unless specified in writing in a contract release purchase order, the County will not accept partial delivery with respect to any purchase order. Any acceptance of partial delivery shall not waive any of County's rights.

Sales tax shall be noted separately on every invoice. Items that are not subject to sales tax shall be clearly identified.

Contractor shall be responsible for payment of all state and federal taxes assessed on the compensation received under this Agreement and such payment shall be identified under the Contractor's federal and state identification number(s).

The County does not pay Federal Excise Taxes (F.E.T). The County will furnish an exemption certificate in lieu of paying F.E.T. Federal registration for such transactions is: County #94-730482K. Contractor shall not charge County for delivery, drayage, express, parcel post, packing, cartage, insurance, license fees, permits, cost of bonds, or for any other purpose, unless expressly authorized by the County.

15. LATE PAYMENT CHARGES OR FEES

The Contractor acknowledges and agrees that the County will not pay late payment charges.

16. DISALLOWANCE

In the event the Contractor receives payment for goods or services, which payment is later disallowed by the County or state or federal law or regulation, the Contractor shall promptly refund the disallowed amount to the County upon notification. At County's option, the County may offset the amount disallowed from any payment due to the Contractor under any contract with the County.

17. TERMINATION FOR CONVENIENCE

The County may terminate this Agreement or any contract release purchase order at any time for the convenience of the County by giving at least thirty (30) days written notice prior to the intended date of termination specifying the effective date and scope of such termination. If County determines that the Contractor's actions contribute to the

curtailment of an essential service or pose an immediate threat to life, health or property, County may terminate this Agreement immediately without penalty upon issuing either oral or written notice to the Contractor and without any opportunity to cure.

In no event shall the County be liable for costs incurred by the Contractor as a result of the termination or any loss of profits on the resulting order or portion thereof so terminated.

In the event of termination, all finished or unfinished documents, data, studies, maps, photographs, reports, and other materials (collectively referred to as "materials") prepared by Contractor under this Agreement contract release purchase order shall become the property of the County and shall be promptly delivered to the County. Upon receipt of such materials, County shall pay the Contractor as full compensation for performance, the unit or pro rata price for the then-accepted portion of goods and/or services.

18. TERMINATION FOR CAUSE

County may terminate this Agreement or any contract release purchase order, in whole or in part, for cause upon thirty (30) days written notice to Contractor. For purposes of this Agreement, cause includes, but is not limited to, any of the following: (a) material breach of this Agreement or any contract release purchase order by Contractor, (b) violation by Contractor of any applicable laws or regulations; (c) assignment or delegation by Contractor of the rights or duties under this Agreement without the written consent of County or (d) less than perfect tender of delivery or performance by Contractor that is not in strict conformance with terms, conditions, specifications, covenants, representations, warranties or requirements in this Agreement or any contract release purchase order.

In the event of such termination, the Contractor shall be liable for any costs incurred by the County because of Contractor's default. The Contractor shall promptly reimburse the County for the full amount of its liability, or, at County's option, the County may offset such liability from any payment due to the Contractor under any contract or contract release purchase order with the County.

If, after notice of termination under the provisions of this clause, it is determined for any reason that the Contractor was not in default under this provisions of this clause, the County has the option to make its notice of termination pursuant to the Termination for Convenience clause and the rights and obligations of the parties would be in accordance with that provision.

In lieu of terminating immediately upon contractor's default, County may, at its option, provide written notice specifying the cause for termination and allow Contractor 10 days (or other specified time period by the County) to cure. If, within 10 days (or other specified time) after the County has given the Contractor such notice, Contractor has not cured to the satisfaction of the County, or if the default cannot be reasonably cured within that time period, County may terminate this Agreement at any time thereafter. County shall determine whether Contractor's actions constitute complete or partial cure. In the event of partial cure, County may, at its option, decide whether to (a) give Contractor additional time to cure while retaining the right to immediately terminate at any point thereafter for cause; or (b) terminate immediately for cause.

19. TERMINATION FOR BANKRUPTCY

If Contractor is adjudged to be bankrupt or should have a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of Contractor's insolvency, the County may terminate this Agreement immediately without penalty. For the purpose of this Section, bankruptcy shall mean the filing of a voluntary or involuntary petition of bankruptcy or similar relief from creditors; insolvency; the appointment of a trustee or receiver, or any similar occurrence reasonably indicating an imminent inability to perform substantially all of the party's duties under this Agreement.

20. BUDGETARY CONTINGENCY

Performance and/or payment by the County pursuant to this Agreement are contingent upon the appropriation of sufficient funds by the County for services covered by this Agreement. If funding is reduced or deleted by the County

for services covered by this Agreement, the County may, at its option and without penalty or liability, terminate this Agreement or offer an amendment to this Agreement indicating the reduced amount.

21. DISENTANGLEMENT

Contractor shall cooperate with County and County's other contractors to ensure a smooth transition at the time of termination of this Agreement, regardless of the nature or timing of the termination. Contractor shall cooperate with County's efforts to ensure that there is no interruption of work required under the Agreement and no adverse impact on the supply of goods, provision of services or the County's activities. Contractor shall return to County all County assets or information in Contractor's possession.

For any software programs developed for use under the County's Agreement, Contractor shall provide a nonexclusive, nontransferable, fully-paid, perpetual, irrevocable, royalty-free worldwide license to the County, at no charge to County, to use, copy, and modify, all work or derivatives that would be needed in order to allow County to continue to perform for itself, or obtain from other providers, the services as the same might exist at the time of termination.

County shall be entitled to purchase at net book value those Contractor assets used for the provision of services to or for County, other than those assets expressly identified by the parties as not being subject to this provision. Contractor shall promptly remove from County's premises, or the site of the work being performed by Contractor for County, any Contractor assets that County, or its designee, chooses not to purchase under this provision.

Contractor shall deliver to County or its designee, at County's request, all documentation and data related to County, including, but not limited to, the County Data and client files, held by Contractor, within sixty (60) days of the request, and after return of same, Contractor shall destroy all copies thereof not turned over to County, all at no charge to County.

22. DISPUTES

Except as otherwise provided in this Agreement, any dispute arising under this contract that is not disposed of by agreement shall be decided by the Director of Procurement or designee, who shall furnish the decision to the Contractor in writing. The decision of the Director of Procurement or designee shall be final and conclusive. The Contractor shall proceed diligently with the performance of the contract pending the Director of Procurement's decision. The Director of Procurement or designee shall not be required to decide issues that are legal or beyond his or her scope of expertise,

23. ACCOUNTABILITY

Contractors will be the primary point of contact for the manufacturer, deliverer or any subcontractors and assume the responsibility of all matters relating to the purchase, including those involving the manufacturer and deliverer or any subcontractor, as well as payment issues. If issues arise, the Contractor must take immediate action to correct or resolve the issues.

24. NO ASSIGNMENT, DELEGATION OR SUBCONTRACTING WITHOUT PRIOR WRITTEN CONSENT

Contractor may not assign any of its rights, delegate any of its duties or subcontract any portion of its work or business under this Agreement or any contract release purchase order without the prior written consent of County. No assignment, delegation or subcontracting will release Contractor from any of its obligations or alter any of its obligations to be performed under the Agreement. Any attempted assignment, delegation or subcontracting in violation of this provision is voidable at the option of the County and constitutes material breach by Contractor.

As used in this provision, "assignment" and "delegation" means any sale, gift, pledge, hypothecation, encumbrance, or other transfer of all or any portion of the rights, obligations, or liabilities in or arising from this Agreement to any

person or entity, whether by operation of law or otherwise, and regardless of the legal form of the transaction in which the attempted transfer occurs.

25. MERGER AND ACQUISITION

The terms of this Agreement will survive an acquisition, merger, divestiture or other transfer of rights involving Contractor. In the event of an acquisition, merger, divestiture or other transfer of rights Contractor must ensure that the enquiring entity or the new entity is legally required to:

- A. Honor all the terms negotiated in this Agreement and any pre-acquisition or pre-merger Agreement between Contractor and the County, including but not limited to a) established pricing and fees; b) guaranteed product support until the contract term even if a new product is released; and c) no price escalation during the term of the contract.
- B. If applicable, provide the functionality of the software in a future, separate or renamed product, if the acquiring entity or the new entity reduces or replaces the functionality, or otherwise provide a substantially similar functionality of the current licensed product. The County will not be required to pay any additional license or maintenance fee.
- C. Give 30-days written notice to the County following the closing of an acquisition, merger, divestiture or other transfer of right involving Contractor.

26. COMPLIANCE WITH ALL LAWS & REGULATIONS

Contractor shall comply with all laws, codes, regulations, rules and orders (collectively, "Regulations") applicable to the goods and/or services to be provided hereunder. Contractor's violation of this provision shall be deemed a material default by Contractor, giving County a right to terminate the contract. Examples of such Regulations include but are not limited to California Occupational Safety and Health Act of 1973, Labor Code §6300 et. Seq. the Fair Packaging and Labeling Act. and the standards and regulations issued there under. Contractor agrees to indemnify and hold harmless the County for any loss, damage, fine, penalty, or any expense whatsoever as a result of Contractor's failure to comply with the act and any standards or regulations issued there under.

27. FORCE MAJEURE

Neither party shall be liable for failure of performance, nor incur any liability to the other party on account of any loss or damage resulting from any delay or failure to perform all or any part of this Agreement if such delay or failure is caused by events, occurrences, or causes beyond the reasonable control and without negligence of the parties. Such events, occurrences, or causes will include Acts of God/Nature (including fire, flood, earthquake, storm, hurricane or other natural disaster), war, invasion, act of foreign enemies, hostilities (whether war is declared or not), civil war, riots, rebellion, revolution, insurrection, military or usurped power or confiscation, terrorist activities, nationalization, government sanction, lockout, blockage, embargo, labor dispute, strike, interruption or failure of electricity or telecommunication service.

