

Honor Roll of Donors

2021-2022

Pat & Cindy Noyes Continue Contributing to Athletics' Success

Pat and Cindy Noyes' continued support of Rose-Hulman athletics has included a new electronic scoreboard that will keep track of successes by football and outdoor track teams along with being used for a special student outdoor movie nights.

Mechanical engineering alumnus **Pat Noyes** is a former record-setting Rose-Hulman quarterback and baseball varsity letterman who likes seeing his alma mater putting up big numbers and having success in athletics.

Thanks to a \$1 million donation from Pat and his wife, **Cindy**, the Fightin' Engineers' wins on the gridiron and track can be readily seen on a new custom-made electronic scoreboard at William Cook

Stadium that's the largest at an NCAA Division III stadium east of the Mississippi River and third largest among all Division III institutions.

The 40½-foot-long, 22½-foot-high structure, produced by the Daktronics large-format video display company, was unveiled during this year's first home football game and admired by fans attending this year's Homecoming game.

Cindy and Pat Noyes

The scoreboard has helped Rose-Hulman complete recent additions to its athletic facilities. It showcases live in-game action, displays game information and graphics, and highlights corporate and alumni sponsors.

"The scoreboard is icing on the cake for the wonderful renovations that have been taking place to Phil Brown Field," remarks Pat (BSME, 1976/HDENG, 2016). "The best part of my student experience was playing football and baseball. Forming lasting relationships with my teammates and fraternity brothers were also integral to that experience. With such a large percentage of the Rose-Hulman student body participating in extracurricular activities, my hope is that more students will find their overall college experience to be more fulfilling and meaningful."

Noyes is chief executive officer of Grenadier Energy Partners, an upstream exploration and production company in the energy sector based in The Woodlands, Texas.

"Pat and Cindy's loyalty and support have been transformative to Rose-Hulman and our students," says President Robert A. Coons. "We continue

to be grateful for their generosity in helping to support our facilities and our students' personal growth; through leadership opportunities and their involvement in campus activities."

The significant role that Rose-Hulman has played in their personal and professional lives has been the basis for the Noyes' philanthropic contributions to the Institute. They have generously supported the Patrick J. Noyes Scholarship Endowment Fund, the Bill Sisson Sigma Nu Scholarship Endowment Fund, and additions to the Athletic Department through the Athletic Endowment Fund.

"We've been blessed in many ways in our lives and have always believed in giving back to support people and organizations that helped shape our character and provided opportunity to help others succeed," says Pat, a proud Sigma Nu fraternity alumnus. "We appreciate Rose-Hulman and want it to continue providing worthwhile opportunities to students that accentuate their strong academic backgrounds."

The Noyes' donation also will help Rose-Hulman's athletic department to meet the current and long-range needs of student-athletes, coaches and staff members, according to Athletic Director Ayanna Tweedy.

"The continued success of Rose-Hulman athletic teams and student-athletes is dependent upon supportive alumni families like Pat and Cindy. We're thankful they share our vision for the future of Rose-Hulman athletics through their support of our current and future projects," remarks Tweedy.

Pat has spent his entire professional career in the energy sector, starting at Exxon upon graduating from Rose-Hulman in 1976. Four years later, he joined Mitchell Energy Company, where he was part of the leadership team that launched the U.S. shale gas revolution. After Mitchell was sold in 2002, Noyes became chief executive officer of Stroud Energy, rescuing the company from financial distress. In 2007 he founded Grenadier Energy Partners.

EVERY GIFT MATTERS

SUPPORTING OUR WORLD-CHANGERS

Every year as we prepare the pages for this Honor Roll of Donors, I am continually awed by the sheer volume of names listed. Each name represents one of our impressive alumni, a devoted parent, a dedicated faculty or staff member, or a proud supporter of Rose-Hulman’s mission. To say we are thankful for that support would be a tremendous understatement.

The generosity of our donors fuels the fire I see in our students every day. Whether they are collaborating on their latest project in the New Academic Building, working with donated tools in the Kremer Innovation Center, or doing summer research with their favorite professor, our students experience the best in STEM education because of your philanthropic gifts.

At Rose-Hulman, we believe that we are educating world-changers. You only need to look at the successful careers of our alumni to know that is true. From working on life-saving medical devices to strengthening cybersecurity to building rockets and spaceships, our graduates are leaving their mark. Not only do they succeed, but they also give back to their alma mater in significant ways. These pages are filled with stories of heartfelt gratitude turning into transformational gifts. I hope they inspire you as much as they do me.

