Coloured numbers in bold before the page number(s) denote the part number (month). Each part is paginated separately.

Numbers in *italics* denote a picture or illustration.

Where a plant has a Selling Name (also known as a trade designation) it is typeset in a different font to distinguish it from the cultivar name (shown in 'Single Quotes'), which by law must be shown on plant labelling.

For more information about plant names and the RHS Award of Garden Merit (AGM), see *RHS Plant Finder 2014*, p11.