Each party, as applicable, shall give the other party notice of its inability to perform and particulars in reasonable detail of the cause of the inability. Each party must use best efforts to remedy the situation and remove, as soon as practicable, the cause of its inability to perform or comply.

The party asserting *Force Majeure* as a cause for non-performance shall have the burden of proving that reasonable steps were taken to minimize delay or damages caused by foreseeable events, that all non-excused obligations were substantially fulfilled, and that the other party was timely notified of the likelihood or actual occurrence which would justify such an assertion, so that other prudent precautions could be contemplated.

The County shall reserve the right to terminate this Agreement and/or any applicable order or contract release purchase order upon non-performance by Contractor. The County shall reserve the right to extend the agreement and time for performance at its discretion.

28. CONFLICT OF INTEREST

Contractor warrants that it presently has no interest and shall not acquire any interest, direct or indirect, that would conflict in any manner or degree with the performance of services required under this Agreement.

29. INDEPENDENT CONTRACTOR

Contractor shall supply all goods and/or perform all services pursuant to this Agreement as an independent contractor and not as an officer, agent, servant, or employee of County. Contractor shall be solely responsible for the acts and omissions of its officers, agents, employees, contractors, and subcontractors, if any. Nothing herein shall be considered as creating a partnership or joint venture between the County and Contractor. No person performing any services and/or supplying all goods shall be considered an officer, agent, servant, or employee of County, nor shall any such person be entitled to any benefits available or granted to employees of the County.

Contractor is responsible for payment to sub-contractors and must monitor, evaluate, and account for the sub-contractor(s) services and operations.

30. INSURANCE

Contractor shall maintain insurance coverage pursuant to the exhibit setting forth insurance requirements, if such exhibit is attached to the Agreement.

31. DAMAGE AND REPAIR BY CONTRACTOR

Any and all damages caused by Contractor's negligence or operations shall be repaired, replaced or reimbursed by Contractor at no charge to the County. Repairs and replacements shall be completed within 72 hours of the incident unless the County requests or agrees to an extension or another time frame. The cleanup of all damage related to accidental or intentional release of any/all non-hazardous or hazardous material (e.g. hydraulic fluid, fuel, grease, etc.) from Contractor's vehicles or during performance shall be the responsibility of the Contractor. All materials must be cleaned up in a manner and time acceptable to County (completely and immediately to prevent potential as well as actual environmental damage). Contractor must immediately report each incident to the County's Director of Procurement or designee. Damage observed by Contractor, whether or not resulting from Contractor's operations or negligence shall be promptly reported by Contractor to County. County may, at its option, approve and/or dictate the actions that are in County's best interests.

32. LIENS, CLAIMS, AND ENCUMBRANCES AND TITLE

The Contractor represents and warrants that all the goods and materials ordered and delivered are free and clear of all liens, claims or encumbrances of any kind. Title to the material and supplies purchased shall pass directly from Contractor to County at the F.O.B. point, subject to the right of County to reject upon inspection.

33. ASSIGNMENT OF CLAYTON ACT, CARTWRIGHT ACT CLAIMS

Contractor hereby assigns to the County all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, materials, or services by the Contractor for sale to the County pursuant to this Agreement.

34. INDEMNITY

County shall not be liable for, and Contractor shall defend, indemnify and hold harmless County and the employees and agents of County (collectively, "County Parties") against any and all claims, demands, liability, judgments,

awards, fines, mechanics' liens or other liens, labor disputes, losses, damages, expenses, charges or costs of any kind or character, including without limitation attorneys' fees and court costs (hereinafter collectively referred to as "Claims"), related to and arising either directly or indirectly from any act, error, omission or negligence of Contractor or its contractors, licensees, agents, servants or employees, excepting only Claims caused by the sole negligence or willfulness of County Parties. The Contractor shall reimburse the County for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which the Contractor is obligated to indemnify, defend and hold harmless the County under its agreement with the County.

35. INTELLECTUAL PROPERTY INDEMNITY

Contractor represents and warrants for the benefit of the County and its users that it is the exclusive owner of all rights, title and interest in the product or services to be supplied. Contractor shall, at its own expense, indemnify, defend, settle, and hold harmless the County and its agencies against any claim or potential claim that any good, (including software) and/or service, or County's use of any good (including software) and/or service, provided under this Agreement infringes any patent, trademark, copyright or other proprietary rights, including trade secret rights. Contractor shall pay all costs, damages and attorneys' fees that a court awards as a result of any such claim.

36. WARRANTY

Any goods and/or services furnished under this Agreement shall be covered by the most favorable commercial warranties that Contractor gives to any of its customers for the same or substantially similar goods and/or services. Any warranties so provided shall supplement, and shall not limit or reduce, any rights afforded to County by any clause in this Agreement, any applicable Uniform Commercial Code warranties, including, without limitation, Implied Warranty of Merchantability and Implied Warranty of Fitness for a Particular Purpose as well as any other express warranty.

Contractor expressly warrants that all goods supplied shall be new, suitable for the use intended, of the grade and quality specified, free from all defects in design, material and workmanship, in conformance with all samples, drawings, descriptions and specifications furnished by the County, in compliance with all applicable federal, state and local laws and regulations and free of liens, claims and encumbrances. Contractor warrants that all services shall strictly conform to the County's requirements.

Contractor shall immediately replace or repair any good not conforming to any warranty, or provide services to conform to County's requirements. If after notice, Contractor fails to repair or replace goods, or to provide services to conform to County's requirements, Contractor shall promptly refund to County the full purchase price paid by the County. This remedy is non-exclusive of other remedies and rights that may be exercised by the County. Claims for damages may include direct damages, such as cost to repair, as well as incidental and consequential damages.

During the provision of goods and services, Contractor may not disclaim any warranty, express or implied, and any such disclaimer shall be void. Additionally, the warranties above shall not be deemed to exclude Contractor's standard warranties or other rights and warranties that the County may have or obtain.

37. COOPERATION WITH REVIEW

Contractor shall cooperate with County's periodic review of Contractor's performance. Contractor shall make itself available onsite to review the progress of the project and Agreement, as requested by the County, upon reasonable advanced notice.

Contractor agrees to extend to the County or his/her designees and/or designated auditor of the County, the right to monitor or otherwise evaluate all work performed and all records, including service records and procedures to assure that the project is achieving its purpose, that all applicable County, State, and Federal regulations are met, and that adequate internal fiscal controls are maintained.

39. AUDIT RIGHTS

Pursuant to California Government Code Section 8546.7, the parties acknowledge and agree that every contract involving the expenditure of public funds in excess of \$10,000 may be subject to audit by the State Auditor.

All payments made under this Agreement shall be subject to an audit at County's option, and shall be adjusted in accordance with said audit. Adjustments that are found necessary as a result of auditing may be made from current billings.

The Contractor shall be responsible for receiving, replying to, and complying with any audit exceptions set forth in any County audits. The Contractor shall pay to County the full amount of any audit determined to be due as a result of County audit exceptions. This provision is in addition to other inspection and access rights specified in this Agreement.

40. ACCESS AND RETENTION OF RECORDS AND PROVISION OF REPORTS

Contractor shall maintain financial records adequate to show that County funds paid were used for purposes consistent with the terms of the contract between Contractor and County. Records shall be maintained during the terms of the Agreement and for a period of four (4) years from its termination, or until all claims have been resolved, whichever period is longer, unless a longer period is required under any contract.

All books, records, reports, and accounts maintained pursuant to the Agreement, or related to the Contractor's activities under the Agreement, shall be open to inspection, examination, and audit by County, federal and state regulatory agencies, and to parties whose Agreements with the County require such access. County shall have the right to obtain copies of any and all of the books and records maintained pursuant to the Agreement, upon the payment of reasonable charges for the copying of such records.

Contractor shall provide annual reports that include, at a minimum, (i) the total contract release purchase order value for the County as a whole and individual County departments, and (ii) the number of orders placed, the breakdown (by customer ID/department and County) of the quantity and dollar amount of each product and/or service ordered per year. Annual reports must be made available no later than 30 days of the contract anniversary date unless otherwise requested.

Contractor shall also provide quarterly reports to the County that show a breakdown by contract release purchase order (i) the order date (ii) ship date (iii) estimated arrival date (iv) actual arrival date (v) list of products, services and maintenance items and (vi) the number and details of problem/service calls and department name that each such call pertains to (including unresolved problems). Quarterly reports must be made available to the County in electronic format, two (2) business days after the end of each quarter unless otherwise requested.

41. ACCESS TO BOOKS AND RECORDS PURSUANT TO THE SOCIAL SECURITY ACT

Access to Books and Records: If and to the extent that, Section 1861 (v) (1) (1) of the Social Security Act (42 U.S.C. Section 1395x (v) (1) (1) is applicable, Contractor shall maintain such records and provide such information to County, to any payor which contracts with County and to applicable state and federal regulatory agencies, and shall permit such entities and agencies, at all reasonable times upon request, to access books, records and other papers relating to the Agreement hereunder, as may be required by applicable federal, state and local laws, regulations and ordinances. Contractor agrees to retain such books, records and information for a period of at least four (4) years from and after the termination of this Agreement. Furthermore, if Contractor carries out any of its duties hereunder, with a value or cost of Ten Thousand Dollars (\$10,000) or more over a twelve (12) month period, through a subcontract with a related organization, such subcontract shall contain these same requirements. This provision shall survive the termination of this Agreement regardless of the cause giving rise to the termination.

42. COUNTY NO-SMOKING POLICY

Contractor and its employees, agents and subcontractors, shall comply with the County's No-Smoking Policy, as set forth in the Board of Supervisors Policy Manual section 3.47 (as amended from time to time), which prohibits

smoking: (1) at the Santa Clara Valley Medical Center Campus and all County-owned and operated health facilities, (2) within 30 feet surrounding County-owned buildings and leased buildings where the County is the sole occupant, and (3) in all County vehicles.