Working in Institutional Advancement is truly a privilege for me. I offer my sincere thanks for each gift we received last year. Regardless of gift size, every dollar is meaningful to our students, faculty and staff.

In a world where the need seems to be ever growing, we greatly appreciate you honoring the value of higher education and the impact it can have. Your investment in our students will pay dividends for years to come.

With much gratitude,

Steven P. Brady
 Vice President for Institutional Advancement
 Brady1@rose-hulman.edu

The following pages recognize gifts from donors of \$250 or more received from July 1, 2021, to June 30, 2022. The Rose-Hulman website rose-hulman.edu/honorrollofdonors provides a complete listing of all donors contributing during the 2021-22 fundraising year. Please direct questions or comments to the Office of Institutional Advancement at 812-877-8453 or DevelopmentOffice@rose-hulman.edu.

GIFT RECOGNITION

Chauncey Rose Millennium Society

The following lifetime gift recognition circles are determined by the total of all gifts received, including corporate matching gifts and matching gift expectancies.

Platinum Torchbearer: \$10,000,000
Diamond Torchbearer: \$5,000,000
Torchbearer: \$1,000,000

Chauncey Rose Society

Recognizing cumulative gifts made from the donor’s first gift to Rose-Hulman through June 30, 2022, including corporate matching gifts and matching gift expectancies.

Chieftain: \$500,000
Fellow: \$250,000
Member: \$50,000

1874 Heritage Society

Recognizing alumni, parents and friends who have made a deferred and/or estate gift commitment to Rose-Hulman. Deferred and estate gifts may be made in the form of bequests, testamentary trusts, annuities, charitable trusts, gifts of real estate with life-retained interest, and other life-income agreements.

President’s G.O.L.D. Circle

Recognizing cumulative young alumni giving for the first 10 years following graduation, including corporate matching gifts and matching gift expectancies.

Gold: \$5,000
Silver: \$2,500
Bronze: \$1,000

Annual Giving Circles

Recognizing annual gifts from July 1, 2021, to June 30, 2022, including corporate matching gifts and matching gift expectancies.

Herman Moench Circle: \$25,000
Hulman Circle: \$10,000
Founders Circle: \$5,000
Trustees Circle: \$2,500
Provosts Circle: \$1,000
Deans Circle: \$500
Rose and White Circle: \$250
Century Circle: \$100

Varsity R

This society recognizes annual gifts to the athletic department or recreational programs from July 1, 2021, through June 30, 2022.

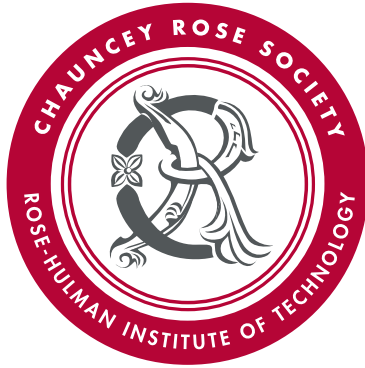

1888 Circle

Hall of Fame: \$5,000 and above
All-American: \$2,500 to \$4,999
All-Conference: \$1,000 to \$2,499

Rosie’s Circle

Gold: \$500 to \$999
Silver: \$250 to \$499
Bronze: \$100 to \$249

Chauncey Rose Millennium Society

Platinum Torchbearer \$10,000,000 and above

In Memory of Generosity

Last spring's passing of Rose-Hulman supporter **Christa Percopo** caused alumna **Dana Nicholas** (BE, 2008) to reflect upon the philanthropic generosity and personal friendship of Christa, the wife of late alumnus and trustee **Michael Percopo** (CHE, 1943). The couple's gifts to the institute made it possible for Dana and other Percopo Scholarship recipients to earn Rose-Hulman degrees. This generosity caused Dana and her husband, **Jon**, to provide a gift to Rose-Hulman in Christa's memory. The Percopo Endowed Scholarship provides four-year full tuition support for qualifying students. After graduation, Dana enjoyed making periodic trips to New York City to personally thank Christa for supporting her college choice and career. "She always had wonderful stories to tell," says Dana in recalling those meetings. "She loved to learn about what the Percopo Scholars were doing and was proud of our accomplishments ... On one trip Jon and I met her in Central Park, sat on a bench near the lake and enjoyed each other's company." Dana and other Percopo Scholars were saddened to learn of Christa's death. Dana adds, "I miss connecting with Christa and am thankful for the generosity shown by her and Michael, which enabled me to attend Rose-Hulman."

