Experience Better

## Experience entertainment like never before with Sony's new 4K OLED TVs

**Sony 55" OLED 4K HDR Smart TV**  
Bravia KD55A1

"The Sony A1 is really quite impressive... this is one of the most exciting TVs of 2017... it's clear that Sony has made something that's a pleasure to behold. As for speakers, you won't find any. The Sony A1 is unique in the way it produces sound. Sony's 'Acoustic Surface' tech places actuators behind the display, and they vibrate the screen to make it pump out sound." – [trustedreviews.com](http://trustedreviews.com)

# Welcome to richersounds

When I set up shop in London Bridge in 1978, my mission was simple: give customers great value audio products, keep overheads down and buy big, so my prices could be razor sharp.

Now, 39+ years on, I remain as committed to this as ever, also stocking a wide range of wireless streamers, home cinema equipment, projectors and TVs for a complete audio-visual experience.

On a personal level, I'm as passionate about music as ever. Great music, played live or through a quality sound system, will always be one of life's greatest pleasures. That love is shared by everyone in the company – we employ people because they're friendly, enthusiastic about music, films and video games and hopefully enjoy sharing their knowledge.

At Richer Sounds we aim to give great customer service every time. We are only human, but we will always try our best to serve you well.

We look forward to welcoming you into our stores...

*Julian Richer*

Founder & Managing Director

Corina, Deputy Manager, Swiss Cottage store.  
4th year of service.

We will happily call round and advise as to the best system for you. Ask us for a free, no-obligation consultation and survey at your home or place of work, today. (10 mile radius approx.)

Face-to-face expert advice from our friendly teams.

Extensive ranges on display and in our fantastic demonstration rooms in every store.

We've big stocks in-store for you to take home today and will gladly advise on installation.

The latest projectors and surround sound will give you an experience to rival any multiplex.

We're as passionate about music as ever. We'll help you select the perfect hi-fi system.

# We'll happily come to you

Our experienced sales advisors are available to visit you to talk through and assess your needs. We have our own installers in stores around the country and work with excellent third party contractors to ensure your equipment can be professionally and safely commissioned.

The experienced sales advisors you meet in-store will be the same people that visit your home or work to guide you on equipment choices.

We can advise on the best position for your TV or projector.

We can suggest solutions that you might not have considered, such as in-ceiling speakers.

## No job too big or too small

From simply mounting your TV to the wall to multiroom systems, or a dedicated home cinema, we can help you select the right equipment at the best prices.

## Perfect picture

Our experienced sales advisors will advise as to the best TV for you, taking into account viewing angles and the size of your room.

## Wires professionally concealed in your wall

We'll advise as to the best location within the room, so that unsightly cables can be hidden or chased into walls.

## Inspirational ideas

Our experienced sales advisors can suggest innovative products designed to deliver dazzling sound and picture quality from discreet, living room friendly equipment, such as in-wall and in-ceiling speakers and projectors.

## We can help you install it, too!

We have our own installers in some stores and work with highly competent approved installers to ensure your equipment is professionally and safely commissioned.

## Health check

We can visit your home or place of work to thoroughly check on the set-up of your new equipment, tweak as necessary, and answer any questions you may have, whenever suits you, for just £99.95!