43. BEVERAGE NUTRITIONAL CRITERIA

If Contractor provides beverages through or for County departments, County programs, County-sponsored meetings or events, or at County owned/operated facilities, Contractor shall not use County funds to purchase beverages that do not meet the County's nutritional beverage criteria, if applicable. The six categories of nutritional beverages that meet these criteria are (1) water with no additives; (2) 100% fruit juices with no added sugars, artificial flavors or colors (limited to a maximum of 10 ounces per container); (3) dairy milk, non-fat, 1% and 2% only, no flavored milks; (4) plant derived (i.e., rice, almond, soy, etc.) milks (no flavored milks); (5) artificially-sweetened, calorie-reduced beverages that do not exceed 50 calories per 12-ounce container (teas, electrolyte replacements); and (6) other non-caloric beverages, such as coffee, tea, and diet sodas. These criteria may be waived in the event of an emergency or in light of medical necessity.

44. NON-DISCRIMINATION

Contractor shall comply with all applicable Federal, State, and local laws and regulations, including Santa Clara County's policies, concerning nondiscrimination and equal opportunity in contracting. Such laws include, but are not limited to, the following: Title VII of the Civil Rights Act of 1964 as amended; Americans with Disabilities Act of 1990; The Rehabilitation Act of 1973 (§§ 503 and 504); California Fair Employment and Housing Act (Government Code §§ 12900 et seq.); and California Labor Code §§ 1101 and 1102. Contractor shall not discriminate against any employee, subcontractor or applicant for employment because of age, race, color, national origin, ancestry, religion, sex/gender, sexual orientation, mental disability, physical disability, medical condition, political beliefs, organizational affiliations, or marital status in the recruitment, selection for training including apprenticeship, hiring, employment, utilization, promotion, layoff, rates of pay or other forms of compensation. Nor shall Contractor discriminate in provision of services provided under this contract because of age, race, color, national origin, ancestry, religion, sex/gender, sexual orientation, mental disability, physical disability, medical condition, political beliefs, organizational affiliations, or marital status. Contractor's violation of this provision shall be deemed a material default by Contractor giving County a right to terminate the contract for cause.

45. DEBARMENT

Contractor represents and warrants that it, its employees, contractors, subcontractors or agents (collectively "Contractor") are not suspended, debarred, excluded, or ineligible for participation in Medicare, Medi-Cal or any other federal or state funded health care program, if applicable, or from receiving Federal funds as listed in the List of Parties Excluded from Federal Procurement or Non-procurement Programs issued by the Federal General Services Administration. Contractor must within 30 calendar days advise the County if, during the term of this Agreement, Contractor becomes suspended, debarred, excluded or ineligible for participation in Medicare, Medi-Cal or any other federal or state funded health care program, as defined by 42 U.S.C. 1320a-7b(f), or from receiving Federal funds as listed in the List of Parties Excluded from Federal Procurement or Non-procurement Programs issued by the Federal General Services Administration. Contractor will indemnify, defend and hold the County harmless for any loss or damage resulting from the conviction, debarment, exclusion or ineligibility of the Contractor.

46. CALIFORNIA PUBLIC RECORDS ACT

The County is a public agency subject to the disclosure requirements of the California Public Records Act ("CPRA"). If Contractor's proprietary information is contained in documents or information submitted to County and Contractor claims that such information falls within one or more CPRA exemptions, Contractor must clearly mark such information "CONFIDENTIAL AND PROPRIETARY," and identify the specific lines containing the information. In the event of a request for such information, the County will make best efforts to provide notice to Contractor prior to such

disclosure. If Contractor contends that any documents are exempt from the CPRA and wishes to prevent disclosure, it is required to obtain a protective order, injunctive relief or other appropriate remedy from a court of law in Santa Clara County before the County's deadline for responding to the CPRA request. If Contractor fails to obtain such remedy within County's deadline for responding to the CPRA request, County may disclose the requested information.

Contractor further agrees that it shall defend, indemnify and hold County harmless against any claim, action or litigation (including but not limited to all judgments, costs, fees, and attorneys' fees) that may result from denial by County of a CPRA request for information arising from any representation, or any action (or inaction), by the Contractor.

47 SEVERABILITY

Should any part of the Agreement between County and the Contractor or any individual contract release purchase order be held to be invalid, illegal, or unenforceable in any respect, such invalidity, illegality, or unenforceability shall not affect the validity of the remainder of the Agreement or any individual contract release purchase order which shall continue in full force and effect, provided that such remainder can, absent the excised portion, be reasonably interpreted to give the effect to the intentions of the parties.

48. NON-WAIVER

No waiver of a breach, failure of any condition, or any right or remedy contained in or granted by the provisions of this Agreement will be effective unless it is in writing and signed by County. No waiver of any breach, failure, right, or remedy will be deemed a waiver of any other breach, failure, right, or remedy, whether or not similar, nor will any waiver constitute a continuing waiver unless the writing signed by the County so specifies.

49. USE OF COUNTY'S NAME FOR COMMERCIAL PURPOSES

Contractor may not use the name of the County or reference any endorsement from the County in any fashion for any purpose, without the prior express written consent of the County as provided by the Director of Procurement or designee.

50. HEADINGS AND TITLES

The titles and headings in this Agreement are included principally for convenience and do not by themselves affect the construction or interpretation of any provision in this Agreement, nor affect any of the rights or obligations of the parties to this Agreement.

51. HANDWRITTEN OR TYPED WORDS

Handwritten or typed words have no greater weight than printed words in the interpretation or construction of this Agreement.

52. AMBIGUITIES

Any rule of construction to the effect that ambiguities are to be resolved against the drafting party does not apply in interpreting this Agreement.

53. ENTIRE AGREEMENT

This Agreement and its Exhibits constitute the final, complete and exclusive statement of the terms of the agreement between the parties. It incorporates and supersedes all the agreements, covenants and understandings between the parties concerning the subject matter hereof, and all such agreements, covenants and understandings have been merged into this Agreement. No prior or contemporaneous agreement or understanding, verbal or otherwise, of the parties or their agents shall be valid or enforceable unless embodied in this Agreement.

54. EXECUTION & COUNTERPARTS

This Agreement may be executed in one or more counterparts, each of which will be considered an original, but all of which together will constitute one and the same instrument. The parties agree that this Agreement, its amendments, and ancillary agreements to be entered into in connection with this Agreement will be considered signed when the signature of a party is delivered by facsimile transmission. Such facsimile signature must be treated in all respects as having the same effect as an original signature. The original signature copy must be sent to the County by United States Postal Service mail, sent by courier or delivered by hand.

55. NOTICES

All deliveries, notices, requests, demands or other communications provided for or required by this Agreement shall be in writing and shall be deemed to have been given when sent by registered or certified mail, return receipt requested; when sent by overnight carrier; or upon email confirmation to sender of receipt of a facsimile communication which is followed by a mailed hard copy from sender. Notices shall be addressed to the individuals identified in the Key Provisions of the Agreement as the County Contract Administrator and the Supplier Contact. Each party may designate a different person and address by sending written notice to the other party, to be effective no sooner than ten (10) days after the date of the notice.

56. ACCOUNT MANAGER

Contractor must assign an Account Manager to the County upon execution of the Agreement to facilitate the contractual relationship, be fully responsible and accountable for fulfilling the County's requirements. Contractor represents and warrants that such person will ensure that the County receives adequate pre- and post-sales support, problem resolution assistance and required information on a timely basis.

57. SURVIVAL

All representations, warranties, and covenants contained in this Agreement, or in any instrument, certificate, exhibit, or other writing intended by the parties to be a part of their Agreement, will survive the termination of this Agreement.

58. ELECTRONIC COPY OF SIGNED AGREEMENT

All parties agree that an electronic copy of a signed contract shall have the same force and effect as an original signed contract provided that the Contractor agrees to deliver to the County the original signed contract within 7 business days of sending of sending an electronic copy. The term "electronic copy" for purposes of this provision refers to a transmission by facsimile or electronic mail in a portable document format.

59. CONTINUITY OF PROVISION OF PRODUCTS AND/OR SERVICES

In the event the County of Santa Clara declares an emergency or natural disaster, Contractor agrees to use commercially reasonable efforts to maintain the continuous flow of products and/or services to the County. To facilitate the continuous flow of products and/or services, Contractor Key Personnel, or their designee, shall be available on a 24x7 hour basis, 365 days."

60. AUTHORITY

Each party executing the Agreement on behalf of such entity represents that he or she is duly authorized to execute and deliver this Agreement on the entity's behalf, including the entity's Board of Directors or Executive Director. This Agreement shall not be effective or binding unless approved in writing by the County Director of Procurement, or authorized designee, as evidenced by their signature as set forth in this Agreement.

61. PERFORMANCE, TEST, MONITOR, AND EVALUATION**A. Performance:**

1. Contractor holds itself out as an expert in the subject matter of the Agreement. Contractor represents itself as being possessed of greater knowledge and skill in this area than the average person. Accordingly, Contractor is under a duty to exercise a skill greater than that of an ordinary person, and the manner in which advice is handled or services are rendered will be evaluated in light of the Contractor's superior skill. Contractor shall provide equipment and perform work in a professional manner consistent with manufacturer and industry.
2. Contractor shall provide all products, support and services required within the timelines listed in this Agreement.

B. Test:

1. County will use the criteria established in a Statement of Work (SOW) to determine the acceptance of each task and to test the system.
2. If the County, in its sole discretion, determines that the system has failed to meet a specific task, specification or requirements of the SOW or this Agreement, or that features or functions said to be present in the Contractor's proposal are absent or do not function properly, County may execute any or all of the following:
 3. Have the Contractor modify the system to eliminate the deficiency to County's satisfaction;
 4. Have the Contractor install new hardware as required;
 5. Extend the acceptance testing period for a reasonable time period to allow time for Contractor to remedy the problems; or
 6. Cancel this Agreement and its obligations to Contractor. Any pre-payments made to the Contractor shall be prorated to the termination date and the remainder refunded to the County.