Alumna Dana Nicholas visited Christa Percopo in New York City in 2019. A scholarship fund established by Christa and her husband, alumnus and trustee Michael Percopo, supported her Rose-Hulman education.

Looking Skyward to Support the Future

Martin Neuliep, a 1978 computer science alumnus who along with his wife, **Patricia Pancioli**, joined the 1874 Heritage Society for their loyalty to Rose-Hulman. Martin and Pat share a love of the humanities, and their estate gift will support the Department of Humanities, Social Sciences and the Arts as well as the Department of Computer Science and Software Engineering. Martin is a master principal cloud architect with Oracle and founder/president of General Analytics, a company that has spent more than 20 years building business intelligence applications to help businesses meet the increasing demands for technology solutions to foster long-term success.

Carla McFarland (right) passed along entrepreneurial advice to Rose-Hulman students and alumni while participating in last spring's inaugural Sawmill Society Weekend.

Supporting Students' Mental Health

Rose-Hulman friend and Sawmill Society Angel member, **Carla McFarland** recognizes the pressures that students feel throughout their college careers and appreciates the work that goes into earning a Rose-Hulman degree. That's why she has established an endowed gift to support student mental health services, which has been a priority for the institute as it continues to expand services to meet student needs. The institute's Sawmill Society is a group of alumni and others interested in developing students with an entrepreneurial mindset.

Giving Day Brings More Success

This was Rose-Hulman's third Giving Day event. Each year has set institution records for most donations and donors contributing throughout one day. The 2021 event brought in \$331,900 from 533 donors, while 2020 raised \$320,590 from 450 donors.

TAKE NOTE: ROSE-HULMAN GIVING DAY WILL BE MARCH 14, 2023 – NATIONAL PI DAY.

Supporting Student Success

Ben and Pam Zwissler are among new members of the 1874 Heritage Society after creating a charitable gift annuity to build scholarship opportunities in hopes that Rose-Hulman students have the same benefits and opportunities that the couple has enjoyed. They have graciously supported the institute through annual giving since Ben earned a mechanical engineering degree in 1983.

Long-Lasting Impact

Alumnus **Kedar Murthy** (CHE, 1984) and his wife, **Sai-Krupa Das**, appreciate how education can impact lives and have established a scholarship to support future chemical engineering students. The son of doctorate biochemists, Murthy sought a closeknit, supportive and compassionate college to pave his own pathway in STEM. "Rose-Hulman was ideal for me. I learned to be inquisitive and realize that there may be several options to answering problems. The key is coming up with the best solution for each particular problem you encounter," said Murthy. That's what he does as the chief commercial officer of Nuvera Fuel Cells, a Boston-based company that's focused on powering widespread fuel cell vehicle adoption and is committed to helping create zero-emission transportation solutions for a wide variety of applications. Meanwhile, Das is a professor at Tufts University. Murthy's commitment to Rose-Hulman includes his current service as president of the institute's Alumni Advisory Board. "Rose-Hulman is a special place with a special group of alumni that are committed to helping support the college in achieving its important mission," he said.

Building on a Civil Engineering Legacy

Thanks to his Rose-Hulman education, **Marty Wessler** (CE, 1987) has established a reputation for developing wastewater collection systems and treatment projects that are solving problems for communities and their citizens throughout the Midwest. Marty serves as a mentor for the Sawmill Society. He and his wife, **Leslie**, have established the Wessler Engineering Scholarship Fund to support junior and senior civil engineering students who are interested and study water resource management. "Rose-Hulman provided me with a fantastic education. The things I learned during my four years there have influenced my career," said Marty, chief executive officer of Wessler Engineering, which has offices in Indianapolis and throughout Indiana and Ohio. The company was founded by Marty's father, Melvin. "Rose-Hulman well prepared me to follow in my father's footsteps. I have grown to appreciate that more every year," said Marty.

An Early Success Story

Alumnus **Jeremy Clarke** (SE/CS, 2009) has used his degrees, plus a minor in economics, to become a successful young entrepreneur. He started his first enterprise, Vortex Web Solutions, before attending Rose-Hulman. Then Jeremy took his WebMerge software business from startup to earning millions in annual profits, without any investors or employees. His current venture is Addio, a web source used to save and share important information. Jeremy's interesting entrepreneurial journey, along with helpful advice to others, are featured in his book "Bootstrapped to Millions" and as a member of Rose-Hulman's Sawmill Society, a group of alumni hoping to encourage the next generation of Rose-Hulman entrepreneurs. He and his wife, **Cynthia**, who live in Manhattan Beach, California, helped establish the Rose-Hulman Summer Entrepreneurship Endowed Fund, supporting students and faculty wanting to create their own startup.

