This brochure contains general information about our products. The specifications merely serve as an indication of the properties of the varieties described. Royal Van Zanten therefore accepts no liability with regard to the accuracy or completeness of the information in this brochure. The information and images in this brochure relate to varieties cultivated under optimum growing conditions in the Netherlands. Cultivation results for our varieties may be affected by the cultivation method, treatment and environmental factors.

*Intro*

# Royal Van Zanten: A passion for innovation

“Innovation happens quickly and can turn an entire industry upside-down. Think back to Kodak (who still uses rolls of film?) or Blockbuster Video (who still rents videos from a video shop?). During the 2015 FlowerTrials®, our customers became acquainted with technology that could turn the familiar rules of the game upside down. What will technology such as 3D-printing, robots, big data, etc. mean for our industry? Will consumers still want to buy plants in the future? And, if so, how and where will those plants be produced? Fortunately, people living in such a changing world still need a quiet place away from it all, atmosphere and ambiance creators plus a healthy and inspirational living environment. Plants in the home and in the garden offer the perfect answer. Nevertheless, our products will be reaching the consumer through other distribution channels. Besides, increasingly strict requirements are being imposed on how we – and you, the grower – produce our plants.

At Royal Van Zanten, we have been devoting even more effort to providing you with varieties that will meet these requirements so that you can offer attractive flowers, vigorous plants and an excellent product presentation. A few examples of our efforts include the activities at our farms in Uganda where we are working on a more sustainable production of our cutting products (we already have the MPS qualification), our Dutch location in Rijnsenhout where we have equipped an additional shelf life room, and the new trial sites we have established for our varieties in several countries so that we can test them under different conditions. We have also developed new promotional concepts for Aster and Bouvardia that we will be pleased to present in the coming months.

In addition, we offer you more than just starting material. We often engage in contacts with the market to discover for ourselves what consumers think of our products. We then apply this knowledge to supporting you in selling your products.

All of these priorities have once again resulted in a full range of new introductions this year. Here are a few highlights described in greater detail:

Our double-flowered Aster Showmaker® series was successfully introduced in 2015. A welcome addition to this series is the bright blue ‘Blue Bayou’ and the refreshingly pink ‘Pretty Pink’.

For Celosia, we are introducing the first varieties in two new series: Flirt® and Paleo. The Paleo ‘Pink’ and ‘Purple’ varieties are characterised by their cone-shaped flowers, a beautiful habit and an excellent shelf life. For our Flirt® series, we are introducing two new plumosa types, ‘Lime’ and ‘Red’.

As to our Multiflora varieties, the findings of our extensive testing programme in southern Europe are becoming available so that we will be able to supply an outstanding assortment for flowering by 1 November. An example is the successful Sorrento series that has been expanded to include a new, warm and especially attractive autumn colour, ‘Salmon’.

In addition to the cutting-raised products listed in this catalogue, Royal Van Zanten also breeds a number of pot products propagated in vitro. Take a look, for example, at our Colorita® series of pot alstroemerias. This is an amazing series of garden alstroemerias that continues to bloom all season long.

If you are interested in the opportunities our products could offer you, we will be pleased to provide you with more information.

Take a look at our website: [www.royalvanzanten.com](http://www.royalvanzanten.com) or follow us on Facebook: [www.facebook.com/RoyalVanZanten](https://www.facebook.com/RoyalVanZanten). You’re also welcome to come and see our variety trials!

Our team wishes you a successful, healthy and absolutely wonderful 2016! ””

Bert Koeze  
Commercial Manager

# Concepts

Royal Van Zanten Concepts

We are aware that achieving an optimum market return for your product is no walk in the park. As a breeder, we would like to be your partner in this process. With a firm basis, consisting of varieties that we have bred ourselves, top quality cuttings and thorough cultivation support, we are more than willing to help you stand out in the market.

Furthermore, we develop marketing concepts in collaboration with our customers in order to provide the product with the right market perception. These concepts are developed to measure the different links in the chain and in close cooperation with different partners in the chain.

Are you interested in our advice and support services as well? Or would you like to enter into a long term collaboration with us? Then please contact us!

**Consumer:** creating a wow-factor by inspiration and the correct instructions

**Florist:** creating an exclusive and distinctive product

**Retail / Cash & Carry:** getting connected & co-create new market opportunities

**Grower:** perfect selections & attractive and exclusive introductions