C. Right to Monitor:

Contractor agrees to extend to the County or his/her designees and/or designated auditor the County, the right to monitor or otherwise evaluate all work performed and all records, including service records and procedures to assure that the project is achieving its purpose, that all applicable County, State, and Federal regulations are met, and that adequate internal fiscal controls are maintained.

D. Corrective Action:

1. Contractor shall comply with all applicable State, Federal and County laws and regulations relating to its performance under this Agreement in all material respects.
2. If County discovers any practice, procedure, or policy of Contractor which materially deviates from the terms or requirements of this Agreement, which violates federal or state statutes or regulations, the County, in addition to its rights under Termination, may notify Contractor that corrective action is required.

3. Contractor shall correct any and all discrepancies, violations, or deficiencies to the satisfaction of the County within fourteen (14) calendar days, unless the corrective action requires additional time, in which case Contractor shall have a period of time to make corrections, but not longer than thirty (30) calendar days.

62. OWNERSHIP, ACCESS, SAFEGUARD AND RECOVERY OF COUNTY DATA

- A. Ownership of County Data: As between Contractor and County, all County Data shall remain the property of the County. Contractor shall not, without County's written permission consent, use or disclose County Data other than in the performance of its obligations under this Contract.
- B. Access to County Data: County may have access to County Data and use of the System and software as set forth in this Contract, 24x7, 365 days of the year.
- C. Safeguarding County Data: Contractor acknowledges that during the term of this Contract and any mutually agreed upon extensions thereof, Contractor may use software or devices which (i) require user identification codes and passwords prior to gaining access, (ii) track the addition and deletion of authorized users and other end users, and (iii) control access by any end user to areas and features of the applicable system as designated by an authorized user, super user, or administrator.
- D. Recovery of County Data: If any County Data is lost or damaged due to the acts or omissions of Contractor while resident in the System, Contractor shall use commercially reasonable efforts to assist in replacing or regenerating such Data at no additional cost to the County. In addition, within ten (10) business days of termination of Contract, and upon request by the County, Contractor shall return all County Data to the County in the format agreed upon by both parties.

63. CONTRACTING PRINCIPLES

Service contracts are subject to the Resolution of Contracting Principles adopted by the Santa Clara County Board of Supervisors. Contractor shall comply with the entire resolution including the following:

- A. Contractor shall, during the term of the contract, comply with all applicable federal, state, and local rules, regulations and laws.
- B. Contractor shall maintain financial records adequate to show that County funds paid under any contract for services were used for purposes consistent with the terms of the contract. These records shall be maintained during the term of the contract and for a period of three (3) years from termination of the contract or until all claims, if any, have been resolved, whichever period is longer, or longer if otherwise required under other provisions of the contract.

The failure of Contractor to comply with this Section or any portion thereof may be considered a material breach of this contract and may, at the option of the County, constitute grounds for the termination and/or non-renewal of the contract. The Provider shall be provided reasonable notice of any intended termination or non-renewal on the grounds of noncompliance with this Section, and the opportunity to respond and discuss the County's intended action.

64. SERVICE LEVEL AGREEMENT

If applicable, Contractor warrants that the service provided pursuant to this Agreement shall be available 100% of the time. Unavailability does not mean an inability to connect to the service due to a failure between the Customer's computer and the Internet. System availability and response time shall be accurately, truthfully and precisely monitored by Contractor on a 24X7X365 basis. Contractor shall certify as to monitoring practice and procedures under penalty of perjury. Contractor shall provide a system availability and response time report at any time upon request by County.

65. GOVERNING LAW, JURISDICTION AND VENUE

This Agreement shall be construed and interpreted according to the laws of the State of California, excluding its conflict of law principles. Proper venue for legal actions shall be exclusively vested in state court in the County of Santa Clara. The parties agree that subject matter and personal jurisdiction are proper in state court in the County of Santa Clara, and waive all venue objections.

66. AUTHORITY

Each party executing the Agreement on behalf of such entity represents that he or she is duly authorized to execute and deliver this Agreement on the entity's behalf, including the entity's Board of Directors or Executive Director. This Agreement shall not be effective or binding unless approved in writing by the County Director of Procurement, or authorized designee, as evidenced by their signature as set forth in this Agreement.

ATTACHMENT 4

**EXHIBIT B3 Revised 4/2002
INSURANCE REQUIREMENTS**Indemnity

The Contractor shall indemnify, defend, and hold harmless the County of Santa Clara (hereinafter "County"), its officers, agents and employees from any claim, liability, loss, injury or damage arising out of, or in connection with, performance of this Agreement by Contractor and/or its agents, employees or sub-contractors, excepting only loss, injury or damage caused by the sole negligence or willful misconduct of personnel employed by the County. It is the intent of the parties to this Agreement to provide the broadest possible coverage for the County. The Contractor shall reimburse the County for all costs, attorneys' fees, expenses and liabilities incurred with respect to any litigation in which the Contractor is obligated to indemnify, defend and hold harmless the County under this Agreement.

Insurance

Without limiting the Contractor's indemnification of the County, the Contractor shall provide and maintain at its own expense, during the term of this Agreement, or as may be further required herein, the following insurance coverages and provisions:

A. Evidence of Coverage

Prior to commencement of this Agreement, the Contractor shall provide a Certificate of Insurance certifying that coverage as required herein has been obtained. Individual endorsements executed by the insurance carrier shall accompany the certificate. In addition, a certified copy of the policy or policies shall be provided by the Contractor upon request.

This verification of coverage shall be sent to the requesting County department, unless otherwise directed. The Contractor shall not receive a Notice to Proceed with the work under the Agreement until it has obtained all insurance required and such insurance has been approved by the County. This approval of insurance shall neither relieve nor decrease the liability of the Contractor.

B. Qualifying Insurers

All coverages, except surety, shall be issued by companies which hold a current policy holder's alphabetic and financial size category rating of not less than A- V, according to the current Best's Key Rating Guide or a company of equal financial stability that is approved by the County's Insurance Manager.

C. Notice of Cancellation

All coverage as required herein shall not be canceled or changed so as to no longer meet the specified County insurance requirements without 30 days' prior written notice of such cancellation or change being delivered to the County of Santa Clara or their designated agent.

D. Insurance Required

1. Commercial General Liability Insurance - for bodily injury (including death) and property damage which provides limits as follows:
 - a. Each occurrence - \$1,000,000
 - b. General aggregate- \$2,000,000
 - c. Personal Injury - \$1,000,000

2. General liability coverage shall include:

- a. Premises and Operations
- b. Personal Injury liability
- c. Severability of interest

3. General liability coverage shall include the following endorsement, a copy of which shall be provided to the County:

Additional Insured Endorsement, which shall read:

“County of Santa Clara, and members of the Board of Supervisors of the County of Santa Clara, and the officers, agents, and employees of the County of Santa Clara, individually and collectively, as additional insureds.”

Insurance afforded by the additional insured endorsement shall apply as primary insurance, and other insurance maintained by the County of Santa Clara, its officers, agents, and employees shall be excess only and not contributing with insurance provided under this policy. Public Entities may also be added to the additional insured endorsement as applicable and the contractor shall be notified by the contracting department of these requirements.

4. Automobile Liability Insurance

For bodily injury (including death) and property damage which provides total limits of not less than one million dollars (\$1,000,000) combined single limit per occurrence applicable to owned, non-owned and hired vehicles.

- 4a. Aircraft/Watercraft Liability Insurance (Required if Contractor or any of its agents or subcontractors will operate aircraft or watercraft in the scope of the Agreement)

For bodily injury (including death) and property damage which provides total limits of not less than one million dollars (\$1,000,000) combined single limit per occurrence applicable to all owned non-owned and hired aircraft/watercraft.

5. Workers' Compensation and Employer's Liability Insurance

- a. Statutory California Workers' Compensation coverage including broad form all-states coverage.
- b. Employer's Liability coverage for not less than one million dollars (\$1,000,000) per occurrence.

6. Professional Errors and Omissions Liability Insurance

- a. Coverage shall be in an amount of not less than one million dollars (\$1,000,000) per occurrence/aggregate.
- b. If coverage contains a deductible or self-retention, it shall not be greater than fifty thousand dollars (\$50,000) per occurrence/event.
- c. Coverage as required herein shall be maintained for a minimum of two years following termination or completion of this Agreement.

7. Claims Made Coverage

If coverage is written on a claims made basis, the Certificate of Insurance shall clearly state so. In addition to coverage requirements above, such policy shall provide that:

- a. Policy retroactive date coincides with or precedes the Consultant's start of work (including subsequent policies purchased as renewals or replacements).
- b. Policy allows for reporting of circumstances or incidents that might give rise to future claims.

E. Special Provisions

The following provisions shall apply to this Agreement:

1. The foregoing requirements as to the types and limits of insurance coverage to be maintained by the Contractor and any approval of said insurance by the County or its insurance consultant(s) are not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Contractor pursuant to this Agreement, including but not limited to the provisions concerning indemnification.
2. The County acknowledges that some insurance requirements contained in this Agreement may be fulfilled by self-insurance on the part of the Contractor. However, this shall not in any way limit liabilities assumed by the Contractor under this Agreement. Any self-insurance shall be approved in writing by the County upon satisfactory evidence of financial capacity. Contractor's obligation hereunder may be satisfied in whole or in part by adequately funded self-insurance programs or self-insurance retentions.
3. Should any of the work under this Agreement be sublet, the Contractor shall require each of its subcontractors of any tier to carry the aforementioned coverages, or Contractor may insure subcontractors under its own policies.
4. The County reserves the right to withhold payments to the Contractor in the event of material noncompliance with the insurance requirements outlined above.