Appreciating the Value of Education

As career-long educators, alumnus **James Graham** (EE, 1972) and his wife, **Cheryl**, know the life-changing role education can have for a student. That's why they have established the Mary and Hinkle Graham Scholarship in honor of James's grandparents to help support women engineering students at Rose-Hulman. After working for a short time in industry, Jim returned to college to earn master's and doctorate degrees in electrical engineering. He then served on the faculty at Purdue University, Rensselaer Polytechnic Institute, and the University of Louisville. He served as the Henry Vogt Professor of Engineering and as chair of the Department of Electrical and Computer Engineering at Louisville for several years. Meanwhile, Cheryl earned a bachelor's degree in psychology and has served as an administrative assistant, a psychology researcher, an elementary school teacher, and as owner of a web design company, Cheryl's Web, LLC. In retirement, Jim co-founded a tech startup, True Secure SCADA, and served as its president from 2013-2020. He returned to the Rose-Hulman classroom this fall to present a cybersecurity seminar which was popular with attending students, faculty and staff members.

Providing the Tools to Get the Job Done

Milwaukee Tools has become a Diamond Corporate Partner for the institute, supporting the next generation of technical leaders and innovators – many of whom have become employees and interns with the growing manufacturing company. This support has included annual donations of the latest innovative tools and worksite solutions for the Department of Mechanical Engineering and Rose-Hulman competition and project teams in the Branam and Kremer Innovation Centers.

Reaping What Has Been Sown

Skills alumnus **John Swearingen** (CHE, 1981) learned in the classrooms and laboratories at Rose-Hulman provided a pathway for a successful career in the petroleum industry. He retired in 2020 as executive vice president of logistics and storage after a 39-year career with Marathon Petroleum Corporation. That's why John and his wife, **Anne**, provided a \$2 million donation to establish the Department of Chemical Engineering's first endowed faculty professorship, along with supporting laboratory and technology modifications for the department. Previous donations have provided scholarships supporting students in achieving their career goals in STEM. In recognition of the Swearingens' generosity and loyalty, Rose-Hulman named the chemical engineering's High Bay Laboratory of Olin Hall earlier this year in the couple's honor.

VAR SITY CLUB

Varsity R Club Patrons

This list includes gifts totaling \$250 or more to the Varsity R Club from July 1, 2021, through June 30, 2022.

This group gives alumni, alumni athletes, parents, faculty and staff, and friends of the institute a way to join together in support of current and future Rose-Hulman student-athletes. Recognizing annual gifts of \$250 or more from July 1, 2021 to June 30, 2022. (A complete listing of all donors can be found by visiting the Rose-Hulman website at www.rose-hulman.edu/honorrollofdonors.)

1888 Circle

1888 is the first year Rose-Hulman participated in intercollegiate athletics.

Hall of Fame: \$5,000 and above
All-American: \$2,500 to \$4,999
All-Conference: \$1,000 to \$2,499

Rosie Circle

Rosie the Elephant first appeared in 1923, rallying the Fightin' Engineers to a 19-0 victory over Indiana State University in the homecoming football game.

Gold: \$500 to \$999
Silver: \$250 to \$499
Bronze: \$100 to \$249

Longtime Supporters

Morg Bruck (ME, 69) and his wife, **Nancy**, have supported Rose-Hulman in many ways for many years. Nancy graduated from nearby Saint Mary of the Woods College in 1969. They are a true Rose-Woods couple. As a student, Morg saw firsthand how much alumni giving meant as he worked his junior and senior years in the alumni relations office and was a class agent after graduation. Their philanthropic generosity spans from athletics, Class of 1969 scholarship, and the Rose Hulman Scholarship fund. Additionally, they have created the Arthur A. Bruck Jr. and Jennie M. Bruck Endowed Scholarship. Their most recent effort is in support of the chemical and mechanical engineering departments and their equipment needs, with emphasis on the Bruck Flow Laboratory in the Kramer Innovation Center. Nancy and Morg also support Financial Peace U classes at Rose-Hulman. Morg honors the efforts of Cecil Lobo and Ted Sakano to assist in his journey to a mechanical engineering degree. The couple's dedication and support of Rose-Hulman will impact students for future generations.