F. Fidelity Bonds (Required only if contractor will be receiving advanced funds or payments)

Before receiving compensation under this Agreement, Contractor will furnish County with evidence that all officials, employees, and agents handling or having access to funds received or disbursed under this Agreement, or authorized to sign or countersign checks, are covered by a BLANKET FIDELITY BOND in an amount of AT LEAST fifteen percent (15%) of the maximum financial obligation of the County cited herein. If such bond is canceled or reduced, Contractor will notify County immediately, and County may withhold further payment to Contractor until proper coverage has been obtained. Failure to give such notice may be cause for termination of this Agreement, at the option of County.

ADDENDUM # 1
Request for Proposal RFP-PRO-FY12-0140
for
Computer Peripherals and Accessories

Please acknowledge receipt of this Addendum in the "Letter of Transmittal," as instructed on page 12, Section III, C.1.f, of the RFP.

I. AMENDMENTS MADE TO THE RFP

Appendix C, Proposal Cost Response Form, is hereby replaced with Appendix C-1, Proposal Cost Response Form, attached hereto and incorporated herein by this reference.

Changes are highlighted in yellow.

II. QUESTIONS AND ANSWERS

The following questions were submitted at the pre-proposal conference held on January 18, 2012 and/or submitted via email / BidSync prior to the deadline indicated on the RFP (page 6, Section II.A, Sequence of Events):

1. *The following companies were represented at the pre-proposal conference:*
 - a. CDW-G
 - b. CompuCom
 - c. Computerland
 - d. MBS Business Systems
 - e. Ricoh
 - f. SuperBiiz
 - g. Vaster Cable

2. *This is in relation to the security questionnaire - It says that this is needed when an Application Service Provider or Software-as-a-Service application solution is being evaluated. Would this be required for this particular RFP?*
 - A. Yes. One of the requirements is for an online tool. Being that this is an application service provider (ASP) solution, Appendix F, ASP Security Assessment Checklist, is a required submittal.

County of Santa Clara
Computer Peripherals and Accessories

Addendum #1
RFP-PRO-FY12-00140
Page 2 of 7

3. *Can manufacturers respond to Solicitation RFP-PRO-FY12-0140 or is the County specifically looking for resellers to respond?*

A. All qualified vendors may respond to this solicitation. The intent of the solicitation is to find suppliers who can provide a comprehensive list of computer peripherals and accessories from different manufacturers on an as needed basis. Please refer to page 4 of the RFP for the Project Scope.

One of the evaluation factors as outlined on page 14, Section IV, Evaluation, is the ability to meet the technical and service level requirements, as discussed in Appendix A. The breadth and depth of a vendor's product offering is an integral part of Appendix A.

4. *Can we bid partially on the items we can only do?*

A. Yes. Please refer to response to Question # 3 for more details.

5. *What if the vendor is unable to supply a product due to forces outside of the vendor's control? For example, shortage of hard drives due to problems in Thailand.*

A. Offeror should provide a brief explanation on why a particular product category or manufacturer brand cannot be represented or provided for in its response to Appendix A, Technical and Service Level Requirements.

Upon award, Contractor will not be held liable for failure of performance nor incur any liability to the County of any loss or damage if such delay or failure is caused by cases as cited in the Section 27, Force Majeure, of Attachment 3, County of Santa Clara Terms and Conditions.

6. *Can a cable manufacturer bid on this solicitation?*

A. Yes. Please refer to response to Question # 3 for more details.

7. *Can manufacturers offer competing brands to those specified in Attachments 1 and 2?*

A. While the Attachments (1 and 2) list the manufacturers as well as the specific computer peripherals and accessories the County had purchased in the past, these may or may not represent products to be purchased under the resulting contract. Additionally, while some listed manufacturers may be County's standards, County may also accommodate equal or better.

8. *Should prices be quoted FOB Destination or FOB shipping point?*

A. Unless otherwise specified, all prices quoted shall be FOB Destination, freight prepaid and allowed. For products that require special shipping/handling, freight charges can be billable for as long as these are indicated as a separate line item on both the quotation

County of Santa Clara
Computer Peripherals and Accessories

Addendum #1
RFP-PRO-FY12-00140
Page 3 of 7

and purchase order. The County may require copies of freight invoices from the Contractor.

Please refer to Attachment 3, County of Santa Clara Standard Terms and Conditions, Section 9, Shipping and Risk of Loss, on page 3.

For purposes of evaluating costs for this solicitation, Offerors are asked to provide Actual Selling Price – Cost to the County, **inclusive of any shipping charges and markups**. Quote stated has to be FOB Destination, freight prepaid and allowed, for Appendix C, Cost Response Form.

Sales Tax is not to be calculated as the same tax rate is applied to all of County's purchases.

9. *Does County require public sector references only? Or will the County allow private sector references?*

A. Please refer to page 17, Section V.4, of the RFP. The preference is for Offeror to provide client references for its past performance on similar projects of the size and scope, be it public or private.

Where Offeror has no client references to provide, Offeror shall put an "N/A" in this section and provide an explanation.

10. *Can you confirm that Offerors must submit Appendix C, Proposal Cost Response Form, together with their proposal?*

A. Yes. Refer to page 13 of the RFP. While the County asks that the original paper form (hardcopy) of Appendix C, Proposal Cost Response Form be enclosed in a separate sealed envelope, this must be submitted at the same time with the proposal.

Refer to Section V, Requirements and Offeror's Submittal, on page 16, for a complete list of documents that must be submitted.

11. *Please explain fields in Appendix C, Proposal Cost Response Form. Can an Offeror provide equal or better products?*

A. Appendix C is provided as a sample pricing scenario. This is not the list of products the County will be ordering off the resulting contract. Note no quantities are indicated.

The SKUs provided are selected to help the County validate an Offeror's pricing strategy/pricing structure proposal and determine best pricing. These may be products that the County had purchased or plan to purchase.

Offerors are asked to provide pricing on a product by a specific manufacturer and of a specific SKU. If an Offeror does not sell the identified SKU, Offeror should put in an "N/A" response and may state the reasons why.

County of Santa Clara
Computer Peripherals and Accessories

Addendum #1
RFP-PRO-FY12-00140
Page 4 of 7

(A) Actual Selling Price – Cost to the County, **inclusive of any shipping charges and markups**. Quote has to be FOB Destination, freight prepaid and allowed.

This would be prior to sales tax as the same tax rate applies to all of the County's purchases.

(B) Pricing Strategy – state how Actual Selling Price is derived at. What was the pricing strategy used. This would be following Offeror's response to Appendix A, Technical and Service Requirements, Section 2.a, Pricing.

(C) Services and Prices – any additional services associated with the SKU which Offeror can provide and at what cost.

12. *There are printers indicated on page 4, Project Scope, as well as Attachments 1 and 2 but for Appendix C, Proposal Cost Response Form, why does the County only have a couple of printer SKUs listed?*

A. Appendix C is not intended to be a comprehensive list of products to be ordered thru the resulting contract. It is a sample pricing scenario and is used to validate an Offeror's pricing strategy/pricing structure proposal and determine best pricing. See response to #11 for more details.

13. *With reference Appendix B, Technical and Service Requirements, Section 8, Value Added Services, does the County mean any type of professional services?*

A. No. Value added services are services associated to the technical support or service for an effective operation of the product offered including but not limited to installation, integration, recycling/disposal, training, asset tagging, service desk/help desk etc. Value added services are not to include consulting services or application programming services.

14. *Are there any preferences given to businesses owned by minority and disabled veterans?*

A. The only preference provided in this solicitation is for Local Business. Please refer to the following for details:

- Section IV, Evaluation, B. Local Business Preference, on page 14.
- Appendix E, Declaration of Local Business

15. *Will the County provide the evaluation factors and the points assigned to each?*

A. Please refer to Section IV, Evaluation, A. Factors, on page 14. The County is not disclosing the points or weights assigned to each factor except for the 5% of total points assigned to Local Business Preference.

The information can be released after an award is made, and when a CPRA request is submitted.

County of Santa Clara
Computer Peripherals and Accessories

Addendum #1
RFP-PRO-FY12-00140
Page 5 of 7

16. *Section V.4, on page 17, Past Performance (References). Is there a requirement as to what particular manufacturer an Offeror has to obtain recommendation letters from?*

A. No. It is the County's expectation that an Offeror will secure recommendation letters from manufacturers whose products Offeror has a comparative advantage at or from manufacturers which would help County measure the Offeror's corporate strength.

17. *Reference Section I.C – Introduction, Project Scope, what type of reports are required? Can the County provide a sample report?*

A. There is no sample format the County can provide at this time.

The format of the reports will be mutually agreed upon by the County and the Contractor. The reports required are for spend and usage data and therefore, it would cover all the purchase transactions, usually broken down by County agencies and departments.

18. *What would the demonstrations/presentations cover?*

A. The County will provide the script/scenario for the demonstrations/presentations to the Offerors that make it to the Shortlist.

19. *Is the County looking to award to more than one Offeror?*

A. Per Section I.A, Introduction/Invitation, the solicitation may result in multiple awards.

20. *Is there a limit as to the number of product SKUs and prices an Offeror should submit?*

A. Please refer to Section V, Requirements and Offeror Submittal, for a complete list of documents to be submitted. Materials or documents other than what is stated will not be reviewed for consideration.

21. *How will the Contractor know, once it is provided with an order, that it is ok for it to process?*

A. A mutually agreed upon workflow process will be implemented. Offeror should recommend possible ways of handling this based either on Offeror's technical or manual workflow capabilities.

22. *What happens if the product being ordered turns out to be not in the approved list?*

A. The Offeror is asked to propose a workflow process to obtain approval prior to accepting an order. Offeror should propose a course of action if process is not adhered to.

23. *Will County provide the approved list of standards?*

A. The County will provide the list as standards are developed. Note though that standards may be based on a manufacturer, a product category, or a specific product.

County of Santa Clara
Computer Peripherals and Accessories

Addendum #1
RFP-PRO-FY12-00140
Page 6 of 7

24. *How will the County enter the orders?*

- A. SAP is the system of record. Please refer to Appendix A, Technical and Service Level Requirements, Section # 3, Order Process, for the County's current order process.

25. *How do you want us to communicate end of life products to the County?*

- A. Offeror may propose a process for this as a value added service for County to evaluate.

26. *Can you provide Appendix F, ASP Security Assessment Checklist, in Word version so Offerors do not have to complete the form by hand?*

- A. Yes. The ASP Security Assessment Checklist will be provided in an editable format. However, in completing the form, no alterations will be accepted on any of the original wording on the document. Please refer to II.C.13 on page 10 of the RFP document.

27. *Can you please confirm that items shown on Appendix C – Proposal Cost Response Form are the only products you want quoted?*

- A. Yes. Please refer to responses to Questions # 10, # 11, # 12 and # 20.

28. *Under Appendix B.5, can we utilize a workflow chart for an acceptance test plan?*

- A. County is not specific about how the acceptance test plan is presented in the proposal. However, it should individually address each component of the order flow and monitoring process and Website.

29. *Must potential suppliers for this RFP bid on the entire bid? Or can suppliers bid only on selected items? In our case we do not supply many of the items on the RFP but we can supply some of them.*

- A. This solicitation is not only limited to bidding on items indicated on Appendix C, Proposal Cost Response Form. Please read the RFP in its entirety and direct your attention to page 4, Project Scope. Also refer to responses to Questions # 3, # 4, # 6, # 7, # 8 and # 12.

30. *County uses the SAP system to create a Purchase Order. What electronic formats are supported for EDI link to a vendor's system?*

- A. At this time, the County supports proprietary 'flat file' using secure FTP for electronic file transfers. The County is interested in understanding Offeror's capability to use ANSI X12 EDI transactions (hopefully using the Internet/AS2 communication standards). The County anticipates the primary transaction types to be of, but not limited to, the following:

- 1) Purchase Order (850)
- 2) Advanced Shipment Notification (856)
- 3) Invoice (810)
- 4) Payment (820)

County of Santa Clara
Computer Peripherals and Accessories

Addendum #1
RFP-PRO-FY12-00140
Page 7 of 7

The Product Data/Price Catalog transaction type may not be practical in this situation.

The County is open to options so Offerors should describe their available alternatives and recommendations.

31. *How does the County currently purchase Peripherals and Accessories? Is there a current incumbent vendor for these products?*

A. The County currently procures its computer peripherals and accessories thru a Countywide master agreement with SHI International.

32. *The RFP requests detailed financial information from the Offeror. May the Offeror include this information as a separate confidential attachment that does not necessarily become publicly viewed?*

A. Please refer to page 10, Section II.C. 10, California Public Records Act and Section II.C.11, Confidentiality.

33. *What if any of the products listed in Appendix C is discontinued?*

A. As of the date of RFP issuance, the list of SKUs in Appendix C is determined to be of current products. However, in the event that products listed are discontinued, Offeror should provide a quote for a *direct* replacement product (including part number and description) *from the same* manufacturer. Indicate that original SKU is discontinued. State "N/A" if no direct replacement is available.

Note though the County has made certain changes to Appendix C. The revised list of products is stated in Appendix C-1, Proposal Cost Response Form, which supersedes Appendix C. Changes are highlighted in yellow.

III. FILE ATTACHMENTS

1. Appendix F, ASP Security Assessment Checklist, is provided in Word format for Offerors' convenience in completing the form. File is uploaded to www.bidsync.com on 1/25/2012.

2. Appendix C-1, Proposal Cost Response Form, is provided in Excel format. This document replaces Appendix C, Proposal Cost Response Form. File is uploaded to www.bidsync.com on 1/25/2012.

IV. RFP CLOSING DATE AND TIME

There is no change in the RFP closing date and time.

RFP-PRO-FY12-0140

APPENDIX C-1 - PROPOSAL COST RESPONSE FORM
(revised 1/25/2012)

Instructions to Offeror:

The sample SKUs listed below will be used to evaluate pricing.

(A) Following your response to Appendix A.2, *Pricing*, please indicate the actual selling price to the County, FOB Destination, freight prepaid and allowed.

(B) Indicate the method of pricing strategy used and how price was determined.
If quoting based upon a discount off manufacturer's list, indicate the manufacturer's list price and state where this is based from.

(C) For those products listed below where service is available, (Additional Warranty, Maintenance Plan, etc.), indicate the services available and associated price.

#	Manufacturer	Description	Mfrtr P/N	(A) Actual Selling Price	(B) Pricing Strategy	(C) Services and Prices
1	Axis Communications	AXIS P3301-V Network Camera - Network camera - dome - vandal-proof - color - auto iris - vari-focal - audio - 10/100	19374207			
2	Barracuda Networks	Barracuda Web Filter 410 - Firewall - Ethernet, Fast Ethernet - 1U - rack-mountable with 3 years Energize Updates Subscription	BYF410A3			
3	Belkin	Belkin Omniview SMB 1x8 KVM-over-IP Switch - KVM switch - PS/2 - CAT5 - 8 x KVM port(s) - 1 local user - 1 IP user - desktop - with 8x Belkin OmniView SMB Server Interface Module USB	19789892			
4	Belkin	Belkin Notebook Security Lock - Security cable lock - black - 1.83 m	F8E550			
5	Cyber Acoustics	Cyber Acoustics ACM 70B - Headphones (semi-open)	12502716			
6	Epiphany	VGA Broadcaster Lite	22641692			
7	Fujifilm	FUJIFILM - LTO Ultrium 3 - 400 GB / 800 GB - storage media	19078051			
8	FUJITSU	Fujitsu fi 6130 - Document scanner - Duplex - Legal - 600 dpi x 600 dpi - up to 40 ppm (mono) / up to 30 ppm (color) - ADF (50 sheets) - Hi-Speed USB	PA03540-B055			
9	FUJITSU	Fujitsu ScanSnap S1500 - Document scanner - Duplex - 216 x 360 mm - 600 dpi x 600 dpi - up to 20 ppm (mono) / up to 20 ppm (color) - ADF (50 sheets) - Hi-Speed USB - TC	20704535			
10	Hewlett Packard	HP DesignJet T2300ps eMFP - Large-format printer - color - ink-jet up to 41 sq.m/hour (color) - USB, 1000Base-T	CN728A#B1K			
11	Hewlett Packard	HP DesignJet T1300 ePrinter - 44" large-format printer - color - ink-jet - Roll (111.8 cm) - 2400 dpi x 1200 dpi up to 41 sq.m/hour (color) - USB, 1000Base-T	CR651A#B1K			
12	Hewlett Packard	HP DesignJet T1200ps - 44" large-format printer - color - ink-jet - Roll (111.8 cm) - 2400 dpi x 1200 dpi up to 2.14 ppm (color) - USB, 1000Base-T	20534715			
13	Hewlett Packard	HP Wireless Elite Desktop Keyboard and Mouse - Keyboard - wireless - mouse - USB wireless receiver	FQ481AA#ABA			
14	Hitachi	G-Tech G-SPEED eS PRO - Hard drive array - 8 TB - 4 bays (SATA-300) - 4 x HD 2 TB - Serial Attached SCSI (external) with G-Tech PCIe RAID controller	22142052			
15	QLogic	QLogic 10Gb CNA for IBM System x - network adapter	42C1800			
16	IOGEAR	IOGEAR USB PDA/ Serial Adapter GUC232A - Serial adapter - USB - USB, serial RS-232	16348847			
17	Kingston Technology	Kingston - Memory - 1 GB - DIMM 240-pin - DDR2 - 667 MHz / PC2-5300 - CL5 - 1.8 V - unbuffered - non-ECC	KTH-XW4300/1G			
18	Kingston Technology	Kingston - Memory - 2 GB - DIMM 240-pin - DDR2 - 800 MHz / PC2-6400 - CL6 - unbuffered - non-ECC	KTH-XW4400C6/2G			
19	Lexmark International	Lexmark - Toner cartridge - High Yield - 1 x black - 25000 pages - LCCP, LRP	T650H11A			
20	NEC	WXGA, LCD, 3000 Lumen Projector w/2000:1	NP-M300W			
21	Nikon	Nikon D7000 - Digital camera - SLR - 16.2 Mpix - body only - supported memory: SD, SDXC, SDHC - black	22088614			
22	Optoma Technology	Optoma TW775 Installation Projector	TW775			
23	Panasonic	Panasonic KV S2026C-J - Document scanner - Duplex - Legal - 600 dpi x 600 dpi - up to 24 ppm (mono) / up to 10 ppm (color) - ADF (120 sheets) - up to 4400 scans per day - Ultra SCSI / Hi-Speed USB - TAA	20517368			

24	Panasonic	Panasonic KV S2048C-J - Document scanner - Duplex - Legal - 600 dpi x 600 dpi - up to 43 ppm (mono) / up to 19 ppm (color) - ADF (120 sheets) - Hi-Speed USB - TAA	KV-S2048C-J			
25	PNY Technologies	PNY NVIDIA Quadro FX 5800 - Graphics adapter - Quadro FX 5800 - PCI Express 2.0 x16 - 4 GB GDDR3 - DVI, DisplayPort	18493618			
26	Samsung	Samsung LN46D630 - 46" Class (45.9" viewable) 6 Series LCD TV - widescreen - 1080p (FullHD) - 120 Hz - HDTV - charcoal black with blue deco	LN46D630M3FXZA			
27	Seagate	Seagate Barracuda 7200.12 - Hard drive - 1 TB - internal - 3.5" - SATA-600 - 7200 rpm - buffer: 32 MB (pack of 20)	ST31000524AS-20PK			
28	Sharp	Sharp LC 60E88UN - 60" Aquos LCD TV - widescreen - 1080p (FullHD) - 240 Hz - piano black	21568350			
29	Sharp	Sharp PG-D45X3D - DLP projector - 3D Ready - 4500 ANSI lumens - XGA (1024 x 768) - 4:3 with 3 years 24-hour Sharp Express Repair Service	21213457			
30	tangent	Core2 Duo G965 - All-In-One LCDPC	VITA PRO 965			
31	Tripp Lite	POCKETJET 3 KIT,300 DPI	PJ523K			
32	TypeHaus	HP LaserJet USB Drive with Scalable BarCode	118580-30			
33	Western Digital	My Passport Essential SE WDBACK0010BRD - Hard drive - 1 TB - external - SuperSpeed USB - metallic red	WDBACK0010BRD-NESN			
34	Zebra Technologies	Zebra G-Series GX420d - Label printer - B/W - direct thermal - Roll (10.8 cm) - 203 dpi - up to 152 mm/sec - Serial, USB, 10/100Base-TX	19929201			
35	Zebra Technologies	Zebra Z-Perform 1000D 2.4 mil Receipt - Receipt paper - 2.4 mil - bright white - Roll (5.1 cm x 175 m) - 6 roll(s)	19122569

OFFEROR NAME: _____

OVERALL INSTRUCTIONS

The following checklist identifies the baseline security criteria that need to be considered when an ASP or SaaS-based (Application Service Provider or Software-as-a-Service) application solution is being evaluated. This checklist should be included in RFPs issued to Vendors when a Department is considering an ASP or SaaS solution. The same checklist can also be used to evaluate the security of existing ASP/SaaS implementations that may not have been subjected to a security review process prior to implementation. In both of these cases, the Department and the County CIO's Office designee will review the Vendor's responses in order to determine whether adequate security is provided by the Vendor's proposed solution.

In general, the greater the risk involved in implementing an ASP or SaaS model, the greater the requirement for demonstrating that the Vendor is in compliance with County policies. The following material is provided as suggestions for evaluating these application solutions, rather than as hard requirements in which each standard must be complied with in full.

The situation for each Department considering the use of an ASP or SaaS implementation will be unique, and the overall security requirements for such applications should be based on the classification level of the data involved, on the Department's unique business requirements, and on the overall security measures that are in place. For example, if electronic Protected Health Information (ePHI) data will be processed by the application, more stringent HIPAA regulations should be applied.

For Vendors completing the attached checklist, note that **detailed responses** are required, and not just simple "yes" or "no" answers. Enough information must be provided to allow a valid comparison between Vendor practices and those required by the County.

Other "proof" that a particular Vendor meets County security guidelines might include the following:

- A signed statement from the Vendor
- A signed attestation from a responsible third-party, such as a Vendor specializing in conducting security audits/assessments
- Provision of a copy of any relevant documents (e.g., the required IT Security Policy and Business Continuity Plan)

ASP/SaaS Security Assessment Checklist

APPLICATION NAME: _____

VENDOR NAME: _____

ASP/SAAS SECURITY ASSESSMENT CHECKLIST

Briefly describe the purpose of the application. Include an overview of the application architecture, and identify the data that will be 1) stored on the application server at the Vendor site, and 2) that will be transmitted between the application and the County. Also include information on the user authentication process.

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate This Risk	Comments
16.3.4	The Vendor has a written Disaster Recovery Plan that offers a viable approach to restoring operations following an emergency situation.			
16.3.4a	The Vendor site has adequate, redundant physical and/or logical network connectivity to ensure continued operations following a network failure.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
16.3.4b	The Vendor performs system/application database backups on a schedule that is consistent with the importance of the application.			
16.3.4b	Backup media are treated with a level of security commensurate with the classification level of the data they contain.			
16.3.4c	Vendor servers are closely monitored for both performance and availability.			
16.3.4d	The Vendor is willing to sign a Service level Agreement (SLA) that is consistent with the importance of the application to the County.			
16.3.5	The Vendor has a formal, written Security Policy, and is willing to provide a copy of this policy to the County on request.			
16.3.5a	If users access the application directly on the Vendor server, user authentication involves more than a simple User ID/password combination, such as one-time password technology.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
16.3.5b	Once granted access, Users are limited to authorized activities only; i.e., customers are prevented from accessing either applications or data that belong to other customers.			
16.3.5c	Vendor network connectivity is protected by firewalls, intrusion detection/ prevention systems, etc. designed to protect against attack.			
16.3.5d	The equipment hosting the Department's application is located in a physically secure facility that employs access control measures, such as badges, card key access, or keypad entry systems.			
16.3.5d	Vendor servers are kept in locked areas/cages that limit access to authorized personnel.			
16.3.5e	Vendor staff is bonded, and/or have been subjected to background checks.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
16.3.5f	Vendor servers are hardened against attack, and operating system and security-related software patches are applied regularly.			
16.3.5f	Commercially available anti-virus software is used on the servers, and is maintained in a current state with all updates.			
16.3.5g	Vendor servers are monitored on a continuous basis, and logs are kept of all activity.			
16.3.5g, 16.3.5h, 16.3.5i	The Vendor is willing to report security breaches and/or security issues to the County.			
16.3.5h	The Vendor conducts regular vulnerability assessments, using viable third-party organizations, designed to assess both the Vendor's network infrastructure and the individual servers that host applications.			
16.3.5h	The Vendor implements "fixes" to correct vulnerabilities discovered during security audits.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
16.3.5i	The Vendor has a formal, written Incident Response Plan.			
No County Policy Ref. #	(Desirable) The network infrastructure hosting the Department application is "air-gapped" from any other network or customer that the Vendor may have. This means that in an ideal situation, the application environment used by the County uses a separate, dedicated server and a separate network infrastructure.			
No County Policy Ref. #	Identify the APIs that may be part of the solution, and indicate industry standards or best practices employed to ensure security of the data and the integration (e.g., web services, directory services, XML, scripting, etc.)			
No County Policy Ref. #	What application security standards, if any, are followed? (e.g., OASIS, WC3, etc.).			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
No County Policy Ref. #	If the application processes credit card information, has the application been certified as PCI compliant? Include information on the level of compliance (e.g., Merchant Level 2) and how the application has been certified.			
Policy 13.0, Encryption	Data "in motion," including user authentication information and credentials, are encrypted.			
Policy 13.0, Encryption	Data "at rest" (stored on the application server), including user authentication information and credentials, are encrypted.			
Policy 13.0, Encryption	Encryption or hashing algorithms utilized by the Vendor application infrastructure use standard algorithms that have been published and evaluated by the general cryptographic community.			
No County Policy Ref. #	The Vendor is willing to permit on-site visits by County staff in order to evaluate security measures in place.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
No County Policy Ref. #	If the Vendor will be connecting to the County via a private connection (such as a dedicated T1 circuit), the Vendor agrees that the circuit will terminate on the County's extranet, and operation of the circuit will fall within the policies related to network connections from non-County entities.			
No County Policy Ref. #	If access to the application uses the Internet, data traffic between the County and the Vendor is protected through the implementation of SSL-VPN or equivalent technology.			
Policy 15.0, Data Classify	Is any of the involved data covered by HIPAA regulations, CA disclosure law, or otherwise protected under local, State or Federal law or regulations? If the response is yes, please describe that data in sufficient detail for us to be able to understand the potential exposure involved should a disclosure occur.			

ASP/SaaS Security Assessment Checklist

County Policy Ref. #	Description of County Requirement	Details on How Vendor Meets Requirement	Other Security Measures That Mitigate Risk	Comments
No County Policy Ref. #	What disclaimers, legal language, conditions of use language do users agree to prior to being given access to use the system? How does this language protect the County should a disclosure of personal and/or protected information occur? How is the acceptance of these conditions by users tracked and maintained?			
No County Policy Ref. #	Is the ASP system housed in a co-location site? If yes, which hosting companies are involved and do they have security or other relevant certifications? What are those certifications?

REQUEST FOR PROPOSAL RFP-PRO-FY12-0140 for Computer Peripherals and Accessories

The following documents shall be incorporated as part of the above mentioned RFP:

Addendum # 2

- I. AMENDMENTS MADE TO THE RFP
- II. File Attachment/s uploaded to www.bidsync.com
 - ✚ Appendix **C-2**, Proposal Cost Response Form (Excel format)
- III. RFP CLOSING DATE AND TIME

[Appendix C-2, Proposal Cost Response Form](#)

ALL OTHER SPECIFICATIONS, TERMS AND CONDITIONS REMAIN UNCHANGED

County of Santa Clara
Computer Peripherals and Accessories

Addendum #2
RFP-PRO-FY12-00140
Page 1 of 1

ADDENDUM # 2
Request for Proposal RFP-PRO-FY12-0140
for
Computer Peripherals and Accessories

Please acknowledge receipt of this Addendum in the “Letter of Transmittal,” as instructed on page 12, Section III, C.1.f, of the RFP.

I. AMENDMENTS MADE TO THE RFP

Appendix C-1, Proposal Cost Response Form, is hereby replaced with Appendix C-2, Proposal Cost Response Form, attached hereto and incorporated herein by this reference.

Changes are highlighted in yellow.

II. FILE ATTACHMENT/S

Appendix C-2, Proposal Cost Response Form, is provided in Excel format. This document replaces Appendix C-1, Proposal Cost Response Form. File is uploaded to www.bidsync.com on 1/26/2012.

III. RFP CLOSING DATE AND TIME

There is no change in the RFP closing date and time.

RFP-PRO-FY12-0140

APPENDIX C-2 - PROPOSAL COST RESPONSE FORM
 (revised 1/26/2012)

Instructions to Offeror:

The sample SKUs listed below will be used to evaluate pricing.

(A) Following your response to Appendix A.2, *Pricing*, please indicate the actual selling price to the County, FOB Destination, freight prepaid and allowed.

(B) Indicate the method of pricing strategy used and how price was determined.
 If quoting based upon a discount off manufacturer's list, indicate the manufacturer's list price and state where this is based from.

(C) For those products listed below where service is available, (Additional Warranty, Maintenance Plan, etc.), indicate the services available and associated price.

#	Manufacturer	Description	Mfr P/N	(A) Actual Selling Price	(B) Pricing Strategy	(C) Services and Prices
1	Axis Communications	AXIS P3301-V Network Camera - Network camera - dome - vandal-proof - color - auto iris - vari-focal - audio - 10/100	19374207			
2	Barracuda Networks	Barracuda Web Filter 410 - Firewall - Ethernet, Fast Ethernet - 1U - rack-mountable with 3 years Energize Updates Subscription	BYF410A3			
3	Belkin	Belkin Omniview SMB 1x8 KVM-over-IP Switch - KVM switch - PS/2 - CAT5 - 8 x KVM port(s) - 1 local user - 1 IP user - desktop - with 8x Belkin OmniView SMB Server Interface Module USB	19789892			
4	Belkin	Belkin Notebook Security Lock - Security cable lock - black - 1.83 m	F8E550			
5	Cyber Acoustics	Cyber Acoustics ACM 70B - Headphones (semi-open)	12502716			
6	Epiphany	VGA Broadcaster Lite	22641692			
7	Fujifilm	FUJIFILM - LTO Ultrium 3 - 400 GB / 800 GB - storage media	19078051			
8	FUJITSU	Fujitsu fi 6130 - Document scanner - Duplex - Legal - 600 dpi x 600 dpi - up to 40 ppm (mono) / up to 30 ppm (color) - ADF (50 sheets) - Hi-Speed USB	PA03540-B055			
9	FUJITSU	Fujitsu ScanSnap S1500 - Document scanner - Duplex - 216 x 360 mm - 600 dpi x 600 dpi - up to 20 ppm (mono) / up to 20 ppm (color) - ADF (50 sheets) - Hi-Speed USB - TC	20704535			
10	Hewlett Packard	HP DesignJet T2300ps eMFP - Large-format printer - color - ink-jet up to 41 sq.m/hour (color) - USB, 1000Base-T	CN728A#B1K			
11	Hewlett Packard	HP DesignJet T1300 ePrinter - 44" large-format printer - color - ink-jet - Roll (111.8 cm) - 2400 dpi x 1200 dpi up to 41 sq.m/hour (color) - USB, 1000Base-T	CR651A#B1K			
12	Hewlett Packard	HP DesignJet T1200ps - 44" large-format printer - color - ink-jet - Roll (111.8 cm) - 2400 dpi x 1200 dpi up to 2.14 ppm (color) - USB, 1000Base-T	20534715			
13	Hewlett Packard	HP Wireless Elite Desktop Keyboard and Mouse - Keyboard - wireless - mouse - USB wireless receiver	FQ481AA#ABA			
14	Hitachi	G-Tech G-SPEED eS PRO - Hard drive array - 8 TB - 4 bays (SATA-300) - 4 x HD 2 TB - Serial Attached SCSI (external) with G-Tech PCIe RAID controller	22142052			
15	QLogic	QLogic 10Gb CNA for IBM System x - network adapter	42C1800			
16	IOGEAR	IOGEAR USB PDA/ Serial Adapter GUC232A - Serial adapter - USB - USB, serial RS-232	16348847			
17	Kingston Technology	Kingston - Memory - 1 GB - DIMM 240-pin - DDR2 - 667 MHz / PC2-5300 - CL5 - 1.8 V - unbuffered - non-ECC	KTH-XW4300/1G			
18	Kingston Technology	Kingston - Memory - 2 GB - DIMM 240-pin - DDR2 - 800 MHz / PC2-6400 - CL6 - unbuffered - non-ECC	KTH-XW4400C6/2G			
19	Lexmark International	Lexmark - Toner cartridge - High Yield - 1 x black - 25000 pages - LCCP, LRP	T650H11A			
20	NEC	WXGA, LCD, 3000 Lumen Projector w/2000:1	NP-M300W			
21	Nikon	Nikon D7000 - Digital camera - SLR - 16.2 Mpix - body only - supported memory: SD, SDXC, SDHC - black	22088614			
22	Optoma Technology	Optoma TW775 Installation Projector	TW775			
23	Panasonic	Panasonic KV S2026C-J - Document scanner - Duplex - Legal - 600 dpi x 600 dpi - up to 24 ppm (mono) / up to 10 ppm (color) - ADF (120 sheets) - up to 4400 scans per day - Ultra SCSI / Hi-Speed USB - TAA	20517368			

24	Panasonic	Panasonic KV S2048C-J - Document scanner - Duplex - Legal - 600 dpi x 600 dpi - up to 43 ppm (mono) / up to 19 ppm (color) - ADF (120 sheets) - Hi-Speed USB - TAA	KV-S2048C-J		
25	PNY Technologies	PNY NVIDIA Quadro FX 5800 - Graphics adapter - Quadro FX 5800 - PCI Express 2.0 x16 - 4 GB GDDR3 - DVI, DisplayPort	18493618		
26	Samsung	Samsung LN46D630 - 46" Class (45.9" viewable) 6 Series LCD TV - widescreen - 1080p (FullHD) - 120 Hz - HDTV - charcoal black with blue deco	LN46D630M3FXZA		
27	Seagate	Seagate Barracuda 7200.12 - Hard drive - 1 TB - internal - 3.5" - SATA-600 - 7200 rpm - buffer: 32 MB (pack of 20)	ST31000524AS-20PK		
28	Sharp	Sharp LC 60E88UN - 60" Aquos LCD TV - widescreen - 1080p (FullHD) - 240 Hz - piano black	21568350		
29	Sharp	Sharp PG-D45X3D - DLP projector - 3D Ready - 4500 ANSI lumens - XGA (1024 x 768) - 4:3 with 3 years 24-hour Sharp Express Repair Service	21213457		
30	Tangent	Core2 Duo G965 - All-In-One LCDPC	VITA PRO 965		
31	Brother	POCKETJET 3 KIT,300 DPI	PJ523K		
32	TypeHaus	HP LaserJet USB Drive with Scalable BarCode	118580-30		
33	Western Digital	My Passport Essential SE WDBACK0010BRD - Hard drive - 1 TB - external - SuperSpeed USB - metallic red	WDBACK0010BRD-NESN		
34	Zebra Technologies	Zebra G-Series GX420d - Label printer - B/W - direct thermal - Roll (10.8 cm) - 203 dpi - up to 152 mm/sec - Serial, USB, 10/100Base-TX	19929201		
35	Zebra Technologies	Zebra Z-Perform 1000D 2.4 mil Receipt - Receipt paper - 2.4 mil - bright white - Roll (5.1 cm x 175 m) - 6 roll(s)	19122569

REQUEST FOR PROPOSAL RFP-PRO-FY12-0140 *for* **Computer Peripherals and Accessories**

The following documents shall be incorporated as part of the above mentioned RFP:

Addendum # 3

- I. QUESTIONS AND ANSWERS
- II. RFP CLOSING DATE AND TIME

ALL OTHER SPECIFICATIONS, TERMS AND CONDITIONS REMAIN UNCHANGED

County of Santa Clara
Computer Peripherals and Accessories

Addendum #3
RFP-PRO-FY12-00140
Page 1 of 1

ADDENDUM # 3
Request for Proposal RFP-PRO-FY12-0140
for
Computer Peripherals and Accessories

Please acknowledge receipt of this Addendum in the “Letter of Transmittal,” as instructed on page 12, Section III, C.1.f, of the RFP.

I. QUESTIONS AND ANSWERS

With respect to Attachment 3, Agreement Terms and Conditions, Section 4, Access and Retention of Records and Provision of Reports:

1. *Does the County want sales and service reports in one report or should these be separate reports?*

A: Please refer to response to Question # 17 of Addendum # 1 issued on 1/25/2012.

2. *Will a report that shows the number of days it takes to ship an order from the time it was placed be sufficient instead of the actual arrival date?*

A: Please refer to Appendix G, Offeror's Terms and Conditions. Any exceptions to County's standard terms and conditions as outlined in Attachment 3 should be indicated here.

II. RFP CLOSING DATE AND TIME

There is no change in the RFP closing date and time.

OFFEROR NAME: _____

RFP-PRO-FY12-0140

APPENDIX C-3 - PROPOSAL COST RESPONSE FORM
(revised 2/6/2012)

Instructions to Offeror:

The sample SKUs listed below will be used to evaluate pricing.

(A) Following your response to Appendix A.2, *Pricing*, please indicate the actual selling price to the County, FOB Destination, freight prepaid and allowed.

(B) Indicate the method of pricing strategy used and how price was determined.
If quoting based upon a discount off manufacturer's list, indicate the manufacturer's list price and state where this is based from.

(C) For those products listed below where service is available, (Additional Warranty, Maintenance Plan, etc.), indicate the services available and associated price.

#	Manufacturer	Description	Mfrtr P/N	(A) Actual Selling Price	(B) Pricing Strategy	(C) Services and Prices
1	Axis Communications	AXIS P3301-V Network Camera - Network camera - dome - vandal-proof - color - auto iris - vari-focal - audio - 10/100	0292-004			
2	Barracuda Networks	Barracuda Web Filter 410 - Firewall - Ethernet, Fast Ethernet - 1U - rack-mountable with 3 years Energize Updates Subscription	BYF410A3			
3	Belkin	OmniView™ SMB 1x8 KVM-over-IP Switch	F1DP108G			
4	Belkin	Belkin Notebook Security Lock - Security cable lock - black - 1.83 m	F8E550			
5	Cyber Acoustics	Cyber Acoustics ACM 70B - Headphones (semi-open)	ACM-70b
